
The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, September 10:

AUDITING DEPARTMENT.

Daniel J. Moloney has been appointed actuarial clerk at \$1,400 a year, effective September 11.

CITY CLERK DEPARTMENT.

The following increases in yearly salaries of clerks in the City Clerk Department are made, effective October 5, viz.:

Margaret T. Kelliher, from \$1,500 to \$1,600 a year; Irene M. Holt, from \$1,400 to \$1,500 a year; Mary A. Coulombe, from \$1,400 to \$1,500 a year; Virginia M. Rose, from \$1,300 to \$1,400 a year; Eleanor M. Rutledge, from \$800 to \$900 a year; Anna L. Waldman, from \$800 to \$900 a year.

EMPLOYMENT BUREAU.

Approval has been given to extend the appointment of Mary Grant for one week.

FIRE DEPARTMENT.

The provisional temporary employment of John J. Concannon as chief clerk and secretary to the deputy chief in charge of the Fire Prevention Division for a period of three months from September 7 at \$2,900 a year, has been approved.

HOSPITAL DEPARTMENT.

The following persons were employed at the Boston City Hospital during the week ending Thursday, September 3:

Permanent.—Dr. Robert W. Heinle, resident physician, \$1,000 a year; Dr.

Frederick Pohle, assistant resident physician, \$1,000 a year; Dr. John W. Brown, assistant resident surgeon, \$500 a year.

Temporary.—Irving J. Epstein, Walter Andrews, Arthur Burke, transfer porters, \$16.50 a week; Alice Connors, Catherine Flynn, Fannie Vitalio, clerks, \$12 a week; Margaret Bray, cleaner, \$15 a week; Lawrence Jordan, transfer porter, \$16.50 a week; Elizabeth Simpson, clerk, \$16 a week; Dorothea Heald, clerk, \$12 a week; Catherine Firson, stenographer, \$12 a week; Julia Jarvis, Evelyn Mason, Isabel O'Brien, Rose Pelletier, Stephanie Smalukas, Gladys Sullivan, Florence Wenham, special nurses, \$4.50 a day.

South Department.

Eleanor Dello Russo, kitchenwoman, \$17 a week; Elbert F. Crowley, kitchenman, \$17.50 a week; Florence Eichorn, apothecary, \$25 a week.

Haymarket Square Relief Station.

Francis Render, transfer porter, \$16.50 a week.

The following changes have occurred: George Daynes, temporary cleaner (Main) at \$16.50 to temporary transfer porter Haymarket at \$16.50 a week; Dr. Wesley Spink, assistant resident physician at \$1,000 to resident physician at \$1,500 a year; Albert Dolan, supervisor, name should be Herbert Dolan.

Monthly Nurses:—Mary Doherty, Jean Severns, \$8 a month.

The promotion of William Norton from choreman at the Sanatorium Division at \$17.50 a week plus three meals to head porter at the Hospital Department at \$28 a week has been approved.

The promotion of the following-named employees of the Hospital Department have been approved:

Thomas Walsh, from choreman at \$17.50 a week to watchman at \$21 a week.

Charles Kuntz from transfer porter at \$16.50 a week to watchman at \$21 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, September 3:

Joseph O'Brien, waiter (temporary), \$14 a week; Garabed Angezian, Charles McGlinchey, male nurses (patients) (temporary), \$480 a year; Edward Hulen, Kathleen Kent, maids (patients) (temporary), \$240 a year; Dorothy Moore, waitress, \$10.50 a week.

The following persons have ceased to be employed:

Nellie Connors, waitress, \$12 a week; William Irving, waiter, \$14 a week; Mildred Crowley, nurse, substitute, \$1,020 a year; Henry Doyle, choreman (patient) (temporary), \$240 a year; James Carmody, elevator operator (temporary), \$15 a week; Jennie Hathaway, Mary Anderson, ward maids (temporary), \$10.50 a week.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the emergency employment of Lucy Curley as substitute matron, for the period from August 31 to September 15, inclusive, at \$65 a month.

Approval has been given for the reinstatement of Terrence O'Donnell, permanent clerk, effective August 11.

PENAL INSTITUTIONS DEPARTMENT.

Leave of absence for six months, without pay has been granted Daniel Donahue, engineer at the House of Correction, Deer Island, on account of illness, effective September 1.

The following appointments have been made:

House of Correction.

Albert W. Stackpole, engineer, \$45 a week, temporary, time extended by Civil Service, three months.

Steamer "Michael J. Perkins."

Patrick J. Doherty, wharfinger, \$40 a week, temporary, transfer from watchman-fireman at \$5.50 a day.

John J. Darragh, watchman-fireman, \$5.50 a day, temporary, time extended by Civil Service, one week.

John J. Darragh, watchman-fireman, \$5.50 a day, temporary, time extended by Civil Service, ten days.

PRINTING DEPARTMENT.

Leonard T. Gleason has been appointed monotype keyboard operator at \$42.25 a week, effective from September 3.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Approval has been given to continue the temporary employment of John F. Rogers as assistant drawtender at \$1,700 a year, for one month from September 6.

PUBLIC WORKS DEPARTMENT (Ferry Service).

Approval has been given for the following changes in employment of the following employees of the Ferry Service, temporarily, for a period of three months from September 4:

Francis B. Morrison, from quartermaster and permanent intermittent captain at \$7 a day to captain at \$51 a week.

Frederick H. Miller, from deckhand and permanent intermittent quartermaster at \$5.25 a day to quartermaster at \$7 a day.

Richard Plunkett, from marine fireman at \$41.50 a week to oiler at the same wage.

PUBLIC WORKS DEPARTMENT (Paving Service).

Approval has been given for the transfer of Thomas F. McCall, clerk at \$1,200 a year in the paving office to clerk at \$1,300 a year at the Highland street paving office, in place of Leo Hill who resigned, effective September 4.

Approval has been given to continue the temporary employment of Ralph F. Boudreau as junior engineer at \$2,500 a year, for three months from September 6.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Approval has been given for the appointment of Joseph A. Emerson as permanent inspector at \$1,700 a year, effective September 4.

SUPPLY DEPARTMENT.

Approval has been given to continue the temporary employment of John J. Donovan as supervisor at \$45 a week on the W. P. A. project, for a period of three months from September 13.

MAYOR MANSFIELD CALLS UPON CITY COUNCIL FOR QUICK ACTION IN NEW COURTHOUSE MATTER.

Upon September 4 Mayor Mansfield addressed the following letter to the City Council:

To the City Council.

GENTLEMEN,—I am informed by Andrew H. Peterson, State Director P. W. A., that work on the Suffolk County Courthouse must actually begin not later than October 1 if the project is to retain its approval by the Federal Government.

The next necessary step, of course, is the acceptance of chapter 474 of 1935 which authorizes the construction of a new courthouse and the appointment of a commission to carry it on. It is important that this matter be acted upon today in order to advertise for bids, which, according to the terms of the act, must be published in the "City Record" once a week for at least two consecutive weeks, the last publication to be at least one week before the time specified for the opening of the proposals. (See Section 3.) Then after that, some time must be allowed for preparing the contracts.

Apparently there is doubt in the minds of some of the members of your Honorable Body as to whether or not persons employed on the courthouse project will be Suffolk County residents. I find nothing in the act controlling this matter, but Mr. Peterson informs me that Federal regulations require that 50 per cent of the persons employed must come off the Boston Relief rolls and the other 50 per cent must be members of Boston labor unions. This seems to dispose of any objection that may have been based on the assumption that persons employed might not be residents of Boston.

If the order is not adopted today it is very likely that it may be abandoned altogether by the Federal Government, which would be a very unfortunate result.

I earnestly urge the acceptance of the act at this special session called for today.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be sixty (60) days, vehicles are excluded from the following street, effective September 9, 1936:

Hamilton Street, Dorchester.

From Coleman street to Columbia road.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, parking of vehicles is prohibited in the following streets, effective September 12, 1936:

Brown Avenue, West Roxbury.

North side, from Cummins Highway to a point one hundred and fifty (150) feet west of Cummins Highway, twenty-four hours.

South side, from Allen street to Seymour street, twenty-four hours.

Waldo Terrace, Brighton.

East side, from Henshaw street to Washington street, twenty-four hours.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PENAL INSTITUTIONS DEPARTMENT.

Upon September 3 the Mayor approved a contract with the Quincy Dry Dock and Yacht Corporation for repairs to the steamer "Michael J. Perkins," of this department. Bids, received August 27, were as follows:

Quincy Dry Dock and Yacht Corporation, \$5,545; Bethlehem Ship Building Corporation, Limited, \$6,193.

SUPPLY DEPARTMENT.

Upon September 6 the Mayor approved a contract with George W. McLaren for furnishing directional signals complete for the Public Works Department, at a total price of approximately \$2,062.32. Bids opened June 25 were as follows:

Approximate Amounts on All Items.

Truck signals to have fittings to attach front lamps to mudguards, rear lamps to rear cross-member of frame.

Bridge Service.

Approximately 3 Sets Connecticut, or Equal, Truck Directional Signals, Complete, 6 Volts, Per Set.—Jackson Electric Company, \$7.83; Standard Auto Gear Company, Incorporated, \$7.42; Brunswick Auto Supply Company, \$6.30, K. S., Jr.; Green & Swett Company, \$7.835; Charles J. McCarty Company, Incorporated, \$8.67; Butts & Ordway Company, \$7.83; Boston Ring and Gasket Company, \$7.43; George W. McLaren, \$7.83, Connecticut; \$7.42, Dietz*; Littlefield-Greene Corporation, \$7.40.

Paving Service.

Approximately 6 Sets Connecticut, or Equal, Truck Directional Signals, Complete, 6 Volts, Per Set.—Jackson Electric Company, \$7.83; Standard Auto Gear Company, Incorporated, \$7.42; Brunswick Auto Supply Company, \$6.30, K. S., Jr.; Green & Swett Company, \$7.835; Charles J. McCarty Company, Incorporated, \$8.67; Butts & Ordway Company, \$7.83; Boston Ring and Gasket Company, \$7.43; George W. McLaren, \$7.83, Connecticut; \$7.42, Dietz*; Littlefield-Greene Corporation, \$7.40.

Approximately 4 Sets Connecticut, or Equal, Truck Directional Signals, Complete, 12 Volts, Per Set.—Jackson Electric Company, \$8.31; Standard Auto Gear Company, Incorporated, \$7.87; Brunswick Auto Supply Company, \$7.30, K. S., Jr.; Green & Swett Company, \$8.31; Charles J. McCarty Company, Incorporated, \$9.27; Butts & Ordway Company, \$8.31; Boston Ring and Gasket Company, \$7.88; George W. McLaren, \$8.31, Connecticut; \$7.87, Dietz*; Littlefield-Greene Corporation, \$7.40.

Approximately 2 Sets Connecticut, or Equal, Trailer Directional Signals, Complete, With All Necessary Connections for Wiring, Per Set.—Jackson Electric Company, \$7.83; Standard Auto Gear Company, Incorporated, 6 volts, \$8.42 without trailer coupling connections; \$10.92 with trailer coupling connections; Brunswick Auto Supply Company, \$10, Dietz; Green & Swett Company, \$11.28, 6 volts; Charles J. McCarthy Company, Incorporated, \$10.47; Butts & Ordway Company, \$7.83; Boston Ring and Gasket Company, \$10.69; George W. McLaren, 6 volts, \$7.83, Connecticut; \$7.42, Dietz*; Littlefield-Greene Corporation, \$7.40.

Sanitary Service.

Approximately 94 Sets Connecticut, or Equal, Truck Directional Signals, Complete, 6 Volts, Per Set.—Jackson Electric Company, \$7.83; Standard Auto Gear Company, Incorporated, \$7.42; Brunswick Auto Supply Company, \$6.30, K. S., Jr.; Green & Swett Company, \$7.835; Charles J. McCarty Company, Incorporated, \$8.67; Butts & Ordway Company, \$7.83; Boston Ring and Gasket Company, \$7.43; George W. McLaren, \$7.83, Connecticut; \$7.42, Dietz*; Littlefield-Greene Corporation, \$7.40.

Approximately 28 Sets Connecticut, or Equal, Truck Directional Signals, Complete, 12 Volts, Per Set.—Jackson Electric Company, \$8.31; Standard Auto Gear Company, Incorporated, \$7.87; Brunswick Auto Supply Company, \$7.30, K. S., Jr.; Green & Swett Company, \$8.31; Charles J. McCarty Company, Incorporated, \$9.27; Butts & Ordway Company, \$8.31; Boston Ring and Gasket Company, \$7.88; George W. McLaren, \$8.31, Connecticut; \$7.87, Dietz*; Littlefield-Greene Corporation, \$7.40.

Approximately 2 Sets Connecticut, or Equal, Semi-Trailer Directional Signals, With All Necessary Connections for Wiring, 6 Volts, Per Set.—Jackson Electric Company, \$7.83; Standard Auto Gear Company, Incorporated, \$8.42 without trailer coupling connections; \$10.92 with trailer coupling connections; Brunswick Auto Supply Company, \$10, Dietz; Green & Swett Company, \$11.28; Charles J. McCarty Company, Incorporated, \$10.47; Butts & Ordway Company, \$7.83; Boston Ring and Gasket Company, \$10.69; George W. McLaren, \$7.83, Connecticut; \$7.42, Dietz*; Littlefield-Greene Corporation, \$7.40.

Sewer Service.

Approximately 33 Sets Connecticut, or Equal, Truck Directional Signals, Complete, 6 Volts, Per Set.—Jackson Electric Company, \$7.83; Standard Auto Gear Company, Incorporated, \$7.42; Brunswick Auto Supply Company, \$6.30, K. S., Jr.; Green & Swett Company, \$7.835; Charles J. McCarty Company, Incorporated, \$8.67; Butts & Ordway Company, \$7.83; Boston Ring and Gasket Company, \$7.43; George W. McLaren, \$7.83, Connecticut; \$7.42, Dietz*; Littlefield-Greene Corporation, \$7.40.

Summer Traffic Tunnel.

Approximately 2 Sets Connecticut, or Equal, Truck Directional Signals, Complete, 6 Volts, Per Set.—Jackson Electric Company, \$7.83; Standard Auto Gear Company, Incorporated, \$7.42; Brunswick Auto Supply Company, \$6.30, K. S., Jr.; Green & Swett Company, \$7.835; Charles J. McCarthy Company, Incorporated, \$8.67; Butts & Ordway Company, \$7.83; Boston Ring and Gasket Company, \$7.43; George W. McLaren, \$7.83, Connecticut; \$7.42, Dietz*; Littlefield-Greene Corporation, \$7.40.

Water Service.

Approximately 48 Sets Connecticut, or Equal, Truck Directional Signals, Complete, 6 Volts, Per Set.—Jackson Electric Company, \$7.83; Standard Auto Gear Company, Incorporated, \$7.42; Brunswick Auto Supply Company, \$6.30, K. S., Jr.; Green & Swett Company, \$7.835; Charles J. McCarthy Company, Incorporated, \$8.67; Butts & Ordway Company, \$7.83; Boston Ring and Gasket Company, \$7.43; George W. McLaren, \$7.83, Connecticut; \$7.42, Dietz*; Littlefield-Greene Corporation, \$7.40.

Total Amount of Contract.—Jackson Electric Company, \$2,176.44; Standard

Auto Gear Company, Incorporated, \$2,066.32 without trailer coupling connections; \$2,076.32 with trailer coupling connections; Brunswick Auto Supply Company, \$1,785.60; Green & Swett Company, \$2,191.43; Charles J. McCarty Company, Incorporated, \$2,419.32; Butts & Ordway Company, \$2,176.44; Boston Ring and Gasket Company, \$2,078.12; George W. McLaren, \$2,176.44, Connecticut; \$2,062.32, Dietz; Littlefield-Greene Corporation, \$2,042.40.

Cash Discount, Ten Days.—Jackson Electric Company, 2 per cent 10th proximo, Connecticut; Standard Auto Gear Company, Incorporated, 2 per cent, signal set "Ace"; Brunswick Auto Supply Company, 2 per cent; Green & Swett Company, 2 per cent, Connecticut; Charles J. McCarty Company, Incorporated, 2 per cent, Dietz; Butts & Ordway Company, 2 per cent 10th proximo, Connecticut; Boston Ring and Gasket Company, 2 per cent, Connecticut; George W. McLaren, 2 per cent; Littlefield-Greene Corporation, 2 per cent 10th proximo, Connecticut.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with several firms for services and labor. Communications from the heads of the several departments interested were as follows:

PUBLIC WORKS DEPARTMENT.

Boston, September 4, 1936.

To the Honorable Mayor.

The recent heavy rainfalls have again caused the Davenport brook in the vicinity of Morton and Pleasant Hill streets to overflow causing, in addition to roadway damage, the flooding of various cellars in the vicinity with the consequent filing of claims for damage, etc.

It is most essential to complete the construction of approximately 1,200 linear feet of open brook by confining said length in a concrete conduit. The brook is confined in a conduit on either side of this open length and to complete the work it will be necessary to lay approximately 1,200 linear feet of concrete sewer, 6 feet in diameter, in Pleasant Hill street, from Morton street to Hubbard avenue, and in Hubbard avenue, from Pleasant Hill street to Washington street, at an approximate cost of \$45,000.

I respectfully request permission to advertise for bids for the construction of said work. The cost of this work is chargeable to the sewerage works loan of \$500,000.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

Boston, September 4, 1936.

To the Honorable Mayor.

The recent heavy rainfalls have again caused the open portion of the so-called Spring Street brook to overflow and flood various cellars and yards on Hart, Prospect and Baker streets, West Roxbury, with a consequent filing of claims for damage done, etc.

Numerous petitions have been received in the past for a remedy for this condition and it is absolutely necessary that a portion of this work be done at the present time.

It is proposed, in order to prevent future flooding, to construct approximately 1,100 linear feet of 5 feet diameter,

circular concrete sewer, at an estimated cost of \$30,000, chargeable to the \$500,000 sewerage loan.

I respectfully request permission to advertise for bids for the construction of this work.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

TREASURY DEPARTMENT.

Boston, August 28, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

SIR,—Your permission is respectfully requested for the awarding of a contract, without advertising, to the Vose-Swain Engraving Company, 530 Atlantic avenue, Boston, for 5,000 steel engraved coupon bonds, at 31 cents each, the total cost being \$1,550, for the following reasons:

The bank note house which the Vose-Swain Engraving Company represents is the owner of the plates now in use and they are naturally in a more favorable position to give a better price to the city, for fully steel engraved bonds, than any other concern.

This price of 31 cents per bond is 1 cent less than the price paid for the last purchase in December, 1935.

Respectfully yours,

JOHN H. DORSEY,
City Treasurer.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

A. Piotti Company has been allowed to deduct from the contract for the English High School the following: Retain present window frames and raise sills to new level, deduct \$670; remove brick walls in old shower and locker rooms, add \$50; this deduction, \$620, and the amount of \$620 will be deducted therefor, making the account as follows: Contract price, \$85,898; total additions, \$1,118.50; total deductions, \$900; amount of contract, \$86,116.50.

A. Piotti Company has been allowed to add to the contract for the English High School the following: Furnish and install new window sills for forty-three windows which have to be cut down (the sills of the original window frames, which are fifty-six years old, being so badly decayed that they are unfit to use), and the amount of \$94.60 will be added therefor, making the account as follows: Contract price, \$85,898; total additions, \$1,213.10; total deductions, \$900; amount of contract, \$86,211.10.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 12-inch pipe and two catch-basins in Dunklee street, between Harriet street and 150 feet northerly, in the Brighton district, at an estimated cost of \$990.

A sanitary sewer of 10-inch pipe, a surface drain of 12-inch pipe and one catch-basin (W. P. A. Project 65-14-4953. Work Project 9464) in St. Brendan road, between Gallivan Boulevard and 620 feet southerly in the Dorchester district, at an estimated cost of \$12,786.

A sanitary sewer of 10-inch and 15-

inch pipe and a surface drain of 12-inch and 30-inch pipe (W. P. A. Project 65-14-8337. Work Project 5772) in Stimson street, between Washington street and Centre street, in the West Roxbury District, at an estimated cost of \$15,000.

A sanitary sewer of 20-inch pipe and a surface drain of 5-foot 6-inch circular concrete (W. P. A. Project 65-14-8337. Work Project 5772) in private land, between Old Centre street (opposite Board of Survey street No. 627) and Dedham Line, in the West Roxbury district, at an estimated cost of \$35,000.

A sanitary sewer of 20-inch pipe and a 3-foot 3-inch circular concrete surface drain (W. P. A. Project 65-14-8337. Work Project 5772) in Board of Survey street No. 735, between Stimson street and Board of Survey street No. 627, in the West Roxbury district, at an estimated cost of \$35,000.

A sanitary sewer of 20-inch pipe and a surface drain of 4-foot 6-inch circular concrete (W. P. A. Project 65-14-8337. Work Project 5772) in Board of Survey street No. 627, between Board of Survey street No. 735 and Old Centre street, in the West Roxbury district, at an estimated cost of \$35,000.

CLAIMS ALLOWED.

Upon recommendation of the Corporation Counsel, the Mayor has approved the following claims:

Kellogg Sales Company, 150 Causeway street, Boston, in the sum of \$5, as compensation for damage to truck caused by hole in highway in front of 27 Bradshaw street, Dorchester, on February 26, 1936.

Jacob Breyan, 1128 Washington street, in the sum of \$2.53, as refund on twenty-three unused refuse tickets purchased and returned to the Public Works Department in February.

Rand Sandals, Incorporated, 82 Lincoln street, Boston, in the sum of \$3.08, as refund on twenty-eight unused refuse tickets returned to the Public Works Department.

Timothy J. Flahive, 218 South street, Jamaica Plain, in the sum of \$10 as compensation for damage to automobile caused by hole in the highway on South street, Jamaica Plain, opposite McBride street, on June 28, 1936.

MAYOR MANSFIELD CALLS MEETING OF CITY AND TOWN OFFICIALS IN METROPOLITAN DISTRICT.

The following is a copy of a telegram sent by the Mayor to Boards of Selectmen and Mayors of cities in the Metropolitan Water District:

A meeting will be held at the Mayor's Office, City Hall, Boston, on Thursday, September tenth, at 11 a. m., to consider what means may be adopted to procure the rescinding of contracts recently let by a majority of the Metropolitan District Water Supply Commission to the Two Companies and the Cenedella Company for work at the Quabbin Dam and which apparently involves an unnecessary expenditure on the part of cities and towns of nearly three hundred thousand dollars.

You are earnestly urged to attend and, if impossible, for you to be present, to send a qualified representative.

FREDERICK W. MANSFIELD,
Mayor of Boston.

SEEKS TO MODERNIZE CITY BUILDINGS HEATING SYSTEMS.

The following is a copy of a letter from the Mayor to the City Council:

Boston, September 4, 1936.

To the City Council.

GENTLEMEN,—I am satisfied from reliable representations that have been made to me that very substantial sums of money can be saved for the city if the heating arrangements in many public buildings were modernized and an efficient system of heat control installed, such as has already been successfully demonstrated in buildings under the control of the Fire Department. Before making changes or installing any new system I think it would be wise to have a general survey made of all city buildings and to that end I am submitting herewith an order appropriating \$7,500 to defray the expenses of such a survey.

I earnestly urge the adoption of this order in order that a report may be returned quickly, and changes, if any are to be made, be effected before severely cold weather sets in.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

LOCATION OF STREETS.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way, in the West Roxbury district, designated as Keane road, between Veterans of Foreign Wars Parkway and Sunnyside avenue as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby are, approved.

Voted, That the location, direction, width and grade of the private way, in the West Roxbury district, designated as Sunnyside avenue, between Corey street and Keane road, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby are, approved.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

POLICE DEPARTMENT ORDERS.

General Order No. 222.

The Acting Superintendent of Police is hereby directed to make the following details for duty at the State Primary in this city on Tuesday, September 15, 1936.

1. Three patrolmen for duty in the office of the Board of Election Commissioners, 111 City Hall Annex, on arrival of ballots for the State Primary at about 11 o'clock a. m., Monday, September 14, 1936, such details to continue until all ballots cast at the primary have been returned.

2. An officer of rank above that of sergeant for duty at the City Hall Annex, to supervise the police detail for motor trucks from 5 o'clock a. m., Tuesday, September 15, 1936, until relieved, and a patrolman from 8 o'clock p. m., on the same date, until relieved, for duty at the same place, to keep clear the approaches to the office of the Board of Election Commissioners for motor vehicles returning from the polling places with ballot boxes, etc.

3. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on State Primary Day, to preserve order and protect voters in the full exercise of their rights.

4. Twenty-three sergeants, one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample season to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle with ballot boxes, ballots, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED FROM OFFICE OF BOARD OF ELECTION COMMISSIONERS ON MORNING OF SEPTEMBER 15, 1936.

(One motor vehicle for each of the twenty-two wards, excepting Ward 1, East Boston, for which two trucks have been engaged.)

Wards 1 to 7, both inclusive, 6 a. m.
Wards 8 to 10, both inclusive, 5.30 a. m.
Ward 11, 5 a. m.
Ward 12, 5.45 a. m.
Wards 13 to 17, both inclusive, 5.30 a. m.
Ward 18, 4.45 a. m.
Wards 19 and 20, 5.20 a. m.
Ward 21, 5.25 a. m.
Ward 22, 5.30 a. m.

5. For proper coordination in the delivery of ballot boxes, ballots, etc., by the sergeants, as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance that such sergeants leave the City Hall Annex promptly on time as per schedule.

6. One patrolman to report at each of the three hundred and eighty-eight precincts, as hereinafter set forth, on Tuesday, September 15, 1936, to receive ballot boxes, ballots, etc., from the sergeants detailed on motor trucks.

From the opening to close of the polls there shall be detailed an additional police officer outside of each of the three hundred and eighty-eight (388) polling places in the city. This provision is made to prevent alleged continued violations of the election laws relative to distribution of campaign literature within 150 feet of a polling place, and to remedy conditions at polling places, reported by the Board of Election Commissioners, which have brought complaints from voters to the effect that campaign workers and loiterers outside the polls have hampered their progress to and from voting.

In Ward 22, Precinct 3, from the opening to close of the polls, an additional officer will be detailed outside the polling place, making two officers in all on the outside at that location.

SCHEDULE OF THE HOUR FOR OFFICER TO REPORT IN EACH OF THE PRECINCTS TO RECEIVE BALLOT BOXES, BALLOTS, ETC., FROM SERGEANTS DETAILED ON MOTOR TRUCKS.

Ward 1, 6.30 a. m.
 Ward 2, 6.30 a. m.
 Wards 3 to 7, both inclusive, 6.45 a. m.
 Ward 8, Precincts 1 to 6, both inclusive, 6 a. m.
 Ward 8, Precinct 7, 6.15 a. m.
 Ward 8, Precincts 8 to 14, both inclusive, 6.20 a. m.
 Ward 9, Precincts 1 to 6, both inclusive, 6 a. m.
 Ward 9, Precincts 7 to 15, both inclusive, 6.30 a. m.
 Ward 10, Precincts 1 to 4, both inclusive, 6 a. m.
 Ward 10, Precincts 5 to 11, both inclusive, 6.15 a. m.
 Ward 10, Precincts 12 to 16, both inclusive, 6.30 a. m.
 Ward 11, Precincts 1 to 4, both inclusive, 6 a. m.
 Ward 11, Precincts 5 to 12, both inclusive, 6.15 a. m.
 Ward 11, Precincts 13 to 16, both inclusive, 6.30 a. m.
 Ward 12, Precincts 1 to 4, both inclusive, 6.30 a. m.
 Ward 12, Precincts 5 to 8, both inclusive, 6.40 a. m.
 Ward 12, Precincts 9 to 11, both inclusive, 6.45 a. m.
 Ward 12, Precincts 12 to 19, both inclusive, 7 a. m.
 Ward 13, Precincts 1 to 5, both inclusive, 6 a. m.
 Ward 13, Precincts 6 and 7, 6.15 a. m.
 Ward 13, Precincts 8 to 12, both inclusive, 6.30 a. m.
 Ward 13, Precincts 13 to 16, both inclusive, 6.45 a. m.
 Ward 14, Precincts 1 to 5, both inclusive, and Precinct 21, 6 a. m.
 Ward 14, Precinct 6, 6.15 a. m.
 Ward 14, Precincts 7 to 20, both inclusive, 6.30 a. m.
 Ward 15, Precincts 1 to 4, both inclusive, and Precinct 13, 6 a. m.
 Ward 15, Precincts 5 to 8, both inclusive, 6.15 a. m.
 Ward 15, Precincts 9 to 12, both inclusive, 6.30 a. m.
 Ward 15, Precincts 14 and 15, 6.45 a. m.
 Ward 16, Precincts 1, 2, 5 and 15, 6.15 a. m.
 Ward 16, Precincts 6 to 14, both inclusive, and Precincts 16 to 19, both inclusive, 6.30 a. m.
 Ward 16, Precinct 20, 6.45 a. m.
 Ward 16, Precincts 3 and 4, 7 a. m.
 Ward 17, Precincts 1 to 6, both inclusive, 6 a. m.
 Ward 17, Precincts 7 to 9, both inclusive, 6.15 a. m.
 Ward 17, Precinct 10 and Precincts 12 to 15, both inclusive, 6.30 a. m.
 Ward 17, Precinct 11 and Precincts 16 to 20, both inclusive, 6.45 a. m.
 Ward 18, Precincts 1 to 4, both inclusive, 5.30 a. m.
 Ward 18, Precincts 5, 6 and 15, 6 a. m.
 Ward 18, Precinct 21, 5.45 a. m.
 Ward 18, Precincts 13, 14 and Precincts 16 to 20, both inclusive, 6.15 a. m.
 Ward 18, Precincts 8, 9 and 12, 6.30 a. m.
 Ward 18, Precincts 7, 10 and 11, 6.45 a. m.
 Ward 19, Precincts 1 to 4, both inclusive, 6 a. m.
 Ward 19, Precincts 5 to 9, both inclusive, and Precinct 17, 6.15 a. m.
 Ward 19, Precincts 10 to 12, both inclusive, and Precinct 16, 6.30 a. m.
 Ward 19, Precincts 13 to 15, both inclusive, 7 a. m.
 Ward 20, Precincts 1 to 5, both inclusive, 6 a. m.
 Ward 20, Precincts 6 to 9, both inclusive, and Precinct 22, 6.15 a. m.
 Ward 20, Precincts 10 to 16, both inclusive, and Precinct 21, 6.30 a. m.
 Ward 20, Precincts 17 to 20, both inclusive, 6.45 a. m.
 Ward 21, Precincts 1 to 5, both inclusive, 6 a. m.
 Ward 21, Precincts 6 to 11, both inclusive, 6.15 a. m.
 Ward 21, Precincts 12 to 14, both inclusive, and Precincts 16 to 18, both inclusive, 6.30 a. m.
 Ward 21, Precinct 15, 7 a. m.
 Ward 22, Precincts 1 to 5, both inclusive, 6.15 a. m.
 Ward 22, Precincts 6 to 9, both inclusive, 6.30 a. m.
 Ward 22, Precincts 10 to 12, both inclusive, and Precincts 15 to 17, both inclusive, 6.40 a. m.
 Ward 22, Precincts 13 and 14, 7 a. m.

7. Commanding officers are to take notice that it is of the greatest importance, also, that the patrolmen herein detailed report at the polling places in the various precincts promptly according to schedule.

Failure for any reason of an officer to be on hand at a polling place at the appointed time delays the sergeant in the motor vehicle in his delivery of the ballot boxes, ballots, etc., and interferes, as is plainly seen, with the balance of the delivery schedule.

(Continued on page 1101.)

POLICE DEPARTMENT ORDERS.

(Continued from page 1100.)

8. This detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' Office.

9. Cards with the ward and precinct number and location of voting booth printed thereon have been forwarded to the several police divisions, on which the division commander will write the name, the division number and the number of the officer detailed at the time stated on the morning of September 15, 1936, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed at the voting booth, will be retained in his possession until delivered by him to an employee of the Board of Election Commissioners, who will arrive accompanying a sergeant on motor vehicle from the Election Commissioners' Office on the morning of September 15, with ballot boxes, ballots, etc., as hereinbefore stated.

This card, when returned by such employee to the office of the Election Commissioners, will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

10. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, ballots, voting lists and such other documents as may have been received from the Election Commissioners, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the same, which receipt will be returned to the Election Commissioners.

11. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room for more ballots, after which the patrolman will see that the box is again locked, and the key returned to the police officer.

12. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

13. The warden will deliver to the patrolman detailed at the polling place, for his use at that place, a copy of the descriptive voting list, which must be returned to the warden at the close of polls.

14. When the polls are opened the patrolman will mark in the place indicated on the tag attached to the key the figures which the register shows before any ballots are cast.

15. At 8 p. m., Tuesday, September 15, when the polls close, one sergeant will report in each of the twenty-two wards (excepting Ward 1, East Boston, for which two sergeants and two motor trucks are provided) to meet motor vehicle at last point of morning distribution, thence to proceed to each of the several precincts in his respective ward and

receive registering ballot box (which must be locked) and key thereof, voting lists envelope, signed by the warden and other election officers, receipts for ballots, unused ballot envelope, sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots, receipts for ballots and check lists, carry them to the Election Commissioners' Office and deliver same to some member of the Board of Election Commissioners.

16. When the polls are closed the patrolman will mark on the same tag the figures which the register shows after all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope and the envelope certified by the signatures of himself and the other election officers and the same returned to the Election Commissioners, as described in section 15 of this order. The patrolman will not allow this envelope to be put into the ballot box. The sergeant who will report on motor vehicle will keep it about his person until delivery at the office of the Election Commissioners. The unused and spoiled ballots are then to be put in the envelope for unused ballots and the envelope sealed and certified.

17. When returning from polls, all motor vehicles must drive to the easterly side of City Hall Annex, Court square, where ballot boxes will be conveyed by chute to the basement.

18. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

19. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is properly instructed as to the duty of bringing the official returns, the box of ballots cast and the press return to the Election Commissioners' Office as soon as they are delivered to him by the election officers.

20. When the ballots have all been counted, the ballots thus counted, tally sheets and nothing else (the ballots to be in their separate party envelopes) shall be placed by the warden in the leatheroid box for that purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book and press return to the City Hall Annex, Court square, and deliver same to the Election Commissioners. The patrolman is directed not to allow the official return, press return or record book to be placed in the leatheroid box.

21. While the polls remain open an officer of rank will visit the polling place in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division, the officer in charge will communicate immediately with headquarters.

22. Attention is called to the fact that the polls at the State Primary on Tuesday,

September 15, 1936, shall open at 8 o'clock a. m. and close at 8 o'clock p. m.

23. Commanding officers of divisions will see that the officers detailed for duty on State Primary Day are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instructions to Police Officers on Primary Days".

24. The counting of ballots will be done on one table only with two inspectors counting and two inspectors watching the count.

NOTES.

1. Attention is again called to the last paragraph of the circular, "Instructions to Police Officers on Primary Days," which reads: "The police officer is directed not to allow the official return or record book to be placed in the leatheroid box."

That this may not happen (as it has in the past notwithstanding repeated instructions) in any of the precincts of this city at the coming primary the officer of rank who will visit the polling places in each division (provided for in section 21 of this order) shall at an appropriate time call to the attention of the police officer and of the warden on duty at the polls that the official return, press return and record book are not to be placed in the leatheroid box.

They shall be handed to the police officer who will deliver them as set out in the paragraph immediately following.

2. The officer going to the office of the Board of Election Commissioners with the leatheroid box, after the counting of the ballots, will take with him, in a separate package, the official return, press return and record book, which he shall safely deliver to the Election Commissioners with the leatheroid box, as provided in section 20 of this order.

3. The police shall enforce the order that smoking is prohibited within the confines of the polling places during the entire day while the polls are open, as well as after they are closed.

The Board of Election Commissioners makes special request that the officers detailed at the 388 precincts be instructed to see that this is enforced.

As polling places and their approaches and exists are, in many instances, in buildings used for places of religious worship, to say nothing of the danger to valuable property from careless persons, the importance of these instructions is apparent.

Commanding officers will take notice of, and provide means to correct, the following conditions set out in a paragraph of a letter received by the Police Commissioner from the Board of Election Commissioners:

"May we again call your attention to the law which prohibits smoking in any polling place, and ask you to have the officers who are detailed to the 388 precincts make a special effort to see that there is no smoking during the entire day while the polls are opened, as well as after they are closed."

4. The following matter was on a previous occasion brought particularly to the attention of the Police Commissioner in writing by the Board of Election Commissioners. Commanding officers will see that this cause of complaint, if it again occurs, is corrected:

"During the hours from 6 p. m. to 8 p. m. there has been a large increase in the number of persons who congregate outside the polling places. This makes it disagreeable to voters who are entering and leaving the polling places. May we

ask that the police use every effort to relieve this congestion?"

5. There has been an increase of twenty-one polling places (from 367 to 388) throughout the city, as follows:

The Acting Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Police Commissioner.

General Order No. 223.

On August 1, 1936, while an automobile was parked on a steep incline on Russett road, West Roxbury, the emergency brake released itself in some unknown manner, causing the car to roll down hill. In the automobile at the time were two elderly women who, when the car began to move, became confused and panic stricken, neither having any knowledge as to how to bring the car to a stop.

Patrolman Francis J. Kilday of Division 17, who was off duty and at home, was summoned by his sister who had witnessed the car careening dangerously down hill. When Patrolman Kilday reached the street the vehicle was approximately one hundred feet away. He ran after it and succeeded in overtaking it as it sideswiped a telephone pole some distance down the hill. Contact with the pole very nearly caused the car to overturn and it was at great personal risk that Patrolman Kilday was able to board it and ultimately halt its progress.

The commissioner highly commends Patrolman Kilday for his courageous action in this emergency, which unquestionably prevented serious injury or even death to the helpless occupants of the car, and hereby orders that Patrolman Kilday be granted one day additional vacation.

The Acting Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Police Commissioner.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the construction of White Oak road, West Roxbury, as a highway, from No. 120 Wren street, bounded and described as follows:

The highway named White Oak road is hereby ordered constructed, from Wren street to Wren street.

Trees or structures standing upon or affixed to the aforesaid highway shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on White Oak road will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, White Oak Road, West Roxbury, Assessment Plan, March 18, 1936, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Total,	\$3,638 63

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the construction of White Oak road, West Roxbury district, under the order of the Board of September 2, 1936, and awards no damages therefor.

MAYOR MANSFIELD ACTS FOR CITY IN QUABBIN RESERVOIR MATTER.

The following is a copy of a letter from Mayor Mansfield to Councilor Shattuck on September 3:

BOSTON, September 3, 1936.

HENRY L. SHATTUCK, Esq., 50 Federal Street, Boston, Mass.

Dear Councilor Shattuck,—I have your letter of yesterday, with the copy of the order which was defeated in the City Council, relative to the contracts recently awarded by a majority of the Metropolitan Water Supply Commission to The Two Company and the Cenedella Company, and in which you urge me to take action at once and ask immediate co-operation from mayors and selectmen of other cities and towns which may be affected.

In reply I beg to say that I have had this matter under consideration for some time, have been in conference with interested persons about it, and that a meeting of representatives of municipalities likely to be affected may be held very soon. In the meantime I had already asked the Corporation Counsel to send me a formal opinion as to whether or not any legal action would lie by the City of Boston either alone or acting with other municipalities to prevent the carrying out of this contract. Mr. Foley is now working upon this matter and I expect an opinion just as soon as he is satisfied about the legal questions involved.

The defeat of your order by the City Council can in no way affect my plans

in this matter as I am very sure I have the power to ask the Corporation Counsel to proceed without any authorization by the City Council or even despite an adverse vote by that Honorable Body.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1936.

Examinations will be held at the following points and on the following dates:

Boston, Monday, September 14.
Worcester, Wednesday, September 16.
Springfield, Thursday, October 15.
Pittsfield, Friday, October 16.
Boston, Monday, November 2.
Lowell, Wednesday, November 4.
Boston, Monday, December 7.
New Bedford, Wednesday, December 9.
New Bedford, Thursday, December 10.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
PAYSON SMITH,
JAMES M. HURLEY,
ALBERT FRANK,
WALTER J. KENEFICK,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon St., Boston, Mass.

DELINQUENT TAX SALES.

CITY OF BOSTON.

CITY COLLECTOR'S NOTICE.

The owners and occupants of the following described parcels of real estate situated in the City of Boston, in the County of Suffolk and Commonwealth of Massachusetts, and the public, are hereby notified that the taxes and assessments thereon severally assessed for the years hereinafter specified, according to the lists committed by the assessors of taxes of said City to me as collector of taxes for said City, including assessments for the suppression of gypsy and browntail moths, remain unpaid, and that the smallest undivided part of said land sufficient to satisfy taxes and assessments with interests and all legal costs and charges or the whole of said land if no person offers to take an undivided part thereof, will be offered for sale by public auction at the City Collector's office, on the second floor of the City Hall Annex, on Court street in said City of Boston, on Monday, September 28, 1936, at 9.30 o'clock a. m., for the payment of said taxes and assessments, with interests, costs and charges thereon, unless the same shall be previously discharged.

The sums set against the following descriptions of the several parcels of land show the amounts due thereon respectively for the taxes and assessments for the nonpayment of which each of said parcels of land is to be sold, but do not include the cost and interests thereon and costs and charges incident to this sale.

JOHN F. DOHERTY,
Collector of Taxes of the City of Boston.

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22 towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (i. e., 10.3 per cent) over 1920. Of said total, 2,940,335 (i. e., 69.19 per cent) were in the cities and 1,309,279 (i. e., 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reaches the notable figure of 90.71, while the rural shows but 9.29 per cent.

POLICE MOTOR BUSINESS IN
JERSEY CITY.

The motor police of Jersey City, N. J., are concentrated in the Traffic Bureau and the Motor Patrol Bureau. The rolling equipment consists of thirty-three motorcycles, thirty-five automobiles, three emergency trucks, seven patrol wagons, an armored payroll car, two wreckers, and a touring car for distinguished visitors.

The Traffic Bureau has charge of the motorcycles, all Harley-Davidsons of 1928-33, which are attached to the eight precincts. Eighteen of these are on duty sixteen hours per day, 8 a. m. to midnight; two are on duty from midnight to 8 a. m. They patrol the heavy-duty highways and the Pulaski Skyway from the Holland vehicular tunnel under the North river.—*American City Magazine*.

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 28.

SATURDAY, SEPTEMBER 19, 1936.

No. 38

MAYOR MANSFIELD TERMS GOVERNOR CURLEY THE "KINGFISH" OF MASSACHUSETTS — APPEALS TO VOTERS OF STATE IN RADIO ADDRESS TO REPUDIATE CANDIDATE FOR UNITED STATES SENATE AT PRIMARY POLLS — SPEAKS IN BEHALF OF CANDIDACY OF MAYOR GREENWOOD — DISCUSSES THE DOLAN AND QUABBIN RESERVOIR CASES, CHARGING CURLEY TIE-UP WITH BOTH, WITH RESULTS INIMICAL TO BEST INTEREST OF CITY OF BOSTON.

Upon Monday, September 14, Mayor Mansfield delivered the following radio address over Station WBZ:

You remember, of course, that some months ago I delivered a radio speech demanding that James M. Curley be retired from public life. I said that James M. Curley should be retired to private life. I say it again now, and since he pretends to be a Democrat it is the job of the Democrats to retire him so that he shall not be the nominee of the Democratic Party.

I say he is not a Democrat. He never was a Democrat. He is a Curleyerat. In other words, he would sacrifice all party ties, party affiliations and party traditions if he, Jim Curley, could profit by that repudiation.

Many people thought that upon election to the office of Governor he might measure up to the high standing that Massachusetts Governors have always attained, be they Republicans or Democrats. But when Governor Curley took office the Boston Finance Commission had under investigation the Dolan case, which you, my friends of the radio audience, remember well, and an able counsel had been appointed. His name is George R. Farnum, a Republican, an outstanding member of the Massachusetts Bar, and a credit to his profession. He had presented evidence to the Finance Commission about the Dolan case.

It looked very bad for Dolan. It looked bad, too, for Curley, because when Dolan was City Treasurer, Curley was Mayor. It looked very, very bad for Mr. Curley because every bit of the city's money, with the exception of the Retirement Fund, that was spent to buy investments came before the Mayor for approval.

It was imperative from the Governor's standpoint to strangle that investigation. The only way he could strangle it was to change the personnel of the Boston Finance Commission and pack it with appointees of his own choosing.

Strangled Dolan Probe.

This he proceeded to do. You know how he did it! He brought charges against Charles M. Storey, the son of Moorfield Storey, a man of exceptional ability and of the highest standing in his profession. The Governor brought charges against Joseph Joyce Donahue, another man of ability and of proved integrity. At a packed hearing before the Executive Council, the Governor, flanked on each side by flunkies of his own, who had to obey whether they wanted to or not, threatened to throw out of the room any man who dared to arise and defend either Mr. Storey or Mr. Donahue.

Well, time does not permit me to go into all the details of that exhibition. The result you all know well. Charles M. Storey was removed as a member of the Boston Finance Commission, but without sufficient grounds, because the Finance Commission itself said in a recorded vote that they had found nothing in Charles M. Storey's record to warrant his removal.

Well, in this way Curley changed the entire personnel of the Boston Finance Commission. He removed Storey. He removed Donahue. Judge Jacob Kaplan resigned. And when he had the Finance Commission under his own control, that commission voted to abandon the investigation of the Dolan case.

As City Treasurer, Edmund L. Dolan was the guardian of practically all of the investment funds in the City of Boston — of the funds of the Boston Retirement Board, of the Teachers' Retirement Funds, and of the funds of the teachers' pensions.

Now, I pause to ask — why it is that Governor Curley is, and has been, so much perturbed about the Dolan case? You all remember that when I was in the Governor's office upon other matters he asked me to stop the investigation of the Dolan case. You will remember well that he denied that he had ever made that suggestion, but fortunately I had a witness with me at the time in the person of the City Auditor, Charles J. Fox. When the Governor was confronted with Fox's corroboration, which he could not refute, he reluctantly admitted that he might have said something to that effect.

Why was the Governor so exercised about the Dolan case? Dolan was only the City Treasurer. He had not made any extraordinary denial or defence, but the Governor apparently assumed that all attacks on Dolan were attacks upon him. And why is it that the Governor is so perturbed? Dolan doesn't reply and Curley does. Why should Governor Curley defend Dolan unless it is because Mr. Curley feels there is something there which involves him when he was Mayor of the City of Boston?

(Continued on page 1120.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Meeting of the City Council Monday, September 21, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

BOSTON OBSERVES 306TH ANNIVERSARY OF ITS FOUNDING — WILFRED F. KELLEY, HEADMASTER OF THE SOUTH BOSTON HIGH SCHOOL, DELIVERS HISTORICAL ADDRESS WHICH IS BROADCAST TO LISTENING EARS IN BOSTON, ENGLAND, FROM WHICH PLACE CAME OUR FIRST SETTLERS — CALLS ON ALL CITIZENS TO PERFORM DUTIES SO THAT CITY'S FUTURE MAY BE AS GLORIOUS AS HER PAST.

Boston fittingly observed, on Thursday, September 17, the 306th anniversary of the founding of the municipality, with exercises in the yard of City Hall. Here citizens gathered at the bidding of Mayor Mansfield and the Public Celebrations Department, for an address, broadcast to Boston, England, and the country and for a band concert.

After opening remarks by Arthur O'Keefe of the Public Celebrations Committee, Assistant Superintendent of Schools John C. Brodhead was presented as the chairman of the occasion. In the course of his remarks he spoke as follows:

Today we are observing the anniversary of the founding of Boston, 306 years ago, when the Puritans, led by Governor John Winthrop, established what turned out to be this permanent government, and decided that Boston should be its center; also the founding of the first center of higher education that has become Harvard University, and the adoption of the Federal Constitution. Thus any and all worthy observances of this date emphasize anew the guiding influence that Boston and its leaders have maintained in the local and national welfare of the people.

The main concern of this particular gathering, assembled at our center of municipal government this noontime, is the official recognition thus given to the founders of this city.

Our program will be simple and short, completed in an hour. But it is expected that the custom established last year at the time of the 300th anniversary of Boston Common will be continued annually and that the 17th of each September will see some form of municipal recognition and expression of thanks for the foundations on which successive generations have built so fruitfully — and will continue.

The program will give us first that familiar and deservedly popular hymn that was a gift from Boston to the nation — "America" — with the band leading us all in the singing.

Our Mayor will transmit a message in behalf of the people of Boston, Massachusetts, to the Mayor of old Boston across the ocean in England. Over our heads today is flying the flag of that city, brought here as a gift a year ago.

The final number of the program will be a band symposium of American songs and folk music ending with the national anthem.

Mr. Kelley spoke as follows:

The flag unfurled before you of old Boston was presented to the citizens of this city last year. It is indeed appropriate to behold on this day, the natal day of our city. Three hundred six years ago today the early settlers decreed "that Trimountain shall be called Boston." This name was chosen because of the number of settlers who came from St. Botolph's town, or Boston, in Lincolnshire, England. They came here to worship God as their consciences dictated and to increase their economic well-being.

Here in the wilderness they sought liberty and were instrumental in making this a government of laws and not of men. To safeguard their liberties they promulgated in 1641 the famous "Body of Liberties" which has been rightfully called the first step toward the formation

of a state constitution. This recalls the historical fact that on this same day the Constitutional Convention of our colonial forefathers framed the bulwark of our liberties—the Constitution of the United States on September 17, 1787.

Across the river Harvard is celebrating its 300th anniversary on this day which reminds us that on this very site Boston celebrated last year the 300th anniversary of the first secondary school in the country.

Not only was Boston a leader in the 17th century but it paved the way for Independence in the days of the American Revolution. Proud should we be of our sacred heritage. What memories are aroused by Faneuil Hall, the Old State House, the Old South Meeting House, the Old North Church, Bunker Hill, and Dorchester Heights.

Boston! Venerable municipality, proud of her past, but prouder still of her present and the opportunities that await her. Her centers of art, music and public welfare stand as monuments to the generosity of her people and the munificence of many public benefactors. Here each individual, regardless of lineage, may realize the limits of any worthy ambition. Here the religious fervor of the people has remained true to God — the Father of us all.

Boston! For what you have been and what you are we love you. Let us each try to do our duty as citizens so that her future may be as glorious as her past.

The program for ceremonies commemorating the birthday of Boston was as follows:

OPEN AIR EVENT AT CITY HALL, THURSDAY NOON, SEPTEMBER 17, 1936, 12 TO 1 O'CLOCK.

306th Anniversary of the Founding of Boston by Action of the Massachusetts Bay Colony Government.

Music. Band—*a.* March.
b. Overture.

Introduction and Announcement of Program — Chairman, John C. Brodhead. Presented by Director of Public Celebrations, Arthur J. O'Keefe.

Music. "America"—by band and audience. Reading of historic references to the founding of Boston.

Message to the Mayor of old Boston, England, from the Mayor of Boston, Massachusetts.

Music. Band selection.

Address. "Significance of this Date, September 17, 1936." Wilfred F. Kelley, Master, South Boston High School.

Final. "Patriotic Medley"—by band, concluding with "Star-Spangled Banner."

Arranged by Citizens' Public Celebrations Association; President, John C. Brodhead; Vice President, James F. Winston; Treasurer, Henry J. D. Small; Secretary, E. B. Mero; Executive Committee members: John B. Archibald, Henry F. Brennan, Henry I. Lazarus,

M. Henry McInerney, Joseph A. F. O'Neil, J. H. Noonan, John A. Scanga.

Band, William A. Barrington-Sargent, Conductor, from Federal Music Project, W. P. A.

The official flag of Boston, Lincolnshire, England, flew from City Hall, Boston, Massachusetts. This flag was a gift from the namesake city during the Boston Common Tercentenary of 1935.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of July 1, 1936, determining that no person sustains damages by the making of the public improvement, consisting of the establishment of grade on La Grange street, be, and the same hereby is, amended by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." That said order be further amended by adding thereto Annie E. Brooks, \$175. That the amount \$175 be, and the same hereby is, awarded to Annie E. Brooks for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of July 1, 1936, determining that no person sustains damages by the making of the public improvement, consisting of establishing of grade on La Grange street, West, Roxbury, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." That said order be further amended by adding thereto Edwina M. Connell. That the amount \$125 be, and the same hereby is, awarded to Edwina M. Connell for the damages sustained by the making of the said improvement.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

BROADCAST.

(Continued from page 1117.)

CONTEMPT OF COURT.

After Judge Hanify's findings the press asked Governor Curley what he had to say about it, and he replied that the decision was admirably timed politically because the primaries were coming next Tuesday. I said then that the Governor was guilty of an expression which was clearly contempt of court. As a lawyer, I know it might be a difficult thing to convict the chief executive of contempt of court but, nevertheless, his remark was clearly in contempt of court because he intimated that Judge Hanify's decision was held back and the filing of it was intended to have a political effect upon Mr. Curley. He knows better than that.

Now, let me pause again to ask this question—why should the Governor say this finding was filed at a psychological political moment? I presume he means the psychological moment to affect his candidacy. And again—isn't it strange that instead of going to Dolan the press went to Curley. Why should they go to Curley? Why should the filing at this time have any effect at all on the Governor? Dolan is not a candidate for anything! Why should Curley be so perturbed? Curley is the candidate.

Now, my friends, here is the reason. I am the Mayor of the City of Boston at the present time. I have a City Treasurer appointed by me. Every bond he buys or sells, every investment that he makes, must come before me for approval. That was true also of Mr. Curley when he was Mayor of the City of Boston. With the possible exception of the Boston Retirement Fund, every one of those investments made by Mr. Dolan, either sales or purchases, came before Mr. Curley as Mayor and received his approval. He must have known that Dolan, through his Legal Securities Corporation, was paying far more than he should have paid of the city's money. He must have known that every sale he made was against the best interests of the City of Boston. Yet, he approved of them and that is why he comes now to the defence of Dolan and why he is assuming the entire responsibility of his henchman.

THE QUABBIN DAM.

Let me tell you about the Quabbin Dam case. The Commonwealth had \$65,000,000 to spend; over half of that has been spent. There is still a fund of \$30,000,000 to be spent on water supply. Governor Curley not only changed the personnel of the State Commission, but he changed it so they would do his bidding. In the Quabbin Dam case a contract was let to the Foster Company by which they agreed to do rock excavation at \$1.30 a yard and earth excavation at 45 cents a yard. By some unknown machinations, the Foster Company was induced to waive its claim to this particular part of its contract, and although one contractor bid \$3 a yard for rock excavation and 55 cents a yard for dirt excavation, contracts were signed by direction of the Governor which compelled the payment by the Commonwealth of Massachusetts to that same contractor of \$7.50 a yard for rock excavation and 65 cents a yard for dirt excavation—an increase in the case of rock excavation of about seven hundred per cent, and for dirt excavation about forty per cent.

When that amount is assessed against the ten cities and ten towns in the

Metropolitan Water Supply district, Boston must pay 63 per cent, which would amount to something in the neighborhood of \$250,000 to \$300,000. We have now a deficit which would require a two dollar a year assessment on every water user, and if this is added to it, it means at least two dollars more.

I have no political ambitions. I was elected by the people to be Mayor of Boston and I want to finish that job well with God's help.

But this is a far wider thing. This election involves the fair name of Massachusetts. Are we to have a kingfish in our midst? Is it possible that we can elect to the United States Senate a man who has had no respect whatever for Massachusetts and her traditions—a man who from the very moment he became Governor proceeded to drag Massachusetts and all that she stands for into the mud? Picture him as a United States Senator! Is that the kind of a man you want there—this man who has no respect for law or order, or the courts?

I know it is unnecessary for me to remind you that you have an opportunity here, my friends, in the Democratic Primaries, to elect a young man worthy of your votes, worthy of your suffrage. This young man, independent of thought, has been a Democrat all his life. He is the son-in-law of our present United States Senator, Marcus A. Coolidge.

And what do you think of the ruthless way in which Senator Coolidge has been thrust aside without even "by your leave?" What do you say, Democrats of Western Massachusetts? Was that a fair way to treat a senator who has always been faithful to Massachusetts? A Democrat always, under trying circumstances, cooperating always with our beloved senior Senator, David I. Walsh. Do you want to see a man like Curley substituted for such a man as Marcus Coolidge?

Robert E. Greenwood is a young man, but not too young. Judge Jay and Judge Marshall, our first Chief Justices, and Alexander Hamilton, were about the age of this young man. Robert E. Greenwood has the ability, independence of thought and the courage that he ought to have as United States Senator.

It was only a short while ago since Huey Long dominated the pages of our public press. And he dominated those pages only because he had become United States Senator. While he was Governor of Louisiana his activities were local. And with all respect to Huey Long who has now passed on I question whether Massachusetts wants to figure on the first page of the paper every morning with a former Governor of Massachusetts who may perchance be sent to the United States Senate.

How would you like that, you voters of Massachusetts? Would you like to have the various erratic escapades of your senator reported on the first page of the paper every morning? Now, he is only the Governor and he has a limited field, but if he ever became United States Senator it would not be Louisiana on the front page, but it would be Massachusetts.

What do you think, my radio friends, of the attitude of your Governor on the Judiciary? Men who have served for generations, revered and respected, without the slightest reflection upon their integrity, were summoned, without preliminary notification, to come to the Governor's office to satisfy him that they were mentally and physically sound and capable of continuing their duties. But the Governor himself soon found by the

expression of public opinion that his proposed movement to pack the Massachusetts Bench with his henchmen would not prove popular and he backed down and said nice things about the judges, but it was too late. In the history of Massachusetts, nothing ever compared with this savage brutality and inhumanity.

Finally, what do you say, my radio friends, to the proposal of his henchman, the chairman of the Democratic State Committee, that no man should be allowed to obtain welfare relief until he first declared himself as a member of the Democratic Party, a position which was approved by Governor Curley.

You will recall I sent a telegram to Chairman Farley urging him to remove this man as chairman of the Democratic State Committee because he and Governor Curley had done more to wreck the Democratic Party in Massachusetts than any man or combination of men have ever done in the last fifty years. That a man without employment, hungry himself and with his children at home without food or proper shelter or clothing, and without shoes on their feet, could not be given employment and Federal relief unless he subscribed to the tyrannical program of this Hitler seems to me to be the very acme of Nero-like tyranny.

Do you want such a man to represent you in any capacity in the future?

Patrick A. Collins advised the Democrats forty years ago to "Put the lesser men aside this year. They cannot win. Let us take a worthy young Yankee Democrat, one who has been tried in the furnace and stood the test, one who is a proved man, a regular man, a broad man, a liberal man, a man without prejudice, proved so, and who has a fighting spirit."

Let us nominate and elect Robert E. Greenwood to the United States Senate.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

PITTSBURGH'S TRAFFIC SAFETY RECORD.

Pittsburgh has been adjudged the safest city in the United States in 1932, and the second safest in 1933 and 1934 among cities with populations over 500,000. Registrations in the city increased 4.4 per cent, gasoline consumption 7.7 per cent. In 1935, despite a 2.4 per cent decrease in traffic volume, adult fatalities increased 30 per cent, total fatalities 24 per cent, as compared with 1934.

FIRE DEPARTMENT ORDERS.

General Order No. 45.

I. RETIREMENT.

The following retirement, which took effect at 8 a. m., Friday, September 11, 1936, is hereby announced:

Capt. John E. Redman, Engine Company 51.

Captain Redman was appointed to this department on December 20, 1889. He was promoted to engineer on September 21, 1900, to lieutenant on April 18, 1904, and to captain on July 12, 1920. He leaves the department with the best wishes of his associates.

II. NEW ASSIGNMENT CARDS.

New assignment cards are being issued to the department today, as follows:

Box 2417, as announced in General Orders No. 42, c. s.

Box 1611, as announced in General Orders No. 44, c. s.

Assignment cards for Box 1322, which were sent to this office to have the location of Box 12-1322 printed thereon, are being returned to the department today.

III. BOSTON FIREMEN'S RELIEF FUND.

A report has been received from the chairman of the Balloting Committee of the Boston Firemen's Relief Fund, giving the following result of the election of members of the corporation, held on September 14, 1936.

District Chief Joseph W. Shea, 801; Edward J. Coveney, 771; John M. Harrington, 756; James J. Higgins, 769.

The balance of the votes cast was scattering.

IV. BOSTON AUTOMATIC SIGNALS.

Boston Automatic Signals 431 and 432 in buildings 15, 17 and 19 Mercantile street and 73-79 Clinton street have been discontinued.

V. COMMENDATION.

Hoseman Alexander W. Wilson of Engine Company 5 is hereby commended for extinguishing fire in a child's clothing on September 7, 1936, while off duty. Hoseman Wilson's quick action was probably responsible for saving the child's life.

By order of Acting Fire Commissioner
HENRY A. FOX.

THOMAS H. DOWNEY,
Acting Chief of Department.

MAYOR MANSFIELD CALLS CONFERENCE ON QUABBIN RESERVOIR MATTER.

The following were present at the conference at the Mayor's Office, September 10, 11 a. m., when the Quabbin Reservoir matter was the subject of discussion:

Theodore G. Bremer, William J. Hickey, selectmen, Brookline; Mayor Edward J. Voke, Chelsea; Mayor John J. Irwin, Medford; City Auditor A. A. Lucey, Medford; Joseph Bradley, representing Town Counsel, Milton; City Solicitor John D. Smith, Quincy; F. P. Hanford, selectman, Stoneham; Philip C. Wilson, chairman of Selectmen, Nahant; Henry E. Foley, Corporation Counsel, Boston; Luther Hill, Town Counsel, Stoneham; Arthur H. MacKinnon, City Auditor, Everett.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1936.

Examinations will be held at the following points and on the following dates: Springfield, Thursday, October 15.

Pittsfield, Friday, October 16.

Boston, Monday, November 2.

Lowell, Wednesday, November 4.

Boston, Monday, December 7.

New Bedford, Wednesday, December 9.

New Bedford, Thursday, December 10.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
PAYSON SMITH,
JAMES M. HURLEY,
ALBERT FRANK,
WALTER J. KENEFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon St., Boston, Mass.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

OVERSEERS OF THE PUBLIC WELFARE, CITY OF BOSTON.

Item 22, No. 11, 1 Motor Girder.—Chandler & Farquhar, Incorporated, \$33.75; Fellowcrafters, Incorporated, \$33.75.

WITHOUT ADVERTISING.

Upon September 11 the Mayor approved a contract with the Warren Steam Pipe Company for the following work. A communication from C. J. Carven of the Public Works Department was as follows:

PUBLIC WORKS DEPARTMENT.

Boston, September 4, 1936.

To the Honorable Mayor.

Pump No. 3 at the Calf Pasture pumping station was built and installed by the Warren Steam Pump Company and placed in service on July 15, 1931.

An examination of this pump discloses the fact that in addition to the replacement of various rings, sleeve and bearings required in the ordinary overhauling, it will be necessary to replace the impeller. Some of the parts required might be furnished by any first-rate machine shop having the proper machines, but it would be necessary to purchase the impeller from the makers of the pump, namely, the Warren Steam Pump Company, as they are the only people who have the pattern and the required information for the construction of the impeller.

A proposal has been received from the Warren Steam Pump Company for furnishing the impeller and do all incidental work for a sum of \$1,127.50.

I respectfully request permission to enter into a contract with the Warren Steam Pump Company for doing the necessary repairs to No. 3 pump, without public advertising, for the sum of \$1,127.50. A copy of their price is respectfully submitted.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway repairs, vehicles are excluded from School street, downtown Boston, from 5 p. m. Saturday, September 19, to 6 p. m. Sunday, September 20, 1936.

Voted, That as urgently required by considerations of public safety and convenience during the period of street repairs, estimated to be one (1) month, vehicles are excluded from the following street effective September 16, 1936:

West Tremlett Street, Dorchester.

From Washington street to Whitefield street.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

ADDITIONS TO CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

P. J. Cantwell & Son have been allowed an order of change, making an addition in the sum of \$1,113 to the contract for alterations and repairs at the Washington Irving School. The following are the reasons required for this change:

Item 1. Basement Stairways.	
Brick up under three stairways in basement with salt-glazed brick to match brickwork of corridor. 2,200 salt-glazed brick at \$55 per M.	\$121 00
Materials and labor	165 00
Made necessary to prevent the placing of inflammable material under stairs, requested by the Master.	
Item 2. General Shop in Basement Unit 2.	
Remove 2,200 block-on-end flooring	\$33 00
2,250 feet of 2-inch by 4-inch salt-treated spruce screeds at 6 cents per foot, including labor.	135 00
2,200 square feet spruce underflooring at 6 cents per foot, including labor.	132 00
2,800 feet clear No. 1 maple flooring at 12 cents per foot, including labor.	336 00
Plans called for the possible saving of this block-on-end floor, but the coming up of this floor (a basement floor construction now discarded in this office) made it necessary to remove the floor so that all electrical and wood machinery could be set level and true.	
Item 3. Key Boards for 2,000 Locker Keys.	
Lumber	18 00
Hardware	9 00
Labor	34 00
Requested by the Master after contract was signed.	
Item 4. Art Rooms, Unit 4.	
Removing present maple flooring where necessary	46 00
Relaying present maple flooring where necessary	54 00
Furnishing and laying 250 extra square feet of clear No. 1 maple flooring, at 12 cents per foot.	30 00
Contract called for three rooms to be made out of two. Removing of the divisional terra cotta partitions disclosed a difference in the levels of all three finished floors. Finished floors had to be made level.	
Total addition.	\$1,113 00

PUBLIC BUILDINGS DEPARTMENT.

Daniel Cunningham Construction Company, Incorporated, have been ordered to make a change in the contract for repairs at Quincy Market as enumerated below, and the amount of \$4,065.74 will be added therefor, making the account as follows: Contract price, \$375,400; total additions, \$17,858.35; amount of contract, \$393,258.35.

ITEMS ORDERED.		Deduct	Add
P.W.A. No.			
37-1-36	Revise arrangement of interior partitions of Units A and B in temporary quarters as per drawing O2B revised (No change in price.).		
	Revise arrangement of stall space in Market Building, Section K, including electrical and plumbing work, as per drawing O2F.		\$741 86
	Omit temporary public toilet North Market street, and make temporary connection to sewer for new public toilet in basement.	\$501 83	
38-1-37	Remove existing floor and framing in one bay of mezzanine and fixtures that rest on said floor and replace with new floor and framing with fixtures replaced.		523 56
39-1-38	Install reinforced concrete pier to support canopy column at stall 18S as per drawing F-9A.		133 70
40-1-39	Install three eight-pipe refrigerator coils in refrigerators in temporary stalls of tenants Cousins, Pynn and Skinner.		452 64
43-1-42	Install seven caissons and one pier under columns as per accompanying plan F-8A.		1,656 07
45-1-44	Install refrigerating coil in pickling tanks of temporary quarters of tenant J. V. Fletcher & Co.; move partitions and install tracks in refrigerator of Hicks & Shaw; build loading platform at easterly exit Building B, for J. & N. Cousins; install beam scale in temporary quarters of Waters & Litchfield; build office in temporary quarters of O. S. Stacey and Windsor & Gleason; wire and connect compressors of temporary refrigerators in stalls 12-16 Main Building for Doe, Sullivan & Co.		493 94
47-1-46	Install one additional refrigerating pipe coil in the temporary refrigerators of the following tenants: Hicks & Shaw, Waters & Litchfield, J. & N. Cousins, and Doe, Sullivan & Co.		565 80
		\$501 83	\$4,567 57
			501 83
			\$4,065 74
Total addition to contract.			

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22 towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (i. e., 10.3 per cent) over 1920. Of said total,

2,940,335 (i. e., 69.19 per cent) were in the cities and 1,309,279 (i. e., 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reaches the notable figure of 90.71, while the rural shows but 9.29 per cent.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

POPULATION OF CITIES OF OVER 300,000, 1930.

New York, 6,930,446, an increase of 1,310,398 or 23.3 per cent over 1920, divided thus: Brooklyn Borough, 2,560,401; Manhattan, 1,867,312; Bronx, 1,265,258; Queens, 1,079,129; Richmond, 158,346. Other cities, with increase over 1920: Chicago, 3,376,438 (increase 674,733 or 25.0 per cent); Philadelphia, 1,950,961 (increase 127,182 or 7.0 per cent); Detroit, 1,568,662 (inc. 574,984 or 57.9 per cent); Los Angeles, 1,238,048 (inc. 661,375 or 114.7 per cent); Cleveland, 900,429 (inc. 103,588 or 13.0 per cent); St. Louis, 821,960 (inc. 49,063 or 6.3 per cent); Baltimore, 804,874 (inc. 71,048 or 9.7 per cent); Boston, 781,188 (inc. 33,128 or 4.4 per cent); Pittsburgh, 669,817 (inc. 81,474 or 13.8 per cent); San Francisco, 634,394 (inc. 127,718 or 25.2 per cent); Milwaukee, 578,249 (inc. 121,102 or 26.5 per cent); Buffalo, 573,076 (inc. 66,301 or 13.1 per cent); Washington, 486,869 (inc. 49,298 or 11.3 per cent); Minneapolis, 464,356 (inc. 83,774 or 22.0 per cent); New Orleans, 458,762 (inc. 71,543 or 18.5 per cent); Cincinnati, 451,160 (inc. 49,913 or 12.4 per cent); Newark, 442,337 (inc. 27,813 or 6.7 per cent); Kansas City, Mo., 399,746 (inc. 75,336 or 23.2 per cent); Seattle, 365,583 (inc. 50,271 or 15.9 per cent); Indianapolis, 364,161 (inc. 49,967 or 15.9 per cent); Rochester, N. Y., 328,132 (inc. 32,382 or 10.9 per cent); Jersey City, 316,715 (inc. 18,612 or 6.2 per cent); Louisville, 307,745 (inc. 72,854 or 31.0 per cent); Portland, Oregon, 301,815 (inc. 43,527 or 16.9 per cent).

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Jewish Memorial Services on Sunday, September 13, 1936, from 8 a. m. to 5 p. m., the following rules are effective:

Parking of vehicles is prohibited in the following streets:

Baker Street.

Both sides, for a distance of two hundred (200) feet either side of the entrance to Mt. Lebanon Cemetery.

Birchwood Street.

Both sides, from Washington street to Grove street.

Centre Street.

Both sides, from Stimson street to Boston-Dedham line.

Grove Street.

Both sides, from Washington street to Boston-Dedham line.

Stimson Street.

Both sides, from Washington street to Grove street.

The following streets are one way in the direction designated:

Birchwood Street.

From Grove street to Washington street.

Grove Street.

From Washington street to Birchwood street.

Rockland Street.

From the Boston-Dedham line to Washington street.

Stimson Street.

From Grove street to Washington street.

Voted, That as urgently required by considerations of public safety and convenience, the following rules, which were adopted July 2, 1936, and were effective July 20, 1936, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from September 18, 1936:

The Revised Traffic Rules and Regulations, as adopted by the Boston Traffic Commission on October 31, 1935, and on November 6, 1935, are amended as follows:

Section 8, Part 2, is amended by striking out the following:

Parker Street, Roxbury.

Both sides, from Tremont street to Fisher avenue, twenty-four hours.

Section 8, Part 2, is amended by adding the following:

Columbus Avenue, Roxbury.

West side, from Washington street to a point one hundred and fifteen (115) feet north of Washington street, twenty-four hours.

Oak Street, Downtown Boston.

North side, from Ash street to Washington street, 7 a. m. to 6 p. m.

Parker Street, Roxbury.

West side, from Tremont street to Fisher avenue, twenty-four hours.

Raleigh Street, Downtown Boston.

East side, from Bay State road to Beacon street, twenty-four hours.

Temple Place, Downtown Boston.

North side, from Tremont street to Washington street, 7 a. m. to 6 p. m.

Section 24, Part 1, is amended by adding the following:

Park Street, Dorchester.

From Dorchester avenue to Adams street.

Parker Street, Roxbury.

From Tremont street to General Heath square.

Section 47 is amended by adding the following:

M Street, South Boston.

From East Broadway to East Fourth street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Traffic Rules and Regulations, as adopted by the Boston Traffic Commission on October 31, 1935, and on November 6, 1935, are amended as follows, effective September 21, 1936:

Section 8, Part 2, is amended by adding the following:

Devonshire Street, Downtown Boston.

East side, from Summer street to Winthrop square, 7 a. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be six (6) months, vehicles are excluded from the following street, effective September 15, 1936:

Stimson Street, West Roxbury.

From Centre street to Washington street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of Jewish holidays, vehicles are excluded from the following streets:

Ashton Street.

Between Balsam street and Livingston street.

Woodrow Avenue.

Between Blue Hill avenue and Lucerne street.

The above rules are effective on the following days:

From 6 p. m. September 16, 1936, to 6 p. m. September 18, 1936.

From 6 p. m. September 26, 1936, to 6 p. m. September 27, 1936.

POLICE DEPARTMENT ORDERS.

General Order No. 224.

Patrolman William J. Trainor of Division 4 having arrived at the age of sixty-four and two twelfths years, having performed faithful service in the Police Department for thirty-two and nine-twelfths years, and having requested to be retired from active service, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman William J. Trainor be retired from active service and that his name be placed upon the department pension roll with pay at the rate of ten hundred and fifty (1,050) dollars per annum (payable monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired; to take effect at 7.45 o'clock a. m., Monday, September 14, 1936.

The Acting Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Police Commissioner.

General Order No. 225.

The resignation of Patrolman James F. Connors of Division 10, having been presented while charges against him are pending, it is hereby accepted to take effect Tuesday, September 15, 1936, at 5.45 o'clock p. m., seven days' notice waived.

The Acting Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Police Commissioner.

APPROPRIATIONS AND EXPENDITURES TO JULY 1, 1936

A communication was received from the Business Manager, under date of June 30, 1936, submitting a statement showing the appropriations, the expenditures and the balances for maintenance of the public schools for the first six drafts of the current financial year, the expenditures for the first six drafts of the financial year 1935, and the increases and decreases in the several items.

Placed on file.

REPORT ON AUDIT OF BOOKS AND ACCOUNTS

A communication was received from Charles E. DiPesa & Company, under date of July 24, 1936, submitting report on the audit of the books and accounts of the fourteen school centers for the period ending June 30, 1936.

The report was accepted and referred to the Business Manager for attention.

The Committee adjourned.

Attest:

ELLEN M. CRONIN, Secretary.

POLICE DEPARTMENT ORDERS.

General Order No. 226.

While the police launch "E. U. Curtis" was at the Savin Hill Yacht Club on August 31 1936, where its crew was making an investigation, information was received to the effect that a sloop had capsized in Dorchester Bay, about one mile from the yacht club. The launch immediately set out for the spot and the crew observed a man struggling in the water, at the point of exhaustion, having been unable to reach the overturned boat which was being swept away from him by action of the wind and tide. He made an attempt to swim to the launch but his strength failed and he was in imminent danger of drowning. At this point, Patrolman John J. Smith of Division 1 (on duty aboard the launch) leaped into the water, reached the stricken man, and supported him until the police boat, fighting a strong wind and rough sea, could be maneuvered into a position so that both men could be rescued.

The commissioner highly commends Patrolman Smith for his courageous action in this emergency in jeopardizing his own safety for the purpose of preserving the life of another.

The Acting Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Police Commissioner.

PROCEEDINGS OF CITY COUNCIL.

Tuesday, September 1, 1936.

Regular adjourned meeting of the City Council of the City of Boston held in the City Council Chamber at two o'clock p. m., President FITZGERALD in the chair, and all the members present except Coun. Peter J. Fitzgerald, Peter A. Murray and Norton.

APPOINTMENTS BY THE MAYOR.

The following was received:

City of Boston,

Office of the Mayor, September 1, 1936.

To the City Council.

Gentlemen,—Subject to confirmation by your Honorable Body I hereby appoint the following named as:

Measurers of Grain: Timothy Crowley, 106 Elm street, Charlestown; John P. O'Neil, 11 Monument street, Charlestown.

Weighers of Coal: R. M. Hall, 41 Evans street, Dorchester; Gertrude Callahan, 1630 Commonwealth avenue, Brighton (mailing address 374-376 Albany street, Boston, Mass.).

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Laid over for one week.

APPROPRIATION FOR SUMNER TUNNEL.

The following was received:

City of Boston,

Office of the Mayor, August 31, 1936.

To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Commissioner of Public Works advising that it will be necessary to transfer the sum of \$550 from the income of the Sumner Traffic Tunnel to meet the requirements in certain budget items for the balance of the year. I submit herewith an order providing for the appropriation of the above mentioned sum and respectfully recommend its adoption by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1936, an additional sum of \$550 be, and the same hereby is, appropriated from the income of the Traffic Tunnel for the following purposes:

C-15, Tires, Tubes and Accessories, \$50.

D-1, Office, \$500.

—

City of Boston,

Public Works Department,

August 28, 1936.

To His Honor the Mayor.

Dear Sir,—For the proper operation and maintenance of the Sumner Tunnel during the remainder of the year it will be necessary to make the following transfers from the income of the Sumner Tunnel, Public Works Department, and I respectfully request that these transfers be made:

C-15, Tire and Tubes, \$50.

D-1, Printing, \$500.

Reasons: C-15, more equipment needed than anticipated; D-1, extra supplies, books, stationery, etc., required.

Respectfully yours,

C. J. CARVEN,

Commissioner of Public Works.

Referred to the Executive Committee.

RECONSTRUCTION OF STREETS.

The following was received:

City of Boston,

Office of the Mayor, August 28, 1936.

To the City Council.

Gentlemen,—I am advised by the Commissioner of Public Works that it will be necessary to do resurfacing and repairing with bitulithic materials along various streets outside maintenance guaranty in the different sections of the city within the next three months, both to preserve the road surface and to avoid damage claims.

In order that this work may be performed I recommend adoption by your Honorable Body of the accompanying order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for highways, making of, \$100,000, to the appropriation for reconstruction of streets, \$100,000.

Referred to the Executive Committee.

WIDENING OF BAKER STREET, WEST ROXBURY.

The following was received:

City of Boston,

Office of the Mayor, August 27, 1936.

To the City Council.

Gentlemen,—I am submitting herewith a letter from the Corporation Counsel relative to the order adopted by your Honorable Body on March 30 involving proceedings to widen Baker street, West Roxbury, and providing a proper clearance under the New York, New Haven & Hartford Railroad bridge which crosses that street.

If it should be ruled by the Department of Public Utilities that Boston would be required to bear a substantial portion of the cost as suggested in Mr. Foley's opinion, I shall request the Public Works Commissioner to prepare an estimate, and I doubt if there will be enough money available to complete the suggested alterations.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

—

City of Boston,

Law Department, June 9, 1936.

Hon. Frederick W. Mansfield,

Mayor of Boston.

Dear Mr. Mayor,—Some time ago you submitted to me for consideration and report the following order of the City Council:

"Ordered, That his Honor the Mayor be requested to instruct the Law Department to institute at once the necessary proceedings to provide for the alteration of the crossing by an overhead railroad bridge of the West Roxbury Branch of the New York, New Haven & Hartford Railroad at Baker street, West Roxbury, between Centre and Spring streets, so as to widen said Baker street at said crossing to correspond to its width on either side, and to provide a proper clearance and headroom for vehicles using the street."

Baker street was a public street in the town of West Roxbury at least as early as 1825 and became a public street in the City of Boston in 1874 upon the annexation of said town to the city.

The bridge referred to in said order is a railroad bridge which crosses Baker street. The bridge is within the location granted to the Boston & Providence Railroad Corporation under authority of chapter 273 of the Special Acts of 1848 and was constructed prior to the annexation of West Roxbury to Boston.

After the erection of said bridge upon its location, the Boston & Providence Railroad Corporation leased all its property and franchises to the Old Colony Railroad Company for a term of ninety-nine years from April 1, 1888. The lease expressly permitted the Old Colony Railroad Company to assign the same provided that the assignment included the railroad property and franchises of the lessee. Some time after the execution and delivery of said lease the Old Colony Railroad Company leased its railroad property and franchises and assigned its leasehold interest in the property of the Boston & Providence Railroad Corporation, including that part of the railroad location and the bridge, which extends over Baker street, to the New York, New Haven & Hartford Railroad Company.

The order which you have submitted contemplates two things, (1) a greater space between the bridge and the highway and (2) the widening of Baker street under the bridge.

I. A Greater Space Between the Bridge and Highway.

The Baker Street Bridge is about nine feet above that portion of the highway, known as Baker street, which passes under it. Vehicles, therefore, of any considerable height cannot pass under the bridge. There are two methods of remedying this condition.

One of the methods which could be used to remedy the situation is to lower the level of Baker street under the bridge. Mr. Christopher Carven, Commissioner of Public Works, has advised me that this could be done only at a substantial cost to the City of Boston.

The other method of remedying the situation is by causing the bridge to be raised. Assuming that the railroad corporation would not voluntarily raise its bridge, recourse must be had to the provisions of the General Laws of the Commonwealth which deal either with the removal of obstructions in the highways caused by the maintenance across the same of railroad bridges or with the alterations of railroad bridges and locations.

A. Said Bridge as an Obstruction.

Section 106 of chapter 160 of the General Laws (Ter. Ed.) provides as follows:

"If, upon application to the county commissioners by the board of aldermen or selectmen, and after notice to the corporation which owns or operates a railroad, and a hearing, it appears that the railroad so crosses a public way as to obstruct it, contrary to section ninety-seven, or to a decree made under

section one hundred, or that the corporation refuses or neglects to keep a bridge or other structure required or necessary at such crossing in proper repair, the county commissioners may make a decree prescribing what repairs shall be made by the corporation at the crossing, and the time within which they shall be made, and shall make a decree ordering the corporation to pay the costs of the application. They may further order the corporation to give security, as provided in section one hundred, for the faithful performance of the requirements of the decree and for the indemnity of the city or town upon a failure in such performance."

Section 97 of said chapter 160, referred to in section 106, above quoted, provides, in part, as follows:

"A railroad laid out across a public way shall be so constructed as not to obstruct the same."

Section 1 of said chapter 160 provides, in part, as follows:

"The following words as used in this chapter, unless the context otherwise requires, shall have the following meanings:

"Board of aldermen" or "selectmen" includes the board or other authority exercising the powers of a board of aldermen or of selectmen; but nothing herein shall be construed as affecting the veto power of a mayor of any city . . ."

Section 2 of said chapter 160 is as follows:

"The duties imposed by this chapter upon county commissioners as a tribunal of original jurisdiction relative to the fixing of routes or to the location, construction, maintenance and operation of railroads shall, in Boston, unless it is otherwise expressly provided, devolve upon the city council of said city. The duties imposed upon the county commissioners by reference or appeal from the board of aldermen shall, in cases arising in Boston, devolve upon the department."

Section 28 of chapter 486 of the Acts of 1909 provides, in part, as follows:

"The jurisdiction now exercised by the board of aldermen concerning . . . the use of the public ways for any permanent or temporary obstruction or projection in, under, or over the same . . . is hereby vested in the board of street commissioners, to be exercised by said board with the approval in writing of the mayor . . ."

It is my opinion that, by virtue of the provisions of section 106 above quoted, if, upon application to the "County Commissioners" by the "Board of Aldermen" and after notice and hearing, it appears that the New Haven Railroad crosses Baker street so as to obstruct travel on said street, the "County Commissioners" may make a decree prescribing the "repairs" which should be made by the railroad corporation and the time within which they should be made. That the bridge may not have constituted an obstruction when first constructed is immaterial. See *N. Y. Cent. & H. R. R.R. v. County Commissioners*, 220 Mass. 569 at 573, where the Court said:

"Even if no sanction or approval of the county commissioners or of the town authorities was required when this crossing was constructed, and its original construction was valid (see *St. 1846*, chapter 271, section 1), nevertheless, if the crossing later became an obstruction, proceedings could be brought to require the making of changes."

Nor is it material that an obstruction may merely impede or render inconvenient for travel a highway and that it does not wholly block travel. See *Boston & Maine R.R. v. County Commissioners*, 239 Mass. 127, 137, where the Court said:

"The petitioner further contends that the word 'obstruct,' as used in *Rev. Sta.*, chapter 39, section 66, in *St. 1906*, c. 463, Part II, s. 115, and in the intermediate antecedent statutes must be taken to mean 'to wholly block up' and not to mean 'to impede, hinder or retard a person or thing in motion.' We have carefully examined and compared the statutes cited in the petitioner's brief and we are not convinced by the argument of the petitioner that the natural and logical meaning of that word is 'to wholly block up.' If such were the true construction there would be no relief by statute for any impediment of the way which did not wholly obstruct the way except upon a petition for an alteration of the way under *St. 1906*, c. 463, Part I, s. 23. We are of opinion that the law is settled to be otherwise, *Selectmen of Holliston v. New York Central & Hudson River Railroad*, *supra*, and cases cited, and that a petition will lie under s. 115 whenever the way is obstructed, to remedy that condition."

In that case the Court also said, at pages 136 and 137, with regard to the use of the term "repairs" in the predecessor statute:

"It was agreed that the existing 'bridge or structure was not itself physically out of repair prior to and at the time of the entry of the commissioners' decree and said decree was not based upon any finding that the bridge or structure itself was not in good condition

and repair; that the commissioners did not intend and did not in fact find that the structure as it existed need any repairs whatever. In view of the stipulation and terms of the decree the petitioner contends that the work ordered to be done was not repairs within the meaning of St. 1906, c. 463, Part II, s. 115 . . .

"If we assume that there was an obstruction to travel which was attributable to the conformation of the bridge which the railroad corporation built as a part of the street over its location, we think the provisions of s. 115, *supra*, may be invoked to compel the railroad corporation to remove the obstruction by an order of the commissioners to change the form of the obstruction to any degree which shall be necessary to overcome its objectionable features or conditions, even if it involves the construction of a new bridge. And we further think that the work done in pursuance of such order is a repair . . ."

It is also my opinion that, in view of the provisions of sections 1 and 2 of said chapter 160 and of section 28 of said chapter 486, the terms "county commissioners" and "board of aldermen" as used in said section 106 should be interpreted to mean, in proceedings under said section with reference to crossings in Boston—the Department of Public Utilities of the Commonwealth and the Board of Street Commissioners of the City of Boston—respectively.

Whether or not the Baker Street Bridge constitutes an obstruction is a question of fact. If it is found to be so low as to impede in any substantial manner, ordinary, reasonable travel on Baker street, then it constitutes an obstruction to said highway and the Department of Public Utilities, upon petition of the street commissioners, can require that the obstruction be removed.

B. Alteration of Said Bridge.

If said bridge does not constitute an obstruction which may be ordered removed under section 106, the only other possibility of obtaining an order requiring the railroad to raise said bridge would be by action under section 59 of chapter 159 of the General Laws.

Said section 59 provides, in part, as follows: "If a public way and a railroad cross each other, and the board of aldermen of the city or the selectmen of the town where the crossing is situated, or the division of highways of the department of public works, if the crossings and its approaches are in direct continuation of a state highway, or the directors of the railroad corporation, or the directors of a railway company having tracks on said way, deem it necessary for the security or convenience of the public that an alteration not involving the abolition of a crossing at grade should be made in the crossing, the approaches thereto, the location of the railroad or way, or in a bridge at the crossing, they shall apply to the county commissioners, or, if the crossing is situated in whole or in part, in Boston, to the department, who shall, after public notice hear all parties interested, and, if they decide that such alteration is necessary, shall prescribe the manner and limits within which it shall be made, and shall forthwith certify their decision to the parties and to said department . . ."

Section 61 of said chapter 159 provides, in part, as follows:

"A commission of three disinterested persons, appointed as provided in the following section, shall determine which party shall carry such decision into effect and which party shall pay the charges and expenses of making such alteration and the future charges for keeping such bridge or crossing and the approaches thereto in repair, as well as the costs of the application to the county commissioners, or the department, and of the hearing before said commission; and it may apportion all such charges, expenses and costs between the railroad corporation, the railway company having tracks on said way, and the counties, cities or towns where said crossing is situated and other cities and towns which may be herein otherwise provided . . ."

Section 1 of chapter 486 of the Acts of 1909, as most recently amended, provides in part, as follows:

"The mayor and city council elected in accordance with the provisions of this act, and their successors, shall thereafter have all the powers and privileges conferred, and be subject to all the duties and obligations imposed, by law upon the city council or the board of aldermen, acting as such or as county commissioners or in any capacity, except as herein otherwise provided . . ."

Based upon said statutory provisions, it is my opinion that if the City Council of Boston deem it necessary for the convenience of the public, that an alteration should be made in said bridge so that there will be a greater height for passage thereunder on Baker street,

they may apply to the Department of Public Utilities, and if the department, after public notice and hearing, decides that such alteration is needed, a commission may be appointed under section 61 above quoted for the purpose of determining whether the city or the railroad corporation shall make the alteration and by whom and in what proportion should be borne the expenses of making such alteration and the future charges of keeping said bridge, as altered, in repair.

In this way it may be possible to have the bridge raised even though it may be held not to be an obstruction. There is, however, a likelihood of substantial cost to the city involved in this procedure.

II. Widening of Baker Street Under the Bridge.

In 1871, Baker street was widened by action of the County Commissioners of Norfolk County to a width of forty feet, except for that part of said street which runs under the bridge. The latter part was left with only a twenty-foot width. That portion of Baker street under the bridge, therefore, is much narrower than the remainder of the street.

To widen Baker street at the bridge will involve a taking of land of the railroad corporation. The damages involved in such taking are likely to be substantial.

In addition, the provisions of section 104 of chapter 160 of the General Laws must be complied with.

Said section 104 provides as follows:

"A public way may be laid out across a railroad previously constructed, if the county commissioners adjudge that public necessity and convenience so require; and in such case, after notice to the railroad corporation and a hearing of all parties interested, they may thus lay out or authorize a city or town, upon petition of the board of aldermen or selectmen thereof, to lay out a way across a railroad, in such manner as not to injure or obstruct the railroad, and otherwise in conformity with sections ninety-seven and ninety-eight, but they shall not permit it to cross at a level with the railroad unless public necessity so requires, and the department consents thereto in writing, in which case the county commissioners may give special authority for such crossing as provided in section one hundred and two."

It is my opinion that if the Street Commissioners wish to widen Baker street under the bridge, they should petition the Department of Public Utilities (County Commissioners referred to in section 104 of chapter 160, see section 2 of said chapter 160) for authority so to do. Whereupon if, after notice and hearing, the department adjudges that public necessity and convenience so require, they may authorize the Street Commissioners to widen said street.

In view of the foregoing it is clear that if the space between the Baker Street Bridge and the street is to be increased, unless the city is willing to lower the grade of the street and repave the same at a substantial cost and there is an appropriation available therefor, then the bridge must be raised. If the Department of Public Utilities, upon application by the Street Commissioners, under section 106 of chapter 160 of the General Laws, determines that said bridge constitutes an obstruction to the highway, said department may decree that the bridge be raised. If, however, the Department of Public Utilities should determine that it was not an obstruction, it might, upon application by the City Council, pursuant to the provisions of section 59 of chapter 159 of the General Laws, determine that the public convenience require an alteration in the bridge and prescribe that said bridge be raised. In this latter event, however, the city might be required to bear a substantial portion of the cost of alteration. A widening of the street under the bridge will undoubtedly involve substantial cost to the city and before such widening may be made the Street Commissioners must obtain authority from the Department of Public Utilities under the provisions of section 104 of said chapter 160.

Very truly yours,

HENRY A. FOLEY,
Corporation Counsel.

Placed on file.

PROPER ALLOWANCE FOR WELFARE RECIPIENTS.

The following was received:

City of Boston,
Office of the Mayor, August 31, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Overseers of the Public Welfare, relative to your order of August 3, 1936, concerning the making of proper allowances in fixing the budget of recipients for food

and other incidental expenses where a recipient has a certain income from employed children.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Overseers of the Public Welfare.
August 12, 1936.

Mr. Bernard J. Dunn,
Assistant Secretary, Mayor's Office.

Dear Sir,—This is to acknowledge receipt of your communication of August 10, 1936, inclosing the following order from the City Council dated August 3, 1936:

"Ordered, That the Board of Overseers of the Public Welfare Department be requested, through his Honor the Mayor, to make proper allowances in fixing the budget of recipients for food and other incidental expenses where a recipient has a certain income from employed children."

I wish to report that this matter was discussed by the Board of Overseers at its meeting on August 5 and it was voted to lay the matter on the table but in the interim where undue hardship was caused by the ruling on supplementary relief, individual consideration to relieve the situation was to be given by the Executive Director and the Social Service Division.

Yours truly,
JOHN C. L. DOWLING,
Executive Director.

Placed on file.

REPAVING OF WEST FOURTH STREET AND C STREET.

The following was received:

City of Boston,
Office of the Mayor, August 27, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Commissioner of Public Works, relative to your orders of August 3, 1936, concerning the repaving with smooth pavement of the following streets:

1. West Fourth street, between Dorchester street and Dorchester avenue, in Ward 6.
2. C street, between Broadway and Old Colony avenue, South Boston.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Works Department,
August 26, 1936.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of August 10 with attached City Council orders dated August 3, 1936, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement C street, between Broadway and Old Colony avenue, South Boston."

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement West Fourth street, between Dorchester street and Dorchester avenue, Ward 6."

and to state that C street, from West Broadway to Old Colony avenue, has a length of 1,394 linear feet, roadway width of 34 feet and a sidewalk width on either side of 8 feet. To construct with smooth pavement on a concrete base, artificial stone sidewalks and the necessary regulating, will cost \$22,000. While the surface of the roadway is in poor condition, there is no money available for this construction this year.

West Fourth street, from Dorchester avenue to Dorchester street, has a length of 8,643 linear feet, roadway width of 34 feet and a sidewalk width on either side of 8 feet. To construct a smooth pavement on a concrete base with artificial stone sidewalk and the necessary regulating will cost \$53,000, and while the present surface is in poor condition there is no money available this year to permit of this construction.

Respectfully yours,
C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

SATURDAY MORNINGS OFF FOR HOSPITAL EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, August 27, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Superintendent of the Hospital Department, relative to your order of August 3, 1936, concerning Saturday mornings off for all employees of the hospital who can be spared during the summer months.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Hospital Department, August 14, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—At a meeting of the Board of Trustees held today, an order of the Council was presented, whereby the Acting Mayor is requested to instruct the authorities of this hospital to allow all employees of said hospital, who can be spared, Saturday morning off during the summer months, the same privilege which has been extended to all other departments of the city.

The trustees feel that it would not be for the best interest of the hospital and the patients to allow any of the employees to take Saturday mornings off even during the summer months.

Yours sincerely,

JAMES W. MANARY, M. D.,
Superintendent.

Placed on file.

MAKING CHELSEA STREET, CHARLESTOWN, A ONE-WAY STREET.

The following was received:

City of Boston,
Office of the Mayor, August 31, 1936.
To the City Council.
Gentlemen,—I transmit herewith a communication from the Traffic Commissioner, relative to your order of May 11, 1936, concerning the advisability of making Chelsea street, Charlestown, a one-way street, from City square to the junction of Adams street and Chelsea street.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, August 17, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—
Re: Letter of August 14, 1936, from Bernard J. Dunn, Assistant Secretary to your Honor, ordering consideration and report on a City Council order "recently introduced in the City Council relative to the re-routing of traffic on Chelsea, Adams, Joiner and Park streets in Charlestown."

The original Council order read as follows: "Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to consider the advisability of making Chelsea street, Charlestown, a one-way street, from City square to the junction of Adams street and Chelsea street, with traffic moving from City square and routing the traffic coming towards City square along Adams street to Park street and into City square, and establishing a left turn from Chelsea street into Joiner street for traffic heading through Charlestown with stop lights at the junction of Park and Joiner streets."

The suggestions contained in the Council order are, in our opinion, excellent, but we believe that, in order to operate successfully, they would have to be incorporated in a comprehensive scheme affecting the entire area contiguous to City square.

The plan would include the construction of a deformed traffic circle in City square—the success of which would be qualified by the presence of so many Boston Elevated Railway support columns—the widening of Joiner street and probably the widening of portions of Adams street and Common street in connection with making this route one way in the opposite direction to Chelsea street.

Physical changes as outlined would involve extensive surveys, elaborate designs and the expenditure of a great deal of money.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

VETO OF SIDEWALK, LINCOLN STREET, WARD 2.

The following was received:

City of Boston,
Office of the Mayor, August 19, 1936.
To the City Council.

Gentlemen,—I return herewith disapproved and without my signature an order adopted by your Honorable Body on August 3, 1936, for the making of a sidewalk with granite edgestones along Lincoln street in Charlestown.

I am informed by the Commissioner of Public Works that there are no funds available at the present time for this construction. Under the circumstances I am constrained to veto the order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

SITE FOR POST OFFICE IN EAST BOSTON.

The following was received:

City of Boston,
Office of the Mayor, August 31, 1936.
To the Honorable City Council.
Gentlemen,—The United States Post Office Department is seeking a site for a new post office in East Boston, and is interested in three parcels numbered 64-66-68 Paris street and three corresponding parcels at 65-67-69 Havre street. These three parcels abut each other in the rear on a passageway, and if they are taken it will provide a lot extending through from Paris street to Havre street. That lot, if taken, would not be large enough for post office purposes. The city owns two lots adjoining those mentioned above, consisting of 3,777 square feet on Paris and Meridian streets and 4,204 square feet on Havre street. This is the lot formerly occupied by Police Station 7, and now used by a Legion Post. It is highly desirable from the city standpoint to dispose of this property, which is assessed for the land fronting on Meridian and Paris streets at \$8,500, and for the vacant lot in the rear abutting on Havre street at \$3,100,—a total valuation, including the value of the building, of \$11,600. If this lot should be taken, of course the valuation of the building would be negligible, and suitable quarters would undoubtedly be found for the Legion Post.

I think it is highly desirable that the city turn into cash some of its rapidly increasing land holdings, and it is also important that a suitable site be obtained for a post office in the East Boston district. The site in contemplation, as described above, is ideal, and, of course, if the post office is erected there, it would immediately increase the value of surrounding real estate.

Accordingly, I recommend the sale of this land to the United States Government at its assessed value of \$11,600, and earnestly urge the adoption of an order to that effect which is attached hereto.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Whereas, the City of Boston is the present owner of two contiguous parcels of land with the buildings thereon, known as old Police Station No. 7, situate in that part of Boston called East Boston, which parcels were acquired by the said City of Boston by two deeds, one of said deeds dated June 29, 1853, and recorded with Suffolk Deeds, Book 739, page 299, and the other of said deeds dated April 25, 1859, and recorded with Suffolk Deeds, Book 1873, page 407; and

Whereas, The said premises are no longer needed for public purposes; and

Whereas, At the present time the building known as old Police Station No. 7 is leased to the Lieut. Lawrence J. Flaherty Post, No. 30, American Legion, for the term of five years, from the first day of April, 1932; and

Whereas, The said lease contains the following clause:

"And the said lessee further agrees with the said lessor that this lease may be cancelled by the lessor at any time by a written notice of not less than thirty days given by the Mayor or by Superintendent Public Buildings by mail, addressed to the commander of said post or to the said lessee at old Police Station 7, East Boston, or by leaving said notice at the said premises addressed as aforesaid"; and

Whereas, The Superintendent of Public Buildings of the City of Boston is proceeding to make available other quarters to the said Lieut. Lawrence J. Flaherty Post, No. 30, American Legion; and

Whereas, The United States of America is desirous of acquiring the said premises for a post office site; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized, upon the termination or cancellation of the above mentioned lease, to sell at a minimum price of eleven thousand six hundred dollars (\$11,600) to the United States of America the above mentioned two parcels of land with the building thereon, together with all appurtenances pertaining thereto and to execute and deliver a deed thereof in form satisfactory to the Law Department of the City of Boston. The first of the above mentioned parcels of land is bounded and described as follows:

Easterly by the westerly line of Meridian street, forty-nine and 5-100 (49.05) feet; southeasterly by the northwesterly line of Paris street, eight and 35-100 (8.35) feet; southerly in part by a passageway and in part by other land of the City of Boston, eighty-five and 84-100 (85.84) feet; northwesterly by other land of the City of Boston, fifty and 7-100 (50.07) feet, and northerly by land now or formerly of B. Greenburg et al., sixty and 5-100 (60.05) feet, containing

3,777 square feet of land, more or less, be all said measurements and contents more or less.

The second of said parcels of land is bounded and described as follows:

Northwesterly by the southeasterly line of Havre street, fifty-six (56) feet; northerly by land now or formerly supposed to belong to B. Greenburg et al., seventy-four (74) feet; southeasterly by land of the City of Boston, forty six (46) feet; northerly again by land of the City of Boston, six (6) feet; southeasterly again by a passageway, ten (10) feet, and southerly by land supposed to belong, now or formerly to D. & S. Codinacchia, eighty (80) feet, containing 4,204 square feet of land, more or less, be all said measurements and contents more or less.

Referred to the Committee on Public Lands.

SALE OF PROPERTY, WILMINGTON AVENUE.

The following was received:

City of Boston,
Office of the Mayor, September 1, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Superintendent of Public Buildings, dated August 3, 1936, relating to an offer to purchase certain property situated on Wilmington avenue, Dorchester (Lot 77), which property was acquired from foreclosure of a tax title held by the city.

I also transmit an order authorizing the sale of said property. The price recited in this order is a minimum price of \$265, the Superintendent of Public Buildings having stated in his letter that the sale of the premises at public auction with a minimum price of \$265 is in the interest of the city.

I respectfully recommend the adoption of this order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Buildings Department,
August 3, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In accordance with the provision of chapter 3, Ordinances of 1935, concerning tax title property, I respectfully submit an offer from Walter H. Cox, Charlestown Five Cents Saving Bank Building, Charlestown, for the vacant land Lot 77, Wilmington avenue, Dorchester, in the sum of two hundred sixty-five dollars (\$265).

The costs to the city up to December 30, 1935, amount to one hundred eighty-one dollars and fifty-seven cents (\$181.57) which includes the nonpayment of taxes since the year 1931, but does not include interest.

If and when the above amount of two hundred sixty-five dollars (\$265) is approved by your Honor and the City Council, the property will then be properly advertised for sale at public auction and sold to the highest bidder. The figure of two hundred sixty-five dollars (\$265) will be the minimum price for the property that the city is willing to accept and will be announced as the first bid at the public auction sale.

In my opinion it will best serve the city's interests to proceed on the foregoing basis.

Respectfully,
ROSWELL G. HALL,
Superintendent of Public Buildings.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated January 16, 1936, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5367, page 333, to about 4,464 square feet of land situated on the southerly side of Wilmington avenue in that part of Boston called Dorchester, as is more fully described in said tax deed; and

Whereas, An offer to purchase the said premises has been made by Walter H. Cox, in the sum of two hundred and sixty-five dollars (\$265); now, therefore, it is hereby

Ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor, of Boston, to sell all the city's right, title and interest in said parcel of land at public auction at a minimum price of two hundred and sixty-five dollars (\$265); and it is hereby further

Ordered, That the said Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston, to the purchaser of said parcel of land a written instrument satisfactory in form to the Law Department of the City of Boston, conveying all right, title and interest of said City of Boston in said premises upon the payment to it of the sum bid therefor at said auction.

Referred to the Committees on Public Lands and Tax Title Property.

SALE OF PROPERTY, WALNUT AVENUE.

The following was received:

City of Boston,
Office of the Mayor, September 1, 1936.
To the City Council.
Gentlemen,—I transmit herewith a letter from the Superintendent of Public Buildings, dated August 3, 1936, relating to an offer to purchase certain property situated at Walnut avenue, Roxbury, which property was acquired from foreclosure of a tax title held by the city.

I also transmit an order authorizing the sale of said property. The price recited in this order is a minimum price of \$225, the Superintendent of Public Buildings having stated in his letter that the sale of the premises at public auction with a minimum price of \$225 is in the interest of the city.

I respectfully recommend the adoption of this order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Public Buildings Department, August 3, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In accordance with the provisions of chapter 3, Ordinances of 1935, concerning tax title property, I respectfully submit an offer from Ida Lovette and Gino Fineschi, 107 Munroe street, Roxbury, for the vacant land, Lot A2, containing 2,096 square feet of land at Walnut avenue, Roxbury, in the sum of two hundred twenty-five dollars (\$225).

The costs to the city up to December 30, 1935, amount to two hundred six dollars and thirty-one cents (\$206.31), which includes the nonpayment of taxes since the year 1931, but does not include interest.

If and when the above amount of two hundred twenty-five dollars (\$225) is approved by your Honor and the City Council, the property will then be properly advertised for sale at public auction and sold to the highest bidder. The figure of two hundred twenty-five dollars (\$225) will be the minimum price for the property that the city is willing to accept and will be announced as the first bid at the public auction sale.

In my opinion, it will best serve the city's interests to proceed on the foregoing basis.

Respectfully,
ROSWELL G. HALL,
Superintendent of Public Buildings.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District dated November 21, 1935, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5364, page 392, to about 2,096 square feet of land situated on the southeasterly side of Walnut avenue in that part of Boston called Roxbury; and

Whereas, An offer to purchase the said premises has been made by Ida Lovette and Gino Fineschi in the sum of two hundred and twenty-five dollars (\$225); now, therefore, it is hereby ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor of Boston, to sell all the city's right, title and interest in said parcel of land at public auction at a minimum price of two hundred and twenty-five dollars (\$225); and it is hereby further.

Ordered, That the said Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized to execute and deliver in the name and behalf of the City of Boston to the purchaser of said parcel of land a written instrument satisfactory in form to the Law Department of the City of Boston, conveying all right, title and interest of said City of Boston in said premises upon the payment to it of the sum bid therefor at said auction.

Referred to the Committees on Public Lands and Tax Title Property.

ACCEPTANCE OF ACT, NEW COURT HOUSE.

The following was received:

City of Boston,
Office of the Mayor, August 28, 1936.
To the Honorable the City Council.

Gentlemen,—I have received notification from Andrew H. Peterson, State Director of the Federal Emergency Administration of Public Works, and from Horatio B. Hackett, Assistant Administrator of said administration, that the United States of America has allotted the amount of \$2,151,000 for the construction of additions, alterations and improvements to the County Court House in Suffolk County. Copies of said letters of notification are transmitted herewith.

I have notified the State Director that pursuant to the provisions of section 7 of chapter

474 of the Acts of 1935 I have approved said allotment of \$2,151,000 as sufficient to cover a proper proportion of the cost of providing additional courthouse accommodations and facilities, and of carrying out the provisions of said act. I transmit herewith a copy of my letter of such approval.

I have also received a letter from Mr. Peterson advising me that the Governor has also given such approval. I transmit herewith copy of his letter of such approval.

I also transmit herewith a form of order for acceptance by your Honorable Body of chapter 474 of the Acts of 1935 pursuant to the provisions of section 7 of said chapter, and I recommend passage of said order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Office of the Mayor, August 27, 1936.
Andrew H. Peterson, Esq.,
State Director, P. W. A.
Re: Suffolk County Court House, Docket Mass. 1142-R.

Dear Mr. Peterson,—I acknowledge receipt of your letter dated August 22, 1936, transmitting therewith letter of Horatio B. Hackett, Assistant Administrator of the Federal Emergency Administration of Public Works, dated August 20, 1936, and notifying the City of Boston of the allotment by the Federal Government of the amount of \$2,151,000 for the construction of additions, alterations and improvements to the County Court House in Suffolk County.

Pursuant to the provisions of section 7 of chapter 474 of the Acts of 1935, I hereby approve said allotment of \$2,151,000 by the Federal Government as sufficient to cover a proper proportion of the cost of providing additional courthouse accommodations and facilities and of carrying out the provisions of said act.

I shall send a message to the City Council at its next meeting, on September 1, asking the acceptance of said act and will include in my message a copy of this letter, showing that formal approval of the allotment has been given by me.

Very truly yours,
FREDERICK W. MANSFIELD, Mayor.

The Commonwealth of Massachusetts,
Executive Department,
State House, Boston,
August 24, 1936.

Mr. Andrew H. Peterson,
State Director, P. W. A.

Dear Mr. Peterson,—I have your letter of August 22, 1936, inclosing a letter dated August 20, 1936, to me from Horatio B. Hackett, Assistant Administrator P. W. A., advising me that an allotment of funds in the amount of \$2,151,000 has been made by the Federal Government for the Suffolk County Court House; being the project entitled: "Docket Mass. 1142-R. Suffolk County Court House." This allotment is evidently made for the purpose of enabling the Commonwealth of Massachusetts and the City of Boston to provide additional courthouse accommodations and facilities for the courts and other officials in the County of Suffolk, as is more fully and specifically set forth in chapter 474 of the Acts of 1935.

In accordance with Section 7 of the last-mentioned chapter, I herein certify that the aforesaid allotment by the Federal Government as approved by me as Governor of the Commonwealth of Massachusetts is sufficient to constitute a proper proportion for providing the said additional courthouse accommodations and facilities, and for the purpose of carrying out the provisions of the aforesaid chapter.

In accordance with the further suggestion contained in your letter relative to the appointment of members of the Suffolk County Court House Commission, I wish to advise you that on account of the phraseology of the seventh section of chapter 474, I deem it advisable to delay the matter of appointment until the acceptance of said chapter 474 by the City Council of Boston, and I shall then immediately confirm and ratify the appointment of Joseph A. Rourke, heretofore made by me, as a member of this commission.

Trusting this is satisfactory to you, I am,
Very respectfully yours,
JAMES M. CURLEY, Governor.

Whereas, Pursuant to the provisions of section 7 of chapter 474 of the Acts of 1935, the amount of \$2,151,000 has been allotted by the United States of America for the construction of additions, alterations and improvements to the County Court House in Suffolk County; and

Whereas, Pursuant to the provisions of said section 7, the Governor of the Commonwealth of Massachusetts and the Mayor of the City of Boston have approved said allotment of \$2,151,000 by the United States of America

as sufficient to cover a proper proportion of the cost of providing additional courthouse accommodations and facilities, and of carrying out the provisions of said chapter 474;

Ordered, That chapter 474 of the Acts of 1935, entitled "An Act to Provide Additional Court House Accommodations and Facilities for the Courts and Other Officials in the County of Suffolk by the Use of Federal, State and City of Boston Funds," be, and hereby is, accepted.

Referred to the Executive Committee.

ADDITIONAL FUNDS FOR MUNICIPAL EMPLOYMENT BUREAU.

The following was received:

City of Boston,
Office of the Mayor, September 1, 1936.
To the City Council.

Gentlemen,—I am advised by the Director of the Municipal Employment Bureau that funds available for the operation of the Bureau are practically exhausted, and that an additional appropriation of \$5,000 should be made at this time to permit the carrying on of the activities of the Bureau for the balance of the year. In my opinion the activities of the Bureau should be continued and I therefore submit herewith an order providing for the appropriation of \$5,000, and respectfully recommend its adoption by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That the sum of \$5,000 be, and hereby is, appropriated, to be expended by the Municipal Employment Bureau, under the direction of the Mayor, in the prosecution of its duties, said sum to be charged to the Reserve Fund.

Referred to the Executive Committee.

DEPARTMENT TRANSFERS.

The following was received:

City of Boston,
Office of the Mayor, September 1, 1936.
To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Budget Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Boston Port Authority:

From the appropriation for B-1, Printing and Binding, \$200, to the appropriation for B-3, Advertising and Posting, \$200.

From the appropriation for B-4, Transportation of Persons, \$425, to the appropriation for B-13, Communication, \$300; B-29, Stenographic and Copying, \$50; B-35, Fees, Services of Venires, etc., \$50; D-2, Food and Ice, \$25.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for City Council:

From the appropriation for A-4, Other Departmental Work, \$60; B-18, Cleaning, \$100, to the appropriation for A-2, Temporary Employees, \$160.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Hospital Department:

From the appropriation for D-2, Food and Ice, \$12,000, to the appropriation for A-2, Temporary Employees, \$12,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Park Department, Cemetery Division:

From the appropriation for A-1, Permanent Employees, Custodian, 1 at \$2,200 a year, \$174.25; Gardener-fireman, 1 at \$36 a week, \$144; Stonemason and Dynamiter, 1 at \$39 a week, \$72.50; Clerk and Stenographer, 1 at \$1,900 a year, \$0.80; Sexton, 1 at \$36 a week, \$0.00, to the appropriation for A-1, Permanent Employees, Superintendent of Parks and Cemeteries, 1 at \$3,600 a year, \$34.72; Custodians and Cemetery Keepers, 2 at \$2,200 a year, \$97.60; Laborers, etc., 46 at \$30 a week, \$103; Engineer, 1 at \$41.50 a week,

\$83; Sexton, 1 at \$36 a week (\$2,000 a year), \$0.00; B-15, Motorless Vehicle Repairs, \$73.28.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Police Department:

From the appropriation for C-17, Miscellaneous, \$2,000, to the appropriation for G-7, Furniture and Furnishings, \$1,600; C-14, Live Stock, \$400.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Welfare Department, Temporary Home:

From the appropriation for D-2, Food and Ice, \$915, to the appropriation for B-13, Communication, \$50; C-7, Furniture and Furnishings, \$200; C-16, Wearing Apparel, \$15; E-10, Electrical, \$50.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Central Office:

From the appropriation for D-1, Office, \$10, to the appropriation for D-16, Miscellaneous Supplies, \$10.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Lighting Service:

From the appropriation for B-8, Light, Heat and Power, \$5,000, to the appropriation for B-42, Miscellaneous, \$5,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sewer Service:

From the appropriation for C-13, Tools and Instruments, \$50, to the appropriation for C-5, Motorless Vehicles, \$50.

From the appropriation for D-16, Miscellaneous Supplies, \$200, to the appropriation for D-11, Gasoline, Oil and Grease, \$200.

From the appropriation for E-5, Sewer and Water, \$200, to the appropriation for E-13, Miscellaneous Materials, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Supply Department:

From the appropriation for A-1, Permanent Employees, Clerks and Stenographers, 7 at \$1,600 a year, \$703.57; Clerk, 1 at \$1,000 a year, \$194.82; Clerk, 1 at \$900 a year, \$194.82; Clerk, 1 at \$900 a year, \$194.81, to the appropriation for A-2, Temporary Employees, \$1,288.02.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Weights and Measures Department:

From the appropriation for A-1, Permanent Employees, Deputy Sealers, 16 at \$1,600 to \$2,300 a year, \$100, to the appropriation for C-4, Motor Vehicles, \$50; D-16, Miscellaneous Supplies, \$50.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for District Court of Chelsea:

From the appropriation for D-1, Office, \$5, to the appropriation for C-7, Furniture and Furnishings, \$5.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Medical Examiner Service, Northern Division:

From the appropriation for B-28, Expert, \$35, to the appropriation for D-8, Laundry, Cleaning, Toilet, \$35.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Park Department:

From the appropriation for A-1, Permanent Employees, Laborers, Mechanics, etc., 345 at \$30 a week, \$1,300, to the appropriation for A-1, Permanent Employees, Superintendent of Baths, 1 at \$3,000 (\$3,100) a year, \$100; Assistant Engineer, 1 at \$2,500 (\$2,600) a year, \$100; Engineering Aide, 1 at \$2,000 (\$2,100) a year, \$100; Engineering Aides, 4 at \$1,900 (\$2,000) a year, \$400; Greenkeeper, Assistant, 1 at \$2,100 (\$2,200) a year, \$100; Head Electrician, 1 at \$2,100 (\$2,200) a year, \$100;

Instructors, Boxing, 2 at \$1,700 (\$1,800) and \$2,000 a year, \$100; Physical Instructors, 12 at \$1,900 to \$2,200 a year, \$100; Rodman, 1 at \$1,400 (\$1,500) a year, \$100; Swimming Instructors, 3 at \$1,800 to \$1,900 a year, \$100.

From the appropriation for A-1, Permanent Employees, Laborers, Mechanics, etc., 345 at \$30 a week, \$5,551.50 to the appropriation for A-1, Permanent Employees, Gardeners, Mechanics, etc., 49 at \$36 a week, \$4,933; Gardeners, Mechanics, etc., 63 at \$33 a week, \$618.50.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Treasury Department:

From the appropriation for B-28, Expert, \$254.41, to the appropriation for A-1, Permanent employees, Clerk and Assistant Bookkeeper, 1 at \$1,600 (\$2,000) a year, \$145.35; Clerk, Pay Roll, 1 at \$1,700 (\$2,000) a year, \$109.05.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sanitary Service:

From the appropriation for A-1, Permanent Employees, Chauffeurs, Teamsters, Laborers, 657 at \$5 to \$5.50 a day, \$3,000, to the appropriation for B-6, Hire of Teams and Auto Trucks, \$3,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Park Department:

From the appropriation for A-1, Permanent Employees, Matrons, Pianists, etc., 129 at \$22 a week, \$2,800, to the appropriation for B-15, Motorless Vehicles Repairs, \$200; C-6, Stable, \$50; C-13, Tools and Instruments, \$800; C-17, Miscellaneous Equipment, \$300; D-8, Laundry, Cleaning, Toilet, \$500; D-9, Educational and Recreational, \$300; D-13, Chemicals and Disinfectants, \$300; D-16, Miscellaneous Supplies, \$350.

Referred to the Executive Committee.

CONSOLIDATION OF CITY DEPARTMENTS.

The following was received:

City of Boston,
To the City Council.
Office of the Mayor, August 27, 1936.

Gentlemen,—I am resubmitting herewith the proposed ordinance for the consolidation of certain city departments and earnestly urge that your recent rejection of this measure be reconsidered and that it be adopted as a city ordinance.

The debate which preceded the action of your Honorable Body indicates that apparently the chief reason for rejection of the order was that some of the councilors thought that ultimately it would result in the discharge of many city employees or reducing their salaries. My purpose in presenting this measure was not to effect the discharge of city employees. The chief purpose was and is to eliminate duplications of work in various departments, to prevent waste, to modernize and simplify cumbersome methods and to promote greater efficiency in conducting the work of the city.

When the proposed ordinance was first presented fear was expressed that many city employees would lose their Civil Service, pension and retirement rights. In order to reassure your Honorable Body and the city employees themselves I caused to be presented to the Legislature proposed legislation to guarantee these rights to the city employee. That legislation was adopted and is now chapter 152 of 1936.

Consolidation of these departments would not result in the wholesale discharge of city employees. If the number of city employees is to be reduced it will be solely as the result of resignations, retirements or deaths.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

(Appended was the ordinance referred to as printed in the City Council Minutes, see pages 157-161.)

Referred to the Executive Committee.

PETITIONS REFERRED.

The following petitions were received and were referred to the committees named, viz.:

Claims.

Domenic Aiello, for compensation for damage to car caused by city car.

Michael J. Boyle, for compensation for damage to car by fire truck.

O. C. Bryning, for compensation for damage to car by fire truck.

Cafe DeParis, for refund on garbage tickets.

C. I. Clem, for compensation for loss of ash barrels taken by ashmen at 12 Chestnut square.

Timothy Connolly, for compensation for injuries caused by an alleged defect at Dorchester avenue and Howell street.

Continental Baking Company, for compensation for damage to truck by city truck.

Robert T. and Alice E. Fowler, for compensation for damage to property at 25 March street, caused by stoppage of sewer.

Lisetta Gaeta, for compensation for damage to property at 132 Grove street, caused by shutting water off.

Fred F. Hodgkins, for refund on gasoline license.

Patrick E. Holleran, for claim for increment in 1935 Municipal Court.

W. T. Kirley & Sons Lumber Company, for compensation for damage to truck caused by swinging gate, Malden Bridge.

Mayflower Liquor and Wine Company, for refund on ash-removal tickets.

Mary McAuley, administratrix, for compensation for death of John McAuley by truck of Sanitary Department.

Rose McLaughlin, for compensation for damage to property at 40 Corey street, caused by blocking of sewer.

Frank E. Murphy, for compensation for damage to car by city truck.

Ruth Sanford, for compensation for loss of teeth at City Hospital.

J. Philip Smith, for compensation for damage to car by city truck.

Phil Vitale, for loss of articles checked at World War Memorial Park.

Katherine E. Holland, for compensation for damage to property at 35 Ellery street, South Boston, caused by falling in of lot next to property.

Executive.

Mary V. Hunt, to be paid an annuity on account of the death of husband, John L. Hunt, Police Department.

APPROVAL OF LOAN.

Approval of loan for \$85,000 for Police Communications System, approved by the Emergency Finance Board, was received and placed on file.

MUNICIPAL RESEARCH BUREAU REPORT.

A report of the Municipal Research Bureau concerning tax title properties was received and placed on file.

RECESS.

The President declared a recess for the purpose of going into executive session at 2.40 p. m. The members reassembled in the Council Chamber and were called to order by Coun. GALLAGHER at 4.50 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on the message and orders (referred this day) for transfers within various departments—that the various transfers ought to pass with the exception of the transfers of \$3,000 within the Sanitary Service, Public Works Department, and \$2,800 in the Park Department.

Coun. WILSON—Mr. President, so long as some are being saved out, it occurs to me we are also to gain some information on the items in the Treasury Department and I move that that transfer also be laid on the table.

The motion was carried.

Report accepted; orders passed, with the exceptions as stated, yeas 15, nays 0.

2. Report on communication and order from the Mayor (referred this day) transferring \$3,000 within the departmental appropriation of the Public Works Department, Sanitary Service, from Item A-1, Permanent Employees, to Item B-6—that the order ought not to pass. Report accepted; order rejected.

3. Report on the message and order (referred this day) for transfer of \$550 from the income of the Sumner Traffic Tunnel—that the order ought to pass. Report accepted.

Question then came on the passage of the order and the clerk called the roll.

Coun. SHATTUCK—May I ask what the question is,—transfer of the \$550?

Coun. GALLAGHER—Transfer of the \$550 from the income.

Coun. SHATTUCK—Has the committee voted to reject it? "Yes" would pass it, or not—I do not understand. Is the vote "Yes" a vote in favor?

Coun. GALLAGHER—Yes.

Coun. SHATTUCK—Then I vote No.

The order failed of passage, yeas 13, nays—Coun. Shattuck, Wilson—2.

4. Report on the message and order (referred this day) for transfer of \$5,000 from the Reserve Fund to the Municipal Employment Bureau—that the order ought to pass.

Report accepted. The order failed of passage, yeas 13, nays—Coun. Shattuck—1.

On motion of Coun. TOBIN the vote was reconsidered and the order was assigned to the next meeting.

5. Report on the message of the Mayor and ordinance referred this day re consolidation of various departments—report recommending that the ordinance ought not to pass.

Report accepted. The question came on the passage of the order.

Coun. McGRATH—Mr. President, the only real purpose of this consolidation is economy. If the Mayor wants economy, if he wants to practice economy, all he has to do is what he promised before and after his election that he would not fill vacancies that occurred in the city departments, and in a speech to the Council of this year I quote the Mayor: "I have maintained the policy of not filling vacancies and of reducing purchases of equipment, material and supplies to the minimum consistent with the proper rendering of public service." If he refused to fill the vacancies, I think by this time, since he has been elected Mayor, we would probably have saved about \$1,000,000 of the taxpayers' money.

Coun. TOBIN—Mr. Chairman, this order is either substantially the same, or word for word with the previous orders that have been rejected by the Council in the past few weeks. It appears that despite the objections of the Council to the ordinance in its proposed form it has been resubmitted by the Mayor to us in the same form in which it was previously rejected by the Council. I voted against this before and I intend to do so today. It has come to my attention since the rejection that many civic bodies have been pronouncing in favor of this ordinance. In the newspapers and over the radio they have been enlightening the people that the proper vote would be to vote for the consolidation; that despite the fact the Council has voted against consolidation, the Council at no time has offered any remedy or solution for its attitude. I would like to make a few remarks as to why, in my opinion, the proper vote on this order is against the proposed ordinance. On page 30 of City Document 91 of 1935, in the report of the commission appointed at the request of the Mayor to consider the wisdom of a reorganization or consolidation of the various city departments, appear these very significant words: "The principal advantages of this proposed consolidation lie in the combining of all engineering activities in one executive department." Now, Mr. President, that seems to be a very laudable proposition, and it has been taken at its face value by the various organizations interested in municipal affairs and by the editorial writers of the various newspapers, and even by the Mayor. On that theory, and without any detailed study of the proposed ordinance, it has received considerable support. Had the honorable commission devoted its attention to the engineering functions of the city departments, of which they presumably have some knowledge, and kept away from the administrative and quasi judicial functions, of which they apparently show considerable ignorance, they might easily have produced an ordinance which would have put the engineering services under one head. However, their appointment under the watchword of "consolidation" made it difficult to recommend the perfectly obvious and common sense method of accomplishing this purpose by establishing an engineering department, and they apparently felt obliged to find some method of doing it which would answer the war cry of consolidation. The result is this hodge podge of an ordinance which puts under the control of an engineer, two deputy engineers and twelve division engineers nearly 4,000 employees, less than 100 of whom are rated as engineers, and also puts under these engineers, who may or may not be qualified to deal with the practical problems of municipal service, such functions as the control and supervision of our bathing beaches, parks, playgrounds, cemeteries, gymnasias, markets and public buildings. I hold no brief for any of the heads of the present departments, but any scheme which turns over to three or thirteen engineers as incidental to the consolidation of the engineering service the care and custody of our municipal buildings, the power to refuse or grant licenses for oil farms in South Boston or East Boston or Dorchester,

to take lands and award compensation for damages, and to regulate traffic in our streets, is certainly going about the matter in the wrong way. I believe if this commission really intended to bring about a consolidation of engineering departments, they could very easily draw up an ordinance which would place all the engineering functions of the city under one department. They could provide for three things: Control and erection of all engineering work under one head, inspection and measurement of all public works done under his supervision and control and the material to be furnished therefor, and the matter of the refusal of payment of bills without certificate that the work is properly performed and could also provide for planning and estimating of the cost of public improvements in the future. I do not think we would be justified, even if in favor of consolidating the engineering functions under one department, to vote for this ordinance, and I vote against it.

Coun. BRACKMAN—Mr. Chairman, we have hardly had an opportunity in the City Council to judge whether this ordinance is a good or bad one. To my knowledge there have been only two hearings by the Ordinance Committee. Mr. President, you, yourself, requested at one time further time to study the matter, but you were denied that privilege. As I said once before this is an important order. It is extremely important to the efficiency and welfare of the people of Boston in their dealings with City Hall. We are certainly entitled to more hearings than we have had upon it. It was sent in to us originally at the time when we were ready to adjourn the old Council and it was dismissed without prejudice. It was sent in the second time when the annual budget came in and there was no time to consider it because the budget was superior and we had to act on that. We have not had an opportunity to go into this matter sufficiently. We have not had an opportunity to properly prepare amendments if this ordinance does not strike into the heart of the very thing we are trying to do,—to promote efficiency. So I say this order ought to be referred back to the Committee on Ordinances, and I now move in substitution for the committee's report that the matter be referred to the Committee on Ordinances.

Coun. WILSON—Mr. Chairman, I did not intend to speak on this report at this time, but it will perhaps save time in the end because I have two orders bearing on the subject and accordingly there will be no need of repetition when I introduce them later in the session. As a member of the Committee on Ordinances who attended the hearings before which various able gentlemen appeared, I will frankly admit, although I personally agree with the ideals of economy and efficiency in city government, that the amount and the character of the meager information given to the committee was not of a nature to assure the members of that committee that this ordinance in the form as it was drawn is much more than an instrument for the creation of a splendid job for somebody who apparently wishes to qualify, and I do not know who the favored gentleman is. Apparently the one thing that the proposed ordinance would do would be to intervene between these various departments, many of which have very little to do with engineering,—to intervene between these various departments, another red tape jump between the department employees, the man that the public goes in to see and the boss of the City of Boston under our present charter,—the Mayor. The Mayor has previously assured the members of the Council that no men, no employees of the city would be discharged or lose their jobs as a result of this consolidation. His message that came in today said: "Apparently the chief reason for rejection of the order was that some of the councilors thought that ultimately it would result in the discharge of many city employees or reducing their salaries. My purpose in presenting this measure was not to effect the discharge of city employees. The chief purpose was and is to eliminate duplications of work in various departments, to prevent waste, to modernize and simplify cumbersome methods and to promote greater efficiency in conducting the work of the city." I may be unusually dull in thinking things out, but I certainly cannot follow the argument that the adoption of this proposed ordinance will eliminate duplications of work and eliminate waste, but won't mean the laying off of a single employee of the City of Boston. In no way has it been shown us by any information from the Mayor's office or from these gentlemen who presumably have made a long distance study of the proposition how there would be any elimination of duplication of work. The orders which the Council passed as long ago as June 29 are aimed at getting some more information. I suppose it is more or less sacrilegious to ask for any information on any subject that comes into this rather powerless

body. I know that the Mohammedan has his Koran and the Hebrew has the word of Moses and the Christian has the Holy Bible and I assume the city employees have the *City Record* and the Council has messages from the Mayor's office. Those various instruments are supposed not to be questioned even in the least degree, but perhaps being sacrilegious to that extent as long ago as June 29 the Council passed two orders; one with reference to giving us the names of the employees who would be affected by this alleged removal of duplication of work and that information came through last week. There was a further order along the line that Councilor McGrath has touched upon because we have received, or I have received, contrary reports. I hear from some sources that the Mayor of Boston had filled no vacancies since he became Mayor in accordance with his pledge and that meant a reduction in the personnel of the city amounting to six or seven hundred jobs a year, and we have heard from other sources that jobs have been filled fairly rapidly and fairly good promotions made, and accordingly this order was passed on June 29 asking for more information along this line. As I say, I am in favor of the idea of efficiency and economy, but the gentlemen who came in and testified before the Committee on Ordinances, at least two of them, to my memory, admitted to the committee that they not only had not visited any of the departments in City Hall, but I was amazed to have them admit that they had not read the ordinance, which apparently is the chief trouble of some of the Boston newspaper editorial writers in their recent comments on the attitude of the Council. Why should a department like the Wire Division of the Fire Department and a department run so splendidly as the Sealer of Weights and Measures Department, both of which are in my opinion wholly divorced from any engineering proposition, be included in this ordinance. I will frankly admit, although this proposed consolidation ordinance has been tossed in here to the Council on three successive occasions, we have not got one bit more information than we had when it was sent in here for the first time. Apparently these great minds, and I have every respect for them and do not use that term in derogation to them, but these great minds have made a long-distance study of what a nice arrangement would be for a new set-up, but so far as I have been shown, from any information to the Committee on Ordinances, there has been no concrete examples given us where there is any duplication, where there is any waste, where there is anything to be gained except the intervening of a high-priced executive engineer between these various departments and the Mayor who, after all, is the boss of the City of Boston; and it is for that reason, without apologies, that I vote for the third time against this proposed ordinance and later in the session I will introduce these orders which will I hope, if answered, give us some of the information we are entitled to.

The question came on the motion of Councilor Brackman to refer to the Committee on Ordinances.

The motion was lost.

The question then came on the rejection of the ordinance.

The ordinance was rejected.

BLOCKING RECENT CONTRACTS BY METROPOLITAN WATER SUPPLY COMMISSION.

Coun. SHATTUCK offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability, through legal action or otherwise, of blocking the recent awards by a majority of the Metropolitan Water Supply Commission of contracts to the Two Company and the Cenedella Company, in order that the citizens of Boston, who must reimburse the Commonwealth for the major portion of the water supply expenditures, may be protected against unjust, improper and excessive charges.

Coun. SHATTUCK—Mr. President, this relates to two contracts recently given by the majority of the Water Supply Commission; one to the Two Company and the other to the Cenedella Company for work in the reservoir in the Swift river. It seems that this work was originally awarded to the Foster Company, the lowest bidder, after advertising for bids. It involves the excavation of 150,000 cubic yards of earth and the further excavation of 40,000 cubic yards of rock. For those items the Foster Company bid was \$67,500 for the first item and \$52,000 for the second item, —a total of \$119,500. On some previous occasion the Two Company for this same work bid \$202,500; but only the other day, without advertising and without asking for bids, the Two Company was given the contract for \$397,500, which is \$278,000 more than the

same work was provided for in the Foster contract and \$195,000 more than the Two Company had previously said they would do the work for,—just the same work. So far as the Cenedella Company contract is concerned, that applies to a roadway which has not yet been designed and on land which has not yet been acquired, in part, at least, by the State. It also involves some filling or covering of certain excavations. The covering has been given to the Cenedella Company at \$1, when similar work has been done for 25 cents a cubic yard; and the roadway not having been designed, on land not yet acquired, there has been no opportunity of getting a bid of what it would cost. I notice when this situation was called to the attention of the Governor, he is purported to have said "If it gives additional employment, as I assume it does, I am glad they did it." So far as the first item is concerned the Two Company contract which is \$278,000 more than the Foster Company agreed to do the work for, does not involve one bit more work. It involves putting \$278,000 in addition to what another contractor would do the work for into the pocket of this favored contractor. Whether it stays in his pocket, I don't know, but I feel sure it will not go into the pockets of people who are in need of work and wages. It is a gift contract of the worst kind, and I hope this order will be adopted and the Mayor will give prompt attention to it.

Coun. TOBIN moved that the order be referred to the Executive Committee. The motion of Coun. Tobin to have the order referred to the Executive Committee was lost, yeas 8, nays 8; yeas—Coun. Agnew, Gallagher, Kerrigan, Kilroy, McGrath, George A. Murray, Selvitella, Tobin—8; nays—Coun. Brackman, Finley, John I. Fitzgerald, Mellen, Roberts, Rosenberg, Shattuck, Wilson—8.

The rules were suspended and the question came on the passage of the order.

Coun. WILSON—I now move the question in this form, that the order ought not to pass.

A roll call was requested and the Chair put the question on the passage of the order.

The order failed of passage, yeas 8, nays 8; yeas—Coun. Brackman, Finley, John I. Fitzgerald, Mellen, Roberts, Rosenberg, Shattuck, Wilson—8; nays—Coun. Agnew, Gallagher, Kerrigan, Kilroy, McGrath, George A. Murray, Selvitella, Tobin—8.

RESURFACING OF HALLECK STREET.

Coun. ROBERTS offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Halleck street, Ward 4, which is made necessary by the failure of the W. P. A. to complete the project.

Coun. ROBERTS—Mr. Chairman, if one goes down Ruggles street from Huntington avenue to Columbus avenue, there is a small street. It is a dead-end street, with one house on the street. If one looks up from Ruggles street it looks as though they started to construct a swimming pool, but the W. P. A. started to resurface Halleck street. There are two stories in explanation. One story was they started to work on the wrong street and the second story and the official explanation was that they ran out of money. There has been a duplication of work here and the city will now have to come in and resurface the street.

Passed under suspension of the rule.

SLAUGHTER HOUSES AND RENDERING PLANTS.

Coun. ROBERTS offered the following:

Ordered, That the Corporation Counsel and Health Commissioner, through his Honor the Mayor, be requested to file the following information with the Council:

1. What action, if any, was taken with reference to the closing of slaughter houses and rendering plants, now operating in Boston without license from the Mayor and City Council.

2. If no action has been taken, the reason, in detail by each of the city officials, for not proceeding in accordance with the request of the City Council.

Passed under suspension of the rule.

ESTABLISHMENT OF A \$25 TAX LIMIT ON REAL ESTATE.

Coun. SELVITELLA offered the following:

Resolved, That the City Council of the City of Boston is in favor of relief for the overburdened taxpayers of our city, and, consequently, favors legislation which will provide such relief by the establishment of a \$25 over-

all real estate tax limitation; provided, however, that such legislation will not adversely affect the character of service now performed by the city, or the number or status of city employees.

Coun. SELVITELLA—Mr. Chairman, a study of the \$25 over-all real estate tax limitation program of the Massachusetts Real Estate Exchange caused me to believe that it will bring to the taxpayers of Boston positive relief, forestall foreclosures of property, check the increasing delinquency in taxes and generally stabilize the economic structure of our fair city. For these reasons I am of the opinion that a resolution from this Honorable Body, the Boston City Council, would aid materially in enacting into law a relief measure to already overburdened real estate. A \$25 over-all real estate tax limitation would do three things:

1. Stop the tearing down of buildings.
2. Add new taxable revenue from new construction.

3. Stimulate new business and provide work for people who are now on the welfare rolls.

Let us look at the picture. It is an undisputed fact that real estate pays 70 per cent of the cost of government and at the same time employs 70 per cent of our labor. I might add, too, that while real estate values have gone down, real estate taxes have gone up 300 per cent, until it has reached such a point that 43.7 per cent of all estate taxes in the United States are delinquent. These figures are substantiated and, in my opinion, present a situation that calls for quick relief. It was here in this historic city that our forefathers took a decisive stand against unreasonable taxation and proceeded to remove an oppressive burden. The members of this Council can do no less than give their official sanction to a resolution that would undoubtedly be of immeasurable aid in lifting from the people of this city, business men, apartment house owner and rentpayer a burden that is gradually grinding them into the ground. It has been cited that Boston is gradually slipping into polite bankruptcy and we must have a new tax system if you are going to save Boston and Massachusetts, and all the cities and towns; 88 per cent of the cost of our cities and towns are paid by real estate taxes alone. This is too great a share and real estate must be relieved. Over-taxation has destroyed our houses and our real estate. Excessive taxation is the surest destruction of the world. A building damaged by shells may stand in part, but a building which is over-taxed is torn down and only cellar holes are left. Look at Boston! Parking spaces where tall buildings once stood! If real estate is taxed so it cannot earn, what happens to our cities? They go bankrupt; they disappear; yes, fall into decay. Tax limitation is not new. No, indeed. It has been operated with great beneficial results in such states as Indiana, Michigan, Oklahoma, New Mexico, Washington, West Virginia and in our neighbor state, Rhode Island. Enactment of such legislation would not curtail any city department. A \$25 over-all real estate limit taxation would guarantee, far more than at present, the further continuance of our schools, Fire Department, Police Department, Public Works and all other necessary municipal departments. In other words, it would give positive guarantee to city employees and prevent payless pay days. The greatest argument for a \$25 over-all real estate limit taxation is the fact that our state confiscatory tax system has been responsible for 50,000 persons losing their homes. One third of real estate being foreclosed or foreclosurable, and over \$3,000,000 worth of property was taken by cities and towns for tax titles. We have the finest skilled labor supply and the finest retail market in the United States. Yet our real estate paid a welfare bill of seventy-five million last year. The people so affected could all have had work if a \$25 over-all real estate tax limitation was in effect. In conclusion, let me say, gentlemen, that a \$25 over-all real estate tax limitation does not mean dismissing any needed municipal employee but, instead, would make their jobs more secure. If real estate cannot earn it cannot pay taxes, then needed governmental functions cannot carry on. Real estate is the goose that lays the golden egg of wages. Why kill the goose? You can't have work if the real estate goose gets cooked. Gentlemen, I earnestly request your consideration of this resolution as it concerns every citizen in our city.

Coun. BRACKMAN—I move that the order be referred to the Executive Committee.

The order was referred to the Executive Committee.

WHITE WAY LIGHTING SYSTEM ON BLUE HILL AVENUE.

Coun. ROSENBERG offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the

Mayor, to provide for the installation of a "white way" lighting system on Blue Hill avenue, from Quincy street to Grove Hall, Ward 14.

Passed under suspension of the rule.

GRANOLITHIC SIDEWALK AT FRANKLIN PARK ENTRANCE.

Coun. ROSENBERG offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to construct a granolithic sidewalk at the Columbia road entrance to Franklin Park.

Passed under suspension of the rule.

LEAVE OF ABSENCE FOR JEWISH EMPLOYEES ON JEWISH HOLIDAYS.

Coun. ROSENBERG and Coun. BRACKMAN offered the following:

Ordered, That his Honor the Mayor be requested to permit all Jewish employees of the City of Boston leave of absence on September 17, 18 and 25, the occasion of the Jewish high holidays, without loss of pay.

Passed under suspension of the rule.

TRAFFIC SIGNS IN WARD 14.

Coun. ROSENBERG offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to place a warning sign, reading "School Zone—Drive Carefully," at the junction of Blue Hill avenue and Angell street, Ward 14, for the safety and protection of children going to and returning from the Robert Treat Faine School.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to place warning signs, reading "Drive Slowly," at the junction of Blue Hill avenue and American Legion Highway, Ward 14, for the safety and protection of pedestrians crossing those streets.

Severally passed under suspension of the rule.

TRANSATLANTIC AIR SERVICE AT EAST BOSTON AIRPORT.

Coun. ROSENBERG offered the following:

Ordered, That the Mayor be requested to consider the calling of a conference between the Boston Port Authority, the Boston Park Commission, the City Planning Board and other city officials affected, for the purpose of inducing foreign governments or concerns to establish at the East Boston Airport a terminal for transatlantic service.

Coun. ROSENBERG—I am only going to say a few words with reference to transatlantic air service. Boston has for years tried to establish itself as a commercial center. We have been trying to get the parity of rates on transportation, on shipping and industry. Boston should be progressive with other cities in trying to get the airway system to establish Boston as an airport in bringing passengers from the different countries. Some of the British companies and other European companies and also the American Air Railways are trying to establish a transatlantic service which will be regularly operated. Boston has been asleep on the matter of establishing Boston as an airport for transatlantic service and I trust, with the Mayor calling these various officials together, we may be able to induce the transatlantic companies to establish Boston as a port and thereby bring more service to Boston.

Coun. McGRATH—On that matter I think that the Port Authority and former Mayor John F. Fitzgerald has shown more progress in the last few years than in the past twenty years. In the papers of a few days ago it gave the statistics of the increase in both incoming and outgoing, import and export in both passenger and commodities, and I think they are very well taken care of, and I think if we lay this on the table and have the former Mayor come before the Executive Committee and explain it, we will be very much enlightened.

Order passed under suspension of the rule.

Coun. JOHN I. FITZGERALD—I rise on a point of information. I have been in the Mayor's office for conference, and I would like to know what has happened to the Court House.

Coun. GALLAGHER—in executive session it was laid on the table for the purpose of obtaining certain information.

INVESTIGATION OF ALLEGED IRREGULARITIES IN REGISTRATION OF VOTERS.

Coun. SHATTUCK offered the following:
Ordered, That his Honor the Mayor be requested to cause an investigation and report to be made concerning alleged irregularities in the registration of voters in the City of Boston.

Coun. McGRATH—I think increased registration is the active work of members of the Council and some of the other Democrats and that they have put on a substantial increase in the vote. I do not see that this body has anything to do with it.

Coun. AGNEW—Mr. Chairman, I don't know what the councilor from Ward 5 had in mind in introducing this order, but if it is from what he has read in the newspapers in the last few days, or a few days ago, I have a great deal to say on it. Probably there is not enough time here now to say all I might have in mind, if what he had in mind in introducing that order is what I think the purpose of it was. Evidently the councilor from Ward 5 has lost sight of the trend of times in the City of Boston. Evidently he has lost sight of the fact that the City of Boston is fast becoming Democratic and the Republicans of the City of Boston are fading away, and, as one of our outstanding Democrats of Boston has said, the reason for it is that in certain districts of Boston there are plenty of kids growing up and becoming of age, or voting age, while in the Republican sections of Boston they have lost sight of the fact that it is the younger generation who upon reaching the age of twenty-one are the voters and the ones that hold the balance of power. If in this order, as I said, he has in mind what has been in the newspapers, as a Democrat of Boston and as an individual engaged in the registration of voters for a number of years, I will inform him that in that particular district which was mentioned in the newspaper every year there is a tremendous amount of registration, and it calls for no investigation by the Mayor of Boston or anybody else. There are plenty yet to be registered in the entire City of Boston, plenty to be put on the voting list, the majority of them Democrats, and between now and election day we are going to carry on and increase the Democratic registration in Boston to greater numbers than we did at the primary.

Coun. SHATTUCK—This order merely calls for the Mayor to look into alleged irregularities. It may be that there have not been any. If there have been none, I am sure the people would like to know it. If there have been any, I am sure the people would like to know it. The purity of the election machinery is one of the most important things in government. It stands as the very foundation of government. Allegations have been made and published in the newspapers indicating that there may have been some irregularities. Let us find out whether there were or were not irregularities.

Coun. AGNEW—Who has made any mention of irregularities; who is the individual? Let us have the name of any one who has made any mention of irregularities. You do not believe in all the signs you see nor everything you hear and read, I hope. Then let us have it. Who has made these accusations? Why is it called for in such an order as this? Let us have it out in the open. Who created the suspicion?

Coun. SHATTUCK—I think the gentleman must have been on a vacation and has not read the papers.

Coun. AGNEW—I have read the papers and have read the order and I see through that order. As I said before, registration work will go on in the City of Boston and as yet no one has come forward and mentioned any irregularities, and why should any member of the City Council on any assumption come in here and say there are irregularities? Our Election Commission functions fully and capably and can handle the matter.

Coun. SHATTUCK—If there have been no irregularities, I should think the first thing the gentleman would want would be a report to the Mayor to that effect.

The question came on the suspension of the rules, and the motion was declared carried.

Coun. AGNEW—I doubt the vote and ask for a roll call.

Coun. GALLAGHER—The question is on suspension of the rule, requiring two thirds vote, and the clerk will call the roll.

The motion to suspend the rules was lost, yeas 8, nays 8:

Yeas—Coun. Brackman, Finley, Mellen, George A. Murray, Roberts, Rosenberg, Shattuck, Wilson—8.

Nays—Coun. Agnew, John I. Fitzgerald, Gallagher, Kerrigan, Kilroy, McGrath, Selvella, Tobin—8.

The order was referred to the Executive Committee.

ADDITIONAL CLERKS EMPLOYED AT POLLS.

Coun. BRACKMAN and Coun. WILSON offered the following:

Ordered, That the Board of Election Commissioners be requested, through his Honor the Mayor, to employ additional men and women as clerks to assist in the counting of votes on election day.

Coun. BRACKMAN—Mr. Chairman, just a word regarding this matter. It has been the practice in the past for the precinct workers, the inspectors and clerks, to work from eight in the morning to eight at night and then to proceed to count the ballots, and in most cases in a State election to be there all night counting ballots. Now, this order is to employ additional people to put on after the polls are closed so we can have some one counting those votes who is not half asleep. This is important, because in this election particularly, with the great number of independent candidates, there is apt to be many mistakes, and we should have the additional help.

Passed under suspension of the rule.

PROPOSED LEGISLATION TO ENABLE RACING COMMISSION TO HAVE TESTS MADE IN MASSACHUSETTS.

Coun. McGRATH offered the following:

Ordered, That the Committee on Legislative Matters be requested to confer with the Corporation Counsel for the purpose of drafting legislation, to be submitted to the incoming Legislature, providing that the State Racing Commission have so-called saliva tests made in Massachusetts instead of in New York as is now the custom.

Coun. McGRATH—Strange as it may seem, in order to inform the racing public as to whether or not a horse has been doped or played with, it is necessary for the Racing Commission doctor to take a sample of the saliva, seal it and send it to New York, and when they get around to it they submit a record as to whether or not the horse has been doped or otherwise. Now, I do not think it is necessary with the institutions we have here to send it to New York, and I would like to have this passed so we can be notified almost immediately.

Passed under suspension of the rule.

JITNEY LICENSE.

On the petition of the Brush Hill Transportation Company for a license to operate motor vehicles in Mattapan square, from the Milton line to the station, the Committee on jitney licenses submitted a report recommending that a license be granted.

The report was accepted and the question came on granting the license.

Coun. WILSON—Mr. Chairman, that is the license that was referred to by Councilor Murray at the last meeting. I noted the proposed license is a blanket one and in no way restricts the number of busses. I am informed the company in question only had two or three busses. I am in favor of the order, but against the principle of allowing any blanket license which may at some later date increase to perhaps more important dimensions, and I therefore move that the number of busses be limited to four so they may have a license to run four busses, which I understand is more than they are now running.

Coun. SELVITELLA—I have no objection to that.

The motion was carried and the license was granted.

INFORMATION FROM BUDGET COMMISSIONER.

Coun. WILSON offered the two following orders:

Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to advise the City Council in accordance with the following two orders passed by the City Council under date of June 29, 1936:

"Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to submit to the City Council a complete list of the positions to be affected by the proposed consolidation of departments and the proposed 'elimination of unnecessary duplication in department work,' giving in each instance (a) the name of the employee, (b) his department, (c) position held, (d) present salary."

"Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to submit to the City Council a complete list of all city employees who have died, or been

retired, or promoted, during (a) 1934, (b) 1935, and (c) 1936,—giving in each case the name of the employee, position held, amount of annual pay, whether the position has been filled, and at what present salary."

Passed under suspension of the rules.

Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to advise the City Council promptly with reference to the list of 9,349 city employees which it has been stated will be affected by the proposed consolidation of departments, the names of those employees—

1. Who will be discharged as a result of such consolidation.

2. Whose pay will be reduced as a result of such consolidation.

3. Whose duties will be in any way changed incident to or as a result of the proposed consolidation.

4. Exactly what changes in duties there will be in each individual case.

Passed under suspension of the rules.

CODIFICATION OF STATUTES.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to promptly advise the City Council in response to the following order passed by the Council as long ago as July 2, 1936:

"Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to inform the City Council as to what progress, if any, has been made during the past ten years on the proposed codification of statutes relating to the City of Boston, authorized at a cost not to exceed \$20,000 as long ago as June, 1926; and also how much time has been spent by how many employees of the Law Department on such work, and how much further time and money, if any, will be requested to complete the work."

Coun. WILSON—On that order, Mr. President, which I introduced with all seriousness as long ago as July 2, at that time I had in mind what seemed to me was a fairly important matter, the proposed codification of the statutes relating to Boston, which was initiated as long ago as 1926 and over double the sum of money it has ever cost before was appropriated or assigned for that purpose at that time. Having in mind some ten years have gone by and assuming that perhaps it would be somewhere near completed and made available for attorneys and city officials and those who, of course, require it, I introduced orders on July 2, one of which was to request the dates and amount of payments made comprising this \$20,000. Last meeting, on August 17, I was furnished the names of the three gentlemen who had each obtained \$6,600-odd. I did not ask for the names, but it seems that all of the money, the whole \$20,000 since 1926 for this very splendid purpose has been collected and taken, and it therefore becomes important to get the information which I asked in the second order, which has not yet been answered, namely, as to the present status of this work that has supposedly been collected for and done and if it was not completed by the three gentlemen who were paid the \$20,000, what work has been done by the Law Department and just where we stand in the matter. I don't know why the second order should have been evaded.

Passed under suspension of the rule.

REAL ESTATE OFFICE OPEN FOR BUSINESS ON SUNDAYS.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to advise the City Council whether under existing law and City Ordinances it is permissible for real estate offices to be open in Boston and doing business on Sunday.

Coun. WILSON—Mr. Chairman, I would explain that I have received inquiries from various sources and with that in mind I am asking for an opinion of the Law Department, there being some doubt on the question. I seek this information in order that I may answer the various inquiries made of me.

Passed under suspension of the rule.

STATEMENT BY COUNCILOR MELLEN.

Coun. MELLEN—Mr. Chairman, I ask unanimous consent to make a statement.

Coun. GALLAGHER—The Chair hears no objection.

Coun. MELLEN—At this session the councilor from Ward 5 introduced an order relative to the contract figures awarded by the Metropolitan Water Supply Commission and the

order was lost, and it seems to me it is a sad commentary, not only on the way affairs are conducted in the state, but more particularly in our own interest and the way the city affairs are conducted, because there is a difference of \$278,000 in the contract awarded by the Metropolitan District Commission relative to the Quabbin Reservoir and the City of Boston enters the picture in that it has to pay 63-odd per cent, plus interest for thirty years. Now the way the Governor of this State conducts the state is strictly his business and we have nothing to do with it, but we enter the picture when our own city is affected, and in this particular instance it is, and I think we should think very seriously of reconsidering the vote we took on that order, in view of the fact that by our vote we acceded to the additional cost to the city of about \$130,000 to \$140,000, which are being spent needlessly, and in some instances dishonestly; and because of that I urge that we reconsider our vote in this instance, and I hope the councilor from Ward 5 will reintroduce the order at our next meeting.

NEXT MEETING.

Coun. AGNEW—I move that when we adjourn we adjourn to meet on September 21.

Coun. McGRATH—I think this courthouse project is coming up and it is very important, and with the understanding that we call a special meeting next week of the committee—

Coun. GALLAGHER—The chairman can call a special meeting any time he sees fit, or as soon as the committee is ready to report.

Coun. FINLEY—I really feel at this particular time that the Council should resume its regular meetings as much as possible. The summer vacation is over and I think there is considerable business to be transacted and I think we ought to carry on at least once a week in the interest of the public and this particular matter of the courthouse was laid over one week just for an opportunity to give the committee a chance to see the powers that be to see if they could get some more favorable break for the citizens of Boston regarding work on the project. I think instead of depending on the call for a special meeting we ought to meet again next Monday.

Coun. GALLAGHER—Next Monday is Labor Day. The following Monday will be the Monday before the state primaries and the President of the Council is free to call a special meeting of the Council at any time he appoints. The question is on the motion to meet again September 21.

Coun. JOHN I. FITZGERALD—I move we meet on September 10.

Coun. GALLAGHER—The question is on September 21.

Coun. KERRIGAN—I think we should abide by the wishes of our President and call it the 10th.

Coun. GALLAGHER—All in favor of meeting September 21 will raise their hands.

Coun. WILSON—I ask for a roll call on whether we are going to abdicate for three weeks or not.

Coun. GALLAGHER—The Chair has put the question and asked for a showing of hands.

Coun. AGNEW—I withdraw the motion.

Coun. GALLAGHER—Councilor Agnew withdraws the motion and Councilor Fitzgerald moves we meet again on September 10.

The motion was carried.

Adjourned at 6.15 p. m., on motion of Coun. FINLEY, to meet on Thursday, September 10, 1936, at 2 p. m.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

PROCEEDINGS OF CITY COUNCIL.

SPECIAL MEETING.

Friday, September 4, 1936.

Special meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President FITZGERALD in the chair and all members present except Coun. P. J. Fitzgerald. The meeting was held pursuant to the following call:

City of Boston,

City Council Chamber, September 2, 1936.

The members of the Boston City Council are hereby requested to assemble in special meeting on Friday, September 4, 1936, at 2 p. m., for the purpose of taking action on the Court House P. W. A. Project and such other business that may come before the body.

Respectfully,

JOHN I. FITZGERALD, President.

Placed on file.

VETO OF LOAN ORDER FOR SIDEWALK CONSTRUCTION.

The following was received:

City of Boston,

Office of the Mayor, September 3, 1936.
To the City Council.

Gentlemen,—I return herewith without my signature and with my disapproval a form of loan order read and passed by your Honorable Body on August 3, 1936, and on August 17, 1936, in the sum of \$50,000, for the construction of granolithic sidewalks, said sum to be expended under the direction of the Commissioner of Public Works.

I have been advised by the Corporation Counsel, in an opinion dated September 1, 1936, that because of the provisions of chapter 224 of the Acts of 1936 the city may not properly authorize borrowing for sidewalk construction unless a sum equal to ten cents on each \$1,000 of the assessed valuation of the city for the preceding year has been appropriated from available revenue funds or voted to be raised by taxation for such purpose in the year when the loan is authorized.

Inasmuch as such sum has not been appropriated during the year 1936 from available revenue funds or voted to be raised by taxation for sidewalk construction the city may not properly authorize borrowing for such purpose. It is therefore apparent that the order returned herewith is invalid.

I am transmitting herewith a copy of the opinion of the Corporation Counsel hereinbefore referred to.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Law Department, September 1, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—I have received a memorandum from your office dated August 27, 1936, in which you have requested my opinion with reference to the following order of the City Council:

"Ordered, That the sum of fifty thousand dollars be, and the same hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works, for the construction of granolithic sidewalks, and that to meet said expenditure the City Treasurer be authorized to issue, from time to time, upon the request of the Mayor, bonds or certificates of indebtedness of the city to said amount."

Said order was given its second and final reading and passage on August 17, 1936.

Section 7 of chapter 44 of the General Laws, as amended by section 5 of chapter 224 of the Acts of 1936, authorizes municipalities to borrow for the construction of sidewalks and provides in part as follows:

"Cities and towns may incur debt, within the limit of indebtedness prescribed in section ten, for the following purposes, and payable within the periods hereinafter specified, but, except for the purposes set forth in the eleventh clause, no loan shall be authorized in any year under any one of the following clauses unless a sum equal to twenty-five cents, or in the case of Boston ten cents, on each one thousand dollars of the assessed valuation of the city or town for the preceding year has been appropriated from available revenue funds or voted to be raised by taxation for the purposes set forth in such clause in the year when the loan is authorized:

(5) For the original construction of public ways or the extension or widening thereof, including land damages and the cost of pavement and sidewalks laid at the time of said construction, or for the construction of stone, block, brick or other permanent pavement of similar lasting character under speci-

fications approved by the department of public works, ten years (6) For macadam pavement or other road material under specifications approved by the department of public works, or for the construction of sidewalks of brick, stone or concrete, five years."

It is my understanding that the sidewalks proposed to be constructed with the proceeds of the loan authorized by said order are not to be constructed at the time of, or as part of the original construction of any public ways. Clause 5 above quoted is, therefore, not applicable.

If the above-quoted loan order is not authorized by the provisions of section 7 above quoted, said loan order is invalid. The City Auditor has informed me that no sum has been appropriated from available revenue funds, or voted to be raised by taxation for the purposes set forth in clause 6 of said section 7 during the year 1936.

Based upon this advice from the City Auditor and in view of the italicized provisions of section 7 above quoted, it is my opinion that said loan order is invalid.

There is a subsidiary question which it is not necessary to consider in connection with said loan order and that is, whether the words "brick, stone or concrete" in clause 6 above quoted include granolithic material. It is my opinion that granolithic material comes within the meaning of the words "stone or concrete."

Very truly yours,

HENRY E. FOLEY, Corporation Counsel.

Placed on file.

VETO OF LOAN ORDER FOR TRAFFIC SIGNALS.

The following was received:

City of Boston,

Office of the Mayor, September 3, 1936.
To the City Council.

Gentlemen,—I am returning herewith without my signature and with my disapproval a form of loan order read and passed by your Honorable Body on August 3, 1936, and on August 17, 1936, in the sum of \$50,000, for automatic traffic signals at various intersections and points in Boston, said sum to be expended under the direction of the Boston Traffic Commission.

In a communication to your Honorable Body dated July 1, 1936, I disapproved a similar order. For the reasons stated in that communication I am again constrained to veto the order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

APPROPRIATION FOR SURVEY OF HEATING SYSTEMS IN CITY BUILDINGS.

The following was received:

City of Boston,

Office of the Mayor, September 4, 1936.
To the City Council.

Gentlemen,—I am satisfied from reliable representations that have been made to me that very substantial sums of money can be saved for the city if the heating arrangements in many public buildings were modernized and an efficient system of heat control installed, such as has already been successfully demonstrated in buildings under the control of the Fire Department. Before making changes or installing any new system I think it would be wise to have a general survey made of all city buildings and to that end I am submitting herewith an order appropriating \$7,500 to defray the expenses of such a survey.

I earnestly urge the adoption of this order in order that a report may be returned quickly, and changes, if any are to be made, be effected before severely cold weather sets in.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That the sum of seventy-five hundred dollars be, and the same is hereby, appropriated to be expended under the direction of the Mayor for engineering and other expenses incidental to a survey of the heating facilities of public buildings of the City of Boston, said sum to be charged to Reserve Fund.

Referred to the Executive Committee.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,

Office of the Mayor, September 4, 1936.
To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Budget

Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Auditing Department, Miscellaneous Expenses, A-1, Permanent Employees, Clerks, 11 (12) (11) at \$1,000 to \$1,300 a year, \$267.87; Clerk, 1 (0) at \$300 a year, \$160.61, to the appropriation for Auditing Department, A-1, Permanent Employees, Clerks, Stenographers, etc., 9 (10) at \$1,000 to \$1,600 a year, \$428.48.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sanitary Service:

From the appropriation for A-1, Permanent Employees, Chauffeurs, Teamsters, Laborers, 657 at \$5 to \$5.50 a day, \$7,500, to the appropriation for A-2, Temporary Employees, \$7,500.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sanitary Service:

From the Appropriation for A-1, Permanent Employees, Chauffeurs, Teamsters, Laborers, 657 at \$5 to \$5.50 a day, \$3,000, to the appropriation for B-6, Hire of Teams and Auto Trucks, \$3,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Sewer Service:

From the appropriation for B-42, Miscellaneous, \$29, to the appropriation for B-10, Rent, Taxes and Water, \$29.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Superior Court, Civil Session, Clerk's Office:

From the appropriation for A-2, Temporary Employees, \$800, to the Appropriation for A-1, Permanent Employees, Clerks, 42 (50) at \$1,100 (\$1,000) to \$1,800 a year, \$800.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, City of Boston:

From the appropriation for A-3, Overtime, \$190, to the appropriation for B-29, Stenographic and Copying, \$190.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Boston Juvenile Court:

From the appropriation for B-4, Transportation of Persons, \$50, to the appropriation for B-22, Medical, \$50.

Referred to the Executive Committee.

SALE OF TAX TITLE PROPERTY, FAIRMOUNT STREET.

The following was received:

City of Boston,
Office of the Mayor, September 2, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Superintendent of Public Buildings, dated August 18, 1936, relating to an offer to purchase certain property situated in the rear of 11-27, on the northerly side of Fairmount street, Dorchester, Ward 17, Block 151-E2, which property was acquired from foreclosure of a tax title held by the city.

I also transmit an order authorizing the sale of said property. The price recited in this order is a minimum price of \$180, the Superintendent of Public Buildings having stated in his letter that the sale of the premises at public auction with a minimum price of \$180 is in the interest of the city.

I respectfully recommend the adoption of this order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Buildings Department, August 18, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In accordance with the provisions of chapter 3, ordinances of 1935, concerning tax title property, I respectfully submit an offer from William A. Merrill, 2

Lyford street, Dorchester, for the vacant lot of land, in the rear of 11-27, on the northerly side of Fairmount street, Dorchester, Ward 17, Block 151-E2, containing 8,000 square feet of land, in the sum of one hundred eighty dollars (\$180).

The costs to the city up to December 30, 1935, amount to one hundred seventy-one dollars and thirty cents (\$171.30), which includes the payment of taxes and costs since the year 1931, but does not include interest.

If and when the above amount of one hundred eighty dollars (\$180) is approved by your Honor and the City Council, the property will then be properly advertised for sale at public auction and sold to the highest bidder. The figure of one hundred eighty dollars (\$180) will be the minimum price for the property that the city is willing to accept and will be announced as the first bid at the public auction sale.

In my opinion, it will best serve the city's interests to proceed on the foregoing basis.

Respectfully,
ROSSELL G. HALL,
Superintendent of Public Buildings.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated October 21, 1935, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5364, page 218, to about 8,000 square feet of land situate in the rear of certain lots situated on the northerly side of Fairmount street, Dorchester, the said parcel of land being more fully described in said tax deed;

Whereas, An offer to purchase the said premises has been made by William A. Merrill in the sum of one hundred and eighty dollars (\$180); now therefore, it is hereby

Ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor of Boston, to sell all the city's right, title and interest in said parcel of land at public auction at a minimum price of one hundred and eighty dollars (\$180); and it is hereby further

Ordered, That the said Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston, to the purchase of said parcel of land, a written instrument satisfactory in form to the Law Department of the City of Boston, conveying all right, title and interest of said City of Boston in said premises upon the payment to it of the sum bid therefor at said auction.

Referred to the Committee on Public Lands and Tax Title Property.

NEW SUFFOLK COUNTY COURT HOUSE.

The following was received:

City of Boston,
Office of the Mayor, September 4, 1936.
To the City Council.

Gentlemen,—I am informed by Andrew H. Peterson, State Director P. W. A., that work on the Suffolk County Court House must actually begin not later than October 1 if the project is to retain its approval by the Federal Government.

The next necessary step, of course, is the acceptance of chapter 474 of 1935, which authorizes the construction of a new courthouse and the appointment of a commission to carry it on. It is important that this matter be acted upon today in order to advertise for bids which, according to the terms of the act, must be published in the City Record once a week for at least two consecutive weeks, the last publication to be at least one week before the time specified for the opening of the proposals. (See Section 3.) Then after that some time must be allowed for preparing the contracts.

Apparently there is doubt in the minds of some of the members of your Honorable Body as to whether or not persons employed on the Court House Project will be Suffolk County residents. I find nothing in the act controlling this matter, but Mr. Peterson informs me that Federal regulations require that 50 per cent of the persons employed must come off the Boston relief rolls and the other 50 per cent must be members of Boston labor unions. This seems to dispose of any objection that may have been based on the assumption that persons employed might not be residents of Boston.

If the order is not adopted today it is very likely that it may be abandoned altogether by the Federal Government, which would be a very unfortunate result.

I earnestly urge the acceptance of the act at this special session called for today.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Coun. DOWD—Mr. President, I do not believe that that notice from the Mayor should

be left unanswered because of the fact that he perhaps assumes that all men are employed from Suffolk County. Those of us who sat in at the hearing with Mr. Peterson and the Commission and the Union representatives realize what the City of Boston is up against. In so far as his statement is concerned that work must commence on October first, I beg to state that at one o'clock I talked with Colonel Haggerty in Washington and he said if we desired an extension to November first it would be forthcoming. In other words, he is placing \$2,100,000 in the lap of the City Council and saying, "Gentlemen, you must vote on this immediately." I bring that to the attention of the Council that that statement in toto is not correct.

The communication was placed on file.

PETITIONS RECEIVED.

The following petitions were received and referred to the Committee on Claims:

Martha W. Brown, for compensation for injuries caused by an alleged defect at Congress and State streets.

Canine Catering Company of Massachusetts, to be reimbursed interest and costs on 1934 excise tax.

Nellie S. Coleman, for compensation for injuries caused by an alleged defect at Tremont street, Broadway and Shawmut avenue.

Dyer & Co., Inc., for compensation for damage to property at 112 Queensberry street, caused by Sanitary Department truck.

William C. Fennelly, for compensation for damage to car caused by an alleged defect at 13 Loring street.

Anne Forsyth, for compensation for damage to car by city truck.

Mary Mahan, for compensation for injuries caused by an alleged defect at Frost avenue and Westglow street.

John P. McGowan, for compensation for injuries caused by an alleged defect at 3 Dexter row.

Violet M. Mitchell, for compensation for injuries caused by an alleged defect in Bartlett street.

Jennie Mogavero, for compensation for injuries caused by an alleged defect at 82 Walworth street.

Bernice Roman, for compensation for injuries and damage to car by city car.

Louis J. Speyer, for compensation for damage to car caused by an alleged defect in Kneeland street.

Myrtle B. Waite, for compensation for damage to property caused by negligent maintenance of sewer on Walker street.

CONFIRMATION OF APPOINTMENTS.

Coun. AGNEW—Before recess, could we take up a couple of these matters on the calendar? The Committee on Constables moves that No. 1 on the calendar be indefinitely postponed and the committee wishes also to take No. 2 and No. 3 from the calendar.

On motion of Coun. AGNEW No. 1 on the calendar was taken up, viz.:

1. Action on appointments submitted by the Mayor April 13, 1936, of constables authorized to serve civil process upon filing bond, viz.:

Ashod Donabedian, Edmund C. Grady, St. Clair E. Hale, Thomas J. Hayes, George Katz, Emil Ober, Emil H. Ober, Kenneth Pouty, David I. Rattet, Edward J. Rockett, Maurice Rosenberg, Isreal Spector, John Sualich.

Action on the appointments was indefinitely postponed, on motion of Coun. AGNEW.

Coun. AGNEW called up, under unfinished business, No. 2 and No. 3 on the calendar, viz.:

2. Action on appointment submitted by the Mayor August 17, 1936, of Samuel C. Baker, to be a Constable, authorized to serve civil process upon filing bond.

3. Action on appointment submitted by the Mayor August 17, 1936, of Patrick J. O'Rourke and George A. Legrow, to be Weighers of Goods; and Ida B. Lavien and George F. Hartnett, to be Weighers of Coal.

The question came on confirmation. Committee, Coun. Gallagher and Selvitella. Whole number of ballots 19; yeas 17, nays 2, and the appointments were confirmed.

TRANSFER IN TREASURY DEPARTMENT.

Coun. DOWD called up, under unfinished business, No. 6 on the calendar, viz.:

6. Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Treasury Department:

From the appropriation for B-28, Expert, \$254.41, to the appropriation for A-1, Perma-

ment Employees, Clerk and Assistant Bookkeeper, 1 at \$1,600 (\$2,000) a year, \$145.35; Clerk, Pay Roll, 1 at \$1,700 (\$2,000) a year, \$109.06.

The order was passed, yeas 18, nays 0.

APPROPRIATION FOR EMPLOYMENT BUREAU.

Coun. ROSENBERG called up, under unfinished business, No. 5 on the calendar, viz.:

5. Ordered, That the sum of \$5,000 be, and hereby is, appropriated, to be expended by the Municipal Employment Bureau, under the direction of the Mayor, in the prosecution of its duties, said sum to be charged to the Reserve Fund.

The order was passed, yeas 16, nays—Coun. Shattuck—1.

TRANSFER IN PARK DEPARTMENT.

Coun. DOHERTY called up, under unfinished business, No. 7 on the calendar, viz.:

7. Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Park Department:

From the appropriation for A-1, Permanent Employees, Matrons, Pianists, etc., 129 at \$22 a week, \$2,800, to the appropriation for B-15, Motorless Vehicles, Repairs, \$200; C-6, Stable, \$50; C-13, Tools and Instruments, \$800; C-17, Miscellaneous Equipment, \$300; D-8, Laundry, Cleaning, Toilet, \$500; D-9, Educational and Recreational, \$300; D-13, Chemicals and Disinfectants, \$300; D-16, Miscellaneous Supplies, \$350.

Coun. SHATTUCK—Mr. President, I would like to ask what this item of \$2,800 for B-15, Motorless Vehicles, is for, and whether the motorless vehicles under this item will be hired in the same way I am informed the motor vehicles have to be hired by the City of Boston for the W. P. A. I am told that no one can put a motor vehicle on unless they get the O.K. of Mr. David B. Shaw, and I would like to know whether the O.K. of Mr. Shaw is necessary on these motorless vehicles as well.

President FITZGERALD—I think that that item refers to repairs, and includes not only motor vehicles but horse-drawn and other machinery along that line.

Coun. WILSON—Mr. President, we have had a large number of requested transfers and I realize that later on in the year we make the transfers whether we like it or not. A large number of requested transfers were sent in to the Executive Committee the other day and we had the Budget Commissioner there to explain the various items so far as he could, satisfactorily or not. Depending, I suppose, on how easily satisfied one is, and after spending a large amount of time on it last Monday these items, for want of further information or because they were unnecessary, or for one reason or another, were excepted from the transfers we passed last Monday. I, for one, do not care to be put in the ridiculous situation four days later of voting "Yes" on a subject as to which I do not know a single thing more today than I did when we turned them down or delayed them last Monday and if any member of the Council has any more information today on these items than we had last Monday, I think it would not be a bad idea to enlighten the Council so we can vote intelligently on them.

Coun. ROSENBERG—I move that this matter be referred to the Executive Committee and that the Budget Commissioner be sent for. Question came on the motion to refer matter to the Executive Committee. The motion was carried and the matter referred to the Executive Committee.

RECESS.

The Council voted at 3.15 p. m., upon motion of Coun. GALLAGHER, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by Coun. GALLAGHER at 4 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted reports, as follows:

1. On the message and order (referred today) for within departmental transfers that the various orders with the exception of the order transferring \$3,000 in the Sanitary Division of the Public Works Department—recommending that same ought to pass.

Report accepted; said orders passed, yeas 17, nays 0.

2. On the message and order (referred September 1, 1936), acceptance of chapter 474, Acts of 1935, for the construction of a new Suffolk Court House—recommending order ought to pass.

Report accepted; order passed.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. KERRIGAN, for the Committee on Public Lands, submitted the following:

1. Report on message and order (referred November 12, 1935) for transfer of \$25,000 from Sales of City Property account for the purchase of Land, Fiske Wharf—recommending the order ought to pass.

Report accepted. Question then came on the passage of the order.

Coun. DOWD—Mr. President, anything that any corporation tries to give to the city I am always suspicious of, especially when this parcel of land is assessed for \$200,000 and the New Haven Road wants to sell it to the city for \$25,000. At the present time the city is getting out of that piece of land from the New Haven on taxes \$6,000 a year and I don't know why the city wants to go into the real estate business; why they want to acquire any more land. We have perhaps now a thousand or twelve hundred pieces of land that we are trying to get rid of and here because it is the New Haven Railroad we want to hand them over \$25,000 for land which has depreciated largely in the last few years the same as other sections of Boston has depreciated. I cannot understand why the city wants to acquire more land and I presume if we do within the space of the next year or two we will be asked for half a million dollars to improve that land. But I am naturally very suspicious when the New Haven Railroad wants to sell the city and I do not think they ought to be given any greater privilege than the citizens of Boston. It is a bad business investment. The city is receiving \$6,000 a year from the New Haven and if we buy that land, that is money we will not receive.

Coun. MURRAY—May I ask if we need it for the park or playground.

Coun. FINLEY—Mr. President, in spite of the objection mentioned by Councilor Dowd, I believe that letter speaks for itself and I think in this particular case it is a meritorious order. The Committee on Public Lands has had that matter before them and has brought out a report that the order ought to pass and I think we should give it careful consideration and pass it. I believe it is one opportunity where the city is really making a very substantial investment.

Coun. WILSON—Mr. President, ordinarily I would also be against voting in favor of the expenditure of \$25,000 by the city to acquire more land to supplement the real estate we have already repossessed on tax sales, but I am more than impressed with the fact that the Boston Port Authority are so strongly in favor of it. I am impressed not so much by the fact that the assessment on the property has been \$200,000, because all Boston real estate is grossly over-assessed, but I am more impressed by the information that at one time this particular property was mortgaged for \$222,000. It comprises some 271,000 square feet, being waterfront property, immediately adjacent to an existing playground, and with the strong recommendation of the Boston Port Authority, I would vary from my usual attitude on these matters and feel that this property at this particular market would be obtained at a fair bargain.

Coun. SHATTUCK—Mr. President, so far as the price of the property is concerned, it seems a very reasonable price, but I am not convinced that we want the property. Of course, the City of Boston is not in the business of investing in real estate. We do not want it at any price unless we have some public purpose in view. It has been suggested that we might have a recreation pier there, but there is already one there at the adjacent playground. It has also been suggested that it might be used for commercial steamship purposes. I therefore move, sir, that the matter be postponed until the next meeting. I find that we may have further opportunity to order out what the property would be used for if acquired, and what it would cost to develop it for that use.

The motion of Coun. Shattuck to postpone the matter until the next meeting was carried.

SIDEWALK ON NEWLAND STREET.

Coun. GLEASON offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Newland street, Ward 9, in front of the estates bordering

thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under a suspension of the rule.

APPOINTMENT OF COMMITTEE.

Coun. GALLAGHER—The Chair, for the President will announce the appointment of Councilors Wilson and Tobin on the Special Committee to preambulate the boundary lines.

NEXT MEETING.

Coun. BRACKMAN—I move when we adjourn today we adjourn to meet again on September 21.

Motion carried.

STATEMENT ON COURT HOUSE.

Coun. MELLEN—I ask unanimous consent to make a statement.

Coun. GALLAGHER—If there is no objection, you may proceed.

Coun. MELLEN—We have just passed the Court House order and for the purpose of the record I would like to call attention to the fact under which labor will be hired. 50 per cent of the 1,500 estimated employees on that project will be W. P. A. men and the other 50 per cent will be hired by the contractor on the job in the usual and customary manner. All will be union men. We will be hard pressed by our constituents for jobs on that project and I would like to point out the difficulty in which we are going to be placed so far as securing jobs is concerned. 50 per cent will be from the W. P. A. and that is a good thing because they need the work, but of those 50 per cent there is no provision which says they shall not be aliens and a large proportion will be aliens. Of the other 50 per cent there are two schools of thought. The Union representative told us that he would consider the community as including twenty municipalities outside of the City of Boston. That is, twenty cities and towns outside of Boston will have the right to send men to Boston to secure jobs. Also the Court House Commission told us they couldn't put a single man to work in spite of the gentleman's agreement that we of Boston would be considered in the putting of men to work. The Union representative also told us 50 per cent outside of the W. P. A. would be put on by the contractor in the usual manner. The contractors bring a large proportion of their working force with them from job to job and in the final analysis we will be lucky if we influence 5 per cent of the men going on that job.

METROPOLITAN DISTRICT WATER SUPPLY COMMISSION.

Coun. SHATTUCK offered the following:

Ordered, That his Honor the Mayor be requested to continue his efforts to protect the interests of the City of Boston and of the water users therein, who ultimately must repay, with interest added, over 62 per cent of all the expenditures made by the Metropolitan District Water Supply Commission, and his efforts to obtain the cooperation of other cities and towns in the water district.

The order was declared referred to the Executive Committee.

Coun. SHATTUCK—Mr. President, it appears from the papers this morning that a preliminary victory may have been won; nevertheless, we cannot be certain. Furthermore, the contracts under discussion at the last meeting were only two contracts. There are many more to come. The people of Boston who use water, practically all of them, help to pay the bills of the water district because the number of people who are affected is very much broader than the number of persons who pay taxes. Many tenants who own no property and pay no real estate tax do pay a water bill and all these expenses come out of the water users in Boston and the other cities and towns in the district. There are a number of millions of dollars involved by proper savings—very likely ten to fifteen million dollars. The total authorization of bonds is \$65,000,000. Only about \$37,000,000 has been spent to date. I understand that a large part of the unexpended portion may be saved by the continuation of the care that characterized the commission up to a certain date. Therefore, it is very much to the interest of the water users to protect

their rights and protect themselves against excessive and unnecessary water charges. There are not only other contracts to come, but there are many questions of extras and extras have always been a way in which money is wasted in large quantities on construction jobs, if there is no watchful care in those matters. There are, furthermore, a number of unsettled water claims for diversion of the water and a number of unsettled claims for the acquiring of the land. To see that reasonable settlements are made of those claims is another very important matter. We must remember that we had an experience in the East Boston Tunnel and not repeat it and we must lock the door before the horse has been stolen. We would ordinarily rely upon the Water Commission for our protection, but it is clear we cannot place much reliance on that commission as reconstituted; nor place much reliance for protection on the Governor's Council. The cities and towns of the water district must rely on themselves. There should be a standing committee to protect their interest during the progress of this work and from now on every step taken by the Water Commission should be watched. I therefore hope, sir, that this body will suspend the rules and will approve the action of the Mayor in seeking to protect the interests of the water users of Boston and seeking to obtain cooperation of the other cities and towns in the water district.

The question then came on the suspension of the rules.

Coun. BRACKMAN—May I hear the order read again?

(Coun. Shattuck's order read by the clerk.)

Coun. DOWD—In view of the fact that the Governor has already called a conference, I am going to move that the matter be laid on the table for one week.

Coun. Dowd's motion to lay on the table was defeated; yeas—Coun. Dowd, McGrath, George A. Murray, Peter A. Murray—4; nays—14.

The rules were suspended, and the question came on the passage of the order.

Coun. DOWD—Mr. President, I reiterate that it is absolutely unfair to criticize the Governor, when in the statement in this morning's paper,—which I do not know is true, but presume it is,—he has stated that he will call in the commission and ask them to abrogate the contracts. Now if that story is correct, I cannot see any reason why this Council should act hastily on the matter. I do not see why any member of the Council should now criticize the Governor, and after all that is just about what the intent of this order is, and for that reason I am going to move again that it be sent to the Executive Committee.

Coun. MURRAY—Mr. President, I have the greatest faith in the chairman of the commission, who is a great Republican, and I believe Mr. Shattuck is also, but I think he should wait until he makes a decision and have a rehearing on it and I know Mr. Hultman will take care of it very nicely.

Coun. GALLAGHER—The question is on Councilor Dowd's motion to refer to the Executive Committee.

Coun. ROBERTS—Mr. President, is the question to refer to the Executive Committee at this time in order having in mind it has already been voted on?

Coun. GALLAGHER—That was before suspension of the rule was voted on. Councilor Dowd's motion is to refer to the Executive Committee.

Coun. BRACKMAN—Mr. President, on the motion, there is no reason why this order should be referred to the Executive Committee. There is no reason why we should not act on it now. This order does not criticize anyone. It calls for the Mayor of Boston to be diligent in protecting the rights of the people of Boston who have had foisted upon them 66 per cent of the expenses of the Metropolitan District Commission in any improvements. We have a right to expect protection from the Mayor and I think this order is perfectly in order at this time and one that every member of this Council should vote for.

Coun. MELLE—Mr. President, I am heartily in agreement with the previous speaker and if by voting, as I intend to do, it can be construed as a criticism of the Governor, I freely criticize the Governor.

Coun. McGRATH—Mr. President, I agree with Councilor Dowd that this order is merely to criticize the Governor and I think that within a couple of months we had an order in here to investigate another department of the city and I think at that time it was well ruled that if we cleaned house in the Council we would do very well. Now I think the Governor's Council is elected as we are and they passed on this measure and I think it would be well to let them stand the brunt of this responsibility and let us clean house here before we criticize another branch of elective office.

Coun. SHATTUCK—Mr. President, there are only two contracts involved in the news

item of this morning. Furthermore, we have had no confirmation from the Governor as to what his attitude is. It may be that those newspaper reports did not properly represent his attitude. But there are other contracts to come. We have already had an experience which indicates we must be watchful and rely upon ourselves; that unless we take the burden upon ourselves nobody will help us. Therefore, the Mayor has done well to take steps to protect the interests of the water users and to ask the cooperation of the other cities and towns.

Coun. DOWD—Mr. President, it is rather peculiar that the councilor from the Back Bay rises to criticize two months before a state election. As a matter of fact, thirty million dollars have been spent in the past and no criticism has been made in this Council up until now, two months before election, and I now charge, Mr. President, that it is not a question entirely of contracts, it is a political question wholly.

Coun. SHATTUCK—Mr. President, there has been no occasion for any criticism until within a week or two. The matter which is the subject of criticism has only just come up and this meeting and the last meeting is the first occasion when it could have been brought before the Council.

Coun. GALLAGHER—The question is on Councilor Dowd's motion to refer to the Executive Committee. The motion was lost and the question then came on the passage of the order. By a showing of hands the order was passed.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted a report recommending the passage of an order for the payment of aid to soldiers and sailors and their families for the month of September.

Report accepted; order passed.

COVERING OF GARBAGE TRUCKS.

Coun. ROSENBERG offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to instruct the Sanitary Division to have all trucks collecting garbage in Dorchester district, particularly Ward 14, covered so as to prevent the spread of disease and the unhealthy odor.

Coun. ROSENBERG—Mr. President, it has been called to my attention that the Sanitary Division, whether it is through trucks of the Sanitary Division or trucks being hired by contractors, are failing to cover up their trucks in the Dorchester district, especially in Ward 14. I believe that the presentation and the passage of this order will call the attention of the Public Works Department to this failure and they, in turn, will make the contractors live up to their contract to cover up their trucks in order to prevent the spread of disease and the unhealthy odor. They are being paid for their work and ought to render the services paid for by the city.

Passed under suspension of the rule.

SPECIAL SURVEY COMMITTEE ON PLAYGROUNDS.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to appoint a Special Committee on Playgrounds, to consist of three or more citizens of Boston and to include the Park Commissioner and Public Buildings Commissioner, which committee shall make a general survey of the city with reference to appropriate locations for playgrounds of limited area for the younger children, having in mind present traffic dangers, the present depressed values of real estate, and especially the possible availability of city-owned tax title property as well as possible government aid in construction.

Coun. WILSON—Mr. President, I have in mind that a so-called playground survey was made during the administration of Mayor Nichols; but I have in mind not so much the larger playgrounds, most of which are perhaps primarily used as twilight ball parks rather than actually playgrounds for the younger children. I have in mind playgrounds more of the so-called mothers' rest type in the congested sections of the city. I have in mind that real estate is probably at the lowest valuations that it will reach in your generation or mine; also that the city now, unfortunately, because of gross over-valuation of the properties and nonpayment of taxes, has somewhere near 1,500 parcels on its hands

with plenty more parcels to come, including, for example, the tract out in your own ward,—probably four or five hundred thousand square feet,—for which I understand there is some movement seeking the area for a playground. So I ask in these depression times, with land going for a song, with a great number of parcels of vacant land actually with title in the city, such a survey be made by a committee to be appointed by the Mayor, of course, including the Park Commissioner and probably including the Public Buildings Commissioner, who should know all about the tax title properties which are now in his possession and having in mind the laying aside of small areas for playground purposes in the various sections of the city for the younger children to keep them off our automobile laden streets. I might state the present Mayor of New York City proceeding along this basis has already selected some fifty to seventy-five such locations.

Passed under suspension of the rule.

INFORMATION REGARDING CITY-OWNED TAX TITLE PROPERTY.

Coun. WILSON offered the following:

Ordered, That the Public Buildings Commissioner be requested, through his Honor the Mayor, to furnish the following detailed information incident to any further requests for leave to sell any parcels of city-owned tax title property viz.: (1) the assessed value of the parcel for the year of original tax sale; (2) the most recent assessed value; (3) the area of the parcel; (4) whether same is vacant land and, over the signature of the City Collector, (5) the total amount due the city and unpaid, each year to date, including A, taxes; B, assessments or betterments, C, interest; D, costs; E, water liens; F, Land Court costs; and, also, G, the amount of money spent on such property since title was taken by the city, whether for repairs, alterations, or demolition and including both city and Federal expenditures.

Coun. WILSON—Mr. President, I offer that order at this time primarily for the benefit of the joint Committee on Public Lands and Tax Title Property. I personally believe and I assume every member of the Council agrees with me, that the question of this tax title property is a serious proposition for, as I have stated, we already hold some twelve or fifteen hundred parcels and the parcels which have been sold for taxes and which are being put through the Land Court and are coming through monthly numbering hundreds more involving taxable property which before the close of the year will be upwards of some two million dollars of assessable property. Now, my understanding of the ordinance which was passed by the Council a year ago next month for the maintenance and especially for the prompt disposition of this real estate that has been tossed back into the lap of the city, calls for sales of the various parcels as rapidly as may be so that they will be turned back into producible property with taxes again being paid the city. I regret to state that since October 7, when we passed that ordinance and down to the present time, the Committee on Public Lands has had a grand total of thirteen out of twelve or fifteen hundred-odd parcels before it to report back as to sale or other disposition. Almost invariably all the information that the committee receives is the location of the property, perhaps the area, the fact that a certain amount is owed the city for taxes only and without interest, and it is very apparent to members of the committee, certainly from what I have heard, that the Law Department figures do not agree with Mr. Hall, the Building Commissioner's figures, and the Building Commissioner's figures seldom, if ever, are within fifty or one hundred dollars and never agree with the official figures in the City Collector's office. This committee to properly pass on these orders for the sale of land, to guide it, should have before it further information such as the assessed value of the property and the real amount now due the city, not including just the bare item of taxes, but accrued interest to date, liens if any, Land Court costs, and so forth. Now, that is an item I would assume under any proper management should be readily available, and I am asking on any further orders that come through to this Council a schedule showing in each case that information that should be before the committee, should be handed over to the committee and I raise that point at this time, because those members of the Council who are not on that committee may not realize it, but starting fairly soon, if Mr. Hall's department is on the job, that particular committee will be bringing these parcels out for disposition six to twelve every Monday that we meet.

Passed under suspension of the rule.

TRAFFIC LIGHTS IN FRONT OF SCHOOLS.

Coun. McGRATH offered the following:

Ordered, That the Mayor be requested to place traffic lights in front of all schools in Boston and to set them up as a W. P. A. project.

Coun. McGRATH—That is a pretty good order, Mr. President. We cannot get any money from the Mayor except when he wants to take it from his Reserve Fund regardless of how instructive the order may be from the Council. I have in mind in this order parochial schools, for instance. They educate a great many children of the City of Boston, relieving the taxpayers of quite a huge sum of money in the course of a year. I have quite a lot of parochial schools in my ward and I think it would be a good idea if they put a few lights in front of the parochial schools that do so much good to relieve the taxpayers.

Passed under suspension of the rule.

Adjourned at 4.45 p. m., on motion of Coun. WILSON, to meet on Monday, September 21, at 2 p. m.

PROCEEDINGS OF CITY COUNCIL.

SPECIAL MEETING.

Thursday, September 10, 1936.

Special meeting of the City Council, held in the City Council Chamber, City Hall, at one o'clock p. m., President FITZGERALD in the chair, and a quorum present.

JURORS DRAWN.

Jurors were drawn, the Mayor absent, by Coun. ROBERTS, as follows:

Sixty-five traverse jurors, Superior Criminal Court, to appear October 5, 1936:

George E. Carpenter, Ward 1; Robert Fareoli, Ward 1; James Indingaro, Ward 1; William J. Kavin, Ward 1; James H. Boyd, Ward 2; William R. Carver, Ward 2; Thomas J. Higgins, Ward 2; John F. Rock, Ward 2; Joseph J. Morrissey, Ward 3; Joseph T. Sullivan, Ward 3; Kendall C. Crossfield, Ward 4; John Hayes, Ward 4; John Moore, Ward 4; Louis B. Peck, Ward 4; James A. McDonald, Ward 5; William A. Sullivan, Ward 6; Frank J. Palmer, Ward 7; Thomas F. Riley, Ward 7; John McGuire, Ward 9; John L. Day, Ward 10; Thomas J. Flanagan, Ward 10; Benjamin G. Bates, Ward 11; James Butler, Ward 11; John S. Foster, Ward 11; Earl W. Mace, Ward 12; Frank L. Bamford, Ward 13; Charles C. Buckley, Ward 13; Harold R. Caro, Ward 14; Harold Frank, Ward 14; John B. Gibbons, Ward 14; Robert Hootstein, Ward 14; Mandell E. Locke, Ward 14; James F. Allen, Ward 15; John Davis, Ward 15; Lester P. Hattenburg, Ward 15; Arthur B. Raymond, Ward 15; George H. Donovan, Ward 17; John H. Griffin, Jr., Ward 17; William A. Schall, Ward 17; John C. Stockman, Ward 17; Elmer H. Davenport, Ward 18; Ralph R. Green, Ward 18; Frank A. Kierman, Ward 18; William J. Lane, Ward 18; Albert Morse, Ward 18; Charles D. Osborne, Ward 18; Vincent G. Rose, Ward 18; Nathaniel H. Trafton, Ward 18; John J. Butler, Ward 19; Frank Panarello, Ward 19; Peter T. Campbell, Ward 20; Charles E. Cummings, Ward 20; George J. Flight, Ward 20; Albert H. Nelson, Ward 20; William A. Sullivan, Ward 20; Richard J. Chambers, Ward 21; Charles B. Cane, Ward 21; Joseph Lipson, Ward 21; Franklin H. Lord, Ward 21; Samuel A. Swartz, Ward 21; Thomas J. Begley, Ward 22; Charles Cardona, Ward 22; Kenneth J. Hanly, Ward 22; Everett L. McLeod, Ward 22; Thomas J. Tully, Ward 22.

Ninety-six traverse jurors, Superior Civil Court, October Sitting, to appear October 5, 1936:

Ernest P. Caggiano, Ward 1; Wilbur F. Harris, Ward 1; Percy H. Mortimer, Ward 1; John Peter O'Regan, Ward 1; Edward J. Shafer, Ward 1; Garfield B. Smith, Ward 1; John F. Brady, Ward 2; John E. Coughlin, Ward 2; John G. Dolber, Ward 2; Daniel McCabe, Ward 2; Daniel P. Mitchell, Ward 2; Harry Roche, Ward 2; Albert E. Wilde, Ward 2; Richard Maccini, Ward 3; Walter J. Merrill, Ward 3; Frank A. Thompson, Ward 3; Edward C. Chase, Ward 4; John P. Dineen, Ward 4; Michael J. Driscoll, Ward 4; William H. Howard, Ward 4; Albert A. Hussey, Ward 4; George R. MacPhail, Ward 4; Mathew Lipman, Ward 5; Max Miller, Ward 5; William Davis Taylor, Ward 5; Charles Carroll, Ward 6; Francis J. Fahey, Ward 6; Daniel J. MacDonald, Ward 6; John F. Pender, Ward 6; John Pierce, Ward 6; Nicholas J. Connolly, Ward 7; George E. Devereaux, Ward 7; James P. Hoar, Ward

7; Frank Medeiros, Ward 7; William C. O'Connell, Ward 7; James F. Biggin, Ward 8; John J. Mahoney, Ward 8; Edward J. Ronan, Ward 8; William J. Scollard, Ward 8; Herbert P. Barton, Ward 9; George R. MacDonald, Ward 9; Joseph Roache, Ward 9; Thomas Smith, Ward 9; Arthur F. Ward, Ward 9; Benedict S. Edmonds, Ward 10; Henry A. Green, Ward 10; Joseph D. McCarthy, Ward 10; Arthur J. Petchey, Ward 10; Peter F. Walsh, Ward 10; Horace T. Day, Ward 11; John J. Keane, Ward 11; Leo Lohrer, Jr., Ward 11; Harry P. Chase, Ward 12; Arthur J. Daniels, Ward 12; Maurice C. Chessler, Ward 13; Paul R. Daniels, Ward 13; William H. Durant, Ward 13; Charles F. Johnson, Ward 13; Howard R. Logan, Ward 13; Louis Black, Ward 14; Harry H. Brown, Ward 14; Ferdinand L. Kral, Ward 14; Michael Sochin, Ward 14; Charles A. Davidson, Ward 15; Frank A. Johnson, Ward 15; Edward T. Morris, Ward 15; Frank K. Rablin, Ward 15; Frank R. Sylvester, Ward 15; Charles F. Anderson, Ward 16; Reginald Irving Bateman, Ward 16; Alexander A. Campbell, Ward 16; Raymond B. Avery, Ward 17; James H. Brady, Ward 17; Lester J. Cummings, Ward 17; Harold C. Dicker, Ward 17; Frank W. Chase, Ward 17; George H. Drummond, Ward 17; George C. Boultenhouse, Ward 18; Thomas J. Martin, Ward 18; George W. Wall, Ward 19; Thomas J. Kelly, Ward 19; Thomas F. Morgan, Ward 19; Charles H. Watson, Ward 19; Joseph D. Andrews, Ward 20; John J. McGowan, Ward 20; Frederick Schortmann, Ward 20; William D. Eldridge, Ward 21; Harry A. Haynes, Ward 21; Isaac Lazarus, Ward 21; Richard G. Mahoney, Ward 21; Stanley C. Penton, Ward 21; Horace P. Sprague, Ward 21; Joseph M. Hanlon, Ward 22; Louis Sunderland, Ward 22; William J. Walsh, Ward 22; Irving H. Moran, Ward 22.

Adjourned at 1.45 p. m.

JAMAICA SPENDS \$1,000,000 ANNUALLY ON ROAD CONSTRUCTION AND MAINTENANCE.

Jamaica, an English possession, has a highway system which is almost entirely constructed of waterbound macadam, some 70 miles of which has been surface-treated. Many of the roads are under the supervision of the Department of Public Works and various parochial boards. There are about 2,500 miles of bridle and foot paths. The highway system connects all parts of the island in a very satisfactory manner, and the problem is not that of the construction of new roads, but the improvement of old ones, the surfacing and widening of these roads, and protective coatings. The roads are well maintained and, as there are not many heavy trucks, the maintenance is satisfactory. There are approximately 4,000 miles of highways, or 1.11 square miles of area to one mile of highway.

About a million dollars per year is spent on new construction and maintenance, the machinery used being both European and American.

(From a report of the American Road Builders' Association.)

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white, 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of \$1,200-plus up to \$200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of \$400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

PROFITABLE MUNICIPAL MARKETS.

Municipal markets, "white elephants" in many cities, can be made self-supporting and even profitable, according to recent reports on two of them. The Department of Public Markets of New York City reports that within the administration of its present Mayor, Fiorello LaGuardia, the city's markets have changed from inefficient and expensive undertakings into profitable investments. The Benton Harbor, Mich., municipal fruit and vegetable market is described as doing a three-million-dollar annual business by its City Manager in the February issue of "Public Management."

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN SPRING STREET BROOK IN BAKER STREET, HART STREET AND PROSPECT STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Spring Street brook in Baker street, Hart street and Prospect street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Spring Street Brook, etc.," and left at Room 508, fifth floor City Hall Annex, before 12 m., of Thursday, October 8, 1936, with a certified check for thirteen hundred (1,300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Sept. 19.) Commissioner of Public Works.

SUFFOLK COUNTY COURT HOUSE COMMISSION.

ADVERTISEMENT FOR BIDS FOR ALL WORK IN CONNECTION WITH THE DEMOLITION OF THE NORTH END OF SUFFOLK COUNTY COURT HOUSE, MASSACHUSETTS PROJECT No. 1142-R.

NOTICE TO CONTRACTORS.

Sealed proposals for all work in connection with the demolition of the north end of the Suffolk County Court House, will be received at the office of the Suffolk County Court House Commission, Rooms 802-803, No. 1 Beacon street, Boston, Mass., until 2 o'clock, Eastern Standard Time, Tuesday, October 6, and at that time will be publicly opened and read. On Tuesday, September 22, plans and specifications may be obtained from the architect, Desmond & Lord, No. 1 Beacon street, Boston, upon deposit of certified check for one hundred dollars (\$100), made payable to Desmond & Lord. Said sum will be refunded to all but the successful bidder if documents are returned in good condition within seven days after the opening of bids. Documents and drawings may be examined at the office of Brown's Letter Corporation, No. 38 Chauncy street, Boston.

Bids must be accompanied by a certified check in the sum of four thousand dollars (\$4,000), made payable to the Suffolk County Court House Commission. The certified check of all but the three low bidders will be returned within three days after the opening of the bids.

The project is to be financed under the terms of the Emergency Relief Appropriation Act of 1935, and chapter 474 Massachusetts Act of 1935, and attention is called to the "Construction Regulations" prescribed by the P. W. A.

Attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents. The office of the United States Employment Service designated by the Government for this project is National Re-employment Service, Edward L. Hanna, Manager, No. 100 Nashua street, Boston.

The right is reserved by the Commission to reject any or all bids, to waive any informalities and no award can be made without the approval of the State Director, P. W. A.

A surety bond in an amount equal to one hundred (100) per cent of the contract price will be required.

SUFFOLK COUNTY COURT HOUSE COMMISSION.
(Appointed under Chapter 474, Acts of 1935.)
(Sept. 19-26.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING UNIFORM OVERCOATS TO THE FIRE DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing to the Fire Department, Bristol street, uniform overcoats as per specifications to be obtained at the Supply Department, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. Delivery to be made as required. The bidder must use the form of proposal to be obtained at said office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Friday, October 2, 1936, at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Sept. 19.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING WEED CHAINS, ETC., TO THE VARIOUS CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, Weed chains, etc., as per specifications to be obtained at the Supply Department, Room 801, City Hall Annex. Delivery to be made as required. The bidder must use the form of proposal to be obtained at said office, and the successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. Bids with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Tuesday, September 29, 1936, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

SUPPLY DEPARTMENT.

PROPOSALS FOR AUTOMOBILE MOTOR OIL.

The Supply Department of the City of Boston invites proposals for furnishing automobile motor oil, as required, to the various city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. Bids with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before 12 m., Thursday, October 1, 1936, at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Sept. 19.) Superintendent of Supplies.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 28.

SATURDAY, SEPTEMBER 26, 1936.

No. 39

MANY RESIDENTS OF BOSTON APPLICANTS FOR OLD AGE ASSISTANCE UNABLE TO BE AIDED BY WELFARE DEPARTMENT, ACCORDING TO DIRECTOR DOWLING—MORE THAN 1,000 SUCH UNABLE TO PROVE AGE OR CITIZENSHIP AND THOUGH WORTHY THUS MUST STILL BE CARRIED ON WELFARE ROLLS—SLIGHT INCREASE IN ADDED CASES DURING WEEK INDICATED.

Boston's Welfare Department is facing a distressing problem in the matter of the administration of the old age aid, according to announcement by Director John C. L. Dowling. It has been discovered that more than 1,000 persons on the welfare rolls who are applicants for old age assistance are unable to be placed on the rolls because of lack of a birth certificate and, in some cases, cannot prove their citizenship. All these have still to be carried as welfare recipients.

According to Mr. Dowling, many of these residents are unable to find records of their births. Others are having difficulty in proving themselves to be legal residents of the Commonwealth. Some cannot prove that they are citizens of the United States.

All will have to continue as recipients of welfare relief unless they can meet with the requirements of the law which provided for payment of this compensation, Mr. Dowling said.

A total of 1,100 persons are now receiving old age assistance payments through the Boston Welfare Department. Since September 1, when the age limit was reduced from 70 to 65, weekly savings of \$5,500 have been effected in welfare expenditures because Boston pays only one-sixth of the cost of old age assistance.

The number of active cases on the welfare rolls in all divisions at the end of the week closing September 12, 23,631, and this week 23,773, with 27,566 for the same week of last year. The figures for the week are as follows:

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, September 28, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To the BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To the BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To the COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To the HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To the BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To the SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To the DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To the BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To the STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To the WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To the BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land in the Hyde Park district, for playground purposes, bounded and described as follows:

Beginning at a point on the southerly side of Westminster street at the northeasterly corner of the lot of land on the easterly side of Huntington avenue and the southerly side of Westminster street, thence running easterly along the proposed southerly line of Westminster street approximately six hundred and seventy feet, thence running southerly along the westerly line of a proposed street approximately eight hundred and ninety feet, thence running westerly approximately six hundred and ninety-five feet, thence running northerly by the rear of the lots on the easterly side of Huntington avenue approximately seven hundred and sixty-three feet to the point of beginning and the entire tract containing approximately 12.7 acres; substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 11 o'clock a. m., of June 9, 1936, and the office of this Board as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest:

CORNELIUS A. REARDON,
Secretary.

In Board of Street Commissioners of the City of Boston, August 21, 1936.

Whereas, The Board of Street Commissioners has passed the aforesaid order of notice and has caused a copy of said order to be published May 23 and 30, 1936, in the *City Record*, and has given the public hearing, notice of which was given in said order; and

Whereas, The Park Department of the City of Boston, with the approval of the Mayor, has selected, designated and requested the Board of Street Commissioners of said city to take for said city for playground purposes the land hereinafter described, in that part of Boston formerly Hyde Park; it is

Voted, That the Board of Street Commissioners of said City of Boston, acting under the provisions of chapter 486

of the Acts of the Legislature of 1909 and chapter 79 of the General Laws and all other authority thereto enabling, hereby takes in fee for said city, for playground purposes, the following described parcel of land, including the trees, buildings and other structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Suburban Realty Corporation, bounded:

Northwesterly by Westminster street, six hundred eighty-one and 47-100 feet; northeasterly by Ayles road, eight hundred ninety-nine and 46-100 feet; southerly by land supposed to belong to Kelley, to Siebert, to Chittick, by Reddy avenue, by land supposed to belong to McConnell, to McWhinney, by Rosa street, and by land supposed to belong to Suffolk Co-operative Bank, by five measurements, sixty-five and 67-100 feet, three hundred fifty-three and 34-100 feet, fifty and 12-100 feet, forty and 7-100 feet and one hundred eighty-nine and 86-100 feet; southwesterly by land supposed to belong to Brown, to Forsyth, to Bramante, to Brown, to Casey, to Gerry, to Chalmers, to Cass and to Scott, seven hundred eighty and 90-100 feet, containing five hundred sixty-seven thousand seven hundred and forty-six square feet, more or less.

Said parcel is shown on a plan marked "City of Boston, Ayles road, Westminster street, Hyde Park, April 17, 1936, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that the undermentioned estate sustains damages by the taking made for playground purposes on Ayles road and Westminster street, Hyde Park district, under the order of the Board of August 21, 1936, in the amount hereinafter mentioned, and awards said amount therefor.

Suburban Realty Corporation, 567,746 square feet, \$10,000.

CONTRACTS AMENDED.

P. J. Cantwell & Son have been allowed to amend the contract for alterations, etc., at the Washington Irving School, by striking out the word and figures "September 7, 1936," on page 4, section 4, and substituting therefor the word and figures "October 17, 1936," so that said section 4 on page 4 shall read: "The contractor shall carry on the work with due diligence and dispatch and shall bring the work to entire completion as defined in the specifications on or before October 17, 1936, and shall be liable in damages for any failure to so do, all as defined in the specifications."

ADDITIONS TO CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

John Bowen Company has been allowed to add as follows to the contract for the Washington Irving School: For furnishing and installing additional supports for extra large sinks to act as stiffeners, \$148.50, approved by the P. W. A., and the amount of \$148.50 will be added therefor, making the account as follows: Contract price, \$717,500; total additions, \$1,293.77; total deductions, none; amount of contract, \$718,793.77.

Approval has been given for an order of change, making an addition in the sum of \$5,309.20, to the contract of the Rugo Construction Company, Incorporated, for the erection and completion of the altera-

tions and addition to the South Boston High School. In the alterations of the present building it was found that the main water supply was under the basement floor and, as disintegration had started, it would only be a short period before the whole floor would have to be taken up at a considerable expense. To install a new 2-inch brass water main on the ceiling of the basement in the present buildings and connect all existing risers and fixtures; also rearrange supply piping for custodian's room, the price for this installation is \$2,824.30; the floor of present boys' and girls' lunch rooms, teachers' lunch room and passageway between lunch rooms is in such shape that a new floor is badly needed and for furnishing and installing an asphalt tile floor at these locations the price is \$2,484.90; total addition, \$5,309.20.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe and a surface drain of 15-inch and 18-inch pipe (W. P. A. Project 65-14-4953, Work Project 9659) in Metropolitan avenue, between Dale street and Maynard street, in the Hyde Park and West Roxbury districts, at an estimated cost of \$42,000.

A surface drain of 10-inch and 15-inch pipe and three catch-basins (W. P. A. Project 65-14-4953, Work Project 9660) in Weybosset street, between Cummins Highway and Mariposa street, in the Hyde Park and Dorchester districts, at an estimated cost of \$8,500.

A sanitary sewer of 12-inch pipe (to be built in old taking) in Hibbard avenue (northerly side), between 150 feet east of Pleasant Hill avenue and Washington street, in the Dorchester district, at an estimated cost of \$3,000.

A sanitary sewer of 10-inch pipe (W. P. A. Project 65-14-4953, Work Project 9661) in Forest avenue, between Linden street and 180 feet northerly, in the Hyde Park district, at an estimated cost of \$4,663.

A sanitary sewer of 15-inch pipe (W. P. A. Project 65-14-4953, Work Project 9659) in private land (100 feet west of Providence street), between Dale street and Metropolitan avenue, in the Hyde Park district, at an estimated cost of \$700.

A sanitary sewer of 10-inch pipe (W. P. A. Project 65-14-4953, Work Project 9661) in Linden street, between Metropolitan Park land and Forest avenue, in the Hyde Park district, at an estimated cost of \$10,810.

A surface drain of 4 feet by 6 feet and one catch-basin; the surface drain to be built of concrete (Davenport Brook), in Pleasant Hill avenue, between Hibbard avenue and Morton street, in the Dorchester district, at an estimated cost of \$27,000.

PITTSBURGH'S TRAFFIC SAFETY RECORD.

Pittsburgh has been adjudged the safest city in the United States in 1932, and the second safest in 1933 and 1934 among cities with populations over 500,000. Registrations in the city increased 4.4 per cent, gasoline consumption 7.7 per cent. In 1935, despite a 2.4 per cent decrease in traffic volume, adult fatalities increased 30 per cent, total fatalities 24 per cent, as compared with 1934.

TRAFFIC COMMISSION RULINGS.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston, as adopted by the Boston Traffic Commission on October 31, 1935, and on November 6, 1935, are amended as follows, for a trial period of sixty (60) days, effective September 28, 1936:

Section 8, Part 2, is amended by striking out the following:

Beacham Street, Charlestown.

East side, from West street to Main street, twenty-four hours.

Section 8, Part 2, is amended by adding the following:

Beacham Street, Charlestown.

Both sides, from West street to Main street, twenty-four hours.

Greenley-Place, West Roxbury.

Southeast side, twenty-four hours.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

PROOFREADER, BOSTON PRINTING DEPARTMENT, OCTOBER 31, 1936.

Last date for filing applications, Saturday, October 17, 1936, at 12 noon.

This examination is open to both males and females.

Salary: \$42.25 a week.

Duties: To detect errors in manuscripts and make suggestions to improve phraseology of questionable subjects. To read and revise printed matter with both speed and accuracy. Applicants should be familiar with proofreaders' marks, type faces, spacing, punctuation, and general office customs of a printing plant.

Entrance Requirement: Applicants must have one year's experience as a proofreader in a printing office.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: At least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

COPYHOLDER, BOSTON PRINTING DEPARTMENT, OCTOBER 31, 1936.

Last date for filing applications, Saturday, October 17, 1936, at 12 noon.

This examination is open to both males and females.

Salary: \$29 a week.

Duties: To assist the proofreader in the reading of manuscripts or copies, and in checking and passing on printed proof of matter. To be capable of reading the author's manuscript and interpret the full meaning of the author's intentions. To observe delineations and corrections in original copy.

Entrance Requirement: Applicants must have at least one year's experience as a copyholder.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject in order to become eligible.

PROCEEDINGS OF CITY COUNCIL.

Monday, September 21, 1936.

Regular meeting of the City Council of the City of Boston, held in the City Council Chamber at two o'clock p. m., President FITZGERALD in the chair, and all the members present.

APPOINTMENTS BY THE MAYOR.

The following was received:

City of Boston,
Office of the Mayor, September 21, 1936.
To the City Council.
Gentlemen,—Subject to confirmation by your Honorable Body I hereby appoint the following named as weighers of goods:

Weighers of Goods: John Kazanjian, 25 Blakely road, Medford Mass.; Charles Kieser, 7 Bentham road, Dorchester, Mass.; Samuel Bagdasarian, 117 Dexter avenue, Watertown, Mass.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Laid over for one week under the law.

VETO OF SIDEWALK, NEWLAND STREET.

The following was received:

City of Boston,
Office of the Mayor, September 16, 1936.
To the City Council.
Gentlemen,—I return herewith disapproved and without my signature an order adopted by your Honorable Body on September 4, 1936, for the making of a sidewalk, with granite edgestones, along Newland street, in Ward 9.

I am informed by the Commissioner of Public Works that there are no funds available at the present time for this construction. Under the circumstances I am constrained to veto the order.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

CONTRACTS AWARDED BY THE METROPOLITAN WATER SUPPLY COMMISSION.

The following was received:

September 16, 1936.
To the City Council.
Gentlemen,—I have the order passed by your Honorable Body on September 4, requesting me to continue my efforts to protect the interests of the City of Boston in the matter of certain contracts awarded by the Metropolitan District Water Supply Commission.

Since the passage of this order I called a conference at my office of representatives of all the cities and towns included in the district, the result of which was the formation of a standing committee, consisting of the mayors of each of the cities and the chairmen of the Boards of Selectmen of each of the towns, to cooperate with Boston, not only in the matter of the Quabbin Dam contracts, but in all the proposed expenditures of the commission which might affect those cities and towns.

I also appeared at a hearing being conducted by the Attorney General, and there rectified the facts and gave my views as to the Quabbin Dam contracts, which I have urged the Attorney General to cancel and to declare null and void.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

BLINKERS AT SULLIVAN AND MAIN STREETS.

The following was received:

City of Boston,
Office of the Mayor, September 21, 1936.
To the City Council.
Gentlemen,—I transmit herewith a letter from the Traffic Commissioner relative to your order of August 3, 1935, concerning the advisability of placing blinker lights at the corner of Sullivan and Main streets, in Ward 2.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Traffic Commission, September 15, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of memorandum dated August 10, 1936, from Assistant Secretary Bernard J. Dunn, with attached order submitted by Councilor Mellen, dated August 3, 1936, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to consider the advisability of placing blinker lights at the corner of Sullivan and Main streets, Ward 2, to prevent further accidents at this point."

There is no money available for the erection of traffic signals at the present time.

The accident frequency at Main and Sullivan streets is low in relation to many other intersections throughout Boston.

At this time I would not recommend the installation of traffic control signals at Main and Sullivan streets.

Respectfully yours,

WILLIAM P. HICKEY,
Commissioner.

Placed on file.

SIDEWALK, FRANKLIN PARK ENTRANCE.

The following was received:

City of Boston,
Office of the Mayor, September 16, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the chairman of the Park Department relative to your order of September 1, 1936, concerning the constructing of a granolithic sidewalk at the Columbia road entrance to Franklin Park.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Park Department, September 9, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of September 4, with inclosure, order from the City Council that the Park Commission be requested to construct a granolithic sidewalk at the Columbia road entrance to Franklin Park.

I am pleased to inform you this department has a W. P. A. project to that effect, and which, if accepted by the Federal authorities, will comply with the request of the City Council.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

RENDERING PLANT LICENSES.

The following was received:

City of Boston,
Office of the Mayor, September 16, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Health Commissioner, with inclosures, relative to your order of September 1, 1936, concerning the closing of slaughter houses and rendering plants now operating without license from Mayor and Council.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Health Department, September 9, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—Receipt is hereby acknowledged of the communication from your Honor transmitting a copy of the order of the City Council of September 1, calling for information from "each of the City Officials" as to the reason why he has not closed "slaughter houses and rendering plants, now operating in Boston without license from the Mayor and Council."

In reply I would state that in this matter the Health Commissioner has been governed by the opinions of the Corporation Council expressed by him in his communication to your Honor, dated November 30, 1935, a copy of which is herewith inclosed.

It is to be observed that in the concluding paragraphs of page 4 of the Corporation Council's letter he states specifically that no duty to take action in this matter is imposed by law on the Health Commissioner.

I would also call attention to the inclosed copy of a report on this subject addressed by the Health Commissioner to Mr. John F. Gilmore, assistant secretary, under date of October 1, 1935.

Respectfully,

WILLIAM B. KEELER, M. D.,
Health Commissioner.

City of Boston,
Health Department, October 21, 1935.
John F. Gilmore,
Assistant Secretary, Mayor's Office.

Dear Sir,—Receipt is acknowledged of your communication of October 7 transmitting the order of the City Council, dated October 7, 1935, and reading as follows:

"That the Health Commissioner be requested, through his Honor the Mayor, to inform the City Council as to why slaughter houses, rendering establishments, etc., are permitted to operate without a license as required under the General Laws, chapter 111, section 151."

No slaughter houses, except chicken killing places, are operated in Boston elsewhere than in Brighton at the location where the right to operate is recognized by specific statutes.

A rendering plant is being operated at Spectacle Island pursuant to the conditions of a contract of the city with Coleman Brothers.

The right to operate a rendering plant duly obtained in accordance with section 151 of chapter 111 and perhaps also acquired prior to 1871 is

vested in the owners of Ward's Island, adjacent to the Spectacle Island plant. This right is not at present being exercised.

There are a few, less than a dozen, rendering plants operating in the city under permits granted pursuant to section 151 of chapter 111 and correlated statutes, or by virtue of rights antedating these statutes.

There are probably to be found operating in the city modern industrial processes, in numbers running up into the hundreds, to which the dictionary definition of "rendering" might be applied and even more to which the terms "noisome or offensive trades" might be applied, which terms are to be found coupled with "rendering" in the law.

Over 10,000 complaints a year alleging the existence of nuisances, more than thirty every working day, are received by the Sanitary Division of the Boston Health Department. Among them are always complaints that specified local industrial enterprises are a "nuisance and a menace to health." Always conspicuous among alleged nuisances are food processing establishments, restaurants, bakeries, candy factories, coffee-roasting establishments, etc. The Dehydrating Process Company's plant in South Boston, which was the subject of a previous report to the City Council, is such a food-processing factory. Its manufacturing processes cannot be construed as "rendering" by any conceivable stretching of the dictionary definition of "rendering." Complaints, describing its odors as nauseating, are identical in their phraseology with complaints which come to us from office buildings because of odors from any restaurant kitchen. Moreover, no more complaints have been made regarding this South Boston factory than in the cases of some restaurants before conditions were remedied or the restaurant driven out of business.

Probably next in numbers to complaints about "nauseating odors" from restaurants (restaurant kitchens) and other food-processing establishments come complaints about "noisome" odors from other factories of various kinds, paint shops, etc. In the great majority of the industrial processes, however, to which the terms "rendering" or "noisome" trades are applicable, the odors are so controlled that neighbors do not know of their existence nor does the Health Department.

In cases where justifiable cause for complaint is found by the Health Department, experience has shown that by exercising its authority to "abate a nuisance" the Health Department may expect to be successful in forcing the adoption of remedial devices or in driving the industry out of business.

The permit contemplated in section 151 of chapter 111, and in correlated statutes, actually grants to somebody the privilege of maintaining a nuisance. The law dates back to the time when the creation of a nuisance was regarded as unavoidable in the operation of, for examples, a slaughter house, a soap factory or a glue factory. This is no longer so. Modern devices exist for successfully controlling all such nuisances. In order to avoid having to deal with licensees holding a permit, express or implied, to maintain a nuisance it has been my policy to refuse, so far as found possible, to grant any permits either under sections 151 or 154 of the chapter 111 or any other provisions of law, or pursuant to any departmental regulations which have been promulgated with the approval of the Corporation Councils in the past.

Occasionally, for some special reason, a permit has been granted by me under the authority of section 151 of chapter 111.

It is to be observed in this connection that I recently approved an application for the location for the carrying on of the rendering of "bones, meat, scraps and tallow" at Spectacle Island, no objection having been made by the adjacent property owners. It is to be noted that this application was approved for the location only on property where the right to operate a rendering plant already exists and probably existed prior to the enactment of present laws.

The policy of avoiding the issuance of permits under the authority of the laws above mentioned in order to be better able to deal with objectionable conditions as nuisances did not originate with me as Health Commissioner. This policy, to my personal knowledge, antedates the present organization of the Boston Health Department. I, as Health Commissioner, have merely continued a policy which I found in operation and which, to the best of my knowledge and belief, has secured the approval of various Corporation Councils although with the time which I have had available since receiving your communication, I have been unable to locate in old records in the basement vaults any written opinions of the Corporation Councils with respect to this policy.

In conclusion I may predict that the State Commission appointed by the Governor to revise the Health Laws of the state will recommend to the next Legislature radical changes in the methods of controlling potential nuisances in modern industries.

Very truly yours,
F. X. MAHONEY, M. D.,
Health Commissioner.

November 30, 1935.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—I have received a memorandum from your office dated November 1, 1935, with which was submitted a letter addressed to

you by Dr. Francis X. Mahoney, Health Commissioner, requesting my opinion with reference to various matters concerning the Dehydrating Process Company.

In his letter to you Doctor Mahoney requests my opinion as to the answer to each of seven questions specifically stated. I shall give that opinion in the order in which the questions are put.

1.

"Is the Dehydrating Process Company's factory on Mt. Washington avenue a 'rendering plant' within the meaning of section 151 of chapter 111 of the General Laws?"

Section 151 of chapter 111 of the General Laws provides as follows:

"No person shall occupy or use a building for carrying on the business of slaughtering cattle, sheep or other animals, or for a melting or rendering establishment, or for other noxious or offensive trade and occupation, or permit or allow said trade or occupation to be carried on upon premises owned or occupied by him, without first obtaining the written consent and permission of the mayor and city council, or of the selectmen, or, in any town having a population of more than five thousand, of the board of health, if any, of the town where the building or premises are situated. This section shall not apply to any building or premises occupied or used for said trade or occupation on May eighth, eighteen hundred and seventy-one; but no person who used or occupied any building or premises on said date for said trades or occupations shall enlarge or extend the same without first obtaining the written consent and permission of the mayor and city council or the selectmen, or, in any town having a population of more than five thousand, of the board of health, if any."

Said section prohibits, among other things, the occupation or use of buildings in Boston, with certain exceptions, for a melting or rendering establishment without first obtaining the written consent of the Mayor and City Council.

The problem presented by the Health Commissioner is whether or not the Dehydrating Process Company's plant on Mt. Washington avenue is a "rendering establishment" within the meaning of that term in section 151.

Doctor Mahoney states, with reference to the nature of the activities carried on at said plant, the following:

"A factory of a company known as the Dehydrating Process Company is located on Mt. Washington avenue, South Boston. It is a food-processing factory. It receives the fresh residue after fillets are cut from haddock, cod, and some other fish, grinds and boils this material and then dries or 'dehydrates' it. The finished product is so-called 'fish meal,' a mealy material with an odor resembling that of a fresh oyster stew. The product is used as an animal food and, to some extent, also for human consumption. There are no by-products to the process. Reports to this effect are erroneous. There is no extracting of fish oil or other substances nor are there any wastes except rarely by reason of accidental spoilage of material before it is cooked. The product is practically boiled and dried fresh fish."

No definition of a "rendering establishment" is given by legislation. Webster's Dictionary defines the verb "render" as follows:

"to melt down, to extract or clarify by melting; as to render lard, oil, etc."

and the Century Dictionary gives the following definition of the verb "render":

"to reduce; try out; clarify by boiling, or steaming; said of fats; as kettle-rendered lard."

The activities carried on at the plant of the Dehydrating Process Company, as described by Doctor Mahoney, consist primarily of cooking fish and then drying out the water.

Based on the foregoing it is my opinion that this process is not the process of rendering and that the plant is not a "rendering establishment" within the meaning of that term as used in said section 151.

2.

"If it is a 'rendering plant,' what procedure, if any, is the Health Commissioner called on by law to undertake because of such a violation of law? The Dehydrating Process Company has no permit or other official sanction to operate a 'rendering plant.'"

In view of my opinion as to the answer to the first question, the second question would not seem to require an answer.

In order, however, that you may have my views with regard to the Health Commissioner's duties in the event of a violation of section 151, I wish to call your attention to the following:

Section 152 of said chapter 111 provides that: "If any buildings or premises are so occupied or used, the department shall, upon application, appoint a time and place for hearing the parties, and, after due notice thereof to the party against whom the application is made and a hearing, may, if in its judgment the public health, comfort or convenience so require, order any person to desist from further carrying on said trade or occupation in such buildings or premises, and no person shall thereafter continue so to occupy or use such buildings or premises. Whoever occupies or uses any building or premises in violation of this or the preceding section shall forfeit not more than two hundred dollars for every month of such occupancy or use and in like proportion for a shorter time."

Section 153 of said chapter 111 provides that:

"The superior court may restrain the unauthorized occupancy, use or extension of any building or premises occupied or used for the trades or occupations aforesaid, and enforce the orders of the department issued under the preceding section; but this and the two preceding sections shall not impair any other remedies against nuisances."

If a building in Boston is used or occupied in violation of section 151, it is my opinion that a bill in equity may be brought in the name of the city under section 153 to restrain the unauthorized use or occupancy. (See *Watertown v. Mayo*, 109 Mass. 315.) No duty, however, to institute such a proceeding is imposed by law on the Health Commissioner.

Furthermore, the use or occupancy of a building for purposes which may be licensed under section 151 may be forbidden by the State Department of Public Health, upon application to it, where in its judgment the public health, comfort or convenience so require, regardless of whether or not the use or occupancy has been licensed under section 151. I find no duty imposed upon the Health Commissioner to institute proceedings before the State Department.

3.

"If the Dehydrating Process Company is not operating a 'rendering plant,' is its business a 'noisome or offensive trade,' within the meaning of section 151 of chapter 111?"

Section 151 of chapter 111 of the General Laws also prohibits the occupation or use of buildings in Boston (with certain exceptions) "for other noxious or offensive" trades and occupations.

The problem presented by the above question is whether or not the trade or occupation conducted in the Dehydrating Process Company's plant is "noxious or offensive" within the meaning of those words in section 151.

Doctor Mahoney states, with regard to the activities at said plant, that:

"The vapors given off in the boiling and drying of the fish with the degree of heat used in the manufacture of fish meal have an odor which is offensive to many people. This odor is not due to any lack of 'freshness' of the fish nor to the heating of decomposing animal matter or to fatty acids-rancid grease."

"Like the causes of many other objectionable odors arising in connection with modern industrial processes the vapors and their objectionable constituents are soluble in water and may be destroyed by passing them through a water curtain into which chlorine gas is at the same time being injected."

"Offensive odors from any such process may be, and are constantly being controlled, in Boston and elsewhere, by confining potentially offensive vapors to tight ducts and subjecting them to the water and chlorine as above described. There is no mechanical difficulty today in thus controlling odors of this character and apparatus for doing so has practically become standardized."

"The Dehydrating Process Company's factory has been operating practically continuously all this year. The company claims that with recent improvements and new equipment the factory can be and, with the exceptions noted below, is being operated without justifiable cause for complaint in the neighborhood; that justifiable causes of complaint this year have been due to unfortunate accidents, some of which can never occur again, or to disobedience on the part of employees with respect to which more effective precautions are now being taken."

"Official records of the Health Department, based on a close official surveillance of the factory for more than two years, tends to corroborate the company's claim. On a few occasions objectionable odors have been observed practically continuously for several days. On other and more frequent occasions objectionable odors have been noted for less than two hours. For intervals of a month at a time and longer the factory has been operated without reason for complaint."

"If the Dehydrating Process Company be conducting 'a noisome or offensive trade' in violation of law because without a permit, then there are many other local industries which come in the same category. We have no more frequent causes of complaint than of 'offensive odors' from food processing establishments, from candy factories, coffee roasting places, bakeries, restaurant kitchens, etc. As in complaints against the Dehydrating Process Company's factory complaints from in-town office buildings regarding restaurant kitchens likewise state that the 'nauseating odors' from such kitchens have made clerks so sick that they had to go home. Factories from which chemical fumes or odors may emanate are a cause of complaint. We have now under consideration four such factories which presumably will need a permit to conduct a 'noisome or offensive trade' if the Dehydrating Process Company does."

It is my opinion that a trade or occupation is not noxious or offensive merely because its conduct is at times attended by offensive odors and that, if there is employed generally in the trade or occupation methods of control which normally eliminate such odors that the emission of such odors do not make the trade or occupation noxious or offensive.

On the facts stated in Doctor Mahoney's letter it is my opinion that the trade or occupation conducted by the Dehydrating Process Company is not "noxious or offensive" as that term is used in said section 151.

4.

"By whom and how is it to be determined if a business is 'a noisome or offensive trade' within the meaning of section 151 of chapter 111?"

The question of whether or not a trade or occupation is one which is "noisome or offensive" within the meaning of those words in section 151 is partly one of fact and partly one of law. The words "noisome or offensive" have not been defined by legislation and should be interpreted in the sense in which they are normally used. As heretofore stated, it is my opinion that the mere fact that a trade or occupation is sometimes attended by offensive odors does not, without more, prove that the trade or occupation is offensive.

The ultimate determination of whether a trade or occupation is "noisome or offensive" rests, of course, with the courts. If the facts applicable to any particular trade or occupation are presented to me, I shall be pleased to advise as to whether, in my opinion, the trade or occupation is "noisome or offensive."

5.

"If the Dehydrating Process Company is not operating in violation of the law requiring it to have a permit, what procedure should the Health Commissioner follow with view to 'abating the nuisance' for which the factory is responsible, provided that an occasional and comparatively brief creation of objectionable odors from an industrial establishment may constitute a 'nuisance'?"

Sections 122, 123 and 124 of chapter 111 provides, with reference to nuisances, as follows:

"SECTION 122. The board of health shall examine into all nuisances, sources of filth and causes of sickness within its town, or on board of vessels within the harbor of such town, which may, in its opinion, be injurious to the public health, shall destroy, remove or prevent the same as the case may require, and shall make regulations for the public health and safety relative thereto and to articles capable of containing or conveying infection or contagion or of creating sickness brought into or conveyed from the town or into or from any vessel. Whoever violates any such regulation shall forfeit not more than one hundred dollars."

"SECTION 123. Said board shall order the owner or occupant of any private premises, at his own expense, to remove any nuisance, source of filth or cause of sickness found thereon within twenty-four hours, or within such other time as it considers reasonable, after notice, and an owner or occupant shall forfeit not more than twenty dollars for every day during which he knowingly violates such order."

"SECTION 124. Such order shall be in writing, and may be served personally on the owner, occupant or his authorized agent by any person authorized to serve civil process; or a copy of the order may be left at the last and usual place of abode of the owner, occupant or agent, if he is known and within the commonwealth. If the premises are unoccupied and the residence of the owner or agent is unknown or is without the commonwealth, the board may order the notice to be served by posting it on the premises and by advertising it in one or more newspapers."

It is my opinion that these sections apply only to such nuisances as, in the opinion of the board of health (in Boston, the Health Commissioner), may be injurious to the public health.

In his letter to you Dr. Mahoney states: "Public health is in no way involved, in fact, nobody's health is being affected by the matter which has given rise to this request for legal advice."

Assuming this to be true, it is my opinion that, even if the activities of the Dehydrating Process Company constituted a nuisance, no duty is imposed upon the Health Commissioner under sections 122, 123 or 124 of said chapter 111 with reference thereto.

Section 143 of said chapter 111 provides as follows:

"Boards of health may from time to time assign certain places for the exercise of any trade or employment which is a nuisance or hurtful to the inhabitants, injurious to their estates, dangerous to the public health, or is attended by noisome and injurious odors, and may prohibit the exercise thereof within the limits of the town or in places not so assigned. Such assignments shall be entered in the records of the town, and may be revoked when the board shall think proper."

Said section authorizes the Health Commissioner of Boston to prohibit the exercise of a trade or occupation in Boston such as that conducted by the Dehydrating Process Company, if it is, among other things "hurtful to the inhabitants, injurious to their estates" or is attended by noisome and injurious odors. (See in this connection *Belmont v. New England Brick Co.* 190 Mass. 442, and *Taunton v. Taylor*, 116 Mass. 254.)

The method of enforcing such order and the right of a company prohibited by such order to a jury determination is governed by the provisions of sections 144 to 150, inclusive of said chapter.

Whether or not the public interest requires action under section 143, if the Health Commissioner determines that the statutory conditions exist which justify a prohibition, is a matter for the Health Commissioner to decide.

The facts are not sufficiently stated to enable me to advise as to whether or not the activities of

the Dehydrating Process Company constitutes a common law public nuisance.

In *Cumberland Corporation v. Metropoulos*, 241 Mass. 491, at page 501, the Court (Braley, J.) stated:

"What amount of annoyance or inconvenience caused by others in the lawful use of their property will constitute a nuisance, is largely a question of degree depending on varying circumstances and is incapable of exact definition. . . . The injury or annoyance must be of a real and substantial nature, and the pertinent inquiry ordinarily is whether the acts or conduct proved are such as materially to interfere 'with the ordinary comfort, physically of human existence,' or are materially detrimental to the reasonable use, or value of the property."

"The plaintiff is under no obligation to submit to the constant annoyance and discomfort of odors of naphtha and rubber which can be either eliminated or greatly mitigated by the installation of some other means of ventilation."

Indications from the Health Commissioner's letter are that the annoyance or inconvenience caused by the activities of the Dehydrating Process Company is not sufficient to constitute a public nuisance.

A nuisance need not, in my opinion, be shown to exist to justify an order of prohibition under section 143 if one of the other statutory conditions therein referred to can be established.

6.

"Is the Health Commissioner called on by law to take any measures to 'abate a nuisance' other than those specified in sections 122, 123 and 124 of chapter 111 of the General Laws?"

It is my opinion that the Health Commissioner is not under a duty to cause to be abated nuisances which are not injurious to the public health, i. e., nuisances which the Board of Health (in Boston the Health Commissioner) is directed to cause to be abated by sections 122 and 126 (re privy vaults) of chapter 111.

7.

"If complainants be injured by the Dehydrating Process Company in the manner and to the extent which they allege, is not the appropriate remedy to be found in recourse to the courts by the complainants themselves?"

If the activities of the Dehydrating Process Company constitute a private nuisance, persons injured thereby may protect themselves by an equitable proceeding to enjoin the same.

A public nuisance is not indicated on the facts stated.

Very truly yours,

HENRY A. FOLEY,
Corporation Counsel.

Placed on file.

SALE OF TAX TITLE PROPERTY ON WILMINGTON AVENUE.

The following was received:

City of Boston,
Office of the Mayor, September 16, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Superintendent of Public Buildings, dated August 24, 1936, relating to an offer to purchase certain property situate at lot 92, Wilmington avenue in Ward 17, which property was acquired from foreclosure of a tax title held by the city.

I also transmit an order authorizing the sale of said property. The price recited in this order is a minimum price of \$215, the Superintendent of Public Buildings having stated in his letter that the sale of the premises at public auction with a minimum price of \$215 is in the interest of the city.

I respectfully recommend the adoption of this order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Buildings Department,
August 24, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In accordance with the provisions of chapter 3, Ordinances of 1935, concerning tax title property, I respectfully submit an offer from Walter H. Cox, Thompson square, Charlestown, for the vacant land, lot 92, Wilmington avenue, Ward 17, Dorchester, in the sum of two hundred and fifteen dollars (\$215).

The costs to the city up to December 30, 1935, amount to one hundred thirty-eight dollars (\$138) which includes the nonpayment of taxes since the year 1931, but does not include interest.

If and when the above amount of two hundred and fifteen dollars (\$215) is approved by your Honor and the City Council the property will then be properly advertised for sale at public auction and sold to the highest bidder. The figure of two hundred and fifteen dollars (\$215) will be the minimum price for the property that the city is willing to accept and will be announced as the first bid at the public auction sale.

In my opinion, it will best serve the city's interests to proceed on the foregoing basis.

Respectfully,

ROSWELL G. HALL,
Superintendent of Public Buildings.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated

January 16, 1936, foreclosed the right of redemption under a tax deed recorded with Suffolk Deeds, Book 5366, page 297, to about 4,449 square feet of land situate on the northerly side of Wilmington avenue, Dorchester, Mass., as is more fully described in said tax deed; and

Whereas, An offer to purchase the said premises has been made by Walter H. Cox, in the sum of two hundred and fifteen dollars (\$215); now, therefore, it is hereby

Ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor of Boston, to sell all the city's right, title and interest in said parcel of land at public auction at a minimum price of two hundred and fifteen dollars (\$215); and it is hereby further

Ordered, That the said Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized to execute and deliver in the name and behalf of the City of Boston to the purchaser of said parcel of land a written instrument, satisfactory in form to the Law Department of the City of Boston, conveying all right, title and interest of said City of Boston in said premises upon the payment to it of the sum paid therefor at said auction.

Referred to the Committee on Public Lands and Tax Title Property.

SALE OF PIGS, DEER ISLAND.

The following was received:

City of Boston,
Office of the Mayor, September 21, 1936.
To the City Council.

Gentlemen,—I am in receipt of the inclosed communication from the Penal Institutions Commissioner requesting permission to sell 200 pigs now located at the House of Correction, Deer Island. These pigs weigh approximately 45,000 pounds and in the opinion of the commissioner it would be for the best interests of the city to dispose of them at this time. As the pigs are no longer required at Deer Island the commissioner's request has my approval and I respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Penal Institutions Department,
September 17, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—The annual production of the piggery at the House of Correction, Deer Island, is now ready to market.

This consists of 200 pigs, average weight of about 225 pounds (total weight approximately 45,000 pounds).

Anticipating market quotations for live pork the sale of these pigs should net approximately \$4,500.

In my opinion the sale of the pigs at the present time would be for the best interests of the city.

The sale of pigs requires your Honor's approval, and the authorization of the City Council, under the City Ordinances.

Yours respectfully,
JOHN J. DOUGLASS, Commissioner.

Ordered, That the Penal Institutions Commissioner be authorized to sell at public or private sale to the highest bidder the surplus stock of pigs at the House of Correction, Deer Island, amounting approximately to 45,000 pounds.

Referred to the Executive Committee.

TAX TITLE LOAN.

The following was received:

City of Boston,
Office of the Mayor, September 17, 1936.
To the City Council.

Gentlemen,—I submit herewith an order authorizing the City Treasurer to secure the approval of the Emergency Finance Board for the borrowing of \$1,000,000 against the tax titles now in the possession of the city. The borrowing of this sum was contemplated when the tax program for the current year was being planned, in order to keep the tax rate within reasonable limits.

It is my intention to submit at a subsequent meeting of the City Council an appropriation order definitely allocating the amount involved to specific maintenance requirements.

I respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under the provisions of section 1, chapter 281, of the Acts of 1936, amending section 2, chapter 49, of the Acts of 1933, the City Treasurer be authorized to secure the approval of the Emergency Finance Board to the issuance of notes of the city in the amount of \$1,000,000, said notes to be sold at their face value to the Commonwealth and the proceeds to be used for ordinary maintenance purposes.

Referred to the Executive Committee.

SEWERAGE WORKS, OLD HARBOR VILLAGE.

The following was received:

City of Boston,
Office of the Mayor, September 21, 1936.
To the Honorable the City Council.
Gentlemen,—The construction by the Federal Government of Old Harbor Village in South Boston, as a low-cost housing project, will require the construction of sewerage works to which may be connected the sewers, drains and catch-basins of the buildings in said Old Harbor Village.

I have been advised by the Director of Housing for the Federal Emergency Administration of Public Works that the Federal Government will pay to the city a sum equal to the city's standard sanitary sewer assessment of \$2 per linear foot frontage on each side of the street in which sanitary sewers are constructed within the area covered by the project.

In view of the likelihood of obtaining a Federal grant of 45 per cent of the cost of constructing such sewerage works, I transmit a form of order authorizing such project at an estimated cost of \$260,000 and a form of loan order therefor. I recommend prompt passage of such orders, so that the city may act promptly in applying for such grant.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That in accordance with the provisions of section 2 of part 1 of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the City of Boston shall engage in the public works project of sewerage works for Old Harbor Village, South Boston, at an estimated cost of two hundred and sixty thousand dollars (\$260,000).

Ordered, That under the provisions of chapter 366 of the Acts of 1933, and acts in amendment thereof or in addition thereto, the sum of two hundred and sixty thousand dollars (\$260,000) be, and hereby is, appropriated, to be expended under the direction of the Commissioner of Public Works for Sewerage Works for Old Harbor Village, South Boston, and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness to said amount.

Referred to the Executive Committee.

RESCINDING OF EXCESS P. W. A. LOANS.

The following was received:

City of Boston,
Office of the Mayor, September 21, 1936.
To the City Council.

Gentlemen,—Two additional projects in the first P. W. A. program of the city are now officially closed, in that all work originally contemplated under these projects has been completed and the final grant payment from the Federal Government on each project has been received. Largely because of these grant payments it has not been necessary to utilize the total borrowing power originally authorized by the City Council for each project. Since the projects have been completed the excess amount of loans authorized but not issued are no longer required, and therefore, in my opinion, should be rescinded. The following table indicates the amounts in question:

PROJECT.	AMOUNT TO BE RESCINDED.
New Intermediate School, South Boston.....	\$1,400,000
Reconstruction of streets.....	250,000
	\$1,650,000

I am inclosing two orders providing for the rescission of the above amounts, and respectfully recommend the adoption of these orders by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That the right to borrow money for School Committee, one New High School and one New Intermediate School, under authority of chapter 366, Acts of 1933, as amended by chapter 21, Acts of 1934, approved by the Mayor on February 27, 1934, be limited to \$600,000, and that the authorization to borrow in excess of said amount for said purpose, be, and the same hereby is, rescinded.

Ordered, That the right to borrow money for Reconstruction of Streets, under authority of chapter 366, Acts of 1933, as amended by chapter 21, Acts of 1934, approved by the Mayor on February 27, 1934, be limited to \$750,000, and that the authorization to borrow in excess of said amount for said purpose, be, and the same hereby is, rescinded.

Referred to the Executive Committee.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received:

City of Boston,
Office of the Mayor, September 18, 1936.
To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Budget Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Boston Port Authority:

From the appropriation for B-1, Printing and Binding, \$405, to the appropriation for C-13, Tools and Instruments, \$5; D-1, Office, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Building Department:

From the appropriation for C-13, Tools and Instruments, \$35, to the appropriation for C-9, Office, \$35.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Collecting Department:

From the appropriation for A-1, Permanent Employees, Clerk, 1 at \$1,300—\$1,400 a year, \$963.85, to the appropriation for A-2, Temporary Employees, \$963.85.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Institutions Department, Long Island Hospital:

From the appropriation for B-39, General Repairs, \$5,000; D-2, Food and Ice, \$5,000, to the appropriation for D-3, Fuel, \$10,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Market Department:

From the appropriation for E-10, Electrical, \$15, to the appropriation for E-13, Miscellaneous, \$15.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for public Buildings Department:

From the appropriation for H, Relief Projects \$120, to the appropriation for B-10, Rent, Taxes and Water, \$120.

From the appropriation for H, Relief Projects, \$300, to the appropriation for B-1, Printing and Binding, \$150; B-5, Express Charges, \$150.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Welfare Department, Central Office:

From the appropriation for B-8, Light, Heat and Power, \$1,400, to the appropriation for B-5, Express Charges, \$1,000; B-28, Expert, \$100; B-29, Stenographic and Copying, \$300.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Bridge Service:

From the appropriation for A-1, Permanent Employees, Mechanics, 15 (14) at \$6 a day, \$500; E-1, Building, \$1,000, to the appropriation for A-2, Temporary Employees, \$1,500.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Superior Court, Civil Session, General Expenses:

From the appropriation for B-34, Jurors, \$15,000, to the appropriation for B-35, Fees, Services of Venires, etc., \$15,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Probate Court:

From the appropriation for B-35, Fees, Services of Venires, etc., \$312, to the appropriation for B-42, Miscellaneous, \$40; C-9, Office, \$200; C-16, Wearing Apparel, \$62; D-16, Miscellaneous, \$10.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Registry of Deeds:

From the appropriation for A-1, Permanent Employees, Copyists, 16, piece work, \$400, to the appropriation for B-1, Printing and Binding, \$400.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Traffic Tunnel:

From the appropriation for B-39, General Repairs, \$500, to the appropriation for D-1, Office, \$500.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for City Council:

From the appropriation for A-4, Other Departmental Work, \$80, to the appropriation for A-2, Temporary Employees, \$80.

Referred to the Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

jitney Licenses.

Petition of David Herman to operate motor vehicles from Park square over Charles street to the Cambridge line.

Executive.

Petition of Sarah Richmond for children to appear at Jordan Hall, October 29, 1936.

Claims.

Louise Anderson, for compensation for injuries caused by an alleged defect at Huntington avenue and West Newton street.

Wilbur G. Ashcroft, for compensation for collapse of water boiler at 10 Bearse avenue, Dorchester, caused by water being shut off.

Boston Safe Deposit & Trust Company, for compensation for damage to property at 655 Beacon street, caused by city truck.

Anna R. Burnham, for compensation for injuries caused by an alleged defect at 195 Atlantic avenue.

Michael S. Caggiano, for compensation for damage to property at 971 Saratoga street, caused by breaking of water pipe.

Mary T. Cayting, for compensation for injuries caused by an alleged defect in South street, Roslindale.

Mary Cornetta, for compensation for collapse of water boiler at 527 Bennington street, caused by water being shut off.

Herbert Covitz, for compensation for damage to car by sanitary team.

Mary E. Dwyer, for compensation for damage to property at 17A Gordon street, caused by water being shut off.

Luigi Enono, for compensation for damage to property at 218 Chelsea street, caused by defective sewer system.

Lula M. MacKenzie, for compensation for damage to car caused by an alleged defect in Foundry street, South Boston.

Maybelle B. Martin, for compensation for injuries caused by an alleged defect at 102 Causeway street.

Mary E. McCarthy, for compensation for injuries caused by an alleged defect at 126 Tremont street.

Charles A. McManus, for compensation for damage to property at 17 Stillman street, caused by men from Welfare Department.

Charles G. Morris, for compensation for damage to car caused by an alleged defect at Capen and Fuller streets.

Wilbert Muttart, for compensation for damage to property at 97 Wachusett street, caused by faulty sewerage.

Vincent Panico, for compensation for damage to property at 115 Adams street, caused by fireworks from Ronan Park.

Peter Pusinski, for compensation for damage to car by city truck.

Railway Express Agency, for compensation for damage to truck by city cart.

George R. Rosemond, for compensation for damage to car by police cruiser.

Jacob Spector, for compensation for damage to boiler at 90 Lawrence avenue, caused by negligence in turning water on.

Mary Traster, for compensation for damage to property at 26 Brenton street, caused by stoppage of sewer.

Helen Verstandig, for compensation for damage to property at 220 Chelsea street, caused by flooding of premises.

Margaret A. Maher, for compensation for damage to property at 7 Glenvale terrace, caused by defective sewer work in 1928.

AMOUNT TO BE PAID TO WELFARE RECIPIENTS.

A communication relative to the amount to be paid to recipients by the Public Welfare Department was received.

Placed on file.

APPROVAL OF CONSTABLE'S BOND.

The Constable's bond of Samuel C. Baker, having been duly approved by the City Treasurer, was received and approved.

RECESS.

The Council voted at 2.15 p. m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by Coun. GALLAGHER at 3.20 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petition (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Sarah Richmond, Jordan Hall, October 29, 1936. Report accepted; leave granted on usual conditions.

2. Report on message and order (referred today) for sale of pigs at House of Correction—that same ought to pass.

Report accepted; said order passed.

3. Report on message and order (referred this day) for loan of one million dollars from the Commonwealth against tax titles held by the city—that same ought to pass.

Report accepted; order passed, yeas 20, nays—Coun. Shattuck—1.

4. Report on message and order (referred this day) for rescission of school loans, P. W. A. loans, one in excess of \$600,000 and one in excess of \$750,000—that rescission orders ought to pass.

Report accepted; order passed, yeas 19, nays 0.

5. Report on message and order (referred today) for transfers within various budget appropriations—that same ought to pass.

Report accepted; order passed, yeas 19, nays 0.

6. Report on message and order (referred September 4, 1936) for transfer from Reserve Fund of \$7,500 for heating survey incidental to heating facilities of public buildings of the City of Boston—that same ought to pass.

Report accepted. Question then came on the passage of the order.

Coun. SHATTUCK—Mr. President, this message of the Mayor is exceedingly brief. It does not tell us how he proposes to spend the money. It does not tell us what he expects he will be able to save if the money was spent. I asked Mr. Fox about that matter this afternoon and he said he could give us no information. We have had no information on the subject from any one. The letter is simply a bare recommendation that the thing be done. I therefore move that the matter be postponed until the next meeting and in that time we ask to have whatever person can give us the information come before the Executive Committee.

Coun. DOWD—I don't see why the Council should postpone action on this matter. As a matter of fact, we all realize that the heating facilities during the last ten years have deteriorated considerably, not only in Boston but everywhere else. I cannot understand why we should postpone it, because if we are going to get any better heating facilities during the next year, now is the time to do it. As to the matter of saving money, nobody can tell whether it will save money or not, but there isn't any question about it, that it might give some better heating facilities in some of the old buildings in Boston. As I understand the order, it is a survey to give the municipal buildings owned by the city better heating facilities and for that reason I am going to vote against postponing it.

The motion of Coun. Shattuck to postpone action on the order to the next meeting was lost.

The order was passed, yeas 19, nays—Coun. Norton, Shattuck—2.

7. Report on message and orders (referred today) for loan of \$260,000 for sewerage work in Old Harbor Village—that same be referred to Committee on Finance.

Report accepted; orders referred to Committee on Finance.

IMPROVEMENTS AT SULLIVAN SQUARE PLAYGROUND.

Coun. MELLE offered the following:
Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to replace the wire netting covering the handball court at the Sullivan Square Playground.

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to consider the advisability of the construction of two additional handball courts at the Sullivan Square Playground.

Severally passed under suspension of the rule.

REGISTRATION OF PERSONS CONVICTED OF FELONY.

Coun. MELLE offered the following:
Be it Ordained, That the Police Department shall require registration with them of all persons convicted of felony during the last ten years and failure to comply with this ordinance shall be punishable by fine not to exceed five hundred dollars and by imprisonment not to exceed six months, or both. Every day, during which a person under the terms of this ordinance fails to register with the Police Department, shall be considered a separate offence.

Referred to Committee on Ordinances.

PETITION FOR CHANGE IN PRESENT ELECTION LAWS.

Coun. MELLE offered the following:
Ordered, That the Committee on Legislative Matters be requested to petition the Legislature for changes in the present election laws, as follows:

1. That each citizen be required to appear before a regular commission clerk, which clerk shall record the citizen's age, address, and his place of residence at the previous election, on two index cards.

2. Each citizen shall sign both of these index cards, one card to be filed with the commission and the other to be placed in a precinct file.

3. At future elections, each citizen shall be required to go to his home precinct and sign an application for ballot. The signature will be compared with the one on the index card to guard against fraudulent voting.

Coun. MELLEN—I was moved to introduce that order because of the very unsavory rumors incident to the last period of registration in the City of Boston. I think the order if passed will do a lot to do away with such rumors.

Referred to Legislative Committee.

NON-PURCHASE OF GOODS MADE IN JAPAN.

Coun. McGRATH offered the following:

Ordered, That the Superintendent of Supplies be requested, through his Honor the Mayor, not to purchase any merchandise for the City of Boston which is made in Japan.

Coun. McGRATH—Due to the unfair competition and tariff regulations I think that is a good order and I would like to see it passed.

Passed under suspension of the rule.

1937 BUDGET.

Coun. McGRATH offered the following:

Ordered, That his Honor the Mayor be requested to submit the annual budget for 1937 as near the first of January as possible.

Coun. McGRATH—Due to the transfers in the budget and the amount of money involved and the last minute of rushing in the budget, as was the custom last year, if we had the opportunity of scrutinizing the budget as it should be, I think we would be able to save the taxpayers of Boston a great amount of money; so I ask the Mayor to send it in as near the first of January as possible.

Passed under suspension of the rule.

RETENTION OF GLENWAY STREET WELFARE UNIT.

Coun. BRACKMAN offered the following:

That his Honor the Mayor be requested to instruct the Board of Overseers of Public Welfare not to transfer the welfare unit on Glenway street to Hancock street, Dorchester.

Coun. BRACKMAN—I have received word that the present welfare unit that covers my district in Roxbury now located on Glenway street, Dorchester, is proposed to be transferred to Hancock street unit, which is between Uphams Corner and Fields Corner. This is unfair to the people of my district who would be required to go to the lower end of Roxbury. I believe it would be nearer for them to come in town if the unit was to be done away with entirely which I would dislike to see very much and I hope this order prevails.

Passed under suspension of the rule.

RESURFACING KINGSDALE AND MIDDLETON STREETS, DORCHESTER.

Coun. ROSENBERG offered the following:

Ordered, That the Commissioner of Public Works be requested to resurface with smooth pavement Kingsdale street and Middleton street, Dorchester, Ward 14.

Passed under suspension of the rule.

FIVE-CENT FARE BETWEEN SOUTH BOSTON AND BOSTON CITY HOSPITAL.

Coun. KERRIGAN offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Board of Trustees, Boston Elevated Railway Company, with a view to the establishment of a five-cent bus fare between South Boston and the Boston City Hospital.

Coun. KERRIGAN—Mr. President, the establishment of a five-cent bus fare from South Boston to the City Hospital is desirable and necessary. I don't know of a valid reason why such a rate could not be made to the hospital. Its a very short run, and many other sections of the city are favored with a reduced rate for runs that are longer than this. It would be of great aid to the people of South Boston, many of whom take several children to the hospital during the week. As we all know, persons on welfare and W. P. A. have very little money to spend for the necessities of life. Sickness is bad enough in itself, but sickness and lack of money are a pretty serious combination. I hope his Honor the Mayor will interest himself in this matter and I know the people of South Boston will appreciate his efforts.

Passed under suspension of the rule.

CONFIRMATION OF APPOINTMENTS.

The Chair called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor September 1, 1936, of Timothy Crowley and John P. O'Neil, to be Measurers of Grain; and R. M. Hall and Gertrude Callahan, to be Weighers of Coal.

The question came on the confirmation of the above appointments. Committee, Finley and Selvitella. Whole number of ballots 13, yeas 8, nays 5, and the appointments were confirmed.

RE-EMPLOYMENT OF FORMER CITY EMPLOYEES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of giving preference in re-employment to those old city employees, with good records, let go during the first part of his administration.

Passed under suspension of the rule.

FIXING OF NON-MAJOR STREETS WITH FEDERAL AID.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the matter of fixing every non-major street in Boston with Federal Government aid.

Coun. NORTON—This is the last time I am going to introduce this order, it being about the fiftieth time. I maintain during the height of the federal aid in Boston that there was an opportunity here in Boston to fix the non-major streets,—a city with only 670 miles of streets and with one of the smallest areas of any great city, 44 square miles. It was possible to take the men doing jobs which were not important and fix the non-major streets in this city. It is too late now. This is the last time I shall put this order in.

Passed under suspension of the rule.

PROPOSED PLAY AREAS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of turning as many as possible of the 157 parcels of vacant land taken by the city for unpaid taxes in Ward 18, into play areas. And that a study of the other 479 vacant pieces of land taken by the city be made with a view to this end.

Coun. NORTON—Mr. President, I think there is an opportunity for the city in some instances where they have taken property through foreclosure proceedings to allocate that particular piece of vacant land for playground purposes. On a piece of ground no larger than this floor area it is possible to put a little sand box to keep the children within a safe area. All over New York City you will find these small playgrounds installed since this Federal aid business came in. In my ward there are 157 pieces of vacant property taken by the city for unpaid taxes, comprising over 20 per cent of the total number of parcels taken by the city. Here is an opportunity. Mr. President, for the City of Boston at very little expense to place in each area of Boston one of these small playgrounds. We lose twenty-five or thirty children under the age of sixteen each year in Boston through automobile accidents and have 2,000 injured. One of the best ways to keep the accident record down is through the dissemination of such playground areas and here is our opportunity.

Passed under suspension of the rule.

PROPOSED SURVEY OF IMPROPERLY CLOTHED SCHOOL CHILDREN.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of requesting the School Committee to consider the matter of definitely ascertaining the number of school children with improper shoes or clothing for the winter months with a view to remedying this condition, if it exists.

Passed under suspension of the rule.

PURCHASE OF FISKE WHARF.

Coun. NORTON—Mr. President, I would like to ask a question regarding the Fiske Wharf proposition which was put on the calendar to be considered as to whether or not it has come up.

Coun. GALLAGHER—The Chair will state the order is on the calendar.

Coun. NORTON—Then I request, Mr. President, that an order be voted on at the present time.

Coun. GALLAGHER—Councilor Norton calls up No. 3 on the calendar.

Coun. NORTON called up, under unfinished business, No. 3 on the calendar, viz.:

3. Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Sales of City Property, \$25,000, to the appropriation for Fiske Wharf Property, Purchase of, \$25,000.

The question then came on the passage of the order.

The order was rejected, the vote on its passage being yeas—Coun. Brackman, Doherty, Finley, John I. Fitzgerald, Peter J. Fitzgerald, Gallagher, Kerrigan, Kilroy, Mellen, Peter A. Murray, Norton, Rosenberg, Selvitella, 13; nays—Coun. Dowd, Roberts, Shattuck—3.

Coun. SELVITELLA moved reconsideration and assignment to the next meeting. The vote was reconsidered, and the question came on assigning the order to the next meeting.

Coun. ROBERTS—Mr. President, speaking on that, I recall at the last meeting we had this matter under discussion the question was raised by the councilor from Ward 5 as to what use the wharf was going to be put by the city and so far as I know nobody has furnished the Council any information, it being understood by the Council at the time that considerable amount was owed in back taxes and it was a question whether or not the owner would abandon the property in any event. No such information is given at the present time. I have no objection to its reconsideration, but I think we ought to have that information before us.

Coun. NORTON—Mr. President, I think that is a fair request. My interest in the matter is wholly through a request from Secretary Parkhurst of the Boston Port Authority, who seems to know an awful lot about this and would be glad to come up and explain what he knows about it to the Council. He feels that it is a good buy for the city.

Coun. McGRATH—Speaking on the matter,—it may be a good buy for the city for that amount, but I think before I vote on it I would want to investigate or have the President appoint a committee to investigate. We may buy this wharf for \$25,000 and next year it may be necessary to tear it down due to the fact it is unsafe. I do not think there is any investment in buying an old car for \$50 and spending \$350 to repair it when you could buy one better than that for \$200.

The order was assigned to the next meeting.

TRANSFER OF WELFARE CASES FROM SOUTH BOSTON TO HANCOCK STREET UNIT.

Coun. KERRIGAN offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, not to transfer any welfare cases from the South Boston Unit to the Hancock Street Unit.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON JITNEY LICENSES.

Coun. MURRAY, for the Committee on jitney Licenses, submitted the following:

Report on petition of Middlesex & Boston Street Railway (referred March 17, 1936), for license to operate motor vehicles from the Newton line to Cleveland Circle—recommending that license be granted.

Coun. McGRATH—Mr. President, I would like to hear from the committee about this matter.

Coun. PETER A. MURRAY—The councilor from the Back Bay is familiar with it.

Coun. SHATTUCK—Mr. President, this is a license to operate from Newton to Cleveland Circle which is the old reservoir station at the end of the Elevated line on Beacon street. Mr. Foley, Corporation Counsel, spoke to me about the matter the other day and I asked him whether the Elevated objected to it and he said they did not, and I do not see any reason why they should because it seems to me it is a feeder to the Elevated rather than a competitor with it. I believe it ought to pass.

Report accepted; license granted.

PLANTING OF SHRUBS AT ISLAND AT WOODARD ROAD AND STRATFORD STREET.

Coun. FINLEY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to plant grass seed and shrubs on the small island at the junction of Woodard road and Stratford street, Ward 20.

Passed under suspension of the rule.

REGISTRATION OF CANNED GOODS SOLD IN MASSACHUSETTS.

Coun. McGRATH offered the following:

Ordered, That the Committee on Legislative Matters be requested to draft an amendment to the General Laws providing that all canned goods sold in Massachusetts have the date of packing stamped on same.

Coun. McGRATH—On that particular order I think that we have a concern now which stamps the date on some products and if someone was going to buy some articles and they were packed five years ago, they would hesitate to buy them and I think this is a good order and ought to pass.

Referred to Committee on Legislative Matters.

Adjourned at 3.45, on motion of Coun. Mellen, to meet on Monday, September 28, at 2 p. m.

POLICE DEPARTMENT ORDERS.*General Order No. 227.*

Sergt. Arthur M. Tiernan, Patrolmen William J. Bonner and Joseph L. McGovern, of the Bureau of Criminal Investigation, are commended in General Orders for efficient police duty performed in connection with the arrest of five men, wanted for armed robberies.

On July 15, 1936, an armed holdup was committed in Somerville, Mass., and on July 29, 1936, another armed holdup was committed in Roslindale. Due to the keen observation and perseverance of these officers, they were successful in apprehending the persons responsible.

The commissioner is pleased to recognize and commend these officers for their intelligence and initiative in accomplishing these important arrests.

The Acting Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

General Order No. 228.

Capt. Edward W. Fallon, Acting Superintendent, is hereby appointed Superintendent of Police, to take effect Friday, September 18, 1936, at 5.45 o'clock p. m.

Superintendent Fallon has been Acting Superintendent of Police since April 9, 1936. Since then he has performed the duties of Superintendent of Police in a highly efficient manner, reflecting great credit on the entire department and himself.

His promotion to the most responsible position of Superintendent of Police is an example to all ambitious members of the department that promotion is, and will continue to be, the reward of merit and efficient service faithfully and fearlessly performed.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

General Order No. 229.

Patrolman Edward J. Winn of Division 4, having performed faithful service in the Police Department for sixteen and nine-twelfths years, and it appearing to the Police Commissioner that the said Patrolman Winn is permanently disabled, and that his disability is not due to injuries received in the performance of his duty as a police officer, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman Winn be retired from active service under the provisions of chapter 178, Acts of the year 1887, and that his name be placed upon the department pension roll with pay at the rate of seven hundred (700) dollars per annum, being one third of the amount of compensation received by him in the office from which he is retired, to take effect at 7.45 o'clock a. m., Thursday, September 24, 1936.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

General Order No. 230.

Patrolman Leo R. Lombard and George W. O'Donnell of Division 11 are hereby commended in General Orders for excellent police work performed in connection with the arrest of three men wanted for armed robberies.

Patrolmen Lombard and O'Donnell, while patrolling their sector in a cruising car, observed an automobile containing three men answering the description of holdup men previously broadcast. The officers commanded the bandit car to stop, but instead, the operator increased his speed. After a two-mile chase, the fleeing car was halted at gun point and the occupants taken into custody. They were subsequently prosecuted and sentenced to indefinite terms in the Concord Reformatory.

The commissioner is pleased to recognize and commend these officers for their close attention to duty and their initiative in making these important arrests.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

BLAMES GOVERNOR CURLEY FOR QUABBIN CONTRACTS AFFAIR.

Upon September 17 Mayor Mansfield issued the following statement:

In my radio speech on Monday night I charged that Governor Curley not only changed the personnel of the Metropolitan District Water Supply Commission but that he changed it so that it would do his bidding. It was perfectly plain that the original Foster contract would not have been canceled in part and new contracts at exorbitantly higher figures let to new contractors, unless the Governor knew about it. Mr. Hultman's testimony yesterday before the Attorney-General's hearing bears this out. Mr. Hultman testified that the Governor wanted him to favor canceling the contract to Foster and giving it to the new contractors and when Mr. Hultman refused on account of the outrageous increase in prices, the Governor threatened to hold up the original contract.

I shall be interested to see what explanation the Governor may have to offer to Mr. Hultman's statement.

I am informed that Governor Curley has issued a statement in which he claims that Commissioner Hultman's story is not borne out by the facts as he, the Governor, recollects them. This reminds me of his denial of my charge that he tried to get me to drop the Dolan case investigation. But when I produced corroborative evidence in the person of City Auditor Charles J. Fox, who was there at the time and heard the conversation, the Governor was obliged to back down, and was forced reluctantly to admit that "Something of the kind may have been said."

As between Governor Curley and Commissioner Hultman, the facts are easy to read. Commissioner Hultman was always against changing the contract, and was not present when the changes were made. On the other hand, the changes could not have been made without Governor Curley's knowledge and approval.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands

for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Hyde Park and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Dale street, bounded:

Southerly by easement taken by the City of Boston for sewerage purposes in Dale street, November 30, 1928, ten and 11-100 feet; westerly by part of Dale street, eleven and 12-100 feet; northerly by land hereinafter described as taken from Bonelli-Adams Investment Corporation, ten and 11-100 feet; and easterly by part of Dale street, eleven and 12-100 feet, containing one hundred and eleven square feet, more or less.

A parcel of land, supposed to belong to Bonelli-Adams Investment Corporation, bounded:

Southerly by land hereinbefore described as taken from owners unknown (Dale street), ten and 11-100 feet; westerly by other land supposed to belong to said corporation, twenty-two and 2-100 feet; northeasterly by Metropolitan avenue, twelve and 26-100 feet; and easterly by other land supposed to belong to said corporation, sixteen and 43-100 feet; containing one hundred and ninety-two square feet, more or less.

The sewerage works to be constructed are as follows: Twenty linear feet of 12-inch pipe sewer, in the above described premises, being part of the private way known as Dale street, four feet west of location of the New York, New Haven & Hartford Railroad, and private land situated at the easterly end of Dale street.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that the undermentioned estates sustain damages by the taking of an easement for sewerage purposes and the construction of sewerage works therein, in Dale street and private land, between Dale street and Metropolitan avenue, Hyde Park district, under the order of the Board of September 9, 1936, in the amounts hereinafter respectively set against them; and awards said amounts therefor.

Owners unknown (Dale street), 111 square feet, nothing.

Bonelli-Adams Investment Corporation, 192 square feet, \$1.

REVISION OF ASSESSMENTS.

The Mayor has approved the following vote of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied on account of the construction of sewerage works in Oak avenue, from Cass street to 500 feet southwest, West Roxbury district, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application,

Order, That the amount hereinafter specified, being the annual apportionment of said assessment for the year 1935, be, and the same is hereby, abated.

Lot 4, William A. and Anna L. Sullivan, \$18.48, Plan 1933-2, assessed July 5, 1933.

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

POPULATION OF UNITED STATES, NEW ENGLAND AND MASSACHUSETTS.

Continental United States (i. e., 48 states and the District of Columbia) in 1930, 122,775,046; outlying possessions, 14,233,389; total, 137,008,435; New England, 8,166,341; Massachusetts, 4,249,614 or 52.04 per cent of New England and ranking eighth in the Union. In density of population Massachusetts ranks second, i. e., 528 per square mile of land, Rhode Island ranking first, with 644 per square mile of land.

Population of the other New England States in 1930, ranking from the highest total: Connecticut, 1,606,903; Maine, 797,423; Rhode Island, 687,497; New Hampshire, 465,293; Vermont, 359,611. Density for New England, 132 per sq. m.; for U. S. (48 states and the District of Columbia) 41 per sq. m.

The population of the United States increased 16.1 per cent since 1920; that of New England 10.3 per cent and that of Massachusetts 10.3 per cent.

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of \$1,200-plus up to \$200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of \$400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

PROFITABLE MUNICIPAL MARKETS.

Municipal markets, "white elephants" in many cities, can be made self-supporting and even profitable, according to recent reports on two of them. The Department of Public Markets of New York City reports that within the administration of its present Mayor, Fiorello LaGuardia, the city's markets have changed from inefficient and expensive undertakings into profitable investments. The Benton Harbor, Mich., municipal fruit and vegetable market is described as doing a three-million-dollar annual business by its City Manager in the February issue of "Public Management."

SUFFOLK COUNTY COURT HOUSE COMMISSION.

ADVERTISEMENT FOR BIDS FOR ALL WORK IN CONNECTION WITH NEW ELEVATORS, ENCLOSURES, AND PENTHOUSES, SUFFOLK COUNTY COURT HOUSE, MASSACHUSETTS PROJECT NO. 1142-R.

NOTICE TO CONTRACTORS.

Sealed proposals for all work in connection with new elevators, enclosures and penthouses at the Suffolk County Court House, Boston, will be received at the office of the Suffolk County Court House Commission, Rooms 802-803, No. 1 Beacon street, Boston, until 2 o'clock Eastern Standard Time, Tuesday, October 6, and at that time will be publicly opened and read. On Tuesday, September 22, plans and specifications may be obtained from the architect, Desmond & Lord, No. 1 Beacon street, Boston, upon deposit of certified check for fifty dollars. (\$50), made payable to Desmond & Lord. Said sum will be refunded to all but the successful bidder if documents are returned in good condition within seven days after the opening of bids. Documents and drawings may be examined at the office of Brown's Letter Corporation, No. 38 Chauncy street, Boston.

Bids must be accompanied by a certified check in the sum of four thousand dollars (\$4,000), made payable to the Suffolk County Court House Commission. The certified check of all but the three low bidders will be returned within three days after the opening of the bids.

The project is to be financed under the terms of the Emergency Relief Appropriation Act of 1935, and chapter 474, Massachusetts Acts of 1935, and attention is called to the "Construction Regulations" prescribed by the P. W. A.

Attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents. The office of the United States Employment Service designated by the Government for this project is National Re-employment Service, Edward L. Hanna, Manager, No. 100 Nashua street, Boston.

The right is reserved by the Commission to reject any or all bids, to waive any informalities and no award can be made without the approval of the State Director, P. W. A.

A surety bond in an amount equal to one hundred (100) per cent of the contract price will be required.

SUFFOLK COUNTY COURT HOUSE COMMISSION.
(Appointed under Chapter 474, Acts of 1935.)
(Sept. 19-26.)

POLICE MOTOR BUSINESS IN JERSEY CITY.

The motor police of Jersey City, N. J., are concentrated in the Traffic Bureau and the Motor Patrol Bureau. The rolling equipment consists of thirty-three motorcycles, thirty-five automobiles, three emergency trucks, seven patrol wagons, an armored payroll car, two wreckers, and a touring car for distinguished visitors.

The Traffic Bureau has charge of the motorcycles, all Harley-Davidsons of 1928-33, which are attached to the eight precincts. Eighteen of these are on duty sixteen hours per day, 8 a. m. to midnight; two are on duty from midnight to 8 a. m. They patrol the heavy-duty highways and the Pulaski Skyway from the Holland vehicular tunnel under the North river.—*American City Magazine.*

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN FREMONT STREET, FROM BABSON STREET TO RIVER STREET, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Fremont street, from Babson street to River street, Dorchester, and giving bond therefor of a surety company approved by the Commissioner in the sum of one hundred per cent of the amount of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Laying Sheet Asphalt Pavement in Fremont Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Wednesday, October 7, 1936, with a certified check for four hundred and fifty (450) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he may deem for the best interests of the city so to do.

C. J. CARVEN,
(Sept. 26.) Commissioner of Public Works.

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22 towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (i. e., 10.3 per cent) over 1920. Of said total, 2,940,335 (i. e., 69.19 per cent) were in the cities and 1,309,279 (i. e., 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reaches the notable figure of 90.71, while the rural shows but 9.29 per cent.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 28.

SATURDAY, OCTOBER 3, 1936.

No. 40

MAYOR MANSFIELD CALLS ON CITIZENS OF BOSTON TO REVIVE CIVIC PRIDE IN CLEAN CITY STREETS — CALLS ATTENTION TO FACT HIGHWAYS ARE MOST UNTIDY OF ANY LARGE CITY IN COUNTRY AND OF HIS ATTEMPTS TO REMEDY CONDITIONS, AND ASKS COOPERATION OF ALL — EXPRESSES HOPE OF OBTAINING FEDERAL AID IN WORK BY PROVIDING FOR PROJECT TO PUT AT LEAST 500 MEN AT WORK ON JOB.

Upon September 24 Mayor Mansfield issued the following statement concerning the condition of the City of Boston streets:

I have repeatedly called attention to the fact that, in my opinion at least, the City of Boston probably has the most untidy and dirtiest streets of any large city in the civilized world. I have attempted to remedy this condition. I have had meetings in my office of neighborhood clubs, and conferences with police officials, who have cooperated in every possible way. I have tried to arouse a feeling of civic pride among the people of Boston to the end that the streets might be kept clean.

Our street-cleaning force has been very much reduced because of my policy not to appoint men to fill the places of those leaving the pay roll by reason of death, retirement or resignation. We have tried to supplement the regular force with welfare workers but the result has not been satisfactory. Our streets are still a disgrace to any civilized community. But the real blame cannot be placed upon our Street Department. It is perfectly obvious that we might clean the streets daily, or even hourly and they will not remain clean unless the people cooperate by refraining from sweeping and throwing paper and other litter into the public highways.

Up to the present moment the Federal Government has refused to approve of any project calling for street cleaning, on the theory that it was a matter of ordinary municipal maintenance with no emergency feature about it, and which should be taken care of by every city or town in the ordinary course of municipal business. But today I have been informed by Public Works Commissioner Carven that we have at last received permission to submit for approval a W. P. A. project which would permit the hiring of at least five hundred men to clean and keep clean the streets of the city. Colonel Sullivan, Commissioner Carven and I have been working on the matter for many months, and now it begins to look as though we might get some Federal aid. As I have stated above, unless we can arouse an interest in this matter by the people themselves, our streets cannot be permanently clean.

If this new project is approved, our streets will be cleaned efficiently every day in all parts of the city, and any person who violates the laws and ordinances regulating the throwing of papers and rubbish into the streets will be promptly and vigorously prosecuted in the courts. I ask the assistance of all civic organizations and all citizens in cleaning our streets and keeping them clean.

MAYOR MANSFIELD ORDERS DELINQUENT WATER TAXES COLLECTED IN ORDER TO PREVENT POSSIBLE DEFICIT THAT MIGHT RESULT WERE THEY ALLOWED TO CONTINUE UNCOLLECTED.

On September 27 the Mayor issued the following statement:

I am informed by the Public Works Commissioner that the city is facing a probable deficit in the collection of water rates in the approximate amount of \$200,000 for the year 1936. This is the result of different factors, among them being the Metropolitan Water District assessment against Boston, which has doubled itself in the last twenty years, rising from \$1,665,006.20 in 1915 to \$3,306,430.94 in 1936.

We are assured from the State Department that because of the Swift River Development there is no immediate prospect for some years to come of a substantial decrease in these assessments and the most reliable estimate seems to point to a three million dollar assessment, at least, every year for some time. In addition to this assessment, there is the decline in the number of water users and the demolition of condemned buildings. In the year 1935, for example, 439 buildings of various sizes were razed.

In order to avoid incurring this deficit only two remedies are feasible, either the water rates must be increased, or if that is to be avoided then water users who now owe large amounts of money to the city for water already used must be compelled to pay their water bills.

The raising of water rates never has been and never will be popular. I do not propose to approve of an increase in rates if that course can be avoided. I think it can be avoided. Many large users of water, I am convinced, are financially able to pay their back water rates or very substantial parts of them. A vigorous drive is to be inaugurated against such water users and after due notice is given shutting off the water will be the only recourse.

It is not proposed to shut off the water in small apartments or tenements or to penalize tenants who are helpless if their landlords do not pay the water rates. But by confining the campaign to those who can afford to pay without hardship I am satisfied that the deficit can be avoided and that no criticism can justifiably be made of this proposed drive.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Old South News-Stand, Old South entrance to subway.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, October 5, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

Approval has been given for the continued temporary employment of the following persons as social workers, for a period of one month from September 30, at \$1,000 a year:

James D. Canan, Thomas L. Daly, William L. Danforth, Francis X. Dardis.

Approval has been given for the appointment of Lawrence J. Collins as assistant supervisor, without change in compensation.

Approval has been given for the continued provisional temporary employment of the following persons as aid and settlement agents, for a period of one month from September 30, at \$1,000 a year:

Harold Aronson, Frances A. Bousard, Charles Brack, Mary Breen, Doris L. Burke, Helen J. Clancy, Eleanor M. Crosby, Marie F. Curran, Helen M. Dooley, Edna M. Driscoll, Mary R. Feeney, Joseph I. Feldman, Agatha Francis, Angelina M. Giorgione, Katherine F. Gordon, Allan A. Grant, William S. Gushee, Alice D. Hart, Della Hatton, Mary R. Hurley, Annie E. Immick, Esther N. Jackson, Coleman Joyce, Katherine I. Joyce, William L. Kelley, Margaret Kiley, Kathrine G. Krohn, David E. Leahy, Thomas Ryan, Helen F. Lenehan, Joseph P. Leonard, Rita M. Maroney, Betty Miller, John Minton, John A. Molineaux, Henry G. Mulleney, John F. Mungovan, Joseph W. Murphy, Dorothy E. MacDonald, Mary L. MacDonald, Marion E. McAuley, Edmund J. McCarthy, Stephen J. McMahon, Hugh W. McNulty, Kathryn E. McGrath, Lillian McPeake, Elenore J. Nowell, John C. Piggott, John E. Powers, Joseph Reardon, Grace L. Rogers, Edward B. Ryan, Mary R. Smith, Sam Steinman, Josephine Sullivan, Mary E. Sullivan, Walter F. Sullivan, Lillian Taylor, Katherine P. Toomey, Agnes G. Towle, Mildred A. Walker, Margaret Warren, L. Lorimer Williams.

Approval has been given for the continued provisional temporary employment of the following persons as social workers, for a period of one month from September 30, at \$1,000 a year:

Phoebe Cannon, Kathleen Conley, Margaret Connors, Virginia Grimes,

Mary F. Kenney, John H. McNulty, Mary E. Norton, Helen F. O'Connell, E. Frances O'Neill, Howard Pierce, Virginia E. Prout, Mary E. Robertson, Eva R. Sacco, Peter Siragusa.

Approval has been given for the continued provisional temporary employment of the following persons as assistants to social workers, for a period of one month from September 30, at \$1,000 a year:

Daniel I. Cronin, James F. Dunn, Domenic Esposito, Frederick Hodge, Frances G. Kelley, Edward V. Lahey, James B. Mullin, Francis X. Morrissey, Charles A. Sava, Mary R. Shea, Lillian R. Zilg.

PARK DEPARTMENT.

Approval has been given for the continued temporary employment, for a period of three months, of William B. Fitzgerald as inspector, landscape projects, at \$1,500 a year, effective October 2.

Approval has been given for an extension of the temporary employment, for a period of three months, of Joseph J. Regan as a statistical clerk at \$30 a week, effective October 5.

PENAL INSTITUTIONS DEPARTMENT.

The following appointments have been made:

House of Correction.

William Doherty, officer, \$1,600 a year and maintenance, temporary.

William J. Rourke, fireman, \$41.50 a week, temporary.

Steamer "Michael J. Perkins."

Fulton B. Wesson, deckhand, \$30 a week, temporary.

John J. Darragh, watchman-fireman, \$38.50 a week, temporary.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Approval has been given to appoint the following as permanent intermittent assistant drawtenders at \$1,700 a year, to fill intermittent vacancies caused by absentees on sick leave or other reasons as they occur from time to time, in order that the full complement be employed at all times as required under United States regulations, the appointments to take effect on September 25:

John J. Garvey, Peter Burke, William H. Lewis.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Approval has been given to continue the temporary employment of James J. Smith as coppersmith at \$5.50 a day, for three months from September 26.

Approval has been given to continue the temporary employment of John O'Neill as wheelwright-carpenter at \$6 a day, for three months from October 3, to fill a vacancy.

Approval has been given to continue the temporary employment of the following as laborers at \$5 a day, and chauffeurs at \$5.50 a day, for thirty days, to assist in the oiling and sanding of streets of macadam road surfaces, effective September 25:

Chauffeurs.—James A. Owens, James A. Downes, George B. Small.

Laborers.—Patrick J. McGuirk, John A. Coyle, Thomas F. Joyce, Jr., Philip Burns, Chester M. Bradford, Michael J. Kerrigan, Fred Duffy, James F. Driscoll, Joseph B. Driscoll, Joseph W. Wood, Anthony J. Salem, John F. Flynn, Lawrence Gilligan, Frederick E. Conway, James F. Sargent, Raffaele Iennaco, Harold Devlin.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Approval has been given to make the following adjustments in rating and compensation in the personnel of the Sewer Division, Calf Pasture pumping station force, effective September 25:

Cornelius L. Sullivan from painter at \$6 a day to filth-hoister at \$41.50 a week, in place of Patrick Keating, retired.

William F. Ryan from laborer at \$5 a day to filth-hoister at \$41.50 a week, in place of Patrick Keeley, deceased.

The above have been filling said vacancies since July of 1935, and the change in rating and compensation will place them on the same basis as the other three men similarly employed at that station.

Approval has been given to continue the temporary employment of Hugh Lowry as fireman at \$41.50 a week, from September 29 to October 1, inclusive, to fill temporary vacancies at the Calf Pasture pumping station during the remainder of the vacation period.

Approval has been given to appoint James F. O'Donnell as assistant cement tester at \$1,600 a year, for three months from October 2, charged to Sewerage Works appropriation.

PUBLIC WORKS DEPARTMENT (Water Service).

Approval has been given to continue the temporary employment of Thomas J. Kelly as coppersmith at \$5.50 a day, for three months from September 29.

Approval has been given to re-employ Benigno Penta, now temporary laborer, as permanent laborer at \$5 a day to fill a vacancy, effective September 25.

Mr. Penta was formerly employed for seventeen years as a laborer in Water Service, from 1911 to January 6, 1928. On the latter date he was separated from the department for cause, and, as he did not return within six months as required by the civil service rules of that time he was held to have resigned through absence.

In 1933 the civil service law was amended giving discretionary powers to the Commissioner of Civil Service in the reinstatement of persons separated from the service without regard to the time limit of absence and on July 9 the Commissioner authorized the reinstatement of Penta subject to the Mayor's approval.

PUBLIC WORKS DEPARTMENT (Water Income Division).

Approval has been given to continue the temporary employment of Herman A. Tigges as water meter reader at \$1,700 a year, for three months from October 4.

MUNICIPAL COURT OF THE CITY OF BOSTON.

Thomas J. Gorman, Esq., who has served this court as its messenger for the last forty-four years, and who will be retired under the provisions of the Boston Retirement Act at the close of business on September 30, has been continued as a temporary appointment for a period of thirty days, beginning October 1, at the same rate of compensation which he is now receiving, \$3,400 a year.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law:

Public Works Department (Sewer Service).

For the week ending Monday, September 28:

John L. McGovern, oiler, temporary, 1 day, \$6.92.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon September 29 the Mayor approved the award of a contract as indicated for furnishing fuel oil to the various city departments. A communication from the Supply Department was as follows:

BOSTON, September 28, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Attached you will find summary of advertised bids for approximately 6,305,000 gallons of heavy fuel oil to be delivered, by truck, as required, to the various city departments, also the alternate bid for the delivery of approximately 4,000,000 gallons of heavy fuel oil to the City Hospital, by barge, from October 1, 1936, to December 31, 1936, with the option of extending the contract until September 30, 1937. Bids for delivery to the various city departments were all the same.

There were three bids received for delivery to the City Hospital by barge, two of which were the same. Upon investigation I find that the City Hospital is unable to receive delivery by barge owing to the condition of the unloading equipment and the shallow water in the Roxbury canal. I also find that no delivery has been made by barge to the hospital since 1933, and it has been necessary to make the hospital deliveries by truck.

I have been in touch with both the Colonial-Beacon Oil Company and the Petroleum Heat and Power Company, the two low bidders, inquiring if they would make delivery by truck to the City Hospital at the price quoted for barge delivery. The Colonial-Beacon Oil Company have informed me that they will make deliveries by truck to the City Hospital only until such time as repairs are made so that it will be possible to receive oil by barge. The Petroleum Heat and Power Company have informed me, and confirmed same by a letter dated September 25, 1936, that they will deliver the hospital requirements by motor truck at a barge price for the life of the contract. This represents a saving of approximately \$21,000 had the contract been awarded in its entirety in accordance with the bid by truck, owing to the inability of the hospital to receive delivery by barge.

Therefore I recommend that a contract for furnishing heavy fuel oil to the various city departments, exclusive of the Boston City Hospital, be awarded to the Petroleum Heat and Power Company, at a posted price on the day of the opening of the bids of 3.381 cents per gallon, approxi-

mate total, \$78,000, and as I am of the opinion that no advantage will be gained by the city by further advertising for fuel oil for the City Hospital, I respectfully request your approval of the award of a contract to the same company, without further advertising, for furnishing heavy fuel oil to the City Hospital by truck at a posted price on the day of the opening of the bids of 2.857 cents per gallon, approximate total, \$114,000. Estimated total amount of contracts, \$192,000.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

Bids were as follows:

Heavy Fuel Oil.—4,000,000 gallons City Hospital, 700,000 gallons Boston Sanatorium, 800,000 gallons Calf Pasture pumping station, Sewer Division, 40,000 gallons Garage, Paving Division, 650,000 gallons City Hall Annex, Public Buildings Department, 25,000 gallons Court House, Public Buildings Department, 90,000 gallons Health Units, Health Department.

Maximum Price, Exclusive of Said Discounts.—Everett Fuel Company, Incorporated, 7.25 cents per gallon; State Fuel Company, 6.4 cents per gallon; White Fuel Corporation, 6.73 cents per gallon; Hanley Oil Company, Incorporated, 7 cents per gallon; Colonial-Beacon Oil Company, Incorporated, 6.75 cents per gallon; The Quincy Oil Company, 5.5 cents per gallon; Petroleum Heat and Power Company, 7 cents per gallon; Shell Eastern Petroleum Products, Incorporated, 5.5 cents per gallon; Pennsylvania Oil Company, 5.35 cents per gallon; \$2.247 per barrel of 42 United States gallons; American Oil Products Company, 6.5 cents per gallon; Cities Service Refining Company, 7 cents per gallon; Bonded Oil System, Incorporated, 6.94 cents per gallon; Socony-Vacuum

Oil Company, Incorporated, 7 cents per gallon.

Net Price Per Gallon on Day of Opening of Bids.—Everett Fuel Company, Incorporated, 4.74 cents; State Fuel Company, 4.601875 cents; White Fuel Corporation, 4.8213 cents; Hanley Oil Company, Incorporated, 4.95 cents; Colonial-Beacon Oil Company, Incorporated, 5.73 cents; The Quincy Oil Company, 5.445 cents; Petroleum Heat and Power Company, 5.75 cents; Shell Eastern Petroleum Products, Incorporated, 5 cents; Pennsylvania Oil Company, 4.8954 cents; American Oil Products Company, 5.75 cents; Cities Service Refining Company, 5.75 cents; Bonded Oil System, Incorporated, 4.7916 cents; Socony-Vacuum Oil Company, Incorporated, 5.75 cents.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and contractors for labor, supplies, etc. Communications from the heads of the several departments concerned were as follows:

PENAL INSTITUTIONS DEPARTMENT,
BOSTON, September 28, 1936.
HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Under date of September 17, 1936, a contract for repairs to the steamer "Michael J. Perkins," amounting to fifty-five hundred forty-five dollars (\$5,545) was approved by your Honor, the work to be performed by the Quincy Dry Dock and Yacht Corporation.

This work is now being done at their plant and the United States Steamboat Inspection Service has ordered additional work to be performed before the boat can be put in service. The cost of this additional work is eleven hundred sixty-eight dollars (\$1,168). This price has been submitted by the Quincy Dry Dock and Yacht Corporation, and consists of the following work:

1. Electric weld hull rivets; 393 port side, 223 starboard side, total 616 rivets at \$1 each, \$616.
 2. Drill and plug test holes; 18 port side, 22 starboard side, total 40 test holes at \$1.25 each, \$50.
 3. Drill, tap and install top rivet at counter starboard side, \$1.
 4. Electric weld brackets supporting floor plates in fireroom, \$30.
 5. Seam and butt electric welding, carding and calking; 26 feet port side, 17½ feet starboard side, 43½ feet at \$4, \$174.
 6. Crop and renew one plate starboard side amidships, 78 inches by 54 inches by ½ inch, including 54-inch butt welding, carding and calking, \$150.
 7. Furnish and install new port light glass starboard side aft, \$7.50.
 8. Make pattern for boiler casting, outlet to main steam line, casting same in steel, to test at 1,000 pounds pressure, drill, tap and chine to replace present deteriorated casting condemned by inspector. Drill out three ½-inch studs, furnish four ½-inch by 3½-inch studs, drill out six broken studs from boiler, machine and install twelve ½-inch by 3½-inch steel studs, \$125.
 9. Furnish two new piston rings for sanitary pump, \$6.
 10. Rebabbit and machine two valve discs for boiler valves, \$4.50.
 11. Cast and machine two cast-iron glands for boiler valves, \$4.
- Total, \$1,168.

Permission is respectfully requested to make this addition to the original contract, without advertising, as the boat is now in drydock at the Quincy Dry Dock and Yacht Corporation yard. The work is of an emergency nature, the prices for the work are reasonable, and I believe the best interests of the city would be served by making this award.

Respectfully,

JOHN J. DOUGLASS,
Commissioner.

DEPARTMENT OF COMMERCE,
BUREAU OF
STEAM INSPECTION AND NAVIGATION,
September 26, 1936.
COMMISSIONER,
Penal Institutions Department,
Boston.

Sir,—At the dry dock examination on September 25, 1936, of the passenger steamer "Michael J. Perkins," the following requirements were found necessary:

1. Weld approximately 650 rivets throughout hull, as marked.
2. Weld 44 feet of seams as marked.
3. Install and weld one top rivet under counter, as marked.
4. Crop and renew starboard D strake No. 3 plate, as marked.
5. Weld 54 inches of plate butts, as marked.
6. Renew one port light glass starboard side aft.
7. Weld all fireroom floor brackets, as marked.
8. Renew four nuts and studs on after hand pump sea cock, as directed.
9. Replace with new main steam attaching fitting and have same tested and approved before installation.
10. This office to be notified when these requirements are complied with.

Respectfully,

FRANK E. McLEAN,
CHARLES M. LYONS (absent),
U. S. Local Inspectors.

PUBLIC WORKS DEPARTMENT.

BOSTON, September 22, 1936.
To the Honorable Mayor.

Yearly a contract is entered into for the purchase of new meters, said meters for the purpose of installation in new houses under construction and also to replace meters which through winter misuse or freeze are condemned and junked.

It is estimated that for the coming winter there will be needed the following number of meters:

- 2,500 ½-inch meters.
- 100 ¾-inch meters.
- 100 1-inch meters.
- 50 1½-inch meters.
- 25 2-inch meters.
- 20 3-inch meters.
- 5 4-inch meters.

The estimated cost will be approximately \$26,000. This money is provided for in the Water Income Division budget and I respectfully request permission to requisition the Supply Department for the meters necessary for use in the Income Branch.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, September 21, 1936.
HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without publicly advertising for same, to the Bedford Tobacco Company, Bedford, Va., to deliver to the Long Island Hospital, Institutions Department, as required, until December 31, 1936, the following:

Approximately 2,814 pounds (67 42-pound boxes) Uncle Henry plug tobacco at 45½ cents per pound, \$1,280.37.

I respectfully request your approval of the above, in view of the fact that I have tried to obtain the tobacco through a jobbing firm in the City of Boston, and the lowest price I received was 50 cents a pound.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective September 26, 1936:

Willis Street, Dorchester.

From Pleasant street to Sumner street.

Mt. Everett Street, Dorchester.

From Hamilton street to Quincy street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of underground construction by the Edison Electric Illuminating Company of Boston, estimated to be three (3) weeks, trial period of sixty (60) days from September 26, 1936:

Parking of vehicles is prohibited in the following street:

Newbury Street.

Both sides, from Massachusetts avenue to Charlesgate East.

The following streets are one way in the direction designated:

Newbury Street.

From Massachusetts avenue to Charlesgate East.

Charlesgate East.

From Newbury street to Commonwealth avenue.

Voted, That as urgently required by considerations of public safety and convenience, the following rule, which was adopted July 17, 1936, and was effective July 27, 1936, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from September 25, 1936:

Parking of vehicles is prohibited in the following street:

Dorchester Avenue, South Boston.

West side, from Southampton street to Dexter street, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, vehicles are excluded from the following street from 6 p. m., September 26, 1936, to 3 p. m. September 27, 1936:

School Street, Downtown Boston.

From Tremont street to Province street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water main construction, estimated to be two (2) weeks, vehicles are excluded from the following street, effective September 30, 1936:

Guilford Street, Brighton.

From Pomeroy street to Saunders street.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Thomas O'Connor & Co., Incorporated, have been ordered to add to the contract for the Dudley District School the following:

ADDITIONS.	
927.22 cubic yards plain concrete at \$14.....	\$12,981 08
1,301.05 cubic yards earth excavation at \$2.....	2,602 10
158.20 cubic yards earth excavation below 6 feet at \$3.....	474 60
685.66 cubic yards backfill at 75 cents.....	514 24
13.90 cubic yards rock excavation at \$6.50.....	90 35
12.88 cubic yards rock excavation below 6 feet at \$9.....	115 92
	<u>\$16,778 29</u>
DEDUCTIONS.	
29.76 cubic yards plain concrete at \$12.....	\$357 12
37.71 cubic yards earth excavation at 65 cents.....	24 51
12.88 cubic yards earth excavation below 6 feet at \$1.30.....	16 74
25.66 cubic yards backfill at 65 cents.....	16 67
3.35 cubic yards rock excavation at \$3.75.....	12 56
	<u>427 60</u>
Net addition.....	\$16,350 69
Previously allowed.....	9,069 00
This addition.....	<u>\$7,281 69</u>

All of this work has been approved by the State Director of the P. W. A. and his Honor the Acting Mayor.

The amount of \$7,281.69 will be added therefor, making the account as follows: Contract price, \$547,800; total additions, \$19,374.91; total deductions, none; amount of contract, \$567,174.91.

M. S. Kelliher Company has been allowed to add to the contract for the Lucy Stone School the following:

ADDITIONS.	
76.23 cubic yards earth excavation to a depth of 6 feet at \$14.....	\$152 46
16.60 cubic yards unreinforced concrete at \$14.....	232 40
58.45 cubic yards backfill at 75 cents.....	43 83
	<u>\$428 69</u>
DEDUCTIONS.	
44.22 cubic yards earth excavation to a depth of 6 feet at \$1.30.....	\$57 48
10.49 cubic yards unreinforced concrete at \$12.....	125 88
33.58 cubic yards backfill at 65 cents.....	21 82
	<u>205 18</u>
Total addition.....	<u>\$223 51</u>

The amount of \$223.51 will be added therefor, making the account as follows: Contract price, \$167,622; total additions, \$376.58; total deductions, \$1,150; amount of contract, \$166,848.58.

Approval has been given to issue an order of change, making an addition in the sum of \$4,098, to the contract of the Rugo Construction Company, Incorporated, for the erection and completion of the alterations and addition to the South Boston High School, South Boston.

This amount is necessary in order to pay for additional plumbing work to the extent of \$3,588.10. To excavate for the new conductor lines, it is found that the drain line within the building is of Akron pipe, and as this is now contrary to law, the plumbing division of the Building Department insists that this Akron pipe be removed and new cast-iron be installed. This involves considerable excavating and cutting through granite stone foundations, and patching up the floors after the work is installed, also relocating lavatories and relocating 10-inch surface drain at Thomas park.

The amount of work involved in this change is as follows:

Plumbing work.....	\$1,884 00
Electric work.....	95 00
Heating work.....	94 95
	<u>\$2,073 95</u>
General contractor's 10 per cent.....	207 40
	<u>\$2,281 35</u>
Excavating 111½ cubic yards at \$2.....	223 50
Excavating trench, 15 cubic yards at \$3.....	45 00
Backfill, 98 cubic yards at 75 cents.....	73 50
Concrete, 10 cubic yards at \$14.....	140 00
Asphalt floors, 24 square yards at \$4.50.....	108 00
Granolithic floor, 185 square yards at 25 cents.....	46 25
Breaking up concrete floor slabs, 385 square feet at 30 cents.....	115 50
Cutting holes through granite walls.....	400 00
Removing and resetting granite steps.....	50 00
Cutting and patching brick walls.....	15 00
Cutting hole through in stairs.....	20 00
Replacing granolithic sidewalk, 50 square feet at 50 cents.....	25 00
Replacing street pavement.....	35 00
New 10-inch by 10-inch Akron pipe (in street) plus labor.....	10 00
	<u>\$3,588 10</u>
Removing present boiler room sink and installing soapstone sink in new location, together with necessary fittings and connect to sump pit.....	298 10
Furnish and install slate backs with pipe space in back of two lavatories in boys' toilet room "C,"	115 50
Remove to new location the waste pipe on ceiling of girls' lunch room.....	96 30
	<u>\$4,098 00</u>
Total addition.....	<u>\$4,098 00</u>

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Fremont street, Dorchester district, as a highway, from Babson street to River street, bounded and described as follows:

An extension of the highway named Fremont street is hereby laid out from Babson street to River street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to John Toosi and Zenaide Toosi, bounded:

Westerly by Babson street, twenty-three and 3-100 feet; easterly by the easterly line of Fremont street as extended under this order, thirty and 85-100 feet on a curve of twenty-five feet radius; northeasterly by the northeasterly line of Fremont street as extended under this order, seventy-six and 45-100 feet; southeasterly by land hereinafter described as taken from Gavin *et al.*, five feet; and southwesterly by Fremont street, ninety-two and 45-100 feet, containing five hundred and twenty-four square feet, more or less.

A parcel of land, supposed to belong to John J. Gavin and Nellie W. Gavin, bounded:

Northwesterly by land hereinbefore described as taken from Toosi *et al.*, five feet; northeasterly by the northeasterly line of Fremont street as extended under this order, one hundred and twenty feet; southeasterly by land hereinafter described as taken from Brugnetti *et al.*, five feet; and southwesterly by Fremont street, one hundred and twenty feet, containing six hundred square feet, more or less.

A parcel of land, supposed to belong to Serafino and Adelina B. Brugnetti, bounded:

Northwesterly by land hereinbefore described as taken from Gavin *et al.*, five feet; northeasterly by the northeasterly line of Fremont street as extended under this order, seventy-one and 16-100 feet; southeasterly by land hereinafter described as taken from owners unknown (Fremont place), five and 1-100 feet; and southwesterly by Fremont street, seventy and 77-100 feet, containing three hundred and fifty-five square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Fremont place, bounded:

Northwesterly by land hereinbefore described as taken from Brugnetti *et al.*, five and 1-100 feet; northeasterly by another part of said place, twenty and 5-100 feet; southeasterly by land hereinafter described as taken from White *et al.*, five and 1-100 feet; and southwesterly by Fremont street, twenty and 5-100 feet, containing one hundred square feet, more or less.

A parcel of land, supposed to belong to Katherine J., Mary A. and James P. White, bounded:

Northwesterly by land hereinbefore described as taken from owners unknown (Fremont place), five and 1-100 feet; northeasterly by the northeasterly line of Fremont street as extended under this order, ninety-seven and 49-100 feet,

southeasterly by land hereinafter described as taken from Lee *et al.*, five feet; and southwesterly by Fremont street, ninety-eight feet, containing four hundred and eight-nine square feet, more or less.

A parcel of land, supposed to belong to Bartholomew F. and Anna J. Lee, bounded:

Northwesterly by land hereinbefore described as taken from White *et al.*, five feet; northeasterly by the northeasterly line of Fremont street as extended under this order, seventy-six feet; southeasterly by land hereinafter described as taken from Josephine Del Signore, five feet; and southwesterly by Fremont street, seventy-six feet, containing three hundred and eighty square feet, more or less.

A parcel of land, supposed to belong to Josephine Del Signore, bounded:

Northwesterly by land hereinbefore described as taken from Lee *et al.*, five feet; northeasterly by the northeasterly line of Fremont street as extended under this order, seventy-seven and 51-100 feet; and southeasterly by land hereinafter described as taken from Clapp *et al.*, trustees, five feet; and southwesterly by Fremont street, seventy-seven and 17-100 feet, containing three hundred and eighty-seven square feet, more or less.

A parcel of land, supposed to belong to Cliff Rogers Clapp *et al.*, trustees, bounded:

Northwesterly by land hereinbefore described as taken from Del Signore, five feet; northeasterly by the northeasterly line of Fremont street as extended under this order, one hundred sixty-six and 38-100 feet; northerly by the northerly line of Fremont street as extended under this order, thirty and 85-100 feet on a curve of twenty-five feet radius; southeasterly by River street, ten and 5-100 feet on a curve of three hundred sixty-one and 22-100 feet radius; southerly by Fremont street, twenty-two and 13-100 feet on a curve of seventeen and 54-100 feet radius; and southwesterly by Fremont street, one hundred seventy and 27-100 feet, containing nine hundred and forty-eight square feet, more or less.

A parcel of land, supposed to belong to Amor Hollingsworth, bounded:

Southeasterly by River street, thirteen and 95-100 feet; westerly by the westerly line of Fremont street as extended under this order, forty-six and 85-100 feet on a curve of twenty-five feet radius; southwesterly by the southwesterly line of Fremont street as extended under this order, one hundred forty-two and 83-100 feet; northwesterly by land hereinafter described as taken from Diletta Del Signore, five and 2-100 feet; northeasterly by Fremont street, one hundred fifty-two and 70-100 feet; and easterly by the same, thirty-four and 85-100 feet, containing ten hundred and five square feet, more or less.

A parcel of land, supposed to belong to Diletta Del Signore, bounded:

Southeasterly by land hereinbefore described as taken from Hollingsworth, five and 2-100 feet; southwesterly by the southwesterly line of Fremont street as extended under this order, one hundred one and 59-100 feet; northwesterly by land hereinafter described as taken from owners unknown (Deltore place), five feet; and northeasterly by Fremont street, one hundred and two feet, containing five hundred and nine square feet, more or less.

LAND-TAKING IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Ralston street, South Boston district, as a highway, from Dorchester avenue easterly for a distance of approximately sixty-three feet, bounded and described as follows:

An extension of the highway named Ralston street is hereby laid out from Dorchester avenue easterly for a distance of approximately sixty-three feet.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Dorchester avenue, forty feet; northerly by the northerly line of said extension of said Ralston street as hereby laid out, sixty-two and 77-100 feet; easterly by the easterly line of said extension of said Ralston street as hereby laid out, forty feet; and southerly by the southerly line of said extension of said Ralston street as hereby laid out, sixty-two and 77-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out of an extension of Ralston street, South Boston district, as a highway, from Dorchester avenue easterly for a distance of approximately sixty-three feet, under the order of the Board of September 28, 1936, and awards no damages therefor.

LAND-TAKING IN DORCHESTER.

(Continued from page 1174.)

A parcel of land, supposed to belong to owners unknown, being part of the private way known as Delnore place, bounded:

Southeasterly by land hereinbefore described as taken from Diletta Del Signore, five feet; southwesterly by another part of said place, forty feet; northwesterly by land hereinafter described as taken from heirs of Diletta Del Signore, five feet; and northeasterly by Fremont street, forty feet, containing two hundred square feet, more or less.

A parcel of land, supposed to belong to Diletta Del Signore, bounded:

Southeasterly by land hereinbefore described as taken from owners unknown (Delnore place), five feet; southwesterly by the southwesterly line of Fremont street as extended under this order, ninety-nine and 10-100 feet; northwesterly by land hereinafter described as taken from the Roman Catholic Archbishop of Boston, five feet; and northeasterly by Fremont street, ninety-nine and 10-100 feet, containing four hundred and ninety-five square feet, more or less.

A parcel of land, supposed to belong to the Roman Catholic Archbishop of Boston, bounded:

Southeasterly by land hereinbefore described as taken from Diletta Del Signore, five feet; southwesterly by the southwesterly line of Fremont street as extended under this order, two hundred seventy-nine and 69-100 feet; southerly by the southerly line of Fremont street as extended under this order, twenty-eight and 62-100 feet on a curve of fifteen feet radius; southwesterly by the southwesterly line of Fremont street as extended under this order, one and 66-100 feet; northwesterly by Babson street, twenty-four and 90-100 feet; and northeasterly by Fremont street, three hundred two and 58-100 feet, containing sixteen hundred and thirty-two square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said extension of said Fremont street as hereby laid out is bounded:

Northwesterly by Babson street, by two measurements, twenty-four and 90-100 feet and fifty and 7-100 feet; easterly by the easterly line of said extension of Fremont street as hereby laid out, thirty and 85-100 feet on a curve of twenty-five feet radius; northeasterly by the northeasterly line of said extension of Fremont street as hereby laid out, seven hundred five and 4-100 feet; northerly by the northerly line of said extension of Fremont street as hereby laid out, thirty and 85-100 feet on a curve of twenty-five feet radius; southeasterly by River street, by two measurements, twelve and 22-100 feet on a curve of three hundred sixty-one and 22-100 feet radius and seventy-five and 2-100 feet; westerly by the westerly line of said extension of Fremont street as hereby laid out, forty-six and 85-100 feet on a curve of twenty-five feet radius; southwesterly by the southwesterly line of said extension of Fremont street as hereby laid out, six hundred sixty-three and 21-100 feet; southerly by the southerly line of said extension of Fremont street as hereby laid out, twenty-eight and 62-100 feet on a curve of fifteen feet radius; and south-

FIRE DEPARTMENT ORDERS.

General Order No. 46.

I. CHANGE OF TIME.

Under the Daylight Saving Law, time will be retarded one hour at 2 a. m., Sunday, September 27, 1936. At that time clocks in the department houses will be set back one hour.

All tower clocks without striking mechanism will be set back at 6.30 a. m. All tower clocks with striking mechanism will be stopped at 6.30 a. m. for one hour and then started.

Only the men who are regularly assigned to winding clocks should be detailed to change tower clocks.

II. SALVATION ARMY.

With this General Order there is being issued to each house of the department a subscription blank of the Salvation Army. Company commanders are requested to call the attention of members of the company to these blanks and accept such donations as the members wish to give. Attention of the members of the department is called to the excellent service rendered by the Salvation Army in connection with multiple alarm fires.

The blanks are to be returned to Headquarters with the contributions of members, on Thursday, October 15, 1936.

III. BOSTON AUTOMATIC FIRE ALARM SIGNALS.

The following Boston Automatic Fire Alarm signals are to be added to the running cards of that company in this department:

Signal 1221, 126-130 Commercial street; Signal 1222, 132 Commercial street; Signal 1223, 134 Commercial street; Signal 1224, 138-140 Commercial street. Apparatus to respond to each location, Engine 8, Ladder 1, District Chief 4. Nearest box is No. 1251.

IV. A. D. T. SIGNALS.

The following A. D. T. signals are to be added to the running cards of that company in this department:

Signal 562, Blair's Foodland, Incorporated, 2214-2224 Washington street. Apparatus to respond, Engine 13, Ladder 4, District Chief 9. Nearest box is No. 2124.

Signal 569, Grosberg's, 484 and 486 Washington street. Apparatus to respond, Engine 7, Ladder 17, District Chief 5. Nearest box is No. 1461.

V. COMMENDATIONS.

The following letter which was received from the Whittemore Company is hereby published for the information of the department:

September 18, 1936.

MR. EDWARD McLAUGHLIN,
Fire Commissioner.

DEAR MR. McLAUGHLIN,—We wish to advise you of our appreciation of the wonderful work of the department rendered us yesterday in extinguishing the fire in the top of our grain elevator.

I am told by those who saw the department work that it was one of the best demonstrations of the efficiency of the Boston Fire Department. In spite of the height of this building, tons of water were thrown completely over the top of it and the fact that the fire was controlled with only the loss of the top of the elevator is ample proof of the effectiveness of the apparatus and the great work done by the department.

Assuring you that our directors will appreciate the wonderful work that the department did and again thanking you, I beg to remain,

Yours very sincerely,

THE WHITEMORE COMPANY.

A. I. MERIGOLD, President.

Ladderman John McCrackin of Ladder Company 12 is hereby commended for holding a fire in check until the arrival of apparatus, Box 1551, September 17, 1936, while off duty.

By order of Acting Fire Commissioner
HENRY A. FOX.

THOMAS H. DOWNEY,
Acting Chief of Department.

CLAIMS DISALLOWED.

The Law Department has disapproved forty-seven claims against the City of Boston. These claims are classified as follows:

Building Department, three claims; Fire Department, one claim; Licensing Department, one claim; Park Department, eleven claims; Police Department, two claims; Public Buildings Department, one claim; Public Works Department, 28 claims.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1936.

Examinations will be held at the following points and on the following dates:

Springfield, Thursday, October 15.
Pittsfield, Friday, October 16.
Boston, Monday, November 2.
Lowell, Wednesday, November 4.
Boston, Monday, December 7.
New Bedford, Wednesday, December 9.
New Bedford, Thursday, December 10.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
PAYSON SMITH,
JAMES M. HURLEY,
ALBERT FRANK,
WALTER J. KENEFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon St., Boston, Mass.

MASSACHUSETTS CIVIL SERVICE
EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

PROOFREADER, BOSTON PRINTING DEPARTMENT, OCTOBER 31, 1936.

Last date for filing applications, Saturday, October 17, 1936, at 12 noon.

This examination is open to both males and females.

Salary: \$42.25 a week.

Duties: To detect errors in manuscripts and make suggestions to improve phraseology of questionable subjects. To read and revise printed matter with both speed and accuracy. Applicants should be familiar with proofreaders' marks, type faces, spacing, punctuation, and general office customs of a printing plant.

Entrance Requirement: Applicants must have one year's experience as a proofreader in a printing office.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: At least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

COPYHOLDER, BOSTON PRINTING DEPARTMENT, OCTOBER 31, 1936.

Last date for filing applications, Saturday, October 17, 1936, at 12 noon.

This examination is open to both males and females.

Salary: \$29 a week.

Duties: To assist the proofreader in the reading of manuscripts or copies, and in checking and passing on printed proof of matter. To be capable of reading the

author's manuscript and interpret the full meaning of the author's intentions. To observe delineations and corrections in original copy.

Entrance Requirement: Applicants must have at least one year's experience as a copyholder.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject in order to become eligible.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN CORNAUBA STREET EXTENSION, BETWEEN CORNAUBA STREET AND POPLAR STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Cornauba Street Extension, between Cornauba street and Poplar street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Cornauba Street Extension," and left at Room 508, fifth floor, City Hall Annex, before 12 m., of Thursday, October 15, 1936, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Oct. 3.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING MEATS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, meats, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. There will be a charge of twenty-five cents (\$.25) for each blank proposal taken out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, October 19, 1936, at 12 m. at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Oct. 3.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR CAST-IRON WATER PIPE.

The Supply Department of the City of Boston invites proposals for furnishing to the Water Service, 30 tons of 4-inch cast-iron water pipe, 6-foot lengths, according to specifications which must be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex, and the successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each proposal taken out.* The bid, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, before Wednesday, October 14, 1936, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies.

PROPOSALS FOR FURNISHING ONE ONE AND ONE-HALF TON DUMP TRUCK.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department, Sanitary Service, one one and one-half ton dump truck, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, October 13, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies.

(Oct. 3.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BLASTING FOR SEWERAGE WORKS IN WASHINGTON STREET, BETWEEN GROVE STREET AND EDMERE ROAD, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for blasting for sewerage works in Washington street, between Grove street and Edgemere road, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Blasting" for Sewerage Works in Washington Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, October 16, 1936, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
Commissioner of Public Works.

(Oct. 3.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for erecting and completing fire escape on the Williams School, Homestead and Harold streets, Grove Hall, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Plans ready for contractor Wednesday, October 7, 1936. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 p. m. Friday, October 16, 1936, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Superintendent of Construction. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder if specifications are returned prior to noon of Friday, October 23, 1936. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
Superintendent of Construction.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING BUTTER, EGGS, ETC.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, butter, eggs, etc., as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, October 21, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Oct. 3.) Superintendent of Supplies.

CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR WATER METERS.

(Meters to be Bright.)

The Supply Department of the City of Boston invites proposals for furnishing water meters to the Public Works Department, Water Service, 710 Albany street. Blank proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of thirty-five cents (\$0.35) for each blank proposal taken out.* The bidder must leave his proposal and a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above-mentioned office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Tuesday, October 13, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Oct. 3.) Superintendent of Supplies.

CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING 45 PER CENT ASPHALTIC ROAD OIL.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department, Sanitary Service, 45 per cent asphaltic road oil, as per specifications. Quote prices applied to the road. Oil to be delivered as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* Proposals with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above mentioned office, must be left at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Thursday, October 8, 1936, at which time and place they will be publicly opened and read. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Oct. 3.) Superintendent of Supplies.

CITY OF BOSTON.
PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN NONQUIT STREET, WARD 13, FROM DUDLEY STREET 378 FEET SOUTHWESTERLY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Nonquit street, Ward 13, from Dudley street 378 feet southwesterly, and giving bond therefor of a surety company approved by the Commissioner in the sum of one hundred per cent of the amount of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Laying Sheet Asphalt Pavement in Nonquit Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Tuesday, October 13, 1936, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he may deem for the best interests of the city so to do.

C. J. CARVEN,
(Oct. 3.) Commissioner of Public Works.

CITY OF BOSTON.
DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for erecting and completing fire escape on the Abby W. May School, Thornton street, near Valentine street, Roxbury, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Plans ready for contractors Wednesday, October 7, 1936. Only proposals obtained at the office of the Superintendent of Construction, 11 Beacon street, Boston, Mass., signed by the bidder and left before 2 p. m. Friday, October 16, 1936, at said office, with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Superintendent of Construction. The Superintendent of Construction reserves the right to reject any or all proposals. A deposit of a certified check in the sum of \$25 will be required in order to procure a complete set of specifications, said sum to be refunded to all but the successful bidder if specifications are returned prior to noon of Friday, October 23, 1936. Mutilation of the specifications will be deemed sufficient cause for the forfeiture of the said deposit.

WM. W. DRUMMEY,
(Oct. 3.) Superintendent of Construction.

FIRE DEPARTMENT ORDERS.*General Order No. 47.***I. FIRE PREVENTION WEEK.**

Fire Prevention Week will be observed in Boston and the nation during the week of October 4, 1936. The Fire Department will participate in the observance of this week in the following manner:

Fire stations will be open to the public between the hours of 12 m. and 9 p. m. for inspection and information as to how the department functions and on fire prevention matters, in addition to instructions as to the proper method of sending in an alarm of fire. During the period that houses are open to inspection they should be in good order, no gatherings or loitering on the main floor, and the man on patrol should wear his full uniform, including blouse, cap and badge. If visitors come he should summon the commanding officer who will either show the visitors around or assign someone to do it. Children under twelve should not be allowed in the house unless accompanied by an adult.

All schools will be visited by a district chief and such officers as they may assign to assist them in so doing; fire drills are to be held and permission requested to address the pupils on the subject of fire and fire prevention, the pupils to be assembled for that purpose.

In the presentation of facts concerning Fire Prevention Week members and officers of the department in quarters and in public should emphasize to hearers and guests that 60 per cent of all fires occur in homes and a home goes up in smoke somewhere every four minutes—a home that ought not to have burned. Home fires are responsible for the greater proportion of the 10,000 lives annually taken by fire, approximately 6,000 of which are women and children, the loved ones and the helpless ones who contribute so much to the real happiness of a good home. It is the mission of firemen to impress upon the public the cause for home fires and how the exercise of a little care will eliminate them. It is a well known fact that the careless use of matches and smokers' articles is one of the responsible causes of our enormous national fire loss. Heating equipment is another frequent cause of home fires. Frequent inspections of heating equipment, chimneys and flues will show any weakness that may exist. For example, the customary defects are cracks in chimneys, sooty or clogged flues and chimneys, stoves, stove-pipes and other hot pipes too near wood-work. The remedies for such defects are known to all. Defective and amateur electric installations present a serious hazard. It hardly seems possible that anyone in these days of the twentieth century would attempt to increase or quicken a slow fire by the use of gasoline or kerosene. Nevertheless, such unexplainable methods are followed occasionally with the customary tragic results. Home fires frequently start in kitchens, which condition can be quickly corrected by the application of good housekeeping rules.

Next to fires in the homes fires in industry should be of great concern to the homemaker and wage earner of the family. Fires in industry cause unemployment, deprive the laborer of his wages and the owner of his profits. Fire destroys the foundation of wealth.

There are eight principal causes of fires listed by the Actuarial Bureau of the Na-

tional Board of Fire Underwriters, namely:

Exposure from other buildings.
Matches, smoking, etc.
Defective chimneys and flues.
Stoves, furnaces and pipes.
Petroleum and its products.
Sparks on roofs.
Spontaneous ignition.
Unknown (suspicious).

There are many other causes, but the foregoing are the principal reasons for our terrible loss.

The facts outlined herein should be borne in mind by all officers and members when discussing Fire Prevention with teachers, school children and citizens in the fire stations, so that the public may be properly impressed with the principal causes of fire and the remedies which should be applied. There will be distributed to the department an address to be used in whole or as part of a talk by the officers of the department who are selected to speak to the pupils of the schools.

II. FRED P. FULLERTON.

It is with deep regret that the Acting Fire Commissioner announces the death, on September 26, 1936, of Apparatus Operator Fred P. Fullerton of Engine Company 30. Apparatus Operator Fullerton was appointed to the department on March 23, 1900. He was promoted to apparatus operator on June 3, 1927.

The funeral was held from the Stokes Funeral Home, 1803 Centre street, West Roxbury, on Monday, September 28, 1936, at 1 p. m. The funeral was private.

III. COMMENDATIONS.

Hoseman William H. Edwards of Engine Company 2 is hereby commended for responding to and working at the fire, Box 7421, three alarms, Thursday, September 24, 1936, while off duty.

Apparatus Operator William H. Lanigan of Engine Company 14 is hereby commended for extinguishing a fire at No. 16 Glenwood street, on September 25, 1936, while off duty.

Hoseman David F. Watkins of Engine Company 13 is hereby commended for holding a fire in check at Box 2214 until the arrival of apparatus, on September 26, 1936, while off duty.

By order of Acting Fire Commissioner
HENRY A. FOX.

THOMAS H. DOWNEY,
Acting Chief of Department.

RETIREMENT BOARD REPORT.

To the Auditor.

At meetings of the Boston Retirement Board, held on September 15 and September 23, the retirement from active service of the following-named members of the retirement system was approved, to become effective at the close of business September 30:

Catherine E. Monahan, assistant housekeeper, salary at time of retirement \$1,313 a year.

LIBRARY DEPARTMENT.

Nils J. Herland, first assistant engineer, salary at time of retirement \$2,600 a year.

PARK DEPARTMENT.

Thomas J. Farrell, laborer, salary at time of retirement \$1,560 a year.

Michael O'Meara, custodian, salary at time of retirement \$2,000 a year.

PUBLIC BUILDINGS DEPARTMENT.

Margaret McPhee, cleaner, salary at time of retirement \$936 a year.

PUBLIC WORKS DEPARTMENT.

James A. Bell, instrumentman, salary at time of retirement \$2,400 a year.

Michael Dillon, carpenter, salary at time of retirement \$1,872 a year.

Patrick H. Shea, meter repairer, salary at time of retirement \$1,872 a year.

SCHOOL DEPARTMENT.

Sarah A. Lyons, examiner, salary at time of retirement \$4,896 a year.

SOLDIERS' RELIEF DEPARTMENT.

Nora T. Spillane, clerk, salary at time of retirement \$1,600 a year.

TRANSIT DEPARTMENT.

Michael Connolly, laborer, salary at time of retirement \$1,560 a year.

SUFFOLK COUNTY.

Thomas J. Gorman, messenger, salary at time of retirement \$3,400 a year.

Attest:

W. J. DOYLE, *Chairman.*

**MAYOR MANSFIELD AGAIN ASKS
FOR FEDERAL AID IN EFFORT
TO SECURE NEW CITY
HALL.**

The following is a copy of a letter from Mayor Mansfield to the State Director of P. W. A.:

BOSTON, September 24, 1936.

ANDREW H. PETERSON, Esq., *State Director, P. W. A., Boston, Mass.*

DEAR MR. PETERSON,—I have received your letter dated September 16 referring to certain applications heretofore filed on behalf of the City of Boston for a grant from the Federal Government under the Public Works program.

We are still very much interested in the application heretofore filed for a new City Hall (Docket Mass. No. 1078). Any assistance that you can give in securing favorable action by the Federal Government on this application will be very much appreciated.

We do not wish, however, further action taken on our application with regard to the two garages referred to in your letter (Docket Mass. Nos. 1341 and 1342).

A loan order has already been passed in connection with the project of a new City Hall and the project has been approved by the City Council and plans are well under way. The Emergency Finance Board of the Commonwealth has not yet approved the loan order but we shall seek their approval immediately, provided that there appears to be a reasonable likelihood of Federal approval.

The erection of a new City Hall is of the utmost importance to the city. As you well know the present structure is antiquated and inadequate and unless a new structure is erected very extensive and costly repairs and renovation must be made. In addition, many city departments are now housed in rented quarters throughout the city, at an expense of some \$70,000 a year, practically all of which could be housed in the new building at a saving of existing rentals.

Yours truly,

FREDERICK W. MANSFIELD, *Mayor.*

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 28.

SATURDAY, OCTOBER 10, 1936.

No. 41

DEPARTMENT OF SCHOOL BUILDINGS IN ANNUAL REPORT SUBMITTED TO MAYOR MANSFIELD SHOWS ACCOMPLISHMENTS FOR YEAR 1935 — THREE NEW STRUCTURES WERE COMPLETED AND A NUMBER OF OTHERS BEGUN ARE NOW IN PROCESS OF CONSTRUCTION—WORK UNDER E. R. A. AND W. P. A. ALSO DESCRIBED.

According to the annual report for the Department of School Buildings, for the year 1935, which has been submitted to Mayor Mansfield, the department completed three structures, including the addition to the East Boston High School, the addition to the Joseph H. Barnes Intermediate School in the East Boston District, and the Joyce Kilmer Elementary School in the West Roxbury District.

In process of construction are a special center in the John Marshall District, Dorchester, known as the Lucy Stone Center; an addition to the South Boston High School, an intermediate school in the Phillips Brooks District, Dorchester, an intermediate school in the Dudley District, and an addition to the English High School.

In part the report reads as follows:

The Department of School Buildings is not an instigating department except on maintenance and in particular where an emergency affecting the lives or safety of the children is concerned. The School Committee appropriates for the administration of the department and writes the program for all new building requirements as well as appropriating for the same. The executive work of the entire school system lies between the two superintendents, Dr. P.T. Campbell, Superintendent of Public Schools, and William W. Drummey, Superintendent of Construction.

The Commissioners of School Buildings are public-spirited citizens who serve without compensation of any kind and in whom is vested the powers and duties of the department which they delegate to the Superintendent of Construction who serves at their pleasure.

The permanent staff of the Superintendent of Construction includes engineers, an architect, inspectors, skilled draughtsmen, clerical assistants and others who are specialists in their particular fields with years of experience. Despite the added load of W. P. A. and P. W. A., there are no permanent additions to this staff. In fact, due to deaths and resignations, and due to reallocation of duties, and due to changes made in the system by the Superintendent, there are three less employees than four years ago.

Studies have been made on new quarters for the department. In the fall of 1936 it is contemplated but not settled to combine all the activities of the development under one roof, which will affect a net saving each year of more than \$13,000 and improve the operation of the department.

The operations of this department are carried on under the direction of the Superintendent of Construction in the following manner:

There is a Deputy Superintendent of Construction in charge of alterations and repairs and a Deputy Superintendent of Construction in charge of new construction. These two positions are held by Patrick J. Osborne and Edward J. Phaneuf, respectively.

The department is then divided into the following divisions:

Accounting.	Electrical.	Plumbing.
Architectural.	Heating and Ventilating.	Roofing.
Civil Engineering.	Inspection.	Storekeeping.
Clerk of Works.		

During the year the following structures were completed and accepted:

Addition to the East Boston High School.

Addition to the Joseph H. Barnes Intermediate School in the East Boston District.

Joyce Kilmer Elementary School in the West Roxbury District.

A description of the three projects completed and accepted during the year follows.

Addition to the East Boston High School.

The new extension added on the rear of the east wing of the original building carried out the present architectural treatment.

The new accommodations provide a new drill hall, 6 standard classrooms, 1 typewriter room, 1 sewing room, 1 biological laboratory and additional locker and toilet room facilities. A large part of the original lawn area was regraded and paved with sheet asphalt, providing an outdoor drill ground or play yard; this was an improvement long needed, as there had previously been no large paved area for outdoor activities. Similar future accommodations are studied for a like wing extension on the other rear side.

Addition to the Joseph H. Barnes Intermediate School.

This addition contains 14 standard classrooms, 2 shops and a modern lunchroom. It is planned to add another story to this new addition, which will provide additional classrooms and service.

(Continued on page 1184.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, October 19, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Oct. 3, 1936.

Population as of July, 1936, Massachusetts State Census, 817,713; population estimated, July, 1936, United States Census Bureau, 801,880; number of deaths (stillbirths excluded): Residents, 149; nonresidents, 42; total, 191.

Death rate per 1,000 of population: All deaths, 12.38; nonresidents deducted, 9.66.

DEPARTMENT OF SCHOOL BUILDINGS.

(Continued from page 1181.)

JOYCE KILMER ELEMENTARY SCHOOL.

This new building was erected on Baker street in the West Roxbury District and replaces a group of portable school buildings which had already grown to a sizable colony.

The building is of red range brick trimmed with limestone, granite and glazed green spandrel panels. At the present time only the first two floors are finished for use and the accommodations provided are a kindergarten, 6 standard classrooms, a health room and a teachers' room. On the first floor, in addition to the usual sanitary requirements, there is a girls' playroom and a boys' playroom separated by a folding partition door which when opened provides one large room available as a community meeting room. On the skeleton third floor, when finished, accommodations will be available for 6 standard classrooms and 2 small rooms or offices. This skeleton top floor is more economical construction than adding the top story at a future date over a temporary roof.

BUILDINGS IN PROCESS OF CONSTRUCTION AND CONTEMPLATED.

As stated in the 1934 report a contract had been let for the construction of the first P. W. A. construction project which was for the Shurtleff Intermediate District School in the South Boston District, since named the Patrick M. Gavin School.

Progress on the construction of this building has been most satisfactory and the entire structure will be completed and occupied during the month of January, 1936. This is the first intermediate school in the City of Boston to be used exclusively for the education of girls. This building replaces the old Shurtleff and Clinch Schools and when completed will contain 36 classrooms. In order not to inconvenience the students of this district too greatly, it was necessary to erect this building in two units. The first section was completed and furnished accommodations during the month of September for the children who were housed in the old structure. When the children were transferred to this first unit, the old building was demolished and construction on the second unit was started.

During the year, an extensive program of construction was planned and developed to the contract stage. All of this planning and development was in connection with the National Recovery legislation known as P. W. A.

A great deal of extra work was necessitated due to the fact that uncertainty existed as to which of the planned construction items would finally be approved by the State Emergency Finance Board of the Commonwealth of Massachusetts and the Federal agencies authorizing the proposed work.

High praise is due the architects who cooperated in every way in formulating the plans and specifications for the proposed projects when they knew that there was a possibility that the project to which they were assigned might be disapproved. As the time allotted for the preparation of plans and specifications was so uncomfortably limited, the architectural work on any one of the proposed projects could not be retarded. This meant that certain architects made considerable outlay with no appropriation available for payment for the service rendered.

The projects finally assented to follow.

A special class center in the John Marshall District, Dorchester, known as the Lucy Stone.

An addition to the South Boston High School.

An intermediate school in the Phillips Brooks District, Dorchester.

An intermediate school in the Dudley District, Roxbury.

An addition to the English High School, City Proper.

Contracts were awarded on all of the above with the exception of the addition to the English High School which should be contracted for early in January, 1936.

These are in addition to contracts awarded during the year for the Washington Irving District Intermediate School in the Roslindale District, and the addition to the Robert Gould Shaw District Intermediate School in the West Roxbury District.

All of these new buildings and additions to existing buildings will be ready for occupancy during the year 1936, though it will probably be the end of the year before the Dudley and Phillips Brooks District buildings will be ready.

Although the construction carried on during the year 1935 was not extensive, it was performed in districts wherein the use of portable buildings was becoming a serious problem. It resulted in a reduction in the number of portable buildings used for school purposes to 68 or a reduction for the year of 10. It is doubtful if there will be ever less than 40 to 50 portable, so called, buildings; at one time there were 240.

With the establishment of this department on January 1, 1930, there were 224 portable buildings in use in the City of Boston for school purposes. With the close of the year 1935 there were but 68 in use for school purposes, which shows a net reduction in the six-year period of 156 portable buildings.

The following is a financial statement in connection with the land and buildings appropriation for this department.

ACCOUNTING DIVISION.

Land and Buildings for Schools.

Total appropriations and credits received by the Department of School Buildings from January 1, 1935, to December 31, 1935:

APPROPRIATIONS.	
Balance from year 1934.....	\$675,212 36
Tax levy.....	120,000 00
Balance from Bond Issue 1934 P. W. A. No. 4217).....	1,901,504 01
Total credits.....	\$2,696,716 37

EXPENDITURES.	
Sites, erection and furniture for new buildings.....	\$1,141,214 71
Administration ex- pense.....	85,896 80
Hired accommo- dations.....	27,556 82
Enlarging school yards.....	1,608 50
	1,256,276 83

Unexpended balance Decem-
ber 31, 1935.....

\$1,440,439 54

The following appropriations were made for the year 1935:

Administration expenses.....	\$84,225 00
Hired accommodations.....	35,775 00
Total appropriations for 1935..	\$120,000 00

Appropriation for repairs and alterations, for furnishing and replacing furniture and equipment in old buildings, repairs to furniture, equipment and expenses of the Department of School Buildings.

During the year thirteen thousand six

hundred and eighty-five (13,685) orders were issued for performing various types of work in the maintenance of school buildings and major educational remodeling in existing buildings in the city. These orders represent an expenditure of \$1,037,383.27, or an average of \$75 per order, while administration expenses amounted to \$170,830.83, or a grand total of \$1,208,214.10 out of an appropriation of \$1,210,000.

During the year the previous let-down in new construction necessitated major educational alterations in existing buildings in order to provide accommodations.

Although the year was practically half passed before passage of budget, considerable work in this line was accomplished.

At the Roxbury Memorial High School for Boys the old lunchroom was removed to the basement. This space furnished sufficient room to make 5 standard classrooms. A new classroom was made on the second floor in addition to an art room on the same floor. Two typewriting rooms were made on the third floor and the old rifle range in the basement was transformed into a locker room.

At the Jeremiah E. Burke High School certain changes had to be made due to the fact that girls in this district who had ordinarily attended central high schools decided to attend the school nearer home, causing overcrowding. The changes partially provided for the overflow which might possibly be of a temporary nature. The locker rooms on the second and fourth floors were transferred into an area furnishing construction of 6 standard classrooms. The lockers that originally filled this area were so distributed around the building to care for the pupils with the least inconvenience.

At the Dorchester High School for Boys the lunchroom facilities have been inadequate for several years. The existing lunchroom has been enlarged about four hundred square feet and will now accommodate 450 children at one sitting. An existing locker room on the first floor has been transformed into a standard classroom and the lockers ordinarily located in this room have been removed to the basement.

At the Brighton High School, 2 large study rooms on the second floor have been made over into 4 standard classrooms.

At the Charlestown High School, Room 19 was made over into a cooking room in order to carry on the study of domestic science more efficiently.

At the English High School certain lunchroom equipment was installed in order to partially modernize this lunchroom until such time as the new addition shall furnish adequate facilities.

Minor changes were made at the Joseph H. Barnes Intermediate School, the Oliver Wendell Holmes School and the Mechanic Arts High School.

In addition to the above, this division installed the Drummey fire escape on the Wait School and the William Wirt Warren School. This fire escape is an innovation in the City of Boston. The structure, although a separate part of the building, allows of egress and protects the children from the elements while using the fire escape, as it is entirely inclosed and the ramp system instead of steps is used, thereby eliminating so far as possible all danger of tripping or falling. This type of fire escape will reduce the cost of maintenance which is mainly due to corrosion of the iron treads used in the regular type of fire escape.

One of the old type of fire escape was erected on the Benjamin Pope School.

Various schools were supplied with steel lockers for storage of clothing, etc., to the extent of 1,800 lockers.

During the year the electrical division has made changes in the metering of electrical energy where schools were adjacent to each other, thereby making a saving in the cost of electricity due to the prevailing rates based on maximum consumption. The schools where these changes were made are the following: Teachers College, Patrick A. Collins and Girls' Latin; Roxbury Memorial High Schools, Girls and Boys; Continuation Schools, Girls' and Boys' Units; and the Michelangelo and Annex.

Electrical changes of a minor nature were made which consisted of additional electric clocks, telephones, electric lights, motor wiring and repairs, machinery repairs, motion picture machinery installation and repairs, stereopticon lanterns repaired and installed, manual training equipment repairs and gas repairs and installations.

During the year a contract was made with a large insurance company for the coverage and inspection of the twenty-six (26) elevators maintained throughout the various schools. This company makes four inspections a year on each elevator and submits a report with recommendations after each inspection. To date, this method of inspection has proven very satisfactory.

Periodical inspections were made of the fire-alarm systems of all schools by our own men and repairs were made where necessary by them. The same condition applies to the upkeep of the clock, bell, telephone and lighting systems, all performed for the proper conduct and safety of the pupils throughout our school system.

This division must cooperate, as do other divisions, in any alterations of any nature that are contemplated or made due to the fact that electrical plans and specifications must be embodied in said changes.

In addition to the work carried on in the existing buildings, plans and specifications were prepared for the following new buildings:

Addition to the R. G. Shaw Intermediate School.

New Washington Irving Intermediate School.

Addition to the South Boston High School.

Addition to the English High School.

Dudley District Intermediate School.

Phillips Brooks District Intermediate School.

John Marshall District Intermediate School.

In addition to these above-mentioned schools, plans and specifications were completed for the following schools:

Additions to the Joseph H. Barnes Intermediate School, Boston Trade School, Donald McKay Intermediate School, William H. Taft Intermediate School, and the High School of Practical Arts, which are ready for construction when and if the necessary appropriations are made.

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

DEPARTMENT OF SCHOOL BUILDINGS.

Advertises for proposals for erecting and completing fire escape on the Abby

W. May School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, October 16, at 2 p. m.

Advertises for proposals for erecting and completing fire escape on the Williams School. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Department of School Buildings, 11 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, October 16, at 2 p. m.

HOSPITAL DEPARTMENT.

Advertises for proposals for furnishing and installing dishwashing equipment at the Sanatorium Division. Surety bond will be required in a sum equivalent to 45 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Assistant Superintendent, 249 River street, Mattapan. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Increase in the salary of Peter F. Joyce, exterior inspector in the Wire Division, from \$1,800 to \$1,900 a year, has been approved to take effect October 16.

HEALTH DEPARTMENT.

Approval has been given for the permanent appointment of Dr. Morris N. Davidow as medical inspector at \$2,000 a year.

Approval has been given for the termination of the provisional appointment of Katherine R. Sullivan and the appointment made permanent as nurse at \$1,400 a year, effective October 2.

Approval has been given for a leave of absence, without pay, because of personal illness for Josephine Regan, nurse, for one year from October 1.

Permission has been given for the further temporary emergency employment of Donald Sheridan, caretaker, for six days, at \$5 a day, effective October 5.

HOSPITAL DEPARTMENT.

Approval has been given for the promotion of Joseph Kilrow from night center orderly at the Main Hospital at \$11.50 a week to choreman at the Sanatorium Division at \$17.50 a week.

Approval has been given for the promotion of Joseph Lennon from assistant supervisor at \$19.50 a week plus room to assistant supervisor in the Main Hospital at \$25 a week without room.

Approval has been given to the promotions of Lawrence Mahoney from center orderly at \$15 a week to orderly at \$16.50 a week and Louis Poto from center orderly at \$11.50 a week to center orderly at \$15 a week, to fill a vacancy.

The following persons were employed at the Boston City Hospital for the week ending Thursday, October 1:

Temporary.—Elizabeth Simpson, clerk, \$16 a week; Loretta Geary, Margaret McLean, clerks, \$12 a week; Samuel Odiorne, male nurse, \$32 a week; Catherine Idzikowska, apothecary's assistant, \$20 a week.

The following changes have occurred:

Robert McCue, orderly at \$16.50 to transfer porter at \$16.50 a week; Catherine Keegan, laundress, name now Catherine Healey; Thomas Walsh, choreman at \$17.50 to watchman at \$21 a week; Charles Kuntz, transfer porter at \$16.50 to watchman at \$21 a week.

Probationers, No Pay: Helen Adams, Stasia Andrews, Dora Barretto, Selma Berman, Ruth Broadfoot, Kathleen Bulger, Jean Bumps, Mary Carboneau,

Kathleen Carroll, Celestine Chaisson, Anna Charnousky, Amelia Cristofori, Edith DeLoffi, Georgiana Esa, Glenness Fuller, Lillian Gemme, Lillian Hahn, Loretta Hallehan, Catherine Hanley, Helen Hogan, Dorothea Hutchinson, Dorothy Jordan, Anne Karl, Eileen Keating, Margaret Keegan, Julia Keohane, Margaret LaRochelle, Mary Lawless, Leocadia Gaidulis, Etta Liberty, Elizabeth Lorden, Rosemary Maher, Mary Maloney, Elizabeth Montague, Anna Morasky, Evelyn Morris, Mary Morrissett, Dorothy Morse, Carolyn Martenson, Lois Moynihan, Mary Murphy, Elizabeth McCarthy, Ruth McDonald, Mary McDonough, Nellie Navickas, Alea Nobile, Jennie Ostrowska, Elizabeth Palmer, Alice Peterson, Elizabeth Pressey, Olga Raniello, Helen Stenberg, Dorothy Sullivan, Nellie Tubelis, Catherine Tuck, Sadie Wastefero, Gertrude Wahlberg, Mary Walsh, Mary White, Margaret Kenney.

Nurses, \$6 a month: Adele Lord, Marguerite Neal, Natalie Clark, Katherine L. Maurer, Dorothy Mulcahy, Alice Kirsis, Anne Keith, Margaret Sterlina, Antoinette Dziaba, Rosalie Downey, Jane Denlin, Margaret Hyland.

Nurses, \$12.50 a week to \$16.67 a month: Elizabeth Donald, Hazel Lomax, Cecelia Lynch, Anna Daunt, Audrey Coon, Jayne Dignan, Tekla Kengris, Catherine Martin, Wanda Dabrowska, Helen C. Sullivan, Boyd Ashton, Ruth Thornburg, Thomas Whitaker, Catherine McManuis, Frances Smith.

Nurses, \$10 to \$12.50 a month: Anna Allen, Carmela Colosi, Katherine Connors, Anna M. Doherty, Loretta DuBois, Mildred Feeney, Malvina Gagel, Marjorie Galvin, Pearl Gorman, Margaret Huse, Marjorie Lanigan, Ruth Larkin, Eleanor Mahn, Lucille Morin, Margaret Morrison, Margaret McDonald, Margaret R. Sullivan, Emily Sylvia, Elinor Bailey, Ruth Barry, Isabel Gilroy, Alice Prout, Frances Robinson, Helen Anderson.

South Department, Marjorie Burke and Charlotte King, no pay.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, October 1:

Mary P. Sharkey, head housekeeper, \$1,300 a year; Anna R. Sullivan, head nurse, \$1,140 a year; Mary Diamond, nurse, \$1,020 a year; John Jewell, male nurse, \$480 a year; Penelope MacEachern, relief telephone operator (temporary), \$3 a day; Helen Streichardt, Edward Hulen, maids (patients) (temporary), \$240 a year; Richard Cripps, male nurse (patient) (temporary), \$480 a year; Rita Donahue, waitress, \$10.50 a week.

The following persons have ceased to be employed:

Catherine Monahan, first assistant housekeeper, \$900 a year; Mary P. Sharkey, head nurse, \$1,140 a year; Anna R. Sullivan, nurse, \$1,020 a year; Dorothy P. Holmes, X-ray technician (temporary), \$25 a week; Mary A. Andrews, maid (temporary), \$10.50 a week; John Jewell, male nurse (patient), \$480 a year.

INSTITUTIONS DEPARTMENT.

The following changes have been made in the personnel for the week ending Thursday, October 1:

Long Island Hospital.

Appointments: Paul M. Hession, institution employee, helper in kitchen,

\$526 a year, on account of transfer of Ralph Mills; John M. Cooke, telephone operator and clerk, \$600 a year, on account of resignation of William J. Miller.

Employment Terminated: Eleanor M. Harding, institution employee, attendant, temporary, \$600 a year; Maurice L. Sabourin, institution employee, attendant, temporary, \$600 a year; Rev. Timothy J. Hallisey, chaplain, temporary, \$1,000 a year; Donna B. Nelson, staff nurse, temporary, \$960 a year.

Resignations: Catherine Gardner, institution employee, matron of dining rooms, \$800 a year, voluntary; James A. Waldron, institution employee, watchman, \$600 a year, voluntary.

Transfers: Martha Hallett, institution employee, matron of dining rooms, \$800 a year, from head waitress at \$600 a year; Luke K. McCarthy, institution employee, helper, engine room, \$600 a year, from fireman, temporary, at \$33.50 a week; Kathleen Flynn, institution employee, wardmaid, temporary, \$526 a year, from attendant, temporary, at \$600 a year; Ralph A. Mills, institution employee, serving room assistant, \$600 a year, from kitchen helper at \$526 a year.

Employment Terminated: Florence Lespasio, staff nurse, temporary, \$960 a year; Katherine C. Sullivan, staff nurse, temporary, \$960 a year; Margaret T. Dalton, staff nurse, temporary, \$960 a year; Samuel E. Marcellino, M. D., resident physician, \$2,700 a year.

Course Completed: Louise C. Sullivan, student nurse, \$600 a year; Florence M. Gale, student nurse, \$600 a year.

Steamers "Hibbard" and "O'Meara."

Appointment: John J. Corumbo, engineer, temporary, \$1,800 a year; John J. Corumbo, deckhand, temporary, \$1,700 a year.

Employment Terminated: John J. Corumbo, deckhand, temporary, \$1,700 a year; Roy A. Wilson, oiler, temporary, \$1,900 a year.

Transfer: John J. Corumbo, deckhand, temporary, \$1,700 a year, from engineer, temporary, \$1,800 a year.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given to the continued temporary employment of the following persons as assistant paymasters, for a period of one month from October 6, at \$1,500 a year:

Mahady Company, 2 per cent; Lewis Manufacturing Company, Division of The Kendall Company, 2 per cent; Surgeons & Physicians' Supply Company, 2 per cent; The Bay Company, Division of Parke, Davis & Co., 2 per cent; prices good until December 31, 1936, only.

* Contract awarded.

Upon October 7 the Mayor approved contracts as indicated for furnishing hard and soft wood for the Overseers of the Public Welfare Department, as required, until December 31, 1936, with the option of extending the contract until September 1, 1937.

The person whom the lowest bidder designated as his source of supply has indicated that he will not furnish the lowest bidder any wood, and inasmuch as prompt delivery is necessary, and the approximate total difference between the lowest bid and the second lowest bid is

only \$2.43, for the best interests of the city it was recommended that the contract be awarded to the second lowest bidder, the Everett Fuel Company, 311 Columbia road, Dorchester, a Boston concern. Bids, opened August 17, were as follows:

Prices F. O. B. Boston. Wood to be delivered in carload lots, as required.

Approximately 300 Cords Hard Wood, Per Cord.—Carl H. Carroll, \$11.10; Francis L. Cronin Company, \$10.60; Everett Fuel Company, \$10.49*; Massachusetts Coal and Wood Company, \$10.35.

Approximately 300 Cords Soft Pine, Per Cord.—Roger S. Beattie, \$9.75; C. E. McManus Lumber Company, Incorporated, \$6.75; Carl H. Carroll, \$6.65; Francis L. Cronin Company, \$6.10; Everett Fuel Company, \$5.53*; Massachusetts Coal and Wood Company, \$5.50.

Total.—Roger S. Beattie, \$2,925, bid on soft wood only; C. E. McManus Lumber Company, Incorporated, \$2,025, bid on soft wood only; Carl H. Carroll, \$5,325; Francis L. Cronin Company, \$5,010; Everett Fuel Company, \$4,806; Massachusetts Coal and Wood Company, \$4,755.

Cash Discount, Ten Days.—Roger S. Beattie, deliveries by truck in quantities of 3 cords and up, 2 per cent; C. E. McManus Lumber Company, Incorporated, 2 per cent; Carl H. Carroll, 1 per cent, wood delivered in truckload lots at Hawkins Street Yard; Everett Fuel Company, 2 per cent; Massachusetts Coal and Wood Company, 1 per cent.

* Contract awarded.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Rugo Construction Company has been allowed to add to the contract for South Boston High School the following additional work in relation to the balcony front: Plastering, \$189; structural steel, \$38; painting, \$85—\$312; contractor's 10 per cent, \$31.20—\$343.20; rebuild wood balcony rail reusing original material, \$385—\$728.20; omit pipe rail, \$154; omit wood finish, \$25; labor on wood finish, \$20—\$199; net addition, \$529.20, and the amount of \$529.20 will be added therefor, making the account as follows: Contract price, \$386,221; total additions, \$1,872.50; total deductions, none; amount of contract, \$388,093.30.

Rugo Construction Company has been allowed to add as follows to the contract for the South Boston High School: Remove present wood floor in the chemical laboratory and work room and install an asphalt tile floor in its place and the amount of \$436 will be added therefor, making the account as follows: Contract price, \$386,221; total additions, \$2,850.30; total deductions, none; amounts of contract, \$389,071.30.

Rugo Construction Company has been allowed to add to the contract for the South Boston High School:

Extend steam line trench in stair hall "G" between gymnasium and boys' shower room due to installation of new doorways, \$112; substitute a maple floor in custodian's room in place of granolithic floor, \$141.50; extend present brick ledge at back of row of water-closets in girls' toilet room "A" to top of slate space, \$96; furnish and install reinforced spandrel flashing under stone coping of girls' gymnasium, and also at face of roof

slab under the coping of west wall of Shop 1, \$192.50—\$542, and the amount of \$542 will be added therefor, making the account as follows: Contract price, \$386,221; total additions, \$2,414.30; total deductions, none; amount of contract, \$388,635.30.

A. Piotti Company has been allowed to add to the contract for the English High School addition the following: Remove wood lath and plaster from ceilings of the boys' locker and shower rooms at a cost of \$35, and the amount of \$35 will be added therefor, making the account as follows: Contract price, \$85,898; total additions, \$1,248.10; total deductions, \$900; amount of contract, \$86,246.10.

EXTRA WORK UNDER CONTRACT.

Bethlehem Shipbuilding Corporation, Limited, have been directed to perform the following extra work under the contract for repairing hull, etc., of ferryboat, "Lieutenant Flaherty."

ITEMS ORDERED.

Renew one pipe sponson bracket, agreed price, \$35.

Renew two sections of wood bulwark rail and fair one bulwark plate, agreed price, \$140.

Remove wood panels over seats in port and starboard cabins; scale and wire brush steel plating in way of same and supply and apply two coats of red lead and one coat of color, replace wooden covering strip over back of seats, agreed price, \$175.

Make and install battery box of heavy construction, with suitable supports, install and wire up batteries furnished by City of Boston, agreed price, \$90.

Remove main stop valve to shop, furnish and install new seat and replace valve on boiler, agreed price, \$75.

Make and install two sea strainers on hull, agreed price, \$20.

Renew two collision checks for boilers, agreed price, \$185.

Remove, straighten and replace H. P. valve stem, Boston engine, agreed price, \$40.

Make patterns and furnish the following furnace fittings: Eight left-hand check plates, four right-hand check plates, four arch plates, four door liners, patterns to be the property of the City of Boston, agreed price, \$180.

Total agreed prices, \$880.

Extra work is made necessary by requirements of the United States Steamboat Inspection Service, and conditions revealed after boat was docked and machinery partially uncovered. Estimated cost of extra work (agreed prices), \$660.

CITY SELLS PIGS.

The following is a copy of a letter received by the Mayor from the Penal Institutions Commissioner:

BOSTON, October 3, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—I have this day deposited with the City Collector the sum of forty-two hundred four dollars and forty-nine cents (\$4,204.49) proceeds from the sale of two hundred pigs at the House of Correction, Deer Island, to John P. Squire Company. Total poundage, 43,123 pounds at 9.75 cents a pound, \$4,204.49.

Respectfully,

JOHN J. DOUGLASS,
Penal Institutions Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective October 3, 1936:

DeWolf Street, Dorchester.

From Downer avenue to Hancock street.

Tremlett Street, Dorchester.

From Waldeck street to Washington street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the following rules are effective October 13, 1936:

Parking of vehicles is prohibited in the following street:

Mt. Vernon Street, Downtown Boston.

Both sides, from Charles street to River street, twenty-four hours.

The following streets are one way in the direction indicated:

Endicott Street, Downtown Boston.

From Thacher street to Causeway street.

Motte Street, Downtown Boston.

From Harrison avenue to Washington street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of professional football games at Fenway Park, the following rules are effective from 1 p. m. to 6 p. m. on the following dates:

October 4, October 18, November 1, November 8, November 15, November 22 and November 29, 1936.

Parking of vehicles is prohibited in the following street:

Jersey Street.

Both sides, from Boylston street to Brookline avenue.

The following street is one way in the direction indicated:

Jersey Street.

From Boylston street to Brookline avenue.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Harvard-Amherst football game, parking of vehicles is prohibited in the following street on October 3, 1936, from 8 a. m. to 6 p. m.:

North Harvard Street, Brighton.

From Soldiers Field road to Western avenue.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Traffic Rules and Regulations as adopted by the Boston Traffic Commission on October 31, 1935, and on November 6, 1935, are amended as follows, effective October 1, 1936:

Section 35 is amended by adding the following:

Huntington Avenue.

Into Jamaicaaway, southerly.

Into Riverway, northerly.

Section 36 is amended by adding the following:

(4) The driver of a vehicle proceeding in a northerly direction in Jamaicaaway, upon reaching its intersection with Huntington avenue, shall, if proceeding, drive into Huntington avenue easterly and in no other direction.

(5) The driver of a vehicle proceeding in a southerly direction in Riverway,

upon reaching its intersection with Huntington avenue, shall, if proceeding, drive into Huntington avenue westerly and in no other direction.

Voted, That as urgently required by considerations of public safety and convenience, the following rule which was adopted July 29, 1936, and was effective August 3, 1936, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days, from October 2, 1936:

The following street is one way in the direction indicated:

Alcorn Street, Brighton.

From Commonwealth avenue to Gardner street.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Livermore street, Dorchester, district, as a highway, from Cummins Highway northeasterly, bounded and described as follows:

A highway named Livermore street is hereby laid out, from Cummins Highway northeasterly to a point approximately one hundred and forty-three feet north-east of Messinger street, and ordered constructed, the cost thereof to be charged to Federal funds.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

The land, owners unknown, being part of the private way known as Livermore street, leading northeasterly from Cummins Highway for a distance of approximately one hundred and forty feet.

A parcel of land, supposed to belong to Boston Association for the Relief and Control of Tuberculosis, bounded:

Southeasterly by Livermore street, forty-one and 21-100 feet; northwesterly by the northwesterly line of Livermore street as laid out under this order, by two measurements, four hundred eight and 45-100 feet on a curve of seventeen hundred eighty-two and 48-100 feet radius and nine hundred eighty-four and 33-100 feet; southeasterly by land hereinafter described as taken from owners unknown, from Rossi, from owners unknown, and by the southeasterly line of Livermore street as laid out under this order, by seventeen measurements, thirty-five feet forty-six feet, eighty-five and 95-100 feet, eight and 40-100 feet, eighty-seven feet, ten feet, fifty feet, one hundred two and 50-100 feet, sixty-eight feet, two hundred thirteen and 59-100 feet, eighty-three and 50-100 feet, thirty-eight feet, twenty-three and 50-100 feet, nineteen and 95-100 feet, and one hundred seventy-five and 86-100 feet, ninety-four and 27-100 feet and two hundred fifty-one and 53-100 feet on a curve of eighteen hundred twenty-two and 48-100 feet radius, containing thirty-one thousand four hundred and fifty-eight square feet, more or less.

A parcel of land, owners unknown, bounded:

Northwesterly by land hereinbefore described as taken from Boston Association for the Relief and Control of Tuberculosis, by nine measurements, ninety-four and 27-100 feet, one hundred seventy-five and 86-100 feet, nineteen and 95-100

feet, twenty-three and 50-100 feet, thirty-eight feet, eighty-three and 50-100 feet, two hundred thirteen and 59-100 feet, sixty-eight feet, and fourteen and 17-100 feet; northerly by land herein-after described as taken from Rossi, thirty-five and 83-100 feet; and southeasterly line of Livermore street as laid out under this order, by two measurements, six hundred and 78-100 feet and one hundred fifty-six and 6-100 feet, containing eleven thousand five hundred and thirty-eight square feet, more or less.

A parcel of land, supposed to belong to Albertina Rossi, bounded:

Southerly by land hereinbefore described as taken from owners unknown, thirty-five and 83-100 feet, northwesterly by land hereinbefore described as taken from Boston Association for the Relief and Control of Tuberculosis, fifty and 58-100 feet; northeasterly by land herein-after described as taken from owners unknown, twenty-six and 33-100 feet; and southeasterly by the southeasterly line of Livermore street as laid out under this order, twenty-one and 76-100 feet, containing nine hundred and twenty-two square feet, more or less.

A parcel of land, owners unknown, bounded:

Southwesterly by land hereinbefore described as taken from Rossi, twenty-six and 33-100 feet; northwesterly by land hereinbefore described as taken from Boston Association for the Relief and Control of Tuberculosis, by eight measurements, thirty-seven and 75-100 feet, fifty feet, ten feet, eighty-seven feet, eight and 40-100 feet, eighty-five and 95-100 feet, forty-six feet and thirty-five feet; northeasterly by the northeasterly line of Livermore street as laid out under this order, forty feet; and southeasterly by the southeasterly line of Livermore street as hereby laid out, three hundred sixty-one and 81-100 feet, containing eleven thousand seven hundred and seventy-seven square feet, more or less.

Said Livermore street as hereby laid out is bounded:

Southwesterly by Cummins Highway, forty feet; northwesterly by the northwesterly line of said Livermore street as hereby laid out, by two measurements, five hundred forty-three and 56-100 feet on a curve of seventeen hundred eighty-two and 48-100 feet radius and nine hundred eighty-four and 33-100 feet; northeasterly by the northeasterly line of said Livermore street as hereby laid out, forty feet; and southeasterly by the southeasterly line of said Livermore street as hereby laid out, by two measurements, nine hundred eighty-four and 35-100 feet and five hundred fifty-five and 76-100 feet on a curve of eighteen hundred twenty-two and 48-100 feet radius.

Voted, That this Board determines that the undermentioned estates sustain damages by the making of the public improvement, consisting of the laying out and construction of Livermore street, Dorchester district, as a highway, from Cummins Highway northeasterly to a point approximately one hundred and forty-three feet northeast of Messinger street, under the order of the Board of September 1, 1936, in the amounts hereinafter respectively placed against them, and awards said amounts therefor.

Boston Association for the Relief and Control of Tuberculosis, 31,458 square feet.....	Released.

POLICE DEPARTMENT ORDERS.

General Order No. 231.

The Police Commissioner is pleased to bring to the attention of the department the following communication received from W. J. Fasbender, Superintendent, Burglary Department, of the Preferred Accident Insurance Company of New York:

September 16, 1936.

HON. EUGENE MCSWEENEY, *Police Commissioner*, Boston, Mass.

DEAR COMMISSIONER,—Your files will disclose that on the night of February 23, 1936, robbers entered the Keith Boston Theatre and at gun point forced four of its employees to surrender \$14,657. The theater's loss was insured by this company and reimbursement for the loss was duly made.

As a result of unusually efficient and intelligent police work the perpetrators of the robbery were apprehended and are now serving sentences commensurate with the enormity of the crime. The quickness with which the apprehension was accomplished made possible the recovery of \$2,769 of the stolen funds. These funds, having served their purpose as evidence in the conviction of the criminals, have now been turned over to this company.

In appreciation of the excellent work in this case, we have decided to vote a reward of \$600, and are pleased to inclose herewith our check No. 127595, drawn to the order of "Police Commissioner, City of Boston, Eugene M. McSweeney," on the National City Bank of New York in said amount for such distribution as to you may seem proper in the circumstances, to those whom we wish particularly to commend, being:

Capt. Francis M. Tiernan of Division 16, Capt. William D. Donovan of Division 7, Sergt. Joseph F. Condon, Patrolmen Daniel L. Donahue, Patrick H. McLaughlin, William J. O'Connor, William J. Dooley, Arthur McK. Eunson and Jeremiah L. Donahue, who worked on the case under the direction of Deputy Superintendent Livingston and to whom full credit should be given for its solution.

Yours very truly,

W. J. FASBENDER,

Superintendent, Burglary Department.

In compliance with the request of Mr. Fasbender the sum of \$600 shall be equally distributed among the officers specified in the foregoing communication.

This most important case is just one more example of the splendid work performed by Deputy Superintendent Livingston and the members of the Special Service Squad since its inception on January 22, 1936.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

General Order No. 232.

A trial board, consisting of Captains Daley, Connolly and Wall, having heard by reference a complaint made by James T. Sheehan, captain, Division 10, against Harry F. West, patrolman, Division 10, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge 1: Neglect of duty.

Specification 1: In that the said Patrolman Harry F. West did fail to keep a record of his work in the filler attached to his pocket manual.

Specification 2: In that the said Patrolman Harry F. West did fail to properly patrol his sector on the morning of August 30, 1936.

Charge 2: Conduct unbecoming an officer.

Specification 1: In that the said Patrolman Harry F. West did unreasonably neglect to provide for the support of his wife and minor child.

Specification 2: In that the said Patrolman Harry F. West did incur a just debt, totaling \$215, for service rendered by Dr. James Prince Lewis, who on April 28, 1936, at the request of Patrolman West, performed operations on Mrs. West, wife of the patrolman, promising to pay the doctor upon receipt of his bonus, when, in truth and fact, Patrolman West not only received his bonus amounting to \$650, but, in addition, \$180 which he procured from his mother, and still neglected and refused to pay the just debt incurred. Patrolman West when questioned and asked to account for the above sum of money, amounting to \$830, stated that he had spent \$100 for clothing and that the remainder was spent at the race track, tending to prove that the said Patrolman West did neglect and refuse to pay a just debt which he had incurred,—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence presented, finds the said Patrolman Harry F. West guilty on Specification 2 of Charge 1 and respectfully recommends that he be ordered to perform thirty hours of punishment duty. The Board accepts the plea of guilty of the said Patrolman Harry F. West to Specification 1 of Charge 1 and respectfully recommends that he be reprimanded in General Orders. On Charge 2, Specification 1, that case has been adjudicated in the Somerville Court, and in view of the provisions made by order of the Court, the Board respectfully recommends that this be placed on file. On Specification 2 of Charge 2, the Board finds the said Patrolman Harry F. West guilty, and in view of the fact that the evidence presented established that he was in a position to pay this bill at the time, the Board respectfully recommends that he be ordered to perform 105 hours of punishment duty; further, that the said Patrolman Harry F. West be ordered to make reasonable payments immediately on this just debt until such debt is paid in full; further, the Board respectfully recommends that this case remain open until final payments are made and in the event that the said Patrolman Harry F. West fails to make such payments, his commanding officer bring the same to the attention of the superintendent, who may, in his discretion, on order from the commissioner, order the Board to reconvene for the purpose of further hearing this case."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said patrolman Harry F. West perform thirty hours of punishment duty on Specification 2 of Charge 1; that he be reprimanded in General Orders on Specification 1 of Charge 1; that Specification 1 of Charge 2 be placed on file; and that he perform 105 hours of punishment duty on Specification 2 of Charge 2. Further, the said Patrolman Harry F. West is hereby ordered to begin to make reasonable payments immediately on the just debt mentioned in Specification 2 of Charge 2 until such debt is paid in full; and it is hereby further ordered that the proceed-

ings under Specification 2 of Charge 2 remain open until final payments are made, and in the event that the said Patrolman Harry F. West fails to make such payments, his commanding officer shall bring the same to the attention of the superintendent who, on order from the commissioner, shall direct the Board to reconvene for the purpose of further hearing this case.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

General Order No. 233.

A trial board consisting of Captains Daley, Connolly and Wall, having heard by reference a complaint made by James T. Sheehan, captain, Division 10, against Gerald S. Keough, patrolman, Division 10, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Neglect of duty.

Specification 1: In that the said Patrolman Gerald S. Keough did fail to keep a record of his work in the filler attached to his pocket manual.

Specification 2: In that the said Patrolman Gerald S. Keough did fail to properly patrol his sector on the morning of August 30, 1936,—

has submitted the following finding and recommendation:

"The Board having heard and carefully considered all the evidence as presented, finds the said Patrolman Gerald S. Keough guilty of Specification 1 of said charge and respectfully recommends that he be reprimanded in General Orders. On Specification 2 of said charge, the Board finds the said Patrolman Gerald S. Keough guilty as charged and respectfully recommends that he be ordered to perform thirty hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Gerald S. Keough be reprimanded in General Orders on Specification 1 of said charge, and that the said Patrolman Gerald S. Keough perform thirty hours of punishment duty on Specification 2 of said charge.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

General Order No. 234.

The following transfers are hereby ordered to take effect Monday, October 5, 1936, at 7.45 o'clock a. m.:

Sergeants: Joseph H. Bradley, from Division 1 to Division 11; John T. Clifford, Jr., from Division 1 to Division 16; William J. McCarthy, from Division 10 to Division 4; Francis M. Burke, from Division 16 to Special Service Squad; George F. Smith, from Division 16 to Superintendent's Office; George W. Burke, from Commissioner's Office, as aide to the Police Commissioner, to Traffic Division.

Patrolmen: Thomas F. Butler, from Division 2 to Special Service Squad; Perfer P. Fortin, from Division 4 to Special Service Squad; Nicholas J. Waters, from Division 9 to Special Service Squad; Gerald S. Keough, from Division 10 to Traffic Division; Harry F. West, from Division 10 to Traffic Division; William J. Burke, from Division 11 to Division 17; John J. Cullity, from Division 17 to

Traffic Division; Louis Miller, from Traffic Division to Division 10; Harold E. Stilphen, from Traffic Division to Division 10; Daniel P. Byrnes, from Superintendent's Office to Commissioner's Office, as aide to the Police Commissioner.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1936.

Examinations will be held at the following points and on the following dates:

Springfield, Thursday, October 15.
Pittsfield, Friday, October 16.
Boston, Monday, November 2.
Lowell, Wednesday, November 4.
Boston, Monday, December 7.
New Bedford, Wednesday, December 9.
New Bedford, Thursday, December 10.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
PAYSON SMITH,
JAMES M. HURLEY,
ALBERT FRANK,
WALTER J. KENEFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon St., Boston, Mass.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announces examinations for desirable positions open in the Boston and Metropolitan districts as follows:

PROOFREADER, BOSTON PRINTING DEPARTMENT, OCTOBER 31, 1936.

Last date for filing applications, Saturday, October 17, 1936, at 12 noon.

This examination is open to both males and females.

Salary: \$42.25 a week.

Duties: To detect errors in manuscripts and make suggestions to improve phraseology of questionable subjects. To read and revise printed matter with both speed and accuracy. Applicants should be familiar with proofreaders' marks, type faces, spacing, punctuation, and general office customs of a printing plant.

Entrance Requirement: Applicants must have one year's experience as a proofreader in a printing office.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: At least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

COPYHOLDER, BOSTON PRINTING DEPARTMENT, OCTOBER 31, 1936.

Last date for filing applications, Saturday, October 17, 1936, at 12 noon.

This examination is open to both males and females.

Salary: \$29 a week.

Duties: To assist the proofreader in the reading of manuscripts or copies, and in checking and passing on printed proof of matter. To be capable of reading the author's manuscript and interpret the full meaning of the author's intentions. To observe delineations and corrections in original copy.

Entrance Requirement: Applicants must have at least one year's experience as a copyholder.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject in order to become eligible.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

SENIOR ARCHIVES ASSISTANT, SECRETARY OF STATE, NOVEMBER 14, 1936.

Last date for filing applications, Saturday, October 31, 1936, at 12 noon.

(Requisition is for a female, but the examination is open to both males and females.)

The minimum salary is \$1,320 a year; the maximum salary \$1,680 a year.

Duties: To read manuscripts of the seventeenth century in a handwriting different from today and with different ways of spelling. To transcribe and calendar such a document. Applicants should be facile in this work.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

SUPERVISING INSTRUCTOR IN PUBLIC HEALTH NURSING, DEPARTMENT OF PUBLIC HEALTH, NOVEMBER 14, 1936.

Last date for filing applications, Saturday, October 31, 1936, at 12 noon.

(Requisition is for a female, and the examination is open to females only.)

At the present time, the entrance salary is \$2,400 a year.

Duties: Under administrative direction to teach one or more subjects in the training of public health nurses. To supervise the field training of public health nurses. To perform related work as required.

Entrance Requirements: Applicants must be registered nurses under the State Division of Registration of Nurses.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PSYCHOLOGIST, BELCHERTOWN STATE SCHOOL, DEPARTMENT OF MENTAL DISEASES, NOVEMBER 14, 1936.

Last date for filing applications, Saturday, October 31, 1936, at 12 noon.

(Requisition is for a female, but the examination is open to both males and females.)

The minimum salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,800 a year.

Duties: To give the Standard Psychological test to new admissions, old patients, and out patients. To supplement the Standard Tests with such tests as Army-Beta, Pintner-Paterson Scale, Cornell-Coxe, and with tests of special aptitudes. To interpret the results of the Stanford-Binet. To plan and execute research projects. To cooperate in

research projects of other departments and institutions through tabulations of data, preparation of statistical summaries, extra testing, etc. To carry on office routine, such as reports, records, filing; preparation of annual report, etc. To organize the work of psychologist and psychometrist that the duties are given time proportionate to their importance. To choose new tests to meet special needs or to replace older tests.

Applicants should have a knowledge of technique of administering and scoring of all standard psychometrist tests of the clinical types of mental deficiencies—care, supervision and training. They should have an elementary knowledge of statistics,—to calculate and use Median, Mode, Average, Average Deviation, and Standard Tests, as well as coefficient of a correlation, etc.

Applicants should be familiar with terms, definitions, etc., with special scales such as "performance," Gesell Normative Summaries, the Merrill-Palmer test, etc.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MALE PSYCHOLOGIST, INDUSTRIAL SCHOOL FOR BOYS, DEPARTMENT OF PUBLIC WELFARE, NOVEMBER 14, 1936.

Last date for filing applications, Saturday, October 31, 1936, at 12 noon.

The minimum salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,800 a year. At the present time there are two vacancies, one at the Industrial School for Boys; one at the Lyman School for Boys.

Duties: Under supervision, to have charge of the work of examining the mental status of children committed to the Massachusetts Training Schools. To conduct special studies of personality traits, of special abilities and disabilities, and the relation of these to the problems of juvenile delinquency. To advise and cooperate with the institutional staff concerning ways and means of dealing with problems of behavior.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, parking of vehicles is prohibited in the following streets, effective October 14, 1936:

PROCEEDINGS OF CITY COUNCIL.

Monday, September 28, 1936.

Regular meeting of the City Council of the City of Boston, held in the City Council Chamber at two o'clock p. m., Coun. GALLAGHER in the chair and all the members present, except Coun. Dowd and Selvitella.

SEWERAGE WORK, OLD HARBOR VILLAGE.

The following was received:

City of Boston,
Office of the Mayor, September 28, 1936.
To the City Council.

Gentlemen,—I hereby withdraw from consideration by your Honorable Body an order which I submitted on September 21, calling for an appropriation of \$260,000 to defray the expense of constructing sewers, drains and catch-basins in the Old Harbor Village Housing Project in South Boston, the Works Progress Administration having indicated its willingness to defray the expense of the entire cost of construction, less 20 per cent, which will be charged against the city for materials and supplies. Under such an arrangement the cost to the city will be about \$52,000, instead of \$260,000 as contemplated by the order which is now withdrawn.

Yours truly,

FREDERICK W. MANSFIELD, Mayor.

Placed on file.

CODIFICATION OF CITY OF BOSTON STATUTES.

The following was received:

City of Boston,
Office of the Mayor, September 25, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Corporation Counsel, relative to your orders of July 2, 1935, and September 1, 1936, concerning the codification of statutes relating to the City of Boston, authorized at a cost not to exceed \$20,000, in June, 1926.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Law Department, September 21, 1936.

Hon. Frederick W. Mansfield,

Mayor of Boston.

Dear Mr. Mayor,—Some time ago you submitted to me the following order of the City Council:

"Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to inform the City Council as to what progress, if any, has been made during the past ten years on the proposed codification of statutes relating to the City of Boston, authorized at a cost not to exceed \$20,000, as long ago as June, 1926; and also how much time has been spent by how many employees of the Law Department on such work, and how much further time and money, if any, will be required to complete the work."

You have requested that I furnish the information sought in said order.

On June 14, 1926, an order was passed by the City Council which authorized the expenditure by the Corporation Counsel, under the direction of the Mayor, of a sum not exceeding \$20,000 for the purpose of preparing a codification or revision of all special acts relating to the City of Boston. This order of June 14, 1926, is that referred to in the recent order above quoted.

On July 6, 1926, the then Corporation Counsel, Frank S. Deland, subject to the approval of the Mayor, appointed three individuals, as special counsel, for the purpose of preparing a codification or revision as authorized by said order of June 14, 1926.

The records of this office indicate that a report was not submitted by special counsel until on or about May 2, 1930, approximately four years after the passage of the original order.

It appears from the records in this office and in the auditor's office that of the \$20,000 appropriated in 1926 \$30.08 was unexpended. \$19,866.67 of this sum represents amounts paid to said special counsel. No part of the sum appropriated has been expended since January 1, 1934.

I have not been able to find this report and it is quite possible that due to revisions in the work contained therein, that said report is no longer in existence. No statutes prior to 1908 were, I believe, incorporated in the report. It appears that Mr. Silverman, Corporation Counsel when the report was submitted, was dissatisfied with the result of the work done by the special counsel and assigned an assistant in this department some time in 1931 to revise the work. A codification of statutes relating to city departments was finally prepared, which apparently represents the efforts of special counsel and said assistant. It follows somewhat the form of the Consolidation of Statutes Relating to the City of Boston, 1908 edition, codified by Thomas M. Babson, Corporation Counsel.

I have never been satisfied that this codification is sufficiently complete to justify publication or to be entirely reliable. This implies no criticism, however, of the assistant who did the work.

Some time after my appointment as Corporation Counsel I caused to be examined and compiled all special statutes relating to the City of Boston, classified according to each department and also chronologically classified. We did not limit this examination and compilation to special statutes enacted subsequent to 1908 but dealt with all special statutes from the time of the incorporation of the city in 1822.

This work has been carried on under the immediate direction of a lawyer whose services were made available to us originally by the Federal Emergency Relief Administration and more recently by the Works Project Administration, and he has been assisted by E. R. A. and W. P. A. typists. The work has been supervised by an assistant in this office and by me.

Substantial progress has been made with this work and it is now near completion. At the end of a few months more, I believe that there will be available for publication an accurate collection of all special statutes relating to the city which are now in force. There will, in addition, be available, for reference, a collection of all special statutes relating to the city, classified as far as possible according to city departments, with proper notations as to amendments and repeals. This latter collection will enable a facile determination of the changes which have occurred in the law and will be of assistance in interpreting present statutes.

This work of compilation which has been done during the present administration has cost the city only relatively small sums for incidental office expenses. Except for such relatively small incidental office expenses, no further expense is likely to be involved in completing the compilation other than the cost of printing if publication should be determined upon and the cost of indexing, if it should appear necessary to employ an expert for this purpose and such expert were employed.

Very truly yours,

HENRY E. FOLEY,
Corporation Counsel.

Placed on file.

DEPARTMENTAL TRANSFERS.

The following was received:

City of Boston,
Office of the Mayor, September 28, 1936.
To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Budget Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Hospital Department, Sanatorium Division.

From the appropriation for A-1, Permanent Employees, Chief of Staff, 1 at \$2,500 a year, \$750, to the appropriation for A-2, Temporary Employees, \$750.

From the appropriation for D-3, Fuel, \$1,500; D-5, Medical, Surgical, Laboratory, \$2,500; D-16, Miscellaneous, \$200, to the appropriation for B-39, General Repairs, \$2,500; C-7, Furniture and Furnishings, \$1,500; C-9, Office, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Institutions Department, Long Island Hospital: From the appropriation for B-28, Expert, \$25, to the appropriation for B-16, Care of Animals, \$25.

From the appropriation for A-1, Permanent Employees, Superintendent of Nurses, 1 at \$2,300 a year, \$300, to the appropriation for D-1, Office, \$300.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Mayor, Office Expenses:

From the appropriation for B-1, Printing and Binding, \$450; B-13, Communication, \$150; B-14, Motor Vehicle Repairs and Care, \$150; B-29, Stenographic and Copying, \$100; B-39, General Repairs, \$50; D-11, Gasoline, Oil and Grease, \$500, to the appropriation for B-4, Transportation of Persons, \$350; C-9, Office, \$60; C-15, Tires, Tubes and Accessories, \$17; D-1, Office, \$450; D-8, Laundry, Cleaning, Toilet, \$3.50; D-16, Miscellaneous, \$33.04; G, Incidentals, \$486.46.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Police Department:

From the appropriation for A-1, Permanent Employees, Stenographers, 0 (3) at \$1,000 a year, \$1,262.90, to the appropriation for A-1, Permanent Employees, Statisticians, 0 (2) at \$2,180 a year, \$1,262.90.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Public Works Department, Ferry Service:

From the appropriation for D-16, Miscellaneous, \$500, to the appropriation for D-11, Gasoline, Oil and Grease, \$500.

From the appropriation for B-16, Care of Animals, \$500; B-20, Disposal of Waste, \$500; B-39, General Repairs, \$2,000; C-2, Machinery, \$300; C-5, Motorless Vehicles, \$200; C-13, Tools and Instruments, \$1,000; C-15, Tires, Tubes and Accessories, \$3,500; D-4, Forage and Animal, \$2,500; D-16, Miscellaneous, \$500, to the appropriation for D-3, Fuel, \$500; E-2, Highway, \$4,600; E-9, Machinery, \$50; E-13, Miscellaneous, \$5,850.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Jail:

From the appropriation for B-42, Miscellaneous, \$50, to the appropriation for B-14, Motor Vehicle Repairs and Care, \$50.

From the appropriation for D-15, Tobacco, \$150, to the appropriation for D-8, Laundry, Cleaning, Toilet, \$150.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, Charlestown District:

From the appropriation for D-1, Office, \$1, to the appropriation for D-16, Miscellaneous, \$1.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, South Boston District:

From the appropriation for A-1, Permanent Employees, Probation Officer, 1 at \$1,700 a year, \$300, to the appropriation for A-2, Temporary Employees, \$300.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, Dorchester District:

From the appropriation for D-1, Office, \$24, to the appropriation for C-10, Library, \$24.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Municipal Court, Brighton District:

From the appropriation for D-1, Office, \$107, to the appropriation for B-39, General Repairs, \$7; C-10, Library, \$100.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Penal Institutions Department, House of Correction:

From the appropriation for B-39, General Repairs, \$6,250; C-4, Motor Vehicles, \$1,000, to the appropriation for C-2, Machinery, \$1,000; D-3, Fuel, \$5,000; D-8, Laundry, Cleaning, Toilet, \$500; E-13, Miscellaneous, \$750.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Penal Institutions Department, steamer "Michael J. Perkins":

From the appropriation for B-39, General Repairs, \$1,145, to the appropriation for B-4, Transportation of Persons, \$40; C-13, Tools and Instruments, \$250; C-17, Miscellaneous, \$300; D-1, Office, \$20; D-8, Laundry, Cleaning, Toilet, \$25; D-13, Chemicals and Disinfectants, \$35; D-16, Miscellaneous, \$25; E-1, Building, \$200; E-10, Electrical, \$50; E-13, Miscellaneous, \$200.

Referred to the Executive Committee.

SALE OF PROPERTY, OLD COLONY AVENUE.

The following was received:

City of Boston,
Office of the Mayor, September 28, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Superintendent of Public Buildings, dated September 8, 1936, relating to an offer to purchase certain property situated at lots Nos. 1 and 2, northeasterly side of Old Colony avenue, Ward 7, which property was acquired from foreclosure of a tax title held by the city.

I also transmit an order authorizing the sale of said property. The price recited in this order is a minimum price of \$500, the Superintendent of Public Buildings having stated in his letter that

the sale of the premises at public auction with a minimum price of \$500 is in the interest of the city.

I respectfully recommend the adoption of this order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Buildings Department,
September 8, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In accordance with the provisions of chapter 3, Ordinances of 1935, concerning tax title property, I respectfully submit an offer from Joseph A. Slattery, 156 E street, South Boston, for the land and shed, lots Nos. 1 and 2, northeasterly side of Old Colony avenue, Ward 7, South Boston, containing 5,485 square feet of land, in the sum of five hundred (500) dollars.

The costs to the city up to December 30, 1935, amount to five hundred sixteen dollars and twenty-five cents (\$516.25), which includes the nonpayment of taxes since the year 1930, but does not include interest.

If and when the above amount of five hundred (500) dollars is approved by your Honor and the City Council, the property will then be properly advertised for sale at public auction and sold to the highest bidder. The figure of five hundred (500) dollars will be the minimum price for the property that the city is willing to accept and will be announced as the first bid at the public auction sale.

In my opinion it will best serve the city's interests to proceed on the foregoing basis.

Respectfully,
ROSWELL G. HALL,
Superintendent of Public Buildings.

Whereas, The City of Boston by a decree of the Land Court, Suffolk Registry District, dated November 21, 1935, foreclosed a right of redemption under a tax deed filed in the Land Court, Suffolk Registry District, with certificate of title No. 2449, to about 5,485 square feet of land with the building thereon, situate on the northeasterly side of Old Colony avenue, South Boston, as is more fully described in said tax deed, the said tax deed being Document No. 107526; and

Whereas, An offer to purchase the said premises has been made by Joseph A. Slattery in the sum of \$500; now, therefore, it is hereby

Ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor of Boston, to sell all the city's right, title and interest in said parcel of land, with the buildings thereon, at public auction, at a minimum price of \$500; and it is hereby further

Ordered, That said Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston, to the purchaser of said parcel of land with the building thereon, a written instrument satisfactory in form to the Law Department of the City of Boston, conveying all right, title and interest of said City of Boston in said premises upon the payment to it of the sum bid therefor at said auction.

Referred to Committee on Public Land and Tax Title Property.

SALE OF PROPERTY, EAST SEVENTH STREET.

The following was received:

City of Boston,
Office of the Mayor, September 28, 1936.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Superintendent of Public Buildings, dated September 11, 1936, relating to an offer to purchase certain property situated at 654 East Seventh street, South Boston, which property was acquired from foreclosure of a tax title held by the city.

I also transmit an order authorizing the sale of said property. The price recited in this order is a minimum price of \$625, the Superintendent of Public Buildings having stated in his letter that the sale of the premises at public auction with a minimum price of \$625 is in the interest of the city.

I respectfully recommend the adoption of this order.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Public Buildings Department,
September 11, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—In accordance with the provisions of chapter 3, Ordinances of 1935, concerning tax title property, I respectfully submit an offer from John P. Tuinila, 509 East Sixth street, South Boston, for the land and four single garages located at 654 East Seventh street, South Boston, in the sum of six hundred and twenty-five (625) dollars.

The costs to the city up to December 30, 1934, amount to four hundred seventy-three dollars and fifteen cents (\$473.15), which includes the nonpayment of taxes since the year 1930, but does not include interest.

If and when the above amount of six hundred and twenty-five (625) dollars is approved by your Honor and the City Council, the property will then be properly advertised for sale at public auction and sold to the highest bidder. The figure of six hundred and twenty-five (625) dollars will be the minimum price for the property that the city is willing to accept and will be announced as the first bid at the public auction sale.

In my opinion, it will best serve the city's interests to proceed on the foregoing basis.

Respectfully,
ROSWELL G. HALL,
Superintendent of Public Buildings.

Whereas, The City of Boston, by a decree of the Land Court, Suffolk Registry District, dated February 7, 1936, foreclosed a right of redemption under a tax deed recorded with Suffolk Deeds, Book 5291, page 637, to about 4,125 square feet of land with the buildings thereon, situate on the northerly side of East Seventh street, South Boston, as is more fully described in said tax deed; and

Whereas, An offer to purchase the said premises has been made by Mr. John P. Tuinila in the sum of \$625; now, therefore, it is hereby

Ordered, That the Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized, with the approval of the Mayor of Boston, to sell all the city's right, title and interest in said parcel of land with the buildings thereon at public auction at a minimum price of \$626; and it is hereby further

Ordered, That the said Superintendent of Public Buildings of the City of Boston be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston, to the purchaser of said land with the buildings thereon, a written instrument satisfactory in form to the Law Department of the City of Boston, conveying all right, title and interest of said City of Boston in the said premises upon the payment to it of the sum bid therefor at said auction.

Referred to Committee on Public Lands and Tax Title Property.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

Claims.

Caesar L. Donnaruma, for compensation for damage to car caused by an alleged defect at 36 Staniford street.

Frank J. Fitzwilliam, for compensation for injuries caused by an alleged defect in Wellsmead road, Roslindale.

Globe Discount and Finance Corporation, for payment of \$100 held by city on car sold for storage.

Dr. J. Goldman, for compensation for damage to car by city truck.

Catherine A. Healy, for compensation for injuries caused by an alleged defect at 25 Binney street, Roxbury.

Margaret Janyrin, for compensation for injuries caused by an alleged defect in Corning street.

Anna Karolak, for compensation for damage to coat caused by an alleged defect in City Hall Annex.

Mary A. Keenan, for compensation for injuries caused by an alleged defect at 150 Stoughton street.

Grace E. Kelley, for compensation for damage to property at 9 School street, caused by sidewalk construction.

John Lachowicz, for compensation for damage to car caused by an alleged defect at 156 Homes avenue.

Marie Lavender, for compensation for damage to property at 310 Princeton street, caused by laborers repairing street.

Martin O'Brien, for compensation for damage to property at 26 Oak View terrace, caused by blasting for sewer.

Ellen Scollans, for compensation for injuries caused by an alleged defect at Adams square and North street.

INVITATION TO ATTEND MAYORS' CONFERENCE.

An invitation to the Council to attend the annual conference of the United States Conference of Mayors at Washington, D. C., November 16-18, was received and placed on file.

COURT HOUSE COMMISSION.

Notices were received of the appointment by the Mayor of A. Emmet Logue, and by the Governor of Joseph A. Rourke to be members of the commission designated to supervise the construction of the Suffolk County Court House, for term ending September 5, 1941.

Placed on file.

APPOINTMENT OF FOOD INSPECTOR.

Notice was received of the appointment of Francis Bergen, 10 Hancock street, Dorchester, to be a food inspector in the Health Department.

Placed on file.

MINORS' LICENSES.

Petitions of thirty-one newsboys and six boot-blacks for licenses were received and granted on usual conditions.

PAYMENT OF AID TO SOLDIERS AND SAILORS.

Coun. KERRIGAN offered an order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of September. Order passed.

SNOW REMOVAL.

Coun. PETER A. FITZGERALD offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Public Works Commissioner to include in the snow-removal contract the provisions that: The contractors use hand labor instead of snow loaders and that these men must be American citizens and hired through the Municipal Employment Bureau. These citizens must be residents of Boston.

Coun. FITZGERALD—I will admit that it seems a bit remote to think of snow removal now, but there is nothing like being prepared. A survey of last year's snow-removal record when private contractors were working mostly with machinery shows that the cost to the city was as much and in some cases more than when hand labor was used and you know the contractors hire whoever they will during the snowstorm. I want the citizens of Boston to get a fair break. After all, it is the City of Boston's money. I can remember an executive session when a councilor brought in two men who thought they did not receive enough for their trucks and we found they lived in Norfolk County. The Boston men and truck owners do not get the fair break that they are entitled to. I think this year the contractors in hiring this help should eliminate the machinery and hire the help through the Municipal Employment Bureau and all application for snow workers should be handled through that bureau. So far as the machinery and contractors of Boston are concerned, this order in no way affects them because we have the regular city force for that work.

Coun. MELLEN—May I ask the sponsor of that order if it is his intention that this temporary help that it is customary to put on in the past be handled by the same bureau? Whether these men put on in an emergency, if it is the intent of the order to put them on by the local bureau?

Coun. FITZGERALD—By the local Municipal Bureau at Church street.

Coun. MELLEN—Regardless of where these men are put on the various councilors are going to be besieged by men, deserving of work and wanting to get work on the snow, and it will end up with another run around by these various individuals trying to get work on the snow. I think that we should take the buttons and give them to those we think most deserving and take the disapproval of those who fail to get on and for that reason I am against the order.

Coun. McGRATH—I agree with the councilor from Charlestown in so far as we have snow buttons to take care of the men who are looking for work, but when you have one hundred buttons and one thousand men to put to work, regardless of how hard you try to pick out the needy and worthy cases, you are bound to make ninety per cent enemies. I think last year we passed an order here to employ the men in the snow removal through the employment department and also the contractor who hires them, which would give them a great deal more of an opportunity than the councilors themselves. I would suggest this order go to the Executive Committee.

Coun. PETER A. MURRAY—I think in regard to the hand shovellers in the outlying districts, I would like to know whether he means stopping plowing in the outlying districts. I believe we should have tractors in the outlying district where the hills are so high it would take weeks and months before the people could get out. I believe we should have plows the same as always. In regard to the hiring of help I think it should be done in each city yard the same as before. The city yard can take first come first served.

Order referred to the Executive Committee.

Coun. GEORGE A. MURRAY offered the following:

Ordered, That his Honor the Mayor be requested to issue instructions to all departments that the head of the department refrain from assigning regularly employed city clerks to snow duty and snow dumps during the winter months and that immediate provisions be made for the re-employment of inspectors and unemployed men experienced in this snow work.

Coun. MURRAY—Mr. President, it has been brought to my attention that the practice of the city has been, or was last year, that regularly employed city clerks were sent out to do snow-removal work. That meant that men who were ordinarily employed in a heated office were doing snow-removal work in the emergency period. Naturally enough, they were not equipped to do this type of work and this order calls on the head of the Public Works Department in the future to employ men in the Sanitary Department or any

other department, outsiders who are unemployed, to go out and do that work rather than the clerk whose job is in the office.

Passed under suspension of the rule.

SHUTTING OFF WATER IN HOME OR TENEMENT.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of shutting off no water where a family lives in the home or tenement.

Coun. NORTON—Mr. President, other cities in America and the world, instead of turning off water where there are children and old people involved, go into court and get a writ and in that way make collection of water bills. The easiest method is the wrench method, where they go out and shut off the water. Often sick people are involved and I am requesting the Mayor to consider the advisability of going in on what is known as a lien attachment and to eliminate wherever possible the so-called wrench method.

Passed under suspension of the rule.

PROPOSED PLAY AREAS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of having the City Planning Board, in cooperation with city departments, survey city-owned real estate with a view to retaining any of it that may be of potential use to these departments.

Coun. NORTON—Mr. President, the city now has hundreds of pieces of vacant land, taken because of nonpayment of taxes. A survey should be made. Perhaps many of them can be used as small play areas for children. A box of sand and a swing. Boston loses twenty-five children a year because of auto accidents; 2,500 more are injured. We might cut these numbers down by keeping children in small play areas and off the streets.

Passed under suspension of the rule.

IMPROPERLY FED AND CLOTHED SCHOOL CHILDREN.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of having a survey and study made relative to the matter of feeding and clothing the 3,000-odd children in the Boston public school system who are and will be improperly fed and clothed for the winter.

Coun. NORTON—Mr. President, three thousand children in the Boston school system, in the 36,000-odd, since the registration has fallen off since last year,—at least three thousand are improperly fed and improperly clothed for winter, and I ask the Mayor to consider the advisability of having a survey and study made of this problem. One of the School Committee has suggested a nutritional class. We also must take into consideration the matter of clothing.

Passed under suspension of the rule.

UPSET PRICES FOR REAL ESTATE SOLD BY CITY FOR UNPAID TAXES.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of establishing an unpaid board to set upset prices for real estate to be sold by the city for unpaid taxes.

Coun. NORTON—The Mayor should appoint an unpaid commission of experts to set an upset price on realty to be sold by the city for unpaid taxes. This will protect city officials from the cry of favoritism.

Passed under suspension of the rule.

Coun. NORTON—I would like to ask where the matter now stands on this city property that the Mayor and Superintendent of Buildings has given to the Council asking our approval to sell the same.

Coun. GALLAGHER—It has been referred to the Joint Committee on Public Lands and Tax Titles.

STATEMENT BY COUNCILOR NORTON.

Coun. NORTON—I ask unanimous consent to make a statement.

Coun. GALLAGHER—Councilor Norton asks unanimous consent to make a statement. There being no objection you may make the statement, Councilor Norton.

Coun. NORTON—Mr. President, I have often disagreed with the Mayor of Boston. By its very nature, politics is essentially a modified form of war. But here is an opportunity to praise the Mayor, and, I assure you, I welcome it. I believe that Mayor Frederick W. Mansfield is entitled to the heartfelt gratitude of every citizen of Boston for his courageous action in the so-called "Quabbin" matter. At a time when others wavered, he stepped forward gallantly to protect the rights of the people of Boston. He allowed no red tape to interfere with his activity. Opinions from the Law Department were not awaited. He

vigorously and wholeheartedly led the vigorous battle that eventually brought victory.

Mayor Mansfield's unselfish action was one of the finest pieces of work ever performed by a chief executive of this city in the interests of the rank and file of our people. I am most pleased to pay my humble homage and to symbolically lay a wreath of thanks at the feet of our Mayor for a noble act, gallantly performed.

Coun. BRACKMAN—Mr. President, I am glad to see that credit is given where credit is due, but I think also in this case real credit should be given to the member of the City Council from the Back Bay and also to the members of this Council who passed the order making the investigation possible.

NEW WAITING ROOM AT FOREST HILLS STATION.

Coun. FINLEY and Coun. PETER A. MURRAY offered the following:

Ordered, That the trustees of the Boston Elevated Railway be requested, through his Honor the Mayor, to erect a new waiting room with proper sanitary conveniences on the outboard side, lower level, of the Forest Hills Elevated structure, and to inclose that portion of the structure which is now partially closed in.

Passed under suspension of the rule.

NON-PURCHASE OF FOREIGN-MADE GOODS.

Coun. McGRATH offered the following:

Ordered, That the Superintendent of Supplies be requested, through his Honor the Mayor, not to purchase any foreign-made goods or materials for any city department.

Coun. McGRATH—On that particular order, for the first time the Mayor answered me on an order of that type saying the City of Boston had not purchased any Japanese made goods, but I had a little information to the effect that possibly there may be and this week in the newspaper there was talk about some Japanese money buying one of the largest mills in New England. Therefore, I introduce this order asking the Mayor not to purchase any supplies made in any foreign country.

Passed under suspension of the rule.

TRAFFIC LIGHTS ON DORCHESTER AND NEPONSET AVENUES.

Coun. McGRATH offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals on Dorchester avenue, in front of St. Mark's Church, Ward 16.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals on Neponset avenue, in front of St. Ann's Church, Ward 16.

Coun. McGRATH—I have introduced these orders several times. I introduced an order for \$50,000 and the Mayor said, on opinion of Corporation Counsel, that he at that time could not spend \$50,000, or we had to borrow \$100,000 in order to do it. I introduce these two orders to be paid for out of his Reserve Fund, which I think is unlimited. Any time he is interested in an order, he takes it from his Reserve Fund. There have been two more serious accidents to children in this particular section of Dorchester and the last time I spoke to him and asked him to put the lights here, he said there were not sufficiently serious accidents. I would like to ask how many more deaths are necessary before he will put these lights in this particular spot.

Passed under suspension of the rule.

REDUCTION IN MEMBERSHIP OF COUNCIL.

Coun. McGRATH offered the following:

Ordered, That the Committee on Legislative Matters be requested to draft legislation for presentation to the incoming Legislature providing for a reduction in the membership of the City Council to nine.

Coun. McGRATH—Mr. President, there seems to be a great deal of comment on the radio regarding the consolidation of departments. I think if we are going to have economy and preach economy, it would be well for us to start in the City Council and I therefore introduce this order asking that the Council be reduced to nine. In the event I am not successful and some of the others are not successful in coming back, there will probably be just as good a body as there is now and it will save the city some money and I think it would be well if I could ask the President of the Council to secure some time from the stations who are taking a rap, if you will, at the councilors who voted against the consolidation of departments. I don't know what our limitations are and I don't know what theirs are, but I think it is very unfair to have one side of the story, so I would like to ask the President to secure time, perhaps ten minutes,

and have each councilor who voted against consolidation be heard over that radio and present their side of the situation.

Referred to the Legislative Committee.

IMPROVEMENTS IN WARD 21.

Coun. AGNEW offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Radcliffe road, Ward 21, as a public highway.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Mechanic street, Ward 21, as a public highway.

Coun. AGNEW—In regard to something which that order is affected by, sometime ago Councilor Norton introduced on at least two occasions to my knowledge a request that the Mayor of Boston foster a project whereby an unlimited number of streets in Boston would be accepted and laid out. I was wondering whether or not there has ever been any steps or initiative taken in regard to Councilor Norton's order in that respect and I see nothing in the minutes of any of the records that are here that anything has been done regarding it.

Coun. GALLAGHER—I will say that Councilor Norton has put that same order in eight or nine times.

Passed under suspension of the rule.

Coun. NORTON—I ask unanimous consent to make a statement.

Coun. GALLAGHER—The Chair hears no objection.

Coun. NORTON—It may be too late now on the matter of fixing the streets. Winter is here and we are not going to have the men on the W. P. A. We had a glorious opportunity to put on a little bituminous product and roll it down.

Coun. GALLAGHER—The Chair will now call up No. 3 on the calendar, which is the order for the purchase of Fiske Wharf.

Coun. McGRATH—Mr. President, on this particular thing I don't know why we are interested in pushing this through. I think we are seeking more information on this and I don't know as it is forthcoming. I would like to lay this on the table until such time as we secure the necessary information.

The order was further assigned to the next meeting.

Coun. AGNEW—I ask unanimous consent to make a statement.

Coun. GALLAGHER—The Chair hears no objection.

Coun. AGNEW—In regard to this order of Councilor Norton's introduced on various occasions, I am going to request the Chair for an order to appoint a committee of the Council to call upon the Mayor in regard to this particular order regarding streets.

Coun. GALLAGHER—The matter will be discussed in executive session.

RECESS.

The Council voted at 2.55 p. m., on motion of Coun. WILSON, to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by Coun. GALLAGHER at 4.30 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on orders and message (referred today) for transfers within various departmental appropriations—recommending various orders ought to pass, with the exception of the order transferring \$11,000 in the Sanitary Division, Public Works Department.

Coun. MELLE—I move we pass the \$11,000 transfer item.

The order was recalled from the committee. Question then came on the passage of all the transfers.

Report accepted; said orders passed, yeas 16, nays 0.

2. On the message and order (referred September 4) for transfer of \$2,800 in the Park Department—recommending transfer order ought to pass.

Report accepted; said order passed, yeas 17, nays 0.

3. On the order referred this day, introduced by Coun. Peter J. Fitzgerald, that the Mayor be requested to instruct the Public Works Commissioner to include in the snow-removal contract the provisions that the contractors use hand labor instead of snow loaders and that these men be American citizens and hired through the Municipal Employment Bureau, and residents of Boston,—recommending order ought to pass.

Report accepted; said order passed.

4. On the petition (referred September 1, 1936) by the National League Base Ball Club of Boston, Inc., for license to play Sunday sports from October 11, 1936, to March 15, 1937, at the National League Field—recommending that same be granted.

Report accepted; said license granted.

W. P. A. PROJECT ON STREET CLEANING.

Coun. ROSENBERG offered the following:

Ordered, That his Honor the Mayor be requested to take the necessary action to secure the approval of a W. P. A. project for the cleaning of all the streets of Boston.

Coun. ROSENBERG—Mr. President, in conferring with the Public Works Commissioner, Mr. Carven, he told me that under the present set-up of the city, with the non-filling of vacancies by the Mayor, that it is impossible to keep the streets of Boston cleaned properly. The matter has been taken up with reference to having the welfare men clean the streets, but they have been unsuccessful. He also believes rather than having the men working in the park picking up leaves, that it would be far better to be able to secure a project, which he hopes we might be able to do,—a W. P. A. project where a certain number of men would be allotted to cleaning the streets of Boston. The Mayor has in a recent statement said the streets of Boston are the dirtiest of any city in the country and I believe that if the Mayor will be able, through the cooperation of the Federal authorities, to secure a project approved for the cleaning of the streets, we will have done something for the protection of the health and safety of the people of Boston; and I believe the passing of this order will bring it to the attention of the Federal authorities and also the wishes of the city that we want the streets of Boston cleaned.

Passed under suspension of the rule.

CONFIRMATION OF APPOINTMENTS.

The Chair called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor September 21, 1936, of John Kazajian, Charles Kieser and Samuel Bagdasarian, to be Weighers of Goods.

The question came on the confirmation of the above appointments. Committee—Finley and Mellen. Whole number of ballots 13, yeas 8, nays 5, and the appointments were confirmed.

IMPROVEMENTS IN WARD 10.

Coun. DOHERTY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, St. Albans road, Ward 10.

Order passed under suspension of the rule.

NEW GYMNASIUM IN SOUTH BOSTON.

Coun. GEORGE A. MURRAY offered the following:

Ordered, That his Honor the Mayor be requested to advise the City Council what action has been taken relative to the erection of a Municipal Building, housing a gymnasium, in the Ward 6 section of South Boston.

Coun. MURRAY—I am just bringing this order to refresh the recollection of the Mayor that some time ago he told various people from South Boston that he had planned to build a gymnasium over there. The period that has elapsed since that time is more than six months and I feel if this "Gym" is to be built it should be built in the near future so the councilors could apprise the people of South Boston that they are on the job with reference to this matter.

Passed under suspension of the rule.

SNOW REMOVAL BUTTONS.

Coun. MELLEN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to issue snow work buttons to councilors desiring them, which buttons shall completely include all the men paid by the City of Boston for snow removal work.

Coun. MELLEN—In a few short months we will have the snowstorms with us again, and when they come every councilor here is going to be flooded,—his home is going to be flooded with people wanting to work on snow removal. There is only one way of handling it and that is to put the burden upon us. Everybody knows the councilor has the final say as to who shall and who shall not go to work and no subterfuge we will be able to concoct will completely cover the fact we are the ones who are putting the men on and I think it is the best thing to do and the frankest way to do, to take the buttons and give them to those we feel most deserving and we are the best judges of those who may be deserving of the work. We should know our district better than anybody in the city yard or in the Municipal Employment Bureau.

Coun. PETER A. MURRAY—I believe if a man will get up at six o'clock and go to the city yard he is entitled to get the button. When you send a card, you are going to give it to somebody who needs it.

Coun. MELLEN—As a practical matter I think the gentleman will admit everybody who wants that work knows he has to go to the councilor to get it and regardless of how the buttons are given

out, of the men put to work the councilor will have the final say, directly or indirectly, and I repeat the best way is the frank way to do it and take the burden or the praise that may fall depending on the ability to choose the men to go to work.

Coun. WILSON—I agree with the gentleman from Charlestown and of course nobody has put more men to work in his day than the gentleman from Ward 19 on snow removal work. I have been through this year after year. I think that the easy thing is for the councilor to back out and pass the buck to somebody else, but the net result in the Gibson and Hancock street yards at any rate would be this: I have gone down there in heavy snow periods and five times as many men down there as could go on. As high as 50 per cent are not even citizens or on the voting list. As high as 20 to 30 per cent are men who do not live in Dorchester—with all due respect to them—men who should be in other paving yards looking for work,—and when the Roxbury yard has reached its quota, or the South Boston yard, then they will jump over to Dorchester in the hope of filling in there, and I find the yard foreman does what any human being would do if it is left entirely to him without any regard whether it is a married man who really needs the work badly or whether it is a local man in that section or even a citizen of the United States, to make it easy for himself, and I do not blame him, the foreman takes the first man nearest the door; the strongest ones who can climb all over the other fellows and break the most windows get the first buttons. I am a firm believer that the average man in the average ward knows the men who really want work and not just the privilege of getting \$5 and plastered the first night they do work. Men I know who are looking for work day after day and the foreman doesn't know him from a cord of wood, and if the councilor really knows his business and knows his district, it is not a question of building up a political machine, but it is a question of protecting the fathers of families and the men who really need the work. I do not think it is building up a machine. I think it is protecting the citizens and voters in your home ward whom you know need work.

Coun. MURRAY—I think each councilor can take up their police list or voting list and take a little time and find out who they are, and when there are one hundred cards given out that stops. That is what I do. I find out if they live in my district before they go to work.

Coun. PETER A. FITZGERALD—I filed an order here, or spoke of the intention of filing an order, that all men who were to be put to work on snow removal register at the Municipal Employment Bureau. I don't care how you term it, or how you know those in your district that need work. We all know the men who need work, but they are not limited to a hundred, nor fifty. They are listed in the thousands. To place upon the councilor the authority to put these men to work and have him take one hundred men out of, say, 1,000 applicants and to tell me any councilor is going to be nonbiased and take two men in front of him, one with him and the other was opposed, it is only natural that he takes the man who was with him. I do not believe there should be any political tinge to the placing of men on snow removal. I don't think the councilor should have the authority to put one hundred men to work on snow removal. In the first place, it is the taxpayers' money and the Municipal Employment Bureau is run at a cost of over \$30,000 to the taxpayers. Why should we, and absolutely for political reasons, want those one hundred men to go on? Especially in election year they are going on with the thought of votes and I believe we ought to back up this Municipal Employment Bureau which costs us so much to run and let these men register and state the number of their dependents. The clerks there haven't very much to do at the present time. If it is the taxpayers' money, then let it come out of a nonbiased office maintained by the taxpayers and they will supply sufficient men who are worthy and if they are registered in the proper form, in the proper way, and then assign these men to the districts in which they live, I think one hundred jobs will be given out fairly and the taxpayers will get a break and the fellow who goes to work can go to work without looking over his shoulder and wondering if the councilor found out he was not with him.

Coun. GALLAGHER—The matter is referred to the Executive Committee.

Coun. MELLEN—I ask suspension of the rule. The motion to suspend the rule was lost; on a showing of hands, 5 in favor and 8 opposed.

The order was referred to the Executive Committee.

Coun. MELLEN—The order reads if the councilor so desires, or words to that effect. That leaves it up to the local option of each ward and the councilor assumes the responsibility of placing the men to work. We should be practical about the whole thing and let us admit, regardless of by what means men go to work, there will be political bias. Political bias enters into everything we do. Our actions are colored by our political bias and that is not a valid argument.

Coun. GALLAGHER—The order has been referred to the Executive Committee.

Coun. AGNEW—I believe there was a vote on the showing of hands?

Coun. GALLAGHER—There was.

Coun. AGNEW—I doubt the vote and ask for a roll call on it.

Coun. GALLAGHER—State your motion, Councilor AGNEW.

Coun. AGNEW—The vote that was on the suspension of the rule as I understand it?

Coun. GALLAGHER—That is correct.

Coun. AGNEW—And I am now asking for a roll call on the suspension of the rule and passage of that order.

Coun. GALLAGHER—The clerk will call the roll on the suspension of the rule.

The motion was lost, and the order was referred to the Executive Committee.

INVESTIGATION OF FOOD AT LONG ISLAND HOSPITAL.

Coun. MELLEN offered the following:

Ordered, That his Honor the Mayor be requested to investigate the quality and quantity of the food now being served the inmates of the Long Island Hospital with the view to determining whether or not it is of correct dietary balance.

Coun. MELLEN—It has come to my attention that at Long Island the inmates are fed fish four or five days a week, two or three times a day. I don't know the truth or whether there is any possibility of truth to it, but I think the rumors I have heard are enough to warrant the order and I hope it will be passed.

Passed under suspension of the rule.

IMPROVEMENTS IN WARD 14.

Coun. ROSENBERG offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Middleton street, Ward 14.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement Kingsdale street, Ward 14.

Severally passed under suspension of the rule.

ARC LIGHT ON EAST FOURTH STREET.

Coun. GEORGE A. MURRAY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an arc light at the rear of 546 East Fourth street, Ward 6.

Passed under suspension of the rule.

Adjourned at 4.50 p. m., on motion of Coun. KERRIGAN, to meet on Monday, October 5, 1936, at 2 p. m.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933, OF CITY RECORD, PUBLISHED WEEKLY AT BOSTON, MASSACHUSETTS, FOR OCTOBER 1, 1936.

STATE OF MASSACHUSETTS.
COUNTY OF SUFFOLK, SS.

Before me, a Justice of the Peace, in and for the state and county aforesaid, personally appeared Forrest P. Hull, who, having been duly sworn according to law, deposes and says that he is the Editor of the *City Record* and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Acts of August 24, 1912, and March 3, 1933, embodied in section 411, Postal Laws and Regulations, to wit:

1. That the names and addresses of the publishers, editor, managing editor and business managers are:

Publisher, City of Boston.

Editor, FORREST P. HULL, 73 City Hall, Boston.

Associate Editor, JOSHUA H. JONES, 73 City Hall, Boston.

Managing Editor, none.

(Business Managers, none.)

EDWARD F. O'DOWD, Business Agent, 76 City Hall, Boston.

2. The owners are:

City of Boston.

FREDERICK W. MANSFIELD, Mayor.

JOHN I. FITZGERALD, President of City Council.

WILFRED J. DOYLE, City Clerk.

3. That the known bondholders, mortgagees and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages or other securities are:

None.

FORREST P. HULL, Editor.

Sworn to and subscribed before me this first day of October, 1936.

HORACE R. KEAY.

(My commission expires December 18, 1936.)
(Oct. 10.)

CONTRACTS AMENDED.

DEPARTMENT OF SCHOOL BUILDINGS.

John Bowen Company has been allowed to amend the contract for erecting and completing an intermediate school in the Washington Irving District (P. W. A. 4217 R) by striking out the word and figures "August 1, 1936," on page 13, Article 11, and substituting therefor, the word and figures "September 1, 1936," so that said Article 11, on page 13, shall read: "The contractor shall carry on the work with due diligence and dispatch and shall bring the work to entire completion as defined in the specifications on or before September 1, 1936, and shall be liable in damages for any failure to so do, all as defined in the specifications."

INSTITUTIONS DEPARTMENT.

The Bethlehem Shipbuilding Corporation, Limited, have been allowed to amend a contract by extending the time for performance to and including November 15.

PENAL INSTITUTIONS DEPARTMENT.

The Quincy Dry Dock and Yacht Corporation have been allowed to amend the contract for repairs to the steamer "Michael J. Perkins" by adding the following new work to be performed by the contractor at the following respective prices:

1. Electric weld hull rivets; 393 port side, 223 starboard side, total 616 rivets at \$1 each, \$616.
2. Drill and plug test holes; 18 port side, 22 starboard side, total 40 test holes at \$1.25 each, \$50.
3. Drill, tap and install top rivet at counter starboard side, \$1.
4. Electric weld brackets, supporting floor plates in fireroom, \$20.
5. Seam and butt electric welding, carding and calking; 26 feet port side, 17½ feet starboard side, 43½ feet at \$4, \$174.
6. Crop and renew one plate starboard side amidships, 78 inches by 54 inches by ¾ inch, including 54-inch butt welding, carding and calking, \$150.
7. Furnish and install new port light glass starboard side aft, \$7.50.
8. Make pattern for boiler casting, outlet to main steam line, casting same in steel, to test at 1,000 pounds pressure, drill, tap and chime to replace present deteriorated casting condemned by inspector. Drill out three ¾-inch studs, furnish four ¾-inch by 3½-inch studs, drill out six broken studs from boiler, machine and install twelve (12) ¾-inch by 3½-inch steel studs, \$125.
9. Furnish two new piston rings for sanitary pump, \$6.
10. Rebabbit and machine two valve discs for boiler valves, \$4.50.
11. Cast and machine two cast-iron glands for boiler valves, \$4.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

MALE PSYCHOLOGIST, WORCESTER STATE HOSPITAL, DEPARTMENT OF MENTAL DISEASES, NOVEMBER 21, 1936.

Last date for filing applications, Saturday, November 7, 1936, at 12 noon.

The minimum salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,800 a year.

Duties: Supervision of students in psychometrics and research. Applicants should have a knowledge of psychometric and experimental research techniques adaptable to psychotic patients; of Stan-

ford-Binet and its administration; of the Rorschach examination and its administration; also the theories and practice of mental testing, especially the following: The Performance Test, the Memory Test, the Association Test, and the General Intelligence Test—Individual and Group.

Entrance Requirement: Applicants must have one year's experience in clinical psychological work.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22 towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (i. e., 10.3 per cent) over 1920. Of said total, 2,940,335 (i. e., 69.19 per cent) were in the cities and 1,309,279 (i. e., 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reaches the notable figure of 90.71, while the rural shows but 9.29 per cent.

JAMAICA SPENDS \$1,000,000 ANNUALLY ON ROAD CONSTRUCTION AND MAINTENANCE.

Jamaica, an English possession, has a highway system which is almost entirely constructed of waterbound macadam, some 70 miles of which has been surface-treated. Many of the roads are under the supervision of the Department of Public Works and various parochial boards. There are about 2,500 miles of bridle and foot paths. The highway system connects all parts of the island in a very satisfactory manner, and the problem is not that of the construction of new roads, but the improvement of old ones, the surfacing and widening of these roads, and protective coatings. The roads are well maintained and, as there are not many heavy trucks, the maintenance is satisfactory. There are approximately 4,000 miles of highways, or 1.11 square miles of area to one mile of highway.

About a million dollars per year is spent on new construction and maintenance, the machinery used being both European and American.

(From a report of the American Road Builders' Association.)

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING UPRIGHT PIANOS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at school buildings, in accordance with specifications, upright pianos for use in the Boston Public Schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Upright Pianos." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$100, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Tuesday, October 20, 1936. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidders will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Oct. 10.)

DAMAGES ALLOWED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That in the matter of William R. Kitchen, petitioner for damages occasioned his estate on Centre street by the taking of an easement for sewerage purposes in 434 square feet of land under the order of the Street Commissioners and Mayor of April 4, 1929 (Centre terrace and Woodbrier road taken in the name of Citizens Realty Trust), after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of one hundred (100) dollars; and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING MILITARY EQUIPMENT FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at school buildings, in accordance with specifications, Military Equipment for use in the Boston Public Schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposals for Military Equipment." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$100 payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, October 19, 1936. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Oct. 10.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CHESTNUT COAL.

The Supply Department of the City of Boston invites proposals for furnishing to the Overseers of the Public Welfare Department and Soldiers' Relief Department chestnut size American anthracite, to be delivered in quarter and half ton lots, in 100-pound bags, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check in a sum not less than 5 per cent of the total amount of his bid, based upon estimated quantities, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Thursday, October 22, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies.
(Oct. 10.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING, ALTERING AND PAINTING THE ALLSTON BRIDGE OVER THE BOSTON & ALBANY RAILROAD.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing, altering and painting the Allston Bridge over the Boston & Albany Railroad, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Repairing, Altering and Painting the Allston Bridge over the Boston & Albany Railroad," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Tuesday, October 20, 1936, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,
(Oct. 10.) Commissioner of Public Works.

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR OIL BURNERS.

The Police Department of the City of Boston invites proposals for furnishing and installing oil burners, with all necessary labor and materials, in the police buildings listed below:

- Division 2, Wagon House.
- Division 6.
- Division 9.
- Division 10.
- Division 11, Wagon House and Station.
- Division 13.
- Division 16.
- Division 17.
- Division 19.
- Signal Service, 521 Commercial Street.

The bidder must use the form of proposal to be obtained at the office of the Property Clerk, 154 Berkeley street, Boston, Mass., and deposit with his bid, at the office of the Police Commissioner, a properly certified check for \$500, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Thursday, October 15, 1936, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any and all proposals, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to 50 per cent of the estimated amount of the contract.

EUGENE M. MCSWEENEY,
Police Commissioner.
(Oct. 10.)

SUFFOLK COUNTY COURT HOUSE COMMISSION.

NOTICE TO CONTRACTORS.

Sealed proposals for all work in connection with moving of furniture and equipment from North Wing of Suffolk County Court House to Young's Hotel, will be received at the office of the Suffolk County Court House Commission, Rooms 802 and 803, 1 Beacon street, Boston, Mass., until 2 o'clock Eastern Standard Time, Tuesday, October 27, and at that time will be publicly opened and read. On Tuesday, October 13, plans and specifications may be obtained from the architects, Desmond & Lord, 1 Beacon street, upon deposit of certified check for fifty dollars (\$50), made payable to Desmond & Lord. Said sum will be refunded to all but the successful bidder if documents are returned in good condition, within seven days after the opening of bids.

Bids must be accompanied by a certified check in the sum of three hundred dollars (\$300), made payable to the Suffolk County Court House Commission. The certified check of all but the three low bidders will be returned within three days after the opening of bids.

Attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents.

The right is reserved by the Commission to reject any or all bids, and to waive any informalities.

A surety bond in an amount equal to one hundred (100) per cent of the contract price will be required.

SUFFOLK COUNTY COURT HOUSE COMMISSION.
(Appointed under Chapter 474, Acts of 1935.)
(Oct. 10-17.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN WHITE OAK ROAD, WARD 20, FROM WREN STREET TO WREN STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in White Oak road, Ward 20, from Wren street to Wren street, and giving bond therefor of a surety company approved by the Commissioner in the sum of one hundred per cent of the amount of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Laying Sheet Asphalt Pavement in White Oak Road," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, October 19, 1936, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he may deem for the best interests of the city so to do.

C. J. CARVEN,
(Oct. 10.) Commissioner of Public Works.

DEBT INCURRING POWER IN 1936.

Total debt incurring power within the debt limit (2½ per cent of \$1,675,264,600, the average assessed valuation for three years, less abatements).....	\$41,881,615 00
Debt incurred:	
Total funded debt, city and county.....	\$165,402,166 61

LOANS IN ANTICIPATION OF TAXES.

Loans brought forward from 1935.....	\$21,500,000 00
Less 1935 Loan paid off.....	2,500,000 00
Net outstanding obligations.....	\$19,000,000 00

** Under the provisions of chapter 49, Acts of 1933, this amount will be liquidated by monthly payments to the Treasurer of the Commonwealth, of receipts from Tax Titles pledged to the redemption of the Loan.

*** Amount of original note was \$3,800,000.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

POPULATION OF CITIES OF OVER 300,000, 1930.

New York, 6,930,446, an increase of 1,310,398 or 23.3 per cent over 1920, divided thus: Brooklyn Borough, 2,560,401; Manhattan, 1,867,312; Bronx, 1,265,258; Queens, 1,079,129; Richmond, 158,346. Other cities, with increase over 1920: Chicago, 3,376,438 (increase 674,733 or 25.0 per cent); Philadelphia, 1,950,961 (increase 127,182 or 7.0 per cent); Detroit, 1,568,662 (inc. 574,984 or 57.9 per cent); Los Angeles, 1,238,048 (inc. 661,375 or 114.7 per cent); Cleveland, 900,429 (inc. 103,588 or 13.0 per cent); St. Louis, 821,960 (inc. 49,063 or 6.3 per cent); Baltimore, 804,874 (inc. 71,048 or 9.7 per cent); Boston, 781,188 (inc. 33,128 or 4.4 per cent); Pittsburgh, 669,817 (inc. 81,474 or 13.8 per cent); San Francisco, 634,394 (inc. 127,718 or 25.2 per cent); Milwaukee, 578,249 (inc. 121,102 or 26.5 per cent); Buffalo, 573,076 (inc. 66,301 or 13.1 per cent); Washington, 486,869 (inc. 49,298 or 11.3 per cent); Minneapolis, 464,356 (inc. 83,774 or 22.0 per cent); New Orleans, 458,762 (inc. 71,543 or 18.5 per cent); Cincinnati, 451,160 (inc. 49,913 or 12.4 per cent); Newark, 442,337 (inc. 27,813 or 6.7 per cent); Kansas City, Mo., 399,746 (inc. 75,336 or 23.2 per cent); Seattle, 365,583 (inc. 50,271 or 15.9 per cent); Indianapolis, 364,161 (inc. 49,967 or 15.9 per cent); Rochester, N. Y., 328,132 (inc. 32,382 or 10.9 per cent); Jersey City, 316,715 (inc. 18,612 or 6.2 per cent); Louisville, 307,745 (inc. 72,854 or 31.0 per cent); Portland, Oregon, 301,815 (inc. 43,527 or 16.9 per cent).

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 28.

SATURDAY, OCTOBER 17, 1936.

No. 42

ASSAILS ENEMIES OF AMERICA AND THOSE WHO WOULD SEEK TO DESTROY LOYALTY AND ZEAL FOR THE DEMOCRATIC FORM OF GOVERNMENT UNDER WHICH COUNTRY HAS BECOME GREAT — PATRICK J. MOYNIHAN, STATE DEPUTY, MASSACHUSETTS STATE COUNCIL, KNIGHTS OF COLUMBUS, ORATOR OF DAY AT COMMON EXERCISES, COLUMBUS DAY, LAUDS IDEALS OF CONTINENT'S DISCOVERER, AND WARNS AGAINST THOSE WHO WOULD DESTROY US AND SUBSTITUTE COMMUNISM AS GOVERNMENTAL REGIME.

The following is the address delivered by Patrick J. Moynihan, State Deputy, Knights of Columbus, from Parkman Bandstand, on Columbus Day, October 12:

In 1492 the contact between the eastern and western halves of our planet was really begun and the two streams of human life which flowed on from countless ages apart were henceforth to mingle together. The first voyage of Columbus was thus a unique event in the history of mankind. As the historian Fisk has said, "Nothing like it was ever done before and nothing like it can ever be done again." No worlds are left for a future Columbus to conquer. The era of which this great Italian mariner was the most illustrious representative has closed forever.

The glory of Columbus lies in the fact that he loosed the constricted bounds of this old earth of ours and disclosed a new world. By reason of the universal nature of his renown and the persistency with which he is honored he occupies a distinct place among the greatest of the world's heroes. His achievement was the result of unbreakable perseverance and undying confidence. Though it was finite, it touches the human race in an intimate manner even to this very day.

It was well that the discoverer was gifted with superabundant spirituality. The obstacles which beset him for long years in his endeavors to gain the cooperation of those in high places for his undertaking were neither slight nor easily borne. Let those who are disposed to faint under difficulties in the prosecution of any great and worthy undertaking remember that eighteen years elapsed after the time that Columbus conceived his enterprise before he was able to carry it into effect. Remember, too, that the greater part of that time was passed in almost hopeless solicitation, amidst poverty, neglect and taunting ridicule. Let it not be forgotten either that the prime of his life had wasted away in the struggle and that when his perseverance was finally crowned with success he was in his fifty-sixth year. He stands as a symbol of encouragement over despair.

Trials of Voyage.

When at last in the beginning of August, 1492, his three vessels were ready to set off, the blessings of the good fathers of LaRabida were warmly bestowed upon the adventurer. Two of these ships, the "Pinta" and "Nina," were deckless. The admiral's vessel — called the "Santa Maria" — was provided with a deck. Her name was certainly appropriate, as one object of the expedition was to carry Christianity to the people of the Indies. In Palos their departure created the greatest apprehension. The place which was to be rendered historic for all time as the starting point of the voyage which led to the discovery of a new world had an intimate interest in the undertaking. A deep gloom had spread over the whole community, for almost everyone had some relative or friend on board of the squadron. The spirits of the seamen, already depressed by their own fears, were still more cast down at the affliction of those they left behind, who took leave of them with tears and lamentations and dismal forebodings.

The trials which beset the admiral during the ensuing seventy days, occasioned by those serving under him, and by the very nature of the voyage itself, put his perseverance to an extremely severe test. His persistence, his will to succeed is the term of Joaquin Miller's notable poem to the discoverer. To the mate's importunities as to what should be done in view of the obstacles facing them the admiral himself always firmly responds that they are to keep sailing onward.

There is a certain immortality in a great deed like that of Columbus which makes the doer, even though in many respects an ordinary man of his time, forever memorable. The discovery of America has been called the greatest event in secular history. This dictum may shock the ancients and startle the moderns. But let the mind of reflecting students range at will through the centuries — back and forth into the galleries of human achievement — and determine if you can what single secular deed even approximates in grandeur and far-reaching historical significance the finding of a new world on this earth. What are the conquests of ancient times or mankind's decisive battles and extraordinary inventions in comparison with America, the noblest offspring of time?

(Continued on page 1207.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

FORREST P. HULL, *Editor*, Room 73, City Hall.
JOSHUA H. JONES, JR., *Associate Editor*.
EDWARD F. O'DOWD, *Business Agent*, Room 73, City Hall.

Entered as second class matter at Boston Post Office.

IN ADVANCE

STREET AGENCIES

Old South News-Stand, Old South entrance to subway.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, October 19, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Oct. 10, 1936.

Population as of July, 1936, Massachusetts State Census, 817,713; population estimated, July, 1936, United States Census Bureau, 801,880; number of deaths (stillbirths excluded): Residents, 173; nonresidents, 41; total, 214.

Death rate per 1,000 of population: All deaths, 13.88; nonresidents deducted, 11.22.

COLUMBUS DAY ADDRESS.

(Continued from page 1205.)

RESULTS OF VOYAGE.

The voyage of Christopher Columbus across the Atlantic brought the weight of Christendom and civilization. It cleared the path for the greatest migrations in human history and for the steady march of enlightened nations towards religious and civil liberty. The more or less accepted belief that the purpose of Columbus' voyage westward was to reach Asia by way of the Atlantic is gradually but emphatically being contested by those who are making research into history. But whether we accept the older notion that the object of the admiral's expedition was to reach the East by way of the West, or far more recent arguments that he started out with the idea of finding new lands, the glorious result of his achievement is the same and the service either knowingly or unconsciously rendered mankind will forever make it his debtor.

It is a happy thought that Americans have exercised a potent influence in the

perpetuation of the fame of Christopher Columbus. The District of Columbia—the very seat of the United States Government—is named in his honor. The world recognizes that in his age he stood as a pioneer of progress and enlightenment. The great progress which this great nation of our enjoys today would have been stifled, who knows perhaps for centuries, had it not been for his daring genius.

A perverse fate dogged the footsteps of Columbus in life and even in death. Malice and wrong assailed him; envy cast its black shadows across his closing days, but nothing could rob him of the glory of the accomplishment of discovering a "New World." He coined that phrase. To him and his compeers it was new in the geographical sense, but had he been privileged to gaze with earthly eyes down the corridors of time, he would have realized the meaning of that expression in its fullest and most beautiful significance. He would have seen a mighty continent embosoming a wealth undreamed of, great cities, multiple industries, giant rivers as arteries of commerce, a prosperous and inventive

people. He would have seen, as the poet so aptly said:

"The gardens crowding out the prairie,
And hamlet wid'ning to the city grand—
Seen, from afar, where plagues and perils chasten,
Mid wreck of thrones and sceptres downward hurled
Swift to her shores, across the billows hasten
The exiled and evicted of the world—
Seen nature's bounty, Science, Art, Invention,
Flooding her children's homes with joy and light,
While freedom, 'neath the Starry Flag's extension,
Above the humblest, spreads her agis bright."

He would have watched his pathway become the common highway for the adventurous and restless from every land, but above all he would have seen Pilgrim and Puritan in Massachusetts, Catholic in Maryland, and Quaker in New York join hands to give to the world a new-old philosophy of government.

Here, on the continent which he discovered, was first emphasized in government the Christian principle of man's equality before the law, the supremacy and dignity of the individual, and the duty of government to protect man's inalienable rights to life, liberty and

happiness without artificial circumscription or abridgment.

GRATEFUL BENEFICIARIES.

The grateful beneficiaries of the sacrifice of Columbus and of those who made America in reality a "New World," know that the principle of government enunciated and applied here has manifested its superiority over all other systems and brought happiness and security to those who pledge it their allegiance.

But it is being challenged today. Quietly, slowly, but surely, there are forces working in our midst that, if permitted, would destroy this greatest citadel of democratic thought. They would substitute for our democratic system that system which elevates the state from servant to master, which dethrones the individual, which denies man's endowment from God because the existence of God is denied, which would banish the spiritual from the lives of men, and which would supplant Christian doctrines of life with the whims of some petty, arrogant tyrant.

Twenty years after a war fought to make the world safe for democracy, and which resulted in the almost universal acceptance of the democratic principle, the world sees that principle endangered. Even where the forms survive, the spirit has evaporated, and rival systems challenge its existence. The democratic principle is being replaced over most of the world by systems frankly contemptuous of the people, which invoke blood or class or gold or force as the basis of authority.

Today in America there are those who openly espouse the extreme and violent form of the socialistic philosophy of economics. They point to Russia as the flowering example of their theories, where all industry and commerce is nationalized, where private productive property is abolished, where private industry is forbidden the use of money, where the state owns every form of industrial enterprise, and becomes the sole distributor of products, where freedom of press and freedom of expression are denied, where a system of espionage over every citizen is in operation, where wholesale executions and mass banishments are resorted to in the enforcement of their doctrines, and where vicious and intense efforts are made to drive religion from the hearts of the people.

Yet, many of the public forums in America today are manned by those who subtly or openly preach this cold, calculating and merciless theory of life.

PLEADS FOR ALERTNESS.

I am not sounding a note of alarm, but I am pleading for alertness by all Americans against the propagandists of subversive doctrines, who at the very least are retarding the return to sanity of thought and correspondingly delaying the return to happiness and contentment among our people.

Today, when the thoughts of Americans go back over the lapse of time to the beginnings of this continent, to the silent, determined, religious figure on the deck of the "Santa Maria" and to the subsequent contributions which all classes and creeds tendered in a common endeavor to develop and perpetuate the American system of government, today when that system is being challenged, surely there can and will be no division of thought and no barriers of prejudice erected between all of those who firmly believe in the Christian philosophy of government as exemplified here in America. Surely,

without distinction of creed or race or origin, these will lend themselves and become spendthrift of their energies to prevent a land dedicated to Christ by its discoverer from encouraging and supporting those who make a mockery of his teachings.

I know of no more fitting words in which to close this all too ineffective tribute to the great discoverer than the words written over forty years ago by a great American, Chauncey Depew. "All hail Columbus," he said, "discoverer, dreamer, hero, and apostle. We here of every race and country recognize the horizon which bounded his vision and the infinite scope of his genius. The voice of gratitude and praise for all of the blessings which have been showered upon mankind by his adventure is limited to no language, but is uttered in every tongue. No marble nor brass can fitly form his statue. Continents are his monument, and unnumbered millions, present and to come, who enjoy in their liberties and happiness the fruits of his faith, will reverently guard and preserve, from century to century, his name and fame."

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

INSTITUTIONS DEPARTMENT.

Advertises for proposals for installation of sprinkler systems at Long Island, Boston Harbor. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Institutions Department, Room 809, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 27, at 12 m.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Advertises for proposals for repairing, altering and painting the Allston Bridge over the Boston & Albany Railroad. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 20, at 12 m.

PUBLIC WORKS DEPARTMENT (Paving Service).

Advertises for proposals for sheet asphalt pavement in White Oak road, from Wren street to Wren street. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$400, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, October 19, at 12 m.

SCHOOL COMMITTEE.

Advertises for proposals for furnishing military equipment to the public schools. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Business Manager, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, October 19, at 12 m.

Advertises for proposals for furnishing upright pianos to the public schools. Surety bond will be required in a sum equivalent to 50 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Business Manager, School Committee, 15 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 20, at 12 m.

SUFFOLK COUNTY COURT HOUSE COMMISSION.

Advertises for proposals for moving furniture and equipment from the North Wing of Suffolk County Court House to Young's Hotel Building. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the architects, Desmond & Lord, 1 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the offices of the Commission, 1 Beacon street, Boston. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 27, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing meats to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, October 19, at 12 m.

Advertises for proposals for furnishing fruits and vegetables to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 20, at 12 m.

Advertises for proposals for furnishing butter, eggs, etc., to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, October 21, at 12 m.

Advertises for proposals for furnishing hay, grain and straw to the various city departments. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Wednesday, October 21, at 12 m.

Advertises for proposals for furnishing chestnut coal to the Overseers of the Public Welfare. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of not less than 5 per cent of the contract price, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Thursday, October 22, at 12 m.

Advertises for proposals for furnishing range oil to the Soldiers' Relief Department and the Public Welfare Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, October 26, at 12 m.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, October 15:

PENAL INSTITUTIONS DEPARTMENT.

The following appointment has been made, and charged to appropriation for Office Expenses:

Mary Farrell, parole officer, \$1,200 a year, temporary.

CONTRACT AMENDED.

DEPARTMENT OF SCHOOL BUILDINGS.

M. S. Kelliher Company has been allowed to amend the contract for erecting and completing a special class center school in the John Marshall District, Dorchester, by striking out lines 1, 2, 3 and 4 of paragraph nine on page four, and substituting therefor the following so that said paragraph nine on page four shall read: *Unit Prices*.—Additions in the quantities of work for any of the items listed below shall be paid for in accordance with the unit price set against each item. The said contract is further amended by striking out "Included under Item F of the proposal forms" in lines twelve and thirteen on page five of said contract, so that said paragraph shall read: A differential in price for the deduction of quantities or work not performed by order of the Superintendent of Construction for the following items of work shall be as follows.

ACTING MAYOR JOHN I. FITZGERALD IN COLUMBUS DAY ADDRESS AT PARKMAN BANDSTAND WARNS AGAINST INROADS OF COMMUNISM AND CALLS FOR DEEPER REALIZATION OF TRUE AMERICANISM AS OFFSET—REPRESENTS MAYOR MANSFIELD AT EXERCISES.

Acting Mayor John I. Fitzgerald, representing Mayor Mansfield, presided at the city's official observance of Columbus Day, on Monday afternoon, October 12. The exercises were held at the Parkman Bandstand on the Common. In his address the Acting Mayor spoke as follows:

Four hundred and forty-four years ago today Christopher Columbus discovered America after a voyage financed by the throne of Spain, one of the most powerful courts of its day.

Christopher Columbus was the victim in his day of lies and malicious propaganda such as men in public life are subjected to today. The discoverer's own birthplace, Genoa, Italy, refused to help him. Portugal turned a deaf ear to his pleas; England under Henry the Seventh would not listen to Columbus. To Spain the honor and glory must be given for making possible this great adventure.

Look at Spain today! Submerged in a welter of civic strife, radicalism battling murderously to retain the throttling hold it has obtained on the country. No man can tell what Spain's fate will be or whether all Europe will be involved ere the bloody tale is all told.

But out of that voyage of Columbus there has come a mighty Western world whose mightiest part is the United States. Let us honor the memory of Christopher Columbus today; let us weep for Spain; let us take due warning from Spain's unhappy lot.

In that devastation and in that rise of communism we have a frightful object lesson. Already the same communistic forces which brought on civil war in Spain are endeavoring to gain a foothold in this country.

The communistic foothold in Spain gained until it trod down the entire country. The communists in this country aim to accomplish the same end—complete domination. It will not do so as long as the true spirit of Americanism prevails—as it will prevail.

The program was as follows:

Prelude by the Band.

a.—March, "Massachusetts Legionaires"

Sullivan

b.—"Wizard of the Nile"

Herbert

Proclamation by the President of the United States of America.

Read by Edward Neumeier of Roslindale High School.

Pan-American Flag Ceremony in honor of twenty-two countries of South, Central and North America that today observe this anniversary holiday.

Fanfare of Trumpets.

Placing of the flags, with salute to each, and national airs by the band.

Escort of the Diplomation Representatives, the Mayor and Municipal Officials, and Committee of Arrangements.

Band Music—"Patriotic Medley" of United States airs, ending with "America," sung by the audience.

Chairman, presented by Director of Public Celebrations, Arthur J. O'Keefe.

Singing by Audience, with Band and Soloist, Albert D. Edwards.

a.—"America the Beautiful."

b.—"Battle Hymn of the Republic."

His Honor, The Mayor of Boston, Hon. Frederick W. Mansfield, presented by the Chairman of the Committee of Arrangements, Maurice J. Lacey.

Address by the Mayor, and Greetings to consuls and officials of the American nations here represented, together with Spain and Italy. (Annual Boston custom.)

Singing by audience, with Band and Soloist.

"Columbia, Gem of the Ocean."

Reading of Poem, "Sail On!" by Miss Anne C. Flinn of Teachers College of the City of Boston.

Band Selection.

Address by Patrick J. Moynihan, State Deputy, Massachusetts State Council, Knights of Columbus.

Finale.—Assembly of Flag Bearers and Escorts, with

"Columbus"—"Pan-America"—"Columbia"
Music by Band—"Pan-American March" Sousa
"Attention" Bugle Call.
National Anthem—"Star-Spangled Banner."

The countries of South, Central and North America represented in the exercises today by the flag of each nation were:

Argentine, Bolivia, Brazil, Canada, Chile, Colombia, Costa Rica, Cuba, Dominican Republic, Ecuador, Guatemala, Haiti, Honduras, Mexico, Nicaragua, Panama, Paraguay, Peru, Salvador, Uruguay, Venezuela, United States.

Other participants in the exercises were:

Pan-American group representing the nations of South, Central and North America by cooperation of South Boston Citizens' Association. Escorts from Jamaica Plain High School.

Soloist, Albert D. Edwards, Director of Choral Groups, W. P. A. Adult Recreation Project in Boston.

Band, Alhambra Band, James J. Bulman, Director.

Flag Bearers, Ushers, Cadets from Jamaica Plain High School.

Honorary Guards, Knights of Columbus 4th Degree.

Director of Public Celebrations, Arthur J. O'Keefe.

Committee of Arrangements from Citizens' Public Celebrations Association: John C. Brodhead, President; James F. Winston, Vice President; Henry J. D. Small, Treasurer; E. B. Mero, Secretary.

Chairman for Columbus Day, Maurice J. Lacey; John B. Archibald, Henry F. Brennan, Joseph A. Crossen, Henry I. Lazarus, Fred E. Mann, Joseph A. F. O'Neil, John A. Scanga.

Sub-Committees: Guests and Participants, Mr. O'Neil, Mr. Archibald, Mr. Brodhead; Pan-American Ceremony, Mr. Crossen, Mr. O'Neil; Platforms Arrangements, Mr. Lazarus, Mr. Brennan, Mr. Mann; Ushers and Aids, Mr. Scanga, Mr. Winston.

BUILDING PERMITS ISSUED OCTOBER 8 TO OCTOBER 14.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

WATER-SUPPLY DEVELOPMENT IN THE
UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

POPULATION OF UNITED STATES, NEW ENGLAND AND MASSACHUSETTS.

Continental United States (*i. e.*, 48 states and the District of Columbia) in 1930, 122,775,046; outlying possessions, 14,233,389; total, 137,008,435; New England, 8,166,341; Massachusetts, 4,249,614 or 52.04 per cent of New England and ranking eighth in the Union. In density of population Massachusetts ranks second, *i. e.*, 528 per square mile of land, Rhode Island ranking first, with 644 per square mile of land.

Population of the other New England States in 1930, ranking from the highest total: Connecticut, 1,606,903; Maine, 797,423; Rhode Island, 687,497; New Hampshire, 465,293; Vermont, 359,611. Density for New England, 132 per sq. m.; for U. S. (48 states and the District of Columbia) 41 per sq. m.

The population of the United States increased 16.1 per cent since 1920; that of New England 10.3 per cent and that of Massachusetts 10.3 per cent.

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of \$1,200-plus up to \$200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of \$400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING RANGE OIL.

The Supply Department of the City of Boston invites proposals for furnishing range oil to the Overseers of the Public Welfare Department and the Soldiers' Relief Department from November 1, 1936, to April 30, 1937, inclusive. Specifications may be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal, with a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at 12 m., at Room 801, City Hall Annex, on Monday, October 26, 1936. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
Superintendent of Supplies.

(Oct. 17.)

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

PROPOSAL FOR INSTALLATION OF SPRINKLER SYSTEMS AT LONG ISLAND, BOSTON HARBOR.

The Commissioner of Institutions of the City of Boston invites proposals for installing sprinkler systems at Long Island, Boston Harbor. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the contract price, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 809, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for the Installation of Sprinkler Systems at Long Island, Boston Harbor," and left at Room 809, City Hall Annex, before 12 m. of Tuesday, October 27, 1936, with a certified check for two hundred (200.) dollars, payable to and to become the property of the city if the proposal, after acceptance, is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The Commissioner reserves the right to reject any or all proposals or to award the contract as he deems best. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost, upon application therefor at the office of the Institutions Department, 809 City Hall Annex.

F. A. WASHBURN, M. D.,
Commissioner.

(Oct. 17.)

CITY OF BOSTON.

GEORGE ROBERT WHITE FUND.

October 3, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

MY DEAR MR. MAYOR,—In accordance with our conversation of Wednesday, September 30, relative to the damage being caused to the basements of the premises numbered 190-200 Boylston street, owned by this Fund, I am submitting the following facts for your consideration.

Owing to the many cracks and openings between the granite blocks in outside foundation of the buildings and the cellar floors being very porous, which allows ground water to rush through both and causing damage to machinery, motors, boilers, etc., I urgently recommend that immediate action be taken to have the basements waterproofed, in order to remedy the serious conditions which exist there and also to avoid suits being brought against the George Robert White Fund for damages occasioned by these defects.

I recommend that a contract be awarded at once for the laying of new reinforced concrete floors with a retaining wall to be carried up at least 18 inches above floor level on the inside of the foundation walls with ends of reinforced rods to be placed between the granite blocks to prevent further settlement of floors and all to have waterproofed treatment.

I cannot too strongly stress the prevailing conditions which were made a great deal worse by the storm and high tide of this week, as the rushing of water is undermining the foundation walls and floors and making the openings larger. These buildings are heated by coal-burning boilers and I consider it will be dangerous to start fires in the boilers while these conditions exist.

For the reason stated above I would like to obtain your approval for authority to grant a contract without advertising for work to be started immediately at the above-named premises.

In consideration of the foregoing, I respectfully request permission to award a contract for waterproofing the basements and foundation walls in the premises numbered 190, 192, 194 and 200 Boylston street, Boston, to the Codman Hill Construction Company in a sum in excess of \$1,000 and not in excess of \$30,000, on a time and material basis, without the usual form of advertising.

Respectfully submitted,

ROSSELL G. HALL,
Manager of the Real Estate.

Approved:

FREDERICK W. MANSFIELD,
Chairman and Mayor,
JOHN I. FITZGERALD,
CHARLES J. FOX,
BENTLEY W. WARREN.

Trustees of the George Robert White Fund.
(Oct. 17.)

SUFFOLK COUNTY COURT HOUSE COMMISSION.

NOTICE TO CONTRACTORS.

Sealed proposals for all work in connection with moving of furniture and equipment from North Wing of Suffolk County Court House to Young's Hotel, will be received at the office of the Suffolk County Court House Commission, Rooms 802 and 803, 1 Beacon street, Boston, Mass., until 2 o'clock Eastern Standard Time, Tuesday, October 27, and at that time will be publicly opened and read. On Tuesday, October 13, plans and specifications may be obtained from the architects, Desmond & Lord, 1 Beacon street, upon deposit of certified check for fifty dollars (\$50), made payable to Desmond & Lord. Said sum will be refunded to all but the successful bidder if documents are returned in good condition, within seven days after the opening of bids.

Bids must be accompanied by a certified check in the sum of three hundred dollars (\$300), made payable to the Suffolk County Court House Commission. The certified check of all but the three low bidders will be returned within three days after the opening of bids.

Attention is called to the fact that minimum wage rates are established for the project and are set forth in the contract documents.

The right is reserved by the Commission to reject any or all bids, and to waive any informalities.

A surety bond in an amount equal to one hundred (100) per cent of the contract price will be required.

SUFFOLK COUNTY COURT HOUSE COMMISSION.
(Appointed under Chapter 474, Acts of 1935.)

(Oct. 10-17.)

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Acting Mayor.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon October 8 the Acting Mayor approved a contract with the Standard Contracting Company for sheet asphalt pavement in Fremont street, Ward 18, from Babson street to River street. Bids, opened October 7, were as follows:

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Acting Mayor approved contracts with business concerns for supplies, labor, etc. Communications from the heads of the departments interested were as follows:

SUPPLY DEPARTMENT.

BOSTON, October 7, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to extend the term of the contract between the City and the New England Electrical Supply Company, approved by your Honor on August 29, 1935, for furnishing incandescent lamps to the various city departments from July 31, 1936, until December 31, 1936.

In order to receive the maximum discounts on lamps, I desire to combine the total purchases of lamps by all departments of the city, including those departments for which the Supply Department does not make purchases. Therefore, to accomplish this, the Supply Department and the School Department, which department makes its own contract for lamps and desires to continue making its own contract for the ensuing year, will arrange to advertise and open bids for lamps on the same day, at the same time.

As the School Department contract for lamps does not expire until December 31, 1936, I respectfully request that you approve the above extension of the Supply Department contract for lamps until the same date, namely, December 31, 1936, without advertising therefor.

I believe this arrangement will result in a saving to the city of approximately \$1,000.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

W. P. A. SUPPLY DEPARTMENT.

BOSTON, August 26, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is requested to award a contract to the F. C. Henderson Company, without advertising, for the rental of eight hundred and sixty-five (865) sewing machines, now in use at the Sewing Project of the Public Welfare Department at the Army Base, Boston.

These machines have been in use for a long period of time, on a rental-purchase basis, the rent being two dollars (\$2) per machine monthly.

Inasmuch as the rental price quoted for these machines is the lowest obtainable and the equipment has proven satisfactory, I believe that the best interests of the city would be served by making this contract without publicly advertising for same.

The rental period of this contract will be July 1, 1936, to December 31, 1936.

The total amount of the contract will be ten thousand two hundred and forty-three dollars and eighty-four cents (\$10,243.84).

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

M. S. Kelliher Company has been allowed to add as follows to the contract for

the John Marshall District School, Special Class Center, approved by the P. W. A. officials: Dampproof the inside of exterior walls from the third-story ceiling line to underside of roof slab and one foot out on slab with two coats of mastic dampproofing, and the amount of \$304.70 will be added therefor, making the account as follows: Contract price, \$167,622; total additions, \$681.28; total deductions, \$1,150; amount of contract, \$165,790.72.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction estimated to be sixty (60) days, vehicles are excluded from the following street, effective October 10, 1936:

Weybossett Street, Dorchester and Hyde Park.

From Cummins Highway to Mariposa street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Harvard-Brown football game, parking of vehicles is prohibited in the following street on October 10, 1936, from 8 a. m. to 6 p. m.:

North Harvard Street, Brighton.

Both sides, from Soldiers Field road to Western avenue.

Voted, That as urgently required by considerations of public safety and convenience, the following rule which was adopted August 4, 1936, and was effective August 10, 1936, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days, from October 8, 1936:

Parking of vehicles is prohibited in the following street:

Chatham Row, Downtown Boston.

Both sides, from Chatham street to State street, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, the following rules which were adopted August 10, 1936, and were effective August 17, 1936, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from October 16, 1936:

Section 8, Part 2, is amended by striking the following:

Dorchester Avenue, South Boston.

Both sides, from West Second street to West Fourth street, 7 a. m. to 6 p. m.

Section 8, Part 2, is amended by adding the following:

Dorchester Avenue, South Boston.

Both sides, from West Second street to West Fourth street, twenty-four hours.

BUILDING RAZED.

The Acting Mayor has approved the request of the Building Commissioner to raze the following structure as a fire nuisance:

To vacate the building at 82 Harrison avenue, Ward 3, as the said building is in an unsafe and dangerous condition. The building is owned by the York Realty, Incorporated, Abraham Shapiro, president, 179 Lincoln street, Boston.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 5, 1936.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 2 p. m., Coun. GALLAGHER presiding. Absent, Coun. Selvitella.

JURORS DRAWN.

Jurors were drawn for the Superior Civil Court, Coun. PETER J. FITZGERALD presiding at the box in the absence of the Mayor, viz.:

Sixty-four traverse jurors, Superior Criminal Court, to appear November 2, 1936:

Joseph M. Cashman, Ward 1; Nicholas De Dominis, Ward 1; Edward Hall, Ward 1; Auranus F. Miles, Ward 1; Eugene F. O'Donnell, Ward 1; John J. Doherty, Ward 2; James J. McGrann, Ward 2; Frederick C. Wells, Ward 3; Charles E. Byrons, Ward 4; William M. Macauley, Ward 4; John Moran, Ward 4; Robert A. Arnold, Ward 5; Carlton S. Gifford, Ward 5; Charles T. Russell, Jr., Ward 5; Percival D. Shepherd, Ward 5; Charles N. Kaup, Ward 6; John J. Lee, Ward 7; Edward A. Stolp, Ward 7; Peter V. Lynsky, Ward 8; John T. Ladd, Ward 9; Arthur J. Tremblay, Ward 9; John H. Kerressey, Ward 10; Joseph A. McCourt, Ward 10; John F. Scannell, Ward 10; William A. Kenney, Ward 11; Horace J. Wilson, Ward 11; William E. Collins, Ward 12; Joseph P. Rosenberg, Ward 12; Harry W. Appleton, Ward 13; John V. Carey, Ward 13; Louis Mullen, Ward 13; William A. Remick, Ward 14; Thomas J. Fitzgerald, Ward 15; Patrick Peter Gately, Ward 15; Jeremiah J. Harrington, Ward 15; Edward J. Powers, Ward 15; Joseph W. Collins, Ward 16; Edward Brown, Ward 17; Daniel Cooper, Ward 17; Robert A. Fraser, Ward 17; Prescott L. Friend, Ward 17; Louis Swartz, Ward 17; Thomas F. Downey, Ward 18; Edward F. Hanley, Ward 18; Maurice Leonard, Ward 18; Wesley Powers, Ward 18; Harold F. Reardon, Ward 18; John J. Skane, Ward 18; John J. Sweeney, Ward 18; Howard A. Burke, Ward 19; D. Everett Dorion, Ward 19; John J. Doyle, Ward 19; Hans C. Nielsen, Ward 19; Joseph S. Vogel, Ward 19; William O. Birke, Ward 20; Walter F. Dennis, Ward 20; Henry G. Kohl, Ward 20; Abraham Grossman, Ward 21; Hubert A. Heath, Ward 21; Albert E. Key, Ward 21; David T. Nathan, Ward 21; Joseph F. Ford, Ward 22; Henry J. McGuinness, Ward 22; Frederick V. McVey, Ward 22.

Ninety-seven traverse jurors, Superior Civil Court, October Sitting, to appear November 2, 1936:

Edward F. Booth, Ward 1; James R. Cleary, Ward 1; William J. Costello, Ward 1; Charles C. Gaggi, Ward 1; John H. Healy, Ward 1; John A. Parisi, Ward 1; Albert Penta, Ward 1; Daniel P. Bradley, Ward 2; James W. Sharp, Ward 2; James H. Sullivan, Ward 2; Samuel Coleman, Ward 3; Henry A. Helfrich, Ward 3; Charles Mager, Ward 3; John Frank O'Rourke, Ward 3; Peter E. Riemer, Ward 3; Joseph B. Sacco, Ward 3; Samuel Sholk, Ward 3; John M. DeWar, Ward 4; William A. Howe, Ward 4; Thomas H. Palmer, Ward 4; Otis H. Swift, Ward 4; Arthur G. Brooks, Ward 5; John J. Campbell, Ward 5; George D. Henderson, Ward 5; Robert K. Johnson, Ward 5; Frank M. Noonan, Ward 5; Frank O'Brien, Ward 5; Frank F. Savage, Ward 5; John H. Dolan, Ward 7; Frank J. Leonard, Ward 7; James P. Morris, Ward 8; Thomas J. Murphy, Ward 8; Frank Fox, Ward 9; John J. Marshall, Ward 9; Joseph P. Shelton, Ward 9; Robert H. Twombly, Ward 9; John J. Dowd, Ward 10; John Moffitt, Ward 10; Harry K. Thompson, Ward 10; William Goode, Ward 11; Joseph L. Trainer, Ward 11; Milton Quint, Ward 12; Walter W. Breen, Ward 13; James A. Kellaher, Ward 13; Albert C. Wiltshire, Ward 13; Joseph J. Barry, Ward 14; George W. Carey, Ward 14; Edward Freeman, Ward 14; Antonio Pepe, Ward 14; Harry Silverstein, Ward 14; James J. Crowley, Ward 15; Allen F. Goodwin, Ward 15; Robert A. Sullivan, Ward 15; James M. Russell, Ward 16; John M. Fisher, Ward 17; Harland W. Hawes, Ward 17; George Moore, Ward 17; Fred W. Gilliam, Ward 18; Joseph Hener, Ward 18; Leonard F. Hill, Ward 18; Frederic H. Hitchings, Ward 18; Melton A. Nielsen, Ward 18; Bartholomew J. O'Brien, Ward 18; Harold M. Shea, Ward 18; Herman G. Swan, Ward 18; William W. Wade, Ward 18; Ralph H. Blanchard, Ward 19; William F. Cassidy, Ward 19; John L. Conerey, Ward 19; Robert H. Dawson, Ward 19; John A. Garland, Ward 19; Jacob Helt, Ward 19; Robert C. Hill, Ward 19; James W. Jordan, Ward 19; John Markgren, Ward 19; Edward Everett Rice, Ward 19; John S. Blagdon, Ward 20; John J. Collins, Ward 20; Walter H. Gordon, Ward 20; Thomas S. Hurley, Ward 20; Henry W. Peters, Ward 20; Ernest M. Robinson, Ward 20; James Thompson, Ward 20; John H. Bowen, Ward 21; George D. Elder, Ward 21; Michael D. Gallant, Ward 21; William J. Kelley, Ward 21; Timothy Murphy, Ward 21; James J. Regan, Ward 21; John E. Thomas, Ward 21; George L. Boudreau, Ward 22; Michael J. Darcy, Ward 22; John F. Heffner, Ward 22; William A. Mansell, Ward 22; Raymond L. McPhail, Ward 22; John Reil, Ward 22; George L. Stalker, Ward 22.

APPOINTMENT BY THE MAYOR.

City of Boston.

Office of the Mayor, October 5, 1936.
To the City Council.

Gentlemen,—Subject to confirmation by your Honorable Body I hereby appoint the following named person as a weigher of coal:

Weigher of Coal: Carlton J. Moore, 39 Delmont street, Dorchester, Mass.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

The appointment was laid over for a week under the law.

SALE OF SURPLUS LIVE STOCK.

The following was received:

City of Boston,

Office of the Mayor, October 2, 1936.
To the City Council.

Gentlemen,—I am in receipt of the inclosed communication from the Penal Institutions Commissioner requesting permission to sell the surplus live stock now located at the House of Correction, Deer Island. In the opinion of the commissioner it would be for the best interests of the city to dispose of it at this time. As this live stock is no longer required at Deer Island the commissioner's request has my approval and I respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Penal Institutions Department,
September 29, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—We have on hand at the House of Correction, Deer Island, at the present time the following live stock for which we would like to find a market:

4 ram lambs.
2 boar pigs.
5 heifer calves (grassers).
6 bull calves (grassers).
7 registered yearling bulls.
2 grade yearling bulls.
1 stag boar.

The estimated return from the sale of this live stock would net approximately four hundred dollars (\$400).

Permission is respectfully requested to sell the above live stock at public or private sale to the highest bidder.

Respectfully,

JOHN J. DOUGLASS, Commissioner.

Ordered, That the Penal Institutions Commissioner be authorized to sell at public or private sale to the highest bidder the surplus live stock at the House of Correction, Deer Island.
Referred to the Executive Committee.

SUNDAY REAL ESTATE BUSINESS.

The following was received:

City of Boston,

Office of the Mayor, October 5, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Corporation Counsel relative to your order of September 1, 1936, concerning the doing of real estate business on Sunday.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Law Department, October 3, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Mr. Mayor,—I have received a memorandum from your office, dated September 3, 1936, with which was submitted a copy of the following order of the City Council:

"Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to advise the City Council whether under existing law and city ordinances it is permissible for real estate offices to be open in Boston and doing business on Sunday."

You have requested me to furnish the City Council with the advice sought by said order.

There are no pertinent city ordinances. Section 5 of chapter 136 of the General Laws provides, however, as follows:

"Whoever on the Lord's day keeps open his shop, warehouse or workhouse, or does any manner of labor, business or work, except works of necessity and charity, shall be punished by a fine of not more than fifty dollars."

There is considerable doubt that a real estate office comes within the meaning of the term "shop" in said section 5. (See Webster's Dictionary, but compare Boston Loan Co. v. Boston, 137 Mass. 332, 337.) Whether or not, however, a real estate office is a "shop" within the meaning of that term in said section, the carrying on of real estate business in such an office on Sunday constitutes, in my opinion, a violation of said section 5, unless the business carried on was a work of charity or necessity. Such business would not ordinarily, at least, constitute a work of necessity or charity. (See

Commonwealth v. De Voe, 159 Mass. 101, and see Commonwealth v. Sampson, 97 Mass. 407, 409, 410, wherein is discussed the meaning of this exception.) Negotiating for the sale or renting of real estate on Sunday, even though the consummation of the transaction is postponed to a week day, constitutes in my opinion the doing of real estate business on Sunday. (Commonwealth v. De Voe, supra.) While other sections of said chapter 136 provide certain exceptions to the prohibitions of section 5, none exempts from said prohibitions the conduct of a real estate business.

Very truly yours,

HENRY E. FOLEY,
Corporation Counsel.

Placed on file.

NEW WAITING ROOM, FOREST HILLS.

The following was received:

City of Boston,

Office of the Mayor, October 5, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Trustees of the Boston Elevated Railway relative to your order of September 28, concerning the erection of a new waiting room on the outbound side, lower level, of the Forest Hills elevated structure.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Boston Elevated Railway, Public Trustees,
October 2, 1936.

Mr. John F. Gilmore, Jr.,
Assistant Secretary.

Dear Sir,—In reply to your letter of October 1, I would say that the trustees have already authorized removal of the present small waiting room at Forest Hills Station, lower level, outbound side, and the construction of a new and larger one in place of it. It is expected that the new waiting room will be completed before cold weather.

Very truly yours,

EDWARD DANA,
Executive Vice President and General Manager.
Placed on file.

FIVE-CENT BUS FARE, SOUTH BOSTON TO CITY HOSPITAL.

The following was received:

City of Boston,

Office of the Mayor, October 2, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Trustees of the Boston Elevated Railway relative to your order of September 21, 1936, concerning the establishment of a five-cent bus fare between South Boston and the Boston City Hospital.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

Boston Elevated Railway,
September 29, 1936.

Mr. John F. Gilmore, Jr.,
Assistant Secretary.

Dear Sir,—Replying to your letter of September 24, the trustees have previously considered request of the City Council for establishment of a bus line from South Boston to the Boston City Hospital with a 5-cent fare in each direction but do not feel that they can consistently grant the request.

Such a bus line would parallel existing service and would mean the substitution of a 5-cent fare for the present 10-cent fare. The present car line from City Point to Dudley street passes the hospital buildings and by means of transfer at Dorchester and Eighth streets all of South Boston is readily served.

The establishment of special reduced rate service to the City Hospital would mean additional expense with decreased revenue, and for these reasons the trustees do not feel that it can be justified under present conditions.

Very truly yours,

EDWARD DANA,
Executive Vice President and General Manager.
Placed on file.

RESURFACING, MIDDLETON STREET.

The following was received.

City of Boston,

Office of the Mayor, October 5, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Commissioner of Public Works, relative to your order of September 21, 1936, concerning the resurfacing of Kingsdale and Middleton streets in Ward 14, with smooth pavement.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Public Works Department, October 5, 1936.
Mr. John F. Gilmore, Jr.,

Assistant Secretary, Mayor's Office.

Dear Sir,—I beg leave to acknowledge receipt of your note of September 24, with attached City Council order, dated September 21, 1936, and reading as follows:

"Ordered, That the Commissioner of Public Works be requested to resurface with smooth pavement Kingsdale street and Middleton street,

Dorchester, Ward 14," and to state that Middleton street from Norfolk street to Wildwood street has a length of 598 feet; roadway width of 26 feet and sidewalk 7 feet in width.

To construct smooth pavement on 6-inch concrete base, artificial stone sidewalks and the necessary edgestone regulating will cost \$5,700. To date, the loan for Reconstruction of Streets before the City Council has not been approved.

Respectfully yours,

C. J. CARVEN,
Commissioner of Public Works.

Placed on file.

WARNING SIGN, WARD 14.

The following was received:

City of Boston,

Office of the Mayor, October 2, 1936.

To the City Council.

Gentlemen,—I transmit herewith a communication from the Traffic Commissioner, relative to your order of September 1, 1936, concerning the placing of a warning sign at the junction of Blue Hill avenue and Angell street, Ward 14.

Respectfully,

FREDERICK M. MANSFIELD, Mayor.

City of Boston,

Traffic Commission, September 29, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—Re Letter of September 4, 1936, from John F. Gilmore, Jr., assistant secretary to your Honor, ordering consideration and report on a City Council order submitted by Councilor Rosenberg, dated September 1, 1936, requesting the Traffic Commissioner to place a warning sign reading "School Zone, Drive Carefully," at the junction of Blue Hill avenue and Angell street, Ward 14.

The original Council order read as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to place a warning sign reading "School Zone, Drive Carefully," at the junction of Blue Hill avenue and Angell street, Ward 14, for the safety and protection of children going to and returning from the Robert Treat Paine School."

Investigator McDonald reports that there are already eleven warning signs in this area, and that this area is better signed than any other in Boston.

In Angell street there are two "Slow" signs, one "School Zone" sign, and one "Stop" sign. In Blue Hill avenue and Angell street there is a "Slow" sign; in Blue Hill avenue and Harvard street there is a "School Zone" sign; in Harvard street at the west corner of Blue Hill avenue there are two signs, one "Stop" sign and one "School Zone" sign.

In Talbot avenue and Blue Hill avenue there are two signs, one "Stop" sign and one "Look Out for Children" sign; in Harvard street at the east corner of Blue Hill avenue there is a "Stop" sign.

We feel that this area has a sufficiency of signs for the present.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

PLANTING OF SHRUBS, WARD 20.

The following was received:

City of Boston,

Office of the Mayor, September 29, 1936.

To the City Council.

Gentlemen,—I transmit herewith a letter from the Chairman of the Park Department, relative to your order of September 21, 1936, concerning the planting of grass seed and shrubs on the small island at the junction of Woodard road and Stratford street, Ward 20.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Park Department, September 28, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of September 24, with enclosure, order from the City Council that the Park Commission be requested to plant grass seed and shrubs on the small island at the junction of Woodard road and Stratford street, Ward 20.

I regret exceedingly to inform you the department has no funds available for this purpose.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

SALES OF CITY-OWNED TAX-TITLE PROPERTY.

The following was received:

City of Boston,

Office of the Mayor, September 29, 1936.

To the City Council.

Gentlemen,—I transmit herewith a letter from the Superintendent of Public Buildings, relative to your order of September 4, 1936, concerning detailed information to be contained on all future requests to have leave to sell any parcels of city-owned tax-title property.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston.

Office of Public Buildings Department.

September 29, 1936.

John F. Gilmore, Jr.,

Assistant Secretary to the Mayor.

Dear Sir,—Referring to the attached order of the City Council "concerning the furnishing of the Council with listed detailed information incident to any further requests for leave to sell any parcels of city-owned tax-title property," I have to inform you that I have issued orders to members of my department to include these details on all future orders prepared for submission to his Honor the Mayor.

Respectfully yours,

ROSWELL G. HALL,

Superintendent of Public Buildings.

Placed on file.

SULLIVAN SQUARE PLAYGROUND IMPROVEMENTS.

The following was received:

City of Boston,

Office of the Mayor, September 29, 1936.

To the City Council.

Gentlemen,—I transmit herewith two letters from the Chairman of the Park Department, relative to your two orders of September 21, 1936, concerning improvements at the Sullivan Square Playground.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

Park Department, September 28, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of September 24, with enclosure, order from the City Council that the Park Commissioner be requested to replace the wire netting covering the hand ball court at the Sullivan Square Playground.

Please be assured, the department will endeavor to comply with this request at the earliest possible moment.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

City of Boston,

Park Department, September 28, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—I have your memorandum of September 24, with enclosure, order from the City Council that the Park Commissioner be requested to consider the advisability of the construction of two additional hand ball courts at the Sullivan Square Playground.

I regret exceedingly to inform you the department has no funds available for this purpose.

Very respectfully yours,

WILLIAM P. LONG, Chairman.

Placed on file.

PRESERVATION OF HISTORIC PAPERS.

The following was received:

City of Boston,

Office of the Mayor, October 2, 1936.

To the City Council.

Gentlemen,—I am in receipt of the attached communication from the City Clerk, which is self-explanatory. I accordingly recommend adoption of the accompanying order by your Honorable Body.

Respectfully,

FREDERICK W. MANSFIELD, Mayor.

City of Boston,

City Clerk's Office, September 29, 1936.

Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—For a number of years there has been a gradual deterioration of the ancient records and historic papers which are under my care as City Clerk. Some of the conditions responsible for this deterioration cannot be remedied until a Hall of Records or other suitable building is provided, but it is imperative that immediate corrective measures be taken in some instances. In addition there is a great deal of rebinding and other repair work required and I feel that these matters cannot be longer delayed without risk of serious injury to records and papers that are priceless.

Accordingly I respectfully request that a special appropriation of \$1,000 be established, to be expended by the City Clerk from time to time for the Care and Preservation of Old Records and Historic Papers.

Respectfully,

W. J. DOYLE, City Clerk.

Ordered, That the sum of one thousand (1,000) dollars be, and the same is hereby, appropriated, to be expended by the City Clerk for the Care and Preservation of Old Records and Historic Papers, said sum to be charged to the Reserve Fund.

Referred to the Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Margaret R. Conway, for compensation for injuries caused by an alleged defect at 144 South street, Jamaica Plain.

Amelia J. Canong, for compensation for injuries caused by an alleged defect at 677 Dudley street.

John Gulinello, for compensation for damage to property at 162 O street, during repaving of street.

Hayes-Bickford, Inc., for refund on illuminated sign permits.

Ruth Jacoby, for compensation for injuries caused by an alleged defect at 3 Dove street.

Charles M. Kelley, for compensation for damage to car caused by an alleged defect in Summer Street Bridge.

John J. Lowney, for compensation for injuries caused by an alleged defect at 233 Freeport street, Dorchester.

John Malberg, for compensation for injuries caused by an alleged defect in Williams street and Shawmut avenue.

John J. McSweeney, for compensation for injuries caused by an alleged defect in Causeway and Leverett streets.

Bernice Roman, for compensation for damage to car by city car.

Ethel Rosenberg, for refund on dog license.

Agrippina Saia, for compensation for damage to property at 160 O street, during repaving of street.

Louis Schwartz, for compensation for damage to car caused by an alleged defect in Maple street.

Mrs. Aaron G. Starbard, for compensation for injuries caused by alleged defect in bridge in Fenway.

Jane Walsh, for compensation for injuries caused by an alleged defect in Washington street.

Mrs. B. Wasilewski, for compensation for damage to clothing caused by spark from tar truck.

Executive.

Petition of Mary F. Hartigan to be paid annuity on account of death of her husband, Edward J. Hartigan, late member of Fire Department.

Petition of Mary A. Barron, to be paid an annuity on account of death of her husband, Chester D. Barron, late member of Police Department.

POLE LOCATIONS.

Notice was received from the Metropolitan District Commission of granting to Edison Electric Illuminating Company and New England Telephone & Telegraph Company pole locations in Veterans of Foreign Wars Parkway.

Placed on file.

APPOINTMENT OF WILFRED J. DOYLE.

Notice was received from the Mayor of reappointment of Wilfred J. Doyle as member of Boston Retirement Board for term ending September 1, 1940.

Placed on file.

ORGANIZATION OF COURTHOUSE COMMISSION.

Notice was received from the Suffolk County Courthouse Commission of organization of commission as follows: Election of A. Emmet Logue as chairman; Rutledge Kelheer as executive secretary.

Placed on file.

ASSIGNMENT OF JUDGES.

Notice was received from the Chief Justice of the Supreme Judicial Court of assignment of judges of district courts to act as judges of appellate divisions and designation of members of the administrative committee of district courts, to fill vacancies existing on October 1, 1936.

Placed on file.

HUNTINGTON AVENUE SUBWAY.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor consider the advisability of petitioning the W. P. A. authorities of the United States Government with the view of requesting of them the sum of eight million five hundred thousand dollars (\$8,500,000) for a subway on Huntington avenue as originally planned by the Transit Department.

Coun. DOWD.—Mr. Chairman, some time ago we had that before us in another form as a W. P. A. grant whereby the city would have to pay 55 per cent. That order went through the Council and was finally rejected by the Board of Directors on the ground that even 55 per cent would be too much for the City of Boston, metropolitan Boston, to take care of. I am of the opinion now that the Federal government would be in a receptive mood. I have talked to those in charge and have talked to the Governor of the Commonwealth, who thinks that if the Mayor of Boston will initiate action the full grant—not a partial grant,—but a full grant of \$8,500,000 will be given to us for a Huntington avenue subway. I would assume that subway would be built under the supervision of the Transit Commission. That would take at least 3,500 men off the civil service list. It would not be a contract job, and the men would be paid the prevailing rate of wages, of course. Every able-bodied man who is on soldiers' relief would be taken off. I feel it is a proper time for the Mayor of Boston to initiate action whereby the City of Boston might receive a Federal grant of 100 per

cent, and I have been advised by the Transit Commission they are ready to go ahead within thirty days, as the plans have all been drawn. I dare say Boston is one of the few cities that has not received a large 100 per cent grant for public buildings or public affairs of this kind. I suggest that his Honor the Mayor, in view of the fact that 3,500 men would be placed to work, initiate action immediately for a grant of 100 per cent.

Coun. PETER A. MURRAY—I would like to ask the councilor from Ward 8 if it is possible on a W. P. A. project to take men off the civil service?

Coun. DOWD—If built under the supervision of the Transit Commission, which I requested, they would be taken off civil service.

The order was passed under suspension of the rule.

ADDITIONAL PERSONS IN PRECINCT BOOTHS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request the Election Department to provide two more persons in each precinct booth on election day on account of the long hours made necessary by the large ballot that will be placed before the people on that date.

Coun. DOWD—I want to state on that order I think it is unfair to those individuals who are working in the polling places in Boston in the presidential election to expect that they can do the work. Four years ago and eight years ago at presidential elections, two additional persons were sent to the respective voting booths at six o'clock and worked throughout the night, and unless that is done the ballots won't be counted until seven or eight o'clock in the morning. I suggest in view of the fact that we have four hundred precincts, it would give employment to eight hundred people and give the people of Massachusetts an opportunity to get the election returns as soon as possible.

Coun. BRACKMAN—In conjunction with Coun. Wilson, about three weeks ago I introduced a similar order. It appeared at that time we were going to have tremendous confusion with all the types of candidates there are. In an ordinary election year they have been counting well into the morning, and we ought to have additional help this year to prevent recounts in the future.

The order was passed under suspension of the rule.

FORTY-FOUR HOUR WEEK FOR FERRY EMPLOYEES.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request the Public Works Commissioner to make arrangements to have all oilers, machinists, and engineers now working on the ferry placed on a forty-four hour week instead of a forty-eight-hour to meet the same conditions which exist in all other city departments.

Passed under suspension of the rule.

CALL FOR STATE ELECTION.

Coun. GLEASON offered the following:

Ordered, That meetings of the citizens of this city, qualified to vote for state officers, be held at the several polling places designated for the purpose by the Board of Election Commissioners, on Tuesday, the third day of November, 1936, for the election of Presidential Electors, Governor, Lieutenant-Governor, State Secretary, State Treasurer, State Auditor, Attorney-General, Senator in Congress, Representatives in Congress, Councilors, Senators in the General Court, Representatives in the General Court, Register of Probate and Insolvency, and Clerk of the Superior Court for Civil Business; also to give in their votes "Yes" or "No" on the following questions:

1. Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

2. Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

3. Shall licenses be granted in this city for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

and in the second, third, fourth, fifth, ninth, tenth, eleventh, thirteenth, fourteenth, sixteenth, seventeenth, eighteenth, nineteenth, twentieth, twenty-first and twenty-second Suffolk representative districts on the following question:

Shall the representatives in the General Court from this district be instructed to vote in favor of amending the State Constitution for the purpose of limiting the amount of taxes, for all purposes, which may be legally levied against any real estate within the Commonwealth to a sum not exceeding \$25 for each one thousand dollars of assessed valuation?

The polls at said meetings shall be opened at eight o'clock a. m. and closed at eight o'clock p. m. Ordered, That the City Clerk be hereby directed to give notice of said meetings according to law.

Referred to Executive Committee.

OVERPASS AT FOREST HILLS.

Coun. PETER A. MURRAY offered the following:

Ordered, That his Honor the Mayor request the W. P. A. authorities to consider the advisability and feasibility of the construction of an overpass or underpass at Forest Hills as a W. P. A. project.

Coun. PETER A. MURRAY—This has been up before the Council for the last five or six years, and the survey of dangerous spots in Boston has shown that Forest Hills was second only to Governor square. Now Governor square has been eliminated as a danger spot, and I believe it is time they took care of the situation at Forest Hills because it is the worst situation in Boston. An underpass or overpass would eliminate plenty of the traffic congestion in the square.

The order was passed under suspension of the rule.

AID FOR OLD-AGE APPLICANTS.

Coun. PETER A. MURRAY offered the following:

Ordered, That the Overseers of the Public Welfare Department be requested, through his Honor the Mayor, to advise applicants for old-age assistance when they will receive their aid.

Coun. PETER A. MURRAY—I have people in my district who went down and made application early in July and they have not received any information yet, and it is a case of going in every other week. They are told it is going to be next week, and the next week, and I believe they should save those old people the trouble and the spending of car fare in going into the city where the traffic conditions are such that some of them have met with accidents. I hope the Welfare Department can give them some date when they will receive the old-age assistance.

The order was passed under suspension of the rule.

ACCEPTANCE OF HAWTHORNE STREET.

Coun. PETER A. MURRAY offered the following:

Ordered, That the Board of Street Commissioners be requested, through His Honor the Mayor, to accept and lay out Hawthorne street, Ward 19, as a public highway, under the W. P. A. type of construction.

Coun. PETER A. MURRAY—This is regarding the school on Cummins Highway. All the streets with the exception of Cummins Highway are a mire, and children will be up to their waists in snow and mud. I hope before the cold weather comes they will get some work done so the children can go across the street without a rowboat.

The order was passed under suspension of the rule.

INFORMATION AS TO STREET CONSTRUCTION.

Coun. WILSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to advise the City Council concerning street construction and reconstruction, whether with C. W. A., E. R. A., or W. P. A. assistance, in the City of Boston during the years 1933 to 1936 inclusive, giving

1. As to streets newly constructed:
 - a. The names and locations of the streets.
 - b. The amount expended.
2. As to streets reconstructed:
 - a. The names and locations of said streets.
 - b. The amount expended.

Coun. WILSON—With reference to that order, there has been a lot of speculation with reference to the amount of C. W. A., E. R. A. and W. P. A. or P. W. A. money expended in Massachusetts, much of the money having been expended for questionable purposes, but we are unable to find out from the officials of the Public Works Department how many, if any, streets, new streets, have actually been laid out with the aid of this Federal money. I frankly admit from an ordinary taxpayer's viewpoint I am unable to follow the logic whereby four-lane traffic roads are laid out in the back woods of the state and streets in my ward which have been fully built up for anywhere from forty to fifty years are not yet accepted. For the purpose of the record, I wish to ascertain—and I am sure others of the Council will be glad to learn—what, if any, W. P. A. or E. R. A. money has been allocated to spend for the building of any new streets whatever in the City of Boston during the past three years.

The order was passed under suspension of the rule.

1937 POLICE LISTING.

Coun. WILSON offered the following:

Ordered, That the Boston Police Commissioner, through his Honor the Mayor, be requested to instruct all police officers on the taking of the

1937 Police Listing in January next, to obtain from each person listed, a listing card signed by each person and witnessed in writing by the officer in each case.

Coun. WILSON—I am strongly in support of the excellent order introduced by the councilor from Charlestown on the 21st of September, pointing out a few facts with reference to the irregular registrations in the course of the years that have gone by in the City of Boston and perhaps outside of the City of Boston. It is perfectly obvious to any person of average intelligence, over 21 years of age, and anyone who has been in politics for over-night. We all know that the registration in this city and the voting in this city has been crooked for years. We realize that in other great cities of the country, I believe in New York city, there is an annual registration of voters. We all know the story of mattress voting in Boston. We all know the job done annually on the listing of voters, and we all know that if the democratic form of government is going to amount to anything, one of the first things that must be purged is the voting list and the purging of the phoney names that absolutely exist on the voting list this year as in past years in the City of Boston. I don't know whether the proper procedure is an annual reregistration, but I am very sure that the suggestion made by the councilor from Charlestown, with the additional suggestion outlined in this present order, will perhaps do something to cleanse this list. I won't say, for example, that there are mattress voters or imaginary voters in the parcels of our city-owned real estate except that I do know that taking a list of 35 city-owned properties, I find 100 adult persons listed in those 35 city properties, and 50 of the 100 are registered voters. Seven of the 50 are on the supplementary list. Now it may be that there are 100 adults living in these 35 parcels of city-owned property, and it may be that there are 50 voters among the 100, although I have my doubts. That particular line of inquiry perhaps will come up in another order which I have presented to the Clerk, because if all those persons are living in those few city-owned properties, it is surprising the lack of progress that has been made in the matter of rent collections since Major Hall and his department received full charge of all city-owned property as long ago as a year next Wednesday. But I urge that something definite should be done in the City of Boston to purge the present voting lists and to preserve for those persons who have a right to vote the right to make their vote count against the votes of other persons who have a right to vote and who vote, and not against the men who vote six and a dozen times at every election held in the City of Boston.

The order was passed, under suspension of the rule.

INFORMATION IN RE ILLEGAL COLLECTION OF RENTALS.

Coun. WILSON offered the following:

Ordered, That the Law Department, through his Honor the Mayor, advise the City Council in detail what steps, if any, have been taken in prosecution for, and reimbursement of, rentals illegally collected by individuals from city-owned property, and specifying in each case the street and street number of the parcel involved.

Ordered, That the Public Buildings Commissioner at once advise the City Council with reference to each of the following parcels of city-owned property:

A. The number of families living at each address.

B. The amount of monthly rent now being collected.

C. The month for which the city first collected rental.

D. The total amount already collected in rent by the city.

91 Marginal street and 336 Border street, Ward 1.

28 Corey street and 8 North Short Street place, Ward 2.

2 Lovett place, 47 Barton street and 61 Dover street, Ward 3.

3-8-16 Dartmouth place and 240 West Canton street, Ward 4.

88-90-92-94 Bolton street; 112 B street; 42-44-46 A street; 27 Silver street; 28 West Fifth street; 124 West Sixth street; 134 West Eighth street; 410 West Second street; 767 East Fourth street; 819 East Sixth street, in Ward 6.

9-11 Fairweather street in Ward 8.

18 Parnell street; 37 Sterling street; 6-8 Linden avenue and 135 Warwick street, in Ward 9.

35-37 Ellingwood street in Ward 10.

4 Alpine terrace in Ward 12.

96 Loring street in Ward 18.

6-8-10 Emsella terrace in Ward 19.

Coun. WILSON—Mr. President, I personally believe, when we consider the gross over-assessment of the average dwelling house and building in the City of Boston, and when we consider the difficulty which the city is experiencing collecting taxes on our present high tax rate and the necessity which apparently has occurred to the Mayor to make a drive for uncollected water bills, I believe the present situation of this city on its tax property is a serious proposition. I believe it justifies the urgent, almost tearful message of the Mayor a year ago last July when he called upon the Council urgently to pass a proposed new ordinance to

place the handling of all city-owned tax-title properties in the hands of the Public Buildings Department. Now that city ordinance was passed, if I remember correctly, on October 7, 1935, or a year the day after tomorrow, and we naturally have been waiting for some progress to be made by Mr. Hall, who I understand has been doing some work on the proposition, with the aid of a staff of from forty to fifty W. P. A. workers as a special project. We have received perhaps only twelve or fifteen orders for the sale of this city-owned property. The Council was kind enough to unanimously pass an order which I introduced as long ago as August 17, almost two months ago, or a month and a half ago, requesting the Public Buildings Commissioner to tell the City Council and especially this Committee on Public Lands and city-owned property, the complete list of all tax-title properties in his custody or control where demolition work has already been done or is now being done, and a list of all the properties on which repair work or renovation work has been done or is now being done, and a list of all the properties with the locations and amounts which rent is being or has been collected from, and a list of all those parcels, if any, and there are some, which have been sold by the city since we passed that city ordinance as long ago as the 7th of October of last year. Now I don't know what the primary reason is for holding back that information, but I am beginning to wonder, especially as to the item with reference to these rent collections and the item with respect to repair and renovation on these broken-down buildings, because we were informed by Mr. Hall that the city, even though it was in the real estate business, did not want to go into the real estate business, and he said it would be the policy of his department wherever possible to tear down buildings which would not justify their being fixed up or rented. Now there have been many hundreds of thousands of dollars collected in rentals, or which should have been collected in rentals, since these various properties had the title to them taken by the City of Boston through Land Court procedure. I could name a place in South Boston where a man collected \$40 a month for eleven months.—I mean eleven months after the city took title. I think we are entitled to an accounting of what happened to that \$40 times eleven months. There are other instances of the same kind. I would like to have that information, and I think the Council is entitled to it, before anybody covers their traces, because rents are being collected whether by city agents or former owners of the property. I would like to know why there has been no explanation of rent collections at 3 Wall street in Charlestown. I would like to know why there has been no explanation of rent collection on Ellingwood street, Roxbury, and I think it is high time that we received a businesslike report from the Public Buildings Commissioner and his army of help. There are, I assume, records in the Land Court for anybody to look at, and they are easy for anybody to find, whether lawyer or layman. Each case has a number. They are indexed, so anybody can look at them. I understand there are somewhere between 1,500 and 2,000 parcels of property which were sold for taxes, and the necessary two years passed by, and then two years more passed by after the tax sale, and they have been put through the Land Court, and the former owner after four or five years of disinterest has been outlawed. Mr. Hall says many of those are vacant parcels of land. I know that. I know many of those parcels of land, some of which I referred to months ago, are being used as parking spaces. I know some of them are being used as sites for Donnelly bill posters. I assume some return is paid or should be paid for posting on those vacant pieces of land, one of which I believe has had a substantial amount of money spent on it to fix it up. There are a substantially large number of properties on which there are buildings. Now those buildings, according to the talk that Mr. Hall gave the committee, in most instances he felt should be demolished and, of course, if fixing them up would cost too much money, the city having already lost the taxes, the building should be demolished. They should not be doing what they are doing now on that house at 6-8-10 Emsella terrace, Ward 19, wasting the taxpayers' money. I don't care whether spending city money or Federal money that has been remitted from Massachusetts and other states to Washington and then tossed back here for some boondoggling project. I took the trouble to take a ride this morning out to Emsella terrace in Ward 19,—a dead-end street on the Roxbury line,—flush against the railroad tracks, with a stone wall at the end of the street of a height equal to the second-story windows of a house. At the end of that dead-end street on one of the poorer streets of that particular section is this old worn-out frame dwelling 6-8-10 Emsella terrace. It is about two stories and an attic high. Once perhaps nine families lived in it as there are three entrances. There are not even furnaces in the cellars, coal, steam heating, or water or anything else. The heating has been done upstairs, with kitchen stoves, presumably. The house is an old-fashioned house and to show you how old-fashioned it is they have one of those fancy service openings between the kitchen closet and the dining-room,—an old broken-down building. I went down there and took a look. Incidentally, the city took title, Land Court title, after which all rights were outlawed, to this broken-down piece of real estate on December 14, 1935, at a

time when the city presumably was owed \$2,591 in back taxes. Three families at least were listed there on January 1, 1935, and the first of January this year there were two families listed there. Somebody apparently has been living there, because there are water bills outstanding against two of the houses, not only for 1934 and 1935, but right down in modern history in 1936. Somebody has been paying or should have been paying water bills at Nos. 6 and 8. Nobody has been paying any water bills in No. 10 because that place has been vacant since February 6, 1931, when the water was shut off for good and all. What I am getting at is this: Here is this old broken-down property, in one of the poorer sections of the city, a dead-end street, a street flush against the railroad tracks, without any heating apparatus whatever in the cellar, unoccupied—one of the buildings—since February, 1931, but with some families in there, and I assume paying rent to the city since December of last year. This morning by actual count I found twenty-five men out there in overalls working on that house. Some I think were in the basement down cellar waiting for help, a piece of lumber or something. There was a group of six or eight outside unloading lumber from a truck and commenting on the World Series, which has not gone too good from some of our points of view. There were men up in the bathroom; all of the plumbing was torn out. There were three new doors for each of the three entrances. Apparently the walls of each room in each building have been more or less dismantled and either repapered or replastered, I assume, all the rooms of the house. Painting it up and fixing it up. There are twenty-five men working there today, if I may use that phrase, and I understand from inquiries that they have been working on it or work has been active, if I can use that word, on that building for upwards of two months. Now I don't know who is paying the bill, but I know this building has \$2,500 in back taxes against it. I therefore assume that they would have torn it down. It would be interesting to see whether the city has received any offers on the property in the months since October 7, 1935, and if they had any offer, why they didn't unload it. If they haven't got any offer, it would be interesting to know whether any rents have been collected in the past year and nine months, and if not, why not, and if they have not had any offers, and if nobody has been collecting rents, although two families were living there this morning, it would be interesting to know whose money is being used to renovate and repair that building in that particular spot against a railroad track. I am not a builder. The gentleman on my left is in the real estate business. I am not a builder, but as a guess, if they have been working there for two months, with such a staff of men as was there this morning, with the state or the Federal government paying wages and presumably for the materials, they have come pretty near spending \$5,000 there already, or I miss my guess. That is twice what the city has been already stuck in back taxes when they first drove a truck out there loaded with workmen. So I believe we are entitled to some information on these various properties, so far as the rent collections are concerned. I believe we are entitled, and the public is entitled, to detailed information if money is being thrown away on other buildings as I say it is on that Emsella terrace place. I don't know what the purpose of the work is. It may be on some phoney claim that the men ought to be getting work. If so, there are better places to put them to work; or it may be that some day an order is coming into this Council for the sale of that particular piece, giving us in a sketchy outline the \$2,500 the city is stuck already for taxes and not telling the committee about the \$4,000 or \$5,000 put in there to improve the place. Now it has reached the stage on this city-owned property where, to put it mildly, I am starting to get suspicious. I think the sooner we get the information on the rent collections and the detailed information on these repairs, alterations and demolitions, the better it is. For that reason I ask the passage of these orders at the present time.

Coun. PETER MURRAY—That being in my district, and most of the people down there on welfare, if there are twenty-five men working there, I would like to know who they are working for.

Coun. WILSON—That is what we want to find out.

Coun. MURRAY—If these men are thrown out of there, will he or his party who are now fighting the spending of money to keep them going, at least give them tents?

The order was passed under suspension of the rule.

SALARY OF EAST BOSTON TUNNEL GUARDS.

Coun. DOWD offered the following:

Ordered, That his Honor the Mayor request the Public Works Commissioner to place in the budget for the coming year a sufficient sum of money to provide for an annual salary of \$2,100 for a six-day week and in addition a fifteen-day sick leave per year for all guards working in the East Boston Tunnel.

Passed under suspension of the rule.

HAVELOCK STREET, WARD 14.

Coun. ROSENBERG offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make Havelock street a one-way street from Blue Hill avenue to Harvard street, Ward 14.

Passed under suspension of the rule.

LONG ISLAND INVESTIGATION.

Coun. MELLEN offered the following:

Ordered, That his Honor the Mayor advise the City Council what progress, if any, has been made in the investigation of the quality and the quantity of the food being served to the inmates of Long Island, which investigation was ordered at the last regular meeting of the City Council.

Passed under suspension of the rule.

INVESTIGATION OF OLD AGE APPLICANTS.

Coun. MELLEN offered the following:

Ordered, That the Overseers of the Public Welfare, through his Honor the Mayor, appoint additional investigators to facilitate and speed up the investigation of old-age applicants.

Passed under suspension of the rule.

REPAIR OF NONMAJOR STREETS.

Couns. ROSENBERG, AGNEW and NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of fixing every nonmajor street in Boston.

Coun. ROSENBERG—Mr. President, I am greatly interested in the adoption of the present order. We have noted that recently the W. P. A. Administrator for Massachusetts has stated that there will be an abandonment of all state highway projects and that only those that are now under actual construction will be completed. This should, therefore, be a great opportunity on behalf of the cities and towns and, more especially, for the City of Boston, to secure W. P. A. approval for the resurfacing of nonmajor streets which are in a most deplorable condition. We have received information from our Commissioner of Public Works that, since 1934, only four new streets have been constructed and that since 1935 no new street construction has gone forward. For the benefit of the city, it is important that these nonmajor streets be resurfaced and put in condition as the great bulk of the taxes that are paid to the city come from home owners in the various sections of Boston. A large number of streets in Ward 14, Dorchester, the district that I represent in the Council, are not only in an unsafe condition, but are so bad as to cause, if they have not already done so, a large number of claims against the city for damages. If we are able to convince the W. P. A. authorities of the urgent necessity of having the nonmajor streets resurfaced, I believe we will be doing something in the right direction in bringing about a great improvement in the condition of the streets in general which will prove beneficial to the city. The opportunity should be welcomed and I believe that the adoption of this order will tend to bring about the necessary and much-needed repairs.

The order was passed under a suspension of the rule.

PROGRAM FOR BOSTON'S AGED PEOPLE.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of conferring with Federal and local school officials relative to planning a program for Boston's aged people.

Coun. NORTON—There are thousands of old people in Boston and no one seems to want to give them much to do. They are sixty-five years of age, and nobody wants to give them work. Now we have school buildings in Boston which are idle most of the day, three hundred schools in forty-four square miles. It seems best to do what is done in some of the other large cities towards working out some sort of a program for old people. Those out of college twenty years need to go back again. We are living in a new world.

The order was passed under suspension of the rule.

BIDS FOR CITY ELECTRIC LIGHT BULBS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston consider the advisability of advising the Council as to why bids were closed on July 8 last for supplying the city for one year with electric light bulbs and nothing has been done as yet.

Coun. NORTON—The bulbs are rather a political football in Boston, but on July 8 bids were opened up for bulbs, and nothing has been done. I would like to know why it is that on July 8 these bids were closed and as yet nothing has been done.

The order was passed under suspension of the rule.

RECESS.

The Council voted at 3.10 p. m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber, and were called to order by Coun. GALLAGHER at 4 p. m.

EXECUTIVE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on order (referred today) relative to election to be held on November 3—that same ought to pass.

Report accepted, order passed.

2. Report on message of Mayor and order (referred today) in re sale of surplus swine at House of Correction, Deer Island—recommending that order pass.

Report accepted, order passed under suspension of the rule.

3. Report on message of Mayor and order (referred today) for transfer of \$1,000 from reserve fund to City Clerk's Department for preservation of historic records—that same ought to pass.

Report accepted, said order passed, yeas 18, nays 0.

4. Report on message of Mayor and order (referred September 21) for transfer of \$100,000 for highway construction of streets—that same ought not to pass.

The report was accepted and the question came on the passage of the order.

Coun. WILSON—This matter came up before executive. For the purposes of the record, as I understand it, it is a requested transfer of available loan order money which was appropriated to be used for the construction of the newly accepted streets in the City of Boston, and it asks to be transferred \$25,000 for certain wages in the paving department, and \$75,000 for the annual patch-paving contract. The average street being repaired in the City of Boston at the present time, whether in my ward or in the other wards, is, of course, being done with Federal money and city material. This money of course is usually wholly for patch paving on thoroughfares and it is being taken from money formerly voted for the acceptance and laying out of new streets. If I understand Mr. Carven correctly, in spite of the money spent by Boston, only four newly accepted streets have been constructed anywhere in Boston since 1934. Having that in mind I with other members of the Council requested that this loan order be reported back "Ought to pass" for the \$25,000 involving salaries, but we were outvoted, the attitude of the Council apparently being they wanted the whole \$100,000 or none. I find it impossible to take \$75,000 from money properly belonging to newly accepted streets going for the benefit of any patch-paving contractor.

Coun. McGRATH—If it is in order, I would like to amend it to read that \$75,000 go for traffic lights. I think at this time it would be in order because after every request that is made of the Mayor, the answer seems to be, formal or informal as you will, that there is no money available, so if this could be amended, \$75,000 for traffic lights, I think the Council would pass it.

Coun. DOWD—I am going to vote against the report of the committee, and vote for the order. I am in perfect accord with it, and I made the motion to cut it to \$75,000. I think the councilor from Dorchester is in error when he says all streets are being taken care of by the W. P. A., as Mr. Carven stated that the W. P. A. will not allow any money for patch paving in Boston. I am not going to vote against anything that is going to discontinue the service of some city employees. I am not going to vote against anything which benefits my ward, composed mostly of old streets that really need resurfacing. It is all right for the gentlemen from the outlying sections where they have hundreds of new streets to vote against it, and I might think the same way if I lived there, but I live in a poor section where the streets are in tough condition, and I am going to vote for the order as it is.

Coun. AGNEW—We have read in the newspapers during the past few days that the Federal project pertaining to the making of new streets must be hurried; that they only have approximately a month to work on them because snow or frost will set in, which will make it impossible for these men to be engaged in that particular project. This order is asked for us to pass it so they may patch the various streets in Boston. This is the first reading of it. It requires two readings, and by that time, or shortly after, and before it would be set in operation, we would have snow and frost, and it would be impossible for any patch work to be done; whereas in the spring, after we have had the snow, and the snow has left the ground, the streets are always full of holes that need patching, and that is the time that it should be done and not at this time coming into the winter.

The question came on the passage of the order. The order was rejected, the vote on its passage being:

Yeas—Coun. Dowd, Finley, John I. Fitzgerald, Gallagher, Gleason, Peter A. Murray, Tobin—7.

Nays—Coun. Agnew, Doherty, P. J. Fitzgerald, Kilroy, McGrath, Mellen, Roberts, Rosenberg, Shattuck, Wilson—10.

Coun. PETER A. MURRAY—I now amend the motion to make it \$25,000.

Chairman GALLAGHER—The motion is declared out of order.

Coun. MURRAY—On what grounds?

Chairman GALLAGHER—Because the order has been defeated, and it cannot be amended after it is defeated.

Coun. MURRAY—Well, I move to refer it to the next meeting.

Coun. JOHN I. FITZGERALD—I move reconsideration and assignment to the next meeting.

The motion was lost.

UNFINISHED BUSINESS.

The Chair called up No. 1 on the calendar, viz.: 1. Ordered, That under the provisions of section 1, chapter 281, of the Acts of 1936, amending section 2, chapter 49, of the Acts of 1933, the City Treasurer be authorized to secure the approval of the Emergency Finance Board to the issuance of notes of the city in the amount of \$1,000,000, said notes to be sold at their face value to the Commonwealth and the proceeds to be used for ordinary maintenance purposes.

On September 21, 1936, the foregoing order was read once and passed, yeas 10, nays 1.

The question came on the second reading and passage of the order.

Coun. MELLEN—This involves a million dollars and I think more specific information should be available to the Council before voting on an order of that amount.

Coun. GALLAGHER—The Council has already given it one reading and passage and this is for the second reading and passage.

Coun. DOWD—Part of this is to take care of the welfare?

Coun. GALLAGHER—That is right.

The roll was called, and the order was given its second reading and passage, yeas 16, nays 1:

Yeas—Coun. Agnew, Doherty, Dowd, Finley, John I. Fitzgerald, Peter J. Fitzgerald, Gallagher, Gleason, Kerrigan, Kilroy, McGrath, George A. Murray, Peter A. Murray, Roberts, Rosenberg, Tobin, 16.

Nays—Coun. Shattuck, 1.

The Chair called up Nos. 2 and 3 on the calendar, viz.:

2. Ordered, That the right to borrow money for School Committee, one new high school and one new intermediate school, under authority of chapter 366, Acts of 1933, as amended by chapter 21, Acts of 1934, approved by the Mayor on February 27, 1934, be limited to \$600,000, and that the authorization to borrow in excess of said amount for said purpose be, and the same hereby is, rescinded.

On September 21, 1936, the foregoing order was read once and passed, yeas 19, nays 0.

3. Ordered, That the right to borrow money for reconstruction of streets, under authority of chapter 366, Acts of 1933, as amended by chapter 21, Acts of 1934, approved by the Mayor on February 27, 1934, be limited to \$750,000, and that the authorization to borrow in excess of said amount for said purpose be, and the same hereby is, rescinded.

On September 21, 1936, the foregoing order was read once and passed, yeas 19, nays 0.

The orders were given their second reading and passage, yeas 16, nays 0.

FISKE WHARF PROPERTY.

Coun. PETER J. MURRAY asked to take No. 5 from the calendar, viz.:

Ordered, That under authority of chapter 261 of the Acts of 1893, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Sales of City Property, \$25,000, to the appropriation for Fiske Wharf Property, Purchase of, \$25,000.

Coun. McGRATH—I would like to ask if the information which Coun. Shattuck or Coun. Roberts asked for in this order has been forthcoming from the Mayor.

Coun. GALLAGHER—No information.

Coun. McGRATH—Then I move we lay it over until such time as the information comes from the Mayor.

The order was assigned to the next meeting.

SOLDIERS' RELIEF.

Coun. KERRIGAN, for the Committee on Soldiers and Sailors' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of October.

Report accepted; and order passed under suspension of the rule.

REPORT OF COMMITTEE ON JITNEY LICENSES.

Coun. PETER MURRAY, for the Committee on Jitney Licenses, submitted the following:

1. Report on petition of Boston Elevated Railway (referred May 11) for license to operate motor vehicles between junction of Belgrade avenue and Robert street and junction of Weld and Maple streets—that leave be granted.

Report accepted; permit granted under usual conditions.

PARKING OF AUTOMOBILES IN PRIVATE WAYS.

The following was received:

City of Boston,

Law Department, October 5, 1936.

To the Honorable the City Council.

Gentlemen,—There has been transmitted to me the following order passed by your Honorable Body:

"Ordered, That the Corporation Counsel be requested to furnish the City Council with his opinion as to whether or not it is within the powers of the City Council or of the Traffic Commission, under the provisions of chapter 319 of the Acts of 1928 or any other provision of law, to prohibit or restrict the parking of automobiles in private ways or alleys or in public alleys."

I.

Prohibition or Regulation of Parking of Automobiles in Private Ways or Alleys.

Section 21 of chapter 40 of the General Laws (Ter. Ed.), however, provides, in part, as follows:

"Towns may, for the purposes hereinafter named, make such orders and by-laws, not repugnant to law, as they may judge most conducive to their welfare, which shall be binding upon all inhabitants thereof and all persons within their limits. They may, except as herein provided, affix penalties for breaches thereof, not exceeding twenty dollars for each offence, which may be recovered by indictment or on complaint before a district court or trial justice, and shall enure to the town or to such uses as it may direct:

(14) Prohibiting, etc., Leaving of Vehicles in Certain Private Ways.—For prohibiting or regulating the leaving of vehicles unattended within the limits of private ways furnishing means of access for fire apparatus to any part of a tenement house or apartment house as defined in section two of chapter one hundred and forty-five."

Said 14th clause was inserted by chapter 319 of the Acts of 1928 referred to in the order of your Honorable Body hereinbefore quoted.

It is my opinion that, by virtue of the provisions of said section 21, the City Council may by ordinance prohibit or regulate the leaving of automobiles unattended within the limits of private ways or alleys which furnish means of access for fire apparatus to any part of a tenement house or apartment house as defined in section two of chapter one hundred and forty-five of the General Laws. Section 2 of said chapter 145 contains the following provision:

"Tenement house," any house or building, or part thereof, which is rented, leased, let or hired out to be occupied, or is occupied or is intended, arranged or designed to be occupied as the home or residence of more than two families (a family may consist of one or more persons) living independently of each other and having a common right in the halls, stairways, yard, cellar, sinks, water closets or privies, or any of them, and includes lodging and boarding houses, apartment houses, and flat houses. Dwelling houses built in continuous rows of more than two houses occupied or intended, arranged or designed to be occupied as the home or residence of one family or more having a common right in or using in common the halls, stairways, yards, cellars, sinks, water closets or privies, or any of them, shall be deemed to be tenement houses, and shall be subject to all the provisions of this chapter."

I find no authority in the Boston Traffic Commission or in any department of the city or in the City Council, other than that given to the City Council by section 21, to prohibit or regulate the parking of automobiles in private ways or alleys.

II.

Prohibition or Regulation of Parking of Automobiles in Public Alleys.

Section 2 of chapter 263 of the Acts of 1929 provides in part, as follows:

"The commission (Boston Traffic Commission) shall have exclusive authority, except as otherwise herein provided, to adopt, amend, alter and repeal rules and regulations, not inconsistent with general law as modified by this act, relative to vehicular street traffic in the city, and to the movement, stopping or standing of vehicles on, and their exclusion from, all or any streets, ways, highways, roads and parkways, under the control of the city, including rules and regulations designating any way or part thereof under said control as a through way under and subject to the provisions of section nine of chapter eighty-nine of the General Laws, as amended, and may prescribe penalties not exceeding fifty dollars for the violation of any rule or regulation adopted hereunder."

It is my opinion that a public alley is included within the classification of "streets, ways, highways, roads and parkways, under the control of the city" as those words are used in said section 2; and that, therefore, the Boston Traffic Commission has the exclusive power, under and subject to the limitations of said chapter 263, to prohibit or regulate the parking of automobiles in public alleys. (Cf. chapter 298 of the Acts of 1898.)

Very truly yours,

HENRY E. FOLEY, Corporation Counsel.

Placed on file.

TRANSFER OF HIGHWAY LOAN.

The following was received:

City of Boston,
Law Department, October 5, 1936.
John E. Baldwin, Esq.,
Clerk of Committees, City Council.

Dear Sir,—I have received your letter dated September 25, 1936, in which you requested my opinion as to whether or not the City Council may properly pass an order, recommended by the Mayor in a written message to the City Council dated August 28, 1936, transferring the sum of \$100,000 from the appropriation for "Highways, Making of," to the appropriation for "Reconstruction of Streets." I have been advised by Charles J. Fox, City Auditor, that the appropriation for "Highways, Making of," to which you have reference, was made by loan order in the sum of \$500,000, which became effective on March 11, 1933 (under the provisions of section 2 of chapter 486 of the Acts of 1909,—see City Council Minutes of 1933, page 86), that the debt authorized by said order was issued on November 1, 1934, and that of said sum of \$500,000 there is now a balance of \$151,000 cash in possession. Mr. Fox has also advised me that the appropriation for "Reconstruction of Streets" to which you have reference was made by loan order in the sum of \$250,000 given its second and final reading by the City Council on February 26, 1934, and approved by the Mayor on February 27, 1934, that the debt authorized by said order was issued on May 1, 1934, and that of said sum of \$250,000 there is now a balance of \$30,000 unexpended.

Section 1 of chapter 261 of the Acts of 1893 provides as follows:

"After an appropriation of money has been duly made by the city government of Boston for any specific purpose, or for the needs and expenditures of any department, no transfer of any part of the money thus appropriated shall be made except within the department, or in accordance with and after the written recommendations of the mayor to the city council, approved by the yeas and nays vote of two thirds of the members of each branch thereof."

It is my opinion that, based upon said section 1, the City Council may properly pass said order transferring said sum of \$100,000 from the said appropriation for "Highways, Making of," to said appropriation for "Reconstruction of Streets" by a two-thirds vote of its members. It is also my opinion that chapter 224 of the Acts of 1936 has no application to debt issued prior to the effective date thereof (see section 11 of said chapter 224 making the provisions of sections 4 to 10 thereof inapplicable to debt of the city authorized prior to the effective date thereof whether or not issued) and that the transfer of unexpended balances of proceeds of the sale of bonds or notes of the city is not limited by the provisions of section 20 of chapter 44 of the General Laws (Ter. Ed.).

If the said transfer order is passed by the City Council, it will be necessary for the Mayor to certify in writing upon said order, under the provisions of section 2 of chapter 206 of the Acts of 1891, that said transfer is not, in his opinion, to meet a current expense, or that said transfer is to meet a current expense, but that public necessity requires said transfer to be made.

Very truly yours,

HENRY E. FOLEY, Corporation Counsel.

Placed on file.

REMOVAL OF CHARLESTOWN STATE PRISON.

Coun. MELLEEN offered the following:

Ordered, That the Committee on Legislative Matters be requested to petition for legislation asking for the removal of the State Prison in Charlestown to some non-populous district in the state.

Passed under suspension of the rule.

CONTRACTS OF METROPOLITAN WATER DISTRICT.

Coun. SHATTUCK offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of taking steps to see that the cities and towns comprising the metropolitan water district are given due notice and an opportunity to be heard before any important contract is let or any important water or land damage claim is settled by the Metropolitan District Water Supply Commission.

Coun. SHATTUCK—Mr. President, this asks the Mayor to consider the advisability of taking such steps as can be taken to see that the cities and towns comprising the metropolitan water district are notified of any important contract or damage claim which is about to be let or settled, and be given an opportunity to be heard before action is finally taken. I want to read a short extract from the recent opinion of the Attorney General. I will read the two paragraphs from his conclusions. The first one is relative to the Two Companies' contract. He says:

"The inclusion of sixty per cent of the total earth excavation and thirty-five per cent rock excavation already awarded to one contractor to another contractor warrants explanation, but when

it also appears that the price for doing a portion of this work, i. e., the rock excavation, will involve an expenditure of more than \$248,000 in excess of the price fixed by the existing award; that the work is to be given at the rate of \$7.50 a cubic yard to one who had already submitted a bid of \$3 a cubic yard, constitutes a series of events demanding severe condemnation. Any contract so effected is contrary to public policy, inconsistent with the public interest, subversive of public welfare, and must be stricken down. The plain dictates of common justice have been outraged. Nothing has and nothing can be said to mitigate or mollify such official conduct upon the part of those involved. At least, it constitutes a serious breach of public trust. There must be no temporizing with such inexcusable extravagance in the disbursement of public funds. My plain duty is to advise you that the action of the majority of this commission in attempting on August 21, 1936, to award the performance of one hundred and fifty thousand cubic yards of earth excavation and approximately forty thousand cubic yards of rock excavation is a mere nullity."

With reference to the Cenedella contract he announces this conclusion:

"The action of the commission, if permitted to be carried out, will constitute an unwarranted and unnecessary expenditure of public funds of over \$400,000 in excess of the amount for which the work could be done even assuming that it was desirable to have the work done. The action of the commission on August 21, 1936, is illegal and void, and none of the votes taken at that time bind the commission."

Now, those two associate commissioners, the majority of the commission referred to in that opinion, are still on the job. Various requests have been made that they be removed. Those requests have been denied. There is still danger that other contracts of this sort may be attempted. The water takers in the district comprise practically all the people in the district. There is a wider spread in the charge for water than in ordinary taxes because many people who rent property pay water bills. Some opportunity to the cities and towns which represent these water takers in the metropolitan water district, some opportunity for them to know what is going on and to be heard on the subject, is a mere matter of justice to the water takers of the district. I move the suspension of the rule.

The order was passed under suspension of the rule.

Coun. PETER MURRAY—I want to congratulate the Republican member from the Back Bay for commenting on the opinion of our Attorney General. It is wonderful for him to say what he has about the opinion of Mr. Dever.

Adjourned, on motion of Coun. KERRIGAN, to meet on Monday, October 19, 1936, at 2 p. m.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

SENIOR ARCHIVES ASSISTANT, SECRETARY OF STATE, NOVEMBER 14, 1936.

Last date for filing applications, Saturday, October 31, 1936, at 12 noon.

(Requisition is for a female, but the examination is open to both males and females.)

The minimum salary is \$1,320 a year; the maximum salary \$1,680 a year.

Duties: To read manuscripts of the seventeenth century in a handwriting different from today and with different ways of spelling. To transcribe and calendar such a document. Applicants should be facile in this work.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

SUPERVISING INSTRUCTOR IN PUBLIC HEALTH NURSING, DEPARTMENT OF PUBLIC HEALTH, NOVEMBER 14, 1936.

Last date for filing applications, Saturday, October 31, 1936, at 12 noon.

(Requisition is for a female, and the examination is open to females only.)

At the present time, the entrance salary is \$2,400 a year.

Duties: Under administrative direction to teach one or more subjects in the training of public health nurses. To

supervise the field training of public health nurses. To perform related work as required.

Entrance Requirements: Applicants must be registered nurses under the State Division of Registration of Nurses.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PSYCHOLOGIST, BELCHERTOWN STATE SCHOOL, DEPARTMENT OF MENTAL DISEASES, NOVEMBER 14, 1936.

Last date for filing applications, Saturday, October 31, 1936, at 12 noon.

(Requisition is for a female, but the examination is open to both males and females.)

The minimum salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,800 a year.

Duties: To give the Standard Psychological test to new admissions, old patients, and out patients. To supplement the Standard Tests with such tests as Army-Beta, Pintner-Paterson Scale, Cornell-Coxe, and with tests of special aptitudes. To interpret the results of the Stanford-Binet. To plan and execute research projects. To cooperate in research projects of other departments and institutions through tabulations of data, preparation of statistical summaries, extra testing, etc. To carry on office routine, such as reports, records, filing; preparation of annual report, etc. To organize the work of psychologist and psychometrist that the duties are given time proportionate to their importance. To choose new tests to meet special needs or to replace older tests.

Applicants should have a knowledge of technique of administering and scoring of all standard psychometrist tests of the clinical types of mental deficiencies—care, supervision and training. They should have an elementary knowledge of statistics,—to calculate and use Median, Mode, Average, Average Deviation, and Standard Tests, as well as coefficient of a correlation, etc.

Applicants should be familiar with terms, definitions, etc., with special scales such as "performance," Gesell Normative Summaries, the Merrill-Palmer test, etc.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

PROCEEDINGS OF SCHOOL COMMITTEE.

Sept. 22, 1936

A deferred regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon street, at 2:10 o'clock P. M. the Chairman presiding.

Present: Messrs. Lyons, Mackey, Smith, Sullivan and Tobin.

APPROVAL OF MINUTES

The reading of the minutes of the meetings of July 23 and Aug. 26, 1936, was omitted, the Committee approving them as printed.

APPROVAL OF STATE-AIDED COURSES

A communication was received from the Department of Education, Commonwealth of Massachusetts, under date of July 31, 1936, reporting that the State-aided vocational and continuation school work conducted in Boston during the school year 1935-36 under the supervision of the Division of Vocational Education, is approved and reimbursement in the statutory amount—50 per cent of the net maintenance sum (in agricultural departments, two-thirds of the salary of instructors)—will be recommended to the Commissioner of Education, subject to approvable report, Oct. 15, on supervised agricultural work.

Placed on file.

A communication was received from the Department of Education, Commonwealth of Massachusetts, under date of July 20, 1936, reporting that the establishment of a summer day trade school, consisting of a department in machine shop work, in the Hyde Park High School, in accordance with plans set forth and submitted in memoranda on file in the office of the Division of Vocational Education, is approved. If these plans are carried out as submitted, the work of this course will be given approval, and the City of Boston recommended for reimbursement in full from the George Ellzey Funds for the salaries of the teachers and supervisor for the summer of 1936, under the provisions of Chapter 74 of the General Laws, Section 22 (1) for salary of teachers giving types of training selected by the Commissioner as especially needing stimulus), and the regular amount of 50 per cent for other net maintenance as provided for in Section 9 of Chapter 74 of the General Laws, reimbursement to date from July 6, 1936.

Placed on file.

DEATHS

The Superintendent reported the deaths of the following-named teachers:

Dorchester High School for Girls—Harold Bisbee, master, July 20, 1936.

Agassiz District—Mary E. A. McPherson, assistant, elementary, July 23, 1936.

Bennett District—Helena D. Smith, assistant, elementary, July 30, 1936.

Mary E. Curley Intermediate District—Stella F. Thomas, assistant, intermediate, Aug. 17, 1936.

Robert Gould Shaw District—Helen S. Henry, assistant, elementary, Aug. 25, 1936.

Roger Wolcott District—Josephine L. Pickett, assistant, elementary, Sept. 4, 1936.

William Howard Taft Intermediate District—Julia B. Harvell, assistant, intermediate, Aug. 7, 1936.

Placed on file.

The Superintendent reported the deaths of the following-named teachers who had been retired on pension:

Emerson District—Almaretta J. Critchett, Aug. 6, 1936.

Franklin District—Abby A. Hayward, June 7, 1936.

Placed on file.

RESIGNATIONS

The Superintendent reported the following resignations of teachers, to take effect on the date stated:

Jeremiah E. Burke High School for Girls—Mary B. Gallagher, assistant, Aug. 31, 1936.

Boston Clerical School—Marion L. McCarthy, senior assistant, Aug. 31, 1936.

Boston Trade School—Sebastian B. Littauer, senior instructor, Aug. 31, 1936.

Abraham Lincoln District—Eva B. Weiner, assistant, elementary Aug. 31, 1936.

Bennet District—Elizabeth A. McMurtry, Roberta Selig, assistants, elementary, Aug. 31, 1936.

Bigelow District—Ruth E. Min-ton, assistant, kindergarten, Aug. 31, 1936; Julia V. Foley, assistant, intermediate, Aug. 31, 1936.

Chapman District—Dora Doxer, Anna M. Kawolis, assistants, elementary, Aug. 31, 1936.

Charles Sumner District—Margaret M. Hughes, Helen F. Twiss, assistants, elementary, Aug. 31, 1936.

Christopher Gibson District—J. Frances Nelson, assistant, elementary, Aug. 31, 1936; Bernice Loewenstein, assistant, kindergarten, Aug. 31, 1936.

Dillaway District—Blanche M. Gorfinkle, assistant, kindergarten, Aug. 31, 1936.

Dudley District—Margaret R. Black, assistant, special class, Aug. 31, 1936.

Dwight District—Esther T. Murphy, assistant, special class, Aug. 31, 1936.

Everett District—Ethel F. Smith, assistant, elementary, August 31, 1936.

Francis Parkman District—Helen Gorodetzky, assistant, kindergarten, August 31, 1936.

Franklin District—Mary L. Harrington, assistant, elementary, August 31, 1936.

Gaston District—Helen G. Philimore, assistant, kindergarten, August 31, 1936.

Henry L. Higginson District—Ruth Rosengard, assistant, elementary, August 31, 1936.

Horace Mann School—Dorothy H. Lane, assistant, August 31, 1936.

Julia Ward Howe District—Mary L. Conroy, assistant, elementary, Aug. 31, 1936.

Lewis District—Florence Bar-rish, assistant, intermediate, Aug. 31, 1936.

Mather District—Elizabeth M. Goode, assistant, elementary, Aug. 31, 1936.

Minot District—Helen M. O'Connell, assistant, elementary, Aug. 31, 1936.

Prince District—Marion Hardy, assistant, kindergarten, Aug. 31, 1936.

Robert Gould Shaw District—Eleanor F. O'Brien, Edna M. Wood, assistants, intermediate, Aug. 31, 1936.

Roger Wolcott District—Dorothy Kalker, assistant, elementary, Aug. 31, 1936.

Samuel Adams District—Mary C. McQuaid, assistant, elementary, Aug. 31, 1936.

Theodore Roosevelt District—Blanche Buxbaum, assistant, intermediate, Aug. 31, 1936.

Washington Allston District—Beatrice E. Sudhalter, assistant, elementary, Aug. 31, 1936.

Washington Irving Intermediate District—Winifred M. LeDiouris, assistant, intermediate, Aug. 31, 1936.

William Barton Rogers Intermediate District—Helen R. Finnegan, Marguerite A. Rogers, assistants, intermediate, Aug. 31, 1936.

William Lloyd Garrison District—Anna H. Donnelly, Mary C. O'Donnell, assistants, elementary, Aug. 31, 1936.

Department of Household Science and Arts—Catherine F. Farrell, Martha L. Schmid, teachers of sewing, elementary, Aug. 31, 1936.

Department of Manual Arts—John M. Hurley, instructor, manual training, special classes, Aug. 31, 1936.

Department of Music—Martina McDonald, assistant, Aug. 31, 1936.

Department of Physical Education—Agnes C. McKenna, assistant instructor, physical education, Aug. 31, 1936.

Department of School Hygiene—Theresa A. Dolan, school nurse, Aug. 31, 1936.

Accepted.

The Superintendent reported the resignation of the following-named attendants:

Department of School Hygiene—Elizabeth Hall, nutrition class attendant, Aug. 31, 1936; Mary A. Tierney, assistant nutrition class attendant, Aug. 31, 1936.

Accepted.

RETIREMENTS ON PENSION

The Superintendent reported the retirement from active service of the following-named members of the Boston Retirement System, to take effect Aug. 31, 1936, as certified by the Boston Retirement Board:

Public Latin School—William P. Henderson, master, head of department.

Girls' Latin School—Helen A. Stuart, first assistant, head of department.

Dorchester High School for Girls—Edith A. Mayberry, first assistant, head of department.

Girls' High School—Ernest M. Hunt, junior master; Mary B. Wynne, assistant.

Jamaica Plain High School—Annie C. Bunker, assistant.

Mechanic Arts High School — John W. Raymond, master, head of department.

Trade School for Girls—Mildred E. Arnold, trade assistant.

Clarence R. Edwards Intermediate District—Katharine A. Sweeney, assistant, intermediate.

Dudley District—William L. Phinney, master.

Elio District—Annie L. Lynch, assistant, elementary.

Emerson District—Emma J. Irving, master's assistant.

Frank V. Thompson Intermediate District—Henry E. Loring, sub-master.

Gilbert Stuart District—Mary M. Dacey, master's assistant.

Jefferson District—Leslie D. Hooper, assistant, special class.

John Marshall District—Mary A. McNaught, master's assistant, special classes.

Prince District—Charles G. Wetherbee, master.

Thomas N. Hart District—Robert S. Atkins, master.

William Lloyd Garrison District—A. Josephine Bogan, assistant, elementary.

Department of Manual Arts — Mary J. Marlow, instructor, manual training, elementary; Fannie B. Prince, instructor, manual training, special class.

Placed on file.

The Superintendent offered the following:

ORDERED, That, in consideration of their many years of devoted and efficient service in the Boston Public Schools, the following-named principals who have recently retired are hereby granted the honorary title indicated, to take effect Sept. 1, 1936:

Dudley District—William L. Phinney, Master Emeritus.

Prince District—Charles G. Wetherbee, Master Emeritus.

Thomas N. Hart District—Robert S. Atkins, Master Emeritus.

Passed unanimously.

The Superintendent offered the following:

ORDERED, That the following-named teachers are hereby retired on pension in accordance with the provisions of Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, Chapter 569 of the Acts of 1912, and Chapter 304 of the Special Acts of 1915, the date of retirement and rate of pension to be as herein-after specified:

Edward Everett District — C. Margaret Browne, assistant, intermediate, Aug. 31, 1936, \$600

Longfellow District — Lila C. Fisher, assistant, elementary, Aug. 31, 1936, \$600

Warren District—Jessie G. Paine, assistant, elementary, Aug. 31, 1936, \$600

Wendell Phillips District—Adeline M. Murphy, assistant, elementary, Aug. 31, 1936, \$600

William Lloyd Garrison District —Ede F. Travis, assistant, elementary, Aug. 31, 1936, \$600.

Passed unanimously.

APPOINTMENTS AND TRANSFERS

The following appointments and transfers, certified by the Superin-

tendent as being in accordance with the rules and regulations to take effect on the dates stated, were presented:

TEMPORARY TEACHERS

Jamaica Plain High School—John W. McGuckian, co-operative instructor, Sept. 10, 1936.

South End Opportunity School—Henry W. Konet, senior shop instructor, Sept. 10, 1936.

Boston Clerical School—Margaret M. Healy, Marguerite T. Walsh, helpers, Sept. 10, 1936.

Trade School for Girls—Genevieve Dellagana, Adeline Kanz, Lola Mason, Theresa O'Connor, Helen E. Zak, Bertha L. Zepf, trade assistants, Sept. 10, 1936; Phyllis A. Butler, Erma A. Churchill, student aids, Sept. 10, 1936.

Approved.

TEMPORARY SCHOOL NURSES

Department of School Hygiene—Olga A. Larson, Rose C. Gunning, Sept. 9, 1936.

Approved.

SPECIAL ASSISTANTS

(Reappointments)

The Teachers College—Lillian Cobin, art department, Sept. 10, 1936; Michael Barca, Edward V. Breen, Charles E. Spooner, science department, Sept. 9, 1936; Joseph F. Dunlap, science department, Sept. 10, 1936; Leslie E. Morris, visual education, Sept. 10, 1936.

Brighton High School—Evelyn Bovagian, industrial department, Sept. 10, 1936.

Charlestown High School—Gustave W. Carlson, John R. Draheim, William G. Feeney, Edmund L. Ketvirtis, mechanical department, Sept. 10, 1936.

Dorchester High School for Boys—Henry Van Der Molen, art department, Sept. 10, 1936.

Dorchester High School for Girls—Gladys E. Kirkaldy, art department, Sept. 10, 1936; Dorothy E. Higgins, Frieda Levy, industrial department, Sept. 10, 1936.

East Boston High School—Mary Georgeau, Alice C. Holm, Martha Johnson, Elizabeth Paterson, industrial department, Sept. 10, 1936; Ovideo Galante, John Peterson, Anthony J. Pignato, mechanical department, Sept. 10, 1936.

Girls High School—Catherine Kelley, Rita Konaxis, industrial department, Sept. 10, 1936.

High School of Practical Arts—Sarah Bardulia, Grace A. Barnes, Freda Cotter, Alice Eastman, Ursula Hucksam, Juanita Ingram, Frances Knowles, Emily Markarian, Eleanor Nangeroni, Beatrice Newman, Florence Piesendel, Elena Reppucci, Lydia Reppucci, Fatima Salem, Mary Tenteras, Helen Wiedeman, Nafsica Zevitas, industrial department, Sept. 10, 1936.

Jamaica Plain High School—Margaret M. Monahan, industrial department, Sept. 10, 1936.

Mechanic Arts High School—Joseph B. Atwater, George Bing-You, James F. Breen, Raymond J. Houle, William J. Krasuzki, Carl A. Olson, Edward Ruputz, Ralph A. Williams, Stanley B. Zdonik, Fran-

cis E. Zebrowski, mechanical department, Sept. 10, 1936.

Boston Trade School—John A. Crotty, Albert T. Erhardt, William P. Kelly, mechanical department, Sept. 10, 1936.

Approved.

New Appointments

Dorchester High School for Girls—Ruth I. Brown, art department, Sept. 10, 1936; Mildred Harrison, industrial department, Sept. 10, 1936.

East Boston High School—Fred J. Teed, mechanical department, Sept. 21, 1936.

High School of Practical Arts—Elizabeth Spellman, industrial department, Sept. 10, 1936.

Mechanic Arts High School—Alfred Camorali, Harold Carlson, Walter Eremich, John Frizzell, Paul Gomez, Francis J. LeBlanc, Arthur Mari, Alfred Shuman, mechanical department, Sept. 10, 1936.

South Boston High School—Muriel Wolff, art department, Sept. 10, 1936.

Approved.

TOOLKEEPERS

(Appointments)

South Boston High School—Francis J. McDonough, Sept. 10, 1936.

Boston Trade School—Frank A. Robilotto, Sept. 17, 1936.

Approved.

(Reappointments)

Brighton High School—Walter Arlington, John J. W. Burrows, Sept. 10, 1936.

Charlestown High School—William F. Burke, Peter Conti, Sept. 10, 1936.

South Boston High School — Thomas A. Radcliffe, Sept. 10, 1936.

Boston Trade School—Elmer A. Maher, Edmund L. McWeeney, Edwin J. Phelps, Robert W. K. Svedeman, John Szymczak, Sept. 10, 1936.

Continuation School — Matthew Donovan, Sept. 10, 1936.

South End Opportunity Classes —William Donohue, William E. Russell, Sept. 10, 1936.

Approved.

PLAYGROUNDS

Season of 1936

(To take effect July 1, 1936)

First Assistant—Isabel A. Downey.

Assistants—Margaret M. Fitzgerald, Ruth L. Goldman, Catherine J. Harrington, Mary F. McCarthy, Edna G. Quinn.

Sand Garden Assistants—Janet L. Cook, Mary L. Devlin, Ethel R. Ellis, Catherine A. Flynn, Elizabeth Gordon, Madeline Green, Sylvia Green, Ethel Heffron, Harriet E. Knowles, Margaret A. MacNeill, Dorothy Mulloney, Edward McCrenksky, Margaret M. O'Callaghan, Marion A. Swartwood, Helen E. Tarbox, Rebecca L. Wolf.

Approved.

ATTENDANT

Disciplinary Day School—Delia A. McGowen, attendant, Sept. 10, 1936.

Approved.

TRANSFERS

A communication was received from the Superintendent, under date of Sept. 22, 1936, reporting that subject to the approval of the School Committee, he has made the following transfers of teachers:

Timothy H. Cronin, sub-master, Hugh O'Brien District, to the same position in the Robert Gould Shaw District, Sept. 1, 1936

Mary E. Freeman, assistant, kindergarten, Harvard District, to the same position in the Rice District, Sept. 28, 1936

Lucile A. Harrington, assistant Roxbury Memorial High School (Girls), to the same position in the Roslindale High School, Sept. 1, 1936

Lillian M. Haggerty, assistant, special classes, Ulysses S. Grant District, to the same position in the Dudley District, Sept. 23, 1936.

Muriel E. Lowell, first assistant, kindergarten, John Winthrop District, to the same position in the John Marshall District, Sept. 1 1936.

Dorothy M. Lyons, assistant, Jeremiah E. Burke High School for Girls, to the same position in the Roslindale High School, Sept. 1, 1936.

Approved.

A communication was received from the Superintendent, under date of Sept. 22, 1936, reporting that subject to the approval of the School Committee, he has made the following transfer of a school matron:

Abigail J. Riley, matron, Washington Intermediate School, to the same position in the William Blackstone Intermediate School, Sept. 1, 1936.

Approved.

LEAVE OF ABSENCE

On the recommendation of the Superintendent, leave of absence was granted as follows:

Roslindale High School—Barbara M. O'Brien, assistant, Sept. 1, 1936, to Aug. 31, 1937, without pay.

ASSIGNMENTS

A communication was received from the Superintendent, under date of Sept. 22, 1936, reporting that subject to the approval of the School Committee, he has assigned Frank C. Bernard, shop instructor, Department of Manual Arts, to the East Boston High School, without change of rank or salary, to take effect Sept. 1, 1936, and to continue for the school year ending Aug. 31, 1937, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of Sept. 22, 1936, reporting that subject to the approval of the School Committee, he has assigned the following-named teachers of sewing, elementary, Department of Household Science Arts, to the high schools indicated, without change of rank or salary, to take effect on the dates stated:

Theresa A. Holland, to the East Boston High School, Sept. 10 to 18, 1936, inclusive.

Mildred C. Pratt, to the High School of Practical Arts, Sept. 10 to 18, 1936, inclusive.

Edna L. Purcell, to the Roslindale High School, Sept. 1, 1936, to Aug. 31, 1937, inclusive.

Placed on file and the assignments approved, to take effect on the dates stated.

A communication was received from the Superintendent, under date of Sept. 22, 1936, reporting that subject to the approval of the School Committee, he has assigned Thomas P. Dooley, master head of department, Jamaica Plain High School, as acting co-ordinator in that school for the summer of 1936.

Placed on file and the assignment approved for the period specified.

DESIGNATIONS

A communication was received from the Superintendent, under date of Sept. 22, 1936, reporting that he has made the following designation of a teacher to serve in the position indicated until such time as it shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1937:

Thomas N. Hart District—Mary Powers, assistant, elementary, as acting master's assistant, Sept. 1, 1936.

Placed on file.

A communication was received from the Superintendent, under date of Sept. 22, 1936, reporting that subject to the approval of the School Committee, he has withdrawn the designation of Katherine F. Cody, assistant, Roxbury Memorial High School (Girls), to take charge of the Annex of that school in the Boston Clerical School, as reported at the meeting of July 6, 1936 (see p. 111).

Placed on file and the withdrawal approved.

A communication was received from the Superintendent, under date of Sept. 22, 1936, reporting that he has made the following designation, to take effect on the date stated.

Roxbury Memorial High School (Girls)—Winifred H. Nash, assistant, to take charge of the Roxbury Memorial High School (Girls) Annex in the Boston Clerical School, Sept. 1, 1936.

Placed on file.

Mr. Smith: Does Miss Nash receive the extra compensation?

Superintendent Campbell: Yes. The Committee made provision in the salary schedule.

Mr. Tobin: I have a distinct recollection of saying, when the matter was under discussion, that since individuals in charge have an additional responsibility they should be given additional compensation; but the credit for executive experience under the rating system was taken away.

Mr. Smith: And teachers now appointed to boys classes do not receive the extra compensation?

Mr. Tobin: Teachers appointed to boys' classes subsequent to Sept. 1, 1935, receive the regular elementary salary, with no additional compensation.

TERMINATION OF SERVICE IN TWO-SESSION KINDERGARTENS.

A communication was received from the Superintendent, under date of Sept. 22, 1936, reporting that subject to the approval of the School Committee, he has terminated the service of the following-named teachers in the afternoon sessions of the kindergartens indicated, to take effect on the dates stated:

Bigelow District—Ruth M. Galvin, assistant, kindergarten, Aug. 31, 1936.

John Winthrop District—Muriel E. Lowell, first assistant, kindergarten, Aug. 31, 1936.

Samuel Adams District—Mary F. Lowney, assistant, kindergarten, Sept. 14, 1936.

Placed on file and the termination of service approved, to take effect on the dates stated.

ESTABLISHMENT OF BRANCH OF EVENING SCHOOL

On motion of the Superintendent, it was

ORDERED, That a branch of the William Blackstone Evening School is hereby established in the Wells School building for the term 1936-1937.

EMERGENCY EMPLOYMENT OF LUNCHEON ATTENDANTS

On motion of the Superintendent, it was

ORDERED, That for the current school year, the Superintendent is hereby authorized, in his discretion, to appoint luncheon attendants in the schools as needed.

EMERGENCY EMPLOYMENT OF SCHOOL MATRONS

On motion of the Superintendent, it was

ORDERED, That during the current school year, the Superintendent is hereby authorized to employ such temporary and emergency school matrons in the schools as he may deem advisable.

ATTENDANTS, HORACE MANN SCHOOL

The Superintendent offered the following five orders:

ORDERED, That the re-employment of Mary E. Anthony as attendant at the Horace Mann School for the purpose of receiving visitors and accompanying pupils to and from school is hereby authorized, subject to the approval of the Division of Civil Service, compensation for said service to be at the rate of three dollars and fifty cents (\$3.50) for each day of actual service, to take effect Sept. 9, 1936, and to continue for the school year ending Aug. 31, 1937.

ORDERED, That the re-employment of Mary E. Butler for the purpose of accompanying pupils to and

from school and for service as lunch attendant in the Horace Mann School is hereby authorized, subject to the approval of the Division of Civil Service, compensation for such service to be at the rate of three dollars and fifty cents (\$3.50) for each day of actual service, to take effect Sept. 9, 1936, and to continue for the school year ending Aug. 31, 1937.

ORDERED, That Mary M. Fenton, matron in the Horace Mann School, be allowed two dollars (\$2) in addition to her regular compensation, for each day of actual service rendered by her in accompanying pupils to and from school, to take effect Sept. 9, 1936, and to continue for the school year ending Aug. 31, 1937, subject to the approval of the Division of Civil Service.

ORDERED, That the re-employment of Ellen T. Fitzgerald, Ellen E. Griffin, and Anna T. McClafferty, attendants at the Horace Mann School, for the purpose of accompanying pupils to and from school, is hereby authorized, subject to the approval of the Division of Civil Service, compensation for such service to be at the rate of two dollars (\$2) for each day of actual service, to take effect Sept. 9, 1936, and to continue for the school year ending Aug. 31, 1937.

ORDERED, That the Superintendent is hereby authorized to employ such emergency substitute attendants in the Horace Mann School as may from time to time be needed, compensation for such service to be at the rate regularly established for the position.

EMPLOYMENT OF TEACHER ON PART-TIME

On motion of the Superintendent, it was

ORDERED, That during the school year ending Aug. 31, 1937, Delia E. Donahue, assistant, manual training intermediate, Department of Manual Arts, be placed on four-fifths time and that she be paid four-fifths of her regular salary, to take effect Sept. 16, 1936.

COMPENSATION OF TEMPORARY INSTRUCTORS OF PHYSICAL EDUCATION

On motion of the Superintendent, it was

ORDERED, That the compensation of the temporary instructors of physical education, Department of Physical Education, is hereby established at the rate of seven dollars (\$7) per day of actual service.

PAYMENT TO DR. WARREN S. SHIELDS

On motion of the Superintendent, it was

ORDERED, That Warren S. Shields M. D., school physician, Department of School Hygiene, be allowed and paid in addition to the regular salary of his rank, compensation at the rate of five dollars (\$5) per day for thirty-one days, May 7 to June 17, 1936, for service rendered at the Health De-

partment Laboratory, in connection with the threatened outbreak of meningitis in the schools.

CHANGE IN RANK

On motion of the Superintendent, it was

ORDERED, That the rank of Margaret V. Lane, telephone operator, Continuation School, is hereby changed to that of telephone operator—clerical assistant, the salary to be that established for telephone operator, namely, minimum \$960, annual increment \$96, maximum \$1440.

Dr. Mackey: In the case of Miss Lane, do we have the opportunity of a salary increase before this year is out, or do we have to do it in January?

Secretary: The Committee informed the Civil Service Commission that no change of salary is involved.

Dr. Mackey: In January we have a right to reconsider her salary?

Chairman Sullivan: Yes.

CONTINUANCE OF CLASSES UNDER GRANT OF FEDERAL FUNDS

On motion of the Superintendent, it was

ORDERED, That for the current school year, the Superintendent is hereby authorized to arrange for the continuance of the Pre-School Centers and the Afternoon Opportunity School for Adults, under the grant of Federal funds for the purpose.

CONDUCT OF CLASSES IN SEWING IN WPA SEWING UNITS.

On motion of the Superintendent, it was

ORDERED, That during the school year ending Aug. 31, 1937, the Superintendent is hereby authorized, in his discretion and in co-operation with the State Department of Education, to conduct classes in sewing in W. P. A. sewing units as a department in the Trade School for Girls on week days, other than Saturdays, between the hours of 8.30 a. m. and 4 p. m., the cost of the teachers' salaries to be covered by federal funds administered by the Commissioner of Education by special distribution to the City of Boston.

On motion of the Superintendent, it was

ORDERED, That the employment of not more than two teachers in the sewing classes in the W. P. A. sewing units as a department in the Trade School for Girls is hereby authorized; compensation to be at the rate of five dollars (\$5) per day.

A communication was received from the Superintendent, under date of Sept. 22, 1936, reporting that subject to the approval of the School Committee and in accordance with orders passed at the meeting of even date, he has appointed the

following-named persons to the classes in W. P. A. sewing units as a department in the Trade School for Girls, to take effect Sept. 10, 1936:

Lena M. Vernaglia, Rose E. Riley, temporary teachers, Sept. 10, 1936.

Placed on file and the appointments approved, to take effect on the date stated.

COMPENSATION AND APPOINTMENT OF LUNCHROOM EMPLOYEES

On motion of the Superintendent, it was

ORDERED, That the compensation of the employees in the lunchrooms in the Jeremiah E. Burke High School for Girls and in the Roslindale High School is hereby established as follows:

Lunchroom manager, \$6 per day of service.

Lunchroom attendant, \$3 per day of service.

A communication was received from the Superintendent, under date of Sept. 22, 1936, reporting that subject to the approval of the Department of Civil Service and Registration, he has made the following temporary provisional appointments for service in the Jeremiah E. Burke High School lunchroom, to take effect Sept. 9, 1936:

Dorothea L. Shanney, lunchroom manager.

Mayne Lord, Elizabeth Kelly, Mary Long, Mary A. Biggi, Ruth Richerts, lunchroom attendants.

Placed on file and the appointments approved.

A communication was received from the Superintendent, under date of Sept. 22, 1936, reporting that subject to the approval of the Department of Civil Service and Registration, he has made the following temporary provisional appointments for service in the Roslindale High School lunchroom, to take effect Sept. 17, 1936:

Emilie Dillon, lunchroom manager

Margaret Crowley, Margaret E. Wilson, Anna Hurley, lunchroom attendants

Placed on file and the temporary provisional appointments approved.

RESIGNATION

A communication was received from the Secretary, under date of Sept. 22, 1936, reporting the resignation of Helen M. Barry, assistant in the offices of the Superintendent-Secretary, to take effect Sept. 23, 1936.

Placed on file and the resignation accepted, to take effect on the date stated.

TUITION OF NON-RESIDENT PUPILS

A communication was received from the Business Manager, under date of Sept. 9, 1936, recommending the passage of an accompanying order fixing the tuition rates for non-resident pupils in the Boston public schools for the school year 1936-37,

exclusive of the rates for State-aided schools and classes which are fixed independently under existing law, and stating that the rates recommended include charges for repairs and alterations, expenditures for which have been made by the Department of School Buildings.

Placed on file.

On motion, it was

ORDERED. That the rates of tuition for non-resident pupils in the public schools, exclusive of state-aided schools and classes, are hereby established as follows for the school year 1936-37:

Teachers College, per year.....	\$384.00
Latin and High Schools, per year..	169.00
Intermediate Schools, per year.....	134.00
Elementary Schools, per year.....	110.00
Kinergartens, per year.....	95.00
Speech Improvement Classes, per hour of instruction.....	.09
Boston Clerical School, per year....	141.00
Boston Disciplinary Day School, per year	246.00
Day School for Immigrants, per hour of instruction	.33
Training School for Teachers of Mechanic Arts, per hour of instruction	.33
Summer Review High Schools, per term	15.00
Summer Review Intermediate and Elementary Schools, per term....	24.00
Evening High Schools, per term....	24.00
Evening Elementary Schools, per term	24.00
Evening School Extension, per term	8.00
Lip Reading Classes, per hour of instruction	.24
Lip Reading Classes in Evening Elementary Schools, per session..	.53
Conservation of Eyesight Classes, per hour of instruction.....	.15
Education of Physically Handicapped Children, per hour of instruction	1.54

Dr. Mackey: I would like, if Mr. Sullivan would be kind enough, to have him bring in the names of those possible non-residents before they are placed absolutely one way or the other.

Chairman Sullivan: All students who enter are registered as resident or non-resident.

Dr. Mackey: I am talking about where there is a question of deciding whether they are non-resident or not.

Business Manager: Any controversial case is brought in.

Dr. Mackey: I was just mentioning that as a matter of my own interest, that is all.

APPROPRIATIONS AND EXPENDITURES TO SEPT. 1, 1936

Communications were received from the Business Manager, submitting statements showing the appropriations, the expenditures, and the balances for maintenance of the public schools for the first seven and eight drafts of the current financial year, the expenditures for the first seven and eight drafts of the financial year, 1935, and the increases and decreases in the several items.

Placed on file.

DEATH OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Sept. 22, 1936, reporting the death, on Sept. 20, 1936, of

Jeremiah L. Lynch, custodian, Bunker Hill School-house.

Placed on file.

RETIREMENT OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Sept. 22, 1936, reporting the retirement of the following-named member of the Boston Retirement System, to take effect on the date stated:

William M. Kendrick, custodian, English High School-house, Aug. 31, 1936.

Placed on file.

LEAVE OF ABSENCE TO CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Sept. 22, 1936, recommending that George F. Dever, custodian, Franklin School-house, be granted leave of absence on one-half net compensation for the period Sept. 15, 1936 (one-half day), and Sept. 16 to Oct. 15, 1936, inclusive, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

TRANSFER OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Sept. 22, 1936, recommending that David Sennott, custodian, Washington School-house, who stands at the head of the list, be appointed to the custodianship of the English High School-house, to take effect Sept. 1, 1936.

Placed on file and the transfer approved, to take effect on the date stated.

TENTATIVE COMPENSATION OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Sept. 22, 1936, recommending that the salary of the custodian of the new intermediate school on Cummins Highway, Roslindale, be established at the rate of one hundred twenty dollars (\$120) per week, to take effect Sept. 2, 1936, and to continue until such time as the areas of the building are certified by the Department of School Buildings.

Placed on file.

On motion, it was

ORDERED. That the tentative gross compensation of the custodian of the new intermediate school on Cummins Highway, Roslindale, is hereby established at the rate of one hundred twenty dollars (\$120) per week, to take effect Sept. 2, 1936, and to continue until such time as the areas are certified.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,

Secretary

POLICE DEPARTMENT ORDERS.

The Superintendent of Police will promulgate this order.

EUGENE M. McSWEENEY,
Police Commissioner.

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 28.

SATURDAY, OCTOBER 24, 1936.

No. 43

MORE THAN 200,000 CITIZENS JOIN WITH CITY AND STATE ON BOSTON COMMON TO WELCOME TO CITY THE PRESIDENT OF THE UNITED STATES—ACTING MAYOR JOHN I. FITZGERALD, IN ABSENCE OF MAYOR MANSFIELD, OFFICIALLY WELCOMED PRESIDENTIAL PARTY, PRESENTING NATION'S CHIEF EXECUTIVE WITH KEY TO CITY AND BEAUTIFULLY BOUND VOLUME OF CITY'S HISTORY—ALSO READS MESSAGE FROM MAYOR REGRETTING INABILITY TO BE PRESENT AND PREDICTING RE-ELECTION BY OVERWHELMING POPULAR VOTE.

The following message of regret and expression of welcome from Mayor Mansfield was read at his request by Acting Mayor John I. Fitzgerald when President Roosevelt was welcomed to Boston before the vast multitude assembled on Boston Common, on Wednesday afternoon:

Please convey to President Roosevelt my deep regret that I cannot personally greet him and present him to a Boston audience. I am confident that he will be re-elected by a substantial plurality and that the efforts he has made for the American people will not be forgotten. The Mayor of every large city knows that it would have been difficult if not impossible to carry on without Federal aid made available by the President with approval of both Houses of Congress. Any change in the program now would be dangerous in the extreme. We cannot risk swapping horses now. President Roosevelt's re-election is the most important task now confronting the American people. They know it and they are going to re-elect him. Boston will give him a handsome majority that will go far to carry Massachusetts for him. Please extend to the President my sincere regards and best wishes for victory.

FREDERICK W. MANSFIELD, *Mayor of Boston.*

Under the leadership of Mayor Mansfield, who was forced to be absent by reason of illness, and Hon. John I. Fitzgerald, Acting Mayor, Boston's citizens assembled on Boston Common on Wednesday afternoon to the extent of nearly 200,000 to welcome to this city President and Mrs. Roosevelt. Boston Common has known no such vast assemblage of citizens ever before in its existence and Mayor Mansfield, though absent, telegraphed a message of felicitation and welcome and regret that he could not be present in person. This was read by Acting Mayor John I. Fitzgerald just previous to the delivery of his own address of welcome, during which he presented to the President a key to the city, and an especially bound copy of the History of Boston. Also during the ceremonies a bouquet of roses was presented to Mrs. Roosevelt by the small daughter of the Acting Mayor, Miss Jane Fitzgerald.

After the reading of the message of Mayor Mansfield, Acting Mayor Fitzgerald spoke as follows:

Mr. Chairman, Mr. President, Mrs. Roosevelt, and My Fellow Citizens of Boston and Massachusetts.

As Acting Mayor of Boston I have had conferred upon me today an honor which comes to few men (and one that I deeply appreciate), that of being invited to present to this tremendous throng of my fellow Americans the First Citizen of our country—Franklin Delano Roosevelt, the President of the United States.

Boston welcomes you, Mr. President and Mrs. Roosevelt, and we extend to you the open hospitality of our hearts and we know that your stay with us will be a most pleasant one. You are with your friends.

I wish it were possible for the honored Mayor of our City, Frederick W. Mansfield, to be with us to share the pleasure that is mine today.

Mr. President, I have here two small remembrances of your stay here in Boston. First, the Key to our City. No one is more entitled to this key than you, for you have unlocked the heavy burden that has been weighing down our citizens, and have opened up their hearts and minds to enjoy here in America a greater measure of happiness and contentment than exists anywhere else in the world. This book—"A History of Boston"—we want you to read and herein you will learn why we Bostonians feel that we have a city whose history and accomplishments cannot be equalled anywhere else in this broad land of ours.

This tremendous multitude assembled here on historic Boston Common is the best evidence of the place you hold in the hearts of the citizens of Boston and the confidence they have in your leadership.

My fellow citizens of Boston, I give to you the President of the United States.

(In her presentation speech to Mrs. Roosevelt, Miss Fitzgerald said:

Mrs. Roosevelt, I am pleased to present these beautiful flowers to you as a greeting from all the men, women and children of Boston for the splendid work you have accomplished for our less fortunate brethren. Your charitable endeavors are well known to all the citizens of our country.)

The text of President Roosevelt's speech on Boston Common follows:

I return to the New England from which came most of my ancestors. I came from visiting many other states. Hardly one among them has not received men and treasure, brawn and brains, from New England's inexhaustible reserves.

The average American as I have met him on these voyages is no longer indifferent to the problems of government. And it is my opinion that there is more downright intelligence than ever before in our entire history.

In a world which in many places has gone undemocratic, we have gone more democratic. It is a bad sign for those who believe that the American people can be swept off their feet by rabble rousers this year. The American mind today is above the rabble level.

(Continued on page 1238.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, October 26, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Oct. 17, 1936.

Population as of July, 1936, Massachusetts State Census, 817,713; population estimated, July, 1936, United States Census Bureau, 801,880; number of deaths (stillbirths excluded): Residents, 169; nonresidents, 52; total, 221.

Death rate per 1,000 of population: All deaths, 14.33; nonresidents deducted, 10.96.

Death rate per 1,000 of population:

Last week, 13.88; corresponding week last year, 11.65.

Deaths by age periods, sex, etc.: Under one year, 13; one year to four years, inclusive, 6; sixty years and over, 108. Total deaths: Male, 122; female, 99; deaths in hospitals and institutions, 134; deaths of colored, 8.

CITY AUDITOR CHARLES J. FOX VIGOROUSLY OPPOSES CONSTITUTIONAL \$25 TAX LIMIT FOR CITIES AND TOWNS IN DEBATE WITH RODNEY W. LONG, BEFORE ASSEMBLY OF MEMBERS OF FEDERATION OF WOMEN'S CLUBS, AT Y. W. C. A.—PREDICTS THAT PROPOSAL WOULD PLUNGE MUNICIPALITIES AND STATE IN FINANCIAL CHAOS AND BRING DANGERS INTO THE GOVERNMENT—PROponents OF MEASURE CHARGED WITH OFFERING NO VALID SUBSTITUTE FOR CHANGE THAT WOULD TAKE UP BURDENS WERE LIMIT FIXED AT SUM PROPOSED—ADMITS THAT REAL ESTATE BEARS UNUSUAL BURDEN—WARNS OF CONSEQUENCES.

In a discussion of the tax limit, with Commissioner Long, before the assembly of the Federation of Women's Clubs, in a debate with Rodney W. Long, on Friday, October 16, and the Municipal Clerks' Association later, City Auditor Charles J. Fox spoke as follows:

At the outset of my remarks, I desire to state frankly that I agree with Mr. Long that real estate has been bearing a heavy tax burden in the last six or seven years. I do not question the pressing necessity for relief to property taxpayers. I do not deny that tax delinquencies have increased at an alarming rate in recent years. I admit that a reduction from present levels of public expenditure is desirable. In short, I believe that real estate justly demands and should receive relief from its present tax burden. To this point, Mr. Long and I see eye to eye.

However, when Mr. Long proposes as a remedy or cure-all a form of action which smacks of the Townsend Plan and other movements calculated to appeal to class prejudices, which admittedly is not concerned with economy in government but merely with the shifting of a portion of the tax burden from the purses of property owners to the pocketbooks of a more or less vague and indefinite group, and which, from the recorded experiences of states in which it has been tried, will lead to a very serious financial condition in most of our local governments and make necessary substantial, or even dangerous, curtailments of essential governmental services, I find it necessary to question in the strongest terms the method he proposes.

Before considering categorically what I deem to be the disadvantages of a constitutional \$25 tax limit for cities and towns of Massachusetts, let us see exactly what this proposal contemplates. In 1936, the total assessed valuation of real estate in the 355 municipalities of this commonwealth was \$5,760,356,195. A uniform tax rate of \$25 applied to this valuation would produce \$144,008,905. In 1936 the varying tax rates of the 355 municipalities resulted in a total levy on real estate throughout the Commonwealth of \$203,529,031, an amount which is \$59,520,126 in excess of what would be available for governmental expenses under a constitutional \$25 over-all tax limit. In other words, using the 1936 real estate valuations and levies as a yardstick, it is evident that the proponents of the tax limitation movement under discussion plan to remove from the owners of real estate throughout the Commonwealth \$59,500,000 of direct governmental costs.

WHAT WOULD HAPPEN.

Let us now consider a most vital and important question—What is going to happen when this vast sum, representing roughly 20 per cent of the total cost of municipal government in Massachusetts, is eliminated from our municipal revenue structure? Unfortunately, the proponents of tax limitation are very vague and indefinite when this question is propounded. Their policy or strategy seems to be to picture at length the ills with which real estate is afflicted, to stress the burden which tax limitation will remove and to ignore or dismiss lightly the serious consequences which experience shows follow in the wake of tax limitation.

Mr. Long evinces no worry as to how the operating deficit, be it large or small, shall be made up because in his opinion it will be the duty of the Legislature to provide additional types of taxes in order to replace the revenue lost from property tax sources. In speaking before the Central Council of City and County Employees at City Hall last week he dismissed this important question in the following language: "Where you are going to get the balance of the money is not vital because that may be obtained by the Legislature as they properly see fit. We do not intend to state what tax should be made. That is what the General Court is for, to find the money to run the Commonwealth. They will have no difficulty in replacing whatever shortage this (tax limitation) might cause with another tax."

This policy of passing over lightly the ultimate consequences of tax limitation has been a part of the strategy of the sponsors of this movement in every state where it has been proposed. Let me read to you a letter written by Adam Schantz, 3d, Dayton, Ohio, chairman of the National Committee on State and Local Taxation of the National Association of Real Estate Boards:

"I attribute much of our success in Ohio in attaining the one per cent limitation amendment to an unusual and wide spread public support by 'butchers bakers and candlestick makers.' We religiously avoided even keeping the words 'Sales tax,' 'Income tax,' and 'Other Taxes.' We kept our hands strictly off any suggestion for new taxes. Had we begun to suggest a State Sales Tax or an Income Tax or some other form of tax we would immediately have incurred the enmity of groups and individuals specifically touched by such new taxes advocated. As it was, we aroused no antagonism by suggesting where the tax should be placed.

"Attempt after attempt was made by a certain group opposed to our limitation amendment to get us to come out specifically and state where replacement taxes should fall. They knew that would be our 'Achilles' Heel' and they were out to strike us in a weak and vulnerable spot.

"Whenever the protectors of other forms of wealth carry on their lobbying activities and organizations, they are not particularly interested where taxes fall so long as taxes do not fall on the particular thing they are trying to protect.

Why then should the real estate interests seek to execute themselves and lose chances for their own protection by being pulled into this trap?"

It is clear from this statement, I believe, that the objectives of the proponents of tax limitation are not tax reduction or tax reform but a shifting of the tax burden from real estate to other forms of wealth. In striving to achieve this end they exhibit a spirit of indifference as to who shall shoulder the burden which they refuse longer to bear or as to the crippling effects on local government.

RECORDS IN OTHER STATES.

Since we are unable to secure from the proponents of tax limitation a satisfactory answer to our question as to what is going to happen when through tax limitation roughly \$59,500,000 in real estate taxes is going to be eliminated from our municipal revenue structure, let us examine the recorded experience of other states where tax limitation laws similar in form to that proposed for Massachusetts have been adopted.

You have in your possession a list containing a few examples of what has happened in municipalities in other parts of the country after the adoption of tax limitation. The time at my disposal will not permit me to discuss the entire list but I would like to read the experience of some West Virginia municipalities:

"The first effect of this financial fiasco was outright breakdown of local government and wholesale discontinuance of municipal services. Many cities in the state closed the city halls, discharged

employees and abandoned many governmental services. Morgantown, the home of the State University, vacated all offices and positions and discontinued street lighting and fire protection. Wheeling discharged all employees and abandoned all attempts to render governmental services. In some cities prisoners were released from city jails because no funds were available for food, fuel and light.

"Bluefield attempted to meet a deficit by levying a \$5 Capitation (head) tax and the citizens obtained an injunction. The council then ordered street lights extinguished, fire hydrants shut off and half of the policemen discharged. The companies underwriting the city's fire insurance rushed engineers into the city to rerate it under the reduced fire-fighting facilities. The city learned that its \$25,000 'savings' in taxes effected through reducing the fire-fighting forces was to cost \$100,000 a year in increased fire insurance premiums." (Hume K. Nowlan, City Manager, Hinton, West Virginia.)

In the face of this record Mr. Long stated at City Hall last week: "After tax limitations went into effect in eight states . . . no governmental function was impaired. Nobody was hurt and everybody gained."

Ten days ago in the city of Northampton I heard Henry Long, Commissioner of Corporations and Taxation in Massachusetts, make the statement that in the event of the adoption of the constitutional tax limitation in this state he would expect the City of Boston to run into financial difficulties within two weeks after its adoption and the cities of Springfield and Worcester within one week. In making this statement Mr. Long was evidently influenced by the fact that because in Massachusetts the payment of real estate taxes may be deferred until November 1 it is necessary during the major portion of the year for municipalities to borrow large sums in anticipation of taxes. Up to the present time Massachusetts cities and towns have experienced no difficulty in securing such loans because investors have been confident that the loans would be repaid when due.

When the City of Boston negotiates a loan through an investment house or syndicate the latter secures from an impartial and prominent firm of lawyers an opinion which includes the statement "that all taxable property in the city is subject to the levy of *unlimited* ad valorem taxes to pay the same." The confidence and security which such an opinion engenders makes the bonds and notes of the city a safe risk and influences investors to loan money at low rates of interest. The issuance of such an opinion would not be possible in the event of the adoption of the tax limitation amendment because property in the city would then be subject to limited rather than unlimited taxes. In the absence of this opinion the confidence of investors in the bonds and notes would weaken and difficulty in floating loans might well be anticipated. One certain thing is that higher interest rates would be paid by the city since its securities would not represent the preferred risk they do today. In short, the adoption of a constitutional tax limitation would augment the financial problems of Massachusetts municipalities rather than relieve them.

WHAT BANKERS SAY.

In this connection let me read you what the Investment Bankers Association of America has to say on this point:

"Limitations on the amount of debts to be incurred are highly desirable, but when bonds have been issued there should be no limitation on the power to levy taxes to pay the same. Those states that are considering limitations should realize that unless the levies for debts to be incurred in the future are not exempted, the municipalities will be obliged to pay a higher interest cost on future obligations, and in many cases will be unable to borrow at all." The over-all tax limitation now being advocated in this state does not exempt municipal debt requirements from the \$25 limit.

Experience with tax limitation in other states has made it clear that replacement taxes and charges are a necessary part of any property tax-reduction program. The principal forms of replacement levies have been the sales tax, service charges on such activities as sewage disposal, street lighting and garbage removal, increased water rates, occupational taxes and betterment assessments. All of these additional levies have ultimately come back on the home owner with the result that the savings he may have realized through reductions in his real estate tax bill have been dissipated by replacement levies. In short, limits have resulted in changing the form but not in alleviating the gross tax burden.

There is not sufficient time at my disposal this morning to enter into a discussion of the merits or demerits of the sales tax, but since in all the states in which tax limitations have been adopted this tax has furnished the major amount of replacement revenues, I feel it necessary to make brief mention of the sales tax. It is universally agreed, I believe, that this tax falls heaviest on the man with a moderate or small income, since proportionally he spends more of his income for necessities and living expenses than does the man with a large income. In the City of Boston, out of a total of roughly 110,000 taxable pieces of property, 70,000 represent one, two and three family dwellings. Since the owners of such types of property are usually persons of moderate income they are faced with the certainty of paying out in the form of sales taxes a goodly portion of the savings which tax limitation may bring about.

It might be pertinent at this point to inquire who will benefit from a constitutional tax limitation. Rent payers will certainly not benefit since they will be subject to sales taxes and experience shows rent reductions have not accompanied tax limitations. The benefit to home owners is highly problematical since reductions in real estate taxes will be offset by replacement levies and curtailed services. These two groups, rent payers and home owners, constituting the great mass of the actual residents of the city, would undoubtedly lose more than they gained through the operation of the limitation. The chief gainers would be corporations, nonresident tax payers, real estate speculators and the owners of large downtown properties who would not be affected proportionally as home owners and rent payers by sales taxes and curtailed services.

One final question: Why place this proposal in the Constitution? Mr. Long is very frank in answering this question because he states "We prefer the constitutional limitation to the statutory limitation because the latter can be changed. Constitutional limitations are permanent."

Such a statement ignores entirely the primary reason and purpose of a constitu-

tion. These measures have been enacted in order to set up the framework of government and to give the various branches of government broad and general powers under which they might function. The framers of these organic measures never intended that the provisions contained therein should serve as straight-jackets on any function of government. They purposely couched the provisions of their documents in broad and general terms in order that the great variations in conditions and elements which are bound to exist in a political body might be properly administered.

ON TAXABLE WEALTH.

Constitutional tax limitation ignores entirely the wide differences among municipalities with respect to taxable wealth, governmental needs, population, and so on. Like the fable of old in which the man was made to fit the bed instead of the bed being made to fit the man, constitutional tax limitation endeavors to apply a uniform remedy to municipalities which are not uniform. Requesting the Legislature to pass a tax limit law applicable uniformly to all types and sizes of municipalities is just as ridiculous as requesting the same body to pass a speed limit law which applied alike to horses, push carts, automobiles and bicycles.

In 1936, the 355 municipalities of this Commonwealth declared 146 different tax rates, ranging from \$13 in the town of Greenwich to \$56 in the town of Savoy. Forty-six, or 13 per cent of the total number of municipalities had tax rates of \$25 or under. The balance, or 87 per cent of the total, was spread as follows:

\$25.01 to \$30.....	66
30.01 to 33.....	63
33.01 to 36.....	61
36.01 to 40.....	60
above \$40.....	59

Can anyone reasonably claim that a hard and fast state-wide tax limitation can be clamped on this widely divergent list of municipalities without causing loud repercussions, serious shocks and major casualties in the municipal family of this Commonwealth?

In conclusion, let me say I am opposed to the constitutional \$25 tax limit proposal, because in its present form it is an isolated movement, it has a narrow objective, and is admittedly make-shift in character. What this state, and every state in the Union requires is a *reduction* rather than a *shifting* in the tax burden. Permanent and lasting relief cannot be gained merely by patching up the old tax structure—what is needed is an entire revision of the existing governmental expenditure and tax systems worked out only after careful research and qualified advice.

The best exposition of this theory I have seen was, strange as it may seem, written by a proponent of tax limitation. Mr. Herbert U. Nelson, secretary of the National Association of Real Estate Boards, in an article entitled, "The Case for Tax Limitation," makes this observation: "It must be admitted that there have been bumps, jolts, dislocations, hardships, difficulties, weaknesses, and mistakes in limitation laws so far put into effect. It is quite probable our tax structure being the complex muddle that it is, that no state can adopt a limitation law without some dislocations unless it makes at the same stroke the other major adjustments which in logic go with it and which the people, in voting a limitation, intend should be made; in other words, unless the limit is adopted as

part of a general revision of the state's tax structure." This statement, in my opinion, clearly and concisely indicated the circumstances under which tax limitation could be supported and favored by every group in the community, and with its reading I rest my case.

A FEW EXAMPLES OF THE EXPERIENCE OF MUNICIPALITIES WITH TAX LIMITATION.

West Virginia.

The first effect of this financial fiasco was outright breakdown of local government and wholesale discontinuance of municipal services. Many cities in the state closed the city halls, discharged employees and abandoned many governmental services. Morgantown, the home of the State University, vacated all offices and positions and discontinued street lighting and fire protection. Wheeling discharged all employees and abandoned all attempts to render governmental services. In some cities prisoners were released from city jails because no funds were available for food, fuel and light.

Bluefield attempted to meet a deficit by levying a \$5 Capitation (head) tax and the citizens obtained an injunction. The council then ordered street lights extinguished, fire hydrants shut off and half of the policemen discharged. The companies underwriting the city's fire insurance rushed engineers into the city to rerate it under the reduced fire-fighting facilities. The city learned that its \$25,000 "savings" in taxes effected through reducing the fire-fighting forces was to cost \$100,000 a year in increased fire insurance premiums. (Hume K. Nolan, City Manager, Hinton, West Virginia.)

Columbus, Ohio.

Only 151 of the regular force of 338 firemen have been retained to protect this city of 298,000 from fires. Eleven of the nineteen fire stations have been boarded up.

The police force has been cut from 318 to 156 men. Half the squad of police cruiser cars are parked in the municipal garage. No men are available to operate them.

Other city services—garbage collection, street cleaning, park upkeep, street repair—have been curtailed severely. (New York Times, March 15, 1936.)

Grand Rapids, Michigan.

The fifteen-mill tax limitation is effective in the city of Grand Rapids, April 1, 1935, the beginning of our next fiscal year. Curtailments will have to be made in all services. We have already pensioned fourteen firemen and twenty policemen. We are contemplating closing twenty-seven branch libraries. The street lighting budget has been reduced 40 per cent below the necessary amount of operating all the street lights at the present schedule. Health, nursing, and park services will have to be reduced. The garbage collection department has turned in two optional tentative budgets, one on the basis of collections once a week and the other on the basis of collections once every two weeks. Normally, collections are made in residential districts once every four days; from restaurants, downtown district, daily, and from restaurants, outside districts, once every two or three days. (Hon. William Timmers, Mayor.)

Cleveland, Ohio.

In Cleveland one effect of the Ohio tax limitation amendment was to pro-

duce a bond default of \$1,287,345 in February, 1934. This was followed by payless pay days and doles for city employees during the months of March and April. The Federal Public Works Authority withdrew all P. W. A. funds allotted to Cleveland, and during the month of March the city itself was forced to abandon its portion of the water main extension program, leaving piles of dirt and pipe along the streets. In its financial plight the city of Cleveland "fired more than 700 employees, closed city bath houses save for two days a week, turned off every other street light, cut the cleaning of city property to every other day, instituted garbage collections weekly instead of twice a week, asked householders to place their rubbish at the street curb if they wanted it collected at all, wiped out all appropriations for city beaches and playgrounds this summer, gave the municipal boys' and girls' correction farms three months to operate, shut the dog pound and closed off four bridges over the Cuyahoga river to save bridge tenders' fees. (Illinois Tax Commission.)

Seattle, Washington.

The police department in 1934 had 664 employees on full time for twelve months, and in 1935 had 571, each employed on a ten and a half months basis.

The fire department in 1934 had 658 men on full time for twelve months, and in 1935 had 613 men employed on a ten and a half months basis.

In addition to these two specific instances, curtailments have been made in the number of men in almost every one of the larger departments. This curtailment of service was very drastic.

The public comfort stations maintained in the central library have been closed, and the various other comfort stations throughout the city have been open only about two-thirds as long as in prior years.

To meet the gap in operating revenues Seattle has adopted an ordinance imposing a tax of 4 per cent on the gross income from persons engaged in telegraph or telephone business, a 3 per cent tax on gas and electric light, a 4 per cent on steam heating, a 2 per cent tax on fire alarm and burglary systems, a varying fixed fee per year on motor vehicles for transportation of passengers and for hire and a 6 per cent tax on our municipal water department. (Hon. Charles L. Smith, Mayor.)

Dayton, Ohio.

Our street lighting has been reduced approximately 35 per cent; police and fire departments are each operating with thirty less men than normal; garbage and ash collections are being delayed; and the personnel of the entire organization has been cut far below the number required to give the services which are being demanded. The City Commission believes that essential services have already been curtailed to the breaking point, and salaries and wages of employees have been reduced to the point where they are able only to exist in the face of increased cost of living. (Earl E. Hagerman, Finance Director.)

West Virginia.

Since 1932 West Virginia cities have either been building up operating deficits and tearing down public confidence in municipal government, or have been operating within strangulating budgets—at-

tended by much citizen dissatisfaction and the destruction of public service morale. (West Virginia League of Municipalities, February 18, 1936.)

Cleveland, Ohio.

When the Smith law went into effect in 1911 the school debt of the Cleveland School District was \$4,000,000. There was a reason for that low indebtedness. School building construction was then recognized as a recurring expense; and was financed, in the main, out of current revenues. When the schools were placed in a strait-jacket (by the Smith one per cent law) the Board was compelled to issue bonds, and the debt soared to over \$30,000,000, and the annual debt requirements jumped from \$250,000 to over \$3,000,000. (G. A. Gesell, Treasurer, Cleveland Board of Education.)

IN GENERAL.

All of the eight states which have blanket tax limits have adopted a sales tax (six of them since the limitation measure went into effect). The tax burden has thus been shifted from the home owners to the consumers, largely persons of small income.

Indiana, according to the director of the Governmental Research Bureau of the Indianapolis Chamber of Commerce, has not experienced real tax limitation, because the "emergency" clause written into the 1933 law has been liberally interpreted. Here the county tax adjustment boards, set up under the tax limitation law, may "allow" any rate beyond the tax limit that is needed when a municipal corporation is in a pinch.

In Michigan, says Harold D. Smith, director of the Michigan Municipal League, the tax limit law "has tangled property tax procedure and made equalization impossible; it has reduced budget making to a hollow form; it has stopped all short-term credit and long-term capital borrowing; it has forced the state to abandon the levy on property and to adopt a retail sales tax; has stimulated a movement for an income tax although greatly complicating the drafting of a constitutional amendment to permit such a tax; and it has forced the schools into the position of demanding a greater state equalization fund or closing their doors."

Effects in Ohio have included a 3 per cent sales tax and the enactment of a new plan of educational equalization which finances practically half the schools from state-administered taxes. Some cities have been hard pressed to find funds for operation of municipal services. Cleveland, in February, 1936, voted an extra levy of seven mills to carry on ordinary municipal operations.

In Washington the loss of revenue has been made up in excise taxes, a 2 per cent retail sales tax, and occupational taxes. Counties have been hardest hit by loss of support for welfare work. Cities have enacted business license ordinances and special utility licenses, but still many of them are going into debt. Initiative measures to eliminate the sales and occupation tax, and to reduce the state gasoline tax to three cents are now being promoted, as is a measure to raise the tax limit.

West Virginia cities, under an over-all tax limit law since 1932, can neither pay their debts nor support their services. Several cities have attempted to bring in substitute revenue by municipal sales taxes. (Public Administration Service, Chicago, Illinois, May 4, 1936.)

WELCOME TO THE PRESIDENT.

(Continued from page 1233.)

Two weeks from today, the day after election, the American air will be clearer and American democracy will be safer.

I want to speak to you briefly and simply about the prosperity of all the nation, for in that prosperity all New England has an immediate and a direct interest. The golden State House dome symbolizes in itself the preservation of the political unity of the nation. But New England is heir to the lasting fruits of another great New England tradition—the tradition of being a part in the economic development of the entire Union, and of sharing in all of its prosperity.

The sale of New England shoes depends in part on the price of Kansas wheat and Georgia cotton. Prosperity for the California fruit grower depends in part on the prosperity of the New England textile mill. New England savings have prospered in developing western mines and railroads and stockyards and farms.

I have thought much of this as I have traveled through the great western country.

And I am confident that level-headed New England knows how true that is—knows it in spite of a cantankerous minority that in every difficult time has found spokesmen to try to persuade New England that its interest is not the interest of the rest of the Union. They tell New England today as they have told it before that it has been ruined by government policies designed to benefit only the rest of the Union.

We all know that New England has had its troubles. We all know that New England is coming out of its troubles.

If you need figures to prove that, there they are for the State of Massachusetts; pay rolls for the first half of 1936 are up 32 per cent over the first half of 1933. Retail sales are up 20 per cent. Farm income, excluding benefit payments, is up 37½ per cent. Building construction in 62 Massachusetts cities is up 100 per cent. Does that look to you like the end of private enterprise?

For many years under Republican administrations New England was handicapped. What were the causes?

Every realistic business man of New England knows, first, that New England had established standards of wages and of living which put some of its industries at a competitive disadvantage with sections of the country which had not reached these standards.

Second, that these lower standards were exploited by an absentee landlordism which exported from New England too much of its capital—capital that was used elsewhere to compete with industries at home.

Third, concentrated wealth and economic power gobbled up or wiped out or moved away hundreds of small independent New England business—the kind of businesses with which at one time New England had conquered the markets of the world.

What did Republican leadership do to meet these difficulties? A high protective tariff alone could not help New England to meet unfair competition from domestic competitors on the one hand and the unfair competition of monopoly on the other. To make matters worse, that tariff shut off the foreign commerce on which the seacoast population and industrial population of New England had lived.

The full fruit of these Republican policies is found in the record of what

happened to New England's industries under these policies. New England was engulfed by the depression five years before the rest of the country. That is New England's debt to the Republican leadership of the boom era.

What has this administration done?

We have raised wages and living standards in other sections of the country. They are being brought up toward the standards of New England. That kind of unfair competition is being destroyed. Most of us are in favor of that.

We have begun the first real offensive in our history against that concentrated wealth and monopolistic power which almost destroyed the small businesses and diversified industries of New England. Most of us are in favor of that.

Daniel Webster spoke for all that was wisest in New England when he said at Plymouth Rock: "The freest government, if it could exist, would not be long acceptable, if the tendency of the laws were to create a rapid accumulation of property in few hands, and to render the great mass of the population dependent and penniless. Universal suffrage could not long exist in a community where there was great inequality of property."

What have we done in our fight against monopolies?

We have taxed the intercorporate dividends of holding companies. We have graduated taxes on corporations according to income as taxes on individuals were graduated long ago. We have made it harder for big corporations to retain the huge undistributed profits with which they gobble up small business. We have raised the surtaxes on big incomes and the estate taxes on big fortunes. We have regulated the financial markets through which mergers and consolidations and monopolies are created with other people's money.

Way back in 1776 John Adams wrote to his friend Patrick Henry:

"The decree is gone forth, and it cannot be recalled, that a more equal liberty than has prevailed in other parts of the earth must be established in America. The exuberance of pride which has produced an insolent domination in a few, a very few, opulent monopolizing families will be brought down nearer to the confines of reason and moderation than they have been used to."

PROPOSALS ADVERTISED.

Bids have been asked by advertisement in the *City Record* for the following departments. The attention of contractors and others is especially called to the closing time of receipt of such proposals. This will be published weekly.

INSTITUTIONS DEPARTMENT.

Advertises for proposals for installation of sprinkler systems at Long Island, Boston Harbor. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Institutions Department, Room 809, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$200, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 27, at 12 m.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Advertises for proposals for cleaning catch-basins in several districts indicated.

Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of 5 per cent of the contract price. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, October 30, at 12 m.

Advertises for proposals for cleaning sewers in Atlantic avenue, city proper, and Neponset avenue, Dorchester. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$100, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, November 2, at 12 m.

PUBLIC WORKS DEPARTMENT (Water Service).

Advertises for proposals for furnishing labor to assemble 200 6-inch gates, etc. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the Public Works Department, Room 508, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$800, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Friday, October 30, at 12 m.

SUFFOLK COUNTY COURT HOUSE COMMISSION.

Advertises for proposals for moving furniture and equipment from the North Wing of Suffolk County Court House to Young's Hotel Building. Surety bond will be required in a sum equivalent to the full amount of the contract price. Blank forms for proposals may be obtained at the office of the architects, Desmond & Lord, 1 Beacon street, Boston. Bids, accompanied by certified check in the sum of \$300, to be filed at the offices of the Commission, 1 Beacon street, Boston. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Tuesday, October 27, at 12 m.

SUPPLY DEPARTMENT.

Advertises for proposals for furnishing range oil to the Soldiers' Relief Department and the Public Welfare Department. Surety bond will be required in a sum equivalent to 25 per cent of the contract price. Blank forms for proposals may be obtained at the office of the Supply Department, Room 801, City Hall Annex, Boston. Bids, accompanied by certified check in the sum of \$500, to be filed at the same office. Duplicate bid, without check, to be filed with the City Auditor.

Bids close Monday, October 26, at 12 m.

TRANSIT DEPARTMENT.

Advertises for proposals for alterations in chain-link fence, Section 1, Dorchester Rapid Transit. Bids, accompanied by certified check in the sum of \$250, to be filed at the office of the Transit Department, 1 Beacon street, Boston.

Bids opened Monday, November 9, at 12 m.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, October 22:

DEPARTMENT OF SCHOOL BUILDINGS.

Thomas F. Hogan, furniture repairman, has been reappointed as a foreman furniture repairman and refinisher, for a period of three months, at \$2,000 a year.

HEALTH DEPARTMENT.

Approval has been given for the further temporary emergency employment of Donald Sheridan, caretaker, at \$5 a day, for six days beginning October 20.

HOSPITAL DEPARTMENT.

The following persons have been employed at the Boston City Hospital for the week ending Thursday, October 8:

Temporary.—John McDonnell, fireman, \$41.50 a week; Helen Englewald, reconstruction aide, \$30 a week; Helen Doherty, clerk, \$16 a week; Margaret McLean, Katherine Plansky, clerks, \$12 a week; Eleanor Broggi, floor nurse \$1,200 a year.

The following changes have occurred:

John J. Curley, orderly at \$16.50 to ward porter at \$24 a week; Eleanor Bragg, head nurse, \$1,560 to \$1,680 a year, advertised as of August 22, should be as of October 6.

The following persons have been employed at the Boston City Hospital for the week ending Thursday, October 15:

Temporary.—Albert Babel, orderly, \$16.50 a week; Patrick Russell, Warren Fallon, house porters, \$16.50 a week; Samuel Goldberg, orderly, \$16.50 a week; Loretta Comtois, Margaret Fitzpatrick, Athleen Grab, Dorothy Monahan, Isabel O'Brien, special nurses, \$4.50 a day; Mary Brehm, wardmaid, \$15 a week; George Roche, South Department orderly, \$10.50 a week.

The following changes have occurred:

Florence Devine, wardmaid at \$15 to ward helper at \$15 a week; Helen Burton, head nurse at \$1,200 to floor nurse at \$1,200 a year.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, October 8:

Bartholomew Conlon, choreman (patient), \$240 a year; Edward Hulen, Helen Streichardt, maids (patients) (temporary), \$240 a year; Richard Cripps, male nurse (patient) (temporary), \$480 a year; Frank Moore, male nurse (patient), \$480 a year; Edward Flaherty, male nurse (patient) (substitute), \$480 a year; Elizabeth Dyer, kitchenwoman (substitute), \$10.50 a week.

The following persons have ceased to be employed:

Robert Corbett, fireman (temporary), \$41.50 a week; George B. Nase, engineer (temporary), \$45 a week; William Doherty, baker (temporary), \$20 a week; Edward Bonner, choreman (temporary), \$240 a year.

The following persons have been appointed at the Sanatorium Division for the week ending Thursday, October 15:

William Twomey, male nurse, \$480 a year; Richard Cripps, John Donohue, male nurses (patients) (temporary),

\$480 a year; Edward Hulen, Helen Streichardt, maids (patients) (temporary), \$240 a year.

The following person has ceased to be employed:

William Twomey, male nurse (patient), \$480 a year.

INSTITUTIONS DEPARTMENT.

The following changes have been made in the personnel for the week ending Thursday, October 8:

Long Island Hospital.

Appointments: Helen Cavanaugh, institution employee, waitress, \$316 a year, temporary; Margaret Robinson, institution employee, laundress, \$600 a year, temporary.

Resignations: Marion V. O'Connell, institution employee, attendant, \$600 a year, voluntary; Alice Winn, institution employee, wardmaid, \$526 a year, voluntary; Florence DeSimone Waite, institution employee, attendant, \$600 a year, voluntary.

Transfers: David W. Riley, institution employee, attendant, temporary, \$600 a year, from helper in laundry at \$526 a year; Mary A. Richards, institution employee, attendant, \$600 a year, from wardmaid at \$526 a year.

Employment Terminated: William D. Holcomb, M. D., interne, \$600 a year, internship completed; Annie I. Burnett, staff nurse, temporary, \$960 a year; Helen Cavanaugh, institution employee, waitress, temporary, \$316 a year; Rose Connolly, student nurse, \$600 a year, course completed.

Steamers "Hibbard" and "O'Meara."

Appointment: Weldon J. Lakeman, shipkeeper, \$2,000 a year, temporary, during vacation period.

Employment Terminated: John J. Corumbo, deckhand, temporary, \$1,700 a year.

The following changes have been made for the week ending Thursday, October 22:

Steamers "Hibbard" and "O'Meara."

Appointments: John J. Corumbo, deckhand, \$1,700 a year, temporary; John F. O'Hare, deckhand, \$1,700 a year, temporary.

PENAL INSTITUTIONS DEPARTMENT.

The following appointment has been made:

Steamer "Michael J. Perkins."

John J. Darragh, watchman-fireman, \$5.50 a day, temporary.

PUBLIC BUILDINGS DEPARTMENT.

Approval has been given to continue the temporary employment of Thomas Costello as Clerk of Works at \$50 a week, for a period of three months from October 7.

Approval has been given to extend the temporary employment of John F. Craven as ambulance driver at \$30 a week, for a period of one month from October 15.

PUBLIC WORKS DEPARTMENT (Highway Division).

Approval has been given to continue the temporary employment of William D. Pierce as rodman at \$1,200 a year, for three months, effective October 26.

PUBLIC WORKS DEPARTMENT (Paving Service).

Approval has been given to continue the temporary employment of Willard B. Pickett as temporary clerk-stenographer at \$1,000 a year, for three months from October 20.

Approval has been given to continue the temporary employment of the following as steam-roller engineers at \$41.50 a week, for three months from October 17, on W. P. A. and State projects and maintenance roadway construction: Arthur A. Hull, Frank P. Kelley.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

Approval has been given to continue the temporary employment of Ruth E. Larkin as statistical clerk at \$1,000 a year, for three months from October 24.

PUBLIC WORKS DEPARTMENT (Water Income Division).

Approval has been given to continue the temporary employment of Albert B. Colantonio as meter reader at \$1,700 a year, for three months from October 24.

Approval has been given to continue the temporary employment of Charles H. Castor as meter reader at \$1,700 a year, for three months from October 14.

Approval has been given to grant to Leo F. Gibbons, meter reader at \$1,900 a year, a leave of absence for thirty days, with pay, beginning October 12.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law:

Public Works Department (Sewer Service).

For the week ending Thursday, October 15:

John Boyan, boilermaker, 1 day, \$6.92.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

BUILDING DEPARTMENT.

Upon October 22 the Acting Mayor approved a contract with the New England Building Wrecking Company for taking down the buildings at 5 and 7 Barnard place, Ward 6. The following bids were received:

New England Building Wrecking Company, \$49; American Building Wrecking Company, Incorporated, \$50; Hub Building Wrecking Company, \$75; City Building Wrecking Company, \$75; Central Building Wrecking Company, Incorporated, \$96; New York Building Wrecking Company, \$100.

Upon October 22 the Acting Mayor approved a contract with the New England Building Wrecking Company to take down the building at 1 Barnard place, Ward 3. The following bids were received:

New England Building Wrecking Company, \$49; American Building Wrecking Company, Incorporated, \$50; Central Building Wrecking Company, Incorporated, \$74; Hub Building Wrecking

Company, Incorporated, \$75; City Building Wrecking Company, \$90; New York Building Wrecking Company, \$100.

Upon October 22 the Acting Mayor approved a contract with the New England Building Wrecking Company to take down the building at 3 Barnard place, Ward 6. The following bids were received:

New England Building Wrecking Company, \$49; American Building Wrecking Company, Incorporated, \$50; Central Building Wrecking Company, Incorporated, \$74; City Building Wrecking Company, \$70; Hub Building Wrecking Company, Incorporated, \$75; New England Building Wrecking Company, \$100.

PUBLIC WORKS DEPARTMENT (Paving Service).

Upon October 16 the Acting Mayor approved a contract with Dooley Brothers, Incorporated, for laying sheet asphalt pavement in Nonquit street, Dorchester, at an estimated cost of \$1,760.80. Bids, opened October 13, were as follows:

Dooley Brothers, Incorporated, \$1,760.80; S. J. Tomasello Corporation, \$1,823.60; M. F. Gaddis, \$1,954; Standard Contracting Company, \$1,999.

Upon October 20 the Acting Mayor approved a contract with Tufo & Yebba, Incorporated, for laying sheet asphalt pavement in White Oak road, Ward 20, at an estimated cost of \$7,555.60. Bids, opened October 19, were as follows:

Tufo & Yebba, Incorporated, \$7,555.60; Standard Contracting Company, \$7,748.26; Dooley Brothers, Incorporated, \$8,158.65; S. J. Tomasello Corporation, \$8,245.76; Keystone Engineering and Contracting Company, \$8,367.30; National Engineering and Contracting Company, \$8,389.55; M. F. Gaddis, Incorporated, \$8,513.35; A. R. Doyle, Incorporated, \$9,088.90.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon October 19 the Acting Mayor approved a contract with Tufo & Yebba, Incorporated, for sewerage works in Cornauba street extension, West Roxbury, at an estimated cost of \$571.50. Bids, opened October 15, were as follows:

Tufo & Yebba, Incorporated, \$571.50; R. Zoppo, \$800.83; Standard Contracting Company, \$850.92; Roxbury Concrete Construction Company, Incorporated, \$967.80.

Upon October 19 the Acting Mayor approved a contract with John Williams for blasting rock for sewerage works in Washington street, West Roxbury, at a estimated cost of \$5,400. Bids, opened October 16, were as follows:

John Williams, \$5,400; R. Zoppo, \$5,700; Roxbury Concrete Construction Company, \$5,880.

SUPPLY DEPARTMENT.

Upon October 16 the Acting Mayor approved a contract with the Warren Foundry and Pipe Corporation for furnishing approximately 30 tons 4-inch cast-iron water pipe for the Water Division.

Bids, opened October 14, were as follows:

The approximate amount of the contract was \$1,923.

Approximately 30 Tons 4-Inch Pipe, 6 Feet Long, Per Ton of 2,000 Pounds.—Warren Foundry and Pipe Corporation,

\$64.10; total, \$1,923; United States Pipe and Foundry Company, \$68; total, \$2,040.

Location of Foundry.—Warren Foundry and Pipe Corporation, Phillipsburg, N. J.; United States Pipe and Foundry Company, Burlington, N. J.

CONTRACTS AMENDED.

DEPARTMENT OF SCHOOL BUILDINGS.

R. J. Connolly, Incorporated, has been allowed to amend the contract for alterations, etc., in the Wells School by striking out the word and figures "September 9, 1936," on page 12, paragraph E, of the contract, and page 2, paragraph 6, of the specifications, and substituting therefor the word and figures "November 17, 1936," so that said page 12, paragraph E, shall read: "The work is to be commenced on or about the date of approval by his Honor the Mayor, and is to be completed on or before November 17, 1936." The balance of paragraph to read as printed and paragraph 6 on page 2 of the specifications to read as follows: "The work is to be started immediately on the award of the contract by his Honor the Mayor and is to be completed by November 17, 1936."

R. J. Connolly, Incorporated, has been allowed to amend the contract for alterations, etc., at the William Blackstone School by striking out the word and figures "September 3, 1936," on page 12, paragraph E, of the contract, and substituting therefor the word and figures "November 17, 1936," so that said paragraph E, on page 12, of the contract shall read: "The work to be commenced on or about the date of approval by his Honor the Mayor and is to be completed on or before November 17, 1936." The balance of the paragraph to read as printed.

I. Shannahoffski has been allowed to amend the contract for furnishing and installing furniture and equipment in the Intermediate School in the Washington Irving District by striking out the word and figures "August 15, 1936," on page 17, Article 2, and substituting therefor the word and figures "October 31, 1936," so that said Article 2 on page 17 shall read: "The contractor shall start the work to be done under this contract and shall complete the furnishing and installing of furniture and/or equipment at the times defined in the specifications, on October 31, 1936, and shall be liable in damages for any failure so to do, all as defined in the General Conditions and the specifications."

Irwin Seating Company, Thorp & Martin Company, Agents, have been allowed to amend the contract for furnishing and installing furniture and equipment in the Intermediate School in the Washington Irving District by striking out the word and figures "August 15, 1936," on page 17, Article 2, and substituting therefor the word and figures "October 31, 1936," so that said Article 2 on page 17 shall read: "The contractor shall promptly start the work to be done under this contract and shall complete the furnishing and installing of furniture and/or equipment at the times defined in the specifications, on October 31, 1936, and shall be liable in damages for any failure to do so, all as defined in the General Conditions and the specifications."

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1936.

Examinations will be held at the following points and on the following dates:

Boston, Monday, November 2.
Lowell, Wednesday, November 4.
Boston, Monday, December 7.
New Bedford, Wednesday, December 9.
New Bedford, Thursday, December 10.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
PAYSON SMITH,
JAMES M. HURLEY,
ALBERT FRANK,
WALTER J. KENEFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon St., Boston, Mass.

PITTSBURGH'S TRAFFIC SAFETY RECORD.

Pittsburgh has been adjudged the safest city in the United States in 1932, and the second safest in 1933 and 1934 among cities with populations over 500,000. Registrations in the city increased 4.4 per cent, gasoline consumption 7.7 per cent. In 1935, despite a 2.4 per cent decrease in traffic volume, adult fatalities increased 30 per cent, total fatalities 24 per cent, as compared with 1934.

BUILDING PERMITS ISSUED OCTOBER 15 TO OCTOBER 21.

FIRE DEPARTMENT ORDERS.

General Order No. 50.

I. EDWARD B. SPROUL.

It is with deep regret that the Fire Commissioner announces the death, on October 9, 1936, of Ladderman Edward B. Sproul of Ladder Company 10. Ladderman Sproul was appointed to the department on October 5, 1917.

The funeral was held from his late residence, 69 Montebello road, Jamaica Plain, at 9.30 a. m., October 12, 1936, followed by services at Our Lady of Lourdes Church, Montebello road, at 10 a. m.

The Chief of Department made the customary detail and the members of Ladder Company 10 were excused in order to attend the services.

II. NEW FIRE ALARM BOX.

A new fire alarm box, No. 3215, will shortly be installed at Dorchester avenue and Kemp street. It will be connected into circuit No. 40 and the assignments will be the same as for Box 3213. A new assignment card will be furnished for this box at a later date. In the

meantime company commanders will see that the proper record is made in the assignment boxes.

III. CHANGE IN LOCATION OF FIRE ALARM BOX.

Notice has been received from the Department of School Buildings that the name of the school in Poplar street, Roslindale, formerly known as the Washington Irving School, has been changed to the Roslindale High School. The location of Box 12-2543 should be changed on the assignment cards to read, "Roslindale High School, Poplar Street." This change should be made in a neat and legible manner.

IV. BOSTON AUTOMATIC FIRE ALARM.

A new page, No. 27, dated October 1, 1936, for the Boston Automatic Fire Alarm Company assignment book is being issued to the department today. This new page will take the place of old page No. 27, dated October 15, 1934. Company commanders should return old page No. 27 to Headquarters in the envelopes provided, on or before Monday, October 19, 1936.

The following Boston Automatic Fire Alarm signals have been discontinued, as of October 9, 1936:

Signal 1383, building 102-106 South street.

Signal 1384, building 108-112 South street.

V. HYDRANT SALT.

Company commanders will forward to Headquarters on or before Tuesday, October 20, 1936, a communication on Form 5, stating the quantity of salt which will be required for their respective companies during the coming winter.

VI. COMMENDATIONS.

The Fire Commissioner is in receipt of the following letter from Fire Commissioner George W. Goode of the Brookline Fire Department which he is pleased to publish herewith for the information of the department:

Brookline, Mass., September 30, 1936.

HON. EDWARD F. McLAUGHLIN,
Fire Commissioner.

MY DEAR COMMISSIONER,—I desire to express my sincere appreciation to you for the wonderful assistance rendered to this department by the members of the Boston Fire Department at the fire in the Brookline High School on September 25.

Chief Allen of this department states in his report that their services were of tremendous value in the saving of this building.

Sincerely yours,

GEORGE W. GOODE,
Fire Commissioner.

Apparatus Operator Chesar Aspesi of Engine Company 5 is hereby commended for extinguishing a fire in an automobile truck in Columbia road, South Boston, September 30, 1936, while off duty.

By order of FIRE COMMISSIONER
EDWARD F. McLAUGHLIN.

HENRY A. FOX,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following street, where signs are placed, effective October 20, 1936.

Park Street, Dorchester.

From Freeport street to Washington street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following street, effective October 20, 1936:

Greenwood Street, Dorchester.

From Harvard street to York street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following street, effective October 17, 1936:

Paul Gore Street, West Roxbury.

From Centre street to Lamartine street.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)MALE PSYCHOLOGIST, INDUSTRIAL SCHOOL
FOR BOYS, DEPARTMENT OF PUBLIC
WELFARE, NOVEMBER 14, 1936.Last date for filing applications, Satur-
day, October 31, 1936, at 12 noon.

The minimum salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,800 a year. At the present time there are two vacancies, one at the Industrial School for Boys; one at the Lyman School for Boys.

Duties: Under supervision, to have charge of the work of examining the mental status of children committed to the Massachusetts Training Schools. To conduct special studies of personality traits, of special abilities and disabilities, and the relation of these to the problems of juvenile delinquency. To advise and cooperate with the institutional staff concerning ways and means of dealing with problems of behavior.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

MALE PSYCHOLOGIST, WORCESTER STATE
HOSPITAL, DEPARTMENT OF MENTAL
DISEASES, NOVEMBER 21, 1936.Last date for filing applications, Satur-
day, November 7, 1936, at 12 noon.

The minimum salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,800 a year.

Duties: Supervision of students in psychometrics and research. Applicants should have a knowledge of psychometric and experimental research techniques adaptable to psychotic patients; of Stanford-Binet and its administration; of the Rorschach examination and its administration; also the theories and practice of mental testing, especially the following: The Performance Test, the Memory Test, the Association Test, and the General Intelligence Test—Individual and Group.

Entrance Requirement: Applicants must have one year's experience in clinical psychological work.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PROFITABLE MUNICIPAL MARKETS.

Municipal markets, "white elephants" in many cities, can be made self-supporting and even profitable, according to recent reports on two of them. The Department of Public Markets of New York City reports that within the administration of its present Mayor, Fiorello LaGuardia, the city's markets have changed from inefficient and expensive undertakings into profitable investments. The Benton Harbor, Mich., municipal fruit and vegetable market is described as doing a three-million-dollar annual business by its City Manager in the February issue of "Public Management."

EXTRA WORK AND OMISSION UNDER CONTRACT.

T. Stuart & Son Company have been directed to perform the following extra work under the contract for rebuilding Chelsea Street Bridge, over Chelsea creek, dated January 15, 1936. Items ordered: Construct Piers 1 and 2, as shown on revised plans (reasons for this work given in attached letter), estimated cost, \$18,335.22; omit Item 3 of contract, estimated amounts; 240 cubic yards excavation at \$1.50, \$360; 240 cubic yards concrete at \$10, \$2,400—\$2,760; omit from Item 5, steel piles, estimated cost, \$4,000—total omissions, \$6,760—net estimated cost of extra work, \$11,575.22.

BOSTON, October 10, 1936.

To the Commissioner of Public Works.

Under the contract for rebuilding the Chelsea Street Bridge, Massachusetts Project 1086-R, by T. Stuart & Son Company, the data obtained by test pits, test piles and borings showed that wood or steel piles would be required under

Pier 1, and probably under Pier 2. The following explanations are the reasons for the changes requested in attached extra work order:

At approximately elevation 14 at Pier 1 and elevation 18 at Pier 2, extremely hard bottom with many large stones was encountered, which was too hard to be dug by buckets, as had been figured on. At this point the contractor brought to the attention of the city the danger and impracticability of attempting to drive steel sheeting on both sides of the sewer siphon, as called for in the contract plans, and after several conferences between the contractor, the city and the consulting engineers it was decided that a change of design was needed and it was agreed that although the ground was very hard and fully able to carry the weight to be placed on it, it was not good engineering practice to put such additional weight over the sewer siphon without protecting it as follows:

At Pier 1 where the siphon crossed near the end of the pier, it was considered necessary to excavate to or below the

springing line for two caisson piers and open the sewer siphon by means of I-beams, which were included in the original design, but which would need splicing to obtain the required length.

At Pier 2 where the siphon crossed approximately at the center of the pier, it was not considered necessary to place caisson piers as the main pier is loaded at the ends, but it was decided to place a layer of compressible gravel over the siphon and properly reinforce the pier base to enable it to act as a beam and span the sewer.

The excavation was to be carried on by means of a diver, controlling a high pressure jet, loosening the ground and driving the sheeting to grade as he excavated. The steel sheeting to be left in place on the channel side of both piers, was an additional precaution against any tendency to slip towards the channel.

Respectfully yours,

THOMAS H. SEXTON,
Division Engineer.

ADDITIONS TO CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Rugo Construction Company, Incorporated, has been allowed to add to the contract for the South Boston High School, same approved by the P. W. A. officials:

While excavating for new conductor lines it was found that drain line within the building was of Akron pipe and, as this is now contrary to the plumbing law, the plumbing division of the Building Department insisted that this Akron pipe be removed and new cast-iron pipe be installed. The amount of work involved is as follows:

Plumbing work.....	\$1,834 00
Electric work.....	95 00
Heating work.....	34 95
	\$2,073 95
Contractor's 10 per cent.....	207 40
	\$2,281 35
Excavating, open, 111½ cubic yards at \$2.....	223 50
Excavating, trench, 15 cubic yards at \$3.....	45 00
Backfill, 98 cubic yards at 75 cents.....	73 50
Concrete, 10 cubic yards at \$14.....	140 00
Asphalt floors, 24 square feet at \$4.50.....	108 00
Granolithic floor, 185 square feet at 25 cents.....	46 25
Breaking up concrete floor slab, 385 square feet at 30 cents.....	115 50
Cutting holes through granite walls.....	400 00
Removing and resetting granite steps.....	50 00
Cutting and patching brick walls.....	15 00
Cutting hole through in stairs.....	20 00
Replacing granolithic sidewalk, 50 square feet at 50 cents.....	25 00
Replacing street pavement.....	35 00
New 10-inch by 10-inch Akron pipe (in street) plus labor.....	10 00
	\$3,588 10
Removing present boiler room sink and installing soapstone sink in new location together with necessary fittings and connect to sump pit.....	298 10
Furnishing and installing slate backs with pipe space in back of two lavatories in boys' toilet room "C".....	115 50
Remove to new location the waste pipe on ceiling of girls' lunch room.....	96 30
Add the sum of.....	\$4,098 00

Contract price, \$386,221; total additions, \$6,948.30; amount of contract, \$393,169.30.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

SENIOR ARCHIVES ASSISTANT, SECRETARY OF STATE, NOVEMBER 14, 1936.

Last date for filing applications, Saturday, October 31, 1936, at 12 noon.

(Requisition is for a female, but the examination is open to both males and females.)

The minimum salary is \$1,320 a year; the maximum salary \$1,680 a year.

Duties: To read manuscripts of the seventeenth century in a handwriting different from today and with different ways of spelling. To transcribe and calendar such a document. Applicants should be facile in this work.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

SUPERVISING INSTRUCTOR IN PUBLIC HEALTH NURSING, DEPARTMENT OF PUBLIC HEALTH, NOVEMBER 14, 1936.

Last date for filing applications, Saturday, October 31, 1936, at 12 noon.

(Requisition is for a female, and the examination is open to females only.)

At the present time, the entrance salary is \$2,400 a year.

Duties: Under administrative direction to teach one or more subjects in the training of public health nurses. To supervise the field training of public health nurses. To perform related work as required.

Entrance Requirements: Applicants must be registered nurses under the State Division of Registration of Nurses.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PSYCHOLOGIST, BELCHERTOWN STATE SCHOOL, DEPARTMENT OF MENTAL DISEASES, NOVEMBER 14, 1936.

Last date for filing applications, Saturday, October 31, 1936, at 12 noon.

(Requisition is for a female, but the examination is open to both males and females.)

The minimum salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,800 a year.

Duties: To give the Standard Psychological test to new admissions, old patients, and out patients. To supplement the Standard Tests with such tests as Army-Beta, Pintner-Paterson Scale, Cornell-Coxe, and with tests of special aptitudes. To interpret the results of the Stanford-Binet. To plan and execute research projects. To cooperate in research projects of other departments and institutions through tabulations of data, preparation of statistical summaries, extra testing, etc. To carry on office routine, such as reports, records, filing; preparation of annual report, etc. To organize the work of psychologist and psychometrist that the duties are given time proportionate to their importance. To choose new tests to meet special needs or to replace older tests.

Applicants should have a knowledge of technique of administering and scoring of all standard psychometrist tests of the clinical types of mental deficiencies—care, supervision and training. They should have an elementary knowledge of statistics,—to calculate and use Median, Mode, Average, Average Deviation, and Standard Tests, as well as coefficient of a correlation, etc.

Applicants should be familiar with terms, definitions, etc., with special scales such as "performance," Gesell Normative Summaries, the Merrill-Palmer test, etc.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

COAL FOR WELFARE RECIPIENTS.

The following statement of Acting Mayor Fitzgerald on welfare coal was issued on October 15:

In reference to an article that appeared in the *Boston Globe* of October 15, concerning the coal situation at the Welfare Department, I will state that when the matter was brought to the attention of the Acting Mayor it was the first that the office had heard of any complaints from welfare recipients who were not receiving coal.

A conference was held with the chairman of the Overseers of the Public Welfare, Mr. McMurphy, at which he stated that bids had been asked for and that they would be opened October 22, and that in previous years the coal was delivered beginning November 15, which was an extra allotment in view of the fact that they had allowed \$1 a week to all welfare recipients towards the purchase of coal or payment of their gas, oil and electric bills.

The Acting Mayor suggested to the chairman that until the bids for coal were received and the awards made that each family that was a welfare recipient, in addition to what they are now getting, be allowed an order for one hundred pounds of coal, which they could secure from a local store or coal dealer, which Mr. McMurphy said would be done at once.

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

Groisser & Shlager Iron Works have been granted an extension of time until October 21 for the completion of the contract for furnishing and erecting steel framing for roof and ceilings for the clubhouse at the George Wright Golf Course, Hyde Park.

PUBLIC WELFARE DEPARTMENT.

R. J. Connolly, Incorporated, has been granted an extension of time until September 12 for the completion of the contract for the erection of a Public Welfare Building at 170 Hancock street, Dorchester.

PUBLIC WORKS DEPARTMENT.

M. DeSisto has been granted an extension of time for the completion of contract for trench ledge drilling and blasting in Veterans of Foreign Wars Parkway, Boston and Brookline, also Water street, and land of Boston Park Department, between Centre street and Walter street, West Roxbury, from October 1 to November 1. The reason for the above request is that the W. P. A. forces were delayed in stripping the trench exposing rock to be blasted.

BUILDINGS RAZED.

The Acting Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The building at 3 Barnard place, Ward 6, owned by the City of Boston, is in an unsafe and dangerous condition.

The building at 1 Barnard place, Ward 6, is in an unsafe and dangerous condition, dilapidated and a fire hazard. The owner of record, the Alan Mortgage Company of 5 Court street, Boston, has been notified of the unsafe condition of the building, but nothing has been done to remove the cause for complaint.

The buildings at 5 and 7 Barnard place, Ward 6, are unsafe and dangerous, dilapidated and a fire hazard. The buildings are owned by the John J. Bavis Estate, care of Catherine M. Bavis, 10 Spalding street, Jamaica Plain.

MAYORS' COMMITTEE ON FEDERAL LEGISLATION.

As President of the United States Conference of Mayors, Mayor F. H. LaGuardia of New York has appointed the Mayors of fourteen cities as an advisory board on Federal legislation affecting municipalities. The list comprises:

Watkins Overton, Memphis, Tenn., Chairman; Harold H. Burton, Cleveland, Ohio; Joseph K. Carson, Jr., Portland, Ore.; R. E. L. Clancy, Tampa, Fla.; Frank Couzens, Detroit, Mich.; Harry D. Durst, Springfield, Mo.; Meyer C. Ellenstein, Newark, N. J.; Thomas Gamble, Savannah, Ga.; Oscar F. Holcombe, Houston, Texas; Hilary E. Howse, Nashville, Tenn.; James R. Law, Madison, Wis.; J. Fred Manning, Lynn, Mass.; Roy N. Towl, Omaha, Neb.; George J. Zimmermann, Buffalo, N. Y.—*American City Magazine.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CLEANING SEWERS IN ATLANTIC AVENUE, CITY PROPER, AND NEPONSET AVENUE, DORCHESTER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for cleaning sewers in Atlantic avenue, city proper, and Neponset avenue, Dorchester, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Cleaning Sewers in Atlantic Avenue, City Proper, and Neponset Avenue, Dorchester," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. of Monday, November 2, 1936, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two (2) dollars for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

C. J. CARVEN,

(Oct. 24.) Commissioner of Public Works.

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22 towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (i. e., 10.3 per cent) over 1920. Of said total, 2,940,335 (i. e., 69.19 per cent) were in the cities and 1,309,279 (i. e., 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reaches the notable figure of 90.71, while the rural shows but 9.29 per cent.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR FURNISHING LABOR TO ASSEMBLE 200 6-INCH GATES, 50 12-INCH GATES AND 200 B. & F. HYDRANTS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing labor to assemble 200 6-inch gates, 50 12-inch gates and 200 B. & F. hydrants, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Furnishing Labor to Assemble 200 6-Inch Gates, 50 12-Inch Gates and 200 B. & F. Hydrants," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Friday, October 30, 1936, with a certified check for eight hundred (800) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

C. J. CARVEN,

(Oct. 24.) Commissioner of Public Works.

Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR ALTERATIONS IN CHAIN LINK FENCE, SECTION 1, DORCHESTER RAPID TRANSIT.

The Transit Department of the City of Boston, 1 Beacon street, invites proposals for alterations in chain-link fence, Section 1, Dorchester Rapid Transit. Plans and specifications may be obtained at the office of the department on and after Wednesday, October 28, 1936. The bids will be publicly opened and read at 12 o'clock noon, Monday, November 9, 1936. A properly certified check in the sum of two hundred and fifty (250) dollars, payable to the city, must accompany the proposal. A deposit of \$5 in cash or certified check will be required for a set of plans and two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Transit Department.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

EDWARD F. CONDON,
Secretary.

(Oct. 24.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CLEANING CATCH-BASINS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for taking out and removing about 5,000 cubic yards of material from about 2,295 catch-basins in Districts 1, 2, 3, 4, 2A and 7, all work to be completed by December 31, 1936, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the total amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal, accompanied by a statement clearly setting forth the equipment of which the bidder is possessed for the proper and speedy carrying out of such contract (such equipment to be considered as an essential consideration in the awarding of the contract), should be inclosed in an envelope, sealed, marked "Proposal for Cleaning Catch-basins," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Friday, October 30, 1936, with a certified check for 5 per cent of the total amount of the contract, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposal will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a minimum charge of two dollars (\$2) for each set of specifications taken out. If the price bid on any district appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal for said district. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

C. J. CARVEN,

HISTORICAL DATA ABOUT WARDS.

The term "ward" first appears in a fire-protection order, approved by the Town on August 29, 1679, dividing the Town into 4 quarters with 2 wards each. The 8 wards had previously been military districts.

On August 11, 1713, the Selectmen "agreed upon a distribution of the Town into distinct Wards or Precincts."

On February 1, 1715, it was "voted to make a new division of the Town into eight distinct Wards."

On March 9, 1735, it was voted to divide the Town into 12 wards to facilitate the work of the Overseers of the Poor.

On March 13, 1822, the Selectmen divided the Town into 12 wards on the basis of the U. S. Census of 1820.

By an ordinance which took effect on the second Monday of December, 1838, there was a revision of the wards.

On April 29, 1850, the City Council accepted Chap. 167 of the Acts of 1850, which altered the wards on the basis of legal voters rather than on the number of inhabitants.

By ordinance taking effect on November 15, 1865 new ward lines were established.

In the annexation period, 1865-1875, the number of wards was increased from twelve to twenty-one.

By Chap. 243, Acts 1875, the City Council was ordered to cause a new division of the City into twenty-four wards in the year 1875 in such manner as to include an equal number of voters in each ward. This division was made, taking effect on December 13, 1875. On May 27, 1876, the City Council, in accordance with Chap. 242, Acts of 1876, divided one of the wards in two, making a total of 25 wards for the City.

By ordinance passed April 20, 1895, under authority of Chap. 437, Acts of 1888, and Section 96 of Chap. 417, Acts of 1893, ward lines were established on the basis of the number of voters registered at the City election of 1894, there still being 25 wards.

The annexation of Hyde Park, effective January 1, 1912, made an additional ward.

By enactment of December 28, 1914, under authority of Chap. 630, Acts of 1914, the City Council redivided the City into 26 wards.

The latest redivision, established December 30, 1924, under authority of Chap. 410, Acts of 1924, consists of 22 wards.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 28.

SATURDAY, OCTOBER 31, 1936.

No. 44

MAYOR MANSFIELD, BACK AT HIS DESK IN CITY HALL, AROUSED OVER CHARGES OF FALSE REGISTRATION—PLANS TO ARRANGE FOR PROSECUTION IF SUFFICIENT EVIDENCE OF ILLEGAL VOTING IS PRESENTED IN ANY CASE—CONSIDERS RECOMMENDING LEGISLATION TO NEXT SESSION OF GENERAL COURT FOR AMENDMENT TO ELECTION LAWS CALLING FOR RE-REGISTERING OF ALL VOTERS IN BOSTON—TO CONSULT CORPORATION COUNSEL AS TO PLAN.

MAYOR MANSFIELD REFUSES TO APPROVE HUNTINGTON AVENUE SUBWAY PROJECT BECAUSE OF A CONDITION ATTACHED WHICH BINDS CITY TO COMPLETE WORK SHOULD FEDERAL AID BE WITHDRAWN OR INSUFFICIENT—CITY CANNOT AFFORD AT PRESENT TO TAKE SUCH CHANCE.

Upon October 29 Mayor Mansfield issued the following statement concerning the Huntington Avenue Subway:

Under existing conditions this project cannot be approved by the Mayor. The approval by the W. P. A. authorities would be subject to the condition that a "letter must be obtained from the Mayor of Boston, stating that, in the event sufficient W. P. A. funds are not available, the City of Boston will carry on the work to final completion of the project."

I shall refuse to approve a project with such a condition attached, because, if the Federal aid should be withdrawn when the work is partially completed the city would be obligated to finish the work and the cost would be in the vicinity of \$1,700,000 less whatever contribution the Federal Government would have made before Federal support was withdrawn.

While it is true that Federal aid might not be withdrawn, yet the risk is too great that the city might be called upon to finance a project which would require a very substantial loan and which might interfere with the negotiation of other loans which the city might need to carry on its current affairs. While it is true that the money so spent would eventually be returned in the form of rental from the Boston Elevated yet the initial expense in the floating of a loan would have to be borne by the city in the first instance and just now the city cannot afford to take that chance, and beside the Mayor has no authority to bind the city by any such letter.

But, in addition to that, there is a further obstacle which can only be surmounted by legislative action. The Corporation Counsel is of the opinion that new legislation would be necessary in any event because the legislation passed in 1933 which was intended to enable the adoption of this project is no longer applicable because that provided for funds under the National Industrial Recovery Act (N. I. R. A.) and such appropriations now come under the Federal Emergency Relief Administration, and no authority now exists for the carrying on of this work in any of the present tunnel or subway acts.

The following statement was issued by the Mayor on October 29:

The Mayor expressed himself as very much concerned about the charges of false registration of voters for the purpose, evidently, of illegal repeating on election day. Some weeks ago he left instructions with Chairman Shaw of the Election Board to investigate the charges thoroughly and to strike from the lists all persons who were not properly registered, and also to arrange for prosecution in cases where he had sufficient evidence to justify that course. But the Mayor said that it was evident that such steps, while effective in a few individual cases, would not cure the evil if one exists.

The Mayor said he was considering recommending to the next Legislature an amendment to the election laws calling for a re-registration of all voters in Boston, and at the time of such re-registration the filing with the Election Commissioners of three photographs, similar to passport photographs, of the voter, upon each of which would appear the voter's authorized signature. One of these photographs would be retained by the Board of Election Commissioners, attached to the registration card of the voter, a duplicate would be sent to the precinct where the citizen votes, and a third copy might be sent to Police Headquarters or to the Secretary of State's office.

If the local precinct officers had any doubt of the identity of the voter, they could require him to write his name in a book provided for the purpose and the signature could be compared with the standard on the photograph. If satisfied the signature was genuine, the voter would be allowed to cast his ballot. But, if not satisfied, then arrest could be made.

This re-registration might cause the voters some inconvenience and the city some considerable expense, but, apparently, it would be very effective in stamping out election frauds caused by false registration and repeating. And if that result could be obtained, the Mayor is satisfied that no good citizen would object to the expenditure.

The photographs could be obtained by the citizens at a very nominal cost, and, while this might cause some objection, it would seem as though the end would justify the means.

The Mayor is to consult with Mr. Foley about this, and in the meantime he has written to the Secretary of the United States Conference of Mayors asking for information as to any similar requirement that may be in force in other cities in the country.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Copies for sale at the Statistics Department, Room 73, City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, November 9, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Oct. 24, 1936.

Population as of July, 1936, Massachusetts State Census, 817,713; population estimated, July, 1936, United States Census Bureau, 801,880; number of deaths (stillbirths excluded): Residents, 145; nonresidents, 42; total, 187.

Death rate per 1,000 of population: All deaths, 12.13; nonresidents deducted, 9.40.

Death rate per 1,000 of population:

Last week, 14.33; corresponding week last year, 15.56.

Deaths by age periods, sex, etc.: Under one year, 19; one year to four years, inclusive, 5; sixty years and over, 100. Total deaths: Male, 108; female, 79; deaths in hospitals and institutions, 131; deaths of colored, 5.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 11, 1934, as amended October 27, 1935, determining damages caused by the making of the public improvement consisting of the laying out and construction of Goodway road, West Roxbury, be, and the same hereby is, amended by adding to said order the amount \$125 as an award to George H. Cody; that the amount \$125 be, and the same hereby is, awarded to George H. Cody for the damages so sustained.

DEPARTMENT IN NEW LOCATION.

The following notice was issued by the Department of School Buildings:

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

On and after Monday, November 2, 1936, the location of the headquarters of this department will be at No. 50 South Margin street, Boston, Mass. All divisions of this department, including the warehouse, can be reached by telephone, number CAPITOL 5750.

WILLIAM W. DRUMMEY,
Superintendent of Construction.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

The Bethlehem Shipbuilding Corporation, Limited, has been granted an extension of the time of completion of the contract for repairing hull, etc., of ferryboat "Lieutenant Flaherty," from October 15, 1936, to October 21, 1936. This extension is requested for the reason that it was found necessary to renew certain members of the hull system, as called for under Item 16, in excess of the estimated amount of 300 pounds, which work interfered with the completion of the inside painting.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Acting Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon October 21 the Acting Mayor approved contracts with lowest responsible bidders as indicated for furniture and equipment to be delivered to the South Boston High School Addition (P. W. A. Project, Mass. 1091R), bids for which were received September 18, 1936.

WITHOUT ADVERTISING.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

DEPARTMENT OF SCHOOL BUILDINGS.

Carilli Construction Company has been allowed to deduct from the contract for the Washington School the following: To allow extra square area for warehouse: Omit new 12-inch wall, 4,400 blocks at \$30 per M., \$132; $\frac{1}{2}$ cubic yard concrete for foundation at \$18, \$9; omit 8-inch brick wall, 160 cubic feet at 25 cents, \$40; retain 71 square yards of plaster ceiling in garage proper at 10 cents, \$7.10; reduce 12-inch brick wall to 8 inches, between main building and garage, 1,000 blocks at \$30 per M., \$30; allow 3.06 cubic yards for decreasing depth of caissons at \$14, \$42.84; eliminate copper louvers on all roof ventilators, direct radiation being carefully planned for future service, 1,200 running feet of copper louvers at 62 $\frac{1}{2}$ cents a foot, \$750; total, \$1,010.94, and the amount of \$1,010.94 will be deducted therefor, making the account as follows: Contract price, \$51,000; total deductions, \$1,010.94; amount of contract, \$49,989.06.

CONTRACTS AMENDED.

DEPARTMENT OF SCHOOL BUILDINGS.

The Rugo Construction Company, Incorporated, has been allowed to amend the contract for erecting and completing an Intermediate School in the Phillips Brooks District, Roxbury, by striking out lines 1, 2, 3 and 4 of paragraph nine on page four of said contract and substituting therefor the following, so that said paragraph nine on page four shall read: "Unit Prices—Additions in the quantities of work for any of the items

listed below shall be paid for in accordance with the unit price set against each item." The said contract is further amended by striking out "Included under Item F of the proposal forms" in line four on page five of said contract, so that said paragraph shall read: "A differential in price for the deduction of quantities or work not performed by order of the Superintendent of Construction for the following items of work shall be as follows."

J. L. Hammett Company has been allowed to amend a contract for furnishing and installing furniture and equipment in the Intermediate School in the Washington Irving District, by striking out the word and figures "August 15, 1936," on page 17, Article 2, and substituting therefor the word and figures "October 31, 1936," so that said Article 2 on page 17 shall read: "The Contractor shall start the work to be done under this contract and shall complete the furnishing and installing of furniture and/or equipment at the times defined in the specifications, on October 31, 1936, and shall be liable in damages for any failure so to do, all as defined in the General Conditions and the specifications."

Eastern Radio Company has been allowed to amend the contract for furnishing and installing furniture and equipment in the Intermediate School in the Washington Irving District, by striking out the word and figures "August 15, 1936," on page 17, Article 2, and substituting therefor the word and figures "October 31, 1936," so that said Article 2 on page 17 shall read: "The Contractor shall start the work to be done under this contract and shall complete the furnishing and installing of furniture and/or equipment at the times defined in the specifications, on October 31, 1936, and shall be liable in damages for any failure so to do, all as defined in the General Conditions and the specifications."

DAMAGES ASSESSED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That in the matter of William T. Kirley, petitioner for damages on account of the taking in fee of 4,500 square feet of land on the easterly side of Hawthorne street and 4,500 square feet of land on the westerly side of Wright street, West Roxbury district, for school purposes, under the order of the Street Commissioners and Mayor of March 6, 1935, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of \$1,125 (\$675 Hawthorne street lot) (\$450 Wright street lot); and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

Voted, That in the matter of Blanche P. Kettendorf, petitioner for damages on account of the taking in fee of 1,777 square feet of land on the easterly side of Wright street, West Roxbury district, for school purposes, under the order of the Street Commissioners and Mayor of March 6, 1935, after consultation with the Law Department, and on its advice, the Board assesses the petitioner's damages in the sum of \$450; and consents that the Corporation Counsel agree to judgment in said case on the terms herein stated.

The minimum salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,800 a year.

Duties: Supervision of students in psychometrics and research. Applicants should have a knowledge of psychometric and experimental research technics adaptable to psychotic patients; of Stanford-Binet and its administration; of the Rorschach examination and its administration; also the theories and practice of mental testing, especially the following: The Performance Test, and the Test, the Association Test, and the General Intelligence Test—Individual and Group.

Entrance Requirement: Applicants must have one year's experience in clinical psychological work.

Subjects and Weights: Training and experience, 3; practical questions, 4; personality and fitness, as determined by an oral interview, 3; total, 10.

Passing - Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1936.

Examinations will be held at the following points and on the following dates:

Boston, Monday, November 2.
Lowell, Wednesday, November 4.
Boston, Monday, December 7.
New Bedford, Wednesday, December 9.
New Bedford, Thursday, December 10.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Hyde Park and are bounded as follows:

A parcel of land supposed to belong to Bridget Will, bounded:

Southeasterly by Neponset River Reservation, four and 4-100 feet; westerly by land hereinafter described as taken from Brady, five and 66-100 feet and northeasterly by other land supposed to belong to said Will, four and 60-100 feet, containing nine square feet, more or less.

A parcel of land supposed to belong to Patrick Brady, bounded:

Easterly by land hereinbefore described as taken from Will, five and 66-100 feet; southeasterly by Neponset River Reservation, four and 17-100 feet; southwesterly by other land supposed to belong to said Brady, ninety and 27-100 feet; northwesterly by land hereinafter described as taken from owners unknown (Linden street), eight feet and northeasterly by other land supposed to belong to said Brady, eighty-seven and 51-100 feet, containing seven hundred and twenty-one square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Linden street, bounded:

Southeasterly by land hereinbefore described as taken from Brady, eight feet; southwesterly by another part of Linden street, by two measurements, one hundred thirty-four and 18-100 feet and two hundred thirty-two and 98-100 feet; northwesterly by the same, twenty-four feet; northeasterly by land hereinafter described as taken from owners unknown (Forest avenue), six feet; southeasterly by another part of Linden street, sixteen feet and northeasterly by the same, by two measurements, two hundred twenty-seven and 2-100 feet and one hundred thirty-four and 14-100 feet, containing three thousand and thirty-three square feet, more or less.

A parcel of land supposed to belong to owners unknown, being part of the private way known as Forest avenue, bounded:

Southwesterly by land hereinbefore described as taken from owner unknown (Linden street), six feet; northwesterly by another part of Forest avenue, one hundred eighty-six feet; northeasterly by the same, six feet and southeasterly by the same, one hundred eighty-six feet, containing eleven hundred and sixteen square feet, more or less.

The sewerage works to be constructed are as follows:

In Linden street, four hundred and fifty linear feet of 10-inch pipe sanitary

sewer, and in Forest street, two hundred twelve linear feet of 10-inch pipe sanitary sewer.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northwesterly side of Forest avenue, for a distance of approximately one hundred ninety-five feet northeasterly from Linden street; the abutting lots of land on the southeasterly side of Forest avenue for a distance of approximately two hundred twenty-five feet northeasterly from Linden street; the abutting lots of land on the northeasterly side of Linden street; the abutting lots of land on the southwesterly side of Linden street, beginning at a point approximately one hundred twenty feet southeast of Chester street and extending southeasterly to the southeasterly line of said Linden street, will receive benefit of advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots in the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on the plan marked "City of Boston, Plan No. 1160, Sewerage Works, Linden Street—Forest Avenue, Hyde Park, October 1, 1936, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

16. John J. Dolan, Mary J. Dolan,	147 20
Total,	\$2,347 20

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the taking of an easement for sewerage purposes and the construction of sewerage works in Linden street, Forest avenue and in private land between Linden street and Neponset River Reservation, Hyde Park district, under the order of the Board of October, 21, 1936, in the amounts hereinafter respectively, set against them, and awards said amounts therefor.

Bridget Will, 9 square feet,	\$1
Patrick Brady, 721 square feet,	1
Owners Unknown (Linden street), 3,033 square feet,	Nothing
Owners Unknown (Forest avenue), 1,116 square feet,	Nothing

CITY DOES NOT OWN CAMBRIDGE STREET BILLBOARD SITE.

On October 29 Mayor Mansfield issued the following statement:

Immediately upon the Mayor's return he asked for a report with reference to the land for a billboard on Cambridge street alleged to have been leased by the city to an advertising agency. It appears that this land does not belong to the City of Boston, but to the Commonwealth of Massachusetts, so that the city has no control over it in any event. It has an

easement for highway purposes, but has no authority whatever to let it for billboard or any other purpose. Such authority would have to come from the Commonwealth of Massachusetts. Therefore, any lease entered into by the Public Works Department or any other department of the City of Boston would be and is wholly void.

It appears that the Public Works Department was not aware of the true ownership and entered into two contracts with advertising agencies — one in January of 1936, leasing the land for a year for \$50, and another in July of 1936, leasing the land to another agency for \$75 — the fact of a prior lease being overlooked. The first lease was to the Birch Advertising Agency, which money was paid, but the land was not used. The second lease was to the Donnelly Advertising Agency, which has also been paid. Both of these sums will be refunded because of lack of authority.

Where the existing sign is, the land belongs to the Commonwealth of Massachusetts. An adjoining parcel is owned by the city and if part of that is included in the leased premises it would not help matters, because the land is reserved for highway purposes and the letting would have to have the cooperation of the Street Laying-Out Department.

MAYOR DISTURBED ABOUT CLEANLINESS OF CITY STREETS.

The Mayor is still much disturbed about the condition of our Boston streets. It is inconceivable that something cannot be done to correct existing conditions and he is contemplating calling a meeting in his office of various civic organizations, representatives of the Police Department, Public Works Department, Health Department and the formation of a committee embracing public officials and private citizens to start and vigorously prosecute a campaign for clean streets and keeping them clean.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

A NEW POSITIVE WATER-METER TESTER.

The large majority of waterworks, particularly the smaller ones, seldom have accurate or positive means of testing their meters. Often when a meter is repaired, the man making the repairs simply blows through the meter to see if it runs, when it is again put into service with the assumption that it is accurate. Sometimes meters are hooked up in series with a new meter and water is run through to see if the readings check. This is better than the lung-power method, but still is far from accurate or dependable, in that the test meter may be in error by 2 per cent or even more. Several states have regulations governing water utilities, both municipal and private, and require a positive method of testing water meters in every meter shop.—*American City Magazine.*

SAND, CINDERS AND SALT IN DULUTH.

About 385 miles of sidewalk are sanded every year and about 250 miles of streets are snow-plowed and sanded. Ordinarily, flat grades are not sanded, this work being confined to steep grades where dangerous ice conditions exist. During the past season the maintenance department used about 500 cubic yards of cinders, 500 cubic yards of sand, and 5 tons of calcium chloride on the streets.

The use of salt, or sodium chloride, has been discontinued entirely, because of its injurious effect on concrete walks and pavements. The action of salt is not clearly understood, but it is much more active during cold weather than in summer, and is apparently due to the formation of crystals after penetrating the surface, the force of which disintegrates the concrete. Calcium chloride does not seem to be entirely free from this difficulty, but is much less active than sodium chloride.

PUBLIC DEBT, JANUARY 1, 1933.

Gross funded debt, January 1, 1933, \$165,758,499.95 (including \$119,999.95 issued by State for enlargement of Court House); sinking funds, \$35,737,619.21; other redemption means, \$3,078,263.28; net debt, \$126,942,617.46 or \$7,588,429.94 more than on January 1, 1932. Of said debt (net) \$79,310,526.63 or 62.48 per cent was City debt; \$46,199,623.96 or 36.39 per cent, Rapid Transit debt (representing $4\frac{1}{2}$ per cent investment); \$994,466.87 or 0.78 per cent, County debt; \$438,000 or 0.35 per cent, Water debt.

Debt paid in 1932 was \$9,935,301 but there was an increase in total gross debt of \$5,437,698.99.

Net debt per capita, \$160.62 (approx.); net debt, exclusive of Rapid Transit debt, \$80,742,993.50 or \$102.17 per capita (approx.).

Per capitas are based on U. S. Census Bureau's estimated population on January 1, 1933.

Loans authorized but not issued (within debt limit), \$1,898,000; same outside of debt limit, \$2,680,000; total, \$4,578,000.

RECEIPTS AND EXPENDITURES, FISCAL POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 females; 55 to 64 years, 63,416 (30,671 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white which is 61.19 per cent of all inhabitants. stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

A SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

POPULATION OF UNITED STATES, NEW ENGLAND AND MASSACHUSETTS.

Continental United States (i. e., 48 states and the District of Columbia) in 1930, 122,775,046; outlying possessions, 14,233,389; total, 137,008,435; New England, 8,166,341; Massachusetts, 4,249,614 or 52.04 per cent of New England and ranking eighth in the Union. In density of population Massachusetts ranks second, i. e., 528 per square mile of land, Rhode Island ranking first, with 644 per square mile of land.

Population of the other New England States in 1930, ranking from the highest total: Connecticut, 1,606,903; Maine, 797,423; Rhode Island, 687,497; New Hampshire, 465,293; Vermont, 359,611. Density for New England, 132 per sq. m.; for U. S. (48 states and the District of Columbia) 41 per sq. m.

The population of the United States increased 16.1 per cent since 1920; that of New England 10.3 per cent and that of Massachusetts 10.3 per cent.

PROCEEDINGS OF SCHOOL COMMITTEE.

Oct. 5, 1936.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon street, at 6:40 o'clock, P. M., the Chairman presiding.

Day High Schools—Edward F. Barnes, Edwina M. Barry, Goldie Bazoll, Lillian Bell, Robert L. Bertolli, Katherine M. Blessington, Sidney Bluhm, Milton Bornstein, Catherine Brady, John H. Brougham, Catherine A. Bunyon, Rita M. Burke, Marie H. Campbell, Rosamond E. Campbell, Theodore Cass, Mary L. Cassone, Charles J. Cirame, Catherine I. Clancy Thomas J. Connaughton, Katherine B. Connelly, Matthew T. Connolly, Mary G. Connor, Leonora R. Connors, Beatrice H. Crump, Joseph Cryden, Kathleen A. Deery, Teresa A. Delaney, Agnes V. Denehy, Dorothy G. Dewar, Mary E. Doherty, Antonio E. F. Donadio, Alice L. Dooley, Katherine L. Dowling, Margaret M. Drinkwater, William H. Dugan, John Elberfeld, Catherine A. Faunce, Samuel Feldman, Marion E. Ferrari, Harry Finger, James J. Foley, Adeline Gamer, Francis J. Gibbons, Bessie Ginsburg, Victor B. Glunts, Maxwell Goldings, Rose Goren, Katherine M. Hannigan, John P. Hanrahan, Eli Helfen, Mary K. Hickey, William B. Hickey, Dorothy C. Hocknell, Louise L. Howe, Alice M. Hurley, Edith Keeler, John K. Keelon, Dorothea M. Kelley, Katherine Keough, Marguerite M. Klueber, Alice P. Larson, Guy C. Lentini, Harry K. Lesser, Anthony M. Lewis, Benjamin Liberfarb, Marion A. Long, Charles J. Lynch, Florence Magner, Marie E. Malaguerra, Mabel C. McAnany, Anna G. McCarthy, Irene F. McDonald, Frances C. McKenna, Mary K. McLaughlin, Joseph L. McNamara, Southard Menzel, Sam A. Midman, David Miller Rhoda C. Millett, Helen J. Mitchell, Gertrude A. Morrissey, Edward F. Murphy, Irving Neiman, Mary E. Nichols, Eileen E. O'Neill,

Muriel M. Page, Marguerite T. Pote, Mary H. Reagan, William J. Reid, Isabel G. Reilly, Rosemary L. Reilly, Margaret Ricker, Marjorie P. Riley, Beryl J. Roberts, Marion S. Rodger, Matilda S. Rosenfeld, Eben Rosenfield, David E. Rosengard, Edward I. Rosenthal, Frances E. Rowlinson, Rose Russo, Dorothy E. Salisbury, Samuel B. Salvin, Frances A. Scoff, Samuel Shlifer, Agnes C. Smith, Alice M. Smith, Bernice A. Smith, Hyman Sobell, Mary G. Sweeney, Winifred A. Thompson, Phineas Tobe, Catherine A. Twomey, Mary E. Twomey, Alice A. Tyner, Eleanor J. Vogel, Miriam A. Vorbeau, Harriet A. White, Irene A. Yurenas.

Day Intermediate Schools—Mary G. Adams, Theresa R. Aicardi, Agnes T. Allen, Miriam C. Allison, Edith J. Appleblad, Selma R. Axelrod, Helen F. Bailey, Sara F. Bazoll, Ruby Benrimo, Theresa M. Bergamini, Anna S. Berns, Robert M. Bloom, Leonora R. Boris, Estelle S. M. Boselli, Eugene G. Branca, Helen L. Butler, Matilda A. Camer, Aileen E. Carpenter, Alice B. Cavanagh, Margaret B. Clancy, Mary P. Collieran, Mary B. Conaty, Adelaide A. Connors, Claire A. Cook, Louis Cooperstein, Ruth C. Cox, Agnes M. Coyne, Catherine C. Curran, Yolanda D'Alessandro, Anne M. Dargin, Elizabeth Dempsey, Allan J. Doherty, Frances H. Dolimount, Charles K. Donohoe, Paul H. Donovan, Alice L. Dooley, Ruth B. Dowd, Augustus J. Downey, Jeremiah J. Downey, Rosemary M. Doyle, Lillian Dubrow, Mildred R. Ducey, Cecilia A. Dunphy, Florence Farber, Elene W. Farello, Martin J. Feeney, Grace E. Field, William Fishman, Claire M. Fitzpatrick, Katherine M. Ford, Cecelia M. Frank, Catherine T. Frazier, Berenice Gelfand, Ida E. Geller, Nora Gill, Mildred E. Glennon, Selma Goldstein, Elizabeth Gordon, Anna D. Gray, Selma M. Gross, Gladys M. Hamilton, Mary M. Hatton, Mary E. Haverty, Catherine J. Healy, Elizabeth M. Heffernan, Eileen G. Hefron, Florence I. B. Herman, Wanda A. A. Herman, Catherine E. Hermitage, William B. Hickey, Marguerite L. Hill, Helen E. Hodges, Dorothy G. Keefe, Mary J. Keleher, Agnes G. Kilduff, Dorothy M. Killion, Emma H. Kinsela, Tillie R. Kornetsky, Marion Krim, Marguerite J. LaLiberte, Jacqueline M. Lamarca, Mary F. Landrigan, Etta Leek, Guy C. Lentini, Dorothy Lewis, Kathleen E. Lowney, Dorothy E. Mackenzie, Ruth M. Magnuson, Esther Maguire, Margaret M. Maguire, E. Eileen Maher, Rebecca M. Mahoney, Catherine M. Maney, Mabel C. McAnany, Gertrude McCarron, Alfred J. McCarthy, Margaret E. McCarthy, William J. McCarthy, Walter R. McClure, Marguerite C. McCormack, Helen M. P. McCormick, Ruth A. McCue, Anna K. McDonough, James R. McGillivray, Dorothy L. McQuilland, Caroline Mekelburg, Mary G. Miccichi, David Miller, Josephine E. Miller, Mary C. E. Mooney, Mary A. Mulcahy, John C. Mullaney, Joseph G. Murray, Louisa Nalbandian, Harriet L. Nee, John R. O'Brien, Eleanor V. O'Connor, Patrick F. O'Connor, Margaret A. O'Leary, Catherine M. O'Toole, Dorothy R. Padula, Leo E. Rafferty, Francis H. Reilly, Mar-

gery L. Reilly, Samuel Reznick, Mildred A. Rice, Katherine A. Riley, Francis A. Romeo, Stella D. Rose, George F. Sawyer, Phyllis H. Schlafman, Elizabeth J. Shulz, Isabel R. Sefton, Mary E. Sen, Marion Shafran, Marion R. Shea, Samuel N. Sheinfeld, Sara F. Silverman, Hyman Sobell, Ruth C. Stewart, Caroline E. Stover, Domenica M. Sturniolo, Lola S. Tassinari, Janet B. Taylor, Pauline A. Thompson, Mary E. Twomey, Alice A. Tyner, Ruth A. Whitmarsh, Eunice Wilson, Joseph V. Wilson, Esther S. Winn, Rebecca L. Wolf, Mary Woronoff.

Day Elementary Schools—Eugenia E. Alexander, Helen E. Atwood, Rose A. Aversa, Louise T. Bailey, Ruth V. Bailey, Erminia A. Ballerino, Margaret F. Barletto, Evelyn M. Barrett, Anna B. Bayard, Anna M. Bergin, Mollie Berly, Dorothy I. Blenkhorn, Mildred T. Bloch, Anna Block, Rebecca Bloom, Charlotte C. Blue, Dorothy M. Bolland, Antoinette M. Bontempo, Augusta F. Borenstein, Anna G. Boudwin, Filomena E. Branca, Mary E. Brennan, Alice J. Brooks, Marie G. Bulman, Rita Burak, Agnes C. Burke, Marie L. Burke, Etta E. Burman, Dorothea A. Burns, Marion L. Burton, Catherine M. Butler, Helen L. Callahan, Mary G. Callahan, Ethel M. Campbell, Nancy B. Carino, Catherine P. Carty, Margaret L. Casey, Margaret M. Casey, Frances S. Cazanove, Mary L. Chapman, Agnes A. Clancy, Elizabeth M. Clancy, Helen F. Clark, Dorothy E. Cohen, Ida Cohen, Lillian A. Cohen, Marion D. Cohen, Pauline Cohen, Grace R. Colchester, Irene E. Collicott, Helen M. Collins, Katherine A. Collins, Kathleen M. Concannon, Helen G. Conley, Catherine B. Conners, Esther T. Connolly, Rita T. Conway, Dorothy A. Cook, Janet L. Cook, Elizabeth A. Corrigan, Regina H. Cotter, Mabelle A. Coyne, Veronica A. Croke, Mary M. Cronin, Lillian L. Crosby, Marie H. Crowley, Charlotte M. Crozier, Gertrude L. Cusack, Gertrude J. Cussen, Mary A. Decareau, Theresa M. DeGrandis, M. Loretta Dillon, Catherine T. Doherty, Kathleen L. Doherty, Kathryn F. Doherty, Claire Dolby, Helen T. Donnelly, Ruth V. Donnelly, Catherine F. Donovan, Margaret V. Donovan, Maud A. Dooley, Isabel A. Downey, Esther M. Doyle, Helen M. Dracos, Edith E. Drew, Margaret M. Drinkwater, Margaret C. Dubar, Mildred M. Dungan, Pauline Ehrlich, Edith R. Eldracher, Alma L. Ellgner, Ellen S. Enos, Frances Epstein, Julia M. Failon, Mary E. Fallon, Florence Farber, Loretta M. Feely, Eve H. Feldman, Isabelle H. Feldman, Reva R. Fellman, Anne G. Fennessey, Geraldine P. Ferris, Helen J. Finan, Helen Fine, Margaret E. Fisher, Margaret M. Fitzgerald, Rose M. Fitzgerald, Catherine M. Fitzpatrick, Mary A. Fitzsimons, Elizabeth M. Flanagan, Louise M. Flavin, Catharine A. Flynn, Mary A. Flynn, Marion F. Fogarty, Margaret M. Foley, Thelma Fortunati, Rebecca Freeman, Helen M. Friedel, Sylvia Friedman, Beulah L. Fruean, Mary A. Fuhs, Alice E. Gallagher, Elizabeth J. Gallagher, Ruth L. Gallant, Elizabeth I. Garvin, Alice R. Geary, Charlotte E. Gibson, Catherine C. Gill, Gertrude R. Gill, Sylvia Ginns, Evelyn A.

Glavin, Ruth A. Glavin, Christina L. Golden, Ruth L. Goldman, Eileen M. Goode, Mary J. Grant, Margaret E. Gray, Lillian L. Green, Marion E. Grocott, Mary A. Gurley, Rose M. Haddad, Mary F. Halligan, Ann G. Halloran, Marion F. Hally, Reva R. Halperin, Helen E. Harrington, Frances E. Heenan, Ethel H. Heffron, Doris G. Hines, Helen M. Hoar, Ruth E. Holland, Mary A. Holloran, Adeline M. Holub, Georgia L. Horne, Lillian F. Hurley, Beatrice E. Huskins, Katharine L. Jenness, Anna T. Joyce, Doris B. Kapstein, Marcia Karp, Eleanor J. Keefe, Mary L. Keenan, Mary J. Kelleher, Patricia F. Kelleher, Sally W. Kelly, Margaret R. King, Antoinette Kourouy, Gertrude Kramer, Rachel Kudish, Marion G. Lane, Mary G. Lawless, Anna D. Leary, Ruth A. Leddy, Josephine M. Lima, Mary I. Lipner, Doris A. Loeher, Della London, Margaret T. Long, Barbara A. Lynch, Helen M. Lynch, Patricia R. Lynch, Ruth E. Lynch, Mary A. Lyons, Mary P. MacIntyre, Genevieve L. K. Mackey, Helen M. MacKinnon, Elizabeth M. MacNeil, Margaret E. MacNeil, Annie MacWilliams, Mary E. Magennis, Louise V. Maguire, Kathryn M. Mahoney, Mary R. Mallard, Catherine M. Manning, Mary M. Manning, Mary S. Marco, Ruth Marcus, Evelyn J. Martin, Helen T. Martin, Mary T. Martin, Mary V. Martin, Thomasina J. Marto, Mary E. Mason, Clare L. McCarthy, Eileen M. McCarthy, Helen A. McCarthy, Helen F. McCarthy, Mary F. McCarthy, E. Mary McCarty, Dorothy M. McCormack, Ruth A. McCue, Madeline McDermott, Mary A. McDermott, Mary E. McDermott, Helen McGillicuddy, Mary E. McGovern, E. Marion McGreal, Hanna V. McLaughlin, Jane McLaughlin, Ruth M. McLaughlin, Alice L. McMorro, Anna T. McNerny, Mary A. McNulty, Ruth C. McNulty, Eleanor M. McTiernan, Mary B. McTiernan, Katherine M. Meara, Mary A. Meehan, Mary M. Miller, Mary C. Millitari, Lucy M. Moisan, Margaret A. Moore, Mary G. Moran, Mary L. Moran, Winnie C. Morawski, Mary C. Moretti, Dorothy K. Morrill, Dorothy V. Morris, Mary A. Mulcahy, Eileen M. Mullaney, Mary A. Mullin, Margaret M. Murnane, Dolores M. Murphy, Frances E. Murphy, Margaret L. Murphy, Veronica R. Murphy, Rose Myerson, Rosemary L. Neagle, Dorothy K. Neary, Harriet L. Nee, Elizabeth Nerden, Kathleen M. Noonan, Hazel C. Oakhem, Catherine M. O'Brien, Gertrude M. O'Brien, M. Louise O'Brien, Katherine E. Ochs, Rose M. O'Donnell, Frances D. O'Leary, Rosalind G. Olim, Freda R. Oppen, Mary M. O'Riordan, Frances P. O'Shea, Dorothy A. Owens, Amy L. Palladino, Alice R. Pallister, Evelyn V. Penta, Bessie Perlman, Mary K. Phelan, Catherine E. Power, Marion F. Purdy, Mae B. Quimby, Dorothy Quincy, Edna G. Quinn, Margaret E. Quirck, Mary M. Rafferty, Rose R. Rappaport, Martha D. Rask, Elizabeth M. Reagan, Helen M. Redding, Florence M. Reid, Mildred A. Rice, Helen Riddoch, Stella D. Rose, Frances S. Rosen, Estelle S. Rosenthal, Mildred L. Rowe, Anne M. Rubin, Cecile B. Rubin, Florence E. Rubin, Emilia M. Rubino, Esther B. Rudd, M. Gladys Rupp, Florence K. Russell, Mary A. Russell, Mary F. Russo, Nadine E. Sander, Anne K. Scally, Gertrude H. Schultz,

Esther Schwartz, Doris K. Seary, Helen G. Sheehan, Marion H. Sheehan, M. Alice Sheridan, Josephine S. Silbert, Rose Silverman, Sara F. Silverman, Bernice S. Simons, Helen F. Simonton, Alice V. Slater, Grace V. Sloan, Gertrude E. Smith, Theresa M. Spadazzi, Margarita M. Sturniolo, Mary E. Sullivan, Mary L. Sullivan, Miriam H. Sullivan, Mabelle K. Supple, Gertrude Sussman, Helen E. Tarbox, Gertrude A. Tarutz, Teresa S. Tarutz, Esther R. Tick, Alice M. Tilley, Marion K. Tinker, Mary A. Tonougar, Dorothy Tracey, Margaret H. Tracy, Mary J. Tracy, M. Natalie Trundy, Viola F. Velardo, Gladys I. Vienneau, Rose E. Vinton, Clarissa Wall, Florence I. Walsh, Katherine T. Walsh, Doris A. Warner, Helen D. Watson, Edith G. Weiner, Marion J. Welch, Loretta M. Wellings, Alice M. Wells, Vivian A. Wheaton, Marjorie M. Williams, Alice M. Willis, Rosamond A. Wilson, Lillian S. Wittenberg, Dorothy B. Yoffe, Annie L. Young, Helen Zarling.

Kindergartens—Doris M. Appleton, Mary M. Badessa, Louise T. Bailey, Ruth V. Bailey, Anna B. Bayard, Augusta H. Bergson, Agnes C. Burke, Lillian A. Cohen, Mary B. D'Arcy, Mary L. Devlin, Dorothea C. Donovan, Theresa M. Dowd, Ethel R. Ellis, Sylvia Friedman, Beulah L. Fruean, Gertrude R. Gill, Doris M. Gorman, Sylvia Green, Mary F. Halligan, Helen E. Harrington, Alice L. Humphrey, Agnes C. Johnsen, Marjorie T. Kelley, Anne L. Kenny, Harriet E. Knowles, Pauline Lapidus, Eleanor L. Lee, Nora Levine, Anna I. Machado, Ann A. Mackie, Irma F. Markson, Florence L. McCarthy, Helen J. McCarthy, Jane McLaughlin, Mary K. McLaughlin, Marion L. McTiernan, Dorothy C. Muldoon, Dorothy M. Mulloney, Margaret L. Murray, Louise O'Callaghan, Margaret M. O'Callaghan, Ellen M. Palaima, Mary E. Pendergast, Rose Perlmutter, Norma S. Rivkind, Sara Rosen, Clara R. Shaman, Marjorie Thorner, Beverly R. Trundy, Mary C. Walsh, Gertrude F. Whelan.

Boston Clerical School—Anna E. Beck, Ivy Berger, Margaret M. Brown, Catherine A. Bunyon, Frances C. Cronin, Mary M. Cunningham, Rose A. Daly, Ethel Forsyth, Mary M. Goode, Eleanor M. Kass, Helen G. Knarr, Dorothea K. Macleod, Mary K. McCarthy, Helen L. McGillicuddy, Ruth M. McLaughlin, Hugh McNulty, Anna C. Minehan, Mary R. O'Neill, Doris Schlafman, Esther G. Smith, Ervinda C. Swirkal, Mary A. Thompson, Dorothy M. Zuke.

Boston Trade School—Victor B. Glunts, William J. Reid, Reuben Rosen, Irving Rosenbloom, Joseph T. Sheehan, Samuel Shiffer, Frank E. Sullivan, Maurice Zeserson.

Trade School for Girls—Helen L. Schmidt.

Continuation and South End Intermediate Schools—Mary L. Cassone, John Elberfeld, Florence Farber, Catherine J. Healy, Tillie E. Kornetsky, Thomas F. Meagher, William J. Reid, Sara F. Silverman, Agnes W. Templeton, Phineas Tobe, Edwin F. Trueman.

Classes for Conservation of Eyesight—Caroline E. Stover, Rosamond A. Wilson.

Department of Music—George T. Barrett, H. John Calabro, Stanley

F. Clement, Olive M. Day, Faith Donovan, Joseph W. Donovan, Michael Famiglietti, Lyman W. Freeman, Rose A. Garrity, Alice K. Gorman, Franz T. Hain, Julius M. Kostick, Arlie W. Latham, William Lindner, Joseph L. McHugh, Joseph J. McNamara, Harry E. Myhr, Irma Seydel, Alson R. Whitcheer.

Department of Physical Education—Ruth E. Ambrose, Mary Crehan, James H. Crowley, Elizabeth E. Dooley, Rosalie E. FitzGerald, Frances E. Galvin, Gertrude L. Hallahan, Phyllis Harris, Joseph J. Hughes, Ruth Lougee, James C. Murphy, J. Stephen Patton, William F. Sullivan, Eleanor S. Thomas.

Disciplinary Day School—Jeanette S. Casey, Ruth B. Dowd, Luke A. Petrocelli.

Horace Mann School—Agnes A. Clancy, Eileen E. Connolly, Alice H. Damon, Ruth McDermott, Edith N. Rosenstein, Nell Roth, Anne M. Rubin, Rowena Pressey, Marion J. Welch.

Salesmanship — Theresa Dodge, Clara W. Hill, Beatrice Locke, Joseph Merriam, Mary Norris, Barbara Pratt, Elizabeth Rathbourne, Lucy Thayer.

Special Classes—Josephine Angelo, Lillian W. Balcom, Mary E. Clark, Dorothy H. Clarke, Frances M. Conley, Catherine M. Dacey, Margaret V. Donovan, Alice G. Dunne, Helen C. Griffin, Catherine J. Harrington, Alice M. Hopkins, Gertrude M. Kinsman, Alice L. McMorro, Winnie C. Morawski, Mary V. Parlon, Eleanor K. Stafford, Doris M. Weinbaum.

Speech Improvement Classes — Rose M. Fitzgibbon, Margaret R. King, Rose Landy, Cecilia M. McCann, M. Barbara Spindler.

Approved.

TEMPORARY TEACHERS

Hyde Park High School—Frank J. Celona, co-operative instructor, Sept. 11, 1936.

Roslindale High School—John J. Malone, Paul C. O'Regan, instructors, mechanic arts, Sept. 10, 1936; Francis P. Assmus, George Thomson, Jr., instructors, mechanic arts, Sept. 21, 1936.

DEPARTMENT OF EXTENDED USE OF PUBLIC SCHOOLS

Term 1936-37

A communication was received from the Superintendent, under date of Oct. 5, 1936, reporting that subject to the approval of the School Committee he has assigned the following-named persons to serve in the Department of the Extended Use of the Public Schools for the term of 1936-37:

Orchestra Conductor—George E. M. Dickinson, October 7, 1936.

Musical Conductors—Leon E. Baldwin, Emelia Ippolito, October 7, 1936.

Club Leaders—Marion Atwood, L. Halbert Brown, Joseph F. Burke, Rose Casassa, Anne E. Gerah, Paul B. Gill, William A. Hazelboom, Raymond F. Higgins, P. Francis Hogan, Louis H. Karshick, John J. Keegan, Alfred A. Mann, Joseph Mannino, Alice Mayers, John T. McGee, Patrick J. McGuinness, James F. Mealey, William B. Nugent, Percy C. Peters, Freda Regolsky, Leo C. Renaud, William M. Rogers, Walter E. Shaughnessy, Edward R. Welch, October 7, 1936.

Leaders—Annie C. Abbott, Theresa R. Aicardi, Norma Allen, Cora M. Arnold, Josephine P. Arntzen, Sarah A. Bailey, Lillian W. Balcom, Ethel Baldwin, Helen M. Barry, Jessie L. Barry, Mary T. Bennett, Lillian C. Booth, John Brett, Leona F. Bucknam, Rose A. Butler, Mary Campbell, Mary E. Carbone, Argentina L. Cardillo, James S. Carmody, Mary R. Carven, Augustine Charbonnier, Estelle A. Chippendale, Lillian Cobin, Bernard J. Conley, Bernard J. Conley, Jr., Arthur J. Connery, Florence C. Cook, Freda A. Cotter, Helen E. Coughlin, Mary Crehan, Margaret M. Cummings, Charles C. Dailey, Thomas Davies, Frances Deagan, Elizabeth C. Davin, Charles Devlin, Ralph Di Mattia, Charles J. Donovan, Edward F. Dowd, Anna K. Eaton, John Elberfeld, Edward A. Fallon, Catherine A. Faunce, Anna M. Fenton, Mabel M. Ferguson, Ann Flaherty, Matthew J. Gately, James P. Gibbons, Mary Gibbons, Mary T. Gilboy, Francis W. Gill, John L. Gillen, Ruth Goldberg, Gertrude E. Goldfine, Martha Goldman, Gertrude Grady, Anna E. Harrington, M. Hilda Hayes, Anna T. Healy, Catherine J. Healy, Mary E. Hennessey, Helena F. Heriot, George M. Hughes, Joseph D. Hughes, Orra F. Humphrey, Mary F. Humphreys, Harriet E. Johnson, George H. Kearney, Claire P. Keating, Jeffrey J. Keating, Gertrude E. Kelley, James P. Kelley, James J. Kelly, John F. Kelly, Velma F. Knowles, Muriel Kodis, Edna S. Lamb, Michael J. Lannon, Lewis B. Leary, John K. Lennon, Katherine M. Lesch, Hazel J. Lester, Samuel Levin, Gandolfa Lima, Dorothy M. Lowney, Mary E. Lyons, Loretta B. MacDonald, Mary J. Marto, Lola Mason, Mary E. Maxwell, Gertrude R. McCarron, John J. McCarron, Charles P. McGuire, Margaret McMahon, Edith H. McPeake, Mary Milgroom, Sylvia M. Minucci, Clare E. Morgan, John F. Morgan, Mary D. Morse, Marjorie V. Muller, Ann V. O'Donnell, Alice O'Hanasian, Helen Olson, Isabel P. Orr, Dorothy R. Padula, John M. Page, Effie W. Persons, Marion F. Peterson, Lillian A. Phillips, Eleanor L. Prendergast, Marguerite H. Prezioso, Anne Regan, Collette J. Ray, Mary A. Reilly, Sarah G. Reynolds, John J. Riley, Joseph F. Rogers, Gilda O. Rossetti, Grace L. Russell, Mark F. Russo, Peter A. Scandone, Marie Schulz, Ruth Y. Shapiro, Stanley Sikora, Marion C. Stahl, Rufus Stickney, Alice M. Sullivan, James P. Sullivan, Frank H. Tasso, Joseph A. Trongone, Pearl I. Tucker, Frank S. Van Wart, Peter J. Ventre, Frank L. Ward, Louis J. M. Waxman, Alice T. West, Margaret A. White, Esther Whittaker, Lillian

G. Zilg, October 7, 1936; Leon Baldwin, October 9, 1936.

Assistant Leaders—John R. Bailey, Thomas F. Barry, Elizabeth A. Beasley, Robert E. Burns, Frederick P. Carmody, John E. Carty, Patrick J. Casey, Joseph F. Carven, Anna Corsano, Anthony Costa, Isabelle E. Coveney, Joseph P. Crimmins, Albert H. Crooker, Margaret E. Cushing, Frances Deagan, Bertha Deane, William F. Devine, Francis Donovan, Walter T. Driscoll, John H. Duffy, Austin G. Durham, Anna M. Fenton, George T. Fitzgerald, Margaret A. Fitzgerald, Robert L. Fitzpatrick, Clara M. Fleming, Charles J. Foley, Gertrude Gallagher, Charles K. Gibson, Mary Granaro, Christopher Grant, Elizabeth Hallstrom, Rosina Harcourt, Gerard M. Hennigan, Harriet Hutchings, James Keegan, James Kelley, Peter J. Kelley, Henry J. Lawler, John J. Liston, George A. Lyons, William F. Mahoney, William L. Malone, Frederick C. Mathies, Edward M. McFarland, Jeremiah J. McGillicuddy, William E. McIntosh, John McKeon, James J. McKiernan, Joseph Moroney, Hazel Morrell, Charles H. Morse, Margaret M. Murphy, William T. Murray, Jennie M. Murtha, John C. O'Connor, John H. O'Donnell, Imogene L. Owen, Luke A. Petrocelli, John J. Quigg, George W. Quilty, Charles F. Reynolds, John Roach, Michael C. Rose, Angelo L. Saporiti, Katherine Schutz, John J. Shine, M. Edward Spillane, Olympia J. Straton, Charles R. Sullivan, James W. Sullivan, Robert J. Sullivan, Robert W. Swett, Pearl I. Tucker, John F. Wanders, Henry J. Whalen, Leslie P. Whelan, Frank D. Williams, October 7, 1936; Ethel Baldwin, Ruth Y. Shapiro, October 9, 1936.

Attendants—Josephine Murphy, Nettie M. O'Brien, October 7, 1936.

Operators—Thomas Aykroyd, Edward M. Barry, Robert L. Brooks, Frank E. Fleming, James Keegan, Arthur C. Pettingill, Edward F. Pickett, Max Shaps, Morris H. Waldman, October 14, 1936.

General Helpers—John F. Burke, Clifford J. Daly, John A. Farley, George A. Gallagher, John P. Holt, Edward F. Lanergan, Henry E. La Piente, Daniel F. McCabe, Thomas F. McCall, Denis F. McCarthy, James A. Mulligan, William J. O'Connell, Joseph F. O'Neill, September 1, 1936; Clarence J. A'Hearn, William W. Brooks, George W. Buchanan, Jr., Daniel J. Campbell, Joseph M. Connor, Edward F. Dowd, John J. Farren, James J. Healy, Peter F. Hines, Thomas R. Kelley, John Keohane, Francis J. Linehan, Daniel M. Long, Henry F. Lyons, William F. Mahoney, Kashadoor A. Mardoian, John B. Martin, James E. McAllister, Philip P. Perry, Louis Potenza, David Quinn, James R. Ring, John J. Van Wart, Andrew J. Walsh, October 1, 1936; John J. Keegan, William B. Nugent, October 5, 1936.

Helpers—Julia M. Ashman, Mary J. Conlan, Anna H. Curley, Mary A. Doyle, Margaret J. Gannon, Frances C. Healy, Nellie Lydon, Annie J. Killoran, Genevieve L. Mackey, Annie Norris, Josephine E. Quinn, Joanna C. Woods, October 1, 1936; Amy Hamilton, October 5, 1936.

Approved.

TRANSFER

A communication was received from the Superintendent, under date of Oct. 5, 1936, reporting that subject to the approval of the School Committee, he has made the following transfer of a teacher:

Elizabeth J. King, assistant, special class, Abraham Lincoln District, to the same position in the Sherwin District, Oct. 13, 1936. Approved.

LEAVE OF ABSENCE

On the report of the Superintendent, leave of absence was granted the following named teacher for the term specified:

Mechanic Arts High School—Richard Benson, junior master, Sept. 11, 1936, one day, court summons.

ASSIGNMENTS

A communication was received from the Superintendent, under date of Oct. 5, 1936, reporting that subject to the approval of the School Committee he has assigned Arvid J. Wahlstrom, shop foreman, Department of Manual Arts, to the Roslindale High School, one-third time, without change of rank or salary, to take effect Sept. 9, 1936, and to continue during the school year ending Aug. 31, 1937, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved.

On motion of the Superintendent, it was

ORDERED, That the assignment, without change of rank or salary of Rudolph N. Marginot, trade instructor, Continuation School, is hereby authorized for such portion of the current fiscal year as may, in the discretion of the Superintendent, be necessary in organizing, in cooperation with the State Department of Education, apprentice classes to be conducted during the current school year, the cost of a substitute to be covered by Federal funds administered by the Commissioner of Education by special distribution to the City of Boston, and reimbursement made by the State Department of Education to the City of Boston for all other expenses in the amount of fifty per cent (50 per cent).

DESIGNATIONS

A communication was received from the Superintendent, under date of Oct. 5, 1936, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1937:

Bigelow District—Amelda M. Holthaus, assistant, elementary, as acting master's assistant (vice Pauline R. Powers, absent on le. v.), Sept. 1, 1936.

Samuel Adams District—Irene O. Mulrey, assistant, kindergarten, as acting first assistant, kindergarten, Sept. 1, 1936; Mary

F. Lowney, assistant, kindergarten, as acting first assistant, kindergarten (vice Alice G. Muldoon, absent on leave), Sept. 1, 1936.

Theodore Roosevelt Intermediate District—A. Florence Pow, assistant, elementary, as acting master's assistant, Sept. 1, 1936.

Placed on file.

A communication was received from the Superintendent, under date of Oct. 5, 1936, reporting that he has made the following designation, to take effect on the date stated:

Dorchester High School for Girls—Helen F. Keefe, assistant, to take charge of the Dorchester High School for Girls Annex in the Henry L. Pierce Building, Oct. 6, 1936.

Placed on file.

TERMINATION OF SERVICE IN
"WO-SESSION K I N D E R
GARTENS.

A communication was received from the Superintendent, under date of Oct. 5, 1936, reporting that subject to the approval of the School Committee he has terminated the service of the following-named teachers in the afternoon sessions of the kindergartens indicated, to take effect on the dates stated:

Beethoven District—Marion E. Godfrey, first assistant, kindergarten, Sept. 30, 1936.

Mather District—Dorothea A. Schiel, assistant, kindergarten, Oct. 2, 1936.

Approved.

EMPLOYMENT OF SPECIAL
ASSISTANT, READING CEN-
TER, THE TEACHERS COL-
LEGE

On motion of the Superintendent, it was

ORDERED, That for the current school year, the Superintendent is hereby authorized to employ a special assistant in the reading center of The Teachers College, compensation to be at the rate of five dollars (\$5) per day of service.

EMERGENCY APPOINTMENTS
AND TRANSFERS OF LUNCH-
ROOM EMPLOYEES

On motion, it was

ORDERED, That the Superintendent is hereby authorized to make such emergency appointments and transfers as may be necessary for the conduct of lunchrooms in the Jeremiah E. Burke High School for Girls and the Roslindale High School.

ESTABLISHMENT OF RAPID
ADVANCEMENT CLASSES

On motion of the Superintendent, it was

ORDERED, That the following rapid advancement classes are hereby established for the school year ending August 31, 1937, unless discontinued prior to that date by order of the School Committee:

Christopher Gibson District1
Grover Cleveland District2

Julia Ward Howe District2
Henry L. Higginson District2
William Lloyd Garrison District...3

AMENDMENT TO RULES AND
REGULATIONS

The following was offered:

ORDERED, That the Rules are hereby amended as follows:

Section 66, paragraph 1. In the fourth line strike out the word "sub-committee" and substitute in place thereof the word—member—so that the paragraph shall read as follows:

Sect. 66. 1. The board of superintendents shall give written opinions on any question when so required by the superintendent, the School Committee, or any member thereof; and may present to the School Committee recommendations on its own initiative whenever occasion warrants.

Laid over.

COURSE IN CLOTHING DESIGN,
BOSTON TRADE SCHOOL
EVENING CLASSES

On motion of the Superintendent, it was

ORDERED, That Clothing Design is hereby added to the list of "Approved Trades" for the Boston Trade School, Evening Classes.

CORRECTION OF ELIGIBLE
LIST

On motion, it was

ORDERED, That School Document No. 2, 1936—Candidates Eligible for Permanent Appointment as Teachers, is hereby corrected as follows:

Under "The Teachers College Elementary Certificates, Prior to 1933," strike out the item—

822.04 Louise V. Maguire June 30, 1941
and substitute in place thereof—
883.33 Louise V. Maguire June 30, 1941

Under "Certificate XXX" restore the following name with the subject and rating indicated:

POWER MACHINE OPERATING

813 Mary J. Marto Dec. 31, 1941
Under "Certificate XXXI" restore the following names with the subjects and ratings indicated:

POWER MACHINE OPERATING

894 J. Edward Mulvanity, Dec. 31, 1941

MECHANICAL DRAFTING

891 Edward W. Dixon Dec. 31, 1937

MILL WORK

859 Anthony F. Mayr Dec. 31, 1941

PRINTING-COMPOSITION

850 Charles R. O'Malley Dec. 31, 1941

REMOVAL OF NAMES FROM
ELIGIBLE LIST

A communication was received from the Board of Superintendents, under date of Oct. 5, 1936, reporting the amendment of School Document No. 2, 1936—Candidates Eligible for Permanent Appointment as Teachers—as follows:

Page 15. The Teachers College—Elementary Certificates, Class of 1932, The Teachers College of the City of Boston. 731.79. Mary R. MacDonald. Name removed by request.

Page 22. The Teachers College—Elementary Certificates, Prior to

1933. 848.55. Mary E. Hayes. Name removed by request.

Placed on file.

ANNUAL REPORT OF THE BUSINESS MANAGER

The Annual Report of the Business Manager on the cost of public school education in the City of Boston for the financial year 1935, being School Document No. 1, 1936, was presented.

The report of the Business Manager was accepted and was adopted as the financial report of the School Committee for the year 1935.

USE OF AMERICAN-MADE GOODS IN SCHOOLS

Business Manager: In connection with that report and the information therein, may I reply to Dr. Mackey's charges made at the meeting of July 28, about foreign goods in the schools, goods from other states, and several other matters.

Dr. Mackey: In so far as Mr. Sullivan has brought that in, I am willing to say right here and now that we have in every City Department here in Boston Japanese products coming in under the guise of American products, and as a member of this Committee, elected by the citizens of Boston, I demand that no products shall come in here without proper investigation, so that the companies that we are doing business with shall prove thoroughly to this Committee and to the people of Boston that they are American-made goods.

Chairman: May I interrupt to ask if we may have the Secretary read Mr. Sullivan's report?

The report was read, as follows:

"On July 28, 1936, and during the absence of the Business Manager from the city, Dr. Charles E. Mackey made the following statements in substance to the School Committee and to the press:

- That all contracts be given only to American concerns
- That he (Dr. Mackey) had the misfortune of going to some schools and seeing foreign articles of school items
- That the State of Massachusetts, including Boston, should be given first preference in the award of contracts for supplies and equipment
- That he (Dr. Mackey) would like to know the names of the countries and the various states that are supplying our school system
- That he (Dr. Mackey) is absolutely in favor of American goods and not foreign goods, such as English, Japanese or otherwise, and that it is high time that the School Committee as well as others should be in favor of American made goods and not foreign goods

- That he (Dr. Mackey) objects to the use of out-of-state products in the schools. (Quoted in press).

"In reply to Dr. Mackey, may I advise the School Committee, for the records, as follows:

"All contracts are given to American concerns except on a rare occasion, where it is necessary to import books or pamphlets on modern foreign languages, such books

not being obtainable in the United States. That there are but very few items purchased for the schools at any time that are manufactured in foreign countries. The State of Massachusetts, and Boston, are always given first preference in the award of contracts, but only where Boston and Massachusetts concerns are the lowest or equally low bidders, price and quality being equal. It is a fact that many of the articles that we buy for the schools are manufactured outside the state. It has been stated in this communication that the schools have used, at any time, but very few goods manufactured in foreign countries. It is equally true that goods being used in the schools contain materials that come from foreign countries—rubber in erasers is an example. Furthermore, the importation of foreign goods to be sold in America is the concern particularly of the Washington administration. The United States government must constantly concern itself with effective tariff readjustments designed for the purpose of preventing the importation of articles manufactured by cheap labor in foreign countries which might threaten American labor and American industries destructively.

"The dangerous part of Dr. Mackey's remarks, in the opinion of the Business Manager, is his statements with respect to products and supplies from other states. If Boston and other cities and towns attempt to exclude other states from doing business in Massachusetts, retaliatory measures against Massachusetts products and industries will start in other states with the consequence that Boston and Massachusetts business will be placed in a strait-jacket, with a resultant loss to the citizens and a further increase in the number of persons unemployed. A Chinese wall cannot be placed around Boston or Massachusetts, in the manner suggested by Dr. Mackey, without resulting loss to its business establishments and to its citizens."

Dr. Mackey: Mr. Sullivan does admit that we are having erasers and other supplies brought in here which are Japanese products.

Business Manager: I stated in my report that the rubber used in erasers comes from foreign countries. We do not grow rubber in the United States in sufficient quantity to attach to lead pencils or to make tires. The rubber comes from South America. That was one of the items that came to my mind. There may be other items that are used in the schools. All rubber that is used in this country comes from foreign countries but it is manufactured into tires, erasers, etc., in the United States.

The main part of my reply is directed to the danger of excluding products from other states and creating retaliatory measures against Boston and against Massachusetts.

I cannot call to mind this minute any foreign goods in the schools that I know of. I would like to have it brought out that Dr. Mackey is misinformed if he thinks there are used in the schools of Boston any substantial number of items manufactured in Japan or elsewhere.

Dr. Mackey: As a matter of fact, I will show you an eraser that was made in Japan, that was bought for one cent, and the American product costs three cents. Although it costs two cents more, I believe in the interest of the citizens of Boston we are obligated to them to give them employment, even if it costs two cents more.

Just because of the fact that the article may cost a great deal more is no reason why we shouldn't take care of American people. If anybody in Boston can give a contract to us, even though it is slightly higher than the price of an out-of-town concern, we should give Boston and Massachusetts the preference.

We had an illustration of that two years ago with a certain Philadelphia book company, when we had unemployed bookbinders and printers in this city, and instead of giving the work to them the contract was given to a concern in Philadelphia, when it is our duty to take care first of the unemployment in this city and then of the state.

Business Manager: I am answering the charges that were made. My answer is to the charges that were made and the depositions that were made by Dr. Mackey in my absence, and I have specifically answered these charges so that the School Committee as a whole will know exactly what is happening in the schools with reference to the purchase of supplies and equipment.

May I state again that I know of no articles used in the schools that are manufactured in foreign countries?

Chairman: Specifically Dr. Mackey referred to erasers.

Business Manager: How about the tires on Dr. Mackey's automobile?

Chairman: I think Dr. Mackey referred to manufactured products used in the schools.

Business Manager: There are no erasers and no pencils manufactured in England or Japan or elsewhere that are being used in the Boston Public Schools. They are all manufactured in America. It is true that there are many items from out of the state. There is not a pencil manufacturer in Massachusetts. Most of the manufacturers are in New York and New Jersey. You couldn't buy pencils from a manufacturer in Massachusetts. Even if a manufacturer quoted prices direct, the sale would go through jobbers. All of our pencils are secured from jobbers representing manufacturers located in New Jersey, Tennessee and other places. There are no manufacturers of pencils in Massachusetts.

Dr. Mackey: I wish to make a motion here now that any future contracts that come into the Boston school system, that first of all Boston shall be given the preference, and if Boston contractors are not able to take care of the contracts, that the contracts must be given preferably to contractors in Massachusetts over any outside state.

Business Manager: I have answered that the preference is given. In other words, if a Boston concern puts in a bid and it is equally low

with a Chelsea concern or Springfield concern, the Boston concern gets the business. The same applies to a Massachusetts concern. If a Massachusetts concern puts in a bid and it is equally low with an out-of-state concern, the Massachusetts concern gets the preference over the other states. The School Committee always has done that and I have always done it. Where there is any difference in price it goes to the lowest responsible bidder.

If the School Committee, the Finance Commission, his Honor the Mayor and all the other authorities believe that it is good business to award contracts or purchases to Boston concerns or Massachusetts concerns as against outside concerns, where there is a certain difference in price of 5 per cent, 3 per cent, or 10 per cent, and these authorities set up such a policy, I will be glad to follow it.

Chairman: Is your motion, Dr. Mackey, covered by what Mr. Sullivan just said, or do you mean that there should be a preference in price?

Dr. Mackey: We could let it lie over for future consideration. With the advice of the Business Manager, I think if it is a question of three per cent, four per cent or five per cent, and it is a Boston or Massachusetts concern, I think they should be given the preference over an outsider. I am willing to let it lie over until we can sit in conference with the Business Manager and find out what he thinks would be a fair percentage for the local bidder.

Mr. Tobin: Does Dr. Mackey include text books?

Dr. Mackey: All supplies.

Mr. Tobin: Massachusetts leads in the production of text books over the other states of the Union. I have a fear that if we set up a barrier against concerns outside of Massachusetts, Massachusetts would be the greatest sufferer.

Dr. Mackey: I would be glad to consider that at a later date, and I will be glad to go into the subject in detail. I believe we should take care of our unemployed and our contractors in this state.

Business Manager: The charges and depositions made by Dr. Mackey at the meeting of July 28, as far as the School Committee is concerned and as far as the operation of the schools is concerned, are not in accordance with the facts. We are doing some of the things he wants us to do.

Chairman: I think there is no disagreement there.

Dr. Mackey: I made no personal accusations at all. I merely said that we were supplying our schools with products that were manufactured in foreign countries.

Business Manager: I deny that except where we have to.

Dr. Mackey: I don't see why this country cannot take care of the supplies that are needed and that are manufactured in this country.

Business Manager: If that were true you would not have any tires on your automobile and neither would I.

Chairman: If I am right in my assumption, it stands on the basis that Dr. Mackey suggested, that we had foreign manufactured goods amongst our purchases. Mr.

Sullivan suggests in his reply that such purchases are not made if the materials can be bought in the United States and there is very little, if any foreign manufactured goods used in the schools; and secondly, that Boston firms are given a preference on contracts and bids when all other things are equal.

Is there any further discussion as to that?

Mr. Smith: At the present time if there is a variance in price the low bidder receives the award?

Chairman: And all other things being equal, the Boston firms get the preference, including price.

Chairman: Dr. Mackey's motion is laid over.

AMENDMENT OF SCHEDULE OF COMPENSATION OF CUSTODIANS OF SCHOOL BUILDINGS

On motion, it was

ORDERED, That Section 14 of the Schedule of Compensation for Custodians of School Buildings for Regular Day School Service—School Document No. 9, 1930—is hereby amended by adding the following paragraph, to take effect October 6, 1936:

Roslindale High School—Thirty-five dollars (\$35) per week in addition to the compensation allowed under schedule rates for the purpose of providing day and night service for the building.

ATTENDANCE AT ANNUAL MEETING OF NATIONAL ASSOCIATION OF PUBLIC SCHOOL BUSINESS OFFICIALS

On motion, it was

ORDERED, That Mr. Frederick R. Sullivan, Chairman of the School Committee and Mr. James J. Mahar, Engineer, are hereby authorized to attend the Annual Meeting of the National Association of Public School Business Officials, to be held at St. Louis, Missouri, October 12-16, 1936, at an expense to the city not to exceed three hundred dollars (\$300).

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Oct. 5, 1936, recommending that the following-named custodians be granted leaves of absence one one-half their net compensation for the periods specified, because of personal illness:

John J. Geary, regular substitute custodian, Sept. 29 to Oct. 29, 1936.

Walter R. Mungoven, custodian, Audubon Schoolhouse, Oct. 5 to Nov. 5, 1936.

Placed on file and leaves of absence on one-half net compensation granted for the periods specified.

ADDITIONAL COMPENSATION TO CUSTODIAN, BOSTON CLERICAL SCHOOL

A communication was received from the Schoolhouse Custodian, under date of Oct. 5, 1936, recommending the passage of an accompanying order to provide addition-

al compensation for the custodian of the Boston Clerical School at the rate of four dollars (\$4.00) per day, to take effect Sept. 10, 1936, and to continue during such time as the building is used on the two-session basis, upon certification of such services to the Business Manager by the Schoolhouse Custodian.

Placed on file.

On motion, it was

ORDERED, That Section 14 of the Schedule of Compensation for Custodians of School Buildings for Regular Day School Service—School Document No. 9, 1930—is hereby amended to provide for additional compensation to the custodian of the Boston Clerical School at the rate of four dollars (\$4.00) per day, to take effect Sept. 10, 1936, and to continue during such time as the building is used on the two-session basis, upon certification of such services to the Business Manager by the Schoolhouse Custodian.

RE-ELECTIONS TO BOARD OF TRUSTEES, TEACHERS RETIREMENT FUND.

The terms of Mr. Sullivan and Mr. Smith as members of the Board of Trustees of the Teachers Retirement Fund having expired, the School Committee proceeded to fill the vacancies.

The members as their names were called respectively stated that they voted to fill the first vacancy as follows:

For Mr. Frederick R. Sullivan—Messrs. Lyons, Mackey, Smith, and Tobin—4.

For Mr. Henry J. Smith—Mr. Sullivan—1.

The members as their names were called respectively stated that they voted to fill the second vacancy as follows:

For Mr. Henry J. Smith—Messrs. Lyons, Mackey, Sullivan and Tobin—4.

Not voting—Mr. Smith—1.

Mr. Sullivan and Mr. Smith were thereupon declared re-elected members of said Board for a term of two years, ending October, 1938.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white, 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

PROCEEDINGS OF CITY COUNCIL.

Monday, October 19, 1936.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., Coun. GALLAGHER presiding. Absent, Coun. Dowd, John I. Fitzgerald.

TRANSFER OF WELFARE CASES.

The following were received:

City of Boston,
Office of the Mayor, October 5, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Overseers of the Public Welfare relative to your order of September 21, 1936, requesting that welfare cases be not transferred from the Unit on Glenway street to the Unit on Hancock street, Dorchester.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Overseers of the Public Welfare,
October 1, 1936.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—This is to acknowledge receipt of your communication of September 24, 1936, inclosing the following order from the City Council dated September 21, 1936:

"Ordered, That his Honor the Mayor be requested to instruct the Board of Overseers of Public Welfare not to transfer the welfare unit on Glenway street to Hancock street, Dorchester."

I wish to report that the Hancock street building is a large three-story building designed to serve the Dorchester district and inasmuch as each district unit has about 3,000 cases, it was necessary to transfer the 1,478 cases from the Glenway Street Unit to make up that quota.

The Glenway street building will probably be occupied by a branch of the Old Age Assistance Division to take care of the Dorchester, Roxbury, and West Roxbury sections of the city.

Yours truly,
JOHN C. L. DOWLING,
Executive Director.

City of Boston,
Office of the Mayor, October 5, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Overseers of the Public Welfare, relative to your order of September 21, 1936, requesting that welfare cases be not transferred from the South Boston Unit to the Hancock Street Unit.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Overseers of the Public Welfare,
October 1, 1936.

Mr. John F. Gilmore, Jr.,
Assistant Secretary, Mayor's Office.

Dear Sir,—This is to acknowledge receipt of your communication of September 24, 1936, inclosing the following order from the City Council dated September 21, 1936:

"Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, not to transfer any welfare cases from the South Boston Unit to the Hancock Street Unit."

The Hancock street building was erected to take care of approximately 3,000 cases in the Dorchester district of the city. In order to do this, it was necessary to assign 530 cases residing in the district to the south of Dorchester avenue and Boston street formerly served by the South Boston district office.

The distance for these people to travel to the Hancock Street Unit is approximately one mile. If these 530 cases were not transferred to the Hancock Street Unit, that unit would have a less number of cases than the other units of the city. We have tried to establish a 3,000 case limit for each district supervisor to administer.

Yours truly,
JOHN C. L. DOWLING,
Executive Director.

Severally placed on file.

REPLACING OF UPHAMS CORNER FIRE-WARNING SIREN.

The following was received:

City of Boston,
Office of the Mayor, October 7, 1936.
To the City Council.

Gentlemen,—I transmit herewith a communication from the Fire Commissioner relative

to your order of August 17, 1936, concerning the replacing of the fire-warning siren at Uphams Corner.

Respectfully,
FREDERICK W. MANSFIELD, Mayor.

City of Boston,
Fire Department, October 5, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

My dear Mayor,—I am returning herewith to your Honor an order of the City Council, requesting that the warning bell at Uphams Corner be replaced by a siren horn for the protection of pedestrians and automobile traffic.

For several years there has been a bell on Fire Alarm Box 3147 at Uphams Corner which was operated from Engine 21 when the company responded in that direction. The bell, with the sirens on the apparatus, has been more or less effective in clearing traffic, although the traffic officer stationed there stated that at times he could not hear the bell because of the noise made by traffic.

In order to install a horn at Uphams Corner and connect it to Engine 21 it will be necessary to haul about 1,800 feet of cable through underground ducts at a cost of about \$100. Because of the traffic congestion in Uphams Corner at times it might be well to install a siren horn there. Of course this signal does not give any warning for apparatus responding from other directions.

Yours very truly,
EDWARD F. McLAUGHLIN,
Fire Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Helen Broderick, for compensation for injuries caused by an alleged defect in City Hall Annex.

Catherine Fergus, trustee, for compensation for damage to property at 65 Marine road, by tree.

M. Goldbert & Sons, for compensation for damage to property at Green and Leverett streets, caused by city truck.

Archibald J. Hubley, for compensation for damage to car by city truck.

Leon Klickstein, for compensation for damage to property at 15 Maywood street, Roxbury, caused by city truck.

Mary W. Knight, for compensation for damage to property at 8 Baxter street, caused by defective water pipe.

John Lachowicz, for compensation for damage to car caused by an alleged defect at 156 Homes avenue.

Edward F. Macomber, for reimbursement for judgment issued against him on account of his acts as operator of fire truck.

Mrs. Alice McLaughlin, for daughter, for compensation for injuries caused by an alleged defect at 14 Bunker Hill street.

Edward J. McNeil, for compensation for damage to car caused by city truck.

Julia Murphy, for compensation for injuries caused by an alleged defect at 46 and 58 Newman street.

Carl Repucci, for compensation for damage to car by city truck.

Lillian H. Schwartz, for compensation for damage to property at 81 Gaston street, Roxbury, caused by water being shut off.

Ellen Scollans, for compensation for injuries caused by an alleged defect in Adams square and North street.

H. R. Sutherland, for refund of building license fee.

Jane Walsh, for compensation for injuries caused by an alleged defect in Washington street.

Superior Provision Company, for compensation for damage to truck by city truck.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Gino Gallozzi, Dorchester High School for Girls, October 14.

Mildred Sacco, Peabody Playhouse, October 23.

NOTICE OF INTEREST IN CONTRACT.

A communication was received from Joseph P. Manning of interest in contracts awarded by city to Joseph P. Manning Company.

Placed on file.

SUPPLY OF COAL.

The following was received:

City of Boston,
Finance Commission, October 15, 1936.
Hon. John I. Fitzgerald,
Acting Mayor of Boston.

Honorable Sir,—The Finance Commission has noted that the Superintendent of Sup-

plies has advertised for the city's intention to award a contract for the supply of chestnut coal to be delivered to the welfare recipients during the coming winter. The time of closing for the receipt of bids has been fixed at October 22.

The Finance Commission considers it unfortunate that the city authorities should have waited to make this decision until the price of coal is at the winter level and until welfare recipients have immediate need for fuel. The commission also considers it unfortunate that the city is determined to try again the method which resulted in the coal scandal of last spring.

Ordinarily contracts for coal by large users are made in the early part of the summer. At that time of year coal is offered at the lowest price because operators are anxious to move the spring and summer production. Dealers with storage facilities take advantage of this situation, depending upon their contracts. Municipalities benefit therefrom.

Until recently the local coal dealers have not been able to find out by what method the city would obtain its supply for next winter. Therefore, few if any dealers have stocked up at the low summer price in anticipation of participation in the city contract.

The recent difficulties of City Councilors to obtain for welfare recipients small advances of coal during the cold spell were due principally to the fact that the city had made no arrangements to obtain a coal supply. The welfare officials did not know to whom to have the coal orders sent, and therefore could not issue any.

The Finance Commission has recommended the adoption of the plan of the Anthracite Institute, an organization which represents the coal operators and dealers. This plan was developed under government auspices in order to protect the anthracite industry and the governmental organizations which supply fuel to welfare recipients from the very practices which caused welfare recipients in Boston to suffer from cold last winter.

Until the advertisement for bids appeared in the *City Record* during the past week, the general belief among city officials interested in the matter was that it would be best if the Welfare Department issued coal tickets to recipients which might be offered to any of a number of dealers on an approved list. This would be substantially in accordance with the Anthracite Institute plan.

Instead of this new method, the latest decision means going back to the same method which caused thousands to suffer in the bitterness of last winter. Bids are called for three months late. This means, first of all, that the city cannot obtain the usual low price; then, if the city is to act in good faith, the lowest bidder complying with the requirements of a bond must get the contract. The lowest bidder might turn out in February of 1937 to be no more reliable than were the lowest bidders of February, 1936.

It was shown last spring at the coal hearings of the Finance Commission and at the subsequent City Hall hearings that the inspection provided last year, for which the city paid \$5,000, was farcical. Yet it is the same method by the same chemist that is now provided for the coming winter.

The Finance Commission complained last year that the city employees in all the departments that participated in any way in furnishing coal to welfare recipients denied responsibility. The commission held the welfare officials responsible for gross inefficiency and neglect, but the responsibility was disputed. Each department involved is now unwilling to assume responsibility, and the specifications of the new contract in this respect are no different from last year's.

The new contract form is written in such a way as to discourage dealers of small financial backing from the bidding. The city's good faith in advertising for bids is challenged by the size of the bond required, 100 per cent of the contract price. The usual custom is 45 per cent or less. It was not the size of the financial backing of the successful bidder last year that was at fault. It was the character and standards of the contractor. The worst offender last year could have put up a \$1,000,000 bond as readily as \$10,000. The contract this year abolishes premiums and penalties. The principal reason for penalties in 1935-36—dirt and dust delivered where chestnut size was specified—was ignored by chemists, Welfare Department and Supply Department alike, even when specifically called to public attention by the City Council. The changes that have been made in the specifications accomplish, therefore, little or nothing.

Therefore, in the interest of a guarantee to the taxpayers that the money spent for coal for welfare recipients this winter will buy coal that will give heat, the Finance Commission recommends that you rescind the advertisement for bids; and that you order that arrangements be made to provide the coal by the economical and scientific method known as the Anthracite Institute plan. This was

worked out originally by the Federal Government in cooperation with the anthracite producers and dealers, and now has the approval of all the states in the East which use anthracite coal. It is in use in hundreds of municipalities in this and other states. The plan will guarantee at reduced price and a high quality of coal.

Respectfully submitted,
E. MARK SULLIVAN, Chairman,
PHILIP A. CHAPMAN,
ROBERT ROBINSON,
JAMES E. MACUIRE,
JOSEPH A. SCOLPONETTI,
THE FINANCE COMMISSION.

Placed on file.

STREET ASSESSMENTS.

A communication was received from the Commissioner of Public Works with order assessing half of cost of constructing artificial stone sidewalks on estates bordering thereon, viz.:

Vermont street, Ward 20, half cost, \$332.38.
The order was passed under suspension of the rule.

SALARIES OF COURTHOUSE COMMISSIONERS.

Notice was received from the Mayor of appointment of A. Emmet Logue on Court-house Commission at salary of \$7,500 a year, and of fixing of salary of two associate commissioners at \$6,000 a year each.
Placed on file.

BOSTON BUDGET.

A communication was received from the Boston Municipal Research Bureau inclosing study on improving Boston's budgeting.
Placed on file.

MAYOR'S ABSENCE FROM CITY.

Communications were received from the Mayor of his absence from city from October 1 to October 3 and October 7 to October 13.
Severally placed on file.

ANNUAL REPORT OF BOSTON FIREMEN'S RELIEF FUND.

The annual report of the treasurer of Boston Firemen's Relief Fund from September 1, 1935, to August 31, 1936, inclusive, was received and placed on file.

PERAMBULATION OF BOUNDARY LINES.

Coun. WILSON, for the Special Committee on Perambulation of Boundary Lines, submitted the following:

The special committee appointed to examine the lines and bound marks between the City of Boston and the cities of Revere, Everett, Somerville and Newton, and the towns of Brookline, Dedham and Milton, respectfully report that they have attended to the duty with which they were charged and have examined and verified with the committees appointed by the said cities and towns the several boundaries and bound marks in the existing boundary lines.

The committee found that three of the bound marks have disappeared, one in the Somerville line at Main street, and two in the Newton line, at Corey street and at Baker street, West Roxbury, and arrangements have been made to have them replaced. We submit herewith descriptions of the boundary lines and marks for record.

ROBERT GARDINER WILSON, JR.,
MARTIN H. TOBIN,

Councillors.

JOHN B. HYNES,
Assistant City Clerk.

WILLIAM J. SULLIVAN,
Chief Engineer.

(The report of the committee and descriptions are contained in City Document 77.)
Report accepted, and ordered printed.

APPROACHES TO VOTING BOOTHS.

Coun. PETER J. FITZGERALD offered the following:

Ordered, That his Honor the Mayor request the Election Commissioners to ask of the Police Department that they make extra effort to keep all approaches to the voting booths clear.

Coun. PETER FITZGERALD—My purpose in filing this order is that year after year at elections persons proceeding to the voting

booths and attempting to enter are approached by people with all sorts of cards. It has always been my contention in the election it is hardly necessary to have precinct workers. When people go to the polls on election day I am satisfied from practical experience that they are going there with their minds made up. This constant approach has occurred in my ward as well as every ward in the city. Many of the approaches to the voting booths at night are very poorly lighted. There are obstructions of various kinds to the approach, and a number of campaign workers clutter up the entrance to the booth and cause people to stumble, and by the time they reach the voting booth they are exhausted. It does seem possible that the Police Department can keep these approaches freer so that elderly men and women can go into a precinct without being subjected to jostling and with a handful of cards thrust upon them. I hope in this election, which will undoubtedly be the heaviest we have had in Boston in many years, the people can safely and comfortably approach the voting booths without any jostling by hundreds of workers gathered throughout the city in numbers from ten to fifteen at each voting booth.

The order was referred to the Executive Committee.

LIGHTING FACILITIES ON LORNE STREET.

Coun. ROSENBERG offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to arrange for the installation of better lighting facilities on Lorne street, Ward 14.

Coun. ROSENBERG—Lorne street is in the immediate vicinity of the Hecht Community House on the American Legion Highway to which some 10,000 or 15,000 people come during the week. In the evening it is very dangerous coming to and from the building there, and I believe if this order is called to the attention of the Public Works Commissioner, some steps will be taken to have better lighting on Lorne street.

The order was passed under suspension of the rule.

IMPROVEMENT OF FRANKLIN FIELD TENNIS COURTS.

Coun. ROSENBERG offered the following:
Ordered, That the Park Commissioner, through his Honor the Mayor, be requested to use every effort possible to secure the approval as a W. P. A. project of the resurfacing of the tennis courts on Franklin Field and also to have the tennis courts inclosed with wire fence.

Passed under suspension of the rule.

ADDITIONAL POLICE OFFICERS.

Coun. ROSENBERG offered the following:
Ordered, That his Honor the Mayor be requested to consider the advisability of including in the budget for 1937 a sum sufficient for the employment of 300 new police officers.

Coun. ROSENBERG—Mr. Chairman, at the outset, let me state that I believe Police Commissioner Eugene M. McSweeney and Superintendent of Police Edward W. Fallon have been doing a marvelous job in their respective rolls as heads of the Police Department of the City of Boston. The modern methods that have been installed through their efforts have been for the best interests of the citizens of Boston, the last progressive step being the installation of the two-way radio system for the apprehension of law violators. We find, however, that the present police force is undermanned by over three hundred. One of the greatest and most important steps that is necessary for the protection of the citizenry of any community is that of having ample police protection. Money spent for the safety of the inhabitants is money spent in the right direction. To curb crime is something that every honest and law-abiding citizen should be interested in. The present police force are doing the best they can under the circumstances to protect our community, but we should not let our Police Department be undermanned to such an extent that it will in any way affect our safety and well-being. I desire at this time to commend Captain Murphy of Station 9 and Captain Connolly of Station 19, whose men supervise the conditions in the district which I represent. Both have been doing a fine job in connection with the protection and safety of the residents of these communities with the men allotted to them. In view of the conditions existing, where law violators are attempting to carry out their activities, I believe that the passage of this order and the earnest consideration of the Mayor to include in the budget for 1937 a sum sufficient to hire these extra policemen

will tend to promote better conditions. We all know now that the Police Department and its men are being overtaxed in the work that is being thrown upon their shoulders and every step that is taken for better conditions should meet with the unanimous approval of the citizenry of our city.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON PUBLIC LANDS.

Coun. KERRIGAN, for the Committee on Public Lands, submitted the following:

1. Report on message of Mayor and order (referred May 4) for lease of additional land for airport from Commonwealth—that same ought to pass.

Report accepted; said order passed, yeas 17, nays 0.

2. Report on order (referred March 9) on petition of Sarah A. B. West for release of restriction on property at 164 West Springfield street—recommending passage of accompanying order, viz.:

Whereas, The City of Boston on May 30, 1860, conveyed by two deeds to one Henry Smith, two parcels of land located on West Springfield street, Boston, being described and recorded respectively as follows: ("Lot No. 96 on a plan recorded with 'Plan of City Lands Sold' book 2 leaf 17 in the office of the Superintendent of Public Lands, said deed being recorded in Suffolk Deeds book 780, page 85." and "Lot No. 95 on 'Plan of City lands to be sold October 30, 1850, recorded with Suffolk Deeds at the end of book 615, said deed being recorded in Suffolk Deeds book 780, page 87."):

Whereas, The said two deeds contain the following conditions:

1. All taxes and assessments laid previous to this deed of conveyance are to be paid by the grantee.

2. The front line of the building which may be erected on the said lot shall be placed parallel with said Springfield street.

3. The building which may be erected on said lot shall be of a width equal to the width of the front of said lot.

4. No dwelling house or other building except the necessary out-buildings shall be erected or placed on the rear of said lot.

5. No building which may be erected on the said lot shall be less than three stories in height exclusive of basement and attic nor have exterior walls of any other material than brick, stone or iron, nor be used or occupied for any other purpose or in any other way than as a dwelling house during the term of 20 years from October 1, 1859.

6. So long as said lot remains unoccupied by a building to be used as a dwelling house as aforesaid, the said Smith and his heirs and assigns shall permit, free of charge the proprietor of each adjoining lot who may build, to erect one half the thickness of his division wall on said lot No. 96, and the said Smith, his heirs and assigns shall pay to the said proprietors so erecting said wall a proportionate part of the costs thereof. The buildings now standing on the lot above described also on lots Nos. 95 and 97 adjoining have been erected in conformity with the requirements of the foregoing conditions. It being understood that the conditions aforesaid shall apply severally to lots Nos. 6, 7, 8, 9, as shown on plan of A. Wadsworth recorded with Suffolk Deeds May 9, 1860, being a subdivision of said lots Nos. 95, 96 and 97 on said plan at the end of Book 615. So that a breach of any of the said conditions by the owner or proprietor of any of said lots in said subdivision shall only render his single estate forfeitable for the act of any single violation of said conditions.

Whereas, One Sarah A. B. West and her son Earl A. West own in common as a homestead the estate at 164 West Springfield street, Boston, which is lot No. 7 mentioned in condition number six set forth above and desire to obtain a mortgage on said premises from the Home Owners Loan Corporation of Washington, D. C., but that the Home Owners Loan Corporation will not approve the title to the West estate because of the existence of the said conditions and the provision therein for forfeiture.

Now therefore it is hereby ordered, That his Honor the Mayor be and is hereby authorized in the name and behalf of the City of Boston to execute a written instrument satisfactory to the Law Department of the City of Boston, and in consideration of One (\$1.00) Dollar and other consideration, agreeing that the said conditions contained in the deeds of the City of Boston to said Smith were intended as and be considered as restrictions, and that the clause of forfeiture contained in said conditions set forth in said deeds be waived.

Report accepted; order passed, yeas 17, nays 0.

PARKING IN PRIVATE WAYS.

Coun. AGNEW offered the following:

An Ordinance Concerning Parking in Certain Private Ways.

Be it ordained by the City Council of Boston, as follows:

Chapter thirty-nine of the Revised Ordinances of 1925 is hereby amended by inserting after section sixty-four the following:

Section 64-A. No person shall at any time leave any vehicle unattended for more than twenty minutes within the limits of any private way or alley less than thirty feet in width which furnishes means of access for fire apparatus to any part of a tenement house or apartment house as defined in section two of chapter 145 of the General Laws.

Referred to the Committee on Ordinances.

RECESS.

On motion of Coun. GLEASON the Council voted at 2.30 p. m. to take a recess subject to the call of the Chairman. The members reassembled in the Council Chamber and were called to order by Chairman GALLAGHER at 3.05 p. m.

SOLDIERS' AID.

Coun. KERRIGAN, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of October.

Report accepted; said order passed.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for permits for children under fifteen years of age to appear at places of public amusement, viz.:

Gino Gallozzi, Dorchester High School for Girls, October 14; Mildred Sacco, Peabody Playhouse, October 23—recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

2. Report on order (referred today) to ask Police Department to keep approaches to voting booths clear on Election Day—recommending passage of order in accompanying new draft, viz.:

Ordered, That his Honor the Mayor request the Election Commissioners to ask the Police Department to enforce compliance with the existing statutory regulation which provides for unimpeded access to all polling places.

Report accepted; said order passed under suspension of the rule.

MISSING BOUNDARY MARKERS.

Coun. WILSON offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to at once take steps to replace missing boundary markers Nos. 101, 102 and 103 between Boston and Newton.

Passed under suspension of the rule.

TRAINING WITH NATIONAL GUARD.

Coun. WILSON offered the following:

Ordered, That the Committee on Legislative Matters be requested to file with the incoming Legislature a bill including Suffolk County employees within the terms of the present statute allowing civil service workers extra time off incident to military training with the National Guard.

Passed under suspension of the rule.

FUEL FOR WELFARE RECIPIENTS.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to rescind the city advertisement for bids on fuel deliveries for Public Welfare Department cases and that arrangements be made for the issuing of fuel orders for welfare recipients which may be offered to an approved list of reputable and responsible fuel oil and coal dealers in Boston at an agreed price, having in mind the highly unsatisfactory instances of delivery delays and the dumping of fire-proof coal during the past winter season.

Coun. WILSON—Mr. President, that order requires no explanation except perhaps to again state that no particular reason exists why the custom followed in grocery orders

and other items cannot be followed so far as fuel is concerned. I hoped last year's experience would suggest an improved method, and it was not until I read the report of the Finance Commission of October 15 that I learned with some amazement and surprise that apparently the executive part of the city government has learned nothing from last year's unfortunate occurrence with regard to fuel deliveries.

The order was passed under suspension of the rule.

1937 POLICE-LISTING.

Coun. WILSON offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to consider taking such steps as will provide, in the annual police budget for 1937, for adequate overtime pay for members of the Police Department engaged in the 1937 police-listing.

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to consider the advisability of using only day men on police-listing work, utilizing the services of officers in the Traffic Division, and such divisions as Division 2, for work in other sections, and to issue an order to the captains in the various divisions that no report on police-listing be made sooner than twenty days from January first.

Coun. WILSON—I personally believe that the first place to make a real effort to insure a proper voting list is, of course, at the time of the annual police-listing. I have a great deal of sympathy with the Police Department job that was placed on them years ago on April 1 and more recently starting New Year's Day of each year. Apparently, though, as we all know, the annual police-listing by the various police divisions of the city has developed into more or less of a race between the various division captains to see how fast the particular division can complete its job, with the result, of course, that there is, through no fault of the officers grossly inaccurate police-listing. For example, in Division 9, with upwards of 60,000 adults to be police-listed, the job on more than one occasion has been completed by less than one hundred officers in less than four days, which, of course, is a physical impossibility. It is perfectly obvious that the only way a division can make a real showing in this race to make its return as fast as some other captain's division is for the officers to take a great deal for granted from last year's book and do a good deal of guesswork and to take the word of some janitor or somebody coming out of the building as to who lives there. Under the terms of the statute, I understand the Police Department has twenty days within which to make this listing and if, in the opinion of the Police Commissioner, additional time is required, there is an additional period of ten days. So I urge, first of all, with all due respect to the commissioner who has been commissioner only within recent years, that perhaps one initial step to take for a real police-listing January 1 will be to instruct the captains of the various divisions that this coming police-listing shall not be a race between the various police divisions of the city and that no report from any division is expected within the twenty-day period allowed as the time for doing the work. I also have in mind another suggestion that was made to the Police Commissioner with reference to the use of night men on this particular job. I have in mind the case of a night officer who is assigned to police-listing work from 7.30 in the morning until 7 at night, and after that twelve-hour job of door-to-door police-listing, the night man then goes on his regular night police shift from perhaps a quarter of one to 7.45 in the morning. He then has until 5.15 in the afternoon for rest and then goes on night duty again until 12.45 a. m.; off until 7.30 a. m., and goes on another twelve hours of day duty, police-listing. I do not believe any human being, if the police-listing is done as it should be done, can stand that as a physical proposition. It is for that reason I urge the night men should not be assigned to the day work of police-listing because the work properly is, of course, done from seven or eight in the morning until seven o'clock at night. I urge further that steps be taken for the reassignment of the police officers. I do not understand that the members of the Traffic Division, two hundred or more men, do any police-listing work whatever, and I personally believe that in some of the divisions where they have a large number of men and very little police-listing, there should be a reassignment of officers during that twenty-day period in the month of January. As a matter of comparison, for example, take in

1936, where Division 9, roughly with 58,000 adults, was listed by 103 police officers. Division 11 with 60,000 listed by 98 men. Division 14, with 60,000 listed by 87 men, and Division 19 with 60,000 listed by only 68 men as distinguished from Division 2 with 146 men, who have only some 15,000 resident adults to police-list during the period assigned. So I urge as a step toward getting a clean police list—and through that a clean voting list—that some definite steps be taken to insure a thorough police-listing at the time it is taken next January. I think that reassignment should be taken care of because we realize and it was brought up earlier in the meeting, that the Boston Police Department is now over three hundred men short, and in addition with the 45 police cars—two men to a car—there are 90 men on two different shifts, or 180 men properly on a 48-hour basis, who also are not available for police-listing. I urge the passage of this order, and trust the Police Commissioner will give it his fair consideration just as he did the order I introduced which was passed a year ago suggesting that on the police-listing of January 1, 1936, a designation be made of the police-listing, showing aliens as distinguished from citizens,—which suggestion I was pleased to see he so readily followed. I am inclined to believe he will give this suggestion his earnest consideration. I urge it for two main reasons,—first, because it gives us an additional probability of having an honest voting list, and secondly, as a dollar and cents proposition, I understand that some 30,000 names were dropped from the voting list this past year because they were not police-listed,—30,000 names of adults who came in and have been re-registered, whose names were not on the police-listing and had been dropped. With a poll tax of \$2 a head that involves \$60,000, which is considerable money even for Boston. Now those were people who were voters and citizens and who because they were dropped from the police-listing and then came in and wanted to be put back on the voting list were caught by that, but we can all imagine the thousands of aliens and adult residents twenty years and over, who are not voters and have not interest enough in this city, state or nation to be voters, who won't be checked on an average police-listing. I venture to say it will run higher than 30,000 because the average alien or the average man who is not a voter does not put himself out any to answer the doorbell when a uniformed officer comes in January to take his name, so he will be mailed a poll tax for \$2. Therefore, from a dollar and cents view and the creation of an honest, straight voting list, these steps may be of some assistance.

Coun. NORTON—Mr. Chairman, I am much interested in what the previous speaker has been discovering to date in the matter of purifying the voting list of Boston, but I am inclined to think he places too much emphasis on what a policeman can do. If we had ten times the number they would not have the time to find out whether John Sullivan lived in this house on January 1 or not. We are getting at it from the wrong angle. I disagree with how many straw voters we have in Boston. I doubt if we have one thousand voting in Boston who come from Revere, Winthrop, Canton or Stoughton. What we do have is someone who, all their life, has voted in South Boston or Hyde Park and who now lives in another part of Boston, but who goes back and votes in his home precinct on election day. Who will object to that? I think the greatest crime committed in Boston on election day is this crime—and it is up to the Election Commissioners to devise ways and means to stop it—they are not going to stop it through the police going to the houses because we haven't enough police and it is beyond the commissioner's realm. We will be putting our fingers on the hot spot if we find a way of doing away with this guerrilla gang who appear in the different precincts from eight o'clock in the morning and God knows how many times they vote. That is our problem here in Boston. I would like to know how many people last election day came to vote on their name and found someone was in ahead of them. At eight o'clock in the morning they are lined up; in they bounce to a precinct and out they bounce.

Coun. WILSON—I omitted to make reference to one item that appears in the order, and that is the additional suggestion of overtime for the police officers on this work. I may be misinformed, but I understand in such places as Cambridge and Brookline, certainly in many instances, such overtime is permitted. I do not agree with Councilor Norton on the impossibility of police-listing because if that was so the statute should be changed. If we are going to have an honest voting list the initial step we must start off with is the police list taken in January of each year. If it is a physical impossibility to get that within the limited time we had better change the statute. I agree it is a physical impossi-

bility for police officers, and especially night men, to go into this annual race between the divisions and do any such job in three days, and it is for that reason I urge that the full period of the statute, namely, twenty days, with a possible ten days additional if needed, be taken, because I understand from members of the Police Department that if there were not this annual race probably seven, eight or ten men in a division, not night men, but men on that particular duty, could complete a division inside of twenty to thirty days. The order was passed under suspension of the rule.

INFORMATION FROM WELFARE DEPARTMENT.

Coun. ROBERTS offered the following: Ordered, That the Overseers of the Public Welfare Department be requested, through his Honor the Mayor, to furnish the City Council with the following information:

1. How many applications are now pending for old age assistance on which no action has officially been taken by the Board.

2. The number of visitors now assigned, temporarily or permanently, to the investigation of such cases.

3. The average time required by the department for the completion of the investigation and official action on those applications already acted on.

Coun. ROBERTS—Mr. Chairman, regarding that order I would like to say that the supervisor of this division of the Public Welfare is a competent young lady, Miss Catherine Noonan. She is doing the best she can, but I am given to understand there are thousands of applications for old age assistance which have not been acted upon, and some of the cases are desperate. I know the councilor who has just spoken from Hyde Park several times has called attention to the number of cases whereby because of the fact that they did not have a sufficient number of investigators there is a tremendous hardship. In one particular case I called to the attention of the Council that a man died when he might have been saved if he had got assistance. Now the situation is worse because there have been thousands of new applications under the new law. I hope we can get the information by the next meeting as to how many cases are actually pending, to give us an idea how long it takes for the average application to go through. In some of these instances there is no reason why an investigation in a short period should not qualify the person under the law.

Coun. ROSENBERG—Mr. Chairman, hundreds of applications that have been filed for old age assistance at 43 Hawkins street have been under consideration and in the course of investigation for a long period of time. Some have been there for weeks and others over a period of months. I appreciate that those in charge of the work are doing the best they can to cope with the situation, but it appears that something should be done in securing an additional number of employees, either permanent or temporary, to carry out a most difficult task that has been thrown upon the Public Welfare Department since the Old Age Assistance Act went into operation, especially with the lowering of the age limit to sixty-five years. Hundreds of people have unquestionably confronted the councilors from the various districts in connection with having their applications speeded along, but, due to the tremendous number of applications, the members of the Public Welfare Department, and I also want to commend Miss Catherine Noonan and her staff, for the fine work that they are doing, it would seem should take some steps to help speed up the investigation of these cases. I believe probably there might be some steps taken to have a group of persons assigned from the W. P. A. to carry on this work in order to relieve these really needy and urgent cases that are pending for assistance. I trust that this measure will be adopted by the Council and receive prompt and immediate attention from the authorities in charge.

The order was passed under suspension of the rule.

SEWERAGE PIPES, ST. GERMAIN STREET.

Coun. ROBERTS offered the following: Ordered, That the Commissioner of Public Works and the Law Department investigate the obligations of the city to install sewerage pipes connecting certain houses on St. Germain street, which now have no provisions for adequate sewerage.

Passed under suspension of the rule.

HALF-HOLIDAY, OCTOBER 21.

Coun. JOHN J. DOHERTY, PETER A. MURRAY, JOHN J. McGRATH, GEORGE

A. MURRAY and JAMES F. FINLEY offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of declaring a half-holiday for all city employees next Wednesday, October 21, on account of the arrival of the President of the United States in Boston.

Passed under suspension of the rule.

TENANTS IN OLD HARBOR VILLAGE.

Coun. GEORGE A. MURRAY offered the following:

Ordered, That his Honor the Mayor be requested to petition the Federal Housing Authorities that present and former South Boston residents be given preference as tenants in the new housing project known as "Old Harbor Village."

Coun. GEORGE A. MURRAY—Mr. Chairman, the purpose of this order is to request the Federal Housing Board to give preference to people from South Boston who are either living there at the present time or who have moved away. In the report of the Assessing Department it is said that of all the houses throughout the city, South Boston is probably in a worse condition at the present time than any other place in our city. This is an opportunity for the people of South Boston to have suitable quarters, a suitable place to live and rear their children. I think that people from South Boston daily are moving away, and if given an opportunity they would gladly come back. This order is introduced for that purpose,—to give them this opportunity to come back again to South Boston.

The order was passed under suspension of the rule.

DEMOLITION OF CONDEMNED HOUSES.

Coun. GEORGE A. MURRAY offered the following:

Ordered, That his Honor the Mayor request the Works Progress Administration to issue instructions to workmen demolishing condemned houses that the cellar and the unsightly condition left after the removal of the house be filled in and levelled; also, suitable protection be placed around the limits of the property.

Coun. GEORGE A. MURRAY—Mr. Chairman, this order more or less goes along with the other one. There are many houses in South Boston in process of demolition. I feel that these places attract children. I have noticed that children when playing go to these places and are liable to be hurt. It is very unsanitary and it has a tendency to tear down the property values in the immediate vicinity. I would suggest to the W. P. A. that when they demolish a building they place thereon a suitable fence, something that is more or less attractive, and not parts of the material they take from the building.

The order was passed under suspension of the rule.

PAROCHIAL SCHOOL CHILDREN TICKETS.

Coun. McGRATH offered the following:

Ordered, That his Honor the Mayor be requested to prevail upon the School Committee to issue car tickets to parochial school children.

Coun. McGRATH—This order is for the benefit of some of the children in my district. We have a parochial high school, known as St. Gregory's High School, about three or four miles from the particular section I am speaking about. This particular high school, as well as other parochial high schools, saves the taxpayers of Boston a great deal of money every year and I do not think it is asking too much to ask the Mayor to supply them with school tickets so they might ride free on the same plan as the public school children.

The order was passed under suspension of the rule.

PARKING ON GALLIVAN BOULEVARD.

Coun. McGRATH offered the following:

Ordered, That the Traffic Commissioner be requested to pass such regulations as will assure no parking of motor vehicles on Gallivan Boulevard, between Adams street and St. Brendan's Church.

Coun. McGRATH—On this particular order there was a hearing, and they allowed parking on one side of the street. In this particular section of Dorchester it appears there is a very large market. I don't know what the reason is, and I would like to find out, but it seems as if this market disregards whatever the protests of the taxpayers happen to be. In the first place, under the zoning law a few years back, they did just about what they

wanted although previous to that there had been half a dozen who tried to build stores in this section and have the zoning law changed. At a hearing before the Traffic Commission they allowed them to park on one side of the street. I received protests from the taxpayers and residents of the side they allowed them to park on, asking me to introduce this order. I took the matter up with the chairman of the Street Commission and he told me to reintroduce this order and they would have another hearing on it.

The order was passed under suspension of the rule.

LIGHTS ON ADAMS STREET, DORCHESTER.

Coun. McGRATH offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install lights on Adams street, Dorchester, in what is known as the Cedar Grove section.

Coun. McGRATH—Mr. Chairman, I cannot seem to get any traffic lights in Dorchester, and this is just another notification to the Mayor that there has been another serious accident. I think the last report he gave me was that there were not enough serious accidents to warrant traffic lights. I think I have notified him since that time that there have been six serious accidents,—four deaths,—and I am asking him to kindly consider this without any increase in the tax rate.

The order was passed under suspension of the rule.

FILLING IN OLD HARRIS SCHOOL LOCATION.

Coun. McGRATH offered the following:

Ordered, That the Board of Commissioners of School Buildings be requested, through his Honor the Mayor, to make suitable arrangements under W. P. A. for filling in the location of the Old Harris School at Victory road, Adams street and Train street.

Passed under suspension of the rule.

INFORMATION ON FISKE WHARF PROPERTY.

Coun. NORTON—I would like to ask in reference to the Fiske Wharf matter if the Council has received any information on the matter as yet.

Chairman GALLAGHER—No further information.

Coun. NORTON—Also, on the matter of pieces of property which the Superintendent of Buildings has a right to sell?

Chairman GALLAGHER—It has been referred to the Committee on Public Lands.

Coun. WILSON—As a member of that committee, I might state we had a meeting last Friday and that was the first date that the committee had any detailed information with reference to any of the fifteen parcels that have come through to be sold out of a total of some 900-odd. We have been asking for detailed information and the first information we received was as recently as last Friday.

HYDE PARK PLAYGROUNDS.

Coun. NORTON—Mr. President, the Council passed an order for \$10,000 having to do with new playgrounds for Hyde Park and at that time there was a question whether the government would spend the money. I would like to say that I was over there this morning and saw 800 men now working on the project in that suburban area.

FIVE-DAY WEEK FOR WELFARE RECIPIENTS.

Coun. MELLEN offered the following:

Ordered, That his Honor the Mayor be requested to decide what action, if any, is to be taken relative to the five-day work week for welfare recipients.

Passed under suspension of the rule.

CHARLESTOWN POOR FUND.

Coun. MELLEN offered the following:

Ordered, That his Honor the Mayor request the Corporation Counsel to take the proper legal steps to so amend the provisions of law under which the Charlestown Poor Fund operate, that the custody, management and disbursement will be placed in the hands of the City Treasurer, and the practice of engaging a hired secretary-treasurer to the fund be abolished.

Resolved, That the Boston City Council believes that all members of the Board of Trustees of the Charlestown Poor Fund have acted in all matters in relation to the custody, management and disbursement of the fund in good faith, to the best of their ability, and have given their best efforts to it, and the unauthorized actions of its secretary-treasurer is not construed as any reflection, directly or indirectly, on their honesty, sincerity and ability.

The order was passed under suspension of the rule and the question came on the passage of the resolve.

Coun. MELLE—Mr. President, some decades ago several of the well-to-do residents in their wills left to the poor of Charlestown a fund, the income of which was to be used to alleviate their suffering. When Charlestown became a part of Boston all these various bequests were put together under one heading, "The Charlestown Poor Fund." At that time the trustees of the fund were designated as the senior deacons of all the Protestant churches together with whoever happened to be the Charlestown representative in the city government. I didn't know I was on it until I asked concerning the audit. At that time the audit was in process of being prepared. A few weeks ago it was completed. The trustees of this fund have had the practice of hiring a man at a salary starting with \$100, which was later raised to \$300 or \$400 a year. He has had complete charge of all investments and changes in investments, disbursements and general management of that fund. The audit showed he had overdrawn his salary by some hundreds of dollars, that he could not account for some disbursements, no vouchers; double charges. That is, one year he paid for something and the next year it would be charged against the fund. On his own initiative he bought a \$1,000 bond when in a few years its market value was down to \$10. The Board of Trustees authorized him to act after it was bought,—not before. He had some mortgaged property which the bank was going to foreclose and he sold the \$5,600 mortgage to the fund. That was an unauthorized act and was misappropriation under our laws. At a meeting a week ago Saturday night—by the provisions of the by-laws there should have been one last March and I should have been notified—at this meeting I asked this gentleman whose name is Gardner Bates to account for the various discrepancies existing. He denied they existed. He denied he had overdrawn his salary; denied he had made an injudicious move when he sold the mortgage to the Poor Fund. He denied there was a \$1,500 cash shortage. He impressed me as a man incapable and possibly dishonest. My own opinion of the mortgage transaction was that he was dishonest. The purpose of these orders is to take the management of the money from his custody—he is at least an incapable man—and put it in the custody of the City Treasurer. Now, I do not intend this to be any reflection on the elderly gentlemen who are trustees. We had to go down and pull a man eighty-six years old out of bed to come to the meeting. Those men are not financial experts, and today with the various factors influencing the financial market, \$70,000 could be wiped out in two weeks. These men are hard-working average men. I think it would be a wise move and would react to the city's best interests if this amount was taken away from the possession of the secretary-treasurer which he has handled so badly and the fund put into the custody of the City Treasurer. In my opinion, I think the Board of Trustees have acted honestly but they have allowed this man to take over their duties, and he has misappropriated the money. I hope no criminal action will be taken against the board, but some steps should be taken against this man to reimburse the Poor Fund at least to the extent of the \$1,500 shortage and the \$5,600 mortgage.

The resolution was referred to the Executive Committee.

PETITION OF MRS. FRANK H. LASKEY.

Coun. SELVITELLA offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to reconsider and review the facts with reference to the petition of Mrs. Frank H. Laskey to be paid an annuity on account of the death of her husband, Frank H. Laskey, late member of the Fire Department.

Passed under suspension of the rule.

CONSTRUCTION OF PRIVATE WAYS.

Coun. FINLEY offered the following:

Ordered, That his Honor the Mayor and Board of Street Commissioners be requested to immediately communicate with the Federal W. P. A. authorities advising them of the urgent necessity for modifying their order

with reference to the use of Government money for the construction of private ways in the City of Boston and starting an immediate program of extensive street construction work.

Coun. FINLEY—Mr. Chairman, my purpose in introducing this order is to see if something cannot be done in the very near future towards correcting a very bad situation that exists in the suburban sections of our city, especially pertaining to the streets in West Roxbury, Hyde Park and other suburban areas. For the past three years there has not been one penny spent from the city budget for the construction of new streets in Boston. Previous to that time there were between one and two million dollars spent annually for that purpose. In the suburban section that I have the privilege to represent there are at the present time over 250 so-called private ways. Those private ways are substantial streets. That is, they are substantially built on, many valuable one and two family homes. The condition in which the people find themselves at the present time is beyond description, and unless something is done soon the people will be practically marooned during the coming winter. Now, the situation as presented to us by Commissioner Carven is that the Federal Government in the new allotment of funds which became operative July 1 has refused to give the City of Boston any money for the purpose of constructing new streets, saying that they were averse to spending money for the development of private ways. We find, however, the unusual spectacle of millions of dollars being allocated to the State of Massachusetts for the building of public highways throughout the Commonwealth. We also find the situation existing today whereby citizens of Boston who are unemployed are unable to obtain work even though there are millions allotted for the building of highways in this Commonwealth, because from the best of authority I learned that that work must be done in the county in which the highway is to be laid out. Unfortunately, there are very few state highways contemplated in Suffolk County. Most of them have already been built, and in spite of the millions of dollars allocated to Massachusetts, men unemployed in Boston have very little chance of getting any work. Now, I am introducing this order so we may find out definitely why the City of Boston should be discriminated against. I believe it is a technicality, and when the Federal authorities find out the private ways they referred to, so far as the City of Boston is concerned, are streets that are bringing thousands of dollars of taxation into the City of Boston, they will consider them non-accepted streets and entitled to be reconstructed. I hope the Mayor and the Street Commissioners will give this their earliest consideration, because if we cannot get the Federal money it is imperative that we raise money by taxation and in our budget for the ensuing year provide for an extensive plan of street construction, because the entire future development of the suburban sections of Boston depends on what is done now in the development of those areas. The residents of West Roxbury and those who intend to build there are not going to stay there because of the condition of the streets they are forced to live on. Many people have moved to Brookline, for instance. I hope this order will be given the greatest consideration and that every influence will be brought to bear to allow us to use the Federal money available to start an extensive program of accepting those streets at once, and putting thousands of men to work on them.

Coun. SHATTUCK—Mr. Chairman, I believe very much might be done in the way of improving the allocation of this money. One of the ways in which they are spending it now is on farm-to-market roads. I happened to be in New Hampshire ten days ago and saw some of this farm-to-market road work, and it was on streets that practically had been abandoned. They were grown up to woods. There were a few cellar holes of farms that had been abandoned fifty years ago, and there they were spending money on such farm-to-market roads. I was in Medfield, Massachusetts, this Sunday and saw a road that goes nowhere except to communicate with some land on which only one person lives. There is a big W. P. A. sign on it, and they were cutting trees along the side, and I am told they are going to widen the road, and nobody wants it done. It would seem, as the councilor just said, that it is more desirable to spend money on roads where people live and not on these farm-to-market roads where nobody lives,—resuscitating abandoned roads where nobody lives.

Coun. NORTON—I am glad to see the suburban roads in Boston under consideration. For years I have been asking the Mayor to fix the non-major streets. If the councilor from Rosindale will stand for an amendment to the order, I move that a committee be appointed to wait on the Mayor. It is a program which should be taken into consideration at once.

The order was passed under suspension of the rule.

NUMBER OF CASES FOR WELFARE INVESTIGATORS.

Coun. NORTON offered the following:

Ordered, That the Board of Public Welfare, through his Honor the Mayor, consider having no welfare investigator with over seventy-five cases.

Coun. NORTON—Until the Welfare Department says we have enough investigators, we have a waste of money and unjust treatment of the poor unfortunate people in such cases as have been referred to,—elderly people who requested aid and have not received it. We had a tragic case which happened in Copley square, where a man asked for relief and he was dead before it came. A case-load of over seventy-five is too large. Until we get enough investigators, we are going to have trouble. We have elderly people waiting for months for some relief and nothing being done, and the cause of it is too high a case-load. Investigators are given over two hundred cases each. It is impossible for them to handle it. Here we have hundreds of fine educated people in Boston working on the W. P. A. who would love to do that work, and many of them are fitted for it. What is the matter downstairs that they do not appreciate that? What is the trouble on the Welfare Committee with thousands of finely-equipped individuals on the W. P. A. who would love to step in and help us, which would reduce the case-load to what it ought to be—seventy-five families per investigator.

The order was passed under suspension of the rule.

DELAY IN GOVERNOR'S ISLAND PROJECT.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of informing the Council as to what the cause of the delay is in going ahead with the so-called Governor's Island project.

Coun. NORTON—This is the largest project in Boston, and some months ago the Federal Government allocated money for the leveling off of Governor's Island. In the meantime we have heard nothing about it, and I am asking the Mayor what the difficulty is with the one job that can put more men to work than any other project.

The order was passed under suspension of the rule.

SURVEY OF TAX-FORECLOSED LAND.

Coun. NORTON offered the following:

Ordered, That the Mayor consider having a survey made on all tax-foreclosed land with a view to retaining some of it for playground and other city purposes.

Passed under suspension of the rule.

NON-MAJOR STREETS.

Coun. McGRATH, ROSENBERG, AGNEW and NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of fixing every non-major street in Boston.

Passed under suspension of the rule.

LOW-COST MILK.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of informing the Council as to what, if anything, has been done relative to the matter of low-cost milk in Boston.

Coun. NORTON—I wish those who are friendly with the Mayor would be kind enough to draw to his attention the matter of milk. Here is an opportunity to ask why he does not do something on this low-cost milk. Here is an official communication from a group of workers attached to the Department of Agriculture in Boston. They have asked 216 cities what they are doing on low-cost milk. Any one who is interested in the reply can read this answer. Here is milk in Bridgeport, Connecticut, being delivered at four cents a quart under the retail price. Evanston, Indiana, distributes milk at a price ranging from one to one and one-half cents less than the retail price delivered. Springfield, Massachusetts, one to two cents a quart under the retail price. Santa Barbara, California, furnishes milk at a saving of two cents a quart under the regular delivered price. Springfield, Massachusetts, one to two cents a quart.

Worcester, Massachusetts, two cents a quart below the regular retail price. It runs all over the country. The people who interested me first in this matter were experts in the Department of Agriculture who were interested in selling more milk,—getting the big surplus supply which was going to waste into the hands of people who could use it. Twenty per cent of the children in our schools are suffering from malnutrition. The head doctors in the schools say so. If other cities can do it, why can't we do the same thing? Why isn't it possible to have one of the milk wagons drive up to one of the centers and each morning when a certain card is presented have them sell this milk for eight cents or seven cents instead of the usual twelve or thirteen cents? Now why do we have to wait years before anything is done on a question of this nature? I do not want the credit for it. The whole Council can have credit for it, or the Mayor of Boston. It is all so easy and so simple, but nothing is done about it,—the most important food item in the budget of the poor. There is the latest statement from the Department of Agriculture. They were good enough to give me this information so the City of Boston will do something about getting this milk into the poor families of the city at a low cost. I have fought for a year and it looks as though it would be another year.

(The letter referred to was as follows:
United States Department of Agriculture,
Agricultural Adjustment Administration,
Washington, D. C.,

October 9, 1936.

Hon. Clement A. Norton, Boston City Council,
City Hall, Boston, Mass.

Dear Mr. Norton,—Letters have been written by this office to the Directors of Welfare in 216 cities with requests for information as to whether there is within these cities any plan operative to distribute milk to welfare or relief families, or to any welfare or relief agencies, at a price which is less than the retail delivered price of milk per quart in these cities.

At this date forty-four replies have been received, fourteen of which outline various forms of milk distribution at rates less than the retail delivered price. All of these plans are not specifically in point, of course, with your design, but may be of some assistance to you in supplying some general information.

I am sending you a short preliminary statement of the various types of plans used and the names of the cities and officials involved, whom you may probably wish to address personally.

Mrs. Irma Collier, Executive Secretary of the St. Joseph Anti-Tuberculosis League of South Bend, Indiana, reports the sale of milk tickets to families of low budget, at three cents per quart less than the retail price. 89,545 quarts of milk were so distributed last year. This organization also furnishes milk to undernourished children at a cost of two cents a half-pint to the League and at a cost of three cents a half-pint to children whose parents are able to pay. This is accomplished with the South Bend, Indiana, milk council.

Mr. H. C. Brown, City Health Officer of San Jose, California, reports that the city school department furnishes to school children one half pint bottles of milk, with 70 per cent of the children paying and 30 per cent nonpaying. The County Welfare Department supplies approximately 500 quarts of milk per day to relief families. The Home of Benevolence supplies seventy-five children with milk daily. The total savings per year of these supplies amounts to approximately \$2,900 through arrangements with the milk distributors.

The City of Springfield, Massachusetts, pays distributors from one to two cents under the retail price per quart for delivering milk to relief families. This advice is from John F. Madden, Agent, Board of Public Welfare.

Santa Barbara, California, guarantees the milk bills of relief clients at a saving of two cents a quart under the regular delivered price and Santa Maria, California, does the same at a three and one-half cents a quart saving. This report is from H. J. Rudolph, Director, County Welfare Department. In Long Beach, California, Mr. Bert James, Secretary of Long Beach United Relief, informs me that the self-helped cooperatives of Los Angeles County purchased in 1933 surplus milk at ten cents a gallon and skimmed milk free from the Producers Arbitration Committee Surplus Milk Plant. This supply was later withdrawn, but it is understood that some of these cooperatives now purchase direct from independent dairymen at a reduced price.

Mr. Victor S. Woodware, Administrator of the Genesee County Welfare Relief Commission of Flint, Michigan, reports a price concession from producers and distributors at one and one-half cents below the retail price for each quart of milk delivered to welfare clients. The Director of the Board of Public Welfare

of Worcester, Massachusetts, Gerhard Becker, purchases 55,000 quarts monthly at present from local milk dealers, at two cents per quart below the regular retail price. Mr. J. A. Krusen, Accounting Supervisor, Decatur Township Relief, has an arrangement with local dealers whereby they deliver milk to relief clients at two cents per quart under the regular retail price. Charles Poirier, Secretary of the Board of Public Welfare, New Bedford, Massachusetts, reports a similar arrangement with 48,116 quarts so delivered during the first eight months of this year. John J. Galla, Superintendent of Public Welfare of Bridgeport, Connecticut, informs us that the Welfare Department maintains milk stations to which the local dealers deliver Grade B milk at four cents under the retail price and three cents under for milk delivered to welfare homes. The deliveries average 288 quarts daily to homes, and 1,035 to the milk stations. The Kiwanis Club of Fort Dodge, Iowa, distributes skimmed milk free to families on relief rolls. Private and public relief giving agencies in Evansville, Indiana, distribute milk at a price ranging from one to one and one-half cents less than the retail price delivered. This information is from Walter P. Wood, Director, Department of Public Welfare, Evansville, Indiana. In Tampa, Florida, Community Chest agencies receive wholesale rates. Thomas W. O'Connor of the Hartford, Connecticut, Department of Public Welfare reports that the city purchases milk for purposes of relief delivery on the basis of contract bids.

Will you let me know what progress you are making in Boston? I shall forward you my complete information at a later date and if you have any particular questions with respect to the information previously furnished, please let me know.

Yours very truly,
D. E. MONTGOMERY,
Consumers' Counsel.)

The order was passed under suspension of the rule.

ELECTRIC BULBS BIDS.

Coun. NORTON offered the following:
Ordered. That the Purchasing Agent of the city, through his Honor the Mayor, advise the Council as to why he advertised for competitive bids for electric bulbs for a year and then withdrew the bids, cancelled them.

Coun. NORTON—Mr. Chairman, the Purchasing Department asked the electrical supply dealers to bid on supplying the city with electric bulbs for the coming year. I understand the bids were held up for two months, and then I brought the attention of the Purchasing Department to it at the previous meeting, and the next day all the bids were thrown out and the checks sent back to the bidders. I am asking the Mayor, and was going to ask the Superintendent of Supplies, to come before the Executive Committee and explain why it was this procedure was followed. Some one has suggested we have already had an executive meeting and the thing to do is to have it at the next meeting. If there is no objection I would like to ask the Superintendent of Supplies to visit the Council at its next meeting and explain why this procedure was followed.

The order was referred to the Executive Committee.

CONFIRMATION OF APPOINTMENT.

Chairman GALLAGHER called up No. 1 on the calendar, viz.:

Action on appointment submitted by the Mayor October 5, 1936, of Carlton J. Moore, to be a Weigher of Coal.

Committee, Coun. Mellen and Finley. Whole number of votes cast 12; yeas 12, nays 0, and the appointment was confirmed.

CHECKING OF UNPAID POLL TAXES.

Coun. WILSON offered the following:
Ordered. That his Honor the Mayor be requested to consider the advisability of a periodic checking of the City Collector's record of unpaid poll taxes with the Election Department's list of registered voters, whether by a suitable W. P. A. project or otherwise, as one possible method of minimizing the number of fraudulent names on the voting lists of the City of Boston.

Passed under suspension of the rule.

On motion of Coun. SHATTUCK the Council voted to adjourn at 4 p. m., to meet on Monday, October 26, 1936, at 2 p. m.

POLICE DEPARTMENT ORDERS.

General Order No. 236.

The resignation of Patrolman Walter L. Canney of the Traffic Division, having been presented, is hereby accepted to take effect Friday, October 23, 1936, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

General Order No. 237.

The Superintendent of Police is hereby directed to make the following details for duty at the State and Presidential Election in this city on Tuesday, November 3, 1936.

1. Three patrolmen for duty in the office of the Board of Election Commissioners, 111 City Hall Annex, on arrival of ballots for the State and Presidential Election at about 11 o'clock a. m., Monday, November 3, 1936, such details to continue until all ballots cast at the election have been returned.

2. An officer of rank above that of sergeant for duty at the City Hall Annex, to supervise the police detail, for motor trucks from 5 o'clock a. m., Tuesday, November 3, 1936, until relieved, and a patrolman from 8 o'clock p. m., on the same date, until relieved, for duty at the same place, to keep clear the approaches to the office of the Board of Election Commissioners for motor vehicles returning from the polling places with ballot boxes, etc.

3. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on State and Presidential Election Day, to preserve order and protect voters in the full exercise of their rights.

4. Twenty-three sergeants, one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample season to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle with ballot boxes, ballots, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED FROM OFFICE OF BOARD OF ELECTION COMMISSIONERS ON MORNING OF NOVEMBER 3, 1936.

(One motor vehicle for each of the twenty-two wards, excepting Ward 1, East Boston, for which two trucks have been engaged.)

Wards 1 to 7, both inclusive, 6 a. m.
Wards 8 to 10, both inclusive, 5.30 a. m.
Ward 11, 5 a. m.
Ward 12, 5.45 a. m.
Wards 13 to 17, both inclusive, 5.30 a. m.
Ward 18, 4.45 a. m.
Wards 19 and 20, 5.20 a. m.
Ward 21, 5.25 a. m.
Ward 22, 5.30 a. m.

5. For proper coordination in the delivery of ballot boxes, ballots, etc., by the sergeants, as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance that such sergeants leave the City Hall Annex promptly on time as per schedule.

6. One patrolman to report at each of the three hundred and eighty-eight precincts, as hereinafter set forth, on Tuesday, November 3, 1936, to receive ballot boxes, ballots, etc., from the sergeants detailed on motor trucks.

From the opening to close of the polls, there shall be detailed an additional police officer outside of each of the three hundred and eighty-eight (388) polling places in the city. This provision is made to prevent alleged continued violations of the election laws relative to distribution of campaign literature within 150 feet of a polling place, and to remedy conditions at polling places, reported by the Board of Election Commissioners, which have brought complaints from voters to the effect that campaign workers and loiterers outside the polls have hampered their progress to and from voting.

In Ward 22, Precinct 3, from the opening to close of the polls, an additional officer will be detailed outside the polling place, making two officers, in all, on the outside, at that location.

SCHEDULE OF THE HOUR FOR OFFICER TO REPORT IN EACH OF THE PRECINCTS TO RECEIVE BALLOT BOXES, BALLOTS, ETC., FROM SERGEANTS DETAILED ON MOTOR TRUCKS.

Ward 1, Precincts 9 to 11, both inclusive; Precincts 13 to 19, both inclusive; and Precinct 22, 6.15 a. m.
 Ward 1, Precincts 1 to 8, both inclusive, and Precincts 12, 20 and 21, 6.30 a. m.
 Ward 2, 6.30 a. m.
 Ward 5, 6.30 a. m.
 Ward 3, 4, 6, and 7, 6.45 a. m.
 Ward 8, Precincts 1 to 6, both inclusive, 6.00 a. m.
 Ward 8, Precinct 7, 6.15 a. m.
 Ward 8, Precincts 8 to 14, both inclusive, 6.20 a. m.
 Ward 9, Precincts 1 to 6, both inclusive, 6.00 a. m.
 Ward 9, Precincts 7 to 15, both inclusive, 6.30 a. m.
 Ward 10, Precincts 1 to 4, both inclusive, 6.00 a. m.
 Ward 10, Precincts 5 to 11, both inclusive, 6.15 a. m.
 Ward 10, Precincts 12 to 16, both inclusive, 6.30 a. m.
 Ward 11, Precincts 1 to 4, both inclusive, 6.00 a. m.
 Ward 11, Precincts 5 to 12, both inclusive, 6.15 a. m.
 Ward 11, Precincts 13 to 16, both inclusive, 6.30 a. m.
 Ward 12, Precincts 1 to 4, both inclusive, 6.00 a. m.
 Ward 12, Precincts 5 to 8, both inclusive, 6.15 a. m.
 Ward 12, Precincts 9 to 11, both inclusive, 6.30 a. m.
 Ward 12, Precincts 12 to 19, both inclusive, 6.45 a. m.
 Ward 13, Precincts 1 to 5, both inclusive, 6.00 a. m.
 Ward 13, Precincts 6 and 7, 6.15 a. m.
 Ward 13, Precincts 8 to 12, both inclusive, 6.30 a. m.
 Ward 13, Precincts 13 to 16, both inclusive, 6.45 a. m.
 Ward 14, Precincts 1 to 5, both inclusive, and Precinct 21, 6.00 a. m.
 Ward 14, Precinct 6, 6.15 a. m.
 Ward 14, Precincts 7 to 20, both inclusive, 6.30 a. m.
 Ward 15, Precincts 1 to 4, both inclusive, and Precinct 13, 6.00 a. m.
 Ward 15, Precincts 5 to 8, both inclusive, 6.15 a. m.
 Ward 15, Precincts 9 to 12, both inclusive, 6.30 a. m.
 Ward 15, Precincts 14 and 15, 6.45 a. m.
 Ward 16, Precincts 1, 2, 5, and 15, 6.15 a. m.
 Ward 16, Precincts 6 to 14, both inclusive, and Precincts 16 to 19, both inclusive, 6.30 a. m.
 Ward 16, Precinct 20, 6.45 a. m.
 Ward 16, Precincts 3 and 4, 7.00 a. m.
 Ward 17, Precincts 1 to 6, both inclusive, 6.00 a. m.
 Ward 17, Precincts 7 to 9, both inclusive, 6.15 a. m.
 Ward 17, Precinct 10 and Precincts 12 to 15, both inclusive, 6.30 a. m.
 Ward 17, Precincts 11 and 16 to 20, both inclusive, 6.45 a. m.
 Ward 18, Precincts 1 to 4, both inclusive, 5.30 a. m.
 Ward 18, Precincts 5, 6 and 15, 6.00 a. m.
 Ward 18, Precinct 21, 5.45 a. m.
 Ward 18, Precincts 13, 14 and Precincts 16 to 20, both inclusive, 6.15 a. m.
 Ward 18, Precincts 8, 9, and 12, 6.30 a. m.
 Ward 18, Precincts 7, 10 and 11, 6.45 a. m.
 Ward 19, Precincts 1 to 4, both inclusive, 6 a. m.
 Ward 19, Precincts 5 to 9, both inclusive, and Precinct 17, 6.15 a. m.
 Ward 19, Precincts 10 to 12, both inclusive, and Precinct 16, 6.30 a. m.
 Ward 19, Precincts 13 to 15, both inclusive, 7 a. m.
 Ward 20, Precincts 1 to 5, both inclusive, 6 a. m.
 Ward 20, Precincts 6 to 9, both inclusive, and Precinct 22, 6.15 a. m.
 Ward 20, Precincts 10 to 16, both inclusive, and Precinct 21, 6.30 a. m.
 Ward 20, Precincts 17 to 20, both inclusive, 6.45 a. m.
 Ward 21, Precincts 1 to 5, both inclusive, 6 a. m.

Ward 21, Precincts 6 to 11, both inclusive, 6.15 a. m.
 Ward 21, Precincts 12 to 14, both inclusive, and Precincts 16 to 18, both inclusive, 6.30 a. m.
 Ward 21, Precinct 15, 7 a. m.
 Ward 22, Precincts 1 to 5, both inclusive, 6.15 a. m.
 Ward 22, Precincts 6 to 9, both inclusive, 6.30 a. m.
 Ward 22, Precincts 10 to 12, both inclusive, and Precincts 15 to 17, both inclusive, 6.40 a. m.
 Ward 22, Precincts 13 and 14, 7 a. m.

7. Commanding officers are to take notice that it is of the greatest importance, also, that the patrolmen herein detailed report at the polling places in the various precincts promptly according to schedule.

Failure for any reason of an officer to be on hand at a polling place at the appointed time delays the sergeant in the motor vehicle in his delivery of the ballot boxes, ballots, etc., and interferes, as is plainly seen, with the balance of the delivery schedule.

8. This detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' Office.

9. Cards with the ward and precinct number and location of voting booth printed thereon have been forwarded to the several police divisions, on which the division commander will write the name, the division number, and the number of the officer detailed at the time stated on the morning of November 3, 1936, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed at the voting booth, will be retained in his possession until delivered by him to an employee of the Board of Election Commissioners, who will arrive accompanying a sergeant on motor vehicle from the Election Commissioners' Office on the morning of November 3, with ballot boxes, ballots, etc., as hereinbefore stated.

This card, when returned by such employee to the office of the Election Commissioners will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

10. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, ballots, voting lists and such other documents as may have been received from the Election Commissioners, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the same, which receipt will be returned to the Election Commissioners.

11. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room for more ballots after which the patrolman will see that the box is again locked, and the key returned to the police officer.

12. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

13. The warden will deliver to the patrolman detailed at the polling place

for his use at that place a copy of the descriptive voting list, which must be returned to the warden at the close of polls.

14. When the polls are opened, the patrolman will mark in the place indicated on tag attached to the key the figures which the register shows before any ballots are cast.

15. At 8 p. m., Tuesday, November 3, when the polls close, one sergeant will report in each of the twenty-two wards (excepting Ward 1, East Boston, for which two sergeants and two motor trucks are provided), to meet motor vehicle at last point of morning distribution; thence to proceed to each of the several precincts in his respective ward, and receive registering ballot box (which must be locked) and key thereof, voting lists envelope, signed by the warden and other election officers, receipts for ballots, unused ballot envelope, sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots, receipts for ballots and check-lists, carry them to the Election Commissioners' Office and deliver same to some member of the Board of Election Commissioners.

16. When the polls are closed, the patrolman will mark on the same tag the figures which the register shows after all ballots have been cast. He will then hand the key to the warden who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope and the envelope certified by the signatures of himself and the other election officers and the same returned to the Election Commissioners, as described in Section 15 of this order. The patrolman will not allow this envelope to be put into the ballot box. The sergeant who will report on motor vehicle will keep it about his person until delivery at the office of the Election Commissioners. The unused and spoiled ballots are then to be put in the envelope for unused ballots and the envelope sealed and certified.

17. When returning from polls, all motor vehicles must drive to the easterly side of City Hall Annex, Court square, where ballot boxes will be conveyed by chute to the basement.

18. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

19. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is properly instructed as to the duty of bringing the official returns, the box of ballots cast, and the press return to the Election Commissioners' Office as soon as they are delivered to him by the election officers.

20. When the ballots have all been counted, the ballots thus counted, tally sheets and nothing else, shall be placed by the warden in the leatheroid box for that purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book, and press return to the City Hall Annex, Court square, and deliver same to the Election Commissioners. The patrolman is directed not to allow the official return, press return or record book to be placed in the leatheroid box.

21. While the polls remain open, an officer of rank will visit the polling place in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division, the officer in charge will communicate immediately with headquarters.

22. Attention is called to the fact that the polls at the State and Presidential Election on Tuesday, November 3, 1936, shall open at 8 o'clock a. m., and close at 8 o'clock p. m.

23. Commanding officers of divisions will see that the officers detailed for duty on State and Presidential Election Day are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instructions to Police Officers on . . . Election Days."

24. The counting of ballots will be done on one table only with two inspectors counting and two inspectors watching the count.

Notes.

1. Attention is again called to the last paragraph of the circular, "Instructions to Police Officers on . . . Election Days," which reads: "The police officer is directed not to allow the official return or record book to be placed in the leatheroid box."

That this may not happen (as it has in the past notwithstanding repeated instructions) in any of the precincts of this city at the coming election, the officer of rank who will visit the polling places in each division (provided for in Section 21 of this order), shall at an appropriate time, call to the attention of the police officer and of the warden on duty at the polls, that the official return, press return and record book are not to be placed in the leatheroid box.

They shall be handed to the police officer who will deliver them as set out in the paragraph immediately following.

2. The officer going to the office of the Board of Election Commissioners with the leatheroid box, after the counting of the ballots, will take with him, in a separate package, the official return, press return and record book, which he shall safely deliver to the Election Commissioners with the leatheroid box, as provided in Section 20 of this order.

3. The police shall enforce the order that smoking is prohibited within the confines of the polling places, during the entire day, while the polls are open, as well as after they are closed.

The Board of Election Commissioners makes special request that the officers detailed at the 388 precincts be instructed to see that this is enforced.

As polling places and their approaches and exits are, in many instances, in buildings used for places of religious worship, to say nothing of the danger to valuable property from careless persons, the importance of these instructions is apparent.

Commanding officers will take notice and provide means to correct the following conditions set out in a paragraph of a letter received by the Police Commissioner from the Board of Election Commissioners.

"May we again call your attention to the law which prohibits smoking in any polling place, and ask you to have the officers who are detailed to the (three hundred and eighty-eight) precincts make a special effort to see that there is no

smoking during the entire day, while the polls are opened, as well as after they are closed."

4. The following matter was on a previous occasion brought particularly to the attention of the Police Commissioner in writing by the Board of Election Commissioners.

Commanding officers will see that this cause of complaint, if it again occurs, is corrected.

"During the hours from 6 p. m. to 8 p. m. there has been a large increase in the number of persons who congregate outside the polling places. This makes it disagreeable to voters who are entering and leaving the polling places. May we ask that the police use every effort to relieve this congestion?"

5. There has been an increase of twenty-one polling places (from 367 to 388) throughout the city, as follows:

WARD.	Number of Additional Precincts.	New Precinct Numbers.
1	2	21 and 22.
3	3	17, 18 and 19.
6	1	16.
7	1	17.
12	2	18 and 19.
14	2	20 and 21.
16	3	18, 19 and 20.
17	1	20.
18	1	21.
20	3	20, 21 and 22.
21	1	18.
22	1	17.
Total	21	

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

General Order No. 239.

In recognition of an excellent, outstanding piece of police work admirably done, the Police Commissioner commends Sergeants Edward A. Carey and William H. Owen, and Patrolmen Joseph L. Clarke, Michael J. Kane, Daniel J. E. Sullivan and William B. Boyden, all of Division 10, for their efficiency and devotion to duty.

With very little information of value with which to start their investigation, these officers, by their concerted and untiring efforts covering a period of three weeks, obtained the evidence and effected the arrest of the cowardly fiend responsible for numerous criminal assaults on little girls between the ages of six and thirteen years, for which he was subsequently sentenced to serve twenty-five years in the State Prison.

The commissioner is pleased to grant each of the above mentioned officers three days' extra vacation for their splendid performance of duty in this case.

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

LOCATION OF STREET.

Voted, That the location, direction, width and grade of the private way, in the Hyde Park district, designated as Commodore terrace, leading southwesterly from Perkins avenue, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby is, approved.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN TOLEDO TERRACE, WARD 15, FROM ARCADIA STREET 200 FEET SOUTHERLY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Toledo Terrace, Ward 15, from Arcadia street 200 feet southerly, and giving bond therefor of a surety company approved by the Commissioner in the sum of one hundred per cent of the amount of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposals for Laying Sheet Asphalt Pavement in Toledo Terrace," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Friday, November 6, 1936, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he may deem for the best interests of the city so to do.

C. J. CARVEN,
(Oct. 31.) Commissioner of Public Works.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR ENTRANCE AND EXIT TO DEVONSHIRE STATION, EAST BOSTON TUNNEL, AT NO. 53 STATE STREET.

The Transit Department of the City of Boston, 1 Beacon street, invites proposals for building an entrance and exit to the eastbound platform of the Devonshire Station, East Boston Tunnel, at No. 53 State street. Plans and specifications may be obtained at the office of the Department on and after Monday, November 2, 1936. The bids will be publicly opened and read at 12 o'clock noon Thursday, November 12, 1936. A properly certified check in the sum of five thousand (5,000) dollars, payable to the city, must accompany the proposal. A deposit of \$5 in cash or certified check will be required for plans and specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Transit Department.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 28.

SATURDAY, NOVEMBER 7, 1936.

NO. 45

MAYOR MANSFIELD PAYS STERLING TRIBUTE TO CHARLES F. HURLEY IN RADIO APPEAL TO CITIZENSHIP OF STATE FOR HIS ELECTION AS GOVERNOR—POINTS TO QUALITIES IN MAN THAT MAKE HIM EMINENTLY FITTED FOR JOB—STRESSES HIS INDEPENDENCE AND ABILITY TO QUICKLY MASTER PROBLEMS AND APPLY THEIR SOLUTION—RECOUNTS ACTS AS STATE TREASURER THAT SHOW HIS INTEREST IN ALL SECTIONS OF STATE AND THAT PROVE HIS ABILITY.

The following is the radio address of Mayor Mansfield, delivered over Station WBZ, on Monday, November 2:

I know from many years' experience in political campaigns that the minds of most voters are pretty thoroughly made up for some time before election day. And I know, as a practical man, that very few votes are going to be changed by speeches that are made at ten o'clock the night before election day. And knowing this, ordinarily, I would not devote much of my time to discussing the issues of the campaign or to an endeavor to attract votes. The usual course would be for me to advise you to be sure to vote, to do what I could to bring out a full expression of opinion of the people of the Commonwealth and to warn you against eleventh-hour, last-minute charges, to which there would be no time for an adequate reply.

But I am so vitally interested in the election of Charles F. Hurley as Governor, and I am so concerned lest there remain a few voters within the reach of my voice who still may have some doubt about Charles F. Hurley's independence and freedom from entangling sinister alliances, that I am moved in the closing hours of the campaign again to reassure all the voters of the Commonwealth, all of my friends, all of those good people who while they have never met and have never known me yet have confidence in me and in what I stand for, that they may place absolute faith in Charles F. Hurley and in his complete freedom from all such understandings and entanglements.

Confidence of Fellow Citizens.

I have great regard for the good opinion of my fellow men and women in Massachusetts. I know from expressions that have come to me from many quarters that they have confidence in me. I would not sacrifice that good opinion for any consideration whatever. And in addition to that, I wish to keep my own self-respect. I do not wish to sacrifice that either. Therefore, you may be sure that I would not attempt to deceive you and you need have no doubt about our candidate's political independence.

In my radio talks on Friday and Saturday nights I emphasized the honesty, integrity, trustworthiness and independence of Charles F. Hurley. I wish I had the time to touch upon other qualities of his — such as his ability to grasp a problem and to act immediately. I would also like to devote some time to describing his home life and to picture to you the devotion which he has toward his wife and his children. I know you would like to hear these things, because they bring home to the people, better than anything else could, the kind of men that we are presenting to you as our candidate for Governor; that in addition to his eminent qualifications to make a good Governor he has a domestic side — a love for home and family that endears him to every one who knows him.

Tribute to Mrs. Hurley.

And while I cannot devote time to describing these things to you, at least I may take a moment to say an unsolicited word of appreciation and praise to one of the sweetest characters I have ever known, Marion L. Hurley, the devoted and loyal wife of the next Governor. She has not been very prominent in this campaign. You have not heard much from her or about her. But that does not mean that she has not been active for her husband. Steadfastly she has stood by his side. She always has in every emergency that has ever confronted him since he was fortunate enough to win her for his bride. Constantly she has been his companion and his guide, and well does she merit the great love her husband has for her, and the praise and appreciation which he accords her.

I am sure that I echo the sentiments of all my listeners when I extend to Mrs. Hurley the deepest sympathy of the people of the Commonwealth in the sudden death of her father, which occurred this morning. It means that for the first time in this campaign, or in any campaign in which Charles F. Hurley has ever participated, his faithful wife cannot be with him in the final hours of the contest. And it means that he, too, in deference to his wife and out of respect for her sorrow, will probably be compelled to forego the closing speeches which he had intended to make in this campaign. Realizing these conditions as I do, I am glad of the opportunity to be one of those who will speak for Charles F. Hurley and in his place on this, the last night of the campaign.

I said a moment ago that I was fearful lest there might be some lingering suspicion that Charles F. Hurley was not a free man, and that he was bound by understandings and sinister entanglements. And that is the subject to which I ask your attention again, namely, the independence and absolute freedom of this man from all such influences.

(Continued on page 1284.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council Monday, November 9, 1936, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catchbasins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending Oct. 31, 1936.

Population as of July, 1936, Massachusetts State Census, 817,713; population estimated, July, 1936, United States Census Bureau, 801,880; number of deaths (stillbirths excluded): Residents, 175; nonresidents, 47; total, 222.

Death rate per 1,000 of population: All deaths, 14.40; nonresidents deducted, 11.35.

Death rate per 1,000 of population:

Last week, 12.13; corresponding week last year, 12.57.

Deaths by age periods, sex, etc.: Under one year, 15; one year to four years, inclusive, 9; sixty years and over, 112. Total deaths: Male, 125; female, 97; deaths in hospitals and institutions, 151; deaths of colored, 8.

ADDRESS OF MAYOR.

(Continued from page 1281.)

GAVE CONCRETE FACTS.

You will recall that on Saturday night I did not rely wholly upon general statements. I gave you concrete facts and one important case in particular, which showed that our candidate was an independent man and that he was a brave man who acted in behalf of the unemployed without regard for the effect that such action might have had upon his own political future; and how he resigned from the Civil Works Administration Board, to which he was appointed by the President himself, rather than promulgate an order which meant the throwing out of employment of 18,000 men and women who were working on C. W. A. projects in Massachusetts.

That showed courage. It showed independence. It showed a total disregard for personal consequences, and it showed that his heart beat warmly for the unemployed.

Now, tonight, I am going to present to you some more concrete cases, because I want you to get a picture of Charles F. Hurley as I know him and see him. And I want you to believe that he is not merely a pleasant fellow with a charming smile but no backbone. I want you to know him as a strong, vigorous, virile character, who is not afraid to speak his own mind, to follow the dictates of his own conscience, and to do exactly as pleases himself without fear of the consequences.

And as a further example of these qualities of his, I would like to call your attention to a little history that is not generally known. You all know that Charles F. Hurley has been State Treasurer six years—in other words, during almost the entire time of the depression. But perhaps some of you do not know that during those years he has been asked for financial assistance by many cities and towns in the Commonwealth. When these requests were made of him, he inquired as to why it was that they were forced to appeal to the State Treasurer for loans, and he was told that the local bankers would not lend money to cities and towns in Massachusetts, and they were forced to appeal to him.

Now, the State Treasurer has authority to lend money to cities and towns, but this is not usually done, and it is a power which is exercised ordinarily only when there is an emergency, and when the city or town cannot get money elsewhere. State Treasurer Charles F. Hurley was ready to come to the rescue of the cities and towns, if there were no other recourse. But there were so many cities and towns clamoring for assistance that he determined to see if he couldn't prevail upon local bankers to change their decision and to lend money to Massachusetts municipalities.

AID FROM ROOSEVELT.

Accordingly, he interviewed representatives of the bankers of Massachusetts and urged and pleaded with them to reverse their decision and to help these cities and towns. At first the banks refused to yield. They were obdurate. They were adamant. He told them that if they did not lend money to Massachusetts municipalities he would go to New York and interest New York bankers in Massachusetts municipal loans. As a result of that statement, some local bankers relented and some cities and towns were able to obtain loans. But still a great many of them were

refused, and it became necessary for the State Treasurer to fulfill his pledge of appealing to the New York banks.

And so he went to New York to interview the bankers. But before he went he called upon the Governor of New York at Albany, who gave him letters of introduction to New York city banks, and who smoothed the way for him, and who did everything in his power to help our State Treasurer in his efforts to relieve Massachusetts municipalities. And who do you suppose this Governor was? None other than our present President and our next President, Franklin D. Roosevelt. Well-armed with President, then Governor, Roosevelt's letters, State Treasurer Charles F. Hurley conferred with New York bankers, with the result that they interested themselves in Massachusetts municipal loans and readily assumed whatever risks there were in a state not their own, where Boston and Massachusetts bankers had refused to assume such risks. Then it was, after New York bankers had come to the rescue, that the remainder of the Boston banks who had held aloof, relented also and thereafter participated in loans to our cities and towns.

Was that an act of independence? Did that take courage? If you were ever State Treasurer you would know that it takes some courage to cross swords and measure lances with the banking and investment houses of Boston, which are continuously doing business with the State Treasurer's office. It not only took courage, but it took independence, initiative and energy. It showed that our State Treasurer was a man of resource, and that a refusal by the Boston bankers did not spell defeat for him.

And what a favorable impression Charles F. Hurley must have made upon those New York financiers—probably the sharpest and keenest minds in the whole world in matters of finance—able to judge a man at a glance—accustomed to determining without delay whether or not a certain proposed loan was a good risk. Those New York bankers did not come in contact with the officials of our cities and towns until after Charles F. Hurley had talked with them. He was the one who sold the idea. He was the one who obtained the credit. Ah! my friends, there must be something in a man who can accomplish things like these. There is something more than a stuffed shirt or a sofa pillow to a man who has the courage to resign a Federal appointment rather than to carry out what he thought was an unjust order, even though that order was made without the knowledge or approval of the President. It took more than a mere mannikin or rubber-stamp treasurer to deliver an ultimatum to Boston bankers, and to carry out his plan to obtain assistance from New York.

There are women and men listening to me tonight from many of the cities and towns that have enjoyed the benefits of those enterprising activities that I have just described. We have 339 cities and towns in this Commonwealth. I cannot run over them all, but I will take just one city and one town. What about Fall River? And I hope that every citizen of Fall River is listening to what I say tonight. When no banker in Massachusetts would dare to lend Fall River a single dollar; when no investment house or broker would dare to take the risk, and when Fall River needed funds to carry on its municipal affairs, Charles F. Hurley lent to the city of Fall River one million dollars out of the Treasury of the Commonwealth.

What do you say to that, citizens of Fall River? You know there was no great risk. You know that your city has ample assets to guarantee payment of any such loan. The citizens of other cities and towns might not know that, but certainly you citizens of Fall River knew it, and the bankers must have known it. But they would not take the risk as, of course, there is some risk in all loans, and State Treasurer Charles F. Hurley stepped into the breach and made the loan to Fall River. Without that loan, municipal activities would have had to cease in Fall River. Your fire department would have been cut down, and the police department. Your schools would have been closed. Your garbage would be uncollected, and your health regulations abandoned for the time. Your streets would have been dark, and only the absolute necessities in the way of municipal activities would have been carried on. Think of that, citizens of Fall River, when you go to cast your vote tomorrow morning. Think of that, citizens of every other city and town in this Commonwealth, who are listening to my voice—the same thing might have happened to you. And now, for the town that I shall take as an example—and I shall cite that delightful old town, Marshfield, on the Cape.

AID FOR MARSHFIELD.

Marshfield was one of the first towns in Massachusetts to call upon the State Treasurer for help when it was refused help by the bankers of the Commonwealth. The State Treasurer responded to the call and has frequently helped Marshfield in its town finances—so much so that Charles F. Hurley has been publicly thanked by the treasurer of the town. Are you listening, citizens of Marshfield? Were it not for Charles F. Hurley and his prompt lending of state funds to your town, where would you have obtained money to carry on your town activities? Where would your police, fire and health protection be? Would your schools be functioning? Would your streets be kept clean, and your garbage collected? You know the answers to these questions. You know the conditions from which State Treasurer Charles F. Hurley saved you.

But my time has nearly expired. I could go on with further instances of the independence and the courage of this man whom we are proud to present to you as our candidate for Governor. I hope I have not bored you.

And if there have been any acts of the present administration that do not commend themselves to you, how unfair it is—unprecedented even—to attempt to hold responsible this candidate—to hold him responsible for things over which he had no control, appointment or election—and the many attempts to do this very thing by his opponents, is, to my mind, pretty small and cheap politics.

I know that my voice is but only one of those that have been dinning into your ears during this long and stormy campaign. I know that your ears have been split from morning to night by listening to the rival claims of candidates and their supporters.

But the campaign is over now. Tomorrow will be your day.

"The tumult and the shouting dies
The Captains and the Kings depart."

Tomorrow the radio will be singularly quiet. There will be a hush abroad over the land, and the only activity will be that of you, the patient voters, wend-

ing your way to the polls. Be sure to do that, no matter for whom you vote. It is a civic duty that we all owe. Go to the polls in any event, and when you go and you are alone in your booth, with your conscience and your God, ask yourself these questions:

Which one of these men is best for me?

Which one of these men is best for my family and my home?

Which one is best for my Commonwealth and for my City?

Which one has shown by his public record that he has an understanding heart for the problems of the poor and the unemployed?

Which man would make the best Governor of our beloved Commonwealth?

And if you answer these questions, I know you will answer them according to the dictates of your conscience. Then I know you will mark your ballot for Charles F. Hurley to be the Governor of this Commonwealth.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Newfield street, bounded:

Easterly by Addington road, thirteen and 8-100 feet; southwesterly by another part of Newfield street, thirty-nine and 35-100 feet; northwesterly by easement taken by the City of Boston for sewerage purposes in Newfield street, March 24, 1932, ten feet; southwesterly by the same, seven feet; northwesterly by another part of Newfield street, fifteen feet; northeasterly by the northeasterly line of said street, eight feet; southeasterly by another part of Newfield street, fifteen feet, and northeasterly by the same, twenty-nine and 93-100 feet, containing four hundred and seventy-one square feet, more or less.

The sewerage works to be constructed are as follows: 60 linear feet of 10-inch pipe surface drain, one catch-basin and 10 linear feet of minor drain.

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Newfield street, West Roxbury district, under the order of the Board of October 29, 1936, and awards no damages therefor.

Speed Controllers, Group No. 23.—Quinn Brothers, \$98; bid rejected.

Doors in Dark Room Passage, Group No. 24.—Lamont Brothers Company, Incorporated, \$421; P. J. Cantwell & Son, \$333*; bids rejected.

Total of low bids accepted, \$53,740.51.

The award of contracts was as follows:

Berger Manufacturing Company, Group No. 6, \$3,150; S. Blickman, Incorporated, Group No. 5, \$3,617.70; Colson Corporation, Group No. 16, \$966.24; Crown Shade and Screen Company, Group No. 13, \$1,499; Henry L. Kaufman & Co., Group No. 2, \$6,550; Kelvinator Corporation, Group No. 7, \$136.60; Edwin C. Lewis, Incorporated, Group No. 19, \$561.50; E. F. Mahady Company, Group No. 18, \$1,026.80; McCarthy Brothers, Groups No. 1, 3, 9, 10, 11, 12, \$20,746.57; Remington Rand Company, Group No. 21, \$52.; Surgeons & Physi-

cians' Supply Company, Groups No. 4, 8, 15, \$15,434.10. Total, \$53,740.51.

* Low bid.

HOSPITAL DEPARTMENT (Sanatorium Division).

Upon October 31 the Mayor approved a contract with the Morandi Proctor Company for furnishing and installing dishwashing equipment at the Sanatorium Division. Bids opened at the Sanatorium at Mattapan on Friday, October 16, were as follows:

Wrought Iron Range Company, \$1,433; price did not include installation of equipment; bid rejected by Board of Trustees; Morandi Proctor Company, \$1,480; Jones, McDuffee & Stratton Corporation, \$1,909.

PUBLIC WORKS DEPARTMENT (Sewer Service).

Upon October 31 the Mayor approved a contract with Edward J. Byrne for cleaning catch-basins in District No. 7. The following bids were received October 31:

Edward J. Byrne, 85 cents a cubic yard, total, \$1,020; Anthony Ryan, \$1 a cubic yard, total, \$1,200; Dooley Brothers, Incorporated, \$1.29 a cubic yard, total, \$1,548; A. R. Doyle, Incorporated, \$1.35 a cubic yard, total, \$1,620; Capitol Contracting Company, \$1.35 a cubic yard, total, \$1,620; David W. Norton, \$1.40 a cubic yard, total, \$1,680.

Upon November 3 the Mayor approved a contract with Edward J. Byrne for cleaning catch-basins in District No. 2. The following bids were received October 31:

Edward J. Byrne, 85 cents a cubic yard, total, \$510; Capitol Contracting Company, 89 cents a cubic yard, total, \$534; David W. Norton, \$1.24 a cubic yard, total, \$744; Dooley Brothers, Incorporated, \$1.38 a cubic yard, total, \$828; A. R. Doyle, Incorporated, \$1.45 a cubic yard, total, \$870.

Upon November 3 the Mayor approved a contract with Edward J. Byrne for cleaning catch-basins in District No. 1. The following bids were received October 31:

Edward J. Byrne, 85 cents a cubic yard, total, \$425; Capitol Contracting Company, 89 cents a cubic yard, total, \$445; Anthony Ryan, 95 cents a cubic yard, total, \$475; A. R. Doyle, Incorporated, \$1.35 a cubic yard, total, \$675; Dooley Brothers, Incorporated, \$1.35 a cubic yard, total, \$675; David W. Norton, \$1.50 a cubic yard, total, \$750.

Upon November 3 the Mayor approved a contract with David W. Norton for cleaning catch-basins in District No. 2A. The following bids were received October 31:

David W. Norton, \$1.24 a cubic yard, total, \$1,116; Capitol Contracting Company, \$1.35 a cubic yard, total, \$1,215; Dooley Brothers, Incorporated, \$1.38 a cubic yard, total, \$1,242; A. R. Doyle, Incorporated, \$1.75 a cubic yard, total, \$1,575.

Upon November 3 the Mayor approved a contract with the Capitol Contracting Company for cleaning catch-basins in District No. 4. The following bids were received October 31:

Capitol Contracting Company, \$1.10 a cubic yard, total, \$1,100; Dooley Brothers, Incorporated, \$1.38 a cubic yard, total, \$1,380; David W. Norton, \$1.55 a cubic yard, total, \$1,550; A. R. Doyle,

Incorporated, \$1.60 a cubic yard, total, \$1,600.

Upon November 3 the Mayor approved a contract with Edward J. Byrne for cleaning catch-basins in District No. 3. The following bids were received October 31:

Edward J. Byrne, 90 cents a cubic yard, total, \$720; Capitol Contracting Company, 98 cents a cubic yard, total, \$784; David W. Norton, \$1.34 a cubic yard, total, \$1,072; A. R. Doyle, Incorporated, \$1.35 a cubic yard, total, \$1,080; Dooley Brothers, Incorporated, \$1.38 a cubic yard, total, \$1,104; Anthony Ryan, \$1.50 a cubic yard, total, \$1,200.

PUBLIC WORKS DEPARTMENT (Water Service).

Upon November 4 the Mayor approved a contract with the McCulloch Manufacturing Company for furnishing labor to assemble about 200 6-inch gate valves, 50 12-inch gate valves and 200 B. & F. post hydrants. The following bids were opened October 30:

McCulloch Manufacturing Company, \$11,500; Chapman Valve Manufacturing Company, \$12,277.50.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and contractors for labor, supplies, etc. Communications from the heads of the departments interested were as follows:

HEALTH DEPARTMENT.

BOSTON, November 2, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested of a contract between the Health Commissioner of the City of Boston and the Colonial Scales Company, covering the lease of weighing machines (10 in number) in the Convenience Stations of this department, for one year, from November 1, 1936, for the sum of three hundred and sixty dollars (\$360), payable in advance, as follows: One fourth of said sum to be payable on the 15th days of January, February, March and April, 1937.

The Colonial Scales Company has been performing this service, with satisfaction, since 1932.

Yours respectfully,

WILLIAM B. KEELER, M. D.,
Health Commissioner.

PARK DEPARTMENT.

BOSTON, October 30, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request permission to award a contract to the Stanley Newman Company, Little Building, Boston, Mass., amounting very close to \$1,000 and not over \$1,500 for the purpose of making water-tight the Administration Building and repairing windows at the Airport.

Over five years ago a contract was awarded to the Stanley Newman Company for this purpose and it gave us a guarantee of three years. The guaranty time limit on this contract has expired, and we have a condition prevailing there that when we have an easterly storm the rain penetrates through the masonry walls, due to the fact that there is a slight settlement in the building; also, the mortar has disintegrated between the brick and it will be necessary to

remove same and put water-tight cement in the cleaned crevices; also, to repair the window frames which have disintegrated and paint same.

The Stanley Newman Company is the best concern in this line and it is giving us a five-year guarantee over the entire building.

Very respectfully yours,

WILLIAM P. LONG,
Chairman.

SUPPLY DEPARTMENT.

BOSTON, October 21, 1936.

HON. FREDERICK W. MANSFIELD,
Mayor of Boston.

DEAR MR. MAYOR,—On September 21, 1936, I requested permission to award a contract, without publicly advertising for same, to the Bedford Tobacco Company, Bedford, Virginia, to deliver to the Long Island Hospital, Institutions Department, as required, until December 31, 1936, the following:

Approximately 2,814 pounds (67 42-pound boxes) "Uncle Henry" plug tobacco at 45½ cents a pound, \$1,280.37.

In addition to the reasons expressed in said letter dated September 21, 1936, the following reasons prompted my requests: Doctor Clay, Superintendent of the Long Island Hospital, has insisted upon "Uncle Henry" tobacco; no jobber or other company is willing to quote as low a price as 45½ cents a pound, the price quoted by the Bedford Tobacco Company, which manufactures "Uncle Henry" tobacco, and I am, therefore, of the opinion that advertising will not yield any lower price and that the city's best interests will be served by the award without advertising.

Respectfully yours,

D. FRANK DOHERTY,
Superintendent of Supplies

MAYOR SCORES FINANCE COMMISSION FOR ADVISING ILLEGAL ACTION BY CITY ON WELFARE COAL.

Upon October 31 Mayor Mansfield issued the following statement:

I have read the report of the Boston Finance Commission made to Acting Mayor John I. Fitzgerald on October 15, wherein it advises that advertisements for bids for coal be cancelled and contracts let without advertising. In other words, the Finance Commission is advising the Mayor to violate the law. Under the law bids must be advertised for unless there is sound reason to believe that the advertising would not call for suitable bids. No such reason exists in this case and, in fact, the advertising has already elicited bids from practically every reliable firm in Boston. The Finance Commission need have no fear that unreliable dealers will be awarded contracts. If there are any unreliable dealers who are low bidders their bids will be ignored and the awards will be made to the lowest responsible bidder in accordance with the law.

MAYOR AND MRS. MANSFIELD GUILD'S SUPPER DANCE PATRONS.

Mayor and Mrs. Mansfield have accepted invitation to be honorary patrons of the Annual Supper Dance of the Guild of the Infant Saviour, to be held at the Copley-Plaza on Friday evening, November 6.

CITY REVOKES BILLBOARD LICENSE.

Upon October 31 the following statement was issued by the Mayor:

Public Works Commissioner Carven has revoked the permits issued by his department through inadvertence and mistake to the Birch Advertising Company and the Donnelly Advertising Company for the use of land for advertising purposes at the corner of Cambridge street and Lindall place. As previously stated the land in question is owned by the Commonwealth of Massachusetts, and even if the City did have any authority to issue such permits they would have to come from the Street Laying-Out Department instead of the Public Works Department—chapter 33, section 1, of the Revised Ordinances.

I have read that the State authorities do not intend to do anything about the billboard until they have some official communication from the City.

I am not interested in that phase of this little controversy. The Public Works Department acted without authority and the permits have been revoked, and the billboard is erected upon land belonging to the Commonwealth. Clearly the next move must be made either by the Commonwealth of Massachusetts or the Donnelly Company. The City is out of it.

TRANSFER OF APPROPRIATIONS.

City Auditor Charles J. Fox announces the following transfers in appropriations in departments of the City of Boston approved by his Honor the Mayor:

MAYOR'S OFFICE.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—The unencumbered balances in certain items of the Mayor's Office budget are insufficient to provide for current expenses. You are hereby requested to transfer \$1,700 from the Reserve Fund to the following items:

B-4, Transportation of Persons, \$250.
B-13, Communication, \$150.
B-14, Motor Vehicle Repairs and Care, \$100.
C-4, Equipment, Motor Vehicles, \$25.
D-1, Supplies, Office, \$400.
D-11, Supplies, Motor Vehicle, \$50.
D-16, Supplies, General Plant, \$10.
G, Miscellaneous, \$715.
Total, \$1,700.

Very truly yours,

FREDERICK W. MANSFIELD,
Mayor.

The above transfer was made by the City Auditor with the approval of the Mayor November 4, 1936.

PROFITABLE MUNICIPAL MARKETS.

Municipal markets, "white elephants" in many cities, can be made self-supporting and even profitable, according to recent reports on two of them. The Department of Public Markets of New York City reports that within the administration of its present Mayor, Fiorello LaGuardia, the city's markets have changed from inefficient and expensive undertakings into profitable investments. The Benton Harbor, Mich., municipal fruit and vegetable market is described as doing a three-million-dollar annual business by its City Manager in the February issue of "Public Management."

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS.
Examinations, 1936.

Examinations will be held at the following points and on the following dates:

Boston, Monday, December 7.
New Bedford, Wednesday, December 9.
New Bedford, Thursday, December 10.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Examinations shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent, or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
PAYSON SMITH,
JAMES M. HURLEY,
ALBERT FRANK,
WALTER J. KENEFFICK,
State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon St., Boston, Mass.

MAYOR AND MRS. MANSFIELD AT RECEPTION TO CARDINAL PACELLI.

Mayor and Mrs. Mansfield have accepted an invitation from the Catholic Club of New York, of which the Mayor is a member, to attend a reception to His Eminence Eugenio Cardinal Pacelli, Papal Secretary of State, at the Waldorf Astoria, on Wednesday evening, November 4.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works, to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Cornauba Street Extension, bounded:

Northeasterly by land hereinafter described as taken from Gorman, six feet; southeasterly by another part of Cornauba Street Extension, one hundred seventy and 28-100 feet; southwesterly by the same, six feet; and northwesterly by the same, one hundred seventy and 22-100 feet, containing ten hundred and twenty-two square feet, more or less.

A parcel of land, supposed to belong to Patrick J. Gorman, bounded:

Southwesterly by land hereinbefore described as taken from owners unknown, six feet; northwesterly by other land supposed to belong to said Gorman, ten and 68-100 feet; northeasterly by land hereinafter described as taken from owners unknown, six and 1-100 feet; and southeasterly by other land supposed to belong to said Gorman, nine and 79-100 feet, containing sixty-one square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Cornauba street, bounded:

Southwesterly by land hereinbefore described as taken from Gorman, six and 1-100 feet; northwesterly by another part of said Cornauba street, nine and 10-100 feet; northeasterly by easement taken by the City of Boston for sewerage purposes February 28, 1913, six and 6-100 feet; and southeasterly by another part of said Cornauba street, nine and 6-100 feet, containing fifty-four square feet, more or less.

The sewerage works to be constructed are as follows: 200 linear feet of 10-inch pipe sanitary sewer.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the southeasterly side of Cornauba Street Extension; the abutting lot of land on the northeasterly end of Cornauba Street Extension and the abutting lots of land on the northwesterly side of Cornauba Street Extension beginning at a point approximately one hundred feet northeast of Poplar street and extending to the northeasterly line of said Cornauba Street Extension, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively

SCHOOL DEPARTMENT.

James H. Leary, master, salary at time of retirement, \$4,896 a year.

Alvin P. Wagg, master, salary at time of retirement, \$4,896 a year.

Attest:

WILFRED J. DOYLE,
Chairman.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Emerson avenue, Dorchester district, as a highway, from Gallivan Boulevard to Morton street, with the name of Ellison road or some other distinctive name.

BOARD OF STREET COMMISSIONERS,
CITY OF BOSTON.

October 28, 1936.

Ordered, That this Board, having passed the order of notice relating to the public improvement hereinafter described, and having caused a copy of said order to be published September 25, 26, 1936, and September 28, 29, 1936, in the Boston Post and the Boston Traveler, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience so requires, does hereby order the making, in said city of the public improvements, shown on a plan, marked "City of Boston, Ellison Avenue, Dorchester, September 29, 1936, William J. Sullivan, Chief Engineer, Street Laying Out Department," deposited in the office of the Street Laying-Out Department of said city, and named, bounded and described as follows:

A highway named Ellison avenue is hereby laid out, from Gallivan Boulevard to Morton street, and ordered constructed, the cost thereof to be charged to Federal Funds.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Gallivan Boulevard, forty-two and 3-100 feet on a curve of twenty hundred and forty feet radius; easterly by the easterly line of said Ellison avenue as hereby laid out, seven hundred eighty-two and 5-100 feet; southeasterly by the southeasterly line of said Ellison avenue as hereby laid out, one hundred eight and 98-100 feet; southwesterly by Morton street, forty feet; northwesterly by the northwesterly line of said Ellison avenue as hereby laid out, eighty-nine and 1-100 feet, and westerly by the westerly line of said Ellison avenue as hereby laid out, seven hundred seventy-four and 99-100 feet.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Ellison avenue (formerly Emerson avenue), Dorchester district, as a highway, from Gallivan Boulevard to Morton street, under the order of the Board of October 28, 1936, and awards no damages therefor.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of removal of the courts, from Pemberton square to Young's Hotel, parking of vehicles is prohibited in the following street, from November 4, 1936, to November 9, 1936, inclusive:

Court Square.

East side, easterly arm, from a point seventy (70) feet south of Court street to a point one hundred forty-five (145) feet south of Court street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be six (6) weeks, vehicles are excluded from the following street, effective November 2, 1936:

Tuttle Street, Dorchester.

From Savin Hill avenue to Hartland street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be three (3) weeks, vehicles are excluded from the following street, effective November 2, 1936:

Montello Street, Dorchester.

From Arcadia street to Robinson street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of bridge repairs, estimated to be four (4) weeks, vehicles are excluded from the following street, effective November 2, 1936:

Dana Avenue, Hyde Park.

From Easton avenue to Water street.

Voted, That as urgently required by considerations of public safety and convenience, the following rule is effective from 4.30 p. m. to 11 p. m. on October 30, 1936:

The following street is one way in the direction indicated:

Buckingham Street.

From Columbus avenue to Dartmouth street.

POLICE DEPARTMENT ORDERS.

General Order No. 240.

A trial board, consisting of Captains Casey, Connolly and Wall, having heard by reference a complaint made by Thomas F. Gleavy, captain, Division 17, against Patrolman Richard M. Mackey, Division 17, for alleged violation of the Rules and Regulations of the Police Department, to wit:

Charge: Conduct unbecoming an officer.

Specification: In that at 11 o'clock p. m., Monday, October 18, 1936, while on route patrol duty he was under the influence of intoxicating liquor to such an extent that he was unfit to perform the duty to which he was assigned or any other police duty,—

has submitted the following finding and recommendation:

"The Board, having heard and carefully considered all the evidence as presented, accepts the plea of guilty and respectfully recommends that the said Patrolman Richard M. Mackey be suspended from duty for a period of fifteen days, effective as of October 20, 1936, at 7.45 o'clock a. m., and that at the expiration of the said period of suspension the said Patrolman Richard M. Mackey be ordered to perform 210 hours of punishment duty."

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Richard M. Mackey be suspended from duty for a period of fifteen days, effective as of October 20, 1936, at 7.45 o'clock a. m., and that at the expiration of the said period of suspension the said Patrolman Richard M. Mackey perform 210 hours of punishment duty.

Civil Service Rule 23, section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

EUGENE M. MCSWEENEY,
Police Commissioner.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the land for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, supposed to belong to Anna O. Vogel, bounded:

Northeasterly by Stimson street, nineteen and 92-100 feet; easterly by other land supposed to belong to said Vogel, seven hundred fifty-three and 73-100 feet; southeasterly by the same, thirty-two and 94-100 feet; southerly by land hereinafter described as taken from Daly *et al.*, twenty-five and 60-100 feet; northwesterly by other land supposed to belong to said Vogel, forty-seven and 20-100 feet; and westerly by the same, seven hundred sixty and 72-100 feet, containing eleven thousand one hundred and sixty-two square feet, more or less.

A parcel of land, supposed to belong to Edward M. Daly, Frederick D. Dietrick, Receiver, Annie M. Kelley, T. T., and City of Boston, T. T., bounded:

Northerly by land hereinafter described as taken from Vogel, twenty-five and 60-100 feet; southeasterly by other land supposed to belong to said Daly *et al.*, by two measurements, one hundred eleven and 14-100 feet and one hundred eighty-four and 55-100 feet; southwest-erly by Old Centre street, fourteen and 90-100 feet; and northwesterly by other land supposed to belong to said Daly *et al.*, by two measurements, one hundred seventy-eight and 20-100 feet and eighty-eight and 44-100 feet, containing thirty-nine hundred and thirty-six square feet, more or less.

A parcel of land, supposed to belong to Catherine M. Harrington, bounded:

Northeasterly by Old Centre street, twenty-five and 82-100 feet; easterly by other land supposed to belong to said Harrington, twenty-six and 82-100 feet; southerly by land hereinafter described as taken from Heirs of Sarah K. Sumner, fourteen feet; and westerly by other land supposed to belong to said Harrington, forty-eight and 30-100 feet, containing five hundred and twenty-six square feet, more or less.

A parcel of land, supposed to belong to Heirs of Sarah K. Sumner, bounded:

Northerly by land hereinafter described as taken from Harrington, fourteen feet; easterly by other land supposed to belong to said heirs, one hundred ten and 17-100 feet; southerly by easement taken by the City of Boston, for sewerage purposes, March 11, 1924, fourteen feet; and westerly by other land supposed to belong to said heirs, one hundred ten and 38-100 feet, containing fifteen hundred and forty-four square feet, more or less.

The sewerage works to be constructed are as follows: 1,391 linear feet of 20-inch pipe sanitary sewer and 1,332 linear feet of 3-foot 3-inch, 4-foot 6-inch and 5-foot 6-inch circular concrete conduit.

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the taking of an easement for sewerage purposes in private land between Stimson street and the Boston-Dedham boundary line, in the West Roxbury district, under the order of the Board of October 28, 1936, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

Anna O. Vogel, 11,162 square feet.....	\$1
Edward M. Daly, Frederick D. Dietrick, Receiver, Annie M. Kelley, T. T., and City of Boston, T. T., 3,936 square feet.....	\$1
Catherine M. Harrington, 526 square feet.....	\$1
Heirs of Sarah K. Sumner, 154 square feet.....	\$1

DAMAGES AWARDED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of August 13, 1931, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Durnell avenue, be, and the same hereby is, amended, by striking from said order the names Daniel J. and Hannah Mahoney in said order and inserting in place thereof the name Daniel F. Mahoney, administrator of the estate of Hannah Mahoney, that the amount \$50 be, and the same hereby is, awarded to Daniel F. Mahoney, administrator of the estate of Hannah Mahoney, for the damages so sustained.

LOCATION OF STREETS.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the locations, directions, widths and grades of the following private ways, designated as follows: Kemp street, between Wakefield street and Dorchester avenue; Ralston street, between Kemp street and Dorchester avenue; Mohawk street, between Old Colony avenue and Hyde street; Needham street, between Wakefield street and Old Colony avenue; Wakefield street, between Old Colony avenue and Mohawk street, as shown on plans on file in the office of this department, be; and the same hereby are, approved.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 26, 1936.

Regular meeting of City Council, held in the Council Chamber, City Hall, at 2 p. m., Coun. GALLAGHER presiding. Absent, Coun. Brackman and Dowd.

TRANSFER FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, October 16, 1936.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$25,000 from the income of the George F. Parkman Fund to the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
JOHN I. FITZGERALD, Acting Mayor.

City of Boston,
Park Department, October 8, 1936.
Hon. Frederick W. Mansfield,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$25,000, which is now available, to be expended under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$25,000

When making up the budget estimates for the year 1936, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1936, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$25,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$25,000
Referred to the Executive Committee.

PUBLIC WELFARE APPROPRIATION.

The following was received:

City of Boston,
Office of the Mayor, October 23, 1936.
To the City Council.

Gentlemen,—I submit herewith an appropriation order allocating the sum of \$1,000,000 to specific items in the Public Welfare Department. The borrowing of this sum, which is to be charged against tax titles now in the possession of the city, was contemplated when the tax program for the current year was planned and has already been authorized by your Honorable Body.

I therefore respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,
JOHN I. FITZGERALD, Acting Mayor.

Ordered, That the sums hereinafter specified be, and the same hereby are, appropriated for the Public Welfare Department and for the objects and purposes hereinafter stated; that the same be met from the proceeds of a loan of \$1,000,000 to be made under the provisions of section 1, chapter 281, of the Acts of 1936, amending section 2, chapter 49, of the Acts of 1933, in accordance with a recommendation submitted by the Mayor to the City Council on September 21, 1936.

Public Welfare Department.
Central Office.

F-9, Care of Dependents..... \$625,000
F-10, Mothers' Aid..... 175,000
F-14, Old Age Assistance..... 200,000
Referred to Executive Committee.

TRANSFER TO PUBLIC WORKS DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, October 24, 1936.
To the City Council.

Gentlemen,—I am advised by the Commissioner of Public Works that during the past four weeks

the personnel of the P. W. A. in the Paving Service has been increased by over 800 men, bringing the total number now employed in the reconstruction of streets under W. P. A. projects to over 2,800. The amounts originally and subsequently appropriated for materials and equipment to carry on this work have been practically exhausted, and an additional appropriation of \$40,000 is necessary in the H. Relief Projects, item of the Paving Service budget. This sum can be secured by transfer from the H. Relief Projects, item of the Hospital Department, due to the fact that after final disposition was made of the pending W. P. A. projects it developed that more than enough was appropriated for this purpose in the Hospital Department. I therefore submit herewith an order for the transfer of this sum and respectfully recommend its adoption by your Honorable Body.

Respectfully,
JOHN I. FITZGERALD, Acting Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Hospital Department, H. Relief Projects, \$40,000, to the appropriation for Public Works Department, Paving Service, H. Relief Projects, \$40,000.
Referred to Executive Committee.

TRANSFERS WITHIN DEPARTMENTAL APPROPRIATIONS.

The following was received.

City of Boston,
Office of the Mayor, October 26, 1936.
To the City Council.

Gentlemen,—The attached requests for transfers within departmental appropriations have been examined and investigated by the Budget Commissioner. I accordingly recommend adoption of the accompanying orders by your Honorable Body.

Respectfully,
JOHN I. FITZGERALD, Acting Mayor.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Art Department:

From the appropriation for B-1, Printing and Binding, \$13.75, to the appropriation for B-39, General Repairs, \$13.75.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Assessing Department:

From the appropriation for D-1, Office, \$400, to the appropriation for H. Relief Projects, \$400.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Auditing Department:

From the appropriation for A, Personal Service, A-1, Permanent Employees, Messenger, 1 at \$800 a year, \$160.50, to the appropriation for C-16, Wearing Apparel, \$10.50; D-1, Office, \$150.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Budget Department:

From the appropriation for B-1, Printing and Binding, \$10; B-39, General Repairs, \$10; D-1, Office, \$22.51, to the appropriation for H. Relief Projects, \$42.51.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Boston Traffic Commission:

From the appropriation for B-39, General Repairs, \$750, to the appropriation for D-8, Laundry, Cleaning, Toilet, \$150; E-13, Miscellaneous, \$600.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Collecting Department:

From the appropriation for B-3, Advertising and Posting, \$2,200, to the appropriation for B-1, Printing and Binding, \$200; D-1, Office, \$2,000.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for City Council:

From the appropriation for A, Personal Service, A-4, Other Departmental Work, \$288; B-3, Advertising and Posting, \$20.05; B-29, Stenographic and Copying, \$292.90; B-39, General Repairs, \$204.45; C-9, Office, \$75, to the appropriation for A, Personal Service, A-2, Temporary Employees, \$84; B-42, Miscellaneous, \$796.40.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Hospital Department:

From the appropriation for D-2, Food and Ice, \$325, to the appropriation for C-4, Motor Vehicles, \$325.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Hospital Department, Sanatorium Division:

From the appropriation for D-3, Fuel, \$2,000, to the appropriation for C-7, Furniture and Furnishings, \$1,100; C-10, Library, \$50; C-13, Tools and Instruments, \$100; D-1, Office, \$200; D-13, Chemicals and Disinfectants, \$150; E-1, Building, \$200; F-13, Industries, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Institutions Department, Child Welfare Division:

From the appropriation for A, Personal Service, A-2, Temporary Employees, \$100, to the appropriation for D-8, Laundry, Cleaning, Toilet, \$100.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Institutions Department, Long Island Hospital:

From the appropriation for C-5, Motorless Vehicles, \$200, to the appropriation for B-15, Motorless Vehicles Repairs, \$200.

Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to make the following transfer in the appropriations for Institutions Department, Steamers "Hibbard" and "O'Meara":

From the appropriation for A, Personal Service, A-2, Temporary Employees, \$175, A-3, Overtime, \$125, to the appropriation for B-8, Light, Heat and Power, \$125, E-1, Building, \$175.

From the appropriation for B-39, General Repairs, \$200, to the appropriation for D-13, Chemicals and Disinfectants, \$200.

Referred to the Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Margaret C. Dilworth, for compensation for damage to car by city cart.

Thomas Fraher, for compensation for injuries caused by an alleged defect at 863 Washington street.

Kenneth W. Kempton, for compensation for injuries caused by an alleged defect in Municipal Building, South Boston.

John McDonald, for compensation for injuries caused by an alleged defect at 76 Peterborough street.

John F. McGovern, for compensation for damage to car caused by an alleged defect in Washington street, Forest Hills.

Edward V. Murphy, to be reimbursed for judgment issued against him on account of his acts as operator of police motorcycle.

Neil M. Murphy, to be reimbursed for judgment issued against him on account of his acts as operator of Sanitary truck.

Nellie T. Nelson, for compensation for injuries caused by an alleged defect in Charles River Parkway.

Anna A. Schultz, for compensation for injuries caused by an alleged defect in 3 Winter street.

Mary Blanche Young, for compensation for damage to property at 20 Oakview terrace, caused by blasting for sewer.

Mrs. Robert Young, for compensation for injuries caused by an alleged defect in Brooks and Bennington streets.

Gertrude L. Hydemann, for refund on refuse tickets.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.: Barnett Cohen, Jeremiah E. Burke School, November 18.

Petition of Alice M. Ralph to be paid an annuity on account of death of her husband, John G. Ralph, former member of Police Department.

MINORS' LICENSES.

Applications for minors' licenses were received from eighteen newsboys and four bootblacks. Licenses granted on usual conditions.

TAX TITLE RENEWAL.

Notice was received from the Emergency Finance Board of vote passed October 20 approving the renewal by City of Boston of so much of \$1,000,000 tax title loan originally approved by Board September 24, 1935, as is outstanding on October 1, 1936, rate of interest on renewal notes to be at one per cent payable at maturity.

Placed on file.

TAX TITLE PROPERTY.

Coun. McGRATH offered the following:

Ordered, That his Honor the Mayor request the Corporation Counsel to refrain from instituting foreclosure proceedings against homes for which the city holds tax titles, for a period of at least seven years after the tax title is taken by the city.

Coun. McGRATH—Mr. Chairman, there seems to be a great deal of talk regarding property that the city has taken for tax titles and in the regular procedure has gained title by putting it through the Land Court. Every evening on the radio the Yankee Minuteman has seen fit to criticize the Council. In my opinion it is very easy to destroy and criticize, but I would like to have the opinion of this man who sees fit to criticize the Council. If I had authority or if we as members of the Council had authority we could summon this man in here, and see what he has to say about this property. First of all, there is an old saying that I guess we are all familiar with, "Be it ever so humble there is no place like home." Now, I cannot think of a name to call him, but this man on the radio says, "Take these tax titles and sell this property." A man may have paid, or a person or a home owner may have paid taxes, for ten, fifteen or twenty years, and through no fault of their own, the last few years may have been unable to pay their taxes. The procedure of the city is, "We will sell their home for taxes," only put it through the Land Court, and the city owns that man's home, who may have paid taxes for ten, fifteen or twenty years. Mr. Chairman, doesn't that seem heartless? Well, I want to go on record as being against it, and I think every member of the Council is opposed to selling a man's home for tax title. Now, do not misunderstand me. I do not mean tax titles. I mean putting it through the Land Court and the City of Boston owns that home. Take a case in point of a small home that may be worth \$10,000. There may be a mortgage on this home of \$4,000. A man may not have paid his taxes for two, three or four years, and if our assessing department is right, the home is probably assessed for \$5,000, \$6,000 or \$7,000, or whatever it may be. The taxes may run approximately \$200 a year, and if it was for five years, Mr. Chairman, that would amount to approximately \$1,000,—and what happens? The city has title through the Land Court of that home. Now, mind you, the mortgage on that home is wiped out when the city takes title to it and this man, the Yankee Minuteman on the radio, says, "That is fine." I say, you are crazy. I say it is wrong, Mr. Chairman, to take that procedure. There is a house for which the man probably paid \$10,000, and the city owns it for \$1,000. I think we had a case in here a few months ago of where a man wanted to buy back his home after losing it. So I am going to ask the Committee on Tax Titles and the Committee on Public Lands when any reference is made to property pertaining to a home owner that it be revised or that there be an ordinance of the city to the effect that a home owner cannot lose his home for at least seven years.

The order was passed under suspension of the rule.

CLEANING OF CATCH-BASINS.

Coun. ROSENBERG offered the following:

Ordered, That his Honor the Mayor be requested to make every possible effort to secure the approval of a W. P. A. project for the cleaning of all catch-basins in the city.

Coun. ROSENBERG—Mr. Chairman, we have been receiving complaints with reference to the lack of cleaning facilities for the catch-basins throughout the City of Boston. Complaints have been coming in due to the lack of funds, as I understand

it, in the Public Works Department, so they are unable to carry out the work of cleaning the catch-basins. Funds have been limited through curtailment of the budget expense. I appreciate that the Public Works Department is doing all it can to keep up with the work of the city in its department, but they are curtailed to such an extent that often the catch-basins throughout the city are clogged. We find the basins clogged up, and the condition they are in is causing the spread of disease, and something should be done to eliminate that condition. I believe if we have not the funds available in our city department to carry on the work, we may be able to impress upon the Federal authorities the need of such a project, so we will be able to keep the basins open and the streets clean.

The order was passed under suspension of the rule.

ELECTRIC LIGHT, WARD 11.

Coun. KILROY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an electric light at the Glen road entrance to Franklin Park, Ward 11.

Passed under suspension of the rule.

INFORMATION RE TAX TITLE PROPERTIES.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to advise the City Council as to what allocation, if any, is to be made to the Water Division of the Public Works Department in cases where sales of tax-title properties are made.

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to advise the City Council the name and address of the last owner of record of the premises at 767 East Fourth street, 42-48 A street, and 27 Silver street, South Boston, prior to the City of Boston obtaining Land Court title following proceedings for nonpayment of taxes and to perfect city tax title.

Severally passed under suspension of the rule.

MAINTENANCE OF AMERICAN LEGION HIGHWAY.

Coun. MELLEN, for Coun. Brackman, offered the following:

Ordered, That his Honor the Mayor request the Park Department to take over the maintenance of the American Legion Highway, recently dedicated.

Passed under suspension of the rule.

RECESS.

On motion of Coun. KERRIGAN the Council voted to take a recess at 2:35 p. m. The members reassembled in the Council Chamber and were called to order by Chairman GALLAGHER at 4:15 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. GALLAGHER, for the Executive Committee, submitted the following:

1. Report on petition (referred today) for children under fifteen years of age to appear at places of public amusement, viz.: Barnett Cohen, Jeremiah E. Burke School, November 18.—recommending that leave be granted under usual conditions.

2. Report on resolution (referred October 19) indorsing Trustees of Charlestown Poor Fund—that same ought to pass.

Report accepted; resolution passed.

3. Report on message of Mayor and order (referred today) for appropriation of \$1,000,000 for Public Welfare Department—that same ought to pass.

Report accepted; order passed, yeas 18, nays 0.

4. Report on message of Mayor and order (referred today) transferring \$25,000 from income of Parkman Fund—that same ought to pass.

Report accepted; order passed, yeas 18, nays 0.

5. Report on message of Mayor and order (referred today) transferring \$40,000 from Hospital Department to Public Works Department, Paving Service—that same ought to pass.

Report accepted; order passed, yeas 18, nays 0.

6. Report on message of Mayor and orders (referred today) for transfers within departmental appropriations—that same ought to pass.

Report accepted; orders passed, yeas 17, nays—Coun. Shattuck—1.

REPORT OF COMMITTEE ON PUBLIC LANDS AND TAX TITLE PROPERTY.

Coun. KERRIGAN, for Joint Committee on Public Lands and Tax Title Property, submitted the following report:

Over a year ago, on October 7, 1935, the City Council passed the Mayor's requested ordinance placing the Superintendent of Public Buildings in charge of leasing, selling, or maintaining tax title properties.

As long ago as February 24, 1936, supplementing even earlier requests, the Council passed an order requesting certain information concerning the list of tax title properties to which the city had perfected a Land Court title through action by the Law Department.

On March 23, 1936, the Council received from Mr. Hall such a report on exactly 58 parcels of "Improved Foreclosed Property," but it has not received the desired information covering the balance of the improved properties, nor the list covering the vacant land parcels which we have been told comprise 90 per cent of the total.

On August 17, 1936, the City Council passed an order requesting (1) a complete list of all tax title properties in the custody or control of the Superintendent of Public Buildings where demolition work had been done or was to be done, giving (a) the address, (b) the 1935 assessed value, (c) the supposed amount due the city for taxes, interest and costs, and (d) the amount expended or to be spent for demolition work; also (2) similar detailed information concerning properties where repairs or alterations were contemplated or had been done; (3) information as to rental revenues from the various parcels; and, finally, (4) a list of all tax title properties since the passing of the ordinance of October 7, 1935,

in order to supplement the complete list requested in February, 1936, and only partially furnished as to 58 parcels on March 23.

It has consistently been the attitude of your committee that, for a proper consideration of any offer received for the purchase of a tax title property, there should at least be made promptly available for the committee in addition to the address of the parcel and the price offered for it; (1) the assessed value of the property as recently as 1935, (2) the true amount due the city on such property, including unpaid taxes, accrued interest, unpaid water bills, and costs, (3) the rental return, if any, and, finally, (4) what amounts, if any, have been spent to repair, alter, or improve the property during the past year, whether by the city, or through W. P. A. assistance. The committee feels that the average business man would insist on that maximum of information in order to intelligently pass upon any offer.

Your committee, at its meeting on October 16, 1936, was advised by Mr. Hall that 672 parcels had been turned over to his department up to June 30, 1936, and a total of 872 to October 16, on about 10 per cent of which there are buildings. Superintendent Hall further stated that, starting about the middle of May of this year, as a W. P. A. project, there have been 32 persons employed on a general survey, and about 120 men employed on remodeling or repairs. With that staff available in Mr. Hall's department for a matter of months, for the purpose of making a business-like survey of less than 900 properties, it would appear that any criticism of the City Council for alleged delays might well be directed where it more properly belongs.

Out of 872 possible parcels in the control of the Superintendent of Public Buildings, only 15 suggestions for sale, totalling but \$5,250.76, have as yet been sent through to the City Council for action.

At its meeting on October 16, your committee, for the first time, received the information requested concerning 12 of the parcels before it for consideration; as to the remaining 3 parcels the complete information has not yet been furnished.

Your committee reports today on 12 of the 15 orders before it. The sentiment of the committee is in favor of a general policy of private sale as to those tax title properties where the offer made is substantially equal to the actual amount due the city for unpaid taxes, interest, cost and water rates, and where the amount involved is not substantial enough fairly to warrant the expense of a public auction, including newspaper advertising, which, to be of any real effect, should be in local and Boston papers as well as the "City Record." But in every instance, the committee feels that it is entitled to all of the facts and figures available.

In those cases where the offer is substantially less than the total due the city, your committee, as a general policy, recommends sale at public auction with an upset price.

The 12 parcels reported today include the following,—giving in each instance (1) the address, (2) whether vacant land, (3) the 1935 assessed value, (4) the amount of unpaid taxes, (5) the total amount due the city not only for unpaid taxes but also costs, unpaid water rates, and interest to the date of Land Court decree, (6) the reported offer to the city, and (7) the price recommended by the committee.

1.	2.	3.	4.	5.	6.	7.
15 and 16 Camden place.....	2,340 feet vacant land.....	\$2,200 00	\$1,146 60	\$1,560 23	\$675 00	\$1,000 00
20 Washington Heights avenue.....	5,132 feet vacant land.....	200 00	74 76	82 99	100 00	100 00
128 Lenox street.....	545 feet vacant land.....	500 00	144 19	154 38	150 00	150 00
Washburn avenue.....	7,665 feet vacant land.....	1,100 00	225 86	254 13	222 36	222 36
22 Bellamy street.....	5,723 feet vacant land.....	300 00	95 57	108 41	100 00	100 00
Rear Washington street, Dorchester.....	507 feet vacant land.....	200 00	75 61	84 08	80 00	85 00
7 Kemble street.....	1,536 feet vacant land.....	800 00	358 41	396 54	251 30	350 00

Rear Fairmount street.....	8,000 feet vacant land.....	800 00	173 22	Not given	180 00	200 00
92 Wilmington avenue.....	4,449 feet vacant land.....	700 00	137 67	Not given	215 00	215 00
624 East Seventh street.....	4,125 feet vacant land and 4 garages.....	1,500 00	595 00	Not given	625 00	650 00

Members of the committee seriously question the advisability of the City of Boston, through the Superintendent of Public Buildings, actively engaging in the real estate business, at least in cases where there is a reasonable opportunity for the city to dispose of property for substantially the amount due the city, and thereby return such real estate to the status of taxable property. This is especially so where the condition of the building is such as to invite either fire loss or possible liability for accident.

For example, the committee considered the property at 6-8 Linden avenue, Roxbury,—owned by the city ever since 1934, assessed for only \$1,800, the amount due the city being \$960.04, and for which offers to the city have been made, by at least four different prospective buyers up to last July, ranging from \$200 up to \$1,100. This property is, nevertheless, now being repaired and improved as a W. P. A. project, with the work "just started." Likewise, the property at 6-8-10 Emsella terrace, comprising an old nine-family frame apartment house, on a dead-end street, immediately adjacent to steam railroad tracks, assessed in 1935 for \$9,000, with

a present rental income of only \$20 a month, the amount due the city being \$2,376, and for the purchase of which offers have been made ranging from \$765 to \$1,500 last August. This property also, however, is now being renovated and repaired, as a W. P. A. project, with some 35 men on the job "off and on since the first of July," and a total of \$3,692.69 already expended on the building. Also, 35-37 Ellingwood street, an old frame three-apartment dwelling, assessed in 1935 for only \$1,800, with a present monthly rental income of \$30, and for the purchase of which at least three offers have been made to the city, including an offer of \$875 made last August, which would have more than paid the entire amount due the city. Yet, repairs on the building, rather than its sale, are contemplated. Since 1931 the unpaid water bills alone, at this property, have mounted to \$230.55, including only the first quarter of the present year.

The committee urges favorable consideration of Councilor Wilson's order passed by the Council on September 4, 1936, requesting the appointment of a special committee by the Mayor to make a general survey of the city with reference to

appropriate playground locations of limited area for the younger children, in view of the ready availability of so many vacant land tax title properties.

Your committee would report, in closing, that out of the 872 parcels of tax title property reported to be already in the hands of Mr. Hall for disposition, only 15 items have been forwarded to the Council for possible action since the ordinance was passed last October down to the present time. These 15 suggested sales only aggregate slightly over \$5,000, and three of the 15 involve \$100 or less. Finally, the information requested concerning these properties weeks ago,—including, for example, the figure which each property stands the city, was not forwarded to your committee until the 16th of this month, and even then complete information was still not available on three of the properties.

With a staff of over 30 W. P. A. clerks, engaged since last summer on a general survey and classification of the 800-odd tax title properties already in the hands of his department, it would appear to your committee that some businesslike report

on the part of the Superintendent of Public Buildings should by now be readily available.

Your committee reports "Ought not to Pass," with reference to all 12 of the accompanying orders, with a recommendation that the orders be returned to the Council providing in each case for private sale to the prospective buyers named in the original orders, but in the amounts already listed above. In six of the cases listed, the committee feels the suggested upset price to have been a fair and adequate one, being substantially the total amount that was due the city, as to the remaining six cases the committee recommends the higher figure as more nearly commensurate with the amount that was due the city.

The orders referred to were for the sale of parcels of land as follows:

Land on 15 and 16 Camden place (referred July 2).

Land on northeasterly side of Washington Heights avenue, West Roxbury (referred July 2).

Land on southwesterly side of Lenox street, Boston (referred July 2).

Land on northwesterly side of Washburn avenue, East Boston (referred August 17).

Land on northerly side of Bellamy street, Brighton (referred August 17).

Land on westerly side of Washington street, Dorchester (referred August 17).

Land on southerly side of Kemble street (referred August 17).

Land on southeasterly side of Walnut avenue, Roxbury (referred September 1).

Land on southerly side of Wilmington avenue, Dorchester (referred September 1).

Land on northerly side of Fairmount street, Dorchester (referred September 4).

Land on northerly side of Wilmington avenue, Dorchester (referred September 21).

Land on northerly side of East Seventh street, South Boston (referred September 28).

The report was accepted and the question came on the rejection of the twelve orders.

Coun. McGRATH—Mr. Chairman, I don't understand what we are voting on.

Chairman GALLAGHER—The question is on the rejection of the twelve orders. The report is accepted and the question is on the rejection of the orders.

Coun. TOBIN—I move that consideration of the actual disposition of these orders be tabled until the next meeting.

The orders were assigned to the next meeting.

WARD 2 IMPROVEMENTS.

Coun. MELLE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install a street light in front of 138 Chelsea street, Ward 2.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make arrangements for the installation of a hand rail at the top of Auburn street, Ward 2.

Severally passed under suspension of the rule.

ADDITIONAL INVESTIGATORS FOR OLD AGE ASSISTANCE.

Coun. MELLE offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of putting on additional investigators to be assigned to the investigation of applications for Old Age Assistance.

Passed under suspension of the rule.

INFORMATION IN RE CHARLESTOWN POOR'S FUND.

Coun. MELLE offered the following:

Ordered, That the Corporation Counsel immediately advise the City Council as to what steps have been taken, if any, in regard to the necessary legal procedure for placing the Charlestown Poor's Fund in the direct custody of the City Treasurer.

Coun. MELLE—Mr. Chairman, speaking on the last motion, this Charlestown Poor's Fund is not an academic problem. There is a call for immediate action on it. As I stand here I am looking at the by-laws of the trustees. The first article calls for an annual meeting the first Monday of March. There was no notification of this meeting given to me and, so far as I am able to determine, there was no meeting. The most glaring instance of this paid secretary-treasurer's inefficiency is the transfer of a mortgage held by the bank on property in his name to the trust fund. On that point the City audit says, "Examination of the minutes of the trustees' meeting fails to disclose any authorization for such purpose." According to advice received from Mr. Gardner Bates this authorization was given to him orally, but at the one meeting I attended, Mr. Bates admitted he received no authorization for this transfer, and the trustees bore him out in that. At present he is entirely free to go ahead and make such investments, so far as dealing with brokerage houses is concerned, as he sees fit. There is nothing to prevent him from depleting those funds

down to a few thousand dollars. I feel this order ought to pass and immediate action be taken on it. The order was passed under suspension of the rule.

FISKE WHARF PROPERTY.

On motion of Coun. FINLEY the Council took up No. 2 on the calendar, viz:

2. Ordered, That under authority of chapter 261 of the Acts of 1893 the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Sales of City Property, \$25,000, to the appropriation for Fiske Wharf Property, Purchase of, \$25,000.

The question came on the passage of the order.

Coun. SHATTUCK—Mr. Chairman, having a very high regard for Mr. Parkhurst of the Port Authority, I feel it is not a pleasant duty to oppose this order. Before we act on a matter of this kind, I still think that we should have more information. When Mr. Parkhurst was before us this afternoon he referred to the desirability of public control of the Atlantic avenue waterfront and of the city purchasing parcels whenever they could be purchased at a reasonable price, in order to prevent candy factories or other enterprises not having to do with shipping coming in on the waterfront. I asked him whether that could not be taken care of by a zoning law which would not involve the city in the real estate business. He said that some such suggestion had been made but that it had not been followed through. In other words, there are possibilities of handling the matter through zoning which have not been fully explored. I think they should be explored. Furthermore, it is admitted that this property is in very bad shape; that a large part of it consists of pilings and flooring over the piles. There are many holes in the floor and the piles are rotting and need to be replaced. Nobody knows what it would cost to put that wharf in repair or what it would cost to wholly dismantle the wharf. That is something we should know about before we go into the purchase, in my opinion. Furthermore, I believe the city should establish some policy. Is it the policy of the city to buy up Atlantic avenue and other waterfront properties whenever they are available? If it is, who is going to look after the property when it is bought? We have no agency at present so far as I know that is organized for that purpose. Certainly, the Public Buildings Department has its hands full with this tax property and other properties, much of which is being neglected at the present time. I do not believe we should acquire more property to be neglected. For these reasons, if this order must be brought up at the present time I am against it. I should be willing to have it postponed and have the Mayor make an investigation through experts and submit a report to the Council on the subject, both as to the policy to be pursued, the agency which would run this property if acquired, the cost of repairing it and the question of whether or not the use of waterfront property might not be solved through zoning without the city going into the real estate business. At the present time I shall vote against this order.

Coun. WILSON—Here is an order on the subject.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to confer with the members of the Board of Zoning Adjustment relative to the adoption of such zoning regulations as will restrict the use of properties on the water side of Atlantic avenue to wharves or marine purposes.

Chairman GALLAGHER—The Chair will rule the order is admissible but cannot be voted on while the other is under discussion.

Coun. NORTON—We have under discussion item No. 2 on the calendar?

Chairman GALLAGHER—That is correct. Councilor Finley called it up.

Coun. NORTON—Speaking on the order, the councilor from Ward 5 raised a very interesting point regarding zoning. I think he is right on this zoning matter. For some years the Port Authority has attempted to get zoning laws in effect here in the Port of Boston and the Legislature has not granted that point. Here we have an opportunity of getting for \$25,000 a piece of property which a few years ago was worth in the vicinity of \$200,000. I can readily see the point of the Councilor from Ward 5, and he may be right on it. It may be we are getting ourselves into more debt in trying to build up the pier and put in new pilings. But, however, Mr. Chairman, there was a man who waited on the Executive Committee today who, in my opinion, knows as much about the Port of Boston as anyone I have ever spoken to. He is extremely sincere and has given his life to the citizens of Boston in attempting to help the port. He feels that this would be a good thing for the city to take. He fears a candy factory or laundry going on this property. It is one of those things where there are two sides to the question. I am not positive I am right about it, but rather than see the pier go into the hands of private individuals for other than waterfront purposes, I am going to vote for it.

Coun. McGRATH—On the motion of the councilor from Ward 5 to postpone this for one week, and have the Mayor appoint a couple of non-interested real estate experts to look over the pier and get their opinion, I would like to say now that I think probably the councilor from Ward 5 is as well acquainted with values in the City of

Boston as any individual I know of, and if he has the time and sees fit to do it I think it would be in order to have the councilor from Ward 5—and I would be only too pleased to cooperate with him in my limited experience, if he would like to have me—look the property over.

Coun. SHATTUCK—Mr. Chairman, I thank the gentleman for his compliment, but I do not dispute this matter on the question of value. The property is undoubtedly worth \$25,000 if it is worth anything. If anyone has a use for it at the present time, it is undoubtedly worth \$25,000. But I do ask what it will cost to put it in condition? I am quite incompetent to answer that question even if I spent several days looking at it. I am not a builder and do not know the cost of putting in new piles. I think there is no pressing need of passing the order at the present time because so far as I know there is no other purchaser in the offing and there is not likely to be in the immediate future. I move that this order be postponed till our next meeting.

Coun. ROBERTS—Speaking on the motion, I do not remember in the years I have been in the Council where we have had any matter before us with such meager information. As Councilors Norton and Shattuck have said, I have the utmost respect for Mr. Parkhurst, but he is carried away with his idea that we ought to acquire more of this waterfront property. There is not a man in the Council who knows the assessed value of this property or whether or not there are any outstanding taxes on it. In the second place, the danger of any building on this property, I understand, is rather remote because of the fact that whatever is on there is in such bad shape that it will have to be torn down and another building built, so what we are really buying is the right to the waterfront rather than any property on the waterfront, it being of negligible value at the present time. It may be we are warranted in buying it, but somebody should know the assessed value and whether or not there are any outstanding taxes at the present time. I think for that reason this motion to postpone until we can get that information is in order. Isn't there anybody in the city service who is willing to furnish the Council with something on paper giving the assessed value and what they think it would cost to put it in shape, and who would be responsible for it after it is acquired?

Coun. JOHN I. FITZGERALD—This matter has been before the City Council for several months, and been jockeyed up and down until it has become a football. We want to get rid of it today. Prior to the Mayor leaving the city he asked me to have the matter decided one way or the other; either pass it or defeat it. Otherwise, he will send an order in to withdraw it from the Council. Boston is very provincial. One goes to New York and sees the harbor alive with business and then comes and finds this harbor dead and Boston slowly dying. It took years in this city to get a proper sewerage system. Certain people fought it for years, even those who live on cultured Beacon Hill. The records will show they did not want any improved sewerage system. I listened the other day to members of the Council asking for hundreds of thousands of dollars to lay out streets in the West Roxbury section of Boston. We are slow in everything here in Boston, and other cities all over the country are getting large sums of money while Boston lags behind. You have heard from the Port Authority. There is a live wire at the head of it, the man who coined the expression, "Bigger, Busier and Better Boston." He did everything to bring commerce here and to keep business here. We are losing our industries every day. They are going to Cambridge and other places where they are free from taxes for five years. Now this affects the welfare of the city. A few months ago, when the budget was up, the councilor from Ward 16 brought up the question of the city paying a large sum of money for the wharf where the Deer Island boats come in. Also they paid for Hicks Wharf. Now this adjoins the North End Park, which is owned by the City of Boston. This is only in the line of progress. The councilor wants to know who will take care of it. That will be done. I know of no matter so beneficial to the city as this proposition. The City of Boston should take the lead, and they should be aroused. In matters concerning our welfare, our eyes have been closed. But when small matters come along, there is a howl. Now is the time to show some constructive thought and pass this order, or defeat it.

Coun. ROBERTS—Will you yield for a question? What is the assessment of this property? Are there any outstanding taxes?

Coun. FITZGERALD—There is no question about outstanding taxes on the property.

Coun. ROBERTS—If you are in possession of that information we would like it.

Coun. FITZGERALD—There are only this year's taxes due.

Coun. ROBERTS—How about the assessment?

Coun. FITZGERALD—I am not sure of that. There has been an offer made, and they will sell it for a small sum of money now. I know some gentlemen have called at the Mayor's office since he has been away inquiring as to whom this belongs, who are willing to make an offer for it. Are you going to see these same people who have made a fortune in street widenings get hold of this property and laugh at the City Council?

Coun. WILSON—I hesitate to vote against any member of the Council who requests additional information, but for the benefit of the members I will state I have verified the fact that the assessed value in 1935 was \$200,000, and this year is \$170,000, and the taxes are paid to date. I understand Councilor Shattuck's inquiry was directed as to what individual would take care of this property when acquired, whether Major Hall would have this added to his burden, and also what the expense would be.

Coun. GALLAGHER—The question is on Councilor Shattuck's motion to assign the matter to the next meeting.

The motion was lost.

The question came on the passage of the order, and the order failed of passage (fifteen votes being necessary), yeas 14, nays 5:

Yeas—Coun. Agnew, Doherty, Finley, J. I. Fitzgerald, P. J. Fitzgerald, Gallagher, Kerrigan, Kilroy, McGrath, P. A. Murray, Norton, Rosenberg, Selvittella, Wilson—14.

Nays—Coun. Gleason, Mellen, G. A. Murray, Roberts, Shattuck—5.

The question then came on the passage of Coun. Wilson's order.

The order was passed under suspension of the rule.

CASE LOADS, WELFARE DEPARTMENT.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to confer with the Welfare Department authorities relative to reducing the case load per visitor from the present load of over two hundred cases per visitor to about seventy-five.

Coun. NORTON—Mr. Chairman, until we have reduced the case load of our visitors, the city will lose thousands of dollars a year in waste. We will have districts where individuals are getting welfare who should not get it, and some districts where those who should get it are not on the rolls. I understand it is an all-day job to take care of seventy-five welfare families, because welfare is something which changes in a day. One of the family may go to work. We have today in Boston old people asking for something to eat. People asking for old age assistance have waited for months, and we have had the terribly pathetic case of the old professor in Copley square who died before aid came. It is not only a good proposition from the standpoint of the city but of the welfare recipients themselves, to reduce the case load from 200 to 75.

Coun. AGNEW—Every statement the councilor has made is correct, and I think without doubt pretty nearly every councilor here has had requests for old age assistance, and they have received reports that the application was made six, eight or ten months ago, and in many instances no action has been taken on the application. The reason for that is the visitors have too many cases to take care of. I subscribe to everything Coun. Norton has said that the case load per visitor should be reduced from over two hundred cases to seventy-five cases.

The order was passed under suspension of the rule.

NEXT MEETING.

On motion of Coun. P. J. FITZGERALD it was voted that when the Council adjourns it be to meet on Monday, November 9, 1936, at two o'clock p. m.

PREFERENCE TO BOSTON FIRMS.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of informing the City Collector that when a Boston concern is a low bidder and furnishes the same or as good a product, that the Boston firm be given the preference in the buying of city supplies.

Coun. NORTON—Mr. Chairman, I believe in this particular instance that order should be directed to the City Collector. As I understand it, the poll tax bills now are being printed in New York and they could have been printed in Boston for the same or a lower price than they are being printed in New York for. It seems that with hundreds of printers here waiting for a job to do, the work could be done as economically here as in New York or anywhere else.

The order was passed under suspension of the rule.

LOW COST MILK.

Coun. NORTON offered the following:

Ordered, That the President of the Council appoint a committee of three members of the Council to wait on the Mayor in regard to the matter of furnishing low-cost milk for Boston.

Coun. NORTON—Mr. Chairman, I ask the Mayor why it is not possible to do the same in Boston as they are doing in other large cities of the country. That is, deliver this milk as a food item on the budget of the poor of Boston for two or three cents cheaper than the schedule price of milk. I would like to ask him why we cannot send a Whiting team or a Hood team out to the municipal building or schoolhouse from 7 to 10 each morning, and those with a card—not necessarily those on welfare, but those who are in need—can

get the milk for seven or eight cents a quart. Why can't we do that in Boston? They are doing it in about every other large city in America.

The order was passed under suspension of the rule.

MOTION TO RECONSIDER.

Coun. McGRATH—I have had the opportunity to look over some of the parcels of land here and some of them I am very familiar with in Dorchester, and I would like to move reconsideration on Councilor Kerrigan's report.

Chairman GALLAGHER—The report of the committee has been accepted.

Coun. McGRATH—I move reconsideration of the passage of the order.

Chairman GALLAGHER—Do you mean assignment?

Coun. McGRATH—No; the twelve orders.

Chairman GALLAGHER—The orders have been assigned to the next meeting.

Coun. McGRATH—On these orders here of Councilor Kerrigan is it possible to take up the passage of the orders and reconsider it, or will it have to hold over?

Chairman GALLAGHER—The Chair will have to rule "no."

Coun. McGRATH—No what?

Chairman GALLAGHER—No, sir. (Laughter.)

Adjourned, on motion of Coun. ROSENBERG, at 5.10 p. m., to meet on Monday, November 9, 1936, at 2 p. m.

POPULATION OF COUNTIES, 1930.

(1) Middlesex (11 cities and 43 towns), 934,924 or 156,572 over 1920; (2) Suffolk (3 cities and 1 town), 879,536 or 44,014 over 1920; (3) Essex (8 cities and 26 towns), 498,040 or 15,884 over 1920; (4) Worcester (4 cities and 57 towns), 491,242 or 36,107 over 1920; (5) Bristol (4 cities and 16 towns), 364,590 or 5,585 over 1920; (6) Hampden (4 cities and 19 towns), 335,496 or 35,191 over 1920; (7) Norfolk (1 city and 27 towns), 299,426 or 80,345 over 1920; (8) Plymouth (1 city and 26 towns), 162,311 or 5,343 over 1920; (9) Berkshire (2 cities and 30 towns), 120,700 or 7,667 over 1920; (10) Hampshire (1 city and 22 towns), 72,801 or 3,202 over 1920; (11) Franklin (26 towns), 49,612 or 251 over 1920; (12) Barnstable (15 towns), 32,305 or 5,635 over 1920; (13) Dukes (7 towns), 4,953 or 581 over 1920; (14) Nantucket (1 town), 3,678 or 881 over 1920. Total for the 14 counties (39 cities and 316 towns), 4,249,614 or 397,258 (i. e., 10.3 per cent) over 1920. Of said total, 2,940,335 (i. e., 69.19 per cent) were in the cities and 1,309,279 (i. e., 30.81 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reaches the notable figure of 90.71, while the rural shows but 9.29 per cent.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1685. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

POPULATION OF CITIES OF OVER 300,000, 1930.

New York, 6,930,446, an increase of 1,310,398 or 23.3 per cent over 1920, divided thus: Brooklyn Borough, 2,560,401; Manhattan, 1,867,312; Bronx, 1,265,258; Queens, 1,079,129; Richmond, 158,346. Other cities, with increase over 1920: Chicago, 3,376,438 (increase 674,733 or 25.0 per cent); Philadelphia, 1,950,961 (increase 127,182 or 7.0 per cent); Detroit, 1,568,662 (inc. 574,984 or 57.9 per cent); Los Angeles, 1,238,048 (inc. 661,375 or 114.7 per cent); Cleveland, 900,429 (inc. 103,588 or 13.0 per cent); St. Louis, 821,960 (inc. 49,063 or 6.3 per cent); Baltimore, 804,874 (inc. 71,048 or 9.7 per cent); Boston, 781,188 (inc. 33,128 or 4.4 per cent); Pittsburgh, 669,817 (inc. 81,474 or 13.8 per cent); San Francisco, 634,394 (inc. 127,718 or 25.2 per cent); Milwaukee, 578,249 (inc. 121,102 or 26.5 per cent); Buffalo, 573,076 (inc. 66,301 or 13.1 per cent); Washington, 486,869 (inc. 49,298 or 11.3 per cent); Minneapolis, 464,356 (inc. 83,774 or 22.0 per cent); New Orleans, 458,762 (inc. 71,543 or 18.5 per cent); Cincinnati, 451,160 (inc. 49,913 or 12.4 per cent); Newark, 442,337 (inc. 27,813 or 6.7 per cent); Kansas City, Mo., 399,746 (inc. 75,336 or 23.2 per cent); Seattle, 365,583 (inc. 50,271 or 15.9 per cent); Indianapolis, 364,161 (inc. 49,967 or 15.9 per cent); Rochester, N. Y., 328,132 (inc. 32,382 or 10.9 per cent); Jersey City, 316,715 (inc. 18,612 or 6.2 per cent); Louisville, 307,745 (inc. 72,854 or 31.0 per cent); Portland, Oregon, 301,815 (inc. 43,527 or 16.9 per cent).

PROCEEDINGS OF SCHOOL COMMITTEE.

Oct. 19, 1936.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6:30 o'clock, the Chairman presiding.

Present: Dr. Lyons, Messrs. Smith, Sullivan and Tobin.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved the four members present voting in the affirmative.

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent, leaves of absence under a suspension of the regulations were granted as follows:

Jamaica Plain High School—Louise P. O'Malley, assistant, Sept. 1 to Nov. 30, 1936, without pay.

Dillaway District—Mary B. Doherty, assistant, elementary, Sept. 1 to Nov. 30, 1936, without pay.

Martin District—Bessie M. Lassen, assistant, Model School, Sept. 1 to Nov. 30, 1936, without pay.

Department of Manual Arts—Joseph P. Donovan, assistant, manual training, elementary, Sept. 1 to Nov. 30, 1936, without pay.

DESIGNATIONS

A communication was received from the Superintendent, under date of Oct. 19, 1936, reporting that subject to the approval of the School Committee, he has withdrawn the designation of Mary L. Sheehy, assistant, Dorchester High School for Girls, to take charge of the Annex of that school in the Henry L. Pierce Building, as reported at the meeting of July 6, 1936 (see p. 111).

Placed on file and the withdrawal approved.

A communication was received from the Superintendent, under date of Oct. 19, 1936, reporting that he has made the following designations of teachers to serve in the positions indicated until such time as they shall be filled otherwise in

accordance with the rules and regulations, but not beyond Aug. 31, 1937:

Chapman District—Dorothy E. Gale, assistant, kindergarten, as acting first assistant, kindergarten (vice N. Medora Thorndike, absent on leave), Sept. 21, 1936.

John Winthrop District—Mary E. Nugent, assistant, elementary, as acting master's assistant (vice Anna T. O'Brien, absent on leave), Sept. 10, 1936.

Placed on file.

HOME INSTRUCTION OF PHYSICALLY HANDICAPPED CHILDREN

A communication was received from the Superintendent, under date of Oct. 19, 1936, reporting that subject to the approval of the School Committee, he has assigned the following named temporary teachers for home instruction of physically handicapped children, to take effect on the dates stated:

Michael J. Gilarde, Oct. 5, 1936; Katherine M. Lavin, Oct. 5, 1936; Mary H. Lee, Oct. 13, 1936; Florence Magner, Oct. 15, 1936.

Approved.

DISCONTINUANCE AND ESTABLISHMENT OF SPECIAL CLASSES

A communication was received from the Superintendent under date of Oct. 19, 1936, reporting that he has discontinued the special class in the Ulysses S. Grant District.

Placed on file.

A communication was received from the Superintendent, under date of Oct. 19, 1936, reporting that subject to the approval of the School Committee, he has established an additional special class in the Lucy Stone School, John Marshall District, making ten classes in all.

Approved.

ADDITIONAL COMPENSATION TO MATRON

On motion of the Superintendent, it was

ORDERED, That Agnes C. White, matron, Boston Clerical School, be allowed and paid additional compensation at the rate of fifty cents (50c) per hour, for a period of not to exceed two hours each school day, for extra services required of her because of the operation of the school on the two-platoon system to accommodate the overflow of the Roxbury Memorial High School (Girls), to take effect Sept. 10, 1936.

AMENDMENTS TO RULES AND REGULATIONS

The Superintendent offered the following:

ORDERED, That the Regulations are hereby amended as follows:

Section 182, paragraph 2. Strike out the paragraph and substitute in place thereof the following:

2. Children four years of age and upward may be admitted in the order of application to those kindergartens which are most convenient for them to attend and in

which there are sufficient accommodations; provided, that principals of districts may, with the approval of the assistant superintendent in charge, decline to admit children to morning kindergartens when the number in attendance exceeds fifty. A record shall be kept of all applicants thus refused, and when the number so refused shall have reached ten or more, an afternoon session may be established.

Laid over.

The Superintendent offered the following:

ORDERED, That the Rules are hereby amended as follows:

Section 84, paragraph 4. Strike out the "Note" and substitute in place thereof the following:

Note: By action of the School Committee on July 6, 1936, the period of validity of Teachers College, Elementary School Class B certificates issued from June, 1927, to June, 1932, inclusive, under which permanent appointment had not been made, was extended to June 30, 1941.

Laid over.

The Superintendent offered the following:

ORDERED, That the Rules and Regulations are hereby amended as follows:

Section 80, Paragraph 1. Strike out the paragraph and substitute in place thereof the following:

Sect. 80. 1. Certificates of qualification may be granted by the board of superintendents, in accordance with the rules and regulations, to persons who have been legal residents of the City of Boston for one year immediately prior to examination and who present satisfactory evidence of good character, health, citizenship, and scholarship, and satisfactory and documentary evidence of the date of birth, who successfully pass the required examinations and who meet the eligibility requirements for the particular certificate as follows:

Section 85, Paragraph 1. In the fifth line, strike out the words "since March 27, 1933," and substitute in place thereof the words—"for one year immediately prior to the date of issue of such certificates and licenses—so that the paragraph shall read as follows:

Section 85, Paragraph 1. Temporary certificates and licenses may be granted by the board of superintendents to persons who are citizen of the United States and who have been legal residents of the City of Boston for one year immediately prior to the date of issue of such certificates and licenses, under such conditions at it may determine, which shall entitle the holder thereof to serve in temporary positions of such rank and in such schools as may be specified.

Section 86, Paragraph 1. Strike out the paragraph which describes the residence requirement for appointment and substitute in place thereof the following:

No person shall be appointed who has not been a legal resident of the City of Boston continuously from one year prior to the date of taking the certificate examinations for position on the eligible list from which appointment is to be made.

(For citizenship requirements, see Section 285, paragraph 2.)

Note: Candidates who qualified prior to July, 1936, are required to have been in continuous residence since March 27, 1933.

Section 95, paragraph 6. In the fourth line, strike out the words "since March 27, 1933" and substitute in place thereof the words—for one year immediately prior to the date of such examinations—so that the paragraph shall read as follows:

6. The board of examiners shall admit to the examinations only citizens of the United States who have been legal residents of the City of Boston for one year immediately prior to the date of such examinations; provided, that graduates of The Teachers College of the City of Boston who are not citizens may be admitted to said examinations upon presentation of evidence of filing of first papers. (For citizenship requirements for appointment, see Section 285, paragraph 2.) No person not actually engaged in taking, conducting or assisting at any examination, except members of the School Committee and of the board of superintendents, shall be present thereat.

Section 265, paragraph 2. Strike out the paragraph and substitute in place thereof the following:

2. No person shall be appointed who has not been a legal resident of the City of Boston continuously from one year prior to the date of taking the certificate examinations for position on the eligible list from which appointment is to be made.

Note: Candidates who qualified prior to July, 1936, are required to have been in continuous residence since March 27, 1933.

Section 274, paragraph 1. Add the following:

Re-entrants under this paragraph shall have been in continuous residence in the City of Boston for one year immediately prior to the date of re-entrance.

Paragraph 3. Strike out the paragraph and substitute in place thereof the following:

3. The requirement of legal residence in the City of Boston for one year immediately prior to the date of taking the certificate examinations shall apply to candidates for reentrance under paragraph 2 of this section.

Note: Persons who qualified for reentrance prior to July, 1936, are required to have been in continuous residence since March 27, 1933.

Section 361, paragraph 1. In the sixth and seventh lines, strike out the words "are legal residents of the City of Boston" and substitute in place thereof the words—have been legal residents of the City of Boston for one year immediately prior to the date of admission—so that the paragraph shall read as follows:

Sect. 361. 1. Young women who have completed the requirements for admission as established by the board of superintendents, who are of good moral character, good health, and with no physical characteristics likely to interfere with their success as teachers, and who

have been legal residents of the City of Boston for one year immediately prior to the date of admission, are eligible for admission upon the passing of such examinations as the board of superintendents shall determine.

Paragraph 2. In the third and fourth lines, strike out the words "legal residents of the City of Boston" and substitute in place thereof the words—who have been legal residents of the City of Boston for one year immediately prior to the date of admission—so that the paragraph shall read as follows:

2. Graduates of colleges and universities approved by the board of superintendents, who are citizens of the United States and who have been legal residents of the City of Boston for one year immediately prior to the date of admission, may be admitted to the course leading to the degree of Master of Education, subject to such restrictions as the board of superintendents shall determine.

Section 309, paragraph 1. Strike out the words "All persons appointed after March 27, 1933, shall have been legal residents of the City of Boston since that date" and substitute in place thereof—All persons appointed to these ranks shall have been legal residents of the City of Boston for one year immediately prior to the date of appointment—so that the paragraph shall read as follows:

Sect. 309. 1. There shall be a head supervisor of attendance and as many supervisors of attendance as the School Committee may authorize. All persons appointed to these ranks shall have been legal residents of the City of Boston for one year immediately prior to the date of appointment.

Section 309, paragraph 2. Strike out the words "Any person appointed after March 27, 1933, shall have been a legal resident of the City of Boston since that date" and substitute in place thereof—Any person appointed to this rank shall have been a legal resident of the City of Boston for one year immediately prior to the date of appointment—so that the paragraph shall read as follows:

2. There shall be a supervisor of licensed minors, who shall be selected and appointed directly by the School Committee. Any person appointed to this rank shall have been a legal resident of the City of Boston for one year immediately prior to the date of appointment.

Laid over.

PUBLIC SCHOOL MEMBERSHIP, SEPTEMBER 30, 1936

A communication was received from the Superintendent, under date of Oct. 19, 1936, submitting a statement of the number of pupils belonging to the Boston public day schools, exclusive of the Continuation School, on September 30, 1936, together with a comparative statement of the number belonging on October 31, 1935, as follows:

The total number belonging in the Boston public day schools on September 30, 1936, was 132,824, which is 1,729 less pupils than were enrolled in the schools on

October 31, 1935. The Teachers College of the City of Boston shows a decrease of 41 pupils; high and Latin, an increase of 178 pupils; in the ninth grade intermediate, there is an increase of 5 pupils; in grades I to VIII there is a decrease of 2,316 pupils; in the kindergartens there is an increase of 509 pupils; and in the special schools a decrease of 64 pupils. Were the figures of the ninth grade intermediate included in the membership of the day high schools, the high schools would show an increase of 183 pupils.

In the Continuation School the membership on Sept. 30, 1936, was 17 less than on Oct. 31, 1935. On Sept. 30, 1936, it was 431 as against 448 on Oct. 31, 1935.

In the Training School for Teachers of Mechanic Arts there was a membership of 22 pupils on Sept. 30, 1936.

A distribution of the increases and decreases in membership for 1935 and 1936 is shown by the following table:

	1935	1936
The Teachers College of the City of Boston	24	41*
Latin and day high schools	281	178
Day Elementary Schools:		
Ninth Grade Intermediate	2*	5
Grades I to VIII, inclusive	2,125*	2,316*
Kindergartens	1,352	509
Special Schools	52*	64*
	522*	1,729*

*Decrease.

Placed on file.

APPROPRIATIONS AND EXPENDITURES TO OCT. 1, 1936.

A communication was received from the Business Manager, under date of Sept. 30, 1936, submitting a statement showing the appropriations, the expenditures, and the balances for maintenance of the public schools for the first nine drafts of the current financial year, the expenditures for the first nine drafts of the financial year 1935, and the increases and decreases in the several items.

Placed on file.

DEATH OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Oct. 19, 1936, reporting the death, on Oct. 18, 1936, of John J. Geary, regular substitute custodian, and recommending that the salary due him be paid to his widow, Helen Geary.

Placed on file.

On motion, it was

ORDERED, That the salary due John J. Geary, late regular substitute custodian, be paid to his widow, Helen Geary.

APPOINTMENT OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Oct. 19, 1936, reporting that he has considered the candidates certificated by the Division of Civil Service as eligible for appointment as regular substitute custodians, and recommending that Roderick R. Mitten and John T. O'Brien, who stand at the head of the list, be appointed, to take effect Oct. 25, 1936.

Placed on file and the appointments approved, to take effect on the date stated.

A communication was received from the Schoolhouse Custodian, under date of Oct. 19, 1936, recommending that Cornelius P. Walsh, regular substitute custodian, be appointed to the custodianship of the Wyman School-house, to take effect Oct. 25, 1936.

Placed on file and the transfer approved, to take effect on the date stated.

NAMING OF SCHOOL

Mr. Tobin offered the following:

ORDERED, That the school on Hilltop Street, Dorchester, in the Minot District, be named the Simon F. Curran School, in memory of Dr. Simon F. Curran, who was supervising school physician in the Boston Public Schools, and who died May 19, 1936. In his youth, while at the Dorchester High School, Dr. Curran was an outstanding athlete, whose fame as a baseball player remains a school tradition. He continued his athletic career at Tufts College with great success, and was the pitcher of a Tufts team which defeated Harvard College. On his graduation from college, he entered medical school and completed the course with high honors. He started his professional practice in Dorchester, and became quickly noted for his outstanding professional accomplishments, particularly as a pediatrician. During all his professional career he combined an extraordinarily beautiful home life with great charity and unselfish service for civic good. Particularly was he a friend of children. He loved them and devoted his life to them. He established as his fee for an office visit the modest sum of one dollar and never raised this during his entire life. He not only gave his services free to the needy, but often purchased for them medicine and sickroom supplies. For years he devoted one

day a week to visiting cases referred to him by the St. Vincent de Paul Society. Though his practice rivalled in size that of any physician in the city, he died poor, having given away in the cause of the children and the poor, thousands of dollars during his life. At his funeral, the pastor of his church paid a touching tribute to the life and charity of this wonderful man. Truly did Dr. Curran look upon his profession as an opportunity for service. The naming of this school will be a proper memorial for such an outstanding member of the school service.

Laid over.

UNFINISHED BUSINESS

The order laid over at the meeting of Oct. 5, 1936, amending section 66, paragraph 1 of the rules, authorizing the Board of Superintendents to give written opinions when so required, was taken up and passed.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added of Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795. Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

FINANCING SEWAGE WORKS BY SPECIAL ASSESSMENT IN IOWA.

The cost of constructing sewage disposal plants in a number of states, and in Iowa in particular, may be levied against the various lots, parts of lots or parcels of ground draining to, or susceptible to drainage to, the site of the disposal plant. Such assessments must be in proportion to the benefits to each property and must not, in any case, exceed one-fourth of the fair value of the property in question. These special assessments are payable in the same manner as other municipal improvement costs; that is, in ten annual equal installments, paid at the same time and place as the March 1 installment of ordinary taxes in Iowa. Any property owner may pay off the unpaid portion of such tax at any time. Interest on the deferred payment must not exceed 6 per cent.

MAYOR ORDERS STRICT SUPERVISION OF ELECTIONS TO PREVENT FRAUDS.

Upon October 31 Mayor Mansfield issued the following statement:

Apparently an important element in the community believes, in the present election, that the sanctity of the ballot is threatened and it is asserted that plenty of evidence has been produced of plans to debauch the election in this city.

I propose to do all in my power to protect the sovereign right of the people to a clean and honest election. To this end the wardens throughout the city have been instructed in their duties and responsibilities by Chairman Shaw of the Election Commission. They may feel assured of the complete cooperation and protection, should emergency arise, of the police officers assigned to the precincts under the direction of Commissioner McSweeney for the express purpose of insuring an orderly conduct of the election.

I call upon the wardens to do their sworn duty in assisting all legitimate efforts to safeguard the election from fraud.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TWO 6-CYLINDER AMBULANCE CHASSES.

The Supply Department of the City of Boston invites proposals for furnishing to the Boston City Hospital two 6-cylinder ambulance chasses as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. There will be a charge of twenty cents (\$0.20) for each blank proposal taken out. The bidder must leave his proposal, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, November 17, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 7.) Superintendent of Supplies.

PROPOSALS FOR FURNISHING MEATS.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, meats, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, November 18, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter of the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 7.) Superintendent of Supplies.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR ENTRANCE AND EXIT TO DEVONSHIRE STATION, EAST BOSTON TUNNEL, AT NO. 53 STATE STREET.

The Transit Department of the City of Boston, 1 Beacon street, invites proposals for building an entrance and exit to the eastbound platform of the Devonshire Station, East Boston Tunnel, at No. 53 State street. Plans and specifications may be obtained at the office of the Department on and after Monday, November 2, 1936. The bids will be publicly opened and read at 12 o'clock noon Thursday, November 12, 1936. A properly certified check in the sum of five thousand (\$5,000) dollars, payable to the city, must accompany the proposal. A deposit of \$5 in cash or certified check will be required for plans and specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Transit Department.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

EDWARD F. CONDON,
(Oct. 31-Nov. 7.) Secretary.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR TRENCH LEDGE DRILLING AND BLASTING IN CENTRE STREET, BETWEEN BOGANDALE ROAD AND SPRING STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for trench ledge drilling and blasting in Centre street, between Bogandale road and Spring street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Trench Ledge Drilling and Blasting in Centre Street, between Bogandale Road and Spring Street, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, November 12, 1936, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Nov. 7.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

Sealed proposals will be received at the office of the Superintendent of Supplies, Room 801, City Hall Annex, until 12 m., Monday, November 16, 1936, at which time and place they will be publicly opened and read, for furnishing hay, grain and straw to the various city departments. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must include the cost of delivery. The bidders are requested to bid on United States No. 1 timothy hay. The grade of hay must comply with the federal hay grades, and No. 2 white oats to test no less than thirty-four nor more than thirty-eight pounds to bushel graded under federal standards. The hay and oats must be weighed by sworn weighers and on the scales designated by the Superintendent of Supplies. All articles covered by this contract shall be the growth production of the United States. The bidder must use the form of proposal to be obtained at Room 801, City Hall Annex. Proposals must be accompanied by a certified check for \$200. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The successful bidder must furnish a bond for one quarter the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. No reservations or stipulations submitted by the various bidders will be considered by the Superintendent.

D. FRANK DOHERTY,
(Nov. 7.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING BUTTER, EGGS, ETC.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, butter, eggs, etc., as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, November 16, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SNOWFLOWS TO THE PARK DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing snowflows to the Park Department, Franklin Park Yard, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 801, City Hall Annex. *There will be a charge of twenty cents (\$0.20) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, November 17, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 7.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FRUITS AND VEGETABLES.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, fruits and vegetables, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 801, City Hall Annex. *There will be a charge of thirty cents (\$0.30) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Thursday, November 19, 1936, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one quarter the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

D. FRANK DOHERTY,
(Nov. 7.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN MERCER STREET, FROM TILESTON STREET 180 FEET NORTHEASTERLY, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Mercer street, from Tileston street 180 feet northeasterly, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Mercer Street" and left at Room 508, fifth floor City Hall Annex, before 12 m., of Monday, November 16, 1936, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Nov. 7.) Commissioner of Public Works.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRING HULL, ETC., OF FERRYBOAT "RALPH J. PALUMBO."

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairing hull, etc., of ferryboat "Ralph J. Palumbo." A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex on or after Thursday, November 12, 1936. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Ferryboat, 'Ralph J. Palumbo,'" and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, November 17, 1936, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two (2) dollars for each set of specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

C. J. CARVEN,
(Nov. 7.) Commissioner of Public Works.

HISTORICAL DATA ABOUT WARDS.

The term "ward" first appears in a fire-protection order, approved by the Town on August 29, 1679, dividing the Town into 4 quarters with 2 wards each. The 8 wards had previously been military districts.

On August 11, 1713, the Selectmen "agreed upon a distribution of the Town into distinct Wards or Precincts."

On February 1, 1715, it was "voted to make a new division of the Town into eight distinct Wards."

On March 9, 1735, it was voted to divide the Town into 12 wards to facilitate the work of the Overseers of the Poor.

On March 13, 1822, the Selectmen divided the Town into 12 wards on the basis of the U. S. Census of 1820.

By an ordinance which took effect on the second Monday of December, 1838, there was a revision of the wards.

On April 29, 1850, the City Council accepted Chap. 167 of the Acts of 1850, which altered the wards on the basis of legal voters rather than on the number of inhabitants.

By ordinance taking effect on November 15, 1865 new ward lines were established.

In the annexation period, 1865-1875, the number of wards was increased from twelve to twenty-one.

By Chap. 243, Acts 1875, the City Council was ordered to cause a new division of the City into twenty-four wards in the year 1875 in such manner as to include an equal number of voters in each ward. This division was made, taking effect on December 13, 1875. On May 27, 1876, the City Council, in accordance with Chap. 242, Acts of 1876, divided one of the wards in two, making a total of 25 wards for the City.

By ordinance passed April 20, 1895, under authority of Chap. 437, Acts of 1888, and Section 96 of Chap. 417, Acts of 1893, ward lines were established on the basis of the number of voters registered at the City election of 1894, there still being 25 wards.

The annexation of Hyde Park, effective January 1, 1912, made an additional ward.

By enactment of December 28, 1914, under authority of Chap. 630, Acts of 1914, the City Council redivided the City into 26 wards.

The latest redivision, established December 30, 1924, under authority of Chap. 410, Acts of 1924, consists of 22 wards.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 28.

SATURDAY, NOVEMBER 14, 1936.

No. 46

BOSTON'S WELFARE BURDEN CONTINUES TO LIGHTEN, ACCORDING TO WEEKLY STATEMENT ISSUED BY THE WELFARE DEPARTMENT — ACTIVE CASES BEING AIDED SHOWN TO BE 22,668 AS AGAINST 27,695 FOR THE CORRESPONDING WEEK OF LAST YEAR — TO DATE, EXPENDITURES SHOWN TO BE \$9,121,714.56 — COLLECTIONS FOR REIMBURSEMENT FROM OUTSIDE CITIES AND TOWNS AMOUNT TO \$1,402,656.56 FOR YEAR.

Boston's relief burden, according to the weekly report of the Welfare Department, continues to be less of a burden on the citizens, despite the fact that during the past week there were 522 cases added to the lists.

The total of active cases being aided by the department during the week were 22,668 as against 27,695 for the same or corresponding week of last year, showing that the relief rolls have been lessened in the intervening year to the extent of nearly 5,000 persons.

During the past week there was expended a total sum of \$231,812.66. This, of course, includes administrative and other salaries. An odd feature of the report is the fact that during the week there was expended the sum of \$231,812.66, while last week the expenditures, according to the report, were \$138,884.33, and for the same week of last year they are listed as amounting to \$207,816.28.

Appropriations for the year 1936 were \$10,337,729.70 and there have been expended to date \$9,121,714.56. An interesting feature of the report is the fact that there have been collected from outside cities and towns and from refunds the sum of \$1,402,656.56.

The complete statement for the week is as follows:

STATISTICAL REPORT AND FINANCIAL STATEMENT FOR THE WEEK ENDING NOVEMBER 7, 1936.

STATISTICAL.	Dependent Aid.	Mothers' Aid.	Old Age Assistance.	ADMINISTRATIVE.		Totals.
				Salaries.	Other Expenses.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

Board of Zoning Adjustment. Public hearings and executive meetings are held on the first Friday of each month, Room 30, City Hall, at 2 p. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways; the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Applica-

tion may be made to this department for information regarding the public bath and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools in the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, Room 76, City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, Room 30, City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.
